Dublin street, sidewalk to be repaired from Donegal street to McFaddan's house.

Downey street, culvert on north end to be rebuilt.

Reid street, four new culverts near north end.

Rubidge street to be graded near Edinburgh street.

Edinburgh street to be water-tabled west of Stewart street, north side.

Smith street, new sidewalk from Stewart street to Communication road.

Bethune street, new sidewalk from Stewart street to Howden's house.

Edinburgh street, water-table on south side from Aylmer to Bethune street, and sidewalk on south side, east of George street to be repaired.

George street to be water-tabled from Edinburgh to Smith street and sidewalk to be repaired.

George street north, new culvert at Barnardo Avenue.

George street, new sidewalk north from Argyle street.

Harvey street, new sidewalk on west side south from Smith street as far as built upon.

Water street, new sidewalk from Antrim to Dublin street, and sidewalk from Dublin to London street to be rebuilt on either side.

That permission be given to cut down the sidewalk on west side of Dickson street, provided the parties on said street give consent.

That the tank on the corner of Murray street, in front of St. Paul's church, be filled up.

Brock street from George to Water street, to be water-tabled and new sidewalk put down on south side, also that new sidewalk be put down on north side of Brock street, west of George street.

Park street, sidewalk on east side to be continued to King street.

Bolivar street, sidewalk to be continued as far as built upon,

Sherbrooke street, west of Reid, sidewalk to be rebuilt where necessary.

Paterson street, sidewalk on north side to be rebuilt and build new walk on south side where built upon.

Albert street, sidewalk on north side to be rebuilt and continued to Chamberlen street, thence to the boundary and a sidewalk to be built along the boundary to the C.P.R., the money usually appropriated for Statute Labor to be used for this purpose until the sidewalk is paid for.

Crossing to be built at Mr. Giffard's house.

Stewart street, to be graded from C.P.R. to Perry street, and culvert put in on Park street.

Lake street, to be water-tabled from George street to M.R.R.

Look street, to be water-tabled from Crescent street to Lansdowne avenue.

Ware street, sidewalk on north side as far as built upon.

Murray street, to be graded down a little at the intersection of Rubidge street.

Elm street, sidewalk to be rebuilt as may be found necessary.

Donegal street, sidewalk on west side to be taken up and built crosswise.

Cedar street, sidewalk to be properly repaired.

Your Committee find that several of the railway crossings through the town are not sufficiently graded up to make it easy for vehicles to cross said railways. Your committee recommend that the town solicitor write to the proper authorities calling their attention to this.

Also that the G.T.R. Company be requested to have the embankment across Harvey street removed, or give permission to the town to remove the same; and, further, that the said Company be required to make good the street near the locks bridge, near Mr. Wm. Jackson's house, which was destroyed by said Company or their employees.

In reference to the communication of John Maloney, Esq., Reeve of Douro, your committee find that this corporation has put down about a thousand feet of sidewalk last year on the boundary between the township of Douro and the town, the cost of which has not yet, your committee believe, been met by a similar amount by the township on the boundary. If, however, it be otherwise, your committee recommend that the authorities of the township be met in a liberal spirit by the town.

T. CAHILL, Chairman.

The report was passed with very little discussion.

A RETALIATORY MEASURE.

Mr. MOORE introduced a by-law which aimed at the demoralization of the butchers' "combine." He condemned the combine as a measure calculated to do great injustice to poor people, and thought the butchers were abusing their power in raising the prices of meat. He understood from the latest market reports that the prices of cattle were lower now than ever, instead of higher as the butchers claimed. By the present by-law the licensed butchers alone had power to sell meat by the pound, those selling on the market being able to sell nothing less than quarters. In warm weather the majority of people were without refrigerators and could not keep meat in large quantities. They were therefore compelled to buy in small quantities of the butchers, who by means of the "combine" forced them to pay high prices. To relieve them of this injustice he proposed to amend the present market by-law by extending to farmers or others attending on the market the privilege of selling by the pound. This, he calculated, would effectually "bust the combine."

There was some discussion on this, the majority of the councillors falling in with the idea, but it was thought better to leave the matter over till the next meeting as a standing warning to the butchers, and if they did not take the hint and come down from their high price system the retaliatory measure would then be passed.

EARLY CLOSING.

A by-law, providing for the early closing of dry goods, clothing, millinery, hats, caps and furs, stove and hardware, tinsmiths', boot and shoe, and gents' furnishing stores and barbers' shops in Peterborough, was presented by Mr. Davidson and passed. All the stores close at 7 o'clock and the barber shops at 8, Saturdays and the days before holidays excepted. The hardware, clothing and hat shops were included in this by-law, as the last by-law passed for them was illegal.

MOTIONS.

Mr. HARTLEY moved, seconded by Mr. Hall, that a gas light be placed in the police court room, and that the Police Supervision Committee have power to supply the police with necessary equipments, such as batons, whistles, revolvers, etc.—Carried.

Mr. KELLY moved, seconded by Mr. Hall, that the street inspector be instructed to have a sidewalk laid down on the west side of Downie street, between Hunter and Simcoe streets.—Referred to the Street Committee.

Mr. MOORE moved, seconded by Mr. Yelland, that the Chief of Police be instructed to enforce the cow and dog by-laws.—Carried.

Mr. CAHILL moved, seconded by Mr. Davidson, that $2.10 be accepted from Mr. Dennis Daly, in lieu of his Statute Labour tax.

THE RAILWAY PETITION.

The application of the Grand Trunk Railway Company for exemption from the provisions of the fire by-law came up for discussion. Some of the councillors thought it unwise for the council to interfere with the by-law. A motion was made to refer the matter to the Street Committee and Inspector, but it was voted down, the understanding being that the Inspector should carry out the by-law to the letter.

POLLING SUB-DIVISIONS.

The Clerk called the attention of the council to the necessity of sub-dividing the wards into polling sub-divisions for municipal elections. This would involve a greater expense in conducting the elections, and the matter was deferred till another meeting.

MR. M'NEIL'S RESIGNATION.

Mr. A. McNeil had previously left the meeting, but before doing so had left the following communication with the clerk:—

To the Mayor and Council of the Town of Peterborough:—

GENTLEMEN,—I beg leave to tender my resignation as a representative of No. 2 Ward at the Council Board.

I regret exceedingly having to take this step, but owing to pressure of business I find it impossible to further devote that amount of time which the position demands.

My relations with His Worship the Mayor and members of the Board have been of the most friendly character, and I regret having to take this step.

Yours respectfully,
ANDREW MCNEIL.

Mr. CAHILL, in a few words expressing his surprise at Mr. McNeil's action, which, no doubt, had been deliberately taken, made the following motion:—

Moved by Mr. Cahill, seconded by Mr. Davidson, that this council regrets exceedingly the resignation of Mr. McNeil, and they feel that the loss of his ability and energy will be keenly felt, not only by the council but by the whole town; and this council hopes that Mr. McNeil may reconsider his resignation and still give the benefit of his ability as a councillor to the town.

Mr. Moore and the Mayor also spoke highly of Mr. McNeil, whose resignation was a great surprise to them, but as his action had been thoughtfully decided upon it would in their opinion be useless to ask him to reconsider his determination. Mr. Moore referred particularly to his able services in connection with the fire system of the town.

The motion was then carried.

THE CHAIRMANSHIP.

Mr. Cahill announced that he would be absent from town for probably six weeks or more, and as there were matters of importance to be attended to, particularly with reference to the bridges, it would be necessary to appoint a chairman in his stead *pro tem.*

On Motion, Mr. Davidson was appointed to fill the vacancy in Mr. Cahill's absence and Mr. Langford was elected acting chairman.

The council then adjourned for two weeks.

News Nuggets.

—Corinthian Chapter, R. A., meets this evening.

—The alterations in Fitzgerald & Stanger's carriage factory will be completed this week.

—The silver collections at St. Paul's Church Service of Song Monday evening amounted to $80.

—A grant $1,000 to the Col. Williams' memorial fund is included in the supplementary estimates, published on another page.

—It is rumored that a big deal is "on" between two Toronto and Peterborough financial corporations, involving a million dollars capital.

—Five hundred dollars was appropriated at the council meeting Monday night to the Horticultural Society to be expended in beautifying the court house park.

—A race between a local bicyclist who aspires to be a "flier," and another young man who owns a fast horse, is on the cards. The race is to be to Lakefield and back.

—During the performance of one the choruses in St. Paul's Church Monday night, someone tampered with the water power of the organ, deranging it and interfering seriously with the rendition of the piece.

—Why is the tank at the old post office corner passed over and the one at St. Paul's Church ordered to be filled up? The former is of no more use, and, besides, being in close proximity to the valve of the waterworks makes it easier for the frost to freeze up the valve.

—The supplementary estimates contain a gratuity of $8,342 to the family of the late Hon. Thos. White, an amount equal to the salary of the late Minister from the date of his death till June 30, 1889.

—Dr. Stephenson, V. S., has purchased a fine driving mare from Mr. Andy Moffat, that attracts the attentions of all horsemen, whose evident admiration is only prevented from taking practical form by their attenuated pockets.

—The canoes made in Peterborough are of such a peculiarly good vuality that they have been branded "The Petersboros" On Saturday two men paddled up the lake from Hamilton to Toronto in an 19-foot Peterborough the best canoe to be had for the purpose.

Personal.

Mrs. J. E. Hammond will shortly return to England.

It is understood that General Haultain will leave for Bermuda next fall.

His Lordship Bishop Dowling, accompanied by Rev. Father McEvay, will leave to-night on the 5:50 express for Toronto, to attend the funeral of the late Archbishop Lynch to-morrow morning.

Mr. T. Cahill leaves next week on an extended tour to California, via the Northwest, and expects to be absent about six weeks. The announcement that he goes for the good of his health may bring a smile to the faces of his many friends, who are accustomed to seeing his genial countenance and portly frame on the streets, but such Mr. Cahill asserts is the cause of his trip. May he find the wished-for recuperative qualities in the balmy air of California.

Mr. Wm. Lech returned home from his trip to Germany on Saturday night. He looks well after his lengthy tour in the Fatherland. He had a very stormy passage home, the lurching of the steamer being so heavy at one time as to shake the seamen out of the look-out. In a business point of view his visit was a success. He is able to correct the misleading impressions gained by reading the cable despatches, as to the internal condition of Germany. He bears testimony from personal observation of the cordiality of the reception given the Queen on her recent visit. Bismarck, he asserts, is most cordial in feeling towards the Emperor, and the Empress is exceedingly popular with the great body of the people. The hostility exhibited towards her is shown entirely by the ultra section of the Conservative party. In Germany the condition of the Emperor is regarded as serious, his death being only a matter of time. Mr. Lech was highly pleased with his visit, and he returns with his love for the Fatherland strengthened. His many friends in town are pleased to see him with us again.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1 25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the let counter to the right.

Our first stock of Sailor Hats has been bought up rapidly which is sufficient evidence that they are the correct thing. Our second shipment, bought at a much lower price is now in. All sizes and styles to choose from. The prices will please you when you see the style and quality,

Q'JEBEC LEGISLATURE.

The Speech From the Throne—Favorable Financial Outlook.

OTTAWA, May 15.—The second session of the Sixth Legislature of this Province opened this afternoon. The Speech from the Throne, after announcing that it is the intention of the Government to have another session early next winter, and that the loan authorized last year was negotiated under favorable conditions, refers to the resolutions of the Interprovincial Conference which will be presented for approval. The speech states that this year there will be a considerable excess of revenue over expenditure, that the work of codifying the statutes, commenced in 1876, is completed, and these revised statutes will become law on Dominion Day.

The result of the three Royal Commissions appointed to deal with the Q. M., O. & O. Railway, with lunatic asylums and with agricultural institutions, respectively, will be presented with accompanying bills, and a larger vote [illegible] agriculture and colonization will be asked. A larger amount will also be asked this year for the better carrying out of the policy of constructing iron bridges. The Government measures proposed include the amendment of the laws of civil procedure in the direction of diminishing the expenses and length of suits, the settlement of the Jesuits' estates, amendment of the license laws for the purpose of rendering the granting of licenses more difficult and of facilitating the punishment of offenders.

AFFAIRS IN MANITOBA.

Exciting Scenes in the Legislature Yesterday—John Norquay's Pluck.

WINNIPEG, May 15.—The political pot fairly sizzled in the Legislature this afternoon. Rising to a question of privilege, Mr. Norquay asked Premier Greenway if he was prepared to reiterate the accusations accompanied by threats of indictment made by the Premier in the newspapers against him.

Mr. Greenway said he was not entirely reported correctly, but admitted that the speech was substantially right.

Mr. Norquay then moved for a commission to investigate the charges against him. Attorney-General Martin moved an amendment to appoint a commission to also include the charges against Mr. LaRiviere and Acton Burrows.

The Opposition members claimed that this was unfair, that Norquay demanding an investigation should be afforded an opportunity of vindicating himself without being mixed up with the delinquencies of others. Government supporters held Norquay responsible for the shortcomings in all the departments, he being the leader of the Government, but this he scouted as absurd.

After recess the circus continued in the House. Norquay claimed he had made every effort to meet Greenway's charges publicly, but was most cowardly refused the commission he asked for.

Kirkhoffer dared the Government to prosecute Norquay criminally, and moved an amendment that the Attorney-General be instructed to lay criminal information against the late Premier.

Martin charged Norquay with knowing all about the printing steal recently exposed, and on Norquay denying it there was an exciting scene. The members talked and pounded desks, the galleries cheered and the Speaker ineffectually called order, but was defied. After quiet had been restored Attorney-General Martin explained that as all the members of the late Government were implicated in the scandal it was well to have the fullest investigation and reach the bottom facts. He preferred a commission to criminal prosecution.

Dr. Harrison taunted the Government to make good their threats to proceed against Norquay criminally and denounced their cowardice in not accepting his challenge to investigate the charges made against him without bringing in others.

Mr. Jones intimated his willingness to be included with Norquay, La Riviere and Burrows, and be investigated respecting the late loan.

Mr. Douglas warmly defended Norquay and charged the Government with cowardice.

The Attorney-General having given notice of a bill to dismiss the Provincial Auditor, that official petitioned to be heard before the House and was present to-night with his solicitor, but other matters occupied the attention of the House.

The Anglican Synod of Ontario.

KINGSTON, May 15.—The Anglican Synod of the Diocese of Ontario began this morning in St. George's Hall. Sixty clergyman and nineteen lay delegates answered to their names. The treasurer's report was presented. It stated that some debentures had matured, and that it would be difficult to re-invest them as advantageously as they had been invested hitherto. The widows and orphans' fund report showed the capital to be $24,288.74, an increase for the year of $636.27. The estimated income for 1888-9 was $976.15; the expenditure $1000. A large number of other reports were presented and a number of communications and memorials were received and referred to committees for consideration.

BANQUET TO LANSDOWNE.

A BRILLIANT FESTAL EVENT AT THE CAPITAL.

Mayor Stewart's Tribute to His Excellency—The Governor-General's Response to the Toast of His Health.

OTTAWA, May 15.—The banquet tendered to His Excellency the Governor-General in the Russell House to-night by the citizens of Ottawa was the most brilliant festal affair ever held at the Capital, except, perhaps, the one tendered to Sir John Macdonald in the Royal Rink in 1887. Covers were laid for 247 persons, and there was not a vacant seat. His Excellency was received by a guard of honor from the Foot Guards, the Dragoon Guards forming an escort.

The company sat down at 7.15 o'clock, His Excellency, Sir Hector Langevin, Hon. Messrs. Bowell, McLelan, Chapleau, Costigan, Speaker Allan, Gen. Sir Fred Middleton and Hon. Mr. Laurier being on the right of the Mayor, and Sir John A. Macdonald, Sir Charles Tupper, Sir Adolphe Caron, Hon. Messrs. Carling, Smith, Thompson and Senators Scott and Dickey on the left. The assemblage was made up of prominent members of the Senate and Commons, deputy heads of departments and prominent citizens. The menu was one of the best the chef of the Russell has ever produced, and from every standpoint the banquet was a magnificent success.

The opening speech was made by the Mayor, who, after proposing the usual loyal toasts, followed by that of "The Guest of the Evening," paid a high tribute of esteem to His Excellency and Lady Lansdowne. The toast was received with prolonged cheers.

His Excellency on rising was greeted with rousing cheers and waving of napkins. He feelingly referred to his approaching departure from Canada, and took occasion to express his warm appreciation of the kindness he had experienced from the people of Canada. He reviewed the leading events in Canada since his arrival here and dwelt particularly upon the completion of the Canadian Pacific Railway, which he felt was destined to prove of immense importance in strengthening the Empire. (Cheers.)

Referring to the topic of Imperial defences, he expressed the hope that the other colonies would follow the example set by Australia in making provision for defensive works.

Touching upon the proposal for closer trade relations between the British Empire and the colonies Lord Lansdowne said that Great Britain, which did three-fourths of its trade with foreign countries and did only one-fourth with the colonies, should risk interruption of her trade relations with the rest of the world in order to enter into such an arrangement. He did not think the Imperial Federation idea was a practical one. In the first place there could be no fiscal union of the colonies, the interests were so diverse, as shown by the different policies pursued at present, and he foresaw insuperable difficulties in government, as had been proposed, by a central body at Westminster, for he thought none would be more ready to resent than Canada any change by which legislation affecting purely Canadian matters would be removed from the exclusive control of the Canadian Parliament. In so far as the armed strength of the Empire was concerned he could not look with favor upon any proposal requiring each portion of the Empire to contribute a quota of men and money for defence in case of emergency. As to the [illegible] he [illegible] spontaneous offering of 50,000 men by Canada, should the Empire need them, than to a compulsory grant of 5000.

Judging by what he saw about him in Canada he thought he might safely come to the conclusion that there was no pressing necessity for a change in the present relations.

At the close of His Excellency's speech the assembly rose, cheered and waved their napkins.

The chairman then proposed the toast of "The Queen's Privy Council of Canada," coupling with it the names of Sir John Macdonald, Sir Hector Langevin, Hon. Mr. Laurier and Sir Richard Cartwright.

Sir John Macdonald responded in felicitous terms, expressing the deepest regret at His Excellency's departure and speaking kindly of the uniform courtesy of Lady Lansdowne.

Sir Hector Langevin, Hon. Mr. Laurier and Sir Richard Cartwright spoke in a similar strain.

His Excellency proposed the health of the Mayor and Corporation of Ottawa, to which Mayor Stewart responded, and the festive gathering broke up.

The Crofter Emigrants.

LONDON, May 15.—The twenty-one crofter families, comprising 113 souls, the first batch under the Government emigration scheme, which left Stornoway yesterday, will leave Glasgow by the Corean on Thursday. The party includes 52 men, the rest being women and children. They have been carefully selected by Mr. McNeill, Government inspector, and Mr. Grahame, Scottish agent of the Dominion Government. Each applicant signed a legal obligation to repay the advance in eight annual payments, beginning the fifth year.

Assisted Emigrants.

LONDON, May 16.—The protest of the Ontario press against immigration, of which brief news has been received by cable, attracts attention here. The recent rush of emigration to Canada is much commented on and the result awaited with interest, in view of the renewed attention to emigration in connection with the Crofters and the evils of the "sweating" system.

To Purchase Canadian Remounts.

LONDON, May 16.—Veterinary Surgeon Matthews, of the Royal Horse Guards, leaves Liverpool to-day to join Colonel Goldie to assist in the purchase of cavalry remounts in Canada on behalf of the War Office.

Obedient Bishops.

LONDON, May 15.—The Standard's Rome correspondent learns that no doubt exists as to the absolute and unconditional obedience of the Irish bishops to the papal rescript, and that Archbishop Walsh has expressed entire submission to the Pope's authority.

The Burns Inquest at Ottawa.

OTTAWA, May 15.—The inquest held last night into the cause of the death of the child Bridget Burns, which was alleged to have been poisoned, terminated in a verdict of accidental suffocation.

Sudden Death at Belleville.

BELLEVILLE, May 15.—T. B. Bentley, city auditor, died suddenly at an early hour this morning. He was taken ill at 5 o'clock and in less than an hour breathed his last. Deceased was born in Dublin and was in his 63rd year. He married a daughter of the late John Mordon and leaves a wife and two children.

IN THE COMMONS.

The Civil Service Bill Discussed at Yesterday's Session.

OTTAWA, May 15.—In the House of Commons to-day Mr. Jones of Halifax asked what policy the Government intended to pursue as to the fisheries, and what privileges would be granted to the Americans in the event of the treaty not being accepted by the American Government.

Sir John: "The House will be informed before prorogation on that subject."

The Government bills to amend the Territories Real Property Act and the Insurance Act were read the third time.

Mr. Chapleau's bill to amend the Civil Service Act was read the second time and discussed in Committee of the Whole, Mr. Davies, Mr. Laurier and Mr. Mulock taking an active part in the discussion. Mr. Mulock succeeded in having the graduates of universities exempted from the qualifying examinations in the same manner as graduates of the Royal Military College. Neither class is exempted from the promotion examination. Mr. McNeill moved that all persons who entered the civil service before July 1, 1882, should be exempted from promotion examinations. Mr. Shanly said the amendment would do justice to a class of men who, in learning their departmental duties, have forgotten their schoolboy lore, Mr. Chapleau said that the promotion examinations were mainly upon subjects connected with the duties of their departments. The proposed amendment would be subversive of the system introduced in 1882. Mr. Casey said that the Secretary of State had introduced in 1882 a crude and ill-considered bill, and now, whenever an amendment was proposed, he told the House that it would destroy the whole system. Mr. Curran moved that civil servants appointed before July, 1882, should be exempt from promotion examinations except in relation to the duties of the class to which they desired promotion. At five minutes to 6 the chairman was about to put Mr. McNeill's and Mr. Curran's amendment when Sir John moved that the committee rise.

SUICIDE AT MONTREAL.

Laflamme v. The Mail—The Laval Contested Election Case.

MONTREAL, May 15.—Adelard Lachapelle, aged 19, began to show signs of despondency a few days ago, and last night took a dose of Paris green.

Mr. Beausoleil, M.P., has returned from Paris. He states that all the debentures of his new railway in Berthier County, to the amount of $250,000, which he placed in European markets, were taken at once.

The case of Hon. R. Laflamme v. The Toronto Mail came up in the Court of Appeal to-day, when Donald McMaster, Q.C., applied for a new trial on behalf of the defendants.

The Laval contested election case, in which Mr. Leblanc was unseated, has given rise to some interesting law proceedings. The judgment annulling the election was rendered in April, and costs went against Mr. Leblanc to the amount of $965. This sum not being paid, the petitioner, Mr. Guimond, on the day of the new election seized in the hands of Returning Officer Leonard the $200 deposited by Mr. Leblanc. Mr. Guimond has now taken a seizure in the hands of the Speaker of the House of Assembly at Quebec and his cashier of the indemnity which would be coming to the member for Laval for his attendance this session.

W. E. Macrae, charged with selling obscene pictures, was committed for trial at the Court of Queen's Bench to-day. Macrae will be remembered as one of the detectives who figured in the Myrtle shooting.

GUILTY OF "WILFUL MURDER"

Was the Verdict of the Jury on the Death of Bertha Robinson.

TORONTO, May 16. At the inquest on the death of Bertha Robinson, after hearing the evidence of seven witnesses, the jury returned a verdict of wilful murder against "Tom" Buckley last night. Coroner Johnson presided.

The inquest was opened at the City Morgue early in the evening. A large gang of roughs, many of them pals of Buckley's, gathered outside the building, and because Coroner Johnson would not admit them they began throwing stones at the place. Coroner Johnson then removed his tribunal to the Police Court room, where the inquiry was concluded in peace and quietness.

Buckley sat in the ample prisoner's pen while the evidence was being taken, and the only visible affection on his great brutal features was an occasional smile or a clouded brow.

The right name of the dead girl is Mary Stephens. Her father is John Stephens, who lives in Brantford. Last night Mr. Stephens telegraphed the police that he would arrive in the city to-day to claim the remains of his dead child, who is about 20 years of age.

A $46,000 Blaze.

HALIFAX, N.S., May 15.—A fire involving a loss of $46,000 occurred in Charlottetown last night. Eight dwellings, a Baptist church and a number of outbuildings were destroyed. The church cost between $20,000 and $30,000. The carriage factory of McInnes Bros. was also burned, their loss being $2000. The total insurance is about $25,000.

VIEWING THE REMAINS.

35,000 PEOPLE VISIT ST. MICHAEL'S CATHEDRAL.

Incidents of the Lying in State of the Body of the Archbishop—Prominent Church Dignitaries in the City.

TORONTO, May 16.—It is estimated by those watching the remains of the late Archbishop as they lay in state within the sanctuary rails of St. Michael's Cathedral, that fully 35,000 viewed the body yesterday. The doors were thrown open at 6 in the morning and closed at 10 last night, and during all that time there were never less than a thousand persons in the church. The crush at the sanctuary rails was so great that men had to be employed keeping the crowds moving away as soon as the remains were viewed.

About half of the 35,000 were Protestants, and fully two-thirds of the whole were women and young girls. Several persons fainted, what, with the heat of the church, which at times was oppressive, and the solemnity of the occasion, which had an hysterical effect on the weak nerves of a few.

From 6 until 10 in the morning low masses for the dead were said by Very Rev. Father Laurent, Rev. Father McBride, Rev. Father Hand and a number of other priests temporarily domiciled in the Palace for the occasion. All day long the Sisters of St. Joseph and Loretto watched by the body, to be relieved in the evening by the Christian Brothers and members of St. Vincent de Paul Society.

At 6.30 in the evening the church doors were closed and none admitted until 7.30, when the solemn offices of the dead were sung. The congregation on this occasion numbered fully 3000. Every aisle was packed, and in their eagerness to behold the scenes enacted at the altar the people stood on the seats and crushed forward to the very sanctuary rails. Rev. Father Hand was master of ceremonies, Cardinal Taschereau, assisted by Mgr. Marois and Very Rev. Laurent, sang the Nocturne and Lauds, Dean O'Connor and Rev. Father Rohleder intoned The Antiphons, and Cardinal Taschereau, Archdeacon Cassidy and Rev. Father McBride read the lessons. The "Libra Me" was sung by Rev. Fathers O'Hagerty, Gearing, Traling and Murray. The services closed with the prayer "Deus qui inter Apostolicas," and the vast congregation silently dispersed.

The number of priests present at last night's services is placed at 100, and it is believed by 10 to-day it will be doubled.

The following bishops were in the city last night: Archbishop Duhamel, Ottawa, the guest of Hon. Frank Smith; Archbishop Fabre, Montreal, the guest of Mr. George Kiely; Bishop Dowling, Peterboro, the guest of Bishop O'Mahoney; Bishop Ryan, Buffalo, the guest of Mr. P. Hughes; Bishop Farrell, Trenton, the guest of Very Rev. Father Rooney; Bishop Soule, Montreal, the guest of the Palace, where also His Eminence Cardinal Taschereau has taken.

In addition to the above Mgr. Paquet of Quebec, Mgr. Marois of Quebec, Rev. Father Louis Funcken, President of the Berlin College, and Rev. Father Marcoux, Secretary of Laval University, are in the city. Mr. J. J. Curran, M.P. for Montreal Centre, has signified his intention of attending the obsequies.

Frauds on Farmers.

OTTAWA, May 15.—Before the Frauds on Farmers Committee to-day Peter Wood of Brantford, who had dealt in seed wheat, lightning rod and hay fork notes to the extent of about $35,000, was examined. He had never dealt in book agent notes, because he didn't believe in them. He had dealt in Excelsior Pump Company notes. Mr. Barron subjected the witness to a severe examination as to his suits on these farmers' notes, particularly about a note given by one Macpherson, payable to E. E. Jones, for a hay fork. Coulter of Brantford endorsed the note. In many cases Wood got 30 per cent. and more by shaving these notes.

Alex. Davidson of Mount Forest described the visit fifteen years ago of three men to his place, who said Hon. George Brown had recommended him to them as agent for a hay fork. The committee was nonplussed at the age of this case, but heard the grievance, which ended in Davidson being defrauded. He had a recent case. He created a laugh by stating that when he was called on to pay up he had to borrow money from "Jim McMullen," the member for Wellington, who was present.

T. Armault of Streetsville, Ont., told some sad experiences of how he was swindled by agents. Among them, he said, were the Picturesque Canada people. In other cases he was asked to sign an agreement as hay fork and seed wheat agent, and afterwards found the alleged agreement was a promissory note.

Swept Over the Falls.

PERRY, May 15.—Edouard Belanger, 35 years of age, and the father of a family, was working on a boom yesterday and it overturned. He floated for some distance down the stream, clinging to some wreckage, but subsequently lost his hold and it is believed he was swept by the torrent over the falls, as his body has not yet been recovered.

The Daily Examiner.

WEDNESDAY, MAY 16, 1888.

THE MINISTER OF THE INTERIOR.

In its news from the Capital the other day the *Globe*, in speaking of the appointment of a successor to Hon. Thomas White, as Minister of the Interior, mentioned the names of Lieut.-Governor Dewdney and Mr. E. H. Smith, Dominion Land Commissioner at Winnipeg, and adds "At any rate the Government appear inclined to appoint some one who has a knowledge of Northwest affairs, and not make a repetition of their blunder in having a second Sir David McPherson and a third rebellion on their hands." Practically, Mr. Smith's recent experience would well qualify him for the position. He has, besides, excellent administrative ability and great industry. No doubt the work of his department would be capably managed, and for real practical fitness for the work he has far superior qualifications to those of Mr. Dewdney, who has not made himself popular nor respected during his administrative term in the Northwest. Mr. Smith has many warm friends in Peterborough, who would be pleased to see him elevated to the position of a Minister of the Dominion of Canada, and who believe that he would do credit to the position. In view of the improbability of a Minister being selected from the Liberal ranks of public men, the EXAMINER thinks that the Government might make a far worse appointment than that of Mr. H. H. Smith, as Minister of the Interior. Since a Tory will, of course, be selected, it is preferable that a fairly good Tory (absolute goodness is out of the question), and a former citizen of Peterborough should be chosen.

A DECIDED CONTRAST.

There is a decided contrast capable of being shown between the results of Liberal and Tory rule. Under the latter Quebec has a debt of twenty-two millions, while Ontario has not only no debt but a magnificent surplus. Until within a few months Manitoba has been under double Tory rule—by the local administration and by dictation from Ottawa. What is the result? Simply, financial extravagance and disaster, and, according to recent developments, arrant dishonesty and vulgar roguery. Now that a Liberal government has come into power all this is changed. We have an era of economy entered upon and the rights of the province looked after with a regard to the demands of the occasion and not with regard to what will please or displease the party machine at Ottawa. It is worth while to contrast the rottenness and dishonesty of the late Manitoba ministry with the straightforward statesmanlike career of the Mowat administration. The former in seven or eight years so mismanaged the affairs of the province as to involve it in financial embarassment, trafficked in its best interests to please the dominant power at Ottawa and betrayed their trust in many ways. The Mowat administration, after a lease of power extending over sixteen continuous years, have administered the affairs of the province with such wisdom that they have received some half-dozen popular endorsements of their course. They have manfully resisted outside oppression and successfully maintained the rights of the province, and during the whole course of their administration they have never been successfully charged with the misappropriation or dishonest conversion of a single dollar. The Liberal party's policy is government in the interests of the people; that of their political opponents, government in the interests of the party. As the tree is, so is the fruit.

THE supplementary estimates brought down Monday amount to $1,325,000. This brings the ordinary expenditure for the next fiscal year up to $36,750,000, and this enormous sum does not include a single cent for the Trent Valley Canal, nor even a cent for dredging Little Lake, which would be a certain step towards the canal, or at least in its interests. Our reasonable request for at least a small share of funds must have "got into the wrong shop." When the Peterborough deputation, respecting the dredging of Little Lake, went to Ottawa, Sir Hector Langevin was first approached, probably because of the reputation he has achieved in Peterborough in connection with creating a boom in corner lots. The deputation got on swimmingly till the argument was advanced, that the dredging of Little Lake would be an important assistance to Trent Valley Navigation. Sir Hector interrupted with—"O! you are in the wrong shop—you had better go to the Minister of Railways and Canals." It seems that this district has been in the wrong "shop" for a long time, and nobody can tell what "shop" to go to, to get the simple justice of a business appropriation for the Trent Valley Canal.

TORONTO'S BUDGET OF NEWS.

The Early Closing Bylaw—The Proposed Copyright Bill.

TORONTO, May 16.—It is expected that the taxes of Toronto for the current year will not exceed 14½ mills.

An effort is being made by dissatisfied storekeepers to quash the Early Closing bylaw, on the ground that the petitions on which the bylaw was alleged to have passed were not signed by the requisite number of persons required by the act. The Vice-Chancellor granted an order nisi, returnable on Tuesday next.

General Turner, who after the great Trent affair was quartered in Toronto with a battery of artillery, died suddenly yesterday in England. He was married to Col. Gzowski's eldest daughter, by whom he had a large family.

At a meeting of the master printers and booksellers held yesterday at the Press Club, a despatch was wired to Ottawa praying that the Copyright Bill now before the House be not passed before the Canadian trade state their views fully on the question. The meeting then adjourned until to-day to hear from the Minister if possible, and to elect a delegation to go to Ottawa to-night.

Acquitted of Manslaughter.

LONDON, Ont., May 15.—John Loughane was tried at the Assizes this morning on a charge of manslaughter. Loughane was the watchman at the Burwell-street crossing of the Grand Trunk Railway when The Globe train ran down a wagon containing John Liggins and Johnston Wilson. Wilson died from his injuries. Loughane was absent from his post at the time, and the coroner's jury declared him responsible for the accident. After the evidence for the Crown had been heard the judge directed the jury to return a verdict of not guilty, as it was not compulsory for the company to keep a watchman at that crossing, not having been requested to do so by the municipal council.

A Reform Candidate in North York.

NEWMARKET, May 15.—Between 600 and 700 Reformers of North York assembled here to-day to nominate a candidate to fill the vacancy in the Ontario Assembly caused by the resignation of Dr. Widdifield. Almost everyone seemed to be in favor of the choice of Mr. E. J. Davis, the well-known tanner of King, and ex-Warden of the county. Mr. T. J. Robertson, barrister, of Newmarket and Reeve Ramsden of East Gwillimbury, after being nominated, retired in favor of Mr. Davis, who was made the unanimous choice of the convention. The nomination is fixed for May 23, and the election a week later, but it is not thought that Mr. Davis' candidature will be opposed.

May to Bell.

Dear Bell,—I'll write you a short letter
To say I'm wonderfully better;
How much that means you ought to know,
Who saw me just one month ago—
Thin, nervous fretful, white as chalk,
Almost too weak to breathe or talk;
Heart throbbing, as if fit for breaking,
A weary, ever-present aching.
But now life seems a different thing:
I feel as glad as bird on wing!
I say, and fear no contradiction,
That Pierce's Favorite Prescription
Is grand! Why, I'd have died without it!
Ma thinks there's no mistake about it.
It's driven all my ills away:
Just come and see. Yours ever, MAY. o

FAME VERSUS BUSINESS!

Let the World Be the Judge

The People of the County, our Court!

Satisfied Customers, our Witnesses!

We Plead our Case, and Carry off a VERDICT!

In re. GOUGH BROS. et al.

THE COURT.—The bar will observe that the case is now open. You have heard the indictment read. It is clear and explicit. What say you, Gough Bros., why sentence of the Court should not be prunounced upon you.

GOUGH BROS.—May it please your Lordship: To the serious charge that we have revolutionized the clothing trade in Peterborough we plead guilty. The facts are so apparent that denial were useless. But, may we ask the Court to consider extenuating circumstances of great weight. We have established a business by the peope, for the people and of the people. We have placed within the reach of all clothing of any grade, at prices that shatter Monopolies, and Paralyze High Prices. When the Court remembers that we have taken a $2.50 boy and clothed him in a 65c. Suit of Clothes, the Court will appreciate our enterprise. When the working man who wants Clothing can walk up to the trough and help himself to a suit at $2.50, there is something in life worth living for. When a pair of Pants that are a thing of beauty and joy forever, can be carried from our counters for the small sum of 25c. the Court will realize that our politicans are not all of our sincerest benefactors.

Should the Court, for example, so direct, we will fit out our learned friend on the other side with one of our Special Made Suits, and his immediate relatives will testify that the garments are better than most custom work; are cut from Stylish Patterns, made up by artists who consider Beauty and Finish and Good Work as a first requisite.

We ask the Court's inspection of a special line of 500 suits for Men and Youths. These are gems of purest rays serene, so Good, so Stylish, so Cheap that stealing will become, in truth a struggling industry. Then we have secured a niche in the temple of fame by large sales of our best classes All Wool, French Worsted and English and Scotch Tweeds, fit for the wear of a prince, pontiff or politician. This, your Lordship, is our plea.

THE COURT.—Gough Bros., You have ably stated your case. You are excellent counsel. The ruling of the Court is that you are honorably discharged and that the Court adjourn sine die.

SPECIAL LINES.—Boy's Coats 19c. each; Boy's Suits 69c., $1.10 each and up. Parents, Gough Bros., will save you 50 per cent. on Children's Clothing. Men's Working Suits at $2.50, worth $5.50, Sunday Pants $1.25, worth $2.50.

—the wall paper you buy at Routley's Fancy Goods Store. Housekeepers should not miss this great wall paper sale. The money saved will more than repay them for the time taken in the inspection. Take time by the forelock and call and be convinced.

Our store now looks like a new one inside, since the carpenters, painters and decorators left. Come in and see it and take a note of how handy everything is—and cheap, too, Wall Paper especially.

THE GOLDEN RULE
OF THE
METROPOLITAN GROCERY.
"Do Unto Others," &c.

Acting on this principal we have decided to close our store at 7 p.m. each day of the week, Saturdays excepted, during the summer months.

We believe that our clerks and salesmen will give us all the better and more willing service if they are allowed their evenings for fresh air and exercise, and we respectfully ask the co-operation of our customers and the public, in making the early closing movement a success. Please send in orders and make purchases as early in the day as possible—you will have a double satisfaction—in being well served and in giving hard-worked shop hound employes a chance for fresh air, physical recreation and mental improvement.

The Sweating System.

LONDON, May 15.—The proceedings of the Sweating Committee continue to be characterized by dramatic incidents. Lord Dunraven's warning to would-be intimidators was almost as impressive as Lord Salisbury's rebuke to the adjutant-general. But the most important event was the appearance of Miss Beatrice Potter, Mrs. Leonard Courtney's sister, in the witness box. Miss Potter, who is very prepossessing, and was most becomingly dressed, has gained a practical knowledge of the subject by actually working in many of the sweating shops of the east end. She believes that the much-complained-of hardships of the sweaters are greatly exaggerated. At the adjournment of the sitting Miss Potter was entertained by the noble lords at luncheon in the Peers' Committee refreshment room.

A Close Call.

LONDON, May 15.—In the House of Commons last evening the King-Harman Salary Bill being in the committee stage, an amendment offered by Mr. Hencage (Liberal-Unionist) that the salary be paid out of the funds already provided for the Lord Lieutenant, was negatived under cloture by a vote of 191 to 183.

Imitation

is sometimes called the sincere form of flattery. This may account for the number of imitations of the original and only positive corn cure—Putnam's Painless Corn Extractor. All such fail to possess equal merit, so when purchasing get the genuine "Putnam's" Safe, sure, and painless. 6d20w

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

THE TOWN CLOCK OVERHEAD.

A Sure Relief.

I suffered from a hard Cough contracted by damp feet. Having consulted a local doctor without effect I thought I would try Hagyard's Pectoral Balsam as a last resort. Before I had finished the first bottle my cough had entirely disappeared, and to day I enjoy better health than ever before. I can conscientiously recommend it. Chas. H. Kent, Telegraph Operator, East Selkirk, Man. 2w18d

THE WONDERS OF MAGIC.

When you find that beauty is falling away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."

The lady's mistortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair,
Try "Dorenwend's Magic."
It imparts strength and beauty,
And it's the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."

Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. For sale by J. D. Tully and all druggists. dw

The Daily Examiner.

WEDNESDAY, MAY 16, 1888.

The Weather.

Moderate winds; mostly fair weather, with a few local showers; no decided change in temperature.

On General Principles.

It is safest to buy dry goods at an establishment like the Golden Lion, where the immense stock is imported direct and where the public gets the advantage of the saving of the profits of intermediate dealers. The result is, better class goods at lower prices and no end of variety.

3,000 boys and girls in Peterborough have voted that The Pantry is a grand institution for supplying their wants.

Beautiful Printing.

The EXAMINER has received one of the *menu* cards of the banquet given Lieut.-Col. Van Straubenzie, at Montreal, on the 11th of May The printing, which was done by Messrs. D. English & Co., is of the very first order and the whole job is a splendid example of artistic printing, and a fine tribute to the typographical capabilities of the establishment and the taste of the proprietors.

An "English" Canoe.

The canoe in which the Toronto men last Saturday paddled up the lake in a storm from Toronto to Hamilton, was one purchased from Mr. W. English last summer by Mr. McKendrick, of Toronto. It was a long, safe craft, painted green, and many who patronized Mr. English's boathouse last season have ridden in the same canoe that made the momentous voyage last Saturday.

Destroying Dogs.

The meaning of a "strict enforcement" of the dog by-law is that all unlicensed curs shall be shot. But the tags have not yet been procured this year, and until this is done and a chance given the owners of dogs to have them licensed, the law cannot well be put in force. This will soon come about, however, and then let the tagless canines look out for the brass buttons and six-shooter.

A Reminder of Days Past.

An ox-cart of the '37 kind passed through town to-day and reminded old residents of the days when they were about the only equipages in use. A brindle steer, with a yoke over its neck to which the shafts were attached, drew the cart, a ricketty two-wheeled affair loaded with cedar posts, while alongside trudged an old man guilding his steed. It was a decidedly unique and picturesque turn-out, and attracted all eyes wherever it went.

A Bucket Shop Closed.

The effects of the Bucket Shop bill, passed at Ottawa on Monday, have already been felt here. Doran & Wright's agency in the Arcade block was yesterday closed up. This shop succeeded Cox & Co's., which was closed up at the time of the failure of the firm. Admitting the correctness of the expression of Sir Richard Cartwright that "bucket shops are hells held in the day time," the public will not regret that their operation in Peterborough has been legally prohibited.

Masonic.

R. Ex. Comp. D. McNaughton, of Cobourg, Superintendent of Ontario District, and R. Ex. Comp. J. B. Trayes, of Port Hope, District Secretary, paid an official visit to Corinthian R. A. Chapter of Peterborough on Tuesday night. The Superintendent made a thorough inspection and expressed his complete satisfaction with the condition of the Chapter. Afterwards a banquet was held in the diningroom, R. Ex. Comp. R. A. Morrow, Z., occupying the chair. Speeches of the usual order were made and a jolly evening spent by all present. The visiting brethren returned home to-day.

Otonabee Canoe Club vs. Y.M.C.A.

The members meeting of the Young Men's Christian Association will be held in their hall to-morrow (Thursday) evening, when a debate between members of the Otonabee Canoe Club and the Association will take place on the following question.—"Resolved: that the party press is beneficial to the best interests of Canada." The affirmative will be supported by Messrs. W. H. Hill and A. E. Scott for the Canoe Club and Messrs. O. C. Rowse and W. H. Stevens will uphold the negative for the Association. Mr. Geo. M. Roger will occupy the chair and decide the debate. Members are requested to attend and young men generally are invited.

Legal

At the High Court of Justice in Toronto on Tuesday, application was made on consent for an order to try the High Court case of McRae v. Johnston at the Peterborough County Court sittings. It was granted.

Society Sermon.

Following their usual custom in attending divine worship on the Sunday nearest the Queen's Birthday, the members of the Sons of England lodges in Peterborough will, on the forenoon of Sunday, May 27th, parade in a body to St. Luke's church, where Rev. W. C. Bradshaw will preach a sermon.

MCALPIN'S famous Tobaccoes — Silver Shield, Virginia Leaf and Jubilee, for sale at The Pantry.

Lacrosse Meeting.

A meeting of the Y.M.C.A. Lacrosse Club is called for nine o'clock this evening at the rooms, to make a choice of uniform and consider a challenge to play the Etnas at seven o'clock on the morning of May 24th, on the P.A.A.A. grounds. A full attendance is requested.

License Commissioners.

A meeting of the West Riding Commissioners was held at Lakefield Tuesday afternoon. Messrs. T. Dolan, Chairman, R. Walton and Wm. Graham were present. Only routine business was transacted, the affairs of the quarter wound up, and arrangements made for the business of the ensuing term.

At the Drill Shed.

All the companies turned out for drill last night, though some of them had not more than half their complement of men. Company drill only was performed. The air of the drill shed was made disgustingly impure by a leak in the gas pipes, and some of the companies were marched out and put through their facings under the street electric light to escape the infliction.

Early Rose Potatoes.

Just received, a quantity of very choice Early Rose Potatoes, suitable for seed or table use, at the Metropolitan Grocery. 4d113-1w.

A Civic Cow Catcher.

Acting-Chief Adams this forenoon started out on a crusade against stray cattle, and ran across a herd of eight in the south ward. He couldn't very well surround them alone, and so had difficulty in getting them to pound, as the average vagrant cow is warranted to be about as difficult to drive as a woman running on the opposition ticket. He succeeded, however, in corralling five of the eight. Cattle owners should take the hint and keep their animals in a safe place.

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease terms without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

Exhibit of Carriage Work.

A business establishment, whose products are of the highest merit, is not afraid to submit them to public inspection. Acting on this principle, Messrs. Porter Bros. will, on Saturday next, May 19th, and on Wednesday, May 24th, give a grand exhibition of their superb summer stock at their warerooms, corner of Charlotte and Aylmer streets, Peterborough (opposite McBain's grain store house). This is a purely business exhibit—they rely on the quality of their goods selling the goods, and they feel convinced that they have only to allow full and free inspection to convince customers of the merits of their goods. The public are cordially invited to come and make the closest and most critical examination possible of the splendid array of carriage goods that will be on exhibition on the above dates. They will find the latest styles of buggies, phætons, carriages and waggons, all finished in an artistic manner, built of the most durable and thoroughly seasoned material and guaranteed to give the greatest satisfaction. The work of Porter Bros. has stood the test of years and the fullest inspection is invited at their spring exhibition on Saturday, May 19th and Wednesday May 23rd. Don't forget the dates nor the place—Porter Bros'. warerooms, corner Charlotte and Aylmer street, Peterborough. d2w1

A Victorious Goose.

A True Incident with a Moral for Unnatural Mothers.

Our grey goose sat in a nice square box,
Fixed up in the hen house corner,
To keep her safe from the skunk or fox.
She sat proud as little Jack Horner,
In her neat six eggs and she sat thereon,
And she covered them all completely,
Not Queen Victoria upon her throne
Could hold her domains more neatly.
She sat her time, did her duty well,
Raising a heat like red hot cinders,
Till the gosling's beak burst through the shell
And sent them all to flinders.
No mother that ever bore a child
Could sit with her young more proudly.
But when I went near she rose up wild,
And with open mouth hissed loudly.
So netimes she stood, sometimes she sat,
But a watchful eye still keeping.

In the hours of night a ferocious rat
Sly up to her nest went creeping,
On its hungry raid it did neglect
That the motherly goose was on duty;
Her cracking bill had it safe by the neck,
And it never secured its booty.
No mortal eye saw the two engage,
Nor the power of their weapons study.
We can judge from a hungry ratship's rage
That the contest was fierce and bloody.
Next morning I went to behold
A sight that brought forth loud laughter.
A huge rat lay there stiff and cold
That our brave grey goose did slaughter.
Surprised and delighted there I stood,
By the tail up the dead rat picking.
She raised her wings showing me her brood
Was still all alive and kicking.
She turned her head round every way
When she heard me so uproarious,
And in her own language seemed to say:
"Boss I have been victorious."
O, pity the rat that sneaks around
The nest where our goose sits watching.
Her act has proved she can hold her ground,
Every murdering rat despatching.

No hotel table that goose will grace,
Croft's, Morgan's, Ted's nor Roddy;
At death she shall have a resting place,
Not a knife shall carve her body.

The Married and Single Men on the Cricket Field.

The match on the cricket grounds Tuesday afternoon was won by the single men easily. The bachelors went to bat first, and all played pretty well, though Stratton had the misfortune to be caught out very neatly by Green, on the very first ball he slipped. He had speedy revenge, however, on his adversaries' stumps. Day and Stratton did the bowling, which, as seen by the score, was very effective. For the benedicts, Rutherford carried his bat and played nearly the whole game himself. Mr. Wrighton played carefully but did not pile up many runs. Rogers and Rutherford bowled well. The married men had not their full complement of players. The scores are:—

FOR SATURDAY.

A cricket match, Collegiate Institute vs. Banks, is announced for Saturday afternoon.

Police Court.

WEDNESDAY, May 16.

George Wright was last night arrested by P.C. Stewart while acting disorderly and placed in the cells.

Yesterday afternoon Henry Marshall, who has been wanted by the police for some time for non-attention to a police court summons, was arrested by P. C. Adams on the street.

Both men were kept in the cells till 2 o'clock this afternoon, when they were given a trial by the magistrate.

Marshall was fined $5 and costs, which was paid.

Wilson's wife appeared against him and told the magistrate a pitiful tale of her woes and the brutal cruelty of her husband toward her. She was willing to support her six children if only Wilson would keep away from her, but he often abused and beat her. He had not helped to maintain the family, she said, for a couple of months, and they were living on public charity. Wilson claimed in defence that he had supported his family as long as he had work, but he had not been able to find employment for a long time. The magistrate remarked that if he had money to spend on whiskey he ought to maintain his family. As his wife, however, didn't want to be encumbered with him any longer, he was dismissed by the magistrate with a warning to go his way and take care of himself and not molest her in future or he would be arrested.

John Dugan was arrested this forenoon near the Oriental Hotel, where he was kicking up a row. John, it seems, is subject to fits of mental pertervation, and at such times becomes violently demonstrative. In the court room he could scarcely be pacified. He was remanded for a week.

Old Dennis Slattery received an order for three months' board and lodging with Gaoler Nesbitt. "Dinny" wanted to be sent up till it was time to thresh peas, at which he had been promised a job as soon as released.

A Musical Treat.

To the Editor of the Examiner:—

DEAR SIR,—In common with many citizens of Peterborough and vicinity, I attended the Service of Praise in St. Paul's Church on Monday last, and I think it due to Mr. J. S. Parker and those who took part in it, to express my extreme gratification at the manner in which the interesting programme was carried out.

To train such a large chorus, consisting of representatives of our various church choirs, was, in itself, no easy task, and the selections being largely of a classical nature and somewhat ambitious, made the work of directing no sinecure. Mr. Parker succeeded, after a very few weeks' practice, in showing his special fitness as a trainer, and developed some very good effects. Not only this, but in his organ solos, which were well chosen, he gave ample testimony of his powers, the pedalling being especially good. The solos were very good, the enunciation particularly being clear—a great desideratum in singing. Altogether, the service was elevating and refining, and I trust ere long our citizens will be wrought up to such enthusiasm through the educating influences of music of this character, that such services now common in the cities, will be at least of monthly occurrence among ourselves. To effect this all our organists should put forth their powers, and in this way they would create a taste for the higher class of music—a most desirable object.

I may add, that with few exceptions the large audience endeavored to remember they were in the house of God. There was no attempt at applause and very little subdued conversation.

Trusting our music loving citizens may enjoy many similar treats,

I am, dear sir, yours truly,
MELODY.

Bensfort.

(*From Our Own Correspondent.*)

From the way Nature is flushing the fields, the farmers have hopes of a bountiful harvest.

Our fashionable watering place Jubilee Point has been fixed up in a style to suit the most fastidious. It has been highly spoken of as a resort for pleasure and good health.

We understand the fish have been very plentiful in the marshes this spring, but from the parental attention of our burly township father and others, no fish stories are going.

The bridge—we don't know how to apologise for the very awful opinion expressed by something which purports to be of Bensfort in your last issue.

With what reluctance we inform the world such a wise prodigy couldn't develop among us? It speaks of personalities and mud-throwing and it actually has the audacity to say of some real and actual human beings that "they know nothing." In fact it writes like one who essays to comprehend the whole universe and anticipate the future and condescends to favor us after all with the judgment of a philosopher and a patron.

We believe its calumny is not only the greatest benefit it can confer upon us, but the only one it will perform for nothing. You're on the wrong bridge,—*pons asinorum* you're on and you better stay there.

The annual excursion of our Lacrosse Club is to take place June 1st to Hastings and return. From their past success in this line and the extensive preparations going on, something altogether unique may be expected.

Ennismore.

(*From a Correspondent.*)

FIRE—At the Ennismore Cross about three o'clock Sunday afternoon a young lady screamed "Fire!" and immediately the flames were seen issuing from the chimney of the house occupied by Mr. Patrick Scollard. He had left a little fire in the stove and had gone down to his father's for a few minutes. He had just returned, but had forgotten the key and the house was locked. A ladder was placed, but no vessel could be procured to carry water, but at that moment an active young gentleman, Mr. Nathanial Carew, snapped a large christistiff off the head of Mr. P. Scollard, dipped it in a barrel of water, filled it to its utmost capacity, and up the roof Nathanial went, and dashed the contents of the hat down the chimney. In a few minutes he shouted down to the boys that it had done its work, and said the hat was splendid for the purpose, as it was light and carried well, and held, he thought, upwards of twelve quarts.

SUN
LIFE ASSURANCE COMP'Y OF CANADA
HEAD OFFICE, MONTREAL.
Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.
The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600 00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.
The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$189,482 69	$1,149,743 00
1876 to 1880, four years	38,580 67	195,188 29	1,167,386 14
1880 to 1884, four years	136,976 84	363,264 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,907 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

BANKRUPT STOCK EMPORIUM,

No. 3 COX'S BLOCK,—GEORGE STREET.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1.25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the 1st counter to the right.

MANITOBA LEGISLATURE.

A STORMY SESSION AT THE PRAIRIE PROVINCE CAPITAL.

Talking Against Time—An All-Night Session—A Motion to Summarily Discharge the Provincial Auditor.

WINNIPEG, May 16.—There was a monkey and parrot time at yesterday's all-night session, which was perhaps one of the most remarkable on record. French, English and Gaelic were talked by members, recriminations indulged in, "liar," "scoundrel" and similar epithets hurled promiscuously, and the proceedings generally were more than lively. The Conservatives talked against time. Mr. Norquay appealed for a commission to vindicate his personal honor, and taunted the Government with rank cowardice not to allow him that justice.

The Speaker having left the chair and an Opposition member occupying it, it was discovered that there was no quorum shortly after 1 o'clock, and he, too, left the chamber, followed by the mace. Consternation prevailed. Finally A. F. Martin brought back the mace, and the Government appointed him Speaker, Speaker Glass refusing to take his seat on the ground that the session was over.

Mr. Norquay continued taunting the Government with injustice and cowardice, and subsequently it was discovered that both amendments were out of order. The Government amendment was re-introduced in proper form, but as there was no sign of a cessation of hostilities, and both sides announced their determination to fight it out on that line if it took all summer, efforts were at length made to secure a compromise.

Attorney-General Martin stated that the Government had not decided to proceed criminally against Mr. Norquay, nor was it their intention. The Opposition asked if there were any grounds for proceeding against Mr. Norquay, but Attorney-General Martin said the Government would make no further statement. The Opposition insisted that Premier Greenway, who made the charges, should make the explanation that the Attorney-General did, but he said nothing.

Finally several Opposition members expressed satisfaction at the explanations, as they believed the Government had no facts to implicate Mr. Norquay, and just at daylight the ex-Premier said he was satisfied with the explanations. All motions were then withdrawn.

This afternoon the Attorney-General moved for the dismissal of Provincial Auditor Nursey, who appeared at the bar of the House by counsel and quoted authorities to show that he couldn't be summarily dismissed, but must be furnished with specific charges and afforded the fullest investigation and opportunity of defence. The motion carried.

DOMINION PARLIAMENT.

THE NORTHWEST TERRITORIES BILL BEFORE THE HOUSE.

The Combines Committee Present their Report—The Labor Commission—The Civil Service Amendment Bill.

OTTAWA, May 16.—In the House of Commons to-day Mr. Laurier enquired about the petition making the seat of Mr. Chequette, the Liberal member for Montmagny, vacant. "Dropped," said Mr. Royal, who had charge of the petition.

Mr. Clarke Wallace presented the report of the Committee on Combinations, and gave notice that on Friday he would introduce a bill to forbid certain combinations.

Mr. Bowell, in reply to Mr. Weldon of St. John, said that 16 persons had been appointed members of the Labor Commission. One, Mr. Cote, received no salary. The remuneration allowed the rest was $10 a day, actual travelling expenses and $3.50 a day for hotel expenses.

When the House went into committee on the Civil Service Bill, Mr. Mitchell said he had been told by a prominent supporter of the Government that the House could not get through with the 250 remaining votes by Saturday night at the present rate of progress. The Government should drop such useless bills as this if they wished to expedite the business of the House. Sir Hector replied in effect that he would see about it. Subsequently Sir John said that by 3 o'clock to-morrow the Government would be prepared to state what bills they would drop. Consideration of the Civil Service Bill being resumed, Mr. Davies objected to the words, "the exemption from entrance examinations of persons who have been employed as temporary clerks continuously since July, 1882." The bill was read the third time.

Sir John moved the second reading of the bill to amend the Northwest Territories Act. He said that it was the intention of the legislation introduced by the Mackenzie Government that as the population of the Territories increased the nominative feature of the Northwest Council should cease and all the members should be elected, also that the Lieutenant-Governor should cease to be a member of the legislative body. He thought that the time had now come when all the members should be elected.

A clause prohibiting the carrying of spirituous liquors in the Northwest gave rise to a general discussion on the question of License or Prohibition. Sir John said he could not accept the proposal for a plebiscite on the question. The bill was reported.

The House went into committee on the Railway Bill. The clause compelling railway companies to fence their lands was amended at the instance of the Minister of Justice by exempting the companies from this duty in unsettled districts.

NOTES FROM THE CAPITAL.

Disreputable Tory Tactics in Kent—Prorogation Chances.

OTTAWA, May 16.—Mr. Campbell, the member-elect for Kent, arrived to-day and was warmly received by the Liberals. He was unable to take his seat, however, as the returning officer has not yet made his return to the Speaker. The recount did not reduce Mr. Campbell's majority by a single vote. The proceedings were a simple Tory conspiracy to keep Mr. Campbell out of his seat until the close of the session. Mr. Edwards, who was elected a week later than Mr. Campbell, was allowed to take his seat on Monday. It is understood Sheriff Mercer, returning officer for Kent, positively refused to give Mr. Campbell his certificate before the latter left for the Capital, although the sheriff had received the statement of Judge Bell, who held the recount. The treatment Mr. Campbell has received is contemptible and disgraceful, and unless Sheriff Mercer can explain satisfactorily his remarkable conduct he deserves to be severely censured. The Tories of Kent will probably find, too, that their scheme to keep Mr. Campbell out of his seat until prorogation will not be successful.

The impression to-night is that prorogation will not take place until Tuesday next. The Government hope that the Commons will get through on Saturday, that the Senate will complete their business on Monday, and that in this order the finish will come the following day. But the Commons will probably take the view that if prorogation is to be delayed until Tuesday they may as well work until His Excellency can pronounce his official dismissal. Besides, the Liberals feel that their duty to the country demands that they shall not allow all sorts of jobs and wasteful appropriations to be pushed through at the tail end of the session just because they are anxious to get home. This is not the worst of it. When the Liberals allow objectionable bills to be pushed through without proper criticism in order to hasten prorogation and to accommodate the Government, it is a common practice next session for Ministers to hold the Opposition responsible and to argue that the items were passed with their assent.

To-day, in the Senate, Mr. McInnes of British Columbia will move to deprive civil servants of the right to vote. He will also move to discourage the importation of pauper children and that the Government should adopt such a policy as will not only be the means of retaining our present population, but of inducing those who have gone to the United States to return to Canada.

There is much comment heard on Lansdowne's outspoken condemnation last night of Dalton McCarthy's scheme for Commercial Union with England and the Empire. It is thought that coming from a British statesman of the highest standing it is the hardest blow the project could have received.

LAID AT REST.

The Remains of the Archbishop Buried by the Side of the Cathedral.

TORONTO, May 17.—The body of Right Rev. Dr. Lynch was committed to earth yesterday afternoon at 1.30 o'clock with all the pomp and ceremony practised by the Roman Catholic Church on such occasions. The ceremonies accompanying the interment of the remains of the dead prelate were most impressive in character, and were listened to by fully 4000 people.

The services consisted of Pontifical High Mass de Requiem, Cardinal Taschereau acting as celebrant, Very Rev. Father Rooney as assistant priest, and Archdeacon Cassidy and Deacon O'Connor as deacons of the mass.

Bishop Ryan of Buffalo ascended the pulpit to deliver the funeral panegyric immediately at the close of the mass. He possesses all the attributes of a finished orator, but his voice unfortunately lacked sufficient strength to enable his words to be heard at the further end of the great building. He paid an eloquent tribute to his friend and brother, the late Archbishop. During the sermon the rev. prelate was much affected, and at times was well-nigh overpowered with emotion. He took for his text the Apocalypse, xiv. :

13. And I heard a voice from heaven saying to me: Write: Blessed are the dead who die in the Lord. From henceforth now, saith the Spirit, that they may rest from their labors, for their works follow them.

At the conclusion of the sermon the last and most solemn ceremony of the obsequies took place. It was the giving or conferring of the five absolutions on the body before it was consigned to the grave. This closed the ceremonies within the building, the funeral procession forming while the undertaker and his assistants prepared the body for final sepulture.

The place of sepulture was on the north side of the cathedral wall, exactly on a line with the high altar and close to the wall. His Eminence sprinkled the casket with holy water, Rev. Dr. O'Reilly, the only relative (a grand nephew) the dead prelate had on this side of the Atlantic, cast a few handfuls of earth on the lid, and the funeral obsequies were brought to a close. The tomb will be bricked in and covered with three weighty stone flags.

Killed the Arbitrator.

SAN FRANCISCO, May 16.—The New Zealand Herald of April 10 contains an account of the murder of the American Consul at New Britain. The natives had been fighting and they asked the Consul to arbitrate. He attempted to do so, when he was attacked by one party and had a narrow escape, retreating through the bush. The natives kept after him and finally killed him. He is said to have been a new man to the place.

Thomas O'Hara, the companion of Lillie Davey, the girl who was masquerading around here in male attire, was committed for trial on a charge of burglary.

Sawdust in the Ottawa.

OTTAWA, May 16.—Before the Sawdust Committee in the Senate to-day the evidence was closed. A Keewatin mill owner said sawdust did not injure a river channel. Insurance men testified that the erection of kilns to burn sawdust would increase the rates on insurance. Capt. Bowie, of the steamer Empress said that if the deposits of sawdust in the Ottawa went on for ten or fifteen years longer there would be no river left. He had seen difficulty in steamers getting to wharf through sawdust. Mr. Christie said the mill owners denied that the channel was being permanently filled up. He tendered evidence on this point, but the committee decided to close and report to the House.

FELL SHORT OF THE MARK

LORD RANDOLPH CHURCHILL FAILS IN HIS SCHEME.

General Wolseley Persists in His Statements—England's Work Cut Out—The Commons Will Provide Supplies.

LONDON, May 17.—The scare about defenceless London has subsided. No serious alarm could long exist after an order to the City of London volunteers, announcing that England was in danger, putting the train bands on guard. Lord Randolph Churchill, who unwisely chose this moment to widen the breach between himself and the Ministry, strove hard to persuade Lord Wolseley to assume a belligerent attitude toward the Government, but Lord Wolseley would not. He has met Lord Salisbury's attack with discretion, tact and good temper.

Peers and peeresses rushed down to the House of Lords yesterday, expecting to hear their only general make a warlike speech, attack Lord Salisbury, attack the Duke of Cambridge, and attack Mr. Stanhope. Rumor said that somebody would have to resign before all was over. Nothing of all this happened, however. Lord Wolseley maintains the accuracy of what he said about the condition of the army, protests that his comments on party action had no reference to the present ministry, did not resign, but left himself in Lord Salisbury's hands. The Prime Minister could not do less than decline to avail himself of this. To lose General Lord Wolseley would be, he said, the greatest possible blow to the military administration. The Duke of Cambridge, too, was friendly. The well-known differences between him and Lord Wolseley were not of a kind to be discussed publicly. As for the defenceless condition of London, it is true, said Lord Wolseley, London could not hold out against an army of 100,000 men. But there is no cause for panic. No invasion is likely. There is time enough to do all that needs to be done to protect the English capital.

Lord Wolseley, however, gets roughly handled in the press. The Tories resent his attitude towards the Tory Government. The Liberals have never forgiven him his revelations about the Soudan campaign, especially his blunt declaration that delay in sending an expedition was the cause of Gordon's death. He is without any very zealous champion in print. But Wolseley has the public on his side.

England's Work Cut Out.

LONDON, May 17.—The Daily Telegram, commenting on the agitation regarding England's military condition, says the net result is that the public now knows what it is necessary to do. The Government will have to provide 10,000 extra men, get magazine rifles and field guns manufactured either here or in America, or wherever the work can be quickly done, provide horses for the cavalry and barracks for the troops, drill and equip 100,000 volunteers, and attend to the coast defences. The main point to be decided is, who shall carry out this program? Lord Salisbury and Mr. Smith are already overworked, and the public has hardly sufficient confidence in Mr. Stanhope's capacity for such a vast task.

Millions for Defence.

LONDON, May 16.—In the House of Commons last night, W. H. Smith asked power to issue consols for £2,600,000 for works of defence at ports and coaling stations. Of this amount £1,500,000 would be expended at Malta, Gibraltar and other military stations.

Mr. Stanhope announced that the Government would undertake a full inquiry into recent statements under the personal direction of the Premier. For the defence of ports and coaling stations works were already in progress and guns had been ordered and measures had been taken to provide coaling stations with barracks and garrisons.

Sir Henry Havelock Allan insisted on the necessity of largely strengthening naval and military defences.

Lieut.-General Sir Edward Hawley said he was satisfied with Stanhope's statements, but hoped they only embraced an instalment of what he intended to do.

Jersey Justice.

TRENTON, N.J., May 16.—*In the suit of* the widow of the late George Hutchins to invalidate the will of her husband, leaving the entire estate for the advancement of Henry George's views in regard to the common rights of property and the equal distribution of labor and wealth, Vice-Chancellor Bird decided yesterday that the court could not sanction the spread of such principles in plain opposition to the existing laws, and therefore declared the bequest null and void.

China Protests.

LONDON, May 17.—The Chinese Ambassador has handed to the English Government a note protesting against the action of the Australian colonies in preventing the landing of Chinese immigrants, and asking an enquiry into how far such action is compatible with the growth of friendly relations between Great Britain and China.

Australia and the Chinese.

SYDNEY, N.S.W., May 17.—The steamer Guthrie arrived yesterday with 160 Chinese immigrants. They attempted to land, but were prevented by the police. The Colonial Government has resolved to prevent the landing of Chinese immigrants not provided with naturalization papers.

THE PEOPLE'S TAX BILLS.

The Hamilton *Times* showed the other day how the N. P. Customs tax of $12 a ton on cast iron sewer pipe increased the municipal taxes of the people of Kingston. Another illustration of the same idea can be found, the *Times* adds, right here in Hamilton, in the case of glazed sewer pipe, of which there is a manufactory in that city. Our Council advertised for tenders, and these two were among those received:

From the Buffalo Sewer Pipe Company, f. o. b. here:

9 in., 15c. per ft.	Curves,	$0 60.	Junctions,	$0.70
12 in., 20c. per ft.	"	1.00.	"	1.20
15 in., 25c. per ft.	"	1.35.	"	1.65
18 in., 50c. per ft.	"	2.00.	"	2.25

Campbell Sewer Pipe Co., Hamilton:

9 in., 33c per ft.	Curves,	$1 01	Junctions,	$1 25
12 in., 35c per ft.	"	1 47	"	1 40
15 in., 50c per ft.	"	2 63	"	2 25
18 in., 70c per ft.	"	3 30	"	2 80

The Buffalo tender, as we understand it, is for freight paid, but duty unpaid. Anyone can take these figures and estimate the extra cost of a mile of pipe sewer above what the same would cost if the duty were taken off. In actual practice, Mr. New and Mr. Carpenter are getting rich by taxing their fellow citizens. John A. Macdonald enables them to do it. Can there be any doubt, in view of such illustrations as these, that the prevalent system of indirect taxation increases the people's direct taxes?

COUNCIL MEETING.

The regular meeting of the village council was held in the council chamber on Monday evening, May 14th.

Present—W. H. Casement, Reeve, in the chair; Councillors Henderson, Nelson, Hall and Moore.

Minutes of last meeting read and confirmed.

A communication from Messrs. Ranney & Ludgate, in reference to the village map, was received, and on motion referred to the Street and Sidewalk Committee.

A petition, signed by all the business men of the village except two, requesting the council to close the shops at 7 p.m., was received, also a petition from the other two, wishing the council to set the hour at 8.30 p.m.

Messrs. Galvin, Wright and Eden addressed the council in regard to going on with the work at the wharf on Water street where it was.

Moved by Coun. Henderson, seconded by Coun. Moore, that the communication be received and referred to the Road and Sidewalk Committee.—Carried.

The Road and Sidewalk Committee presented their report as follows:

1. That we have awarded the contract of compiling a map of the village and establishing certain streets to Messrs. Ranney & Ludgate, Peterborough, for the sum of $250.

2. We would suggest the advisability of, by some means, lighting the streets in the dark nights, which we consider would be a great boon to the villagers; we would offer the suggestion of lamps being employed the same as used by the Presbyterian church. We consider six such lamps would be sufficient placed at the most advantageous points on the main street; the cost complete would be about $38.50.

3. We would draw attention to the large amount of stone and number of stumps which have been deposited on Oxford and Bishop streets by Messrs. Trotter, Charlton, Jackman and Bird, and would suggest that the council instruct the clerk to notify them to have all stone and stumps removed by the 5th June, 1888.

4. We desire to draw the attention of the council to the fact that the corporation have not a deed of the road leading into the station.

5. Your committee recommend that the council take no action in connection with the Buckley Lake road, as the Douro council have not done anything to the said highway.

6. Your committee think it would be advisable to open Albert street to Concession street, Bishop street to Water street, and close Oxford between Concession and Rabbit streets.

7. The amount of money required for street purposes in 1888 is $769 distributed as per schedule.

8. We also draw attention to a fence on William and Clementi streets, which is about 8 to 10 feet on the line of road, and would suggest that the clerk notify the party owning said fence to have it put in proper position.

9. We think it would be advisable to appoint a constable for the summer months to look after the "corner loafers" which are a disgrace to our village and to themselves also.

All of which is respectfully submitted.

S. HENDERSON,
Chairman.

Report adopted.

The finance Committee presented the following report:—

GENTLEMEN,—Your Finance Committee having carefully taken into consideration the letter, April 9th, from Messrs. Booth & Co., submitted to them by the council, beg leave to make the following report:—

That as per said letter Messrs. R. and G. Strickland have now withdrawn their offer of the new woolen mill property as security for the loan of $6000, we find we have nothing to report, as we consider the whole affair stands just in the position as if nothing had ever been done in the matter.

JOHN HULL,
Chairman.

The report was received.

Moved by Coun. Henderson, seconded by Coun. Nelson, that the Reeve have the power to issue his order to pay the corporation employees on the bills of said men being approved by the Road and Sidewalk Committee at the end of each week.—Carried.

By-laws, to borrow money for current expenditures, to enforce the early closing act of 1888, to appoint a member of the Lakefield Board of Health in place of R. C. Strickland resigned, and to appoint a village constable for the summer months, received their several readings and were passed.

A GOOD MOVE.

As will be seen by the report of the village council, they have appointed a constable (*Mr. Geo. Mollmoyle*) to look after the streets during the summer months. It has been done none too soon, as the conduct of a number of young men, from town and Smith, on Sunday evenings has been disgraceful. Names were obtained last Sunday evening, and no mercy will be shown if they are caught in any breach of the village by-laws in future.

HAYFORKS AND SEED WHEAT.

The Farmers' Frauds Committee Finishes Taking Evidence for the Session.

OTTAWA, May 16.—Evidence was resumed before the "Hayfork" Committee to-day. Lewis Lapierre of Paris gave a note for $800 to the Ontario Grain and Seed Wheat Company, of which Hewitt of London was President, for 20 bushels of grain, taking the company's bond that they would purchase one-third of the product of the seed wheat in the fall. He afterwards became President of the company, and had never been asked for payment of the note. He resigned from the presidency on April 30. The capital stock was $25,000. Hewitt told him they had $1600 deposited in the Bank of London. The majority of the committee believed the witness had been duped.

Mr. Dunstan of Britannia said the same company, represented by Perry and Sherwood, sold him 20 bushels of seed wheat for $15 a bushel, which he sowed and afterwards sold for $1 a bushel. They induced him to go into the scheme by showing him a large-sized Government charter. He did not know it was bogus. Four of his near neighbors were nipped in the same way. He found out the whole thing was a swindle by the fact that Perry and Sherwood skipped out. He offered Roaf of Toronto, who got his note, $100 for it, but Roaf refused. The note was still out.

The committee decided that clear proof of swindling in hay forks, seed wheat and lightning rods had been shown, and they did not need further evidence on the matters. They will report to the House briefly and sit again next session.

QUEBEC LEGISLATURE.

Premier Mercier Declares for the Dominion's Complete Autonomy.

QUEBEC, May 16.—The address in reply to the Speech from the Throne was moved in the Assembly this afternoon by Mr. Rochon, M.P. for Ottawa County, and seconded by Mr. Legris of Maskinonge.

Mr. Taillon made an elaborate criticism of the Government policy, showing the public the weak spots. He was particularly severe regarding the bungling loan which cost the province thousands of dollars.

Premier Mercier in reply defended his policy and took occasion to denounce the Imperial Federation movement. Not a single French Canadian could be found to support it, and its only advocates were a few Englishmen who desired to bind Canada to Britain. He declared straight for the independence of Canada, and hoped that the day would come when we would be free of English control; yet, at the same time, he advised the transfer of the veto power to Downing-street.

The address was adopted, without a division.

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease terms without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing mateial is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

FAME VERSUS BUSINESS!

Let the World Be the Judge

The People of the County, our Court!

Satisfied Customers, our Witnesses!

We Plead our Case, and Carry off a VERDICT!

In re. GOUGH BROS. et al.

THE COURT.—The bar will observe that the case is now open. You have heard the indictment read. It is clear and explicit. What say you, Gough Bros., why sentence of the Court should not be prunounced upon you.

GOUGH BROS.—May it please your Lordship: To the serious charge that we have revolutionized the clothing trade in Peterborough we plead guilty. The facts are so apparent that denial were useless. But, may we ask the Court to consider extenuating circumstances of great weight. We have established a business by the peope, for the people and of the people. We have placed within the reach of all clothing of any grade, at prices that shatter Monopolies, and Paralyze High Prices. When the Court remembers that we have taken a $2.50 boy and clothed him in a 65c. Suit of Clothes, the Court will appreciate our enterprise. When the working man who wants Clothing can walk up to the trough and help himself to a suit at $2.50, there is something in life worth living for. When a pair of Pants that are a thing of beauty and joy forever, can be carried from our counters for the small sum of 25c. the Court will realize that our politicans are not all of our sincerest benefactors.

Should the Court, for example, so direct, we will fit out our learned friend on the other side with one of our Special Made Suits, and his immediate relatives will testify that the garments are better than most custom work; are cut from Stylish Patterns, made up by artists who consider Beauty and Finish and Good Work as a first requisite.

We ask the Court's inspection of a special line of 500 suits for Men and Youths. These are gems of purest rays serene, so Good, so Stylish, so Cheap that stealing will become, in truth a struggling industry. Then we have secured a niche in the temple of fame by large sales of our best classes All Wool, French Worsted and English and Scotch Tweeds, fit for the wear of a prince, pontiff or politician. This, your Lordship, is our plea.

THE COURT.—Gough Bros., You have ably stated your case. You are excellent counsel. The ruling of the Court is that you are honorably discharged and that the Court adjourn sine die.

SPECIAL LINES.—Boy's Coats 19c. each; Boy's Suits 69c., $1.10 each and up. Parents. Gough Bros., will save you 50 per cent. on Children's Clothing. Men's Working Suits at $2.50, worth $5.50, Sunday Pants $1.25, worth $2.50.

The Defeat of Friar's Balsam.

LONDON, May 4.—"Oh, what a surprise!" Such was the burden of everybody's song on Wednesday afternoon at about two minutes after 3 o'clock, when half way up the Rowley Hill they observed Tom Cannon's hosts vigorously at work upon the sides of Friar's Balsam, who just previously had started one of the hottest favorites upon record for the Two Thousand Guineas. The spectators were for the moment dumbounded, and plungers on the crack received an aggravated repetition of the fright which was caused over the same ground three years ago when Paradox, upon whom odds were laid, only secured the verdict by the skin of his teeth from Grafton, then known as the colt by Kisber out of Chopette. A more sorry exhibition by a hot favorite was never seen, and it is poor consolation to reflect that its very badness was its best excuse, for to suppose that it was true form would be too utterly absurd.

Nor is difficult to assign a cause for his mean display, inasmuch as the poor brute was suffering from an abscess on his jaw. Although it was hoped that this disorder would not materially affect him, as a matter of fact he was attempting an impossible task. While at the post a large quantity of blood and matter was discharged from the wound, and under the circumstances it is marvelous how the horse could bear the bit in his mouth at all. After the race for the Guineas the advice of Mr. Harrow was sought, and that eminent practitioner, having lanced the abscess, gave it as his opinion that he would soon be all right again.

On English Turf.

LONDON, May 16.—The Newmarket second spring meeting opened yesterday. The race for the Payne Stakes, for three-year-olds, colts 128 lbs., fillies 119 lbs., across the flat, one mile and a quarter, was won by the Duke of St. Alban's bay colt Galore, by three lengths; Mr. Leopold de Rothschild's chestnut colt Patchouli came in second, a neck before Mr. J. A. Craven's bay colt Scene Shifter, third. There were six starters.

The betting was 2 to 1 on Galore, 14 to 1 against Patchouli and 25 to 1 against Scene Shifter.

The race for the Dyke Plate, for 3-year-olds, colts 128 lbs., fillies 116 lbs., the Ditch mile, was won by Lord Durham's chestnut filly Quilsyan by five lengths, with Mr. E. Wardour's bay colt Present Aims second and Mr. J. H. Houldsworth's chestnut filly a bad third. The starters numbered seven.

The betting was 10 to 1 against Quilsyan, 6 to 2 on Present Aims and 10 to 1 against Ixia.

THE SPRING DIET.

In the Spring a young man's fancies may "lightly turn to thoughts of love," but the fancies of older people more commonly turn to what they shall or can eat.

The "Spring appetite" is flagging and fickle. The keen relish of the sharp winter weather is dulled or gone. It is Nature's hint for a change in the quality and a let-up in the quantity of food consumed.

The golden rule of living is to adapt the diet to the season and to the needs of the system. For this reason

The Daily Examiner.

THURSDAY, MAY 17, 1888.

The Weather.

Moderate winds; fine weather; higher temperature.

A Huge Land Slide.

The cold weather is accounted for. A local scientific theorist advances the idea that there has been a gigantic landslide in the neighborhood of the North Pole, dropping the arctic circle several degrees and producing the present cold weather. This fact makes people think of the immense stock of superb tweeds and cloths to be found at the golden lion. All imported goods, awaiting orders to be made into stylish suits. The best goods at the most reasonable prices.

The Result of Thoughtlessness.

The firemen are annoyed over an occurrence that interfered with their work last night. It seems that the circuit of the private fire alarm service leading to the firemen's residences had been broken by the man who has been stringing wires for the C. P. R. call system. He crossed the wires in front of the Mechanics' Institute building and very thoughtlessly tied an end to the gas post and the circuit was grounded. Had it been tied to some wooden object the circuit would not have been disturbed. As a result, less than half of the brigade were called out, the balance never hearing of the fire till they got up in the morning. According to the brigade rules each man not present at a fire is subject to a fine of $1.50.

College Debates.

On Friday, 11th of May, a debate took place at the Peterborough Business College, the subject being fire and water, to prove which was the most destructive. Those who were selected to settle the debate were as follows:—Messrs. A. R. Cook and C. Connors for the negative, and Messrs. J. K. Hunter and J. Marshall for the affirmative. After a few strong arguments were placed, the Chairman adjudged that water was the most destructive and gave it in favor of the affirmative. Every Friday evening a concert is held in the college. After a few very interesting readings by the students, the Glee Club then entertains the company with a few glees.—COM.

All Aboard.

"Hallo George! Did you hear the good news?"

"No, Joe; what is it?"

"Why, Canton No. 10, Peterborough, I.O.O.F., are going to have a grand excursion to Toronto."

"Is that so? When is it going to be, Joe?"

"Early in June. And I hear they are going to give every one a chance to go by making the fare very cheap. And they say the tickets will be good for two days. I guess we will both have to take it in, and let all our friends know about it. Them Canton men are the ones to get up an excursion, and this you bet will be a daisy; let's watch the daily papers they will tell us all about it in good time. Good-day Geo."

"Ta, Ta, Joe."

Both are happy now. 2d

The Post Office Pavement Scandal.

People who know assert that there is something more than appears on the surface in connection with the granolithic pavement being laid around the new post office. Whatever doubt there may be of the truthfulness of this statement, it is a solid fact that gough bros., the wonderful cheap men, have struck a magnificent bonanza in clothing as implied in the purchase of a wholesale stock of clothing at 52½c. on the dollar. This purchase has a double meaning. First it means that the shelves of the wonderful cheap store now hold twelve hundred suits of men's, youths' and boys' clothing, superior goods made for the regular trade, but through business reverses of a wholesale house bought at half their original cost. Second, it means that these goods will be liberally slaughtered to the public. They will be offered. They will be sold at prices which will shrivel the spine of the high priced clothiers and meet the condition of the emptiest pocket. Just fancy—no, not fancy—just realize the fact that men's suits costing $4.78 wholesale are sold at $2.50, suits costing $7.25 wholesale sold at $5. Try to realize the great fact that there are 633 suits costing wholesale $11.50, offered for sale at $9. Where in the world of trade, outside of gough bros.' store, can such marvellous bargains be secured? The same stupendous bargains are offered in boys' clothing — complete, nobbily-made suits ranging from 58 cents to $2.50. No better value on the face of the earth. Who will go shabby or seedy when at the store of gough bros. one dollar has the purchasing power of two or three elsewhere. Then don't delay, but join the gladsome procession to the store of gough bros, the wonderful cheap men, the twin philanthropists of the people. 1d.

At a meeting of the Y.M.C.A. Lacrosse Club last night a uniform was chosen consisting of blue cap, black and red guernsey, and blue knickerbockers. The challenge of the Ætnas to a match on the 24th was not accepted, but it was decided to forward them another challenge for a more convenient date.

3,000 boys and girls in Peterborough have voted that The Pantry is a grand institution for supplying their wants.

Bridge Building.

Work is being pushed on the iron bridge at Allandale by the men in the employment of the Central Iron Works. The bridge will be erected by next week, and in the meantime operations have been considerably curtailed at the works here. The Narrows bridge at Orillia has been completed, and today a couple of car-loads of iron were shipped for the Warsaw bridge.

A Chance for Builders.

The site of the burned house on the corner of Brock and Water streets is a splendid building ground for a handsome brick block, and it is to be hoped that one will soon be built that will enhance the beauty of the neighborhood of the Court House park. Mr. Craig does not know yet what he will do. The lot is part of the St. John's church property, and is leased by him.

The Gaol Inspected.

Mr. James T. Mann, of the Provincial Secretary's office, Toronto, and Inspector of Gaols and Prisons, arrived in town this morning from Ottawa, where he has been on official business. This forenoon, with Governor Nesbitt, he made a thorough inspection of the county gaol and, as heretofore, found everything in the most satisfactory condition. He is stopping at the Oriental hotel.

The Troublesome Tramp.

Scott, the journeyman Guelph moulder, who struck town in "hard look" and sought shelter at the police station, has the "bulge" on P. C. Adams. Though it could not be proven in court this morning, there is no doubt that the pipe was stolen from the officer. But Scott pocketted the article when dismissed and walked away with it. This incident calls attention to the fact that the policemen have no closet nor any place where their clothes or other goods can be safely stowed away and placed beyond the reach of the long fingers of the many tramps and questionable characters who frequent the police station. Not long ago P. C. Adams had an overcoat stolen by one of these chaps.

Destroyed by Fire.

Another old building that should have been demolished years ago was burned early this morning. On the corner of Brock and Water streets is an old rough-cast double tenement house occupied by two widow ladies and their families, Mrs. Brown and Mrs. Duval, in the rear of and attached to which is the bake-shop of the proprietor, Mr. J. Craig. About half-past one o'clock this morning fire was observed in Mrs. Brown's apartments. The alarm was rung and in a few minutes the firemen were on hand and had three streams of water playing on the building, which was sheeted in flames. The building itself was destroyed, but the fire was prevented from spreading to the house and sheds behind it on Brock street. Most of the contents of the burned dwelling were saved. The building was owned by Mr. J. C. Craig, confectioner, and carried an insurance of $1,300 in the Western. About six o'clock the high wind fanned the smouldering embers into flames and the brigade was again called out to extinguish the blaze. It is not just known how the fire originated.

Exhibit of Carriage Work.

A business establishment, whose products are of the highest merit, is not afraid to submit them to public inspection. Acting on this principle, Messrs. Porter Bros. will, on Saturday next, May 19th, and on Wednesday, May 24th, give a grand exhibition of their superb summer stock at their warerooms, corner of Charlotte and Aylmer streets, Peterborough (opposite McBain's grain store house). This is a purely business exhibit—they rely on the quality of their goods selling the goods, and they feel convinced that they have only to allow full and free inspection to convince customers of the merits of their goods. The public are cordially invited to come and make the closest and most critical examination possible of the splendid array of carriage goods that will be on exhibition on the above dates. They will find the latest styles of buggies, phætons, carriages and waggons, all finished in an artistic manner, built of the most durable and thoroughly seasoned material and guaranteed to give the greatest satisfaction. The work of Porter Bros. has stood the test of years and the fullest inspection is invited at their spring exhibition on Saturday, May 19th and Wednesday May 23rd. Don't forget the dates nor the place—Porter Bros'. warerooms, corner Charlotte and Aylmer street, Peterborough. d2w1

The Process of Pavement Building.

The process of building a granolithic pavement is an interesting one, and the crowds who visit the post office every day are tempted to stop a few minutes and watch the proceedings. The work is in charge of Mr. P. McKechnie, of Montreal, from whom some information on the subject was gained. The pavement is made of a composition of ground granite and the finest Portland cement, smoothed and hardened by drying. First of all the ground is levelled and curb-stones placed around the outer edge. The ground is then sub-divided into sections six feet in length, separated by wooden scantlings rising to the level of the walk. These box apartments are filled in within a few inches of the top with a layer of concrete, on which is placed the composition. With a trowel the top is smoothed down till as nearly level as possible, a studded roller passed over the face to give it a checked appearance, and the rest left to the good offices of old Sol, whose warm rays dry the mixture and render it as hard as granite itself in about three days. Precautions must be taken to prevent any impressions on the soft, damp surface at first, and the men are kept busy scaring off dogs and small boys, who, of course, are bound to go just where they are not wanted. After the different sections, which are laid down one by one, become hardened the scantlings are taken up and the pits filled in with the composition. Mr. McKechnie expects to have the walk finished by next week. He is employed by Mr. Forsythe, of Montreal, who has a patent on the pavement for Canada, and, therefore, has the sole right to manufacture. It is a very expensive luxury, costing about $5 per lineal foot for a walk the width of the one at the post office. There are very few of them in Canada, outside the largest cities, but the granolithic pavement is said to be the most durable walk in existence. The new pavements ought to meet the requirements. The small boy at least will be able to appreciate the Government's liberality. In the new pavement he has a beautiful spot for playing marbles in all seasons.

Repairing a Leak.

Last evening at six o'clock the waterworks was shut down in order to allow repairs to be made to a leak in the mains on Water street. There was just the least delay in getting a water supply for the fire, but within three minutes of the first intimation the mains were full and a strong pressure on.

Military Promotion.

Lieut. W. H. Hill, of No. 3 company, 57th Batt., has been appointed to the captaincy of his company, a position which has been vacant for some time. The promotion is in every way a good one. Lieut. Hill was popular with his men, and as their captain will, no doubt, still further gain their esteem. He is a good officer and one thoroughly competent to give military instruction. Capt. Hill is to be congratulated on his appointment.

Will Surely Go.

The sale of Alexander's bankrupt stock still continues and must do so until the stock is cleared entirely out. The sales have been fully up to our expectations, and if good quality and low prices will sell dry goods, the whole stock will surely go. To sell off the balance of millinery trimmings, we have bought an assortment of *nice, new, fashionable* hats, which will be sold at very low prices.
3d116 W. W. JOHNSTON.

An Hotel Change.

Negotiations have been pending for a few days back for the purchase of the Stewart House from Mr. T. Cavanagh by Mr. Wm. Kennealey. This morning the bargain was closed. Mr. Kennealey takes over the lease and all the House fixtures, and will go into possession in about two weeks, by which time Mr. Cavanagh expects to be in his new hotel on Charlotte street. Mr. Kennealey is a popular Bonifface, well known about town, and in such a long established and favorable stand ought to do a big business, as doubtless he will.

Laid Away in the Grave.

The obsequies of the late Archbishop Lynch at Toronto on Wednesday were conducted with impressive ceremony. A telegraphic account appears in another column. The local clergy took a prominent part in the solemn observances. His Lordship Bishop Dowling performed the fourth absolution, and among the hundred and fifty ecclesiastics present were Rev. Fathers McEvay, Peterborough; Conway, Norwood; Quirk, Hastings, and others of this diocese. The deceased Archbiship Lynch conferred the red hat upon Cardinal Taschereau, the pallium upon Archbishop Fabre, and only a year ago consecrated Bishop Dowling, of Peterborough, the youngest bishop at the ceremony.

Watered Stock.

Mr. Tom Wilson, a member of the fire brigade, about half past three this morning had occasion to pass Messrs. Rush Bros.' store. Everything was quiet and, hearing a sound of dripping water in the store, he stopped to listen. It was evident to him that something was wrong, and after some further time the store was opened, when it was found that the floor was covered with a couple of inches of water that was coming down through the ceiling. The cause of it was this. After the waterworks supply was shut off last evening someone had turned the tap on in the room above and thoughtlessly left it open, and when the water was again turned on at the time of the fire it came rushing out of the tap and soaked through the floor into the store beneath. This morning the place presented a sorry appearance. The stock was badly damaged, the ceiling ruined and everything on the open floor drenched with water. Another direful consequence of thoughtlessness.

Mr. C. E Starr of Toronto, is in town visiting friends and renewing old associations.

Judge Weller is in Montreal attending a meeting of the Trent Valley Canal Commission.

It is currently reported that Bishop Cleary, of Kingston, will succeed the late Archbishop Lynch as Archbishop of Toronto.

Mr. James Stewart, accompanied by Mrs. W. G. Thompson, left last evening for the sanitarium at Danville, N.Y., for the benefit of the latter's health.

Mr. Arthur Turner, of Brockville, is in town for a few days He has not yet transferred his allegiance to his new home, and isn't likely to. He says George street here is a parlor compared with the main street of Brockville, it is so clean, tidy and uniform in appearance. That's what everyone says.

Police Court.

THURSDAY, May 17.

The two remanded tramps, Wm. Scott and John Sullivan, arrested a week ago on suspicion of burglary, were brought before the magistrate. Both avowed their honesty and to the charge of vagrancy stated they had merely stopped in town a day or two to look for work.

Scott was charged also with the larceny of P.C. Adam's pipe, but he swore positively he had had the pipe in question two months.

Both were dismissed and given an hour to leave the town.

Council Representative.

To the Editor of the Examiner:—

DEAR SIR,—I confess I shared the surprise of the public generally on learning of the resignation of Councillor McNeil, one of the representatives of No. 2 Ward. In view of Mr. McNeil's efficient services I regret that he has come to such a decision, in his resignation the ward loses the services of an industrious and energetic representative. But the experience of ages is that no gap can be made without there being a man competent to fill it. If Mr. McNeil persists in his determination, as, I am told, he will do, there is certain to be a new election, and as I have the interests of the town at heart I would beg to suggest the name of a gentleman in every way capable of filling the position. Mr. John McClelland, jeweller, has had considerable experience in municipal matters, and he has shown himself a straightforward, capable, economical, prudent councillor. He has excellent administrative ability and in all respects is, to my mind, as good a candidate as can be found in the ward and better than many who will tender their candidature. The choice of a councillor at the present time is an important matter. There are many improvements to be made in the town, and the council should be composed of prudent, careful and economical men who will not rush into ill considered expenditure, and involve the town in burdensome liabilities. What the town needs should be done as fast as practicable, but it needs men of sound judgment and economical instincts at the head of affairs to decide what the town needs and what its finances can stand. For No. 2 Ward I respectfully submit that Mr. McClelland would answer the requirements I have pointed out.

Yours etc.,

Literary Notes.

For juvenile publications of the highest order, both in typographical and literary merit and didactic value, the Boston firm of D. Lothrop & Co. are easily leaders. There is a freshness, piquancy and chic about their publications which irresistibly appeal to the youthful interest, make learning for the very youngest easy and lighten the labors of the home teacher, the mother.

BABYLAND for May is a spring sunbeam to the nursery, both text and illustration touching upon seasonable topics. Monthly; $1 per year. D. Lothrop & Co., Boston.

LITTLE MEN AND WOMEN introduces its readers to a game of leap frog and lead them through meadow and pasture and through the spring woods after May flowers. Monthly; $1.00 per year. D. Lothrop & Co., Boston.

THE MAY PANSY is a dainty bouquet of weekly parts tied up in monthly form, and in freshness and sweetness deserves its name. This, like all of the Lothrops' publications, is profusely and beautifully illustrated, with charming reading matter, which the young people can't help learning from. Boston; D. Lothrop & Co.; $1.00 per year.

BANKRUPT STOCK EMPORIUM,

No. 3 COX'S BLOCK, GEORGE STREET.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1 25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the 1st counter to the right.

Our first stock of Sailor Hats has been bought up rapidly which is sufficient evidence that they are the correct thing. Our second shipment, bought at a much lower price is now in. All sizes and styles to choose from. The prices will please you when you see the style and quality,

DOMINION PARLIAMENT.

THE GOVERNMENT DROPS THREE OF THEIR MEASURES.

The Bill Amending the Libel Law Adopted —Sir Richard Protests Against the Item for the Printing Bureau.

OTTAWA, May 18.—The House met at 1 o'clock. Mr. Adam Brown presented the report of the Committee on Frauds on Farmers, recommending the reappointment of the committee next session. The report continued that it might be possible for Parliament to enact some measure to remedy the existing law covering the practices shown up by the committee. They recommended the public to be on their guard as to the nature of the obligations entered into by them.

Mr. Brown, when asked to-day why the Ontario Pacific Railway had no subsidy, replied that no new line got a subsidy on Sir Charles Tupper's resolution.

Sir Charles Tupper moved that the provisions of the Civil Service Act and the Superannuation Act shall apply to the officers and clerks employed in the office of the High Commissioner of Canada in the United Kingdom under the authority of the Governor-in-Council. Sir Richard Cartwright suggested the possibility of the services of the clerks proposed to be put on the superannuation list being dispensed with, and, in that case, it would not be altogether advisable to adopt the proposal before the House. Hon. Peter Mitchell opposed the bill, and said that although there might have been some benefit derived from the office of High Commissioner, it was not altogether an unmixed benefit. He objected to the establishment in the country beyond the seas of a system of superannuation of officers whose services at any time might be dispensed with. Sir Charles Tupper defended the proposals, and contended that he had been able to save $20,000 out of the money voted by Parliament for the office of High Commissioner. Hon. Mr. Laurier pointed out the extraordinary character of the appointments enjoyed by the Finance Minister. Whilst filling the position of High Commissioner, he came to Canada and participated in the elections. Mr. Jones contended that the Finance Minister should either resign his position in London or the Government should at once proceed to make another appointment in the office here. Sir Charles Tupper said the peculiar circumstances of the case necessitated his retaining the two offices, but if his friends on the other side only had patience their curiosity as to the future arrangement of the two offices would be gratified. The resolution was adopted and a bill based on it was introduced.

Mr. Thompson moved the second reading of the bill to amend the Criminal Procedure Act in relation to the law of libel. Sir Richard Cartwright said he presumed the misfortune of the editor of The Empire had not disinclined the Government to make this very necessary reform.

Mr. Thompson, replying to Mr. Laurier, said that the reason a newspaper publisher could now be tried outside of his own province was that, technically speaking, his newspaper was published wherever copies of it were circulated. The bill would provide that the trial should take place in the province where the office of publication was, and then the ordinary law of criminal procedure would apply and still further restrict the bounds within which the trial must take place. Sir Richard said the Minister was moving in the right direction, and he would like to see him go a step further and make it impossible for an editor to be put into jail for commenting on a concluded trial. The bill was passed through all its stages.

In Committee of Supply, on the item $75,000 for the Government Printing Bureau, Sir Richard protested against the expenditure of half a million now being carried out upon this experiment. Mr. McMullen drew attention to the excessive expenditure for the maintenance of Rideau Hall. He thought that a certain amount should be granted, and the expenditure should not exceed that. Sir Hector Langevin said that as long as the present building stood the expenditure must go on. Sir Richard Cartwright spoke very strongly about the unhealthy state of the Commons Chamber. Sir Hector said that a new chamber might possibly be built in the western block. Sir Richard's remarks were greeted with applause from both sides.

Millionaire Snell's Murder.

CHICAGO, May 18.—There are important developments in the Snell murder case, and in a short time the public will be enlightened and all the mystery surrounding the crime cleared away. Tascott is found—that is to say, he has never been lost. The least adroit of the three or four who participated in the crime, he was quickly apprehended and promptly sequestered for the good of the cause, it being shouted from the housetops meanwhile that he was the man and the only man wanted. This was the scheme put into operation by Capt. Bonfield and Mr. Stone for the purpose of relieving the accomplices of anxiety on their own account. "Young Tascott was no good on earth," said the paper's informant, "and deserves to be punished on general principles, but he did not fire the shots that killed Snell. He was a mere boy, and is valuable to the officers more for what he knows than for what he did. The police know where the murderer is, and have known it all along. There is much larger game to be bagged. Tascott is a catspaw."

Pulled Out of the Bay.

TORONTO, May 18.—The body of Joseph Graham was pulled from the Bay yesterday. Graham, who was a native of Port Perry, had been a student at the Ontario Veterinary College, and graduated in March. On April 16 he bade good-bye to his friends, saying he was going to Battle Creek, Mich., and that was the last seen of him. Coroner Johnson last evening held an inquest on the body at the Morgue, when Dr. Spencer, who had made a post mortem examination, proved that death was caused by drowning, and that there was no marks of violence on the body. The inquest was adjourned until Monday next at 8 p.m. Meanwhile the body will be handed over to deceased's father. Deceased was married and the father of three children.

Fatal Powder Explosion.

LAMBERTVILLE, N.J., May 18.—A powder explosion occurred at Stockton, a few miles north of this place, yesterday. Three men were killed outright. Many others were injured. The shock was tremendous. There were 135 kegs of powder and 200 pounds of dynamite in the quarries at the time, and all exploded with a frightful concussion. The ground after the explosion looked as though the building had been run through a hopper and sprinkled over the surrounding territory. Great damage was done to property in the neighborhood.

Enormous Losses.

QUINCY, Ill., May 18.—The Mississippi River rose nine inches yesterday, and is higher than ever before known except during the great flood of 1851. Rail communication with the west is entirely cut off, the tracks of all roads on the Missouri side of the river being flooded. Bridges and tracks are held down by trains of flat cars loaded with railroad iron. Nearly every levee in this section is now broken, and the loss to farming interests will be enormous. Thus far no loss of life has been reported.

Presbyterians in Council.

PHILADELPHIA, May 18.—The centennial meeting of the Presbyterian General Assembly, the supreme ecclesiastical court of the Presbyterian Church in the United States, began in Horticultural Hall yesterday. There are over 500 delegates or commissioners in attendance, representing every state and territory in the United States.

THE MILLS TARIFF BILL.

"SUNSET" COX TURNS HIS BATTERIES ON BUTTERWORTH.

He Advocates the Adoption of the Bill—Butterworth Wants the American System Extended to Canada.

WASHINGTON, May 18.—Hon. S. S. Cox (N.Y.) spoke on the tariff in advocacy of the Mills Tariff Reduction Bill in the House of Representatives yesterday. He paid his compliments to the various speakers who had spoken in opposition to the measure, and referred to the recent speech of Mr. Butterworth. Mr. Cox quoted that gentleman as saying that he cared more about the shepherd than the sheep, and then remarked that if the protectionist shepherd of the House (Mr. Kelley, Pa.) had kept his eye on his sheep he would not have found the gentleman from Ohio wandering into the wilds of Canada praying for Reciprocity. [Laughter.] The gentleman believed not only in Reciprocity between the States of the Union but between the United States and Canada, and when the gentleman went to Canada and took the toboggan slide from Free Trade he (Cox) stood by and hurrahed for him. [Laughter.]

Mr. Butterworth (Ohio) replied that if the gentleman read his speeches he would observe that he said that the protective system dealt with conditions and not with boundary lines—with the philosophy of economic policy and not with geographical lines.

Mr. Cox responded that if Reciprocity was good with Canada it was good with Central America.

Mr. Butterworth admitted that this was true if the conditions were the same. It was against the influences of conditions that destroyed that he protested, not against localities.

"I catch your idea," replied Mr. Cox, "though it was a little remote."

Mr. Butterworth: "In 1848 a measure for complete reciprocity passed the House without a dissenting voce, the understanding being that it in no way trenched upon protection. I want to extend our system around Canada, it adopting the same tariff system that we do."

Mr. Cox: "Now I give you my hand on that. I welcome you within the bosom of the good old, not free trade, but protection party." [Applause and laughter.]

Cattlemen and Combines.

MONTREAL, May 18.—The cattle exporters have been taking legal advice in reference to the combination entered into between the Allan, Dominion and Beaver Steamship Companies to coerce them to accept insurance certificates issued by the Montreal and Export Lloyds on terms named by the companies, and are informed that the combination is illegal, that the companies are criminally liable and could be indicted before the Grand Jury. Whether this will be carried out or not it is difficult to say. Many of the cattle exporters favor it, but they are not supported by the marine underwriters, who are affected by the combine and who refuse to countenance any criminal proceedings.

The general expression here is that the cattle men will not institute criminal action, but will be content with diverting the trade away from the three lines in question. A western cattle man who is in the city today spoke feelingly on the subject, and said if all the trade were of the same views as to the legality of the combine, it would be tested before the Queen's Bench next term.

The Lancashire Witch Arrives.

NEW YORK, May 18.—The British steam yacht Lancashire Witch came into port yesterday. She sailed from Falmouth, England, on Jan. 4, in command of her owner, Mr. F. L. James, with Mr. W. D. James, brother of the owner; the Earl of Scarborough, the Hon. W. Ponsonby, and Mr. J. Bailey as guests for a pleasure trip. After calling at Madeira and the Canary Islands, and touching along the west coast of Africa, she crossed over to the West Indies, visiting Barbadoes, Trinidad, Aspinwall, Havana, and other ports, and called at Charleston on the way. The yacht is of wood, barkentine rigged, and 479 tons register, and belongs to the Royal Yacht Squadron and other yacht clubs. Her crew numbers twenty-seven officers and men.

Prairie Province Politics.

WINNIPEG, May 18.—The Opposition attacked the Government yesterday afternoon on the floating of bonds and summary dismissal of civil servants without recompense. Both motions were defeated.

A notice of motion was given that as it was rumored that the Canadian Pacific Railway was endeavoring to burke the completion of the Red River Valley Railway, its construction be proceeded with at once.

A Conservative deputation to-day asked Lieut.-Governor Aikins to become their candidate for South Winnipeg.

A Blaze Up North.

COLLINGWOOD, May 18.—The pumping and engine house property of the Collingwood Dry Dock and Ship Yard Companies, situated at the dry dock, was totally destroyed by fire yesterday. Loss about $1500; insured for $900.

A French-Canadian's Longevity.

TROY, N.Y., May 18. Jocka Martin, a Frenchman, born in Canada, died at Keesville on Tuesday night of old age, being 102 years old.

NEW YORK REPUBLICANS.

The Delegates to Chicago Uninstructed for any Presidential Candidate.

BUFFALO, N.Y., May 18.—The Republican State Convention has elected Senator Frank Hiscock, ex-Senator Warner Miller, Chauncey M. Depew and ex-Senator Thos. C. Platt as delegates-at-large to the Republican National Convention. These delegates go to Chicago uninstructed for any candidate for the Presidency. The only platform adopted was a short resolution denouncing the Mills Free Trade Bill and pledging the support of the Republicans of New York to the candidate for President nominated by the National Republican Convention.

Instructed for Blaine.

NASHVILLE, Tenn., May 18.—The Republican State Convention elected delegates-at-large to the National Convention, who are all instructed for Blaine.

The Emigration Question.

LONDON, May 18.—The papers to-day contain a good deal of comment on the emigration question in connection with the complaints from Canada and the protest from Australia against Chinese arrivals.

The Standard views the matter sympathetically from a Colonial standpoint, and urges that no country is bound to receive thousands of destitute immigrants who would simply add to its burden of pauperism.

The Daily News admits that we ought to keep our helpless people at home, not only in justice to other countries but as a healthy discipline for ourselves.

The Radical Star says Canada's resentment in regard to destitute emigrants gives a nasty blow to the quacks who advertise emigration as a remedy for every social difficulty.

The Self-help Emigration Society, who sent most of the emigration to Canada this season, declare they only sent those who proved suitable and court the fullest enquiry. They received a cable demand from Ontario for more farm laborers, but, though there were many excellent applicants, the society lacked funds.

What England Wants.

LONDON, May 18.—Lord Charles Beresford, in a speech last night, said if General Boulanger got to the top of the tree he might within a week, in order to gain popularity, order England to clear out of Egypt. They wanted a definite standard of defence to enable the country at any time to meet the contingency of a war with France or Russia.

Watching the Socialists.

BERLIN, May 18.—The Government is actively watching the striking workmen here, who are encouraged by the Socialists. The police have seized 50,000 Socialist leaflets and arrested thirteen persons. The blacksmiths of Berlin and Langenbielau struck.

Is He With Us?

NEW YORK, May 18.—Latimer Jones, a young financier who was awaiting trial charged with forgeries amounting to $300,000, has left for parts unknown, and his bondsmen's deposit of $15,000 for his appearance has been forfeited.

Frost in the South.

KNOXVILLE, Tenn., May 18.—Two-thirds of the young tobacco plants in western North Carolina were killed by the recent frosts. Vegetables and wheat were greatly damaged at numerous points on the mountains.

Bonnie Morn's Neck Victory.

The race for the Somerville Stakes for 2-year-olds (colts 122 lbs., fillies 119 lbs.), 5 furlongs, was won by Lord Rodney's bay filly Bonnie Morn by a neck. Mr. Fawcett's chestnut colt The Doldrums was second, 3 lengths before Mr. C. Allenton's bay filly Barbacan, third. There were 12 starters.

The betting was 4 to 1 against Bonnie Morn; 12 to 1, The Doldrums; 6 to 1, Barbacan; 3 to 1, The Hampton-Lady Kars filly, the favorite.

Proctor Knott Wins the Alexandria Stakes.

LOUISVILLE, May 17.—This was the fourth day of the Louisville Jockey Club spring meeting, with the Alexander Stakes for 2-year-old colts as the principal attraction. It had eight starters and was won by the favorite Proctor Knott. The weather was threatening and the attendance much affected in consequence. An hour's rainfall about noon settled the track, and the contests as a whole were very good. Results:

FIRST RACE—Purse $400, for all ages; 1 1-16 miles. Grisette, 103, won; Persimmons, 105, 2d and Amelia P., 92, 3d. Five others ran. Time 1.55. Pools: Persimmons $60, Amelia P. $22, Grisette $30, Hypocrite $20, Tenacity $5, Paerna $6, Carus $2, Quindaroo Belle $1.

SECOND RACE.—The Alexander Stakes, for 2-year-old colts; 5 furlongs.

FRIDAY, MAY 18, 1888.

HITTING STRAIGHT OUT.

The case of Mr. J. T. Hawke, editor of the Moncton, N.B., *Transcript*, now serving a term in jail, has been and is attracting considerable attention. The offence for which the editor is undergoing durance vile is contempt of court, and this contempt consisted in criticising the action of a judge, and in asserting that the judge was drunk on the bench. It was not shown that the court was not drunk, but Mr. Hawke is in jail for telling the truth and calling public attention to a grave scandal. But Hawke *in vinculis* is not Hawke subdued. He is hitting as hard from his prison cell as from his sanctum. Here is an extract from one of his letters to his paper:—"I have noticed with curiosity, that all my fellow prisoners, with one exception, are here admittedly through the direct influence of drink. I am here myself through drink, but of course I did not do the drinking. It was a judge! But thousands of people are satisfied that had not his Honor become intoxicated in the discharge of his judicial functions, and if it had not been intimated that he and others of his colleagues were addicted to the same vice, I should not be in jail to-day for such a long term. But incarceration in jail for two years, much less for two months, will not close my mouth, nor prevent such future exposures as will lead to reform in the habits and lives of certain judges." Of course, newspapers should respect the bench, but on the other hand the bench should make and keep itself worthy of respect. If the bench gets drunk on duty and imperils grave public interests, a newspaper would be wanting in duty if it did not use its efforts and use its influence to abate or remove the evil. Malicious animadversion on the part of an editor upon the conduct of a judge in the ordinary discharge of his duties should be severely punished but it is decidedly converting punishment into persecution to put an editor in jail for denouncing a judge who pollutes the judicial ermine with a skinful of whiskey.

HON. CHARLES DRURY, Minister of Agriculture, who necessarily went back to his constituents for re-election on his appointment as minister, was elected on Thursday by acclamation.

Drinking Water for Tenants.

Under an Ontario Act, landlords must provide their tenants with pure drinking water. The following clause states that fact distinctly. The Ontario statutes, 47 Victoria, chapter 38, schedule A, sec. 69, sub-sec. 12, reads as follows:—"It shall be the duty of the owner of every house to provide for the occupants of the same a sufficient supply of wholesome drinking water; and in case the occupant or occupants of the house be not satisfied with the wholesomeness or sufficiency of such supply, he or they may apply to the Board of Health to determine as to the same; and if the supply be sufficient and wholesome then the expenses incident to such determination shall be paid by the said occupant or occupants, and if not, then they shall be paid by the owner; and in either case the said charges shall be recovered in the same manner as municipal taxes."

More Food Analyses.

Official Action by the Massachusetts State Board of Health.

There is no more useful work in which the health authorities can engage than the examination of the various articles sold to the public for food, drink and medicine

The agitation for the passage of laws to expose and punish food adulterations in the United States, is being aided by action of this kind taken by the Boards of Health of several of the States. Ohio and Massachusetts, following the course of the Inland Revenue Department of the Dominion, have published the names of many of the impure or unwholesome articles examined. Among them are the following brands of alum baking powders: Davis's, Silver Star, Forest City, A. & P., Silver King, Kenton, Cook's Favorite, Gem, etc. This is a most effectual way to stop their sale, as no one will buy an alum baking powder knowingly

Massachusetts analysts have tested the various cream of tartar and phosphate baking powders sold in that State, and they report that the Royal baking powder is superior to all others in purity and wholesomeness, and contains nearly 20 per cent. more strength than any other. The exact determinations as to strength of the several brands was as follows:

RELATIVE LEAVENING STRENGTH.

Name.	Cubic in. gas per oz. powder.
Royal	166.25
Cleveland's	107.7
Congress	81.2
Horsford's	93.1

The official tests in both the United States and the Dominion likewise prove the superiority of the Royal in purity, strength and wholesomeness.

Young's Point.

(From Our Own Correspondent.)

REPAIRING THE BRIDGE.—New swinging gear has been placed under the lock bridge and other necessary repairs made.

PROPERTY SOLD.—Mr. Geo. J. Chalmers has sold his residence and adjoining property on the Douro side of the river to Mr. R. Reid, who is retiring from farming.

A SERIOUS LOSS.—A valuable three-year-old colt owned by Mr. Walter Young, died on Saturday of pleuro-pneumonia. The animal had only lately been broken and was a driver of unusual style and action.

VENEERING THE SCHOOL.—Our school which was built last fall has been veneered with brick. We now have a school second to none in the rural districts.

THE NEW STEAMER.—Mr. P. P. Young's new steamer is fast nearing completion and has only to be seen to be admired for the beauty and finish of her lines. She will be launched next Tuesday afternoon and a full account of her will appear next week.

DEATH.—We extend our deep sympathy to Mr. and Mrs. Wm. A. Graham, in the loss of their eldest son, John Oscar, aged six years. The funeral took place on Thursday and the large attendance showed the high esteem in which Mr. and Mrs. Graham are held by their friends.

NOTES FROM THE CAPITAL.

A Letter From Mr. Wiman on Unrestricted Reciprocity.

OTTAWA, May 18.—Mr. H. H. Cook has received a letter from Mr. Erastus Wiman praising highly his recent speech on Unrestricted Reciprocity in respect of its probable effect upon the lumber trade. He says it deserves to be put into pamphlet form and spread broadcast throughout the country. He intimates that he will make good use of Mr. Cook's figures in speeches on Reciprocity which he proposes to deliver throughout the United States.

Mr. Justice Taschereau will return from Rome early in June, when he will enable the blocked business of Canada's Supreme Court to be heard. In the meantime his colleagues are taking an enforced holiday.

After all no legislation to protect life on the great lakes is to be passed this session, Mr. Foster having dropped his bill because, he said, it did not meet the case.

The evidence taken on combines will be printed, and on Friday Mr. Wallace of West York will introduce a bill for the prevention and suppression of combinations formed in distraint of trade.

If the Franchise Bill is passed it will delay prorogation. Hon. Peter Mitchell will introduce a resolution favoring manhood suffrage.

The Combines Committee draft report, referring to the Fire Underwriters' Association, says the effect of this combination is disastrous to Canadian companies, as it has a tendency to make business centre in the large companies, which are English.

The Copyright Bill will be among those to be abandoned. There will be nothing more heard of it this session.

PARNELLITES AND THE POPE.

A Manifesto Against the Holy See's Interference in Political Affairs.

DUBLIN, May 18.—Forty Parnellites, including Messrs. Dillon and O'Brien, sat nine hours in the Mansion House to-day discussing the Papal rescript. A sub-committee was appointed consisting of Messrs. D. Sullivan, T. D. Sullivan, O'Brien, Redmond, Healy and Harrington, with Messrs. Kenny and Clancy as Secretary, to draw up resolutions of the principles agreed to. The meeting prepared a manifesto declaring:

While we unreservedly acknowledge the spiritual jurisdiction of the Holy See as guardians of those civil liberties which our Catholic forefathers resolutely defended, feel bound to solemnly reassert that Irish Catholics can recognize no right of the Holy See to interfere with the Irish people in the management of their political affairs.

Father McFadden's Appeal Dismissed.

DUBLIN, May 18.—The Exchequer Court has dismissed the appeal of Father McFadden of Swesdore against the doubling of his sentence on appeal. The court held that a county court has the power to increase a sentence.

FAME VERSUS BUSINESS!

Let the World Be the Judge

The People of the County, our Court!

Satisfied Customers, our Witnesses!

We Plead our Case, and Carry off a VERDICT!

In re. GOUGH BROS. et al.

THE COURT.—The bar will observe that the case is now open. You have heard the indictment read. It is clear and explicit. What say you, Gough Bros., why sentence of the Court should not be prunounced upon you.

GOUGH BROS.—May it please your Lordship: To the serious charge that we have revolutionized the clothing trade in Peterborough we plead guilty. The facts are so apparent that denial were useless. But, may we ask the Court to consider extenuating circumstances of great weight. We have established a business by the peope, for the people and of the people. We have placed within the reach of all clothing of any grade, at prices that shatter Monopolies, and Paralyze High Prices. When the Court remembers that we have taken a $2.50 boy and clothed him in a 65c. Suit of Clothes, the Court will appreciate our enterprise. When the working man who wants Clothing can walk up to the trough and help himself to a suit at $2.50, there is something in life worth living for. When a pair of Pants that are a thing of beauty and joy forever, can be carried from our counters for the small sum of 25c. the Court will realize that our politicans are not all of our sincerest benefactors.

Should the Court, for example, so direct, we will fit out our learned friend on the other side with one of our Special Made Suits, and his immediate relatives will testify that the garments are better than most custom work; are cut from Stylish Patterns, made up by artists who consider Beauty and Finish and Good Work as a first requisite.

We ask the Court's inspection of a special line of 500 suits for Men and Youths. These are gems of purest rays serene, so Good, so Stylish, so Cheap that stealing will become, in truth a struggling industry. Then we have secured a niche in the temple of fame by large sales of our best classes All Wool, French Worsted and English and Scotch Tweeds, fit for the wear of a prince, pontiff or politician. This, your Lordship, is our plea.

THE COURT.—Gough Bros., You have ably stated your case. You are excellent counsel. The ruling of the Court is that you are honorably discharged and that the Court adjourn sine die.

SPECIAL LINES.—Boy's Coats 19c. each; Boy's Suits 69c., $1.10 each and up. Parents, Gough Bros., will save you 50 per cent. on Children's Clothing. Men's Working Suits at $2.50, worth $5.50, Sunday Pants $1.25, worth $2.50.

THE LAST OF THE NEWMARKET SPRING MEETING.

Procter Knott Wins the Alexandra Stakes—The Eastern International Baseball League—Ball Games Yesterday.

LONDON, May 17.—This was the third and last day of the Newmarket Special Spring Meeting. The "card" included the Newmarket Handicap Across the Flat and the Ewring Plate for 2-year-olds over the Rous Course. The former was won by Mr. Sasson's horse Theodore, with The Baron second and Jersey Lily third. Conditions:

THE NEWMARKET HANDICAP of 700 sovs., by subscription of 20 sovs. each. 10 ft., or 5 if declared; any surplus to go to the second; winners of any handicap or race value 200 sovs. after the publication of weights to carry 5 lbs., if of any two handicaps or of a handicap of the value of 500 sovs. 10 lb. extra. Across the flat about 1½ miles.

Mr. Sasson's b. h. Theodore, 5, by Sir Bevys—Magdala 1
Mr. Fern's b. c. The Baron, 4, by Xenophon—Tantrum 2
Mr. Jas. Searry's br. f. Jersey Lily, 4, by Beauclerc—Tiger Lily 3

As a 3-year-old Theodore was a fairly good colt, winning seven out of fourteen races in the Friday 2-year-old stakes at the Newmarket Craven Meeting, the Portland Stakes at the Doncaster Spring, the Prince of Wales Plate at the Kempton Whitsuntide Meeting, walked over for the Knowsley Dinner Stakes and won the Berkenhead Cup at Liverpool in July. Late in the autumn he won a 100-guinea plate at Newmarket, and the Holmby Handicap at Northampton, in November. Last year Theodore did not do as well, he only winning the Alexandra Plate at Doncaster, in September, he running second once and three times unplaced. This year he made his first appearance at the Chester meeting last week, where he won the Great Chester Handicap from a field of five, including Candlemas, and did not start again until yesterday in the above race.

THE EWRING PLATE.

The Ewring Plate for 2-year-olds over the Rous course, about five furlongs, was won by Lord Dunham's filly Gulbeyas, with Workington second and Leap Year third. Conditions:

THE EWRING PLATE of 500 sovs., added to a sweepstake, of 10 sovs each for starters, to go the 2d; for 2-year-olds; colts 124 lbs., fillies 121 lbs.; those by untried stallions or out of untried mares allowed 3 lbs.: one allowance only; winners (selling races excepted) to carry 5 lbs.; of a race value 500 sovs., 10 lbs extra. Rous course, 5 furlongs. 40 subs.

Lord Durham's ch.f. Gulbeyas, by Bend Or—Sultana 1

The Eastern International League.

OSWEGO, May 17.—The Eastern International League was formed here to-night with thre clubs, Kingston Belleville and Oswego. The fourth is yet to be named. It will be either Utica or Watertown, probably the former. Robert J. Kilbeck of Kingston was elected President and George A. Glyan of Oswego Secretary of the league. The Board of Directors are Col. S. S. Lazier, Belleville; E. J. B. Pense, Kingston; Michael Gill, Oswego, and the fourth to be named. The playing season opens with the American clubs May 20 and closes the first week in September. The meeting is still in session. The schedule will not be made out to-night. The league will undoubtedly be a success and the chances are that it will be composed of six clubs before the meeting adjourns. It is thought the Spalding ball will be adopted, as Spalding Brothers have offered a handsome and valuable penant.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

She Speaks from Experience.

Miss Edith Foy, of Amherstburg, Ont., had a severe case of Quinsy. She writes: "I tried the doctor's medicine, but got no relief. I was told to try Hagyard's Pectoral Balsam. After taking two doses I got relief, and when I had taken three parts of the bottle, I was completely cured." 2d20w

Four Years of Suffering.

Mrs. Torrance McNish, of Smith's Fall's Ont., after four years' intense suffering with Scrofula, from which her head became bald, was cured by Burdock Blood Bitters, after the best medical aid had failed. 2d20w

A Lucky Escape.

Mrs. Cyrus Kilborne, of Beamsville, Ont., had what was thought to be a cancer on her nose, and was about to submit to a cancer doctor's operations when she tried Burdock Blood Bitters, which effected a radical cure. This medicine cures all blood diseases. 2d20w

A Cure For Deafness.

There have been many remarkable cures of deafness made by the use of Hagyard's Yellow Oil, the great household remedy for all pain, Inflamation and soreness. Yellow Oil cures Rheumatism, Sore Throat and Croup, and is useful internally for all pains and injuries. 2d20w

A Sure Relief.

I suffered from a hard Cough contracted by damp feet. Having consulted a local doctor without effect I thought I would try Hagyard's Pectoral Balsam as a last resort. Before I had finished the first bottle my cough had entirely disappeared, and to day I enjoy better health than ever before. I can conscientiously recommend it. Chas. H. Kent, Telegraph Operator. LIFE ASSURANCE COMP'Y OF CANADA

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600 00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $496,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,482 69	$1,149,743 00
1876 to 1880, four years	38,580 67	195,188 29	1,167,386 14
1880 to 1884, four years	136,976 84	363,264 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,607 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

"'Yes,' says I, 'but that needn't bust 'im. If his fambly git their dress goods and bunnits at the golden lion, which the supply is large and the styles the finest, and all imported goods at low prices, they would save so much money and be better dressed, and not harrage and worrit the pore father into insolvency."

Hymeneal.

Yesterday afternoon about 5 o'clock the wedding of Mr. John E. Burgess and Miss Susan J. Adams was solemnized at St. Luke's Church by Rev. W. C. Bradshaw. Mr. T. H. Adams was groomsman and Miss Florence Tivey bridesmaid. The church was well filled with spectators, comprising warm friends of both young people. After the nuptials, the wedding party repaired to the residence of the bride's father, Mr. Samuel Adams, where supper was had. The happy and handsome young couple have taken up residence in Otonabee, within easy access to the town.

Organ Recital.

The Party Press Triumphant.

The debate in the Y. M. C. A. rooms last night between representatives of the Otonabee Canoe Club and the Y. M. C. A. resulted in a victory for the former. Messrs. W. H. Hill and A. E. Scott, of the O. C. C., upheld the affirmative of the resolution "that the party press is beneficial to Canada," their adversaries being Messrs. O. C. Rowse and W. H. Stevens. Mr. Geo. M Roger occupied the chair. There was not as large an attendance as the merits of the debate warranted. The arguments adduced were of the knock-down order on both sides, and showed that the subject had been pretty carefully studied. In rendering his decision the chairman, in order to give the negative every chance, stated that he was not just clear as to the issue at stake. The resolution stated that a party press is beneficial to Canada, but he inclined to the view that it should be qualified by reading that it would be more beneficial than an independent press. He, however, referred the question to a vote of the audience, who decided that the original construction put upon the resolution by the affirmative was the correct one. The chairman bowed to the decision of the majority and gave judgment in favor of the affirmative, who he thought had fairly won the debate from their standpoint.

The Masonic Excursion All Right.

It is characteristic of the Masonic fraternity, that when they put their hands to the plough they don't turn back. They have the nerve and push to make things go. The little difficulty they experienced in securing the train via Port Hope for that branch of the proposed double excursion has been overcome, the railway will give the train, and now the track is clear for the grand annual double excursion of the Masonic fraternity. A business meeting of the joint committee was held last night in the Masonic Hall. The following telegram from the Grand Trunk Company to Mr. Brundrette, station agent, was read:

"We will arrange to run Peterborough and Millbrook excursionists by special to Port Hope and them by the regular train.

W. EDGAR."

The company having complied with the request of the committee, the meeting went to work at once and instructed the printing committee to immediately enter upon the work of advertising the excursion on June 7th, by the issue of posters, etc. An active and aggressive ticket committee was appointed, composed of Messrs. B. Shortly, D. Spence, T. A. Hay and H. C. Winch, and if they don't create a boom in tickets, something must give way. The secretary was instructed to communicate with all the lodges along both lines of the excursion, asking the co-operation of the brethren in the excursion, which will doubtless be one of the greatest successes of the season.

It was intended by the directors of the Horticultural Society to open the Court House Park to the public on Saturday evening, but as it has been found impossible to complete the "fixing up" operations in time, the opening has been postponed till the 24th.

Arrival of the "Eva."

Mr. H. Calcutt's new yacht, "Eva," arrived at the Ashburnham wharf yesterday and is being repainted and overhauled. She is a neat, tidy little craft specially adapted for small pleasure parties, and will be a much-needed addition to Mr. Calcutt's line of boats.

Early Closing.

Notices are posted up in the stores to the effect that the dry goods, hat, cap and fur and gents' furnishing stores will be closed at 7 p.m. on and after Monday next. The early closing by law has already taken effect in barber shops, hardware, jewelery and boot and shoe stores.

Another Alarm.

Thursday afternoon about five o'clock an alarm of fire was rung on the town bell, and the hose wagon was about leaving the station when a message came that the fire was out. A fire in the roof at the chimney of the Lock Works building was the cause of the alarm. It was extinguished by a few well-directed pails of water.

At St. Luke's.

A successful tea and sale of fancy articles took place at St. Luke's church yesterday afternoon and evening. Tea was served from 5 to 8 o'clock in the school room by the ladies, the sale going on in the meanwhile. There was a good attendance, and the proceeds realized were highly satisfactory. After tea, music and readings were given by Mr. Jaques and Mr. Burt.

ONE pound of the Extract of Coffee will go as far as ten pounds of store coffee. Try it only 5c. a stick, at The Pantry.

Street Numbering.

Enquiries are frequent about the plan of the town for street numbering purposes. Many citizens are anxious to have their residences numbered and wish, of course, to make no mistake. For their information it may be stated that the plan is at the office of Mr. Belcher, C. E., who has not yet completed the whole town, but can give all information on the subject of numbers.

More Mounted Police.

Inspector Sanders, of the Northwest Mounted Police, and an examining physician, are at the Stewart House ready to receive recruits for the service. They will remain till Monday. Of the twenty men taken from here last time, seven were rejected at the final examination at Regina and sent home. To avoid a recurrence of this in future, the men are to be examined before engaged by a physician and once and for all accepted or rejected.

For Stony Lake.

The members of the Stony Lake Property-holders Protective Association intended taking a trip out north yesterday, but on account of the cold weather it was postponed till next Tuesday, when, if the day is fine, they will drive to Lakefield and take steamer for the back lakes. Some of the members wish to prospect for camping sites and all will inspect their property and see that everything is in good condition.

Arrested For Wife Beating.

This forenoon John Wilkins was arrested by P. C. Adams for beating and not supporting his wife. John has a fierce temper, and when arrested on complaint of his wife was so enraged that he tore up some $8 in bills he had in his hand. He was placed in the cells and will receive a hearing in the morning. At the station his wife said she could not bear living any longer the life she had dragged through in the past. She is afraid he is mentally unsound, as insanity is hereditary in his family.

The Girls' Guild Concert.

A concert prepared by the Girls' Guild of St. John church was presented to a fair audience in the school room of the church last night. The programme was rendered almost entirely by the girls of the school, who are to be complimented upon the highly creditable manner in which they rendered all their pieces. The choruses and Kindergarten songs were sung to piano accompaniment by Miss Rickey, and the precision with which their childish voices kept time, and all blended in sweet harmony, were alike creditable to themselves and to the careful training of their instructor, Miss Errett, to whom must be given every praise for her gratuitous and diligent labors in this respect. In Miss Beck she had also an able assistant. Some of the tableaux were very striking, the last one being rendered with red-light effect. Bruce Rickey was master of ceremonies, and announced the different pieces on the programme in their order with the dignity of an experienced chairman. Following is the programme as rendered:—

PART I.

Chorus—The School Bell.
Recitation.....Miss Florence Pace

Annual Meeting of the Rifle Association—The Usual Business Transacted.

The annual meeting of the County of Peterborough Rifle Association was held in the orderly room at the drill shed Wednesday afternoon. There was an unusually large attendance of members present.

The report and financial statement of the Sec.-Treas., Dr. R. W. Bell, was presented, showing that the sum of $582.05 had passed through his hands during the past year. Of this amount, some $355 had been paid out for cash prizes and another large sum for ammunition prizes.

OFFICE BEARERS.

The officers were elected as follows:—

PRESIDENT.—Lieut.-Col. H. C. Rogers (re-elected.)

1ST VICE-PRESIDENT.—Rev. V. Clementi (re-elected.)

2ND VICE-PRESIDENT.—Jno. McKee.

SEC.-TREAS.—J. R. Pentland.

COUNCIL.—D. Cameron, F. Hall and W. A. Mason.

In connection with the election of officers it might be stated that Col. J. Z. Rogers, who has for a long time back been the capable 2nd Vice-President of the Association, and Dr. Bell, for 11 years past the undefatigable and efficient Secretary-Treasurer, declined re-election to office, the latter on account of professional business. Other appointments were accordingly made.

A motion that the Association again affiliate with the Ontario Rifle Association, and leave the question of affiliation with the Dominion Association in the hands of the officers, was carried.

MONTHLY MATCHES.

It was decided that monthly matches be held this year as previously, on the first Thursdays in June, July, August and September, and that weekly practise shoots be held every Thursday as soon as the range can be secured. In the event of any teams being sent to compete in the Ontario or Dominion matches, the members are to be selected from those making the highest aggregate scores at the monthly matches.

Col. Rogers was requested by the Association to apply to the Government for ten Martini-Henry rifles for their use.

The question of securing a range for the Association came up and was discussed, and the Council was instructed to endeavor to make arrangements with the Chemong Lake railway company to retain their present practice ground, and if that was found impossible, to select a new site.

A hearty and unanimous vote of thanks was tendered the retiring Secretary-Treasurer for his eleven years' faithful services, after which the meeting adjourned.

Police Court.

FRIDAY, May 18.

Richard Hurd, of Young's Point, and R. N. Roddy, of Peterborough, were charged by Inspector Cochrane with a breach of the *Fisheries* Act. It seems they went out spearing with a jack-light at Young's Point, and though no fish were caught they were convicted under the clause of the Act which makes an attempt to fish in this way a misdemeanor. Each was fined $10 and costs.

Personal.

Mr. Finch Millar, the popular Bandmaster of the Fire Brigade Band, has been appointed general passenger agent for Calcutt's line of steamers for the coming season.

Mr. Arthur Stevenson is to be congratulated upon his having passed his barristers' examination at the Easter term. He stood second on the list.

Rev. A. C. Curtis, M.A., B.D., of Parliament street Methodist church, Toronto, is in town for a few days, the guest of Mrs. Butcher.

Rev. Father Keough, chancellor of the diocese of Hamilton, is visiting his Lordship Bishop Dowling.

Mr. J. E. Hawkins, formerly of the traffic department of the Midland, in Peterborough, now way bill inspector of the G.T.R., Toronto, is in town to-day. Jack was very popular while a resident of Peterborough.

Literary Notes.

BRYCE'S PUBLICATIONS.—Toronto's pushing publisher has issued two more excellent volumes from his prolific press. They are "A Woman's Face," by Florence Warden, accompanied by a portrait of the author, and "Cradled in a Storm," by T. A. Sharpe. Both are good samples of sterling fiction, printed in clear, bold type and generally tastefully gotten up. Price only 30 cents, to be had at all the book stores. Toronto; William Bryce, publisher.

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease terms without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

Will Surely Go.

The sale of Alexander's bankrupt stock still continues and must do so until the stock is cleared entirely out. The sales have been fully up to our expectations, and if good quality and low prices will sell dry goods, the whole stock will surely go. To sell off the balance of millinery trimmings, we have bought an assortment of nice, new, fashionable hats, which will be sold at very low prices.

A Former Citizen's Oratory.

The San Francisco *Chronicle* has a report of a literary and social entertainment, held under the auspices of the Thistle Club, and gives the following as the substance of the "interesting address" given by Mr. John Elder, a former resident of Peterborough:—

"John Elder, one of the trustees and a clansman of the club, delivered an interesting address on the subject of Scotland's influence on civilization. He said that the land of the thistle and heather had a history which is a stirring example of what a small land and a small population can do for the world by adding its full share to the general advancement of human civilization. In this connection the speaker drew attention to the effect which the smaller nations had in moulding the destinies of the world. Palestine need only be cited by name in this connection. Greece also suggests in its very name, art, literature, philosophy. Switzerland, Holland, and lastly Scotland, further proved the assertion. Taking up the last named of these small countries, Mr. Elder cited in support of his assertion the influence of such men as John Knox, David Livingstone, Robert Moffatt and, going back to earlier history, named William Wallace and Robert Bruce. In the field of song and poetry many appropriate references were made to Burns, Hill, Campbell, Pollock and Hogg, while in the field of fiction and history the Wizard of the North, Sir Walter Scott, Thomas Carlyle, Hugh Miller and others received their due meed of praise. The address was listened to with close attention and was thoroughly entertaining from first to last."

Ennismore.

CORRECTION.—Allow me to occupy a short space in your valuable paper; in regard to the item which appeared in your issue of the 16th, stating that a fire broke out at Ennismore Cross on Sunday afternoon. I claim it to be a deliberate falsehood, and hope that the writer of that item will explain himself and take back his misstatements either by private or public explanation. It is too bad about this fellow, whoever he is, that he can't purchase a christiestiff himself and thrown away his slouch hat for the summer season, especially it being leap year, when probably some young lady will be popping the question. Perhaps the gent has no other entertainment in the evenings except stating some of this silly nonsensce, or perhaps he is so childish that his pencil gets beyond his control, and, and first thing he knows, it makes a fool of him. Hoping that this gent will have more sense in the future, I think I have said enough. Thanking you, Mr. Editor, for the space in your paper, I am

Yours truly,
CORRESPONDENT.

Ennismore, May 16th.

NOTE.—The correspondence complained of was accompanied by the name of the writer, and the EXAMINER has no reason to doubt the truth of the statements made. It is to be hoped that what little feeling might have been kindled will be put out as easily as the alleged fire was said to have been extinguished. If there was any little joke intended, both parties are, as far as writing is concerned, about even.

BANKRUPT STOCK EMPORIUM,

No. 3 COX'S BLOCK,—GEORGE STREET.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1 25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the 1st counter to the right.

Our first stock of Sailor Hats has been bought up rapidly which is sufficient evidence that they are the correct thing. Our second shipment, bought at a much lower price is now in. All sizes and styles to choose from. The prices will please you when you see the style and quality,

SATURDAY, MAY 19, 1888.

NAEGELE'S TRIAL.

Opening of the Special Term of the Court of Queen's Bench.

MONTREAL, May 19.—The special term of the Court of Queen's Bench for the trial of Naegle and Bureau opened yesterday, Judge Baby presiding, when Louis Naegele's trial was commenced.

A startling discovery has been made in connection with the trial. It appears that Frank Wilson wrote a letter from Boston to a party concerned to some extent in the trial, and disclosed to him that one of the principal proofs against the prisoners was to be found in Harry Phillips' house on Dorset-street. "Go upstairs to the attic and you will find there a thieves' trap made for secreting goods," he wrote. The party so informed accordingly imparted the story to the prosecution, who sent High Constable Bissonnette and Grand Trunk Railway Detective Boaz to Phillips' house to investigate the matter, and, true enough, the trap was found. It consisted of a box made of heavy planks and nailed to the flooring. The interior of the box was filled with sawdust, probably to cover stolen goods. It took quite a while to find the door, which opened by a secret spring. The sawdust seemed to be in a condition as though goods had been pulled out of it, but nothing was found there.

It is rumored that a number of new and startling disclosures will be brought out in this trial.

IN THE PRAIRIE PROVINCE.

The Session of the Legislature Ended—Disappointed Lo.

WINNIPEG, May 19.—The Legislature prorogued yesterday. Governor Aikens' speech congratulated the House on the passage of the Redistribution Bill, the Manhood Suffrage Bill, the adoption of the Quebec resolutions, the cessation of the disallowance policy and the legislation for the promotion of railway enterprises.

Forty Indians and squaws, engaged by a Yankee quack medicine man at Selkirk to travel as an advertisement through the States were to start yesterday, but the agent didn't put in an appearance and Lo went home disgusted.

O'Connor Power arrived here to-day and leaves to-morrow to visit the Crofters near Moosomin.

Wheat has advanced 15 to 20 cents, and is now at 70c. to 71c. Winnipeg dealers hold about 3,000,000 bush.

FROM TORONTO.

The Injunction to Stand—The Rate of Taxation.

TORONTO, May 19.—The detectives do not think there has been any foul play in the matter of the death of Joseph Graham, whose body was pulled from the bay on Thursday.

Mr. Justice Robertson gave judgment at Osgoode Hall yesterday in the case of the Esplanade property owners and lessees against the city. Plaintiffs sought the continuance of the injunction granted by Chancellor Boyd restraining the Council from ratifying or confirming a proposed agreement with the Grand Trunk and Canadian Pacific Railway Companies, and His Lordship granted their request.

The rate of taxation has been definitely fixed at 14½ mills, the lowest in 15 years.

Fires Last Night.

INGERSOLL, May 19. McInnes & Co.'s storehouse was burned down yesterday. Fully insured. The storehouse contained 500 barrels of flour belonging to J. Cawthorpe of Thamesford, on which there was no insurance.

OSHAWA, May 19.—The farmhouse of Thomas Conlin was burned to the ground yesterday together with its contents. No insurance.

Confirmation at Port Perry.

PORT PERRY, May 18.—The Bishop of Toronto held a confirmation in the Church of the Ascension here last night. Rev. R. Harris, Brighton, said evensong; Rev. F. J. Lynch, Sunderland, read the lessons, and Rev. D. Carry, Incumbent of Port Perry, presented the candidates, eleven in number. The church was adorned with flowers and festal hangings, and was crowded with people.

Cut Her Throat with a Razor.

AYR, May 19.—Mary Elliott, about 30 years of age, daughter of George Elliott of this place, committed suicide yesterday by cutting her throat with a razor. No cause has been assigned for the rash act.

DOMINION PARLIAMENT.

MR. CLARKE WALLACE'S BILL TO SUPPRESS COMBINES.

The Monopolists will Enjoy Another Season of Security—The Bill to be Discussed at the Next Session.

OTTAWA, May 19.—In the House yesterday Mr. Clarke Wallace introduced a bill for the suppression of combinations formed in restraint of trade. Mr. Wallace said that the evidence taken before the committee had shown that the most tyrannical means were taken to enhance prices to the consumer and to prevent competition. The coal branch of the Toronto Board of Trade had committed acts which were entirely illegal under cover of oaths of secrecy. He mentioned that ten days ago the price of coal in Ottawa was $6.80 while to-day it was $5.30. A great deal of good had been accomplished by the exposure of the methods of the combines, but he thought that legislation also was necessary. Sir John said that he agreed that it was well to deal with the subject now. He did not suppose the hon. gentleman who introduced the bill expected that it would become law this session, but a great good would have been done by the work in the committee. Sir Richard Cartwright said that no doubt great good would be accomplished by the work of the committee, and the chief good would be to show the people the natural and legitimate fruits of the absurd system of protection. It would enable them to see the result of delivering the power of taxation over to favored individuals. Mr. McMullen said that Sir John's announcement that the combines were to be let alone for another six or nine months was in accord with the Finance Minister's announcement that no changes in the tariff would be made. Both indicated that the protected manufacturers would be allowed to enjoy the sweets of monopoly for a season. [Applause.]

Sir John's bill respecting the Northwest Territories was read the third time.

On Sir Charles Tupper moving the third reading of the bill respecting the High Commissioner, Sir Richard Cartwright referred to the fact that the office had been vacant for eighteen months, and asked the Government to declare their policy on the question. Sir John said that a High Commissioner would be appointed within a few weeks. When several members asked "Who is he to be?" Sir John only smiled.

Mr. Chapleau, in moving the second reading of the bill to amend the Franchise Act, announced that all the clauses would be withdrawn except the last, which suspends the revision of the lists for another year.

Mr. Mitchell moved, "That in the opinion of this House it would conduce to the comfort and welfare of the people of Canada, and especially of the working classes, if all the duties were removed from cornmeal, corn for milling and feeding purposes, wheat and wheat flour and coal. Mr. Amyot said that he was in favor either of Protection or Reciprocity, and as this amendment meant half Protection he would oppose it. The House divided on the amendment, which was lost. Yeas 43, nays 89.

Notes From the Capital.

OTTAWA, May 19.—A report was presented to the House yesterday recommending the greatest care to prevent undesirable immigration and a strict medical examination of children, who shall be allowed to land only on production of a medical certificate.

In the Senate Divorce Committee the petition of W. H. Middleton for a divorce was put off until next session.

Hon. Mr. Dogherty has been appointed assistant judge of the Quebec Court of Queen's Bench for the term which opens on May 15.

THE COLONIZATION COMMITTEE.

A Series of Questions to be Sent Out—Undesirable Immigrants.

OTTAWA, May 19.—In the Committee on Colonization and Agriculture yesterday it was announced that a communication had been received from Mr. R. W. Pritty of the Pritty Loan Company suggesting that a company of capitalists should be formed for the purpose of advancing money to immigrants to enable them to reach Canada and afterwards to assist them in settling, the money advanced to form a lien upon the property acquired by the settler. It was decided to take no action in the matter.

The sub-committee appointed to enquire into the question of diseases communicated through animals reported that they found it impossible in the short time at their disposal to make a report, but that after due consideration they were prepared to send two series of questions, one to be placed as circulars in the hands of physicians and surgeons and the other to be sent to the presidents and secretaries of agricultural associations, to ascertain whether certain diseases of cattle are communicable through the medium of milk or meat to human beings. The report was adopted.

The committee also adopted a report to be presented to the House, in which they expressed the opinion that the greatest care should be taken to prevent the coming of emigrants, either children or adults, who would be likely to become a burden upon charitable institutions or become sources of diseases, and with this object in view they recommend that a strict medical certificate should be produced before children are allowed to land on our shores.

Sweden's Grievance.

NEW YORK, May 19.—A Washington despatch says: It is hinted in diplomatic circles that the real reason for the recent imposition by Sweden of an almost prohibitory duty upon American pork is to retaliate for the refusal of the United States to carry out what Sweden understands to be the stipulations of the treaty of 1827 between that country and the United States, under which Sweden claims that her vessels are entitled to enter upon payment of the lower rate of tonnage of 3 cents per ton upon each entry, not to exceed 15 cents per annum.

Three Rivers Nomination.

THREE RIVERS, Que., May 19.—Hon. Arthur Turcotte, Attorney-General, and Arthur Olivier, Conservative, were nominated here yesterday for the Legislative Assembly.

Elected Without Opposition.

ORILLIA, May 18.—A large crowd attended the nomination meeting here last night. Hon. Charles Drury, Minister of Agriculture, being the only nominee, Sheriff McConkey declared him elected. The hon. gentleman thanked the electors in an appropriate speech.

Applications for Letters Patent—Inland Revenue Returns.

OTTAWA, May 19.—The British and Foreign Marine Insurance Company, with headquarters at Montreal, has received a license from the Government to transact business in Canada.

An unrevised statement of inland revenue returns shows a total for the month of April of $487,841.

Supplementary letters patent have been issued to the St. Lawrence sugar refinery to increase their capital stock from $400,000 to $750,000.

A statement of circulation and specie shows total notes in circulation on April 30, $15,944,109; excess of specie, $3,705,700.

The Canada Jute Company are applying for letters patent to increase their capital stock from $50,000 to $100,000.

The Rolondrie Farming and Stock Company are applying for letters patent of incorporation. The chief place of business is to be Winnipeg, and the capital stock of the company $100,000. The incorporators are Dr. Rudolph Meyer, Dr. Hespelar and Francis Beverley Robertson.

A meeting of the Brantford, Waterloo and Lake Erie Railway Company has been called for June 5, and the annual meeting of the Northern Pacific Railway Company for June 6.

Letters patent of incorporation have been issued to the Chatham Novigation Company with a capital of $40,000 and the Pelee Island Wine and Vineyard Company, with a capital of $25,000.

The returns of W. C. Edwards for Russell and Archibald Campbell for Kent have been gazetted.

The American Copyright Bill.

LONDON, May 18.—An English deputation approached the President of the Board of Trade yesterday with a protest against the American Copyright Bill. Every branch of the printing and publishing trades and many other trades and the London Chamber of Commerce were represented. No more powerful body could be got together for such a purpose. But they were met by Sir Michael Hicks-Beach in a merciless spirit. "Make up your minds," said this plain-spoken Minister, "whether you would rather have this copyright bill as it is or none at all. If you say none, Lord Salisbury and I will consider what to do." It is believed they would prefer none, but do not venture to say so. There is most widespread alarm about the bill, and anxiety among printers and all trades concerned in bookmaking. They really fear that English books will be printed in America, knowing as they do that but for the prohibitive clause American editions of English books would have been printed in England.

Cut His Own Throat.

TEESWATER, May 19.—Yesterday morning a farmer named James O'Neil of Greenock, near Black Horse, was found dead by his wife in his own granary with his throat cut from ear to ear and a razor by his side. He left home in the morning apparently in his usual frame of mind to attend to his duties on the farm. His wife, not seeing him at work, went to the barn to see what was the matter, when the horrible fact dawned upon her that her husband had committed suicide. He leaves besides his wife a family of six children to mourn his untimely end. Trouble about the payment of a small sum of money is supposed to be the cause of the act. The coroner decided that an inquest was not necessary.

IMPERIAL FEDERATION.

Lansdowne's Reply to a Deputation From the Canadian Branch of the League.

OTTAWA, May 19.—Yesterday some twenty members of Parliament who are also members of the Canadian branch of the Imperial Federation League waited on the Governor-General. Mr. McNeill, the spokesman, intimated that the deputation called for the purpose of asking His Excellency to use his influence towards furthering the assembling of a conference of Canadian and Australian delegates for the purpose of bringing about, if possible, extended trade relations between the colonies.

His Excellency replied that he would take an opportunity to invite the attention of the Imperial Government to a proposal likely to come before it of summoning a conference to consider the specific question of improved trade relations between Canada and the Australian colonies. On the occasion of his visit to Toronto a few days ago, he had received a deputation which made a similar suggestion. The presence of several well-known members of Parliament with the deputation would enable him to give more force to his recommendation.

Denmark's International Exhibition.

COPENHAGEN, May 19.—The International Exhibition was opened yesterday by the King. All the members of the Royal family were present. The buildings of the city were decorated. American and German men-of-war were in the harbor and fired salutes.

New Professors for Victoria.

COBOURG, May 19.—The Regents of Victoria University have made these new appointments: Professor of Civil Polity, N. Burwash, T.T.D.; Professor of Ethics, E. J. Badgley, D.D., LL.D. The chair of civil polity is a new one. Dr. Badgley succeeds the late Dr. Nelles in the chair of ethics. The appointments are regarded as excellent.

HENRY TAYLOR IN COURT.

THE LONDON BANKER BROUGHT TO TRIAL.

A Verdict of Acquittal is Given in Two Cases by the Direction of the Judge—Still in Jail on a Capias.

LONDON, May 19.—At the Assize Court yesterday, Chief Justice Galt presiding, Henry Taylor, ex-President of the Ontario Investment Association, was placed on trial for the misappropriation of $3000 belonging to that institution. The prosecution failed to establish criminal intent, and His Lordship charged the jury to that effect, but stated that a civil action might succeed. The jury, after an absence of a few minutes, returned a verdict of not guilty.

Mr. Tayler was again placed on trial on a similar charge, the amount being $10,000. As the evidence was similar to that adduced in the former case the judge ordered the jury to return a verdict of not guilty, which was done.

Mr. Taylor remains in jail on a capias.

Republican Senators and the Fisheries.

WASHINGTON, May 19.—The Republican Senators held a long caucus yesterday, in respect to which they were unusually reticent. It was called at the request of Senator Edmunds for the purpose of discussing the Fisheries Treaty. The subject took up a good portion of the time of the caucus, but the tariff and politics were also dwelt upon. No action was taken, the purpose being simply to have an interchange of views. There was developed no difference of opinion upon the matter of opposing the ratification of the Fisheries Treaty, but there is said to have been a wide difference upon some question of procedure in connection with it.

The Proposed Niagara Ship Canal.

NEW YORK, May 19.—The committee of the New York Board of Trade and Transportation, to which was referred the consideration of Congressman Nutting's Niagara Ship Canal Bill, has prepared a resolution to the effect that the board favors an appropriation by Congress of a sum not exceeding $15,000 to provide for the survey and estimates of cost by United States engineers of a ship canal connecting Lakes Erie and Ontario on the American side of a sufficient capacity to float such vessels as will be able to pass the Sault Ste. Marie.

Murdered for Money.

CHICAGO, May 19.—Wm. Heppner, living at Niles, Cook County, was murdered last night for his money. Mr. Heppner was a tree agent, delivering consignments of goods between Evanston and Chicago. He collected at long intervals, and often carried large amounts in cash. Last night he got off the suburban train at North Evanston to walk across to his home. His body was found on the edge of Evanston, a short distance from where he left the train. A bullet had penetrated his body, producing apparently instant death. His pockets had been rifled and all his money taken, but his watch and chain were left.

He Feared Trouble.

PROVIDENCE, R.I., May 18.—Antonio Parillo, the Italian who paid the rent of the room for Nellie Mitchell, the young woman who was found dead in a house on Pearl-street early this month, has returned to this city and made a statement to the police. He says the woman came unsolicited to him, saying she was unhappy at home and would not return there. He provided her with lodgings and food, and was greatly shocked when she died. In his ignorance of the English language and the law he feared he might get into trouble, and so fled to New York.

Murdered by a Bailiff.

DUBLIN, May 19.—A bailiff named Sweeney while escorting a drunken son of Landlord Lloyd to his home at Templemore, County Tipperary, fired upon a laborer named Thompson and wounded him in the hip. Another workman named Kennedy interfered and Sweeney shot him also, the bullet entering the heart. Both shots were fired at Lloyd's orders. The police pursued and arrested Sweeney, and with difficulty prevented the people from lynching him.

Attacked by a Welsh Mob.

LONDON, May 19.—A party of tithe collectors and police were attacked by a mob at Denbigh, Wales, yesterday, and in the conflict thirty-five persons were injured, seven of them seriously.

Prospective Passenger Rate War.

CHICAGO, May 19.—There is a prospect of another war of rates on passenger business between Chicago and Boston. The Niagara Falls short line has not consented to arbitrate the question of whether it shall retain the differential of $1.25, and is not likely to. The Grand Trunk is daily expected to meet the short line's rate.

Love's Young Dream.

CHICAGO, May 19.—Ida McGrath (white), the 18-year old daughter of respectable parents, who was reported lost about three weeks ago, was found in a shanty near the city limits living with a full-blooded negro bootblack named Henry Watkins, to whom she was married on April 23.

A Reprieval.

BERLIN, May 19.—It is rumored that an Imperial rescript is about to be issued, which is intended to prevent as far as possible Frenchmen from visiting Alsace-Lorraine.

LOCAL NEWS.

He Has a Great Head.

A certain insurance agent in town, who has been slightly affected by the burglar scare, in order to protect himself from unnecessary loss and save the bold burglar unnecessary trouble, has hung a placard on his safe that reads: "Door open. Don't blow it; try the handle."

Burglars at Centreville.

On Thursday night burglars forced an entrance through a window into the store of Postmaster Bell, Centreville, and as far as can be learned about $20 worth of silk handkerchiefs and a coat and vest were stolen. The safe was not touched. Tramps are suspected of the crime.

In Minden.

An Urgent Matter.

The attention of the church ushers of Peterborough is respectfully called to the fact that most of the ladies of the town have secured their new spring hats and jackets, and they would be delighted if you would give them seats well up to the front on Sunday—they wouldn't object perhaps to standing in the aisle for a few minutes until a good seat can be found.

The New School Site.

The special committee appointed at the last meeting of the Board of Education to select a site for the proposed new school building in the north ward, inspected several lots Thursday afternoon. There was a difference of opinion as to the eligibility of the different sites, but it is probable a conclusion will be arrived at and a recommendation to purchase one of the lots sent in at the next meeting.

Methodist Church Meetings.

A meeting of the Peterborough District of the Methodist Church will be held in the George street church next Tuesday. The lay delegates will meet at 9 o'clock in the forenoon and the ministers at 2 in the afternoon.

The stationing committee of the Bay of Quinte Conference will meet in Lindsay on June 4th. The conference will assemble on the 7th.

Will Surely Go.

The sale of Alexander's bankrupt stock still continues and must do so until the stock is cleared entirely out. The sales have been fully up to our expectations, and if good quality and low prices will sell dry goods, the whole stock will surely go. To sell off the balance of millinery trimmings, we have bought an assortment of nice, new, fashionable hats, which will be sold at very low prices.

3,000 boys and girls in Peterborough have voted that The Pantry is a grand institution for supplying their wants.

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease germs without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

St. Luke's Splendid New Church Organ.

To be Opened on Tuesday Evening [illegible] by a Grand Recital.

St. Luke's shows continuous signs of prosperity and progress. The latest practical evidence is the addition of a fine new organ, which will be formally opened by a recital on Tuesday evening next, though the organ is now in a finished condition. The organ was put in by Messrs. Jackson & Co., organ builders, Peterborough, and is an unusually fine instrument. It is situated in the south transept of the church, and its exterior finish corresponds to the excellence of its interior. The case is of mixed walnut and ash in full gothic design, the diapason pipes are painted light blue and drab, picked out with rich gilding. An idea may be gathered of the capacity of the organ from the following copy of

The Bourdon is voiced to equal one 16-foot open.

The instrument is blown on 3-inch wind, on the English principle and voiced to correspond; the result is to give a deeper note with more body. The diapasons are very full and the claribella and flute stops remarkably sweet. The reeds are very smoothly voiced, free from harshness. The whole organ is well balanced, no particular stop predominating over another. A new stop, the vox celeste, (in English organ nomenclature, the fairy stop) is composed of two sets of pipes, one tuned a little sharper than the other, giving an exquisite wavy tone. A new feature is the lining of the swell box, which gives a full tone and does not permit the sound to escape into the organ chamber. The new organ should give every satisfaction; its tone is rich, round, full, mellow and resonant, and its mechanism all that can be desired. Two or three local organists have tried the new instrument and are delighted with it in every respect. Organist, rector and congregation are to be congratulated upon the elegant new aid to the excellence of the musical services of the church.

May to Bell.

Dear Bell,—I'll write you a short letter
To say I'm wonderfully better:
How much that means you ought to know,
Who saw me just one month ago—
Thin, nervous, fretful, white as chalk,
Almost too weak to breathe or talk;
Heart throbbing, as if fit for breaking,
A weary, ever-present aching.
But now life seems a different thing:
I feel as glad as bird on wing!
I say, and fear no contradiction,
That Pierce's Favorite Prescription
Is grand! Why, I'd have died without it!
Ma thinks there's no mistake about it.
It's driven all my ills away:
Just come and see. Yours ever, MAY. o

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

Hunt from the Diamond.

The Chicago-Boston game was the only one played in the National League yesterday.

All the International Association games yesterday were postponed on account of rain.

Rain prevented all the games from being played in the American Association yesterday.

International games to-day: Albany at Toronto; Troy at Hamilton; Syracuse at London; Rochester at Buffalo.

League games to-day: Philadelphia at Chicago, New York at Detroit, Washington at Pittsburg, Boston at Indianapolis.

Association games to-day: St. Louis at Baltimore, Louisville at Philadelphia, Cincinnati at Cleveland, Kansas City at Brooklyn.

Terms of Challenge for America's Cup.

NEW YORK, May 18.—The New York Yacht Club has adopted the following: Resolved, that the terms under which the races between the Genesta and Puritan, Galatea and Mayflower and Thistle and Volunteer were sailed were considered satisfactory to the club, and a challenge under these terms would be accepted, but with the positive understanding that if the cup is won by the club challenging it shall be held under and subject to the full terms of this new deed, dated Oct. 26, 1887, inasmuch as the club believed it to be in the interest of all parties, and the terms of which are distinct, fair and sportsmanlike.

Why Hanlan Was Beaten.

An Australian amateur oarsman now in New York said last week: "I was not at all surprised at Hanlan's defeat by Kemp. In fact I advised my friends to bet on it if they could find any takers. Beach defeated Hanlan, and I knew that he resigned the championship of the world only because he feared that Kemp would wrest it from him if he did not."

The Upper Canada College games which were to have come off yesterday, were postponed until Monday, on account of rain.

Racing in the Rain at Louisville.

LOUISVILLE, Ky., May 18.—The Louisville Jockey Club spring meeting was continued here to-day with very disagreeable weather, rain falling at intervals throughout the day. The track was very heavy. Results:

FIRST RACE—Purse $300, for all ages, selling allowances; ¾ mile. Orderly, 98, won; Kenna Johnson, 93, 2d; and Full Sail, 72, 3d. Time—1.17¼. No Bookmaker to be Allowed on the Course.

ST. LOUIS, May 18.—The war on the bookmakers, which developed in Louisville several weeks ago, has broken out here, and President Green of the St. Louis Jockey Club announces that the club will control the betting at the coming spring meeting, and that no bookmaking will be allowed on the course. A bid was made for the pool privileges by Dick Roche, and was rejected. Roche went to Louisville and secured the privileges there, so St. Louis is now left with the mutual system only. Considerable uneasiness is felt regarding the success of the meeting with speculation restricted in this manner.

Pools: Miracle, $20; Joe Lee, $16; Speedwell, $14; Harry Russell, $12; King Crab, $8; Grover Cleveland and Mary Buckley filly, $6 each; the field, $5.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

She Speaks from Experience.

Miss Edith Foy, of Amherstburg, Ont., had a severe case of Quinsy. She writes: "I tried the doctor's medicine, but got no relief. I was told to try Hagyard's Pectoral Balsam. After taking two doses I got relief, and when I had taken three parts of the bottle, I was completely cured." 2d20w

Four Years of Suffering.

Mrs. Torrance McNish, of Smith's Fall's Ont., after four years' intense suffering with Scrofula, from which her head became bald, was cured by Burdock Blood Bitters, after the best medical aid had failed. 2d20w

A Lucky Escape.

Mrs. Cyrus Kilborne, of Beamsville, Ont., had what was thought to be a cancer on her nose, and was about to submit to a cancer doctor's operations when she tried Burdock Blood Bitters, which effected a radical cure. This medicine cures all blood diseases. 2d20w

A Cure For Deafness.

There have been many remarkable cures of deafness made by the use of Hagyard's Yellow Oil, the great household remedy for all pain, Inflamation and soreness. Yellow Oil cures Rheumatism, Sore Throat and Croup, and is useful internally for all pains and injuries. 2d20w

A Sure Relief.

I suffered from a hard Cough contracted by damp feet. Having consulted a local doctor without effect I thought I would try Hagyard's Pectoral Balsam as a last resort. Before I had finished the first bottle my cough had entirely disappeared, and to day I enjoy better health than ever before. I can conscientiously recommend it. Chas. H. Kent, Telegraph Operator, East Selkirk, Man. 2w18d

Imitation

is sometimes called the sincere form of flattery. This may account for the number of imitations of the original and only positive corn cure—Putnam's Painless Corn Extractor. All such fail to possess equal merit, so when purchasing get the genuine "Putnam's" Safe, sure, and painless. 6d20w

THE WONDERS OF MAGIC.

When you find that beauty is falling away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."

The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair,
Try "Dorenwend's Magic."
It imparts strength and beauty,
And it's the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."

Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. For sale by J. D. Tully and all druggists. dw

Valuable Properties for Sale suitable for Building Sites, Residences, Market Gardens, &c.

We have been instructed to offer for sale the following valuable properties:—

1st.—**East Half of Lot No. 1** in 2nd Concession of the Township of Thorah, County of Ontario. 121 acres all cleared, well good clay loam, house and barn on farm, which is situated about three and a half miles from Beaverton. Price $4500.

2nd.—**The premises known as** the North Part of Block "U" Ashburnham, containing about 14 acres, and having a frontage of about 332 feet on Concession street, and 2340 on the Road leading to Norwood. This property has on it a large dwelling house, barns, stables, and outbuildings. It is well situated for putting on the market in Building Lots, and can be subdivided to advantage. The land immediately south of it has been sub-divided and Lots are selling rapidly and buildings being erected.

3rd.—**Block "E" Ashburnham**, containing about 26 acres, having a frontage of about 500 feet on Concession street. It is within a short distance from town, and is well adapted for sub-division into Building Lots.

4th.—**Fifteen Acres of Land in Monaghan** on the Gravel Road, about 3 miles from town, with brick dwelling house 34x41, containing 10 rooms and usual outbuildings. There is a good orchard on the place, and the soil first-class, suitable for a market garden, or residence for a retired farmer.

5th.—**The residence of Mrs. F. W. Hamilton**, situated on Brock Street, Peterborough, on Court House hill, there is about ½ of an acre of land, well stocked with fruit trees, &c., soil, first-class. The residence is large, with the usual outbuildings.

6th.—**Erin Cottage** being the West half of Park Lot No. 14 in Lot 13 in 13th Monaghan, now in the town limits, containing about 5 acres of land. There is a comfortable brick cottage with usual outbuildings on the land, which is now occupied by Mr. Elias Thompson.

Offers in writing for the purchase of any of the above properties will be received by the undersigned, and any further particulars may be obtained from them.

SATURDAY, MAY 19, 1888.

The Weather.

North and northwest winds; partly cloudy, cool weather, clearing by night; light showers in a few places.

An Epidemic of Rheumatism.

The public will be surprised to learn that there are over a hundred bad cases of rheumatism in town. Is it the weather? Partly, but not altogether, if the men would buy their clothing and the ladies their jackets and mantles at the golden lion, they would save money, get the most elegant goods and avoid rheumatics. The finest stock of imported tweeds and mantle goods in the district. Satisfaction in ordered suits and mantles a speciality.

The Secret of Success.

People are astonished at the amount of property sold by JOHN CARLISLE. Why has he sold so much? Simply because he leaves money EVERY TIME in said properties for the buyers. Many can vouch for the truth of this statement. 45 parcels sold the last few months. eodw

Per Wheelmen.

A meeting of the Bicycle Club is called for Monday evening next in the office of Mr. R. B. Rogers. It is earnestly hoped that the members will turn out this time after the several futile attempts that have been made to secure a quorum. If the club is to be of any use this year it must be further organized.

Peterborough's Celebration.

The Joint Queen's Birthday Celebration Committee held a meeting Friday afternoon to further arrangements for the demonstration on the 24th. Orders for printing and other necessary material were passed. Prospects are bright for a most successful demonstration next Thursday. The programmes and posters have been pretty well distributed and nearly everyone knows from them just about what to expect in the line of amusement.

Township Gall.

Last night about half past ten o'clock a couple of residents of Smith drove 6 miles into town to get Chief Rossel to arrest a vagrant who had made the schoolhouse his headquarters and refused to leave. The Chief couldn't just see the necessity of his arresting a township vagrant and bringing him in for the town to support, so he told the men they would have to get the township authorities to look after their own affairs and act in this case. The townships have ever been too ready to ship their vagrants into town, and this is a sample case of the way they work it.

A New Savings Bank.

The proverb tells us that a penny saved is a penny gained, and in view of the truth of this the addition of another important financial institution to the many already in operation in Peterborough is an interesting matter. One striking feature of the new institution is the payment of interest in advance. The moment the deposit is made the investor take the amount of his profits home with him—yes, home with him for unless he is very far gone he cannot take them to the bar and "blow them in." The amount of interest paid on deposits is enormous—something like 100 per cent. This may seem fabulous but will be found true by going to the cheap store of gough brothers, the wonderful cheap men, who have now on hand a gigantic stock of clothing purchased at 52½ cents on the dollar to be rushed off at prices on the same liberal scale of reduction. Boys' suits, men's suits, youths' suits, cords and stacks of them at nearly half less than wholesale prices. Tip-top boys' suits from 58 cents to $2.50. Splendid men's suits from $2.50 to $11.50., unparallelled value in both cases. Come while these bargains are going; come before they are gone, for at the prices offered and at the value given the immense stock will be speedily gobbled up. Make straight for the store of gough bros., the wonderful cheap men, george street.

The New Time Table.

Changes in the Train Service of the Midland Railway.

A new time-table comes into effect on the Grand Trunk railway on Monday, 21st inst., and below are given the changes that directly affect Peterborough. They are about the same as announced in the EXAMINER last week.

The Grand Junction train from Peterborough will, by the new time-table, leave Peterborough at 8:30 a.m., reaching Belleville at 12:06, in ample time to connect with the east-bound express to Montreal over the main line. Returning, it will leave Belleville at 4:45 p.m. and arrive in Peterborough at 8:05. The mail train from Belleville will make better time than before and leave much earlier in the morning, at 5:45 a.m., making connection at Peterborough with the 8:15 express to Toronto, thus practically giving a through early route from Belleville to Toronto. Returning, it will leave Peterborough at 2:30 p.m., after the train from Toronto has arrived.

On the main line of the Midland there are not many changes. The mixed train from Toronto and Blackwater, that formerly arrived at Peterborough at 4 p.m. and left at 10.25 a.m., will now only run between Lindsay and Toronto. The expresses will arrive here at 11.55 a.m. and 8.50 p.m., and leave at 8.20 a.m. and 5.10 p.m.

The summer service of the Lakefield branch will come in force also. The trains will make better connection with all the through traind on the main division than before. On the arrival of the 8.20 express from Port Hope in the morning, a train will leave Peterborough for Lakefield, arriving at 9.50 a.m. Returning, it will leave Lakefield at 10.05 a.m. and connect at Peterborough with the down noon express at 11.55. Another trip will be made to Lakefield in the afternoon, leaving Peterborough at 6.15 p.m., after the arrival of the evening express from Port Hope, arriving at Lakefield at 7.05; returning, leave Lakefield at 7.25 p.m. and connect here with the 8.50 express from Toronto.

These comprise about all the changes that affect Peterborough. It was thought an early morning train would leave Peterborough and connect at Port Hope with the boats for Rochester and through trains, but it is not included. It is understood that an effort is to be made to have it yet introduced. It would be a great convenience to the people of Peterborough and district.

Police Court.

SATURDAY, MAY 19.

The wife-beater, John Wilkins, had an interview with the magistrate this morning. He stated in his defence that his wife provoked and taunted him beyond endurance, knowing that he had an excitable nature, and threatened to leave him and transfer her affections to another fellow, who, she claimed, was waiting for her. Wilkins also hinted broadly that she was not his legally wedded wife.

Mrs. Wilkins, with tears in her eyes and between sobs, avowed before God and man that she was his wife, and had five children by him; that she had given him no provocation whatever, and that he cruelly ill-treated her.

John admitted having occasionally struck his spouse, "but, Your Honor, I cawn't 'elp it, she taunts me so."

The immediate cause of the present trouble was, the wife says, John's anger towards her when she told him to get up about six o'clock Thursday morning and go to work. He struck her, she said, but Wilkins denied it.

The parties live at the corner of George and Edinburgh streets, and are hair-workers by profession.

Mr. J. W. Bennett appeared on behalf of the defendant, who was remanded for a week till securities could be found to bind him over to keep the peace.

Wilkins is a rather undersized man, but has what in street parlance would be called "a bad eye in his head." His wife is a small woman.

PUGILISTIC NURSERYMEN.

The sequel to a pugilistic encounter on the street yesterday afternoon transpired in court this morning. The parties to the case were M. J. O'Leary, plaintiff who appeared in court with an eye in deep mourning, and J. P. McKelvey, defendant. O'Leary is agent for a St. Catherines nursery firm, and some time ago engaged McKelvey, who lives at Norwood, to represent him in that village. Some business difficulty arose between them; McKelney says he was told by the delivering agent to have nothing more to do with O'Leary, but negotiate directly with the company. The defendant came to Peterborough yesterday, and O'Leary button-holed him and asked for a settlement of their affairs, threatening him with arrest if he did't comply. Then fisticuff exercises began. O'Leary asserted that McKelvey struck him in the face before he could do anything, while the latter swore that O'Leary, before he struck him at all, had him by the neck and nearly choked him, and he was compelled to strike out in self defence. A witness who saw the whole transaction corroborated the plaintiff's story, and the defendant was fined $5. McKelvey conducted his first case in court in an able manner.

YOUNG'S POINT AFFAIRS.

An Afternoon Among Our Northern Neighbours.

The Village Prosperous—The New Steamer—The Ontario Government Works Completed—A Few Stray Notes.

From Peterborough to Young's Point a representative of the EXAMINER took the journey on Thursday afternoon. Although the calendar asserted that it was the 17th of May, a raw, cold nor-wester gave the lie to its statement, and as the wind howled across the hills, emote clouds of dust out of the ploughed fields, and served a search warrant upon the marrow of his bones, the shivering scribe was willing to take his affidavit to the 17th of March. The dark river, under the dull gray afternoon sky, ran cold and sullen, gleaming like a wind-whipped expanse of inky blue-blackness.

Along the driver west through the rolling farms of the eastern part of Smith; all the seeding was done and here and there potatoes were being planted, or the unresting farmer was waging the endless warfare against the stones. All along this route there were few fields of fall wheat, but those seen were looking in good condition, and the meadows were showing brightly green. Occasionally a pasture field held a herd of cattle, looking, to use the rural vernacular, "like the breaking up of a hard winter"—as though fodder had been scarce. The sheep seen abroad showed that shearing time was near and if much longer delayed by cold weather, the trouble of shearing would be saved by the wool dropping off the sheep, as it had done in one or two cases observed.

The country roads were good, except where gravel had been put on last fall, and the loose pebbles rolled fatiguingly beneath the horse's feet.

ARRIVED AT YOUNG'S POINT,

the village was found to be all there, and in an unusually lively condition, the signs of thrift and industry being seen on every side. The first object catching the eye was the new steamer of Mr. P. Young, still without a name—till the christening bottle is cracked upon her hull upon the day of launching, some day the latter part of next week. As she sits upon her ways ready to slide into the river, the beautiful sweep of her lines strikes the eye forcibly. Her length is 79 feet over all, keel 75 feet, her breadth of beam is 13 feet 4 inches and depth of held, 4 feet 6 inches. She is built as solid as a man-of-war; her timbers are "all oak," the ribs as well as the planking. She is as staunch as live oak and iron bolt can make her. Her gangway is about amidships, opening aft to the aft cabin and communicating by a passage alongside the engine room with the forward cabin. The stairways are situated on the opposite side of the engine room, ascending from both cabins and terminating in a common companion way, opening upon the promenade deck. The after cabin is a large airy room, 12x20 feet; it is well lighted by 12 windows—oiled ash sash, glazed, with panes 14x28 inches.

SEATS, UPHOLSTERED IN CRIMSON REP,

run along each side, and stiff tamarac carlings support the upper deck planking, forming the ceiling of the cabin, the wood work of which will be painted in delicate tints. A door opens abaft this cabin, on a passage leading to the stern which is provided with seats. On either side of this passage are closet and lavatory. The forward cabin is a little smaller, being 11x15 feet and finished throughout in a manner corresponding to the after cabin. Forward of the forward cabin is the forecastle fifteen feet in length. The engine, 9x15 feet, occupies the amidships space. The boiler sits on a frame work of oak resting on the tamarac kelson, which is 12x12 inches. The engine room is closed in from all passengers. The marine boiler is tested up to 130 lbs. to the square inch. The engine has a 10x10 upright cylinder. The shaft is of steel, three inches in diameter and the screw is four feet in diameter. All the machinery and boiler were made by the William Hamilton Manufacturing Company, and this is itself a guarantee of its strength and excellence. The promenade deck is 13 feet by 79 feet and extends the whole length of the steamer. Forward is situated the elegant octagonal wheel house terminating above in a turned finial, holding the ensign staff. Abaft the smoke stack on this deck is the captain's cabin. An iron railing passing through turned oak stanchions surrounds the promenade deck. The hull below the water line is painted red, the upper hull (and the works) white, relieved with a line of olive green.

The designer of the ——, ah, the name was almost written—of the steamer is Mr. Cornelius Delaney, of Cobourg. She will ply on the Stony Lake waters and will be commanded by the popular Captain Scollard, and there can be no rashness in prophesying for the new steamer a prosperous and thrifty business; she will doubtless take a leading position as her name will entitle her to do.

It is but a few steps from the foot of the locks where the steamer was built to the

ONTARIO GOVERNMENT WORKS

which have been going on under the superintendence of Mr. Alex. Ross, a workman of thirteen years experience, a thorough, painstaking man.

The work is now about completed, and the expenditure will be in the neighborhood of $3,000, about $500 beyond the appropriation, owing to unforseen repairs, which were disclosed as the work progressed. It was necessary, in order not to prevent navigation, to have the work done in the winter. Accordingly, on the 7th of February work was begun upon the coffer dam at the head of the canal to permit its being unwatered. The dam was 77 feet in length and 6 feet in width. After the unwatering of the canal, great trouble was experienced from the action of the intense frost. It was found necessary to use dynamite to blast out the foundations of the stop log piers at the head of the canal. These piers complete, are in ground plan in the shape of a huge hour glass, the narrow part being nine feet wide; these aspects of the pier face the middle of the canal. The wings, flaring at an angle of about forty-five degrees, facing outwardly and inwardly respectively, are 29 feet in length each. The tops of the piers are four feet above ordinary water mark and fourteen feet from the top of the foundation planking which is laid in

TIMBERS, ROCK-BOLTED WHERE POSSIBLE,

the spaces between which are filled in with Portland cement. These piers are most substantial structures, the best of material, most substantial workmanship and the greatest care in construction having been exercised every step from bed-rock to top. Last summer substantial guard piers were constructed at the east side of the canal entrance, to prevent steamers and tows, entering or leaving the canal, from drifting towards Young's dam. These with the new stop log piers render the upper part of the canal as good as money, care and skill can make it.

In unwatering the lock chamber for pointing the masonry, a most serious leak was discovered underneath the floor of the lock near the upper gates. The water came pouring under the mitre sills. A thorough job was also made of this; the floor was taken up and underneath the planking cement was laid some distance in front of the gates, and now the work is such that no further trouble may, unless from unforeseen accident, be anticipated from leaks. This trouble could not be known before and was not reckoned upon, but it had to be repaired and it

HAS BEEN THOROUGHLY DONE.

The masonry of the lock chamber has been re-pointed throughout with Portland cement mortar, and the numerous leaks in the lateral walls have, with trifling exceptions, been stopped.

The swing bridge over the lock has been put into a state of first class repair, decayed timber has been replaced with sound, where found necessary, new turning gear—new track circle of railroad iron and new and larger wheels—have been provided, causing a great improvement in working. New piers for the filling of the approaches have been made, the bridge has been repainted and is practically as good as new. The renewed bridge was swung into place for use on Thursday and the temporary bridge torn away.

Two new gates have been placed at the upper end of the lock, and the lower gates, put in two years ago, re-painted from top to bottom. All the work which it is contemplated doing at present will be finished next week. The grand plan at the entrance of the south end of the locks on the west side, is to be rebuilt, but it cannot be done to advantage till the water is lower.

These works, which are extremely important in the interests of the travelling public, are due to the

LIBERALITY OF THE MOWAT GOVERNMENT,

through whom the appropriation was secured, by the efforts of the local representative of the West Riding, Mr. Stratton. The works have, besides, been no little of a boon to the people of Young's Point. For the past three months about a dozen residents of Young's Point have had a good job with care pay and about a thousand dollars a month spent in works in the place have made an otherwise dull winter an uncommonly lively one in the village, which is enjoying quite a little boom of prosperity.

GENERAL OBSERVATIONS

Cornelius Young's saw mill has been put in complete readiness for the summer's operations, which will begin about the middle of June. A large lot of logs have been secured and a large cut will be made. A new bulkhead has been put in and new posts and planking to the flume. The shingle mill has been also improved and a new cutter and jointer added to the machinery, and there is stock available for 2½ million shingles. It is contemplated to extend the mills southward about forty feet. The timber has been ready twice for this extension, and twice a demand has been made for it and it has been sold.

Mr. W. J. Young is erecting a new two story brick store on College street, next to Costello's hotel. Its size is 23x29. Mr. A. Wilson, of Lakefield, is the carpenter, and Mr. —— Curtis, of Ashburnham, is the bricklayer.

The veneering of the new school house, hid snugly away in an evergreen grove, was finished on Wednesday. It is now a neat, tidy school building with a flourishing school in charge of Mr. T. N. Lee, the capable teacher, of whose work the County Inspector, Mr. Brown, spoke highly on his visit, Thursday.

The steamer "Fairy" has been busy on the lakes the past fortnight, towing for Mr. Young, Mr. Hilliard and others.

The finishing work of the new steamer commands the services of some Peterborough mechanics—Leonard Dobbin, John Thorndyke and James Swanston.

Young's Pointers are proud of their boom in real estate; Mr. James Chalmers has sold two ¼-acre lots in front of his residence facing College street, for $40 each.

PERSONAL OBSERVATIONS.

Mr. Wm. McFarlane has completed his spring delivery of fruit trees for B. F. Campbell, of Rochester, giving great satisfaction to his patrons.

Mr. D. Costello is confined to his bed with a severe cold. He will probably be about in a few days.

Mr. James Kearney is as good-looking and good natured as ever, and knows how to cater to the appetite of a scribe, or any other for that matter.

Mr. Hind, the village blacksmith, rather ruefully contemplated his trip to Peterborough to answer for jack spearing muskinonge when he was on an innocent frog hunt.

Mr. P. Young, who held the position of lockmaster for about thirty years, is around in good health, as active as he was twenty years ago.

Mr. James Chalmers, one of the foremost citizens, is enjoying active health, and on his suburban farm there can be seen from the village, eighty acres of as beautiful and healthy fall wheat as there is in the province of Ontario, a credit both to Mr. Chalmers' superior farming and the superior quality of the soil, free from both stones and stumps.

Mr. Wm. Young, the lockmaster at Burleigh Falls, seems to be in some doubt as to whether he is lockmaster or not. The situation is a good one, but Mr. Young can't get the key of the situation. He is put off from time to time in the good "Old To-morrow" style, which Sir John has made his supporters accustomed to. The excuse is that the works have not yet been accepted from the contractor, Mr. Goodwin, and he refuses to give up the key. William has good grounds for dissatisfaction, and, as it is thought the people of Burleigh Falls sympathize with him, the belief is expressed that if William called an indignation meeting at Holmes' Hotel, the entire population of Burleigh Falls would attend, *en masse*, to denounce the duplicity and delay of the Dominion Government. However, Mr. Young consoles himself with the important fact that he is on the pay roll and will probably get the key on Monday.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1 25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc. Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the 1st counter to the right.

Our first stock of Sailor Hats has been bought up rapidly which is sufficient evidence that they are the correct thing. Our second shipment, bought at a much lower price is now in. All sizes and styles to choose from. The prices will please you when you see the style and quality.

DOMINION PARLIAMENT.

THE FRANCHISE AMENDMENT ACT ADOPTED BY A SMALL MAJORITY.

A Grand Push to Enable Prorogation To-Morrow—Sir Charles Tupper's Railway Subsidy Resolutions.

OTTAWA, May 21.—On motion of Mr. Thompson the House concurred in amendments made by the Senate to the C.P.R. bill. The amendments were considered by the Senate as necessary to the carrying out of the agreement.

The House, on motion of Sir John Macdonald and Mr. Laurier, adopted the farewell address to His Excellency and Lady Lansdowne. Sir John simply read the address, and Mr. Laurier's speech was a model of brevity.

On the motion for the third reading of the bill to amend the Electoral Franchise Act, Mr. Laurier moved an amendment providing that a revision of the lists shall take place in electoral divisions where the election of the sitting member is now controverted. There was a hurried consultation between Mr. Chapleau and Sir John, evidently on the advisability of accepting the amendment. It was not accepted, and the amendment was lost by a small majority.

Sir Charles Tupper's resolutions, granting certain railway subsidies, were considered in committee. On the first resolution, granting $70,400 worth of rails to the Ottawa and Parry Sound Railway, Sir Charles Tupper, replying to Sir Richard Cartwright, said that he had received assurances of the feasibility of the project.

When the committee rose at five minutes to Sunday Sir John said that the desire of His Excellency was to prologue on Tuesday, and this would compel the House to work very hard. He would therefore move that Monday's session begin at 10 a.m., and he supposed it would take all Monday and perhaps all Tuesday. Sir Richard Cartwright said that he would not like, in view of the very considerable amount of work that remained—about 200 items of supplementary estimates had the concurrence—to pledge himself that prorogation could take place on Tuesday. The address might be presented at 2 o'clock, but he thought the best that could be done was to prorogue in the evening, and he saw difficulties in the way of that.

Sir John, replying to Mr. Gigault, said that the measure relating to judges' salaries would not be proceeded with.

The House adjourned at midnight.

NOTES FROM THE CAPITAL.

The Majority in Shefford—The House to be Prorogued on Tuesday.

OTTAWA, May 21.—Private despatches to the Opposition here show the Liberal majority in Shefford to be 262. This is the county where Mr. Noyes was forced to retire and anticipated dissatisfaction of English Liberals made the Conservatives confident of carrying the day. Instead of that the former Liberal majority of 76 is increased threefold. The vacancy was created by death.

Many members left Saturday for home, and still more are leaving to-day. Prorogation to-morrow is now certain.

The Governor-General is distributing parting gifts. He gave his messenger (Smith) an elegant walking cane, and Percy Sherwood, Chief of the Dominion Police, a scarf pin set in precious stones.

The inland revenue for April amounted to $487,840.

Four companies of the Governor-General's Foot Guards have decided to go to Montreal on May 24.

Col. Lovelace, one of the organizers of the militia of Canada, and a Crimean veteran, died in Montreal Friday night.

It is stated on good authority that Sir Charles Tupper sails for England to resume the office of High Commissioner on May 24, in the same vessel with the Governor-General, Premier Mowat, Bishop Lewis and Mgr. Soule.

Archdeacon Lauder will act as administrator of the diocese in place of Bishop Lewis.

Export Duties on Logs.

WASHINGTON, May 20.—The Free Press Washington special says that President Cleveland has been greatly impressed with the benefit to the lake coast of the removal of the Canadian export duties on logs, and has informally discussed an expression of his gratification at the introduction of a bill for that purpose in the Dominion Parliament by Sir Chas. Tupper, Minister of Finance. There is a prospect that this limitation upon the prosperity of a great Michigan industry will be removed. The friendly attitude of both the American and Canadian administrations to this proposition gives hopes of its adoption.

The Burlington Strike.

CHICAGO, May 19.—Rumors were circulated to-day that the striking engineers and firemen of the Burlington road had practically acknowledged their defeat and made a satisfactory arrangement with the road to be taken back on the old terms. Chairman Hoge of the strikers' committee said to-night: There is no truth whatever in the reports. We have had no conference with the Burlington officials, and so far as the men going back at present is concerned it is all bosh. We expect the inquiry by the Inter-State Commission will begin June 10, at which time we shall present a great quantity of evidence to show that the road is now badly run.

A Belligerent Attorney.

CLARKSVILLE, Ark., May 19.—The rulings of Judge Cunningham in the Johnson County Circuit Court yesterday, were unsatisfactory to Attorney A. P. McKinnon, who took exceptions to them. He refused to sit down, and when the Judge fined him $50 a dispute followed, during which McKinnon cut the Judge about the face and neck several times with a knife, inflicting dangerous wounds. McKinnon was arrested. The town is greatly excited over the affair.

The Latest Talk at Ottawa.

OTTAWA, May 20.—It is known that Sir John Macdonald and other of the leaders of the Conservative party are disappointed at the choice of the Conservation convention in Cardwell. Sir John was strongly in favor of "Bob" White because of the Premier's great love for his dead father. It is stated on good authority only to-night that the "Old Man" called "Bob" in his private room, and, patting him on the back, said: "Bobby, my boy, you will fill your father's shoes in old Cardwell. I came pretty near running for that county once myself, and I like to see a good man as its member. Cardwell has had some of the brightest jewels in the Conservative crown as its representative. Mr. Evans' choice was a great surprise to me."

It appears that an effort will at once be made to have Mr. Evans stand aside. And the great question is: Will he do so?

Attempted Suicide at Winnipeg.

WINNIPEG, May 21.—A prisoner named Russell tried to commit suicide in the police cells yesterday by hanging, but was discovered in time and cut down.

Palen, who was charged by his wife with arson, was acquitted on Saturday, his accuser failing to put in an appearance.

It is reported that the Fire Underwriters' Association has agreed to take off the 20 per cent. advance in rates on risks in Montreal if the civic authorities will make the fire brigade efficient and appoint a new chief.

TORONTO'S BUDGET OF NEWS.

Hon. Mr. Mowat Goes to England—A New Methodist Church.

TORONTO, May 21.—Premier Mowat left the city on Saturday for England, whither he goes as the representative of the Provincial Government in the case of Queen v. the St. Catharines Milling and Lumber Company, a dispute over title to Indian lands. The Dominion Government gave to the Lumber Company the deed of certain Indian lands, and in behalf of the Provincial Government Mr. Mowat claims that the Indians never received a title for the lands from the Crown, and that the Dominion Government had therefore no power to bestow lands upon the company, as said lands belonged to the Province of Ontario. The case was tried at Osgoode Hall and a decision was given in favor of the Province. The Supreme Court at Ottawa confirmed this decision, and the Dominion Government now appeals to the Privy Council in England. The Local Premier will sail on the Parisian next Thursday together with Lord and Lady Lansdowne and Col. Gzowski, A.D.C.

The corner stone of the Western Methodist Church, on Bloor-street, of which Rev. T. W. Jeffreys is to be pastor, was laid Saturday afternoon by Senator John Macdonald, in the presence of a large assemblage of spectators. It is expected that by fall the church, which is rapidly being built, will be ready for dedication. It will be one of the most imposing religious edifices in the city.

THE THIRD PARTY.

Its Platform—An Address to the People of the Dominion.

TORONTO, May 21.—The Executive Committee of what is known as the Third party, which was organized at Toronto March 21, has issued an address to the people. The party's platform is as follows:

Righteousness and truth in public affairs as well as in private business, and no compromise with wrong.

Equal rights for all creeds, classes and nationalities, but exclusive privileges for none.

A national sentiment, a national literature, and in all matters of public policy our country first.

The prompt and absolute prohibition of the liquor traffic, and the honest and vigorous enforcement of all laws for the repression of vice and intemperance.

Retrenchment and economy in public expenditure, with the view of reducing our enormous national debt.

Manhood suffrage, with an educational qualification; that is, a vote to every freeman of legal age who can read and write.

The extension of the franchise to women.

An elective Senate.

Civil Service reform.

The address points out the inefficiency of the two great political parties to promptly deal with these questions, refers to "the evils of the party system," and maintains that the remedy consists in substituting a reign of principles for a reign of corruption. For such a movement the hour is regarded as propitious. It is claimed that the general adoption of the platform will produce an entire revolution of political methods and aims.

FIRES LAST NIGHT.

WALLACEBURG, May 21.—A lamp explosion started a fire here Saturday evening, which burned sixteen shops, covering almost a square. With very slight exceptions the destruction is fully covered by insurance, there being $62,000 insurance upon the property, stock and fixtures of the parties injured by the fire.

WINNIPEG, May 21.—Fire bugs got their work in at Portage la Prairie at 3 o'clock yesterday morning, and the flames spreading destroyed nine business places, some being unoccupied. Amongst those burnt were the Lorne Hotel, Pratt block and the Lorne livery stable. The loss is about $20,000; insurance $8000.

TRENTON, May 21.—About 1 o'clock yesterday a fire broke out in a building owned and occupied as a boathouse by A. Cuthbert. The building was totally destroyed. Loss about $900; no insurance.

WINNIPEG, May 21.—The residences of Mr. Langevin and Mr. Germain at St. Boniface, were destroyed by fire this afternoon.

TORONTO, May 21.—Lamb & Co.'s glue factory was burned early Sunday morning. Loss $25,000; insurance $12,000.

Hamilton District Meeting.

HAMILTON, May 21.—At the Hamilton Methodist district meeting Saturday the secretary presented a summary of the statistics for the year, showing the present membership to be 4929, an increase of 284. Connexional funds, $11,973, of which $3160 is missionary contributions, an increase of $1300, of which increase nearly $1000 is in missionary funds. The total for all purposes of the finances is $64,296.

Politics in Cardwell.

MONO MILLS, May 21.—At the Reform Convention held here on Saturday afternoon Mr. Henry Bracken was chosen as the Reform candidate for Cardwell. The fight promises to be decidedly interesting, there being no less than four candidates in the field: Mr. Evans (Cons.), Mr. Wm. Stubbs, Caledon (Cons.), Mr. Henry Bracken (Lib.), and Mr. W. F. Maclean, the butter reform candidate.

Manitoba Conservatives Active.

WINNIPEG, May 20.—The Conservative associations of the province are issuing a joint appeal reciting the record of the Greenway Administration, and calling upon the party to organize for the coming elections. A Conservative convention will be held in this city on June 5.

Fatally Railway Accident.

SARNIA, May 21.—About 6 p.m. Saturday James McCabe, a teamster, was instantly killed here in Conron's lumber yard. His team ran away and he was thrown from the wagon, his head striking on a pile of posts. McCabe was 45 years of age.

A Minister's Domestic Troubles.

NIAGARA FALLS, Ont., May 21.—Rev. George Tompkins and wife, whose domestic troubles led to the minister's discharging a revolver at Contractor Lundy a fortnight since, have agreed upon a settlement and separation. The property is equally divided between them, and Mrs. Tompkins retains the custody of the child.

GREETING THE KAISER.

EMPEROR FREDERICK'S FIRST OUTING SINCE HIS RELAPSE.

He is Enthusiastically Received by the People—Preparations for the Wedding of Prince Henry.

BERLIN, May 21.—For the first time since his relapse, the Emperor was seen Saturday outside of the Schloss. Shortly after 5 o'clock the people assembled in front of the palace were gratified by the appearance of the Emperor and Empress in an open carriage. The three princesses followed in a second carriage and in a third were Dr. Mackenzie and Gen. Winterfield. The imperial carriage proceeded very slowly and enabled many people to come forward and present flowers to the Emperor and Empress who received them till the carriage was heaped with them. The weather was bright and the heat was almost that of midsummer. The Emperor still bears marked traces of fever, but his appearance daily improves. The drive was continued to the shooting lodge at Grunewald, and after a short rest the Imperial family returned to the Schloss. Along the route the Emperor acknowledged the salutes of the people with a gesture of the hand. During the drive the Emperor remained reclining on pillows.

Every day this week shows a perceptible increase of general strength. His first outing in the Schloss Park was followed by restlessness during the early part of the night, succeeded by refreshing sleep. Before Saturday's drive he passed several hours in the park reading, writing and hearing reports. A marquee is erected on the lawn behind the Schloss. It has two windows, and is carpeted. The interior is furnished with a telescope table, couches and a folding sofa, specially made for the Emperor's use in the open air. The latter was greatly enjoyed to-day and the invalid delayed his return to the rooms until constrained to do so by Dr. Mackenzie. While walking he looks very frail and is obliged to lean on a staff. Every step is taken with evident effort.

He takes a strong interest in the preparations for the wedding of Prince Henry and Princess Irene. It is expected that the marriage, instead of being semi-private, will be a court celebration, associated with the Emperor's recovery. Three hundred and twenty guests have been invited, including the Prince of Wales, the King of Saxony, the Grand Duke and Grand Duchess of Baden, the Prince and Princess of Anhalt, the Crown Prince of Greece and all members of the Hohenzollern and Hesse families. The wedding dinner party will consist of forty royal personages, and covers for 280 will be laid at the Marschatafel for the household and the suites of royal guests. The wedding ceremony will be performed in the palace chapel, where special accommodations are being prepared for the Emperor and the Dowager Empress Augusta. Princess Victoria, Sofia, Margarethe and Princess Alice of Hesse will be the bridesmaids. Queen Victoria has sent the bride an entire trousseau of unusual magnificence, and also a parure of diamonds, emeralds and pearls.

THE MISSISSIPPI FLOODS.

People Huddled Together on Little Spots Which the Waters Have Not Reached.

QUINCY, Ill., May 21.—The Quincy Whig organized three expeditions to the overflowed districts and obtained minute particulars of the condition of the refugees camped on the highland bluffs north and south of the city. In the Indian Grove district 150 families are homeless, the majority of whom are partially sheltered in barns and other outbuildings on farms not inundated. In the Sny district, south of Quincy, all dry places are occupied by persons in tents or under hastily constructed sheds, in wagons, and with no covering but the most scanty clothing. All came away from the devastated homes in precipitous flight, thankful that they and their families were not swallowed up by the torrents which poured through the crevasses. How many of these distressed people there are in the Sny Valley cannot be told.

The Burlington and the Wabash roads at West Hannibal are washed out for a thousand yards or more, and the tracks are covered with water the entire distance in the Sny district. Communication between Hannibal and the east is entirely cut off, and cannot be restored for many days. The branches of the Quincy leading to Hannibal and Louisiana are washed out for miles, bridges and culverts being entirely carried away. Hundreds of farm houses and other buildings were swept away and demolished.

TO TUNNEL THE DETROIT RIVER.

Preliminary Steps Being Taken at the City of the Straits.

DETROIT, May 19.—James Ross of Sherbrooke, P.Q., a railroad contractor and engineer of renown, B. Baker of London, Eng., known to fame as the engineer of the immense Forth Bridge that is now in process of construction in Scotland (the largest bridge in the world), and Nicol Kingsmill, counsel for the Michigan Central Railroad in Canada, are in the city to take the necessary preliminary steps for setting in motion a gigantic and carefully prearranged scheme for tunnelling the Detroit River at this point. They are thoroughly satisfied that it can be accomplished with ease, and will so report.

A gigantic syndicate, known as the Michigan and Canada Tunnel Company, and representing more than $100,000,000 of capital, has just been legally formed in Canada, and will be properly qualified for transacting business under the Michigan State laws at once.

Nominations in North York.

NEWMARKET, May 21.—Dr. Forest of Mount Albert has been chosen by the Conservative Convention, held here Saturday afternoon, to be the standard bearer of the party in the next election.

The Barcelona Exhibition Opened.

BARCELONA, May 21.—The Queen in the presence of the Duke and Duchess of Edinburg, Prince George of Wales, the Duke of Genoa, and a brilliant company, including the officers of the foreign squadrons, opened the exhibition yesterday with imposing ceremonies. About 7500 persons were present.

The Daily Examiner.

MONDAY, MAY 21, 1888.

THE Montreal sugar refineries turn out one hundred and fifty million pounds per year.

TORONTO is congratulating itself on its low rate of assessment—fourteen and a half mills on the dollar, the lowest the rate has been struck for fifteen years. If Toronto's civic affairs had been conducted with reasonable economy, the rate could have been struck at a still lower figure. The growth in real estate values in Toronto has been unusually great, but still extravagance prevents the extra assessment keeping down the rate. If Peterborough had a rate like that our citizens would see the spectre of ruin which haunts Cobourg and Port Hope, staring them in the face.

THE bank of Montreal was established in 1817 by a number of leading merchants, and other prominent men of that city. It began operations with a capital of £87,500 or $350,000, the intention of its founders being to bring its capital up to $1,000,000. The smallness of this capital compared with what the capital now is—over twelve million—shows that even in those days, Canadians were modest in their estimates of their country's future. The total capital of the banks now doing business in Montreal is $27,554,396, with reserve funds amounting to $10,309,565, forming a total of $37,863,961, the capital and reserve funds of all the other banks in the Dominion amounting to $40,442,182.

THE iniquity of the system of trade combines is further shown by the fact that, owing to the operation of the Pennsylvania coal combinations, it is possible to import coal from England to Philadelphia and sell it in competition with coal procurable at the very doors of the consumers. Commenting upon this circumstance, the Philadelphia *Record* says:—"It is cheaper to go 3,000 miles away from Philadelphia, and farther away from Montevideo, to load English coal than to buy Pennsylvania coal and thus save loading and unloading ballast and 3,500 miles of extra sea voyage in reaching the point of destination. It costs more to bring the English coal to the pit's mouth than it costs to mine Pennsylvania coal, but between the pit's mouth and Philadelphia stands the coal combination, demanding the uttermost cost that can be levied upon the need of the consumer. No wonder hardy sailors go 3,000 miles out of their way to avoid paying compulsory tribute upon an article the unnecessary dearness of which is a tax levied upon nearly every form of industry, whether on land or on sea."

NIAGARA FALLS park is out of the hands of sharks. Sharks do not thrive in the atmosphere of administration according to the principles of Liberalism. The action of the Ontario Government has given to the people of Canada and the world a free park and free view of the sublimest scene of its kind in the would. On May 24th Queen Victoria Niagara Falls Park will be thrown open to the public. The park extends two and a half miles along the west bank of the Niagara from the great cataract northerly and contains 118 acres. Its average width is about one-eighth of a mile. There are two entrances—for pedestrians and carriages—the latter is called the "Mowat Gate." There has been such a transformation wrought that former visitors would hardly recognise the place. However, all the natural beauties of the great bank which runs along the wonderous cataract and its whirlpools and rapids have been preserved, but the hand of man has elegantly assisted Nature in a few matters of detail which so materially add to the beauty and comfort of the grounds. And best of all, it is free to all without money and without price.

Furious Driving.

To the Editor of the Examiner:—

DEAR SIR,—Will you kindly allow me a space in your paper to call the attention of the Chief of Police to the very dangerous and uncalled for manner in which the cabmen drive to and from the G.P.R. trains. It is not only dangerous to passers over the street, but also to those who may happen to be driving either one way or the other on George street. On Saturday evening it was simply dreadful and a stop should be put to it at once.

Yours truly, A LADY.

Much Needed.

To the Editor of the Examiner:—

DEAR SIR,—As the season for camping will soon be on, I wish to ask the Grand Trunk authorities, through your popular medium, if such arrangements could not be made that the train at Lakefield, after the usual timely stoppage at the station, could not be permitted to run on to the wharf. This would make our back water trip even more popular, besides being a great convenience and saving of time and money. The time lost at Lakefield and the expense of carting is simply uncalled for when the track is already laid to the wharf.

If the G.T.R. management will do this they will confer a great favor upon

THOSE GOING NORTH.

In Memoriam.

Lines for Mr. and Mrs. Wm. Stevens on the death of their little Jennie who died April 6th, 1888.

"She is not dead but sleepeth."

I heard the angels singing,
As they went up through the sky;
Your sweet infants spirit bringing
To its Father's home on high.

Happy child so soon ascended,
With thy shining raiment on;
With only four short summers ended,
With a crown so quickly won.

Gone so soon, aye, gone and left you,
Left her little sister dear;
Gone to wear a crown of glory
In that land that knows no fear.

Oh parents dear don't weep for her,
Your darling that was dearest.
Think of Jennie as a saint above,
And to the throne the nearest.

You miss her footstep on the floor
Amidst the household din,
Her tip-tap at your bedroom door,
Her bright eye peeping in.

And when to Heaven's high courts above
Ascends your evening prayer,
Though there are voices that you love
One sweet voice is not there.

You miss that farewell laugh of hers,
With its merry, joyous sound,
And the kiss from sister Mabel
When good night time comes round.

And empty is her little bed,
And on her pillow there
Must never rest that cherub head,
With its soft, silken hair.

Restrain thy tears, dear mother,
And learn this lesson still,
That God who gives can take away,
Blest be His Holy will.

And then it is Faith's tear-dimmed eyes
Can see through Heaven above,
Amidst the angel-crowded skies
That dear, that sweet young face.

With beckoning hand she seems to say
"Dear father, mother, come!
Your little girl is happy here
With Jesus evermore."

Doubt not she loves to welcome you
To her glad, bright abode,
There, happy, endless ages through,
To live with her and God.

CHURCH RE-OPENING—St. Mark's Church was re-opened on Sunday, May 13th, after having been vastly improved, under the management and, to a very large extent, the personal workmanship of the enterprising church-warden, Mr. A. F. Chonee. Although the seating accommodation has been greatly increased, every seat was occupied. The service was hearty, and the music, as usual, thoroughly well rendered. Many bright flowers, tastefully arranged, contributed, by their beauty and fragrance, to the gladness of the festival. An eloquent sermon was preached by Rev. W. C. Bradshaw. The improvements include a new chancel and vestry, and new furniture throughout the church. The seats, choir-stalls and chancel ceiling are all handsomely finished in ash; and the nave of the church, from which the gallery has been removed, is painted in warm colors. The chancel windows, stained by Rev. John Farncombe, Incumbent of the parish, add greatly to the completeness of this decidedly pretty, little church. Pastor and people may "thank God and take courage."

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease germs without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

A Big Crowd and a Good Match.

GLOUCESTER, N. J., May 21.—The Athletic and Baltimore Base ball Clubs were billed to play an exhibition game here to-day, but the ground could not accommodate the crowd which gathered. After one inning had been played the surging mass of spectators pressed upon the playing field, rendering it impossible for the game to proceed. Ineffectual efforts were made to move the crowd back beyond the ropes and the game was abandoned.

LIFE ASSURANCE COMPY OF CANADA

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies issued in force are 7,128 for $10,873,777.00, on 6741 lives. We have moreover $3,207,000 of insured under 1,840 accident policies, so that the total current contracts of the Company are 8,968 for $14,081,377.00.

The income for the year shows the very large increase of [illegible] the figures of 1886, the total being $696,631.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,482 60	$1,149,743 00
1876 to 1880, four years	81,809 67	195,189 29	1,467,269 14
1880 to 1884, four years	139,976 84	363,994 31	2,992,994 99
1884 to 1887, three years	217,451 89	475,697 24	4,029,873 65
Total in 1887	$495,631 54	$4,750,644 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

Robbing Her Youth.

"By jove, Baxom," says Crumley, "How well your wife looks, she seems like a girl of twenty."

"Ya-a-s, I believe she does, but she's turned thirty-five years and is the mother of four big lubbers of boys."

"You don't say so? How do you account for her young looks?"

"Why, old boy, I treat her well and she treats herself well. Within the past year she's the best dressed woman in town—that makes her look young. I give her all the money I can and, by jinks, a little goes a good way. She buys all her dresses and millinery at the golden lion, and the stock in both cases is so cheap that, combined with her good taste, makes her look like the girl I married fifteen years ago—the dear old girl, God bless her."

Waste Time.

The [illegible] of the fire [illegible] was again demonstrated at Sunday afternoon's fire. When the fire was first discovered, an effort was made to stamp it out and some precious moments lost in this way. Then when it became apparent that [illegible] could not be extinguished by the means then at hand, someone attempted to ring the bell at the corner of George and Dublin streets, but it refused to answer the rope. Here, again several minutes were lost, as the electric alarm box was two blocks away. From there, however, the alarm was sent to the central station, and in a short time the brigade was at work.

This morning a new bill, promulgated by the Cigarmakers' Union, came into effect in Canada. The bill provides for a higher scale of prices and regulates the number of apprentices and other minor matters. There is no difficulty among the cigarmakers in Peterborough, but it is feared there will be a strike in Toronto. At Quirk's factory the men are at work as usual, their employer having acceded to the demands of the [illegible] regulations. Messrs. Hilliard Bros., being themselves manufacturers and having only with them Mr. Miller, another licensed manufacturer, do not come under the new bill. Peterborough cigarmakers are under Toronto jurisdiction, and it is feared a strike will [illegible] in the Queen City.

A Sunday Fire.

Sunday afternoon a fire broke out in the stable of Mr. John Robertson, Dublin street, and in a few minutes the place was a mass of flames that quickly extended to Mr. Thos. Lush's brick residence close by. An alarm was rung from the north ward box, and within four minutes of the alarm on the town bell the brigade had a stream of water playing on the flames. The barn was speedily consumed, and the fire in the dwelling, having got under the roof, was very difficult to get at. However, the flames were subdued before the house was very badly damaged. It carried an insurance of $1,000 in the Norwich Union. The household goods, which were uninsured, were rescued from the burning building in good condition by scores of willing hands. There was a large crowd present, and Chief Roszel and P.C. Adams won the gratitude of the bystanders by keeping the spectators back and giving the firemen untrammelled liberty of action. The fire is supposed to have been caused by some children playing with matches in the barn.

A Drunkard's Folly.

Saturday afternoon a man staggered down Hunter street to the bridge, very drunk. He was at that stage of intoxication that renders a man partially insane, or unaccountably rash to say the least of it. The black, whirling water underneath him seemed to fascinate his besotted senses, and a strange irresistible desire to fling himself into its cold depths overpowered him. He clumsily and stupidly attempted to follow out his inclinations, but being very drunk was slow about it. He had one leg over the railing and was about to lurch over when fortunately a [illegible] observed his actions and caught him just in time to save his life. He was determined, however, and broke loose from them and made a second desperate attempt to throw himself off the bridge, but was prevented. He was forced over the bridge and away from the dread spot that had nearly dealt his doom, and very soon he quieted down and went off peaceably to his home.

Trawling for Maskinonge.

Mr. Garner Nicholls forwarded to Mr. Stevenson, M.P., on Saturday a largely signed petition, praying that trawling for maskinonge be permitted after the 24th of May, in the waters between Bobcaygeon and Peterborough.

Tag the Dogs.

Town Clerk MacDonald is now ready to issue tags to the owners of dogs on the payment of their township [illegible] revenue from this source. The [illegible] dogs on hand ready to be [illegible].

You may come to us with a sour face, but you will laugh before you leave—at the Xcellent Tea you can get at The Pantry for 20c. a lb.

Important Auction Sale.

Judge Dennistoun having disposed of his residence and proposing to remove from this [illegible] the country, the whole of the household furniture and effects will be offered for sale by auction on Wednesday and Thursday, May 30 and 31 inst. Catalogues [illegible] will be issued shortly.

The Price of Meat.

The [illegible] the recent [illegible] on this subject, bringing Councillor Moore to task for the position on the question [illegible] at the meeting of the Council. The tone of the writer does not accompany it and the Medo-Persian journalistic law deems the letter to the waste paper basket.

Driving Park Races.

With their usual enterprise, the Driving Park Association intend holding races on the 24th, a list of which and the prizes therefor have already been published in the Examiner. The crowds, which on the occasion of the last two have proved no exception if the merits of the programme count for anything.

They Like the Life.

This forenoon a letter was received at the Stewart House from Payne, one of the first batch of N.W.M.P. recruits who left Peterborough. He said the boys all liked the life immensely so far. "Bob" White, the letter stated, was driving a team, for which he got 15c. a day extra. The letter was read [illegible] the recruits [illegible] an encouraging effect on them.

Mounted Police Recruits.

Inspector Saunders left on the 11:30 train to-day with six young men who had signed for a term of service with the Dominion Mounted Police. Their names are: Edward Reynolds, Frederick Harrison, Henry Graham and Cornelius McGrath, of Peterborough; A. W. M. Campbell, Cartwright; Archibald Lattimore, Prince Albert.

A Fit and Cured.

Quite a sensation was caused on George street Saturday night by the fright of Doran's attire. A young man [illegible] down, fell down in a fit, and was carried into the store, where for about fifteen minutes he was worked with before he recovered. The streets were crowded, and there was a perfect [illegible] that what [illegible] a few minutes [illegible].

A certain gentleman in town has just had a little bit of experience that didn't cost much, but will be taken to heart and remembered by him all his lifetime. He saw an advertisement in a newspaper that read:—"Sure way to get rid of moths. Send 3c in stamps for recipe." He sent the stamps and by return mail this morning received the following pithy recipe:—"Leave the premises."

Base Ball.

[illegible] Canton members have made a new move in their excursion. A good move? Of course; they would do nothing else. Their excursion has been amalgamated with the St. Luke's C.E.T.S. excursion. It will be a grand affair—two excursions in one. Tickets good for two days; first class coaches, fast time over the C.P.R. At 7 a.m., or may go at 5.00 a.m.; tickets, $2; children, $1. All [illegible] for June 12th.

Real Estate.

Mr. Josiah Robertson has purchased a brick residence on Stewart street, opposite the residence of Mr. W. G. Ferguson.

Mr. Peter Hamilton has purchased the property on Sherbrooke street east of and adjoining the creek, and recently occupied by Mr. McMaster. Mr. Hamilton intends cribbing the creek from King to Sherbrooke street. This [illegible] will enable Mr. Hamilton to greatly improve the property.

Closing the Mission.

The week of mission services in St. Peter's Cathedral closed on Sunday. Rev. Father Connolly preached in the forenoon and evening to large congregations, and in the afternoon the ceremony of blessing the [illegible] was performed. At the close of the evening discourse the Rev. Father urged the congregation to [illegible] Society of the Sacred Heart, and it is understood a meeting will soon be held for that purpose. The mission services throughout this week have been most successful, and the two Jesuit priests will return to Montreal followed by the prayers of the many who have been blessed by their ministrations.

A $1,000 Guarantee.

The Aiden Benedict Company will present "Monte Cristo" at the Opera House Friday night. The Company's press notices are of the highest order, and in addition Mr. Benedict issues the following notice:—

"I specialize on my arrival in town, I will deposit One thousand dollars with the ballot of reserved seats, to be placed in window where all can see it, and a guarantee that Aiden Benedict's Monte Cristo Co. will give as good an entertainment as any dramatic company ever gave in this town. Any person purchasing coupon tickets, that is dissatisfied, will, on presentation after performance receive $1 for such coupon.

Bankers vs. School Boys.

A [illegible] match was played on Saturday afternoon on the cricket ground between a team of bankers and a team of pupils of the Collegiate Institute, which resulted in a victory for the former by a single run. The Institute team was not quite complete and a couple of substitutes had to be taken on. The match was a very close one, and the boys did quite proud of themselves throwing they made against a team of bankers. Following is the score:—

Police Court.

MONDAY, May 21.

This morning's sitting of the Court was a decidedly amusing one. The docket comprised six "cow cases" and one "dead d."

Daniel [illegible] the first one called to account. "Mr. [illegible], I charged with a breach of the cow by-law. Guilty or not guilty?" "Well, I suppose I'm guilty, but, Your Honor, I had her tied by the leg and she must have broke away. First time ever in [illegible] Book." "Can't help it. Tribunal [illegible] the nuisance at the start. $2 and costs."

Mrs. Renton, a widow lady [illegible] Millburn, was next called. She acknowledged that her cow was running loose but excused herself on the ground that her cow's vagrant tendencies had not been checked for a couple of years back and she always left her children watch it. She also thought it a hardship that her cow should be selected and others allowed to roam at large. She pleaded besides that the cow was the chief support of her family of five children, she had no place to pasture the animal and no money to pay her fine, which was the same as the first one. All to no avail.

Poor John Tait was the next on the list. He walked up to the magistrate's desk and began reading a paper he had written setting forth his views upon the cow by-law in general and his reasons for knowing that personal spite was the cause of his conviction. He was fined two dollars and costs, just the same.

J. Garside and J. Cumming pleaded guilty and were fined as were the others. Mrs. Patton had been summoned, but not appearing the fine was proclaimed against her.

The Magistrate announced that if the defendants appeared before him again he would fine them $5 next time.

DRUNK AND DISORDERLY.

Matthew Seary was committed to gaol for ten days in default of payment of fine for this offence. He was very drunk on Saturday night [illegible] police.

PETERBOROUGH citizens [illegible] have had a Kidd in boots—now they have a Kidd in The Fishery, who is reaching out with irresistible energy for the grocery trade of the town and surrounding country. Give *im* a call.

Trent Valley Canal Matters.

Judge Weller has returned from Montreal, where the Trent Valley Canal Commission held a session two or three days of last week. The Commission examined several of the prominent merchants and business men of the city regarding the importance of the canal as a through route for traffic, and the opinions elicited were taken note of. As yet the Commissioners have received no replies to the circulars sent out by them. They meet again in Toronto on Saturday, and will begin their district meetings along the line of the canal in July and August.

The Cruiser's Holiday Excursion.

On the 24th of May the Steamer "Cruiser" will be the first steamer to open up to the public the waters of the Trent Valley Canal rendered accessible by the completion of the Burleigh locks. At 8 a.m., on the Queen's birthday, she will leave Peterborough with an excursion party, and make the run through Stony Lake to Burleigh Canal and Lovejoick Lake and Deer Bay. This will be an entirely new route, and, as it will be [illegible] patronized the coming season, the public will, doubtless, be anxious to make [illegible] exploration this excursion will afford a chance for.

An Amusing Race.

A laughable feature of the sports in the [illegible] group [illegible] the 24th May will be [illegible] at a meeting of the directing committee Friday afternoon it was decided that all members of the committee then present should take part in the race, and a toss up was taken for choice of animals. The "hosses" will include a pig, [illegible] other domestic animals. Dr. Ferguson is [illegible] to receive tenders for [illegible] of the [illegible] mammal of the [illegible] which [illegible] variety, warranted to make a hundred yards dash in 11 seconds and possess all the slippery dexterity of an eel; said [illegible] to [illegible] both the animal race and greasy pig chase. A good price will be paid for the right article. It is said the Doctor has the promise of one that has had the freedom of the hills of Apsley for a number of years, and may be relied upon as obstinate as the proverbial mule. The other members of the committee are pained as follows:—Col. Rogers, a goose; Capt. Miller, a turkey; Lieut. Mason, a frog; Mr. G. C. Clarke, a rabbit; Dr. Burnham, a duck; Mr. E. B. Rogers, a cat; Lieut. Hammond, a dog; Capt. Hill, a hen.

Exhibit of Carriage Work.

A business [illegible] whose [illegible] are of the highest merit, is not afraid to submit them to public inspection. Acting on this principle, Messrs. Porter Bros. will, on Saturday next May 19th, and on Wednesday, May 23rd, give a grand exhibition of their superb summer stock at their warerooms, corner of Charlotte and Aylmer streets, Peterborough (opposite Mathew's grain store house). This is a purely business exhibit—they rely on the quality of their goods selling the goods, and they feel convinced that they have only to show full and free inspection to convince customers of the merits of their goods. The public are cordially invited to come and make the closest and most critical examination possible of the splendid array of carriage goods that will be on exhibition on the above dates. They will find the latest styles of buggies, phaetons, [illegible] and [illegible] in an artistic manner, built of the most durable and thoroughly [illegible] material, and guaranteed to give the greatest satisfaction. The work of Porter Bros. has stood the test of years and the fullest inspection is invited at their spring exhibition on Saturday, May 19th and Wednesday May 23rd. Don't forget the dates nor the place—Porter Bros.' warerooms, corner Charlotte and Aylmer street, Peterborough. 2d710

A Horse Purchase.

Mr. R. [illegible] on Saturday brought to town his [illegible] saddle horse, purchased recently from a gentleman of the east. The horse is a large and beautiful chestnut, for saddle and driving, bred from "War Cry" and a "Tippo" mare. Mr. Kent paid a good price for the animal and has [illegible] in one of the finest horses in town.

Special inducements in [illegible] and all others during the busy season at J. T. Stenson's boot and shoe store, George street. Prices are [illegible] that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

West End Park.

This is the name given to a new resort created this spring, where the old tank and the adjacent refuse pit existed at the junction of Charlotte, Park and Bethune streets. The triangular spot has been filled in with earth levelled, sown to grass and planted with trees. The town supplied the filling and some of the trees and Messrs. J. L. Hughes and E. K. Ostrom did most of the work. The plot is closed in by posts at long intervals, supporting a line of light chain, and about fifty trees, maple, hard and soft, and birch, have been planted. These gentlemen are to be commended for their public spirit, for though the little park fronts their property, it is for public use, and will in a few years be a delightful resort. It will be a veritable beauty spot.

BANKRUPT STOCK EMPORIUM,

No. 3 COX'S BLOCK,—GEORGE STREET.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1 25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the 1st counter to the right.

Our first stock of Sailor Hats has been bought up rapidly which is sufficient evidence that they are the correct thing. Our second shipment, bought at a much lower price is now in. All sizes and styles to choose from. The prices will please you when you see the style and quality.

RE-OCCUPIED

JOHN HACKETT

Has again occupied his former premises next door to Fortye & Phelan's Hardware Store.

* * * * *

The Store, which has been undergoing extensive alterations and improvements is now a model place of business, and the public are invited to call and take a look through the premises.

CHAT FROM THE CAPITAL.

OTTAWA, May 22. Lord Lansdowne and party will leave Ottawa at 4 p.m. to-morrow. Addresses will be presented to His Excellency by delegations from all societies and organizations of the city.

The Canada Atlantic Railway Company have just completed a new commercial telegraph line to Montreal.

Damase Beault of St. Timothy, Que., was thought to be sleeping on the side of the road in Hull yesterday, but finally, on attempting to wake him, it was discovered he was dead.

Prorogation takes place this afternoon. The joint address to His Excellency is to be presented in the Senate Chamber at the same time.

At a Liberal caucus Mr. Mills announced his intention of withdrawing his boundary resolution.

Adam Brown said he noted with keen disappointment that no subsidy was given to Ontario railways, and particularly regretted it on account of the Ontario Pacific Railway, which was of the greatest importance to Hamilton and a large section. He alluded to Hamilton as leading Ontario in manufactures, and hoped the Government would revive its policy of assisting roads and not forget the South Ontario Pacific.

The houses on Gatineau Point, along the Ottawa River, are inundated, owing to the floods. Some are living in the upper story, but others have had to abandon their houses.

In reply to Mr. Laurier, Sir John Macdonald said the Government did not intend to aid in the construction of a bridge at or near Quebec. Opposition being shown to the granting of $30,000 to the Qu'Appelle Valley Railway, Sir Charles Tupper withdrew the resolution, he, more than anyone else, appearing extremely anxious to get through.

In Committee of Supply yesterday Mr. Bowell said the outside customs staff had to be increased for more business.

Mr. Mitchell protested against a share in the seizures being given to detectives, and denounced the system.

Sir Richard Cartwright drew attention to the Chinese immigration. Mr. Bowell said that during last year 116 immigrants arrived in Victoria. The number of registrations were 971 and the tickets of leave 78. Seven Chinese entered Canada, one at Port Arthur. Legislation had decreased this class of immigrants.

A Sunday cocking main was the absorbing topic among sports yesterday.

A horrible accident occurred here this morning by which a young man named Alfred Jette received mortal injuries. He was engaged in painting near the roof of a house on Queen-street when the ladder on which he stood fell. The young man's head struck the sidewalk with such force that his brain was forced out of his ears. He was about 20 years of age and unmarried. The doctors say he must die within a few hours.

The mortuary statistics for April show the number of deaths registered during the month as follows: Montreal 476, Toronto 193, Quebec 135, Hamilton 69, Halifax 59, Ottawa 86, St. John, N.B., 44, London 14, Winnipeg 34, Kingston 24, Charlottetown 12, Victoria (B.C.) 10, Hull 36, St. Thomas 13, Guelph 19, Belleville 13, Sherbrooke 13, Peterboro 24, Chatham 16, Windsor 12, Woodstock 8, Fredericton 4, Sorel 24, Galt 12, St. Hyacinth 14, Brantford 23.

The Royal Society of Canada meets here to-day.

Sir Adolphe Caron left the Capital at midnight by special train to attend a dying sister at Quebec.

Mr. Therien, M.P., who is seriously ill, has been taken to a Montreal hospital.

The attempt of the Dominion Government to commute the rental now paid annually to the Archbishop of Quebec for the old Parliamentary grounds in that city by the payment of a lump sum is resented by His Eminence Cardinal Taschereau, who does not want to sell the ground but to keep it as a source of revenue to the Archdiocese. The Cardinal, it is said, will not accept the lump sum which has been placed in the estimates by the Government to pay for the grounds, and regards the proposal to expropriate the ground as little short of an attempt to despoil the property of the church.

General Williams's Funeral.

MONTREAL, May 22.—At a meeting of the officers of the trades and labor organizations in the city resolutions were adopted condemning the proposed amendments to the city charter whereby real estate owners shall vote for both aldermen and councillors of the city while owners will only have a vote for councillors, and pointing out that real estate owners only pay $300,000 of the total revenue of the city, which amounts to $1,962,000.

Loss of the Schooner William Elgin.

PICTON, May 22.—The schooner William Elgin, from Oswego for Belleville with 300 tons of coal consigned to the Rathbun Company, sprung a leak and sank about 16 miles off the former port on Saturday afternoon. The crew were picked up by the Ocean Wave and landed at Indian Point Sunday. The William Elgin was built 20 Deseronto in 1871, and was owned by Capt. James Savage. She was valued at $8000, and was not insured.

DOMINION PARLIAMENT.

THE COMMONERS HOLD THREE SESSIONS YESTERDAY.

The Business of the Session Practically Ended—The Estimates Passed—Prorogation to Take Place To-day.

OTTAWA, May 22.—Shortly after the House commenced its sitting yesterday morning, Mr. Dawson, the deliberate representative of Algoma, arose to controvert the series of statements contained in a notice of motion respecting the northern boundary of Ontario given by Hon. David Mills some time ago. Sir Charles Tupper rose with the request that, as a personal favor, Mr. Dawson would desist, because, he said, "although you may only take five minutes, an hour at least will in all probability be consumed in answering you, and you will become responsible for preventing prorogation taking place to-morrow." Mr. Dawson subsided.

Hon. Mr. Thompson, unconsciously, perhaps, gave a very interesting piece of information to the House if he meant what he said in explaining an amendment made by the Senate to the Summary Convictions Act. "I think this will only answer temporarily." Mr. Thompson explained, "I propose to submit a further measure next session." According to this he is not to go on the Supreme Court bench just at present but intends to retain the office of Minister of Justice.

At the morning session the remaining items of the main estimates were passed with the exception of a few reserved for explanation, and considerable progress was also made with the supplementary estimates for 1887-'88.

The afternoon session was uneventful.

The House continued all evening in committee of supply on the supplementary estimates, and at adjournment there were many items of these for 1888-89 not yet passed.

In connection with the appropriation for steamship subsidies Sir Charles Tupper expressed the hope that before next session the Government would be able to make provision for a very valuable West India trade.

The House adjourned at 1.25 until 10 o'clock. Before adjourning Sir John expressed the hope that prorogation will take place at 3 p.m.

A Brace of Accidents.

LISTOWEL, May 22.—John Gay of Elma, aged 60, was thrown under an upsetting rig against a telephone pole yesterday, receiving a serious wound on the right side of his head, his cheek being literally torn from the mouth to the ear.

Mrs. James Purvis fell while cleaning the dining-room ceiling, and her head struck the stove, smashing her teeth and cutting the nose and chin to the bone. Her shoulder and two ribs are also fractured.

Anti-Chinese Legislation.

LONDON, May 22.—A despatch from Wellington, N.Z., says a bill directed against Chinese immigration has passed the House of Representatives of that colony.

A despatch from Sydney, N.S.W., says 40 Chinese immigrants possessing exemption passes have been permitted to land there. The Government will compensate those sent back to China. The admiral in command of the Australian station has declined to comply with the request of the captains of the immigrant vessels that an armed guard be sent to their vessels to prevent a mutiny among the Chinamen forbidden to land.

Wanted From Winnipeg.

WINNIPEG, May 22.—It is probable that Beverly Robertson will receive the Conservative nomination for South Winnipeg, Ald. Hutchins for Centre, and efforts are being made to induce Mr. Drewry to oppose Treasurer Jones in North.

Tenders for track laying on the Red River Valley road were not opened to-day, owing to the absence of the Railway Commission.

Boys playing with matches started a fire which burned two stables.

Poisoned by Mistake.

ORILLIA, May 22.—Last night after returning from the Presbyterian church Mrs. William Blain asked her maid to prepare some gruel. By mistake the maid used meal which contained "rough on rats." Mrs. Blain died within an hour after partaking of the gruel. She leaves a husband and three children.

A Fishing Fleet Wrecked in a Gale.

LONDON, May 22.—The Danish steamer Laura has landed at Leith fifty-three fishermen belonging to Dunkirk boats, which were wrecked off the coast of Ireland. These boats belonged to the French fishing fleet which was caught in a recent gale. Fifty boats have not been heard from.

Not Get Off Easy.

GUELPH, May 22.—Tom Kenny was before the County Judge yesterday, sent up for trial by the Police Magistrate on a charge of brutally assaulting his aged mother. He was sent to the Central Prison for six months.

BOSTON BEG MARKET.

Receipts for the week, 31 boxes, 473 bbls., 13,511 cases; last week, 76 boxes, 929 bbls., 11,330 cases.

There was a slow trade early in the week, but prices have been held fairly steady, and at the close there is a firmer feeling on choice stock. The first direct steamer from Prince Edward Island has arrived with 4000 cases which are offering at 14c, but the quality is rather ordinary and they are meeting with a slow sale. Choice western are quite firm at 14½. Extra eastern in light supply and generally held at 15c.—Journal of Commerce report.

CHEESE MARKET.

ALTAMA, May 21.—Eleven factories offered 1050 boxes first half May and 6 to 15 May; no sales were reported; 8½c was offered and refused; five buyers present.

Lillie's Aim Was Poor.

CHICAGO, May 22.—As P. J. Relander, a real estate agent, was passing a saloon at Fulton and Ann streets about 9 o'clock yesterday morning, Lillie Richmond, disguised in men's clothes and wearing a heavy mustache, leveled a revolver and fired a shot which grazed but did not injure him. Relander formerly lived with the woman for a time. Both are married.

IN THE EAST

Is Where the Real Danger of War in Europe is Said to Lie.

NEW YORK, May 22.—In an interview, Minister McLane, just from Paris, said: "There is no likelihood of such a thing as civil war in France. The French people do not want it. There is every prospect of the people's happiness and prosperity in the future, the maintenance of peace being the almost universal desire of the mass of the French people."

"You have no apprehension of the Boulanger excitement causing bloodshed, then?" was asked.

"Certainly not. General Boulanger is a very clever politician, that's all. He is not a revolutionist, not by any means. I never expect to see him assume control of the French Government by force of arms."

"Or in any other way?"

"Oh, I cannot speak on that point. It comes within the limit of political affairs that would not be proper for me to touch on. General Boulanger unquestionably is a popular politician."

"Do you mean to be understood that any kind of European war is improbable?"

"Not at all. I was speaking of France only."

"How about the German question?"

"There is nothing new in that—I mean of any importance. Both nations have been glaring at each other for some time, but glaring does very little harm. I am sure the French people do not want any useless bloodshed on that point any more than on the other. The real danger of war lies in the East."

"You refer to the Russian question?"

"Yes. They are trying very hard to have a war, but—well it's very doubtful whether they will succeed or not."

QUAKERS FAVOR HOME RULE.

Mr. Gladstone Replies to an Address Presented by 1200 Friends.

LONDON, May 22.—In reply to an address by 1200 Quakers in favor of Home Rule Mr. Gladstone said it would have been difficult to persuade him that any large number of Friends could be so little in harmony with the noble social traditions of their body as to approve of a coercive policy towards Ireland. He received the address with pleasure as a definite evidence of the Friends' sentiments.

A Mitchellstown Echo.

DUBLIN, May 22.—Thomas Joseph Condon, M.P., has been convicted and sentenced to a month's imprisonment without hard labor for inciting taxpayers to resist the payment of the tax imposed by the Grand Jury of Cork and Clare to compensate Constable Leahey, who was injured in the Mitchellstown riots, and the family of Constable Whelehan.

QUEBEC RESOLUTIONS.

THE PREMIER MOVES CONCURRENCE BY THE ASSEMBLY.

Mr. Mercier Delivers a Six Hours' Speech in Support of His Motion—Mr. Flynn's Reply—The Vote to Be Taken Friday.

QUEBEC, May 22.—After routine in the Legislative Assembly yesterday Premier Mercier moved concurrence in the resolutions of the Interprovincial Conference. The Premier spoke for six hours from carefully prepared notes. The conference, he said, was not held for the purpose of hurting the basis of Confederation, as the delegates desired to consummate the act which united the provinces, but the sole object was to assert provincial autonomy. If the Federal Government had been represented at the conference the resolutions as regards disallowance might have been clothed in another form, as the Dominion delegates would probably have made suggestions which would have proven acceptable.

There was yet the way in which the Federal Government could meet them: That was to send delegates to England when the Provincial Premiers went, as the Imperial Government would not take action without hearing both sides.

He desired to vest the veto power in the Imperial Government, to save the provinces from arbitrary decisions of the Federal Government and from the caprice of party politics.

He demanded the readjustment of the subsidies to suit the growing needs of the provinces. He had urged the conference to place the figure at $1 per head, but had been overruled, and the figure had been fixed at 80 cents for the first 5,000,000, and 60 cents thereafter.

The Premier went into the resolutions seriatim, and concluded an eloquent, cautious effort by announcing that the boundary dispute between Ontario and Quebec would be settled by a conference of delegates from the two provinces and from the Dominion Government.

Hon. E. J. Flynn, in the absence of Hon. Mr. Taillon, leader of the Opposition, opposed adoption of the resolutions in a speech of 2½ hours, declaring that the conference sought to sweep away the basis of responsible government, for which Canadians had made so many sacrifices, and showed how their action was opposed to the policy of Mr. Blake, who resolutely declared against giving Downing-street any more power in Canadian affairs.

The debate was adjourned after a decision had been reached that the vote would be taken on Friday.

FROM TORONTO.

A Notice of Motion to Abolish the Coal Section of the Board of Trade.

TORONTO, May 22.—At the first general meeting of the Toronto Board of Trade a notice of motion will be offered to abolish the Coal Section of the board, because it is claimed that the evidence given under oath before the Combines Committee of the House of Commons has amply proved that the section has broken faith with the Board of Trade.

G. T. R. TRAIN SERVICE.

The travelling public of Peterborough are sorely disappointed over the new G. T. R. time-table, which fails to give the facilities for travel which the people have been practically promised, to Toronto via Port Hope. According to the time-table, summer travel towards the south is about prohibitively inconvenient. The 7.20 train south has been cancelled, and parties desiring to cross the lake by steamer from Port Hope will have to go down the day before and pass the night in Port Hope, thus taking two days for a simple journey of part of one day. Connections with the main line expresses is also impossible. For instance it will require two days to go to Bowmanville or Newcastle and return, a distance of only fifty miles. This arrangement is absurd and retrograde and the people of Peterborough feel that they have a first class grievance. What would give general satisfaction is a southward train at 6.15 to connect with trains east and with the steamer for Charlotte. A train to connect with the local at Port Hope would be a great convenience. This would enable the G.T.R. to compete in the matter of Toronto travel with the C.P.R. and also stimulate local travel with the towns and villages east and west of Port Hope. Why the Grand Trunk have seen fit to ignore the wishes and wants of Peterborough is difficult to conjecture. A short time ago the assistant general manager was in town, and from his statements we are informed there was reason to believe that a fast through train connection for Peterborough would be given us. Such a train service would be largely taken advantage of by Peterborough people. It is plainly in the interests of the company to study the public convenience, and we have no doubt, if the matters involved were pressed upon the attention of the railway authorities, something practical would spring therefrom. While on the general subject, reference might be made to a communication published in yesterday's issue asking that the Lakefield train, instead of stopping at the station, should be run to the steamboat wharf during the tourist season. The summer travel over the Lakefield branch is very large, and it is to be hoped that the Grand Trunk authorities will, in this as in the larger matter complained of, accede to the wishes of the travelling public, and thus retain that popularity, which recent train arrangements tend in no slight degree to imperil.

North End Improvements.

Hilliard's Saw Mill Rebuilt and Improved—Wilson & Son's New Woollen Mill.

Progress in its onward sweep includes the north end of the town. Though the fact is not patent to a passenger on the highway, yet an investigation shows that Mr. Geo. Hilliard's saw mill has been practically rebuilt, and is now, as far as building is concerned, as good as new, and, as far as mechanism is concerned, much better than new. The work of renovation was begun last fall, when a new bulkhead was put in, the flume rebuilt, and an immense wall to the canal that supplies the saw mill and the grist mill, built. This wall, which is also the foundation of the western side of the saw mill, is 100 feet in length and 8 feet in thickness at the bottom, where it rest on bed rock. It is built of huge blocks of Barleigh limestone, laid in hydraulic cement, and has openings for the flumes to the saw mill penstocks. The saw mill has been raised bodily two and a half feet, a very nice job, considering that the roof was left intact. In a word, all the timber has been renewed on the machinery floor, the pine replaced with cedar, the timbers resting on the solid rock. The shafting has been refitted and rearranged and one wheel removed, the readjustment of the machinery making two wheels at present capable of doing the work of three under the old arrangement. One penstock has been entirely rebuilt. On the working floor the machinery has been thoroughly refitted, a new circular 60 inches in diameter has been put in and the feeding apparatus is the Hamilton Company's friction feed the best made any where. A new gang has been refitted capable of sawing eight pieces at once, with thirty saws. A new machine has been added for cross cutting ties to the regulation length. The lath machinery has been refitted throughout and a new splitting machine for cutting lumber for ordered widths—flooring, siding, etc.,—has been put in. In fine the mill throughout has been practically rebuilt and the machinery renewed. Mr. Joseph Jones the efficient superintendent of the work has had extensive experience and his last job at Hilliard's saw mills has been done in a manner worthy of his reputation. The renewed mill has been made capable of cutting from thirty to fifty thousand feet per day, according to circumstances, and the cut this year will amount to about a million feet. Work will be begun in a few days.

WILSON'S WOOLEN MILLS.

The building for Wilson & Son's new custom woolen mills is in an advanced state and will be ready for the machinery about the first week in June. The building is 42x63 feet, three stories and basement. The height from foundation to plate is fifty feet. The foundation it of stone three feet in thickness laid on the solid rock. The roof is double decked, that is, above the main roof the supplimentary roof begins, seven feet higher, and set in on the sides ten feet on each side, and is, therefore, 22x83 feet in area. An annex of brick 23x28, one story in height, with iron roof, is intended for the boiler [illegible] plaster room. Mr. T. C. Irwin is superintendent of construction of this building which is built with every regard to steadiness and vibration. Internally the walls are sheeted with planed lumber, and the girders, joists and the under surface of the flooring, forming the ceiling of the room below, are all planed also. The mill is intended for custom work and blanket weaving and flannels. The machinery, which will be of the best quality, will be driven by a 40 horse power Leffel Turbine water wheel, put in by the Wm. Hamilton Company. In fact all the machinery of the new mill has been refitted and supplied by this Company, which Mr. Jones emphatically declares takes the lead in saw mill machinery.

The works above mentioned give employment to forty men.

Happiness.

The fountain of all happiness is health. A man with an imperfect digestion may be a millionaire, may be the husband of an angel and the father of half a dozen cherubs, and yet be miserable if he be troubled with dyspepsia, or any of the disorders arising from imperfect digestion or a sluggish liver. By taking advantage of the opportunity offered you to buy Superior Teas at Honest Prices from the undersigned.

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to our Counters. We Want the Public to know just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Pic-nic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors.

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10.00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

To Make Books at St. Louis.

ST. LOUIS, May 21.—President Charles Green of the St. Louis Jockey Club decided this afternoon that he would have bookmakers at the St. Louis meeting, which begins next Saturday. Mr. Green had previously resolved to confine the betting to mutuels and auction pools, and in view of this had made special arrangements with experts in this line from Louisville. The book betting, however, will be under the supervision of the association, which will let the stands to the bookmakers at $100 a day each.

The Six Days' Race at Montreal.

MONTREAL, May 21.—The great International six days' walking match commenced at 11 o'clock to-day in the Victoria Skating Rink. At the close of four hours the score was: Cartwright 31 miles, Noremac 28 miles, Panchat 28 miles, Taylor 27 miles, Corkey 29 miles, Bennet 21 miles, Moore 29 miles, Paul 24 miles.

At 11 p.m., the close of the first 12 hours, the score was: Cartwright, 59 miles; Moody, 74 miles; Bennett, 65 miles; Taylor, 65 miles; Noremac, 64 miles; Corkey, 64 miles; Panchat, 61, and Paul 61.

Dust from the Diamond.

The two previous seasons the Stars were in the lead when they came here and lost three straights each time.

There never were so many injuries and accidents in the field as there have been this season. New York and Chicago are about the only clubs that have not been crippled in this way.

Shock, of the Washingtons, has accomplished the feat twice this season of hitting for a home run when there were three men on bases.

It is a peculiarly noteworthy, yet absolutely correct fact, that no club has ever had any luck that employed the Cleveland deserters of 1884—Briody, Glasscock and McCormick.

Higgins ran from first base on a foul yesterday and in coming back did not touch second. Umpire Hoover declared him out and the game was protested on that decision.

McLaughlin's play at short is very bad, his errors yesterday nearly losing the game.

The Rockaway Steeplechase Association spring meeting at Cedarhurst, L.I., opened on Saturday.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

She Speaks from Experience.

Miss Edith Foy, of Amherstburg, Ont., had a severe case of Quinsy. She writes: "I tried the doctor's medicine, but got no relief. I was told to try Hagyard's Pectoral Balsam. After taking two doses I got relief, and when I had taken three parts of the bottle, I was completely cured." 2d20w

A sure Remedy for Neuralgia.

Neuralgia is one of the most common and painful affections incidental to this climate. Life to thousands is made miserable through its agency, and as it effects the nerves, only the most powerful and penetrating remedies can reach it. Nerviline has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we request a trial of Nerviline. Sold by druggists, and all dealers in medicine, 10 and 25 cents a bottle. 6d21w

A Sure Relief.

I suffered from a hard Cough contracted by damp feet. Having consulted a local doctor without effect I thought I would try Hagyard's Pectoral Balsam as a last resort. Before I had finished the first bottle my cough had entirely disappeared, and to day I enjoy better health than ever before. I can conscientiously recommend it. Chas. H. Kent, Telegraph Operator, East Selkirk, Man. 2w18d

THE WONDERS OF MAGIC.

When you find that beauty is falling away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."
The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair.
Try "Dorenwend's Magic."
It imparts strength and beauty,
And lays the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."
Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. For sale by J. D. Tully and all druggists. dw

The Weather.

Moderate winds, fair weather, stationary or higher temperature.

Spring Clothing.

The spring has come at last and every man feels like investing in a new suit of clothes to match the new garb of nature and the ladies. If he goes to the golden Hon he will find an immense stock of tweeds, suitings, broadcloths, worsteds, etc., awaiting orders to be made into garments and suits of irreproachable excellence in style, fit and finish. Imported goods at importers' prices.

Almost Faultless.

Referring to a performance that will be reproduced at the opera house here on Friday evening the St. Paul *Press* says:—"'Monte Cristo' was presented last night by Aiden Benedict's Monte Cristo Company in a manner almost faultless. The audience testified their appreciation of Mr. Benedict's work by calling him three times before the curtain. The supporting company was good throughout. Miss Sarah Farley is worthy of special mention. Stage effects were wonderfully realistic."

The Conviction Quashed.

At Toronto law courts on Monday the following decision was given in a case that was originally tried at the police court here:—

Queen v. Ambrose.—Motion on behalf of defendant on the return of a writ of certiorari for a rule absolute to quash a conviction under the Canada Temperance Act. Riddell (Cobourg) for the motion. Watson for the informant and the magistrate. Delamere for the Attorney General. Conviction quashed on the ground that the magistrate had no power to divide the penalty equally between the defendants and at the same time impose a penalty of imprisonment on each in default of payment of the whole penalty.

Colonization Roads.

Mr. Thos. Blezard, M.P.P. East Peterborough, has secured the following grants for colonization roads in the northern part of his constituency:—

Burleigh Road	$300
Scott Road	300
Chandos Road	300
Methuen Road	300

Mr. Blezard is thus shown to be active in watching over the interests of his constituents. Since he has been elected to represent the East Riding, he has had pretty thoroughly constructed and repaired the back country roads, which were before that time in a very sad state of disrepair, and the energy and industry shown by Mr. Blezard in the interests of the constituency generally, indicate that he is the right man in the right place.

Military Banquet.

The EXAMINER acknowledges with thanks the receipt of an invitation card to a complimentary military banquet to be tendered to Lieut.-Col. H. V. Villiers, deputy adjutant general, by the major general and staff of the Royal Military College, Kingston, and the officers of the active militia in this district. The banquet will be given at the Arlington hotel, Cobourg, a central point of the district, on Wednesday, May 30th. The object is to do honor to Lt.-Col. Villiers on the eve of his departure for Winnipeg. Officers without mess uniform may wear the ordinary undress uniform. Every commissioned officer in the district is expected to attend. Special railway rates will be afforded. The banquet tickets are placed at $1. Capt. Sam. Hughes, Adjutant, 45th Battalion, is secretary of committee. The occasion will, doubtless, be a military re-union of more than usual interest.

A Sad Accident.

Monday afternoon Messrs. James and William Davis were driving from Young's Point to Lakefield, when their steed, a young colt, shied violently and upset the buggy, throwing both men out and injuring them rather severely. Mr. Jas. Davis was picked up insensible with a fractured skull, and it is feared there is no hope of his recovery. Mr. Wm. Davis had his back hurt and will be laid up for some time. The two men were brothers. William resides in Lakefield, and James, who lives in Nebraska and has a wife and family there, was visiting with him. He had intended returning to his western home in a few days, but this accident, which it is feared will result fatally, interfered with his plans. A policy of $5,000 in the Manufacturers' Life and Accident Insurance Company would, in case of death, place his widow and family beyond want, or during the long illness before his recovery he would draw $25 per week.

Shipping to Ottawa.

Mr. Mark Curtis every year carries on an extensive trade in bricks with Ottawa builders, and this year he is, as usual, making large shipments every day to the Capital. The Ottawa builders apparently appreciate a good article.

Bishop Dowling will Officiate.

The corner-stone of the new Catholic church at Collingwood was to have been laid by Archbishop Lynch on the Queen's birthday. The venerable prelate having passed away, Bishop Dowling, of Peterborough, has consented to officiate and the ceremony will take place at the time originally fixed.

At the Back Lakes.

This forenoon the members of the Stony Lake Property Owners' Protective Association and a number of other persons who purpose buying building sites on some of the islands, went to Lakefield and took the steamer for the back lakes. They will return this evening.

Now is the time to order your shirts. Clark has a fine range of French cambric, latest patterns, fast colors. 3d120

Mortuary Statistics.

The mortuary statistics for April show the total deaths in the leading cities of Canada to be as follows:—Montreal, 476; Toronto, 172; Quebec, 135; Ottawa, 86; Hamilton, 69; London, 31; Peterborough, 24; Kingston, 24; Brantford, 23; Guelph, 19; St. Thomas, 13.

Queen's Birthday Parade.

At nine o'clock on Thursday forenoon Canton Peterborough *Patriarchs Militant* will meet at the rink and, headed by the band, parade up George street, where a number of fancy evolutions and drill movements will be given. A full turnout of members is requested at the regular meeting in the rink Wednesday evening.

The Secret of Success.

People are astonished at the amount of property sold by JOHN CARLISLE. Why has he sold so much? Simply because he leaves money EVERY TIME in said properties for the buyers. Many can vouch for the truth of this statement. 45 parcels sold the last few months. eodw

Where are You Going the 24th?

The popular question on the street is:—"Are you going to Father Conway's picnic at Norwood on the 24th," and almost as frequent is the rejoinder, "Indeed, yes; wouldn't miss it for a farm." A large number intend going down from Peterborough. Special rates have been made by the railway.

Militia Camp.

The militia camps of districts N. 3 and 4 will be held at Gananoque this year, and it promises to be the largest camp held for many years. It will begin 19th of June, under command of Col. Straubenzie, D.A.G. The third troop of cavalry are not announced among the corps who will attend. The Durham Field Battery is included.

Here's a Go.

Something new! What is it? Why, the Canton members have made a new move in their excursion. A good move? Of course; they would do nothing else. Their excursion has been amalgamated with the St. Luke's C. E. T. S. excursion. It will be a grand affair—two excursions in one. Tickets good for two days; first class coaches, fast time over the C.P.R. At 7 a.m., or may go at 5.00 a.m.; tickets, $2; children, $1. All get ready for June 12th. 2d

Mr. F. S. Gould has assumed the management of the dry goods business in Dawson Bros'. old stand, and having placed therein a new stock of seasonable goods, will open out on Saturday, 26th inst., and will, for the following thirty days, conduct a slaughter sale at lower prices than any other merchant in town can buy the goods. The stock is all fresh and good, and must be cleared out at once. Here is an unparalleled chance to secure bargains. 2dw

Rev. D. F. Gee, Millbrook—Dr. Fife.

This afternoon's session is of a private nature. To-morrow morning at nine o'clock a meeting of laymen and ministers will be held and in the afternoon another joint session will follow.

Come Out Like a Man.

To the Editor of the Examiner:—

DEAR SIR,—I have been informed by the Chief of Police that a boot and shoe merchant has written him saying that I have broken the early closing by-law. I wish to notify this merchant, whoever he may be, that I have not violated the by-law in any way, and if he thinks I have, why doesn't he come forward and prosecute me like a man, and not become an informer?

Yours truly,
JOHN MCNAUGHTON.

May 22nd, 1888.

PETERBOROUGH citizens for some time past have had a Kidd in hoof—now they have a Kidd in The Pantry, who is reaching out with irresistible energy for the grocery trade of the town and surrounding country. Give him a call.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop, George street. Prices are cut so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

Law and Lawyers.

At the recent law examinations at Osgoode Hall, Peterborough contributed several successful candidates. Among those called to the bar appear the names of Mr. Arthur Stevenson, and R. R. Hall, and R. M. (Max) Dennistoun, all of whom received their preliminary training at the Peterborough Collegiate Institute. Another graduate from the Institute under its present *regime* is Mr. F. W. Gladman, son of Mr. G. Gladman, who passed with credit the examinations admitting him to the law society. He has entered as articled clerk the law office of Messrs. Dumble & Leonard.

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease germs without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall, dw

The Mission Band Concert.

The first entertainment given by the Mission Band of the George street church was held in the schoolroom Monday evening. There was a full house and the silver collection taken at the door was an ample one. The entertainment was highly successful, and those who were responsible for the programme are to be congratulated upon the favorable result of their labors. The chief feature of the evening was the debate on the subject of novel-reading, between representatives of the Otonabee Canoe Club, Messrs. A. Clegg, and A. Tebb, who upheld the affirmative, and of the Y.P.A., Messrs. F. H. Dobbin and S. R. Armstrong, the negative supporters. It was very interesting, and at the conclusion the chairman, Rev. S. J. Thompson, announced in favor of the negative in accordance with the written opinions of three judges, Messrs. Bean, Griffin and Wilson. The programme appended was meritorious, the singing of the Quartette and Miss Saunders' recitation being particularly worthy:—

Selection	Y.M.C.A. Quartette
Reading	A.E. Scott
Solo	Mrs. Hamilton
Recitation	Miss Saunders
Solo	Mr. Mulligan
Debate	
Selection	Quartette
Instrumental Duet	Misses Jones and Smart
Solo	Miss Butcher

GOD SAVE THE QUEEN.

At the conclusion a vote of thanks to those who had taken part in the programme was moved by Mr. Bean and seconded by Mr. Might.

A Straight Business Matter

It is to the interest of the public to buy goods at the lowest possible figure, and so long as the quality is there, the cheaper the better. If a wholesale clothing house fails, the stock has to be turned into money, and the man who comes along with the cash gets the best of goods at a tremendous bargain. It was in a case like this that E. D. Gough was on deck with the boodle at hand, and he raked in a huge stock of clothing at 52½ cents on the dollar—got them at half the regular prices—and this stock is now on the shelves of gough bros., Peterborough, the wonderful cheap men and the bargains which are being given at their store are something hitherto unheard of in the realm of clothing. Money saved is money gained. By going to gough bros. you save about half the price usually paid for goods of the same quality. No other firm has the pull on the market possessed by the goughs. They have a live representative watching the wholesale markets, and the minute a chance for big bargains comes along it is seized upon. Now, good people, this is the reason that men's suits, youths' suits, boys' suits, are being sold at half price figures at the store of gough bros. Just try to realize the momentous magnitude of the bargains being given—men's suits at $2.50, usually *costing* $4.75 wholesale. Hundreds and hundreds of suits on the same liberal scale of reduction; boys' suits, of excellent quality, for 58 cents each to $2.50. Come and see; don't be afraid of being disappointed, you will find everything just as advertised. gough bros. can't afford to spend hundreds of dollars in advertising and then not keep their word with the public. They are here to stay and they must keep faith with the public. Come and see their great bonanza in bargains.

Personal.

Mr. Jas. Stevenson, M.P., returned home from Ottawa this morning.

Mr. Robert Romaine, of the House of Commons stationery Department, Ottawa, a gentleman well known here, has been promoted to the rank of chief clerk in the new Department of Public Printing and Stationery.

Local Sports and Pastimes.

The Wheel.

A largely attended meeting of the Bicycle Club was held in the office of Mr. R. D. Rogers last evening. There were about 25 boys present. Mr. Rogers was voted to the chair.

The first question considered was that of affiliation with the P.A.A.A. The Association has a good track, and it was decided to become a branch of that organization, the membership fee to be $1.50, including the C. W.A. membership.

A constitution was adopted and the committee, afterwards appointed, instructed to draft a set of by-laws.

The election of officers resulted as follows:—

HONORARY PRESIDENT—D. W. Dumble.
PRESIDENT—R. D. Rogers.
VICE-PRESIDENT—F. Kingan.
COMMITTEE.—W. R. Greatrix, V. Halliday, J. MacNamara and A. Gibson.
CAPTAIN—W. R. Greatrix.
1st LIEUT.—A. Gibson.
2nd " —J. MacNamara.
BUGLER—Fred. Kingan.
DIRECTORS—F. E. Bell and W. R. Greatrix.

A blue uniform was selected and the first club run fixed for Tuesday evening. The club will meet on the market square at 7 o'clock. On the afternoon of the 24th the club will join the procession of the band and militia, proceed to the grounds and take part in the sports.

Other matters were talked over, and from the spirit and enthusiasm displayed in the discussion over the propositions made regarding the season's sport, there is scarcely a doubt that this year's operations of the club will be the most completely successful of any.

Aquatic.

The annual meeting of the Peterborough Boating Club was held Monday evening, when the following officer were elected:—

PRESIDENT—E. H. D. Hall.
VICE-PRESIDENT—D. Breeze.
SEC.-TREAS.—C. H. Sheffield (re-elected).
COMMITTEE.—R. E. Wood, Thos. Workman and A. Stevenson.
CAPTAIN—G. W. Hatton.

An application of the Central Division, A. C. A., for a prize flag to be competed for at their annual meet on Lake George this summer, was considered by the club. It was decided to forward a flag as requested.

The National Game.

At a meeting of the Riverside Lacrosse Club Monday night the following team was chosen to represent the club at Barrie on May 24th:—

M. Kincaid	Goal
J. Joyl	Point
A. Rose	Cover Point
T. Meagher	1st Defence Field
M. Halpin	2nd " "
F. Donahue	3rd " "
D. Patterson	Centre
F. Larone	3rd Home Field
C. J. Phelan	2nd " "
J. Begley	3rd " "
M. Larone	Outside Home
T. Duncan	Inside "
M. Tierney	Field Captain

Diamond Dust.

An eastern international baseball league has been formed comprising Belleville, Kingston, Oswego and Utica.

The following team will play the Atlantics of Toronto on the morning of the 24th:—Cameron, p; Billings, c; Metheral, 1b; Fligg, 2b; Callahan, 3b; Kincaid, ss; Moore, lf; Brennan, cf; Sheldrake, rf.

The Race Course.

One of the attractions of the demonstration on the Queen's birthday will be the races in the Driving Park. Handsome prizes are offered and the best horses will compete. See posters for particulars.

News Nuggets.

—The bicycle club will have a run this evening. The wheels meet at 7 o'clock on the market square.

—The battalion will have a march-out to-night.

—Repairs are being made to-day at the break in the water works main on Brock street.

—A bicyclist and a doctor's equipage collided at the corner of George and Hunter streets last night. The wheelman was dismounted in a trice, and had not the doctor's horse been a quiet animal his life would have been endangered. As it was the damage was *nil*.

Sunday Schools.

A Sunday School Convention for the north western part of the province, including Peterborough county, opens at Orillia to-day. It is not likely any delegates will attend from the town schools.

BANKRUPT STOCK EMPORIUM,

No. 3 COX'S BLOCK,—GEORGE STREET.

TURNBULL'S.

We wish to call your attention this week to our Large Stock of Black Cashmeres. They range in price from 25 cents a yard up to $1 25. The one at 25 cents is a good black with sightly appearance which is all we say about it. But when you advance to 45 cents you have a nice rich color, particularly suited for mourning, good weight and fully 44 inches wide. At 50, 60, 75, 85, 90 and $1.00, we have a new line by a French maker which is much nicer than the old make and deservidly popular, being much finer in appearance, more like a Henrietta, to be had in blue and jet black.

GERMAN CASHMERES.—These Goods are made in Saxony where the makers vie with each other in producing a Superior article. We have secured a make that cannot be spoken of too highly. It is a double warp and finished like a satin. They are now open for inspection. (on 3rd counter to left from George street entrance).

In our Custom Made Tailoring Department we show a nice range of Pantings, Worsted Suitings, Light Overcoatings, etc. Only first-class work turned out. (2nd counter to the right.)

Early last fall when the public began gathering around their stoves and were thinking about Flannels and Blankets, we were looking ahead and gave large orders with the leading manufacturers of Chambrays, White and Colored Muslins, Lawns, etc. These Goods are now in stock, and will be found on the 1st counter to the right.

Our first stock of Sailor Hats has been bought up rapidly which is sufficient evidence that they are the correct thing. Our second shipment, bought at a much lower price is now in. All sizes and styles to choose from. The prices will please you when you see the style and quality,

DOMINION PARLIAMENT.

CANADA'S LEGISLATORS END THEIR LABORS YESTERDAY.

The Speech of His Excellency—The Widow of the Hon. Thomas White Given a Gratuity of $4800 Without Discussion.

OTTAWA, May 23.—The House sat with closed doors for some time yesterday morning engaged in hearing a statement from Mr. Perley (Assiniboia) respecting what he considers a gross abuse existing in the Parliament building, this being the bar-room in the basement. He thought that instead of devoting all their energies to endeavoring to improve the morals of the public with regard to the use of liquor, the Prohibition party of the House should devote some attention to their fellow legislators, using influence with them at least to have the bar closed in the building. He appealed especially to Hon. Mr. Foster, the Cabinet representative of the Prohibition party, to endeavor to secure a mitigation of the evil. Mr. Perley said even on Sunday there were to be seen about the corridors drunken men who had presumably obtained liquor on the premises

In consequence of privately threatened opposition to the proposed gratuity of $4800 to the widow of the late Hon. Thos. White, being salary up to June 30, 1889, Sir Charles Tupper announced this morning just as the item was reached in the supplementary estimates that he wished to change the date to Jan 1, 1889, which reduced the amount to $4800. The item then passed without discussion or opposition.

At 3 o'clock the Commons proceeded to the Senate Chamber, where the joint address of both Houses was presented to His Excellency and Lady Lansdowne, being read in English by Speaker Allan and in French by Speaker Ouimet.

His Excellency replied first in English and then in French, reading the following speech;

"*Honorable Gentlemen of the Senate:*

"*Gentlemen of the House of Commons:*

"I thank you cordially for the generous terms in which you have been pleased to take leave of me. The unanimous expression of your good-will, coming, as it does, from the whole Parliament of the Dominion of Canada, falls from your lips with an authority which admits of no question. I accept it from you as the representatives of the Canadian people, and to that people as well as to you I offer my grateful acknowledgment for the signal honor which you have conferred upon me.

"A residence of nearly five years in this country as the representative of Her Majesty has given me a deep and abiding interest in its affairs. I feel that I cannot overrate the advantage which it has been to me to have had a part in the administration of the Dominion and to have watched at close quarters the working of the wise and liberal institutions under which your community is governed. I shall rejoice if at a future time the experience which I have thus been able to gain should, as you have been good enough to suggest, enable me to guard the interests or to promote the welfare of the Dominion. Be this as it may, I can never entertain towards this country other feelings than those of a friend bound to it by the deepest gratitude and respect.

"I may, I hope, congratulate you on the fact that during the years which I have had the good fortune to spend in your midst the principles of the Federal Constitution have successfully stood the test of experience, and are regarded at the basis of an enduring political system, well adapted to the requirements of your people.

"I cannot pass over in silence your reference to the fact that Her Majesty has been pleased to entrust to me the duty of representing her in another portion of the British realm, differing no doubt in every respect from that for which you are called upon to legislate, but forming like it a splendid and integral portion of the Empire which is the common inheritance of all Her Majesty's subjects. Your congratulations and your readiness to regard with favor my selection for so arduous and important a post will inspire me with courage to undertake the heavy responsibilities which are inseparable from it. I feel sure that your good wishes for our welfare are sincere, and I have heard from you with a feeling of the deepest gratitude that you regard our approaching departure from this country with regret.

"Your kindly and appreciative mention of her who has shared with me the happiness of the last five years has touched her heart and mine. I thank you in Lady Lansdowne's name, as well as in my own, for your personal courtesy to us both. During our residence in Canada it has been our good fortune to become acquainted with a large number of the members of both Houses. We shall always look back with satisfaction to our intimacy with these representatives of the Canadian people, a satisfaction which is increased by the assurance which you have now given us that the regard which we have felt for you has been mutual.

"I shall not fail to convey to Her Majesty the expression of your unaltered devotion to her and of your loyalty to her Empire. I thank you in her name, and I pray that there may be conferred upon the people who have reposed in you the sacred trust of watching over their interests in the councils of the nation every blessing which can serve to establish upon sure foundations the greatness and prosperity of your country. I trust that under the will of Providence it may long continue to present to the world the spectacle of a united and contented community, not only proud of its own present and confident of its own future, but glorying in its connection with the British throne, and determined to bear its part in adding to the greatness and the renown of the Empire."

At 4 o'clock the Commons received the customary summons and proceeded to the Senate Chamber, where His Excellency prorogued Parliament with this speech:

Hon. Gentlemen of the Senate:

Gentlemen of the House of Commons:

In terminating the present session of Parliament, I desire to record my appreciation of the earnestness and zeal which you have shown in the performance of your public duties.

The measure for the ratification of the Fisheries Treaty, agreed upon at the opening of the present year between Her Majesty's plenipotentiaries and those of the United States, to which I have given the Queen's assent, will, I believe, be viewed with satisfaction by the people of the whole Dominion as affording a crowning proof of Canada's constant desire to arrive at a just and honorable settlement of all questions arising out of the interpretation of the convention of 1818. I venture with some degree of confidence to hope that the several authorities whose sanction of the treaty is necessary to its operation may not be insensible to the great advantages to both countries which the removal of so fruitful a source of ill-feeling is calculated to entail.

The arrangement under which the Canadian Pacific Railway Company has relinquished the exclusive privileges possessed by it in virtue of article 15 of the original agreement between Her Majesty and the company will, I anticipate, meet with general acceptance, and, by increasing its financial strength, enable the company to keep pace with the ever-growing requirements of the vast region which the railway serves.

The extension to the people of the North-west Territories of a larger measure of self-government than they have hitherto enjoyed is satisfactory evidence of the rapid development of that important portion of the Dominion, and will, I trust, be attended with beneficial results.

The prospects for a large immigration this year of a desirable class of settlers are, I am glad to believe, exceptionally good.

The various amendments to the laws relating to the inland revenues, railways, the Civil Service and to the other acts affecting the public interests which you have passed seem well adapted to meet the circumstances which have rendered them necessary.

Gentlemen of the House of Commons:

In Her Majesty's name I thank you for the supplies which you have readily granted for the carrying on of the public service.

Hon. Gentlemen of the Senate, Gentlemen of the House of Commons:

I cannot take leave of you for the last time without placing on record my deep regret that my official connection with your country should be at an end. It is a source of no slight satisfaction to me to call to mind under these circumstances the fact that within the last few hours you have been pleased to assure me of the favor with which you have regarded my endeavors to discharge the task committed to me by Her Majesty. My interest in the Dominion will not cease with my departure from its shores, and I pray that in years to come its people may enjoy in abundance every blessing which it is in the power of Providence to bestow.

LORD LANSDOWNE'S DEPARTURE.

Arrangements for To-day's Farewell—An Imposing Demonstration.

OTTAWA, May 23.—All arrangements for to-day's farewell demonstration to the Governor-General and Lady Lansdowne are now complete. The chief features of the farewell will be the escort of the Governor-General from Rideau Hall to Parliament Hill by the Dragoon Guards and mounted citizens, the presentation of the civic and other addresses on the hill, and the march to the Canada Atlantic station. The representatives appointed by fifty of the city's societies to take leave of Their Excellencies will meet at the City Hall and proceed to the hill in a body. The order of proceedings will be: Presentation of the citizen's address, His Excellency's reply, presentation of the Mayor and Corporation, then of the representatives of the societies, and finally of the representatives of the Citizen's Committee.

From Ottawa Their Excellencies go in a special car decorated by the Citizens' Committee through to Quebec, not entering Montreal at all, and will sail the next day.

The Royal Society of Canada.

OTTAWA, May 23.—The Royal Society of Canada opened their session for the year 1888 in the Railway Committee room of the House of Commons yesterday, amongst those present being Messrs. Thomas E. Hamel, G. J. Stewrrt, jr., Faucher de Saint Maurice, C. Baillargre and W. Wood of Quebec, John Read and Alex. Johnson of Montreal, S. Lunny, J. F. Whiteaves, E. Duell, R. Bell, A. Lusignan, Abbe Casgrain, J. M. Lemoine, F. N. Gisborne, Mgr. Tanguay, A. R. Selwyn, G. M. Dawson, J. Marsan, J. Monnette, Louis Frechette, H. B. Small and J. G. Bourinot of Ottawa, G. Carpmael of Toronto, G. Lawson of Halifax, M. Baine of St. Polycarpe, and F. T. W. Burgess of Hamilton.

After the formal opening of the meeting the business of the session was suspended and the members adjourned to Rideau Hall, where they presented His Excellency the Governor-General with an address. His Excellency having thanked the society in a short but eminently suitable speech, the society withdrew to assemble in solemn conclave again this afternoon and carry out the regular program. President Dawson will give a review of the scientific progress of the year and of the work of the society this evening.

OTTAWA, May 23.—Sir Charles Tupper leaves Ottawa to-morrow for New York, from which place he will sail on Saturday for England to resume his duties as High Commissioner for Canada. Pending the reconstruction of the Cabinet, which is likely to take place within a week or two, Hon. Mr. Bowell will act as Minister of Finance.

When the Supreme Court meets on June 12 it will be for the delivery of judgments only. The court will meet Oct. 2 for the hearing of appeals.

Mrs. Olive Scatchard, Vice-president of the National Woman's Suffrage Association of Great Britain, spent yesterday in the city. She was one of the three British delegates to the international council of women recently held in Washington.

St. Thomas Wants the Handle Works.

ST. THOMAS, May 23. The bylaw granting a bonus of $6000 to J. H. Still to remove his handle works from Tilbury Centre to St. Thomas was carried yesterday by 812 to 47.

Mary Wilton was brought up on remand yesterday on a charge of keeping a house of ill-fame and enticing young girls to the same for immoral purposes, and sentenced by the Police Magistrate to the Mercer Reformatory for two years less a day.

Another Colonist.

PITTSBURG, May 22.—Peter J. Quinn, chief bookkeeper for Chris. G. Dixon & Co., large contractors and builders, has been missing for several days, and it is supposed that he has gone to Canada. An examination of his accounts show a shortage of $15,000.

Children Cry for Pitcher's Castoria.

House Numbering.

To the Editor of the Examiner:—

DEAR SIR,—I have been considerably canvassed by sign-writers, painters, etc., in regard to having my houses numbered. The impression is abroad that street numbering is imperative and compulsory. Can you tell me how this is and what is the condition of the project at present?

Yours, etc.,
HOUSE-OWNER.

May 22nd, 1888.

[Street numbering is not compulsory at present. Every owner of a house can procure his number by applying to the town clerk. It seems that the practice of house-numbering will not become general, unless some authoritative action is taken. The EXAMINER favors the town taking the matter up. In the end, every householder or owner will have to pay for his number, and the expense will be trifling in proportion to the advantage to be gained. If the town undertook the work, by purchasing the thousands of numbers necessary in a lot, and giving out the contract, the aggregate cost would be greatly lessened compared to what it would be if the numbers were bought and put up singly.—Ed. EXAMINER.

The Bricklayers' and Masons' Union.

To the Editor of the Examiner:—

DEAR SIR,—Permit me through your valuable paper to correct some of the stories which are being circulated through the town to the detriment of the objects, aims and intentions of the Bricklayers' and Masons' Union. It is stated that we intend to shorten our hours of labor and advance our prices to such an extent that we shall demoralize the building trade. Now, sir, we deny the truthfulness of any such statement. The builders in our business are men who have a substantial stake in the town and a substantial interest in its prosperity. This Union has been organized for the benefit of our trade, for through the intolerable interference of the boss carpenters in our business, we are put to no end of annoyance. If the public would only investigate the system of sub-contracting, they will be convinced of the injustice of it. A carpenter takes a job and he makes a profit on the whole of it, and then he sub-lets to a mason, who has to make a profit, too. Now, we claim that this is wrong and that the public are paying more than they should pay. All that we ask is the privilege of taking contracts for our own work and not being dictated to by those who have no practical knowledge of our branch of the business. If those who contemplate building this season will consult the bricklayers in their line of work, they will find that they will not have to pay two profits, and that the work will be done much more cheaply and satisfactorily than under the sub-contract system.

Yours, etc.,
UNION.

Cheap Excursion Fares.

To the Editor of the Examiner:—

SIR,—My attention has been called to a letter signed "Querist," which appeared in the *Review* of the 18th inst., calling attention to what seems to him to be the unfair discrimination by the RR. Companies against Peterborough, in the matter of summer excursion rates. "Querist" says:—

"During the summer months there are always three or four excursions from Toronto to Peterborough, and *vice versa*. The Toronto excursionists are carried over the rails at the rate of never more than $1 for each adult, and children half fare, while the Peterborough man now can never visit the Queen City as less than $1.75 or $2.00. Why is this? The Peterborough societies get just as favorable terms from the railways as the Toronto people do. * * * Where one person will go on an excursion when the fare is $2, I conscientiously believe that three at least will go when the fare is $1."

Last any number of our citizens be laboring under the same ideas as "Querist," and thereby, perhaps, be prejudiced against patronizing local excursions to Toronto, I beg permission to explain:

1. The Canadian Excursion Association, composed of railway and steamer line magnates, has an agreement to charge at least 50 per cent. more for fares for excursions to city business centres, than they do for excursions *from* business centres—the object being to protect the merchants of the smaller places.

2. Toronto having so many outlets by both rail and water, the keen competition naturally cuts the rates for outgoing excursions. The compensation is gained from the large numbers patronizing these excursions.

3. It is against the interest of merchants and business men in towns like Peterborough to have cheap excursions to business centres, permitting excursionists to buy goods in large quantities which they would otherwise have procured at home.

I know that the Masonic fraternity of Peterborough have always been able to get the very lowest rates for their excursions. This year, in placing the round trip tickets for their annual excursion from Peterborough to Toronto, on the 7th of June, at $1.75 (the lowest possible figures), they have left only the narrow margin of 25 cents on each ticket, a very small premium to cover the cost of printing, advertising, etc., when it is considered that 150 tickets will have to be sold to cover the bare cost of printing and advertising alone. If the Masonic Committee had made their tickets $2, which would not be too much, and got 50 cents on each ticket sold instead of 25 cents, they would only require to sell half the number of tickets to realise the same amount.

The Masons could not certainly run their excursion any cheaper, the ticket account standing thus:—

Dr. To Railway Company	$1 50
Cr. By Rebate to the Masons and to pay all expenses	25
	$1 75

Yours, etc.,

Methodist District Meeting.

Annual Meeting of the Methodist Ministers of Peterborough District.

FIRST DAY—TUESDAY.

All the ministers of the district were present. Opening devotional exercises were led by the chairman, Rev. I. Tovell, after which Rev. H. Thomas was appointed Secretary and Rev. B. Greatrix, Asst. Secretary.

The characters of all the ministers were examined and found to be entirely satisfactory.

Rev. S. J. Thompson, having spent five years as probationer, was unanimously recommended for ordination at the General Conference at Lindsay.

Mr. Geo. McCall, B.A., of South Monaghan circuit, was recommended as a candidate for the ministry.

A discussion ensued upon the spiritual work of the churches in the district, after which the meeting adjourned.

SECOND DAY—WEDNESDAY.

Meeting resumed at 9 a.m. The following lay delegates were in attendance:

PETERBOROUGH.—George street, W. J. Mason; Charlotte street, J. L. Hughes.
ASHBURNHAM.—Wm. Wood.
MILLBROOK.—R. W. Clarke.
CAVAN.—Samuel Staples.
SOUTH MONAGHAN.—Edward Kerr.
LAKEFIELD.—John Howell and Wm. Harper.
WARSAW.—A. R. Kidd.
BETHANY.—T. H. Richardson.
JANETVILLE.—Samuel Grandy.
SOUTH MARYSBURGH.—John Barnicutt.
HALL'S BRIDGE.—John Craft.

The lay delegates are billeted at the same places as the ministers of their circuits.

Reports were read from each circuit of the different departments of church work, and schedules of each church and Sunday school and their financial reports were submitted. The reports showed a total increase in the church membership in the district of 67. The total amount raised by the district for all church purposes was $28,100.83, the total church membership being 2,857. The total membership of the 14 Sunday schools was 3,101, and the average attendance 2,195.

The meeting adjourned till afternoon.

The Organ Recital.

The audience that assembled in St. Luke's Church Tuesday evening to attend the opening recital of the new organ, was a large one, of entirely musical and highly appreciative tastes. The church was well filled, and those who came expecting to hear a musical treat were not disappointed. The new organ has already been fully described in the EXAMINER, and at the recital Tuesday night the public were enabled to judge of its "tone" for themselves. The unanimous verdict was that St. Luke's organ was a "jewel" of its kind, and the builder, Mr. Jackson, must feel elated over the complimentary expressions bestowed upon it. Of the recital little need be said. Everyone knows Mr. Parker's capabilities as an organist, suffice it to say that in all the numbers he not only fully sustained his reputation, but added fresh laurels to his record. The programme comprised five organ solos, all classical music. The choruses, three in number, were rendered by a large choir, comprising representatives from nearly all the church choirs in town, with spirit and precision, the result of careful training and diligent practice. The "Kyrie," from the Twelfth Mass, was their best effort. Vocal solos by Mrs. Daly and Messrs. Baguley and Davis, gave pleasing variety to the programme. They all, as usual, sang in good voice. Mr. J. E. Jaques, organist of the church, played all the accompaniments. Besides being a skilled musician, Mr. Jaques is winning credit for himself as a composer. The last chorus, "Vesper Hymn," composed by him specially for the occasion, was a beautiful little selection that pleased everyone. The organ recital was entirely successful, the silver collection taken up being quite satisfactory to the directors of the organ fund. After the concert the members of the choir were entertained at supper in the school room of the church by the ladies of the church, and the evening's entertainment was concluded in a very happy manner.

A Great Hit.

Aiden Benedict's dramatic Company will appear in "Monte Cristo" at the Opera House next Friday evening, and the following press reference bears upon the performance:—Without a doubt the best *performance* in Holmes' opera house this season was that of Monday evening when Aiden Benedict's Monte Cristo Company held the boards. Mr. Benedict earned a reputation which will fill the house whenever he appears again. His versatility is indeed remarkable, and he can take five principal characters with perfect ease and absolute success. He most happily plays the role of sailor, a prisoner of 16 years, Priest, "Abbe Busoni," "Solomon Von Gripp," the Jew, and places the climax by the fabulously rich "Monte Cristo." In all his acting his emotions are realistic and hold the audience spell-bound. He is supported by a company of artists in everything that word implies. Taken all through, *Benedict's Monte Cristo Company made a great hit."—Wilmington (N.C.) Daily News.*

At the Oriental Hotel.

Prof. Dorenwend, of Toronto, the largest hair goods manufacturer in Canada, will once more visit Peterborough. This time his styles will all be of the newest and most fashionable patterns. He will have some of the finest kinds of ladies bangs and other frontpieces, wigs, waves, switches, etc., a stock that will surpass anything he has heretofore offered. It is wonderful how successful the Prof. has been since first starting business in Toronto some ten years ago; thousands throughout Canada and the United States are wearing his styles, this proves that he has gained the confidence of the public. His dealings are always straightforward and his great ability as a manufacturer is a well established fact. This visit will most likely be the only one this season, so remember if a nice bang, switch or wig is required he will be at the Oriental hotel on Tuesday and Wednesday, May 29 and 30. Don't forget to call on him. dw

How Will You Celebrate?

Synopsis of the Events to Take Place in Peterborough To-Morrow.

To-morrow is the Queen's birthday—the day of wild and hilarious happiness to the small boy who is the happy possessor of a bunch of fire-crackers and a sound constitution, and of more subdued, but none the less genuine, delight to the more sedate adult, whose patriotism is thrilled to the quick on these occasions. The question is often asked, "What is going on in town to-morrow." Appended is a synopsis of the day's proceedings, as announced by poster and otherwise.

THE ASSOCIATION GROUNDS.

On the P.A.A.A. grounds there will be a continuous run of entertainment all day long. At 9.30 a baseball match, Peterborough vs. Toronto, is announced. At 11.30 the 57th Batt. and band will parade to the grounds, where military evolutions will be performed, to conclude with the firing of a *feu-de-joie* at noon.

At 1.30 o'clock a series of athletic sports will be held, for particulars of which see posters and small bills. The prizes offered are good and will, no doubt, draw out a large field in every contest.

In the evening a promenade concert will be held by the band. New pieces have been specially prepared for the occasion and lovers of music many depend upon hearing a treat in the line of band music.

JUBILEE POINT.

The formal opening of Jubilee Point Park at the mouth of the Otonabee river, will take place on the 24th. The steamer "Golden Eye" will carry excursions down the river, and in the afternoon a regatta is to be held at the Point. An advertisement in another column will give particulars.

THE DRIVING PARK.

In the afternoon horse races will be held on the Driving Park. The posters give particulars as to prizes, etc. The track is in good condition and a fine day's sport is confidently expected.

THE SALVATION ARMY.

The laying of the corner stone of the new Salvation Army barracks on Simcoe street will take place Thursday afternoon. Mr. John Sawers will lay the stone with due ceremony. Afterwards a meeting will be held at the barracks, and in the evening a rousing jubilee will wind up the day's celebration.

NOTES.

The Riverside Lacrosse team will celebrate the day by playing at Barrie the first match in the district championship series.

A large number intend "taking in" the excursion to Norwood, where Rev. Father Conway's pic-nic is the attraction.

With the present warm weather continued, boating parties down the river will be in order.

Last, but not least the EXAMINER will take a holiday with the rest of mankind, and there will be no issue Thursday.

County Teachers' Institute.

Programme of the Regular Meeting—A Two Days' Session.

A meeting of the county and town of Peterborough Teachers' Institute will be held at the court house, Peterborough, Friday and Saturday, May 25th and 26th. Rev. W. C. Bradshaw, chairman of the Ashburnham school board, will preside. All teachers and friends of education are cordially invited to attend. Following is the programme of the proceedings:—

FRIDAY.

10 a.m. opening in Court House, Peterborough. 10.30 a.m. Geography—Miss Young. 11.15 a.m. Grammar—Mr. William Houston, M.A. 2 p.m. Arithmetic—Mr. A. Hutchison. 2.30 p.m., Phulology—Mr. Houston. 3.15 p.m., How best to conduct county examinations in November next. 8 p.m. Lecture in Court Room, Court House, by Mr. Wm. Houston, M.A., Librarian of Legislative Assembly, Ont. Subject:—"Industrial Education."

SATURDAY.

9 a.m. Writing—Mr. W. J. Campbell. 9.45 a.m. Composition—Mr. Houston. 10.30 a.m. Reading—Mr. J. C. Brown. 11.15 a.m. Question Drawer. 2 p.m. Composition—Mr. Houston. 2.45 p.m. Literature—Mr. Houston.

Obituary.

The Montreal *Gazette* of May 8th, has the following in reference to the death of a gentleman who visited Peterborough last summer with Montreal Canton of Oddfellows, of which he was Standard bearer. Deceased is also a brother of Mrs. Lousley of Peterborough:—"The funeral of the late Mr. Thos. McGowan took place from his late residence 413 Wellington street yesterday afternoon, and was largely attended by the members of Beaver Lodge, No. 6, I.O.O.F., S.U., and Canton Mount Royal, No. 1, to both of which the deceased belonged. While the remains were being removed from the house to the hearse a detachment of Canton Mount Royal, under the command of Capt. E. J. Briggs, formed in open order and, with their swords, formed an arch through which the remains were carried. The cortege formed in the following order and proceeded to the Methodist church, Point St. Charles. The Harmony Band, Beaver Lodge, Canton Mount Royal, Col. H. A. Jackson, A.D.C., Lieut.-Cols. J. J. Head and J. B. Lorge, A.D.C.'s, Capt. L. Fairbairn, A.D.C., and Capt. Jas. G. Morgan, quartermaster First regiment, Ontario, the hearse. The pall-bearers were Messrs. R. Turner, R. Kell, Jno. Reid, Alex. Chisholm, T. Newmarsh and J. Jones. The chief mourners came next and were Mr. Geo. McGowan, son and Mr. Carl Warnecke, son-in-law of deceased, and Mr. Jas. Clifford and his two sons, and the public. The pulpit of the church was heavily draped. The service was conducted by Rev. J. B. Saunders and Bishop Umber, both of whom made feeling reference to the deceased. After the service the cortege reformed, and by way of Wellington, McGill, St. James and Notary streets, proceeded slowly to Mount Royal cemetery, where before the coffin was lowered, the service pertaining to the canton was performed. The floral offerings comprised a pillow from Beaver Lodge, a crown from Canton Mount Royal, and a pillow from the family with the simple words "Father at Rest."

"Then let the moon usurp the rule of day,
And winking tapers show the sun his way:
For what my senses can perceive,
I need no revelation to believe."

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

Ontario Jockey Club Meeting.

TORONTO, May 22.—Improvements were made at Woodbine Park in anticipation of the Ontario Jockey Club Meeting which opens to-day. The new members' stands, which connects both grand stands, is now finished They have received a recent coats of paint, while all the fences having been white-washed, add to the sight. The steeple-chase ground has been put in good order, and will present an excellent appearance. On a whole the course and stands never looked as well, or the prospects of the meeting so good. There are more horses here than ever before, and yesterday they were given their final "preps" for battle to-morrow. The following is the best work done yesterday:

Percy and Fenton were sent a mile and a quarter in 2.28 and seemed very tired.

Wilkins' trio Lady May, Bellevue and Glen Fox worked a mile and a quarter in 2.21.

Augusta led Wild Rose in a mile and a half gallop in 2.56½.

Curtin sent Rutland three-quarters of a mile in 1.22½.

The Orkney representatives Blackbird and Bonnie Boy covered a mile and a quarter in 2.25.

Owens sent Oliver three-quarters in 1.20½. Bonnie Duke and Vickino in the same stable covered a mile and a quarter in 2.23½. Bonnie Duke repeated one mile in 1.51½, Vickino accompanying him the last half.

Felix, accompanied by George L. and Vigilance, moved a mile and a quarter in 2.20½, going the first mile in 1.53½.

Dyment sent King Bob three-quarters in 1.21½.

The Woodstock contingent, Cast Off and Medea, were sent a mile and a quarter in 2.23½.

Trustee led Inspire a mile and a quarter in 2.21½.

The old steeplechaser Beechmore moved a mile and a half in 2.53, going in good form.

Gorman sent Harry Kernell three-quarters in 1.24.

Newcourt and Evangeline were sent 1½ miles covering the distance in 2.39½, the filly finishing in front.

Longshot, Mintbloom and Bo Peep, in the Hendrie Stable, moved 1½ miles 2.53.

The Queen's Plate favorite, Harry Cooper, accompanied by Banjo, were sent 1½ miles, Cooper, who was plated and his weight up, ran the first mile in 1.49 and the 1½ miles in 2.06, Banjo about a length behind.

Edmonton was sent one mile in 1.50.

Charley Phair's filly Furbelow moved half a mile in 51½.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

She Speaks from Experience.

Miss Edith Foy, of Amherstburg, Ont., had a severe case of Quinsy. She writes: "I tried the doctor's medicine, but got no relief. I was told to try Hagyard's Pectoral Balsam. After taking two doses I got relief, and when I had taken three parts of the bottle, I was completely cured." 2d20w

Four Years of Suffering.

Mrs. Torrance McNish, of Smith's Fall's Ont., after four years' intense suffering with Neuralgia, from which her head became bald, was cured by Burdock Blood Bitters, after the best medical aid had failed. 2d20w

A Lucky Escape.

Mrs. Cyrus Kilborne, of Beamsville, Ont., had what was thought to be a cancer on her nose, and was about to submit to a cancer doctor's operations when she tried Burdock Blood Bitters, which effected a radical cure. This medicine cures all blood diseases. 2d20w

A Cure For Deafness.

There have been many remarkable cures of deafness made by the use of Hagyard's Yellow Oil, the great household remedy for all pain, Inflammation and soreness. Yellow Oil cures Rheumatism, Sore Throat and Croup, and is useful internally for all pains and injuries. 2d20w

A sure Remedy for Neuralgia.

Neuralgia is one of the most common and painful affections incidental to this climate. Life to thousands is made miserable through its agency, and as it affects the nerves, only the most powerful and penetrating remedies can reach it. Nervil ne has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we request a trial of Nerviline. Sold by druggists, and all dealers in medicine, 10 and 25 cents a bottle. 6d21w

A Sure Relief.

I suffered from a hard Cough contracted by damp feet. Having consulted a local doctor without effect I thought I would try Hagyard's Pectoral Balsam as a last resort. Before I had finished the first bottle my cough had entirely disappeared, and to day I enjoy better health than ever before. I can conscientiously recommend it. Chas. H. A Haunted House.

Any town of any importance has its local spook—its haunted house, and Peterborough is not behind in this respect. There is a house on George street haunted both day and night—haunted with the ghosts of the big bargains of the previous day in dress goods, hosiery, gloves, carpets, millinery, mantles and spring tweeds, and haunted by customers seeking similar bargains in these lines at the golden lion. Remember, all imported goods of the highest quality at importers' prices—God Save the Queen!

It's Wonderful.

What is? Why the great talk there is about the grand excursion that is going to take place on Tuesday, June 12th, over the C.P.R. to Toronto. Canton No. 10 and St. Luke's C.R.T.S. have combined for this great event. The 57th battalion band will attend and furnish music. Further the Canton Chevaliers will go in their beautiful and attractive uniforms. The Canton never does things by halves, and does not consider expenses when it gets up something good for the people. The tickets are bound to sell quickly so many are saying, "I want to buy a ticket." And no wonder, for the attractions are great. Expect news from Bowmanville and Belleville. Look out for it. 3d121

Students Militant.

A meeting of the pupils of the Collegiate Institute Institute was held Tuesday afternoon. J. F. Sullivan was appointed Secretary-Treasurer, and on motion it was decided to organize a cadet company, to be composed of pupils of the Institute. A uniform of navy blue, trimmed with white military braid, was selected for the girls of the school, and Miss Nelson was appointed convener of a committee of girls to superintend the choosing of uniforms. Sergt.-Major Rundel appointed Miss Rutherford convener of a committee to arrange a programme for an entertainment to be held in the near future. Arrangements were also made for a drill to be held on Friday afternoon.

You may come to us with a sour face, but you will laugh before you leave—at the Xcellent Tea you can get at The Pantry for 20c. a lb.

Railway Notes.

A train load of immigrants, comprising ten coaches bearing over 600 people, passed west over the C.P.R. last night. There were about 400 Hollanders and 200 English. A smaller train load went up earlier in the day. They are bound for Toronto and the western provinces.

Three long trains of heavily loaded cattle cars went east this forenoon over the C.P.R. bearing live stock for the European markets.

The Q. O. R. of Toronto will pass through town to-night on the 11.30 train en route for Ottawa. The Atlantic Baseball Club will also arrive by this train.

The Midland Railway is just now enjoying a big run of through freight traffic. A week ago to-day the grain traffic began, and in addition to the grain from Chicago, received at Midland, all that received at Collingwood, formerly passing over the Northern railway, now goes over the Midland. As a result, an average of five trains a day, laden with grain, pass through Peterborough going east, via the G.J.R. These trains average 15 cars, laden with 500 bushels each of grain—principally corn—making a daily aggregate of about 40,000 bushels. The full capacity of the available rolling stock is used in this traffic.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

Now is the time to order your shirts. Clark has a fine range of French cambric, latest patterns, fast colors. 3d120

Alike Everywhere.

Even Toronto teamsters are making the same complaint as a correspondent made in the columns of the EXAMINER a few days ago. At a meeting of Teamsters' Union No. 1, Toronto, on Monday night, the action of farmers near the city coming in and doing teaming at reduced rates, without having to pay the high rents and other rates the city teamsters have to pay was complained of.

The Life Boat Crew.

At a meeting of this organization in the George-street Methodist church last night, the officers were elected as follows: Stewards, Messrs. F. Mason, Wm. Might, J. Stubbs and Wm. Sanders; Secretary, J. Carlisle; Treasurer, John Frize. Devotional exercises were held and it was decided to begin the publication of a magazine to be called "The Life Boat," devoted to the interests of the church. The first number will probably be issued about the first of August.

Sports.

Don't miss the sports to-morrow. If you do you will miss one of the best entertainments of the kind ever held in this town. There are a large number of entries, so the competition will be keen. Our baseball team has been practising steadily, so that a good match with the Torontos may be expected. The grounds are being roped off and every arrangement possible has been made for the successful carrying out of the programme, which will be strictly adhered to, so that every competitor must be at the scratch on time. 1d

The Secret of Success.

—The Court House Park will be open to the public to-morrow. This beauty spot of nature is more attractive than ever.

—Mr. R. M. Roy is taking photographic views of the Bishop's palace and parsonage and St. Peter's Cathedral, this afternoon.

—The battalion, headed by the band, parade the streets last night. The companies were well filled out and on the march made a fine appearance.

—The party that visited Stony Lake Tuesday afternoon report having a delightful time. The day was beautiful and everything was found in good condition at the lake.

—Bowmanville *Statesman*:—Mrs. and Miss Ferguson, of Peterborough, have been visiting at "Maple Gore," the guests of the Misses Moorcraft... Miss Hannah Emmerson left Orono on Saturday, via C.P.R., for Peterborough.

—The bicyclists did not turn out in large numbers for the run Tuesday night, this was owing to a misunderstanding as to the date and because some of the members also belonged to the battalion.

—Within a few days the connections of the Chemong Lake Line will be made with the Lakefield branch at Smith street. About fifty men and eight or ten teams are employed. It is expected the line will be open for traffic the coming summer.

—The new granolithic pavement at the post office was completed Tuesday. It will not be all ready for use for a couple of days more though the Water street side was opened to the public this morning.

Personal.

Among the provincial land surveyors appointed to the surveys this season appears the name of Mr. B. A. Ludgate, Peterborough.

Mr. R. W. Grubbe, of the Toronto Bank, and his son, are the first campers of the season at Stony Lake. They are enjoying a couple of weeks' outing.

Mr. W. H. Casement, reeve, and Mr. J. R. Stratton, M.P.P., have been appointed a deputation by the Council of Lakefield to wait upon the Ontario Government, with reference to the village securing the water front along the river at Lakefield from the Crown.

In the list of celebrated divines, both American and Canadian, who will deliver addresses at Grimsby Park this summer are Rev. Coverdale Watson, Rev. I. Tovell, Rev. M. L. Pearson and Rev. S. G. Stone (brother of Mr. E. B. Stone, Peterborough). The list includes such speakers as Rev. Sam Jones, Dr. Talmage and others.

Mr. Thos. Dunn has consented to sing at a concert in Port Perry on Friday evening, June 1st. Mrs. Dunn will play the accompaniments. Mr. McRae, who bought Mr. Dolan's business at that place, made the arrangements through Mr. Jas. Dolan, who intends visiting Port Perry a few days prior to the concert

Mr. Wm. Matthews returned Monday night from a trip to the old country. He was absent six weeks during which time he visited all the large commercial centres of England. His health is excellent and he waded right into business again with the freshness and vim begotten of his holiday tour, the day after his return having purchased two car loads of hogs. The boys in welcoming Mr. Matthews home again will insist upon congratulating him upon a happy event which he good naturately takes no trouble to contradict. He has many stories of his trip with which he entertains his friends.

PETERBOROUGH citizens for some time past have had a Kidd in boots—now they have a Kidd in The Pantry, who is reaching out with irresistible energy for the grocery trade of the town and surrounding country. Give him a call.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop, George street. Prices are out so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease terms without thorough filtration. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered and impure water, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

Exhibit of Carriage Work.

A business establishment, whose products are of the highest merit, is not afraid to submit them to public inspection. Acting on this principle, Messrs. Porter Bros. will, on Saturday next, May 19th, and on Wednesday, May 23rd, give a grand exhibition of their superb summer stock at their warerooms, corner of Charlotte and Aylmer streets, Peterborough (opposite McBain's grain store house). This is a purely business exhibit—they rely on the quality of their goods selling the goods, and they feel convinced that they have only to allow full and free inspection to convince customers of the merits of their goods. The public are cordially invited to come and make the closest and most critical examination possible of the splendid array of carriage goods that will be on exhibition on the above dates. They will find the latest styles of buggies, phaetons, carriages and waggons, all finished in an artistic manner, built of the most durable and thoroughly seasoned material and guaranteed to give the greatest satisfaction. The work of Porter Bros. has stood the test of years and the fullest inspection is invited at their spring exhibition on Saturday, May 19th and Wednesday May 23rd. Don't forget the date nor the place—Porter Bros'. warerooms, corner Charlotte and Aylmer street, Peterborough. 4d119

Thanks.

The thanks of the EXAMINER are due to Mr. Richard Spencer, of Burleigh, for saccharine remembrancers in the shape of a jar of beautiful amber maple syrup and a fine cake of maple sugar.

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf-Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "85" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

Stop Screeching, Please.

To the Editor of the Examiner:—

SIR,—Residents on Bethune street and vicinity complain that they are robbed of their sleep by the unearthly shrieking and whistling of specials on the Midland. They begin their ear-splitting tooting at the unearthly hour of four o'clock in the morning, murdering sleep, annoying delecate and nervous persons, and robbing laboring men of their much needed rest. Railway traffic is necessary but it certainly can be carried on without so much sleep-destroying noise. Will the engineers and drivers kindly oblige by acceding to a reasonable request?

A Famous Battle.

Among the many attractions to visitors of the Ontario Capital, is the wonderful, realistic panorama view of the "Battle of Sedan," exhibited in an immense structure expressly erected for the purpose, immediately joining and west of the Walker House, at the corner of Front and York streets. As a work of art it is verily a picture true to life, and presents an illusion so complete as to translate the spectator at once to the veritable scene of the mighty struggle of two contending forces, which resulted in the complete discomfiture of the French army, and drove Napoleon III. from the throne of France. The canvas on which this thrilling battle scene is presented is 50 feet from top to bottom and over 450 feet in length. It is suspended around a circular area, in the centre of which visitors stand on an elevated platform, roofed in; and so perfect and true to life has the artist performed his work, that the eye is at once carried all around the scene of vision, over miles of landscape in every direction, covering valley and mountainous scenery, intersected by the meandering river Meuse, studded along the banks at intervals with antique villages and towns. Within the range presented to view was waged, by two mighty hosts from daylight till dark with sword, musket, cannon and the torch, a most terrific and determined struggle, until the blood of 50,000 men baptized the scene of carnage. The faithfulness with which the artist has transferred the thrilling realities of this memorable battle to canvas is truly wonderful; and we have pleasure in recommending visitors to Toronto to visit this panorama.

At the Oriental Hotel.

Prof. Dorenwend, of Toronto, the largest hair goods manufacturer in Canada, will once more visit Peterborough This time his styles will all be of the newest and most fashionable patterns. He will have some of the finest kinds of ladies bangs and other frontpieces, wigs, waves, switches, etc., a stock that will surpass anything he has heretofore offered. It is wonderful how successful the Prof. has been since first starting business in Toronto some ten years ago; thousands throughout Canada and the United States are wearing his styles, this proves that he has gained the confidence of the public. His dealings are always straightforward and his great ability as a manufacturer is a well established fact. This visit will most likely be the only one this season, so remember if a nice bang, switch or wig is required he will be at the Oriental hotel on Tuesday and Wednesday, May 29 and 30. Don't forget to call on him. dw

A BATTLE WITH PIRATES.

THE YARN OF CAPT. REID OF THE WRECKED SAN PABLO.

Surrounded by a Swarm of Chinese Junks and Attacked While Disembarking from the Doomed Steamer.

SAN FRANCISCO, May 25.—The steamer City of Pekin, which arrived from Hong Kong and Yokohama yesterday, brings additional information in regard to the wrecking of the steamer San Pablo near Turnabout Island in the channel of Formosa a month ago. The captain's statement is as follows:

On Monday evening the vessel ran into a thick fog. He kept the ship on her course, though precautions were taken to keep continually sounding. On Tuesday morning the San Pablo struck a sunken rock ten miles north of Turnabout. It was impossible to back the ship off, as the two holds and coal bunkers were filled with water, and there was danger of the vessel capsizing. It was decided that it was hopeless to attempt to save the steamer or cargo, and consequently the passengers and crew took to the boats and made for Turnabout lighthouse, whence they were conveyed to Shanghai.

Just before the lifeboats were ready to be lowered a swarm of Chinese piratical junks came from the neighboring mainland. The queer-looking vessels sailed in line of battle, and Capt. Reid, realizing the danger his charges were in, made preparation to repel the attack. The pirates, however, came in such overwhelming numbers that before any demonstration could be made on board the sinking vessel the pirates were climbing up the ship's sides. They were led by a man armed with a cutlass and a large revolver, and his shipmates were also very heavily armed.

Capt. Reid passed revolvers and guns among the passengers and crew, and after a furious fusillade the Coolies were beaten off. They rallied, however, and made a second and more desperate attempt to board the San Pablo, which was fast settling in the water. Some of the pirates gained the main deck in spite of the gallant stand of passengers and crew, and were swarming toward the promenade deck, where the defenders were busy firing and reloading, when Capt. Reid brought the ship's hose pipe into requisition. The long coils of hose were manned by the crew, and instantly the pirates were again put to flight, the torrents of boiling water from the pipes sweeping many of them off the deck into the sea. The Coolies then beat a retreat, and drawing their vessels up in line cruised half a mile off the sinking vessel, with the evident intention of waiting for its abandonment. During the fight Capt. Reid imprisoned all the Chinese among his crew with the Chinese passengers in the forehold for fear they would aid their countrymen.

As soon as possible the passengers, mail and specie were put into the San Pablo's boats and then all bore away for land. When only a short distance from the wreck they saw the pirates set sail and went upon the San Pablo. They clambered over the ship's sides with grappling hooks and were soon masters of one of the finest boats that ever sailed the Pacific. Whether by accident or design they soon set fire to the ship, and when last seen smoke was pouring from the wreck in great clouds. In a few days tugs were sent to the relief of the San Pablo, but they found only the hulk burned to the water's edge and stripped of everything valuable.

It is estimated that at least a score of pirates lost their lives in the fight with Captain Reid and his men. During the battle the women and children who were on board the San Pablo sought the state rooms where they were in constant fear, not out of falling into the hands of the pirates, but of being drowned in the water which was filling the ship.

PRESBYTERIAN CENTENNIAL.

Mass Meeting at Philadelphia—Methodists Elect Another Bishop.

PHILADELPHIA, May 25.—Yesterday was the centennial day of the Presbyterian Church, and the members of the two General Assemblies united in great mass meetings in the Academy of Music and Horticultural Hall. The ceremonies began in both buildings at 10 o'clock, and the crowds in attendance at both were enormous.

United Presbyterians.

CEDAR RAPIDS, Ia., May 25.—The Thirteenth General Assembly of the United Presbyterian Church of North America convened here yesterday. Nearly 200 delegates from all portions of the United States and Canada, and some from foreign countries are present. Rev. Dr. W. T. Maloney of Chicago was elected moderator.

Dr. Newman Elected a Bishop.

NEW YORK, May 25.—The Methodist Conference to-day elected Dr. Newman a Bishop.

The Anglican Synod of Niagara.

HAMILTON, May 25.—On Tuesday next the Synod of the Diocese of Niagara will be convened in the schoolroom of Christ Church Cathedral. The proceedings promise to be very interesting, and several important motions are announced for discussion. About seventy clergymen and 120 lay delegates are expected to be present. The Bishop of Niagara leaves soon after the synod is closed to attend the Pan-Anglican Conference in Lambeth Palace, London.

JOHN CURRAN KENT AGAIN.

The U. S. House Foreign Relations Committee Will Investigate.

WASHINGTON, D.C., May 25.—Mr. Belmont (N.Y.) introduced in the House yesterday the following resolution, which was adopted:

"Whereas, John Curran Kent, a naturalised citizen of the United States, has been convicted of complicity with one Dr. Gallagher in an alleged dynamite plot in England, and is now suffering a term of imprisonment therefor in Millbank Penitentiary, London:

"Whereas, it is reported by the United States Consul-General in London that the conviction of said John Curran Kent was contrary to the charge of the judge who presided at the trial and is believed to have been obtained on insufficient and improperly considered evidence, and

Whereas, it appears that the American citizenship of the said John Curran Kent was not made known at the trial of his case, and therefore proper representations could not be made in his behalf:

"Resolved, That the Committee on Foreign Affairs be and is hereby instructed to inquire into the facts of the case of said John Curran Kent and report them to the House.

AN INFANT BURNED TO DEATH.

Sad Ending of Alphonso O'Neil—An Old Woman Severely Injured.

TORONTO, May 25.—Yesterday morning the infant son of Wm. O'Neil, restaurant keeper, 230 King-street, was fatally burned. About 6.30 the nurse, a Mrs. Rogers, went into the kitchen and left the boy Alphonso in the back bedroom, first floor. He was partly dressed. The little fellow got hold of a coal oil can and poured some of the oil on the kitchen stovepipe, which runs up through the first floor hall and was hot. In a moment the flames darted up and the boy was in a blaze. The nurse rushed upstairs and tried to put the fire out by wrapping her skirts around him, but these being of a light material she too was speedily in flames. By this time Mrs. O'Neil and Mr. O'Neil had come to their aid and by wrapping blankets around them put the fire out. In doing so Mrs. O'Neil burned her hands severely. The boy and the nurse were taken to the General Hospital, where the little fellow died three hours subsequently. Mrs. Rogers is severely burned on the hands and legs, but it is expected she will recover. The brigade was summoned and the fire extinguished after doing about $600 to $700 damage to furniture, etc., exclusive of the damage to the building.

The following corps of the second military district go into camp (probably at Niagara) on June 12 under command of Col. Otter, the D.A.G.:

C Company, T.S.I.; Toronto Field Battery; Hamilton Field Battery; Welland Field Battery; 12th York Battalion; 34th Ontario Battalion; 35th Simcoe Battalion; 36th Peel Battalion; 37th Haldimand Battalion; 77th Wentworth Battalion.

The Dominion brewery on Queen-street east, owned by Robert Davies, is about to change hands, a syndicate of English capitalists having cabled over that they will accept Mr. Davies' terms. It is understood that the price to be paid is nearly a million dollars. The brewery is the largest in Canada.

DEPARTURE OF LORD LANSDOWNE.

Farewell Addresses Presented to His Excellency at the Ancient Capital.

QUEBEC, May 25.—His Excellency the Governor-General, Lady Lansdowne and suite arrived at 6.30 yesterday morning. Their Excellencies breakfasted on board the car, and at 9 o'clock, escorted by the Queen's Own Canadian Hussars, they drove down to the Queen's Wharf, where a farewell address was presented by the Mayor and City Council and by the Quebec Board of Trade.

The members of the Local Government, with the exception of Mr. Mercier, attended in a body to pay their respects to His Excellency. Hon. Mr. Mercier left an autograph letter for the Governor-General explaining his absence from the city and bidding him adieu and bon voyage.

At 10 o'clock the party embarked on the River Police steam launch and were conveyed on board the Allan steamship Parisian, which immediately steamed quietly out of the harbor.

Lord Stanley to Sail on Wednesday.

LONDON, May 25.—Lord Stanley of Preston, the new Governor-General of Canada, will sail for Montreal on the steamer Sarmatian on Wednesday.

CABINET CHANGES.

Real and Rumored—Mr. Foster Succeeds Sir Charles as Finance Minister.

OTTAWA, May 25.—The first change in the Cabinet has been made by the appointment of Hon. Mr. Foster to succeed Sir Charles Tupper as Finance Minister. The latter resigned yesterday and was reappointed High Commissioner. The appointments were the last official acts of Lord Lansdowne.

Other appointments and changes must be made ere long, but Sir John in conversation yesterday intimated that they may not be made immediately.

It is rumored that C. H. Tupper, M.P. for Pictou, will succeed Hon. Mr. Foster. Hon. Mr. McLelan retiring to the Lieutenant-Governorship of Nova Scotia, and leaving Hon. Mr. Thomson and young Tupper as the representatives of Nova Scotia in the Cabinet.

To Make More Room for Members.

OTTAWA, May 25.—It is rumored that during recess arrangements will be made for providing residences for the sergeant-at-arms and other officials who occupy rooms in the House of Commons, so that there may be more accommodation for the members. Something like fifty rooms in the Parliament Buildings are occupied by officials.

TORNADOES IN THE SOUTH.

Churches and Dwellings Destroyed—Great Damage Caused by Hail Storms.

CORSICANA, Tex., May 25. One of the worst storms that ever visited this section occurred last night. The damage to business and residence property will exceed $25,000, and the damage to crops is very great. The colored Methodist Church and Oddfellows' Hall were blown to pieces.

A Destructive Cyclone.

BONHAM, Tex., May 25.—A destructive cyclone swept over Brownton, 25 miles east of here, yesterday afternoon, destroying the Methodist, Baptist and Congregational churches, and eight dwelling houses.

Mated With Anything but Delight.

SULPHUR SPRINGS, Tex., May 25.—A destructive hail storm passed two miles east of this place, doing great damage to crops and fruit trees.

It Cut a Wide Swath.

WELLINGTON, Kas., May 25.—A cyclone struck Argonia, a few miles west of this city, about 6 o'clock last evening, cutting a wide swath through the most thickly settled portion of the place. Among the buildings destroyed are the Methodist Church, Palace Hotel and a considerable number of stores and dwellings. No fatalities are reported, but several persons were severely injured.

The North German Gazette says it is high time to make clear, in a manner admitting of no misunderstanding, that Alsace-Lorraine belongs entirely to Germany.

A VICTORY FOR HOME RULE

SOUTHAMPTON ELECTS A LIBERAL FOR THE HOUSE OF COMMONS.

Various Theories as to the Cause of the Ministerial Defeat—The Pope Will Not Interfere in Irish Politics.

LONDON, May 25.—The Parliamentary elections at Southampton have resulted in a victory for the Liberals, their candidate, Mr. Evans, receiving 5151 votes and Mr. Guest (Conservative) 5266. The news of the Liberal victory caused a sensation in this city.

The Daily Chronicle attributes the Conservative defeat to the scare about the national defences and says that "The idea of the Government's weakness in this matter readily takes root in the south coast towns exposed to the danger of a French invasion."

The Standard says the result is vexatious, but it cannot be claimed to be anything more than a verdict on the licensing clauses of the County Government Bill. "The Gladstonians have carefully kept the Home Rule question in the background."

The Times says: "If the result at Southampton could be read as a triumph of Gladstonian principles, it would certainly be discouraging to the Conservatives, but the contest turned upon obscure petty local squabbles, complicated by a teetotal onslaught on the compensation clauses of the County Government Bill."

The Pall Mall Gazette says the defeat of the Conservative candidate was the worst check the Government has received this session.

The Star says the Government defeat was the beginning of the end, and means the triumph of the Home Rule cause through the break up of the Liberal-Unionist party.

The Pope and Irish Politics.

DUBLIN, May 25.—At a meeting of the corporation yesterday the Lord Mayor read this telegram from Archbishop Walsh, dated at Rome: "Assure the municipal authorities of Dublin that all apprehension of interference by the Holy See in Irish political affairs is groundless. The cause of Ireland has nothing to fear from Leo XIII. Accept my most distinct assurance upon this point. Protest by all means at your command and in the strongest terms against the action of the hostile journals which insult the Holy See by representing the Pontiff as a political partisan, and at the same time make it plain that as Irishmen and Catholics you are not to be misled by any such devices of the enemies of the nationality and faith of Ireland."

THE ROYAL MARRIAGE.

Solemnized in the Chapel of Charlottenburg Castle Yesterday.

BERLIN, May 25.—The marriage of Prince Henry, second son of Emperor Frederick, and Princess Irenee, third daughter of Grand Duke Ludwig of Hesse, was solemnized in the chapel of Charlottenburg Castle yesterday. Emperor Frederick and the Dowager Empress Augusta were present. Thousands of people were assembled outside the castle. When Gen. Von Moltke arrived he was enthusiastically greeted by the multitude.

Prince Henry and his bride left by a special train at 3 o'clock for Erdmannsdorf, where they will spend the honeymoon. They received a continuous ovation along the route.

The Kaiser's Condition.

BERLIN, May 25.—The Emperor and Empress drove through the streets of Berlin at 5 o'clock last evening. They received an immense ovation from the crowds lining the streets.

The Emperor rested better last night than he has any night since his arrival at Charlottenburg. He slept without coughing for a period of three hours. He went into the park at 10 o'clock this morning.

Converted Into a Party Song.

VIENNA, May 25.—The police have forbidden the public singing of "De Watch am Rhein," the anti-Semitics having converted it into a party song.

CLEMENCEAU DENOUNCED.

He is Charged With Having Increased the Republican Divisions.

PARIS, May 25.—The Republique Francaise, commenting on the meeting of the Republicans last night which denounced Boulangerism, reproaches M. Clemenceau with having increased the division in the Republican ranks.

The Intransigeant describes the new society which the meeting decided to organize as a re-election league.

Resolved to Prevent Cesarism.

PARIS, May 25.—At a meeting of the Republican members of the Senate and Chamber of Deputies it was resolved to combat Boulangerism and to employ every means to prevent Cesarism, and declaring that a Republican, not a Boulanger, revision of the constitution is needed.

An Anti-French Demonstration.

TURIN, May 25.—During the performance of a French operetta in the theatre here a serious anti-French demonstration took place. The police were compelled to clear the building.

The Crofter Emigration.

LONDON, May 25.—It has been found impossible to raise in Scotland the £2000 required to secure the Government grant of £10,000 for the emigration of 120 families of Crofters to the Northwest. About one-quarter of the sum required was forthcoming. Twelve families have just been selected from Harris, making 30 in all. The scheme will not extend beyond these limits this year. One-quarter of the promised Government grant only will be given. It is stated that the families have been most carefully selected.

To be Tried in June.

NEW YORK, May 25.—A number of people visited the Court of General Sessions yesterday expecting the trial of the spook manufacturers, Ann O'Delia Salomon, and her side partner, Gen. Diss DeBar, to begin, but they were disappointed, as it had been decided to postpone the case. Judge Gildersleeve set the case for June 4.

The Salvation Army.

Laying the Corner Stone of the New Barracks on Simcoe Street—Interesting Ceremony.

The ceremony of laying the corner stone of the new Salvation Army barracks now in process of erection on Simcoe street, took place on Thursday afternoon. The "troops," with re-inforcements from surrounding "forts," mustered opposite the barracks at 2.15 p.m., to the number of about fifty, accompanied by the full brass band of the Army.

The stone might have been more properly called the "centre" stone, for, instead of being laid in the northeast angle of the building, as has been the general custom ever since the building of King Solomon's Temple, it was on this occasion laid in the top course of one of the stone buttresses, about the centre of the building and west of the central main entrance. But Bro. Hall, one of the soldiers engaged on the building, and who has been present at a number of these ceremonies for the Army throughout Canada, states this is the usual way they lay the corner stone of their new temples.

The size of the stone was 17 inches long, 12 inches wide and 10 inches thick, and in it were deposited copies of the daily EXAMINER, *Review* and *Times*, the *War Cry* and the *Little Soldier*.

Proceedings were opened with a fervent prayer by Capt. Woodgate, followed by singing. Adjt. Boulton then offered up another prayer. Psalm xxxviii. was sung, followed again with prayer by Capt. Sharp, of Cobourg. Then came interesting "experiences" by Mark Spencely, otherwise "Cabbage Mike," Father Green and Sister Valois. Adjt Bolton then addressed the assembly, which had by this time increased to about 500. He told of the aims and objects of the Army, and thanked the people of Peterborough for their encouragement. They should be proud of the new temple. The building would have a seating capacity for 1000 people in the main temple, and there would be room in the basement for 200 more, in addition to the rooms for the officers' quarters, etc., who would be permanently located there.

Bro. John Sawers then took the platform. He said he was very glad the Salvation Army had come to Peterborough. It had done him good. Although peculiar people in their worship of God, they were doing good where other means did not reach. Far better, he said, to see such cases as "Cabbage Mike," as he was called, going to a happy home, instead of breaking up the furniture in the house and abusing his wife and family as he used to do. While some to-day were running the race course for the devil, he was running the race course for Christ. But he hoped that as they were met to-day to lay the corner stone of the new building they would be laying the corner stone in their hearts for Christ.

Bro. Sawers then stepped back and was presented with a trowel by Mr. Ed. Doole, the contractor of the building, the stone was adjusted into its position, and Bro. Sawers having given it three taps with his trowel, declared it well and truly laid to the glory of God. The new trowel presented to Bro. Sawers by the Army is a handsome nickle-plated one having his name, etc., upon it.

Adjt. Boulton then appealed to the people for donations to help along the building, and sent "Cabbage Mike" and other officers among the crowd to collect the same.

Capt. Jack Addie, from Lakefield, was in the meantime called upon for an address, followed by Lieut. Cameron and Capt. Davis, the latter having won fame by having been imprisoned thirteen times for marching the streets for Christ. Songs by Bros. Baker and Hill, and an experience by Capt. Sharp, a saved Scotchman from the far north of Scotland, after which the proceedings were terminated.

Methodist District Meeting.

Annual Meeting of the Methodist Ministers of Peterborough District.

Upon resuming Wednesday afternoon, after the opening devotional exercises led by Mr. J. L. Hughes, a motion of condolence with Rev. A. L. Adam, of Hall's Bridge, in the severe affliction he has undergone by the protracted illness of his wife, was passed.

It was moved and carried that the Sustentation Committee be asked to grant $150 to Rev. J. C. Wilson, of Ashburnham.

The following were appointed to represent the committees and churches at the annual conference in Lindsay next month:—

STATIONING COMMITTEE—Rev. J. C. Wilson.

SUNDAY SCHOOL COMMITTEE—Rev. J. MacFarlane and Mr. John Hull.

LAY DELEGATES—Messrs. J. Hull and W. Harper, Lakefield; E. Kerr, Benafort; R.W. Clark, A. Ferguson and Jas. Brock, Millbrook; A. R. Kidd, Warsaw; J. Barnicutt, Manvers; W. J. Mason, D. W. Dumble, R. Neil and J. L. Hughes, Peterborough; Wm. Wand, Ashburnham; Samuel Staples, Ida; J. H. Richardson, Bethany; Samuel Grandy, Yelverton.

MISSIONARY COMMITTEE—J. L. Hughes.

The report of the Missionary Fund showed an increase during the year of $158.

The following motion was carried unanimously by a standing vote:—Moved by Rev. J. C. Wilson, seconded by Mr. J. L. Hughes, and resolved, that we, the members of the district meeting, take this opportunity of expressing regret at the removal from this district and conference of our esteemed Brother, Rev. I. Tovell, chairman of this district; who, by his uniform kindness and urbanity, his untiring zeal for the prosperity of the cause of Christ, together with his able pulpit and platform efforts, have won for him a place in the affections and best wishes of those amongst whom he has labored, and we assure him that he shall *follow himself* and family by our prayers for their continued

Children Cry for Pitcher's Castoria.

prosperity in the field to which in the providence of God they shall shortly remove.

The South Manvers circuit was on motion recommended to the favorable consideration of the Sustentation Committee for a grant of $200.

It was moved by Mr. R. W. Clarke, seconded by Rev. Mr. Cragg, that the thanks of this meeting be given to the friends in Peterborough for their kindness in entertaining the members of the district meeting, and that this resolution be read from the Methodist pulpits of the town.—Carried.

The next quarterly district meeting was appointed to be held at Millbrook.

Young's Point

(*From Our Own Correspondent.*)

PERSONAL.—Our energetic representative, Mr. J. R. Stratton, M.P.P., was in the village on Thursday, looking over the government works which are being carried on here. Mr. Stratton is an active member and looks after the interests of his constituents.

ON THE DIAMOND.—The local club have received and accepted an invitation from the Bridgenorth ball tossers to play at the picnic to be held there on Thursday, 24th. We are afraid that our boys will do poor ball-playing as they have had no practice this season, though, it is fair to say, not through any fault of theirs.

Happiness.

The fountain of all happiness is health. A man with an imperfect digestion may be a millionaire, may be the husband of an angel and the father of half a dozen cherubs, and yet be miserable if he be troubled with dyspepsia, or any of the disorders arising from imperfect digestion or a sluggish liver. Dr. Pierce's Pleasant Purgative Pellets are the safest and surest remedy for these morbid conditions. Being purely vegetable, they are perfectly harmless. b

Water Filters.

To insure good health it is absolutely necessary to have pure water, and no water is entirely free from floating matter and disease germs *without thorough filtration*. The majority of cases of typhoid and other low fevers are in a measure caused from unfiltered *and impure water*, so that every family who values its health should have a reliable filter. Numerous filters are offered to the public varying in points of excellence, but for cheapness, efficiency and durability, our filters cannot be surpassed. No corroding substances are used in construction. The packing material is the most powerful specially prepared granulated carbon. It will last for years with the ordinary use of a family, and the material may be obtained from us at any time for replenishing at small expense. Sold in Peterborough only at China Hall. dw

Notice to Creditors.

In the matter of ELIJAH THOMAS CARTER, of the Town of Peterborough, Manufacturer of Hames.

NOTICE is hereby given that the said Elijah Thomas Carter has this day made an assignment to me in pursuance of R.S.O., 1887, cap. 124.

A meeting of the creditors will be held at my office at the Town of Peterborough, on Wednesday, 30th May, 1888, at 2 p.m., for the appointment of inspectors and for giving direction as to the disposal of the insolvent's estate.

Creditors are required to file their claims on or before the day of such meeting.

A GREAT SUCCESS!

Selling the Ludgate Lots was supposed to be the work of a year, but was accomplished in a week. How? By the liberal use of Printers' Ink, by meeting industrious and intelligent young men and young women as well as heads of families on the ground in the evenings and presenting to their intelligence beautiful City Lots at Village Lot Prices, and on terms to suit all buyers. "This plan is patented, and counterfeiters will be prosecuted." Of the Ludgate Lots four only remain unsold, and I have many customers still to supply. I have obtained instructions from Mr. John Carlisle to sell a few Choice Lots on Carlisle and Munro Avenues. The manner in which this annex has been fitted up with beautiful avenues planted on either sides with trees in perfect order, the number of respectable dwellings erected and in course of erection speaks volumes for the energy and enterprise of Mr. Carlisle to whom the Corporation of Ashburnham owes a debt of gratitude for the incentive he has given to building operations in their midst, and in this connection I claim first mortgage for having induced Mr. Carlisle to buy that property, which has been so profitable to himself, to the Corporation and to those who have bought from him, and which will be still more profitable to those who buy from me at my sales on the ground next Monday, Tuesday and Friday eve from 5:30 till dark. Don't fail to attend and bring your friends, I will give you Good Bargains.

P.S.—I have several cheap and a few good Houses, at Low Prices. I can suit any reasonable buyer, in any part of the Town, Ashburnham and Auburn. Farms for Sale.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

A Cure For Deafness.

There have been many remarkable cures of deafness made by the use of Hagyard's Yellow Oil, the great household remedy for all pain, inflamation and soreness. Yellow Oil cures Rheumatism, Sore Throat and Croup, and is useful internally for all pains and injuries. 2d20w

She Speaks from Experience.

Miss Edith Foy, of Amherstburg, Ont., had a severe case of Quinsy. She writes: "I tried the doctor's medicine, but got no relief. I was told to try Hagyard's Pectoral Balsam. After taking two doses I got relief, and when I had taken three parts of the bottle, I was completely cured." 2d20w

Four Years of Suffering.

Mrs. Torrance McNish, of Smith's Fall's Ont., after four years' intense suffering with Scrofula, from which her head became bald, was cured by Burdock Blood Bitters, after the best medical aid had failed. 2d20w

A Lucky Escape.

Mrs Cyrus Kilborne, of Beamsville, Ont., had what was thought to be a cancer on her nose, and was about to submit to a cancer doctor's operations when she tried Burdock Blood Bitters, which effected a radical cure. This medicine cures all blood diseases. 2d20w

A sure Remedy for Neuralgia.

Neuralgia is one of the most common and painful affections incidental to this climate. Life to thousands is made miserable through its agency, and as it affects the nerves, only the most powerful and penetrating remedies can reach it. Nerviline has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we request a trial of Nerviline. Sold by druggists, and all dealers in medicine, 10 and 25 cents a bottle. 6d21w

The Weather.

Moderate winds, fair and warm with local showers by night.

A Haunted House.

Any town of any importance has its local spook—its haunted house, and Peterborough is not behind in this respect. There is a house on George street haunted both day and night—haunted with the ghosts of the big bargains of the previous day in dress goods, hosiery, gloves, carpets, millinery, mantles and spring tweeds, and haunted by customers seeking similar bargains in these lines at the golden lion. Remember, all imported goods of the highest quality at importers' prices—God Save the Queen!

It's Wonderful.

What is? Why the great talk there is about the grand excursion that is going to take place on Tuesday, June 12th, over the C.P.R. to Toronto. Canton No. 10 and St. Luke's C.K.T.S. have combined for this great event. The 57th battalion band will attend and furnish music. Further the Canton Chevaliers will go in their beautiful and attractive uniforms. The Canton never does things by halves, and does not consider expenses when it gets up something good for the people. The tickets are bound to sell quickly so many are saying, "I want to buy a ticket." And no wonder, for the attractions are great. Expect news from Bowmanville and Belleville. Look out for it. 3d121

The Play To-night.

Mr. Aiden Benedict and his dramatic company are in town and to night will present "Monte Cristo" at the Opera House. Of the company's performance, the New York *Union* says:—"Benedict's Monte Cristo is a new version of this always popular play, and in some things a great improvement on the original. It works better on the road, our tails dialogue and strengthens the situation of the piece If all managers were as punctual in their engagements, as correct in their dealings, as temperate in their habits, as good artists, and courteous to the public and their employees as Mr. Benedict is, there would be less companies let on the road." Seats at Hartley's at regular prices.

A Sad Home Coming.

Mr. Toker Barlee, whose serious illness in New York was noted in the EXAMINER, died shortly after the arrival of his sister. The body was brought home on Wednesday night and the interment took place on Thursday afternoon. The family have the deep sympathy of the community in this bereavement, the second which has befallen them within a brief period. The deceased was only eighteen years of age and had just entered upon the pursuit of a military career at the Royal Military College, Kingston. He was an estimable young man, highly respected and his early and sad demise will be learned with general regret.

A Word in Season.

A great slaughtering sale of dry goods, dew varied and seasonable, will begin on Saturday in Dawson Bros.' old premises and continue for thirty days. Mr. F. S. Gould has just placed in the store a splendid new stock wh.ch will be sold at less than wholesale prices, Just think of that, and then say you are not getting bargains. The advice to all is, "come early and avoid the rush."

Important Auction Sale.

Judge Dennistoun having disposed of his residence and proposing to remove from this part of the country, the whole of the household furniture and effects will be offered for sale by auction on Wednesday and Thursday, May 30 and 31 inst. Catalogues and posters will be issued shortly. 3d1w

THE AUSPICIOUS 69th.

Anniversary of Her Majesty's Birth.

Queen's Weather—Peterborough Loyalty Business Suspended—How the Holiday was Hilariously Spent.

Jupiter Pluvius was gracious unto mortal man and granted propitious weather for his loyal celebration of the sixty-ninth birthday of Her Majesty the Queen. The 24th was graced by genuine Queen's weather, and accordingly the demonstration in Peterborough was a grand success. The early trains brought in crowds of visitors, and there was a steady influx of people throughout the day from the rural districts. The stores were all closed, but the decorations were on a very meagre scale. However, the whole affair passed off satisfactorily, and the committee of the Battalion and Athletic Association have the pleasure of realizing that their efforts were entirely successful. It is understood the funds of the band will be considerably augmented by the proceeds of the day's sports. The programme of events as advertised was well carried out, and below is given a necessarily brief report of the day's proceedings.

CANTON PARADE.

Shortly after nine o'clock Canton Peterborough *Patriarchs Militants*, headed by the Battalion band, marched from the Lansdowne skating rink and paraded up George street to Green's photograph studio, where group views were taken. The handsome uniforms, perfect drill and difficult manœuvres of the Canton were greatly admired by the people who witnessed the exhibition street parade.

BASEBALL.

Afterwards the band played the crowd over to the Athletic Grounds, where about 200 people assembled to witness the baseball match between the Atlantics, of Toronto, and the local club. It was a very fair game of ball, and though the home team were outplayed at almost every point, they did good uphill work. Billings distinguished himself behind the bat and Moore became the grand stand favorite by gathering in some high flies. The pitcher of the visiting team had a very puzzling delivery that our boys did not take very kindly to, while as a rule the Torontos hit Cameron pretty hard. The latter at times would take a "streak" that showed he was capable of great things with practice. Some considered he was the equal of Goodwin as a twirler. The home team also need more practice with the bat. They are lamentably weak there. Following are scores:—

THE FEU-DE-JOIE.

At 11:30 the 57th Battalion and band marched from the drill shed to the P.A.A.A. grounds, arriving at the conclusion of the ball game. The men were drawn up in double line and a *feu-de-joie* fired. Col. Rogers was in command, with Major Grover and Surgeon Kincaid in attendance

This ended the programme of sports for the forenoon.

Afternoon Sports.

A crowd of fully five hundred people assembled on the grounds about two o'clock, when the athletic events were run off under the supervision of the committee. It was a long programme, but no time was lost and at half-past five all was over.

Appended is a list of the events and the winners of prizes. Among the competitors were a number from a distance, who all did well. The time made in the foot races was good indeed, and, considering the roughness of the track, the wheelmen showed up well.

The two mile bicycle race was close indeed, Lingham beating his opponent by a few feet only.

The company and menagerie races were particularly amusing. In the former five companies of the battalion entered. The men were bound to each other by ropes, each company running in line. In their eagerness to win, some of the men stumbled and fell near the tape, and the result was a general scramble.

The menagerie race furnished even more amusement. The entries were:—Dr. Brennan, with a pig; Lieut. Hammond, a cat; Capt. Millar, a turkey; Col. J. Z. Rogers, a duck; Mr. R. B. Rogers, a goose; Mr. G.C. Clarke, a rabbit, and Lieut. Mason, a chicken. Each contestant was to drive his animal across the grounds through a goal. No pulling or pushing was allowed. The result was most laughable. The cat refused to stir; the duck waddled off slowly at a snail's pace; the pig trudged along and grunted contentedly; the rabbit made frightened leaps and then subsided entirely; the goose made a start for the grand stand and when headed off took wing and flew straight as a bee line through the poles, leading its driver a lively chase; the turkey and chicken went only half the distance. The applause was uproarious, and the spectators voted it the best thing of the day. The time made by the goose, the winner, was 30 seconds.

The band was present and played at intervals. Following are the entries and prize winner:—

The other two events did not take place, there being no entries.

Driving Park Races.

There was a fairly large attendance at the driving park races in the afternoon. The track was in excellent condition and Messrs. Gus Sawers, E. Thompson and F. Scrimger filled the position of judges, the first named being starter.

THE NOVELTY RACE, an idea of Mr. Johnny Newhall's, was indeed a novelty. For it there were four entries, "Parnell," "Nettie" owned by Mar. Bickle, of Smith, "Brown Lily" and "Bessie B." The horses got a standing start, walked the first half mile, trotted the second and ran the third, "Nettie" had a literal "walkover" in this race. The first heat she won a half mile in advance of her nearest competitor. She took three straight heats. For second money "Parnell" and "Greybird," which had each a second and third place, had to try a deciding heat, but "Parnell" had gone lame and could not enter, and "Greybird" went over the course alone.

THE NAMED RACE.—This was a rather tame race, "Lady Tariff" taking three straight first places, "Lady B." three seconds and "Jerry" three thirds. Time: 3.02, 3.01 and 2.56.

THE OPEN TROT, brought out "Tariff" (Cobourg), "Little Ned," "Royal Jim" and "Billy W." This race was not finished. Tariff took the two first heats though Little Ned made the pace pretty hot and caused the stallion to do a little running on the back stretch, (where the gray collared him in both heats) to keep the lead. Tariff's driver was cautioned that if the running were repeated he would be set back.

The race was not completed, and it was agreed to trot to a finish to-day (Friday) when Tariff won the deciding heat without a skip in 2.36, Little Ned, second, and "Billy W" third.

THE PROMENADE CONCERT.

In the evening the spacious galleries and floor of the skating rink were thronged with people, who walked, talked or sat about and listened to the sweet strains of music that floated up from the circle of instruments on the main floor. The band played a number of new, difficult and beautiful selections that showed they have been practicing industriously of late and had prepared an excellent treat for the public. The people enjoyed the entertainment immensely.

WILLOW AND WICKET.

"Wrighton's Lambs" went to Campbellford and played a cricket match with the local club. They were well entertained and speak in complimentary terms of the treatment they received. The "Lambs" comprised:—W. H. Wrighton, W. Hartley, J. H. Burnham, C. McGill, J. D. Parker, M. Hamilton, W. Hamilton, E. Retallick, A. McDonnell, G. Boucher and a "sub" taken on at Campbellford named Little. The result was a narrow victory for the Lambs, by one wicket. Campbellford made 37 and 51; Peterborough 42 in the first innings, and tied the score with a wicket to spare in the second. In their first innings Hartley and Wrighton made a stand for nearly an hour scoring 10 and 8 runs respectively. Campbellford's bowling was very good. Max Hamilton and Hartley bowled for Peterborough, and in the second innings the former performed the hat trick. Max Hamilton scored 22, not out in the second innings. Burnham made a score of 11, and McDonnell as wicket-keeper is deserving of special mention. W. Hamilton scored 10 in the first innings. The others' play did not rise above mediocity.

JUBILEE POINT.

Jubilee Point Park was opened Thursday with much *eclat*. The beautiful pleasure resort was crowded with people, who came principally from the Rice Lake district. About 150 went down from Peterborough on the "Golden Eye." The day was spent most enjoyably, though the regatta did not take place, there not being enough entries. In the contest for the sewing machine Wm. Crossen threw highest, 42. An orchestra was on board the "Golden Eye" and dancing was kept up all day and on the return trip.

THE NATIONAL GAME.

A team of the Ætna Lacrosse Club went to Millbrook and played the club of that village. The teams were very evenly matched, as after play of an hour and a half neither side had scored a goal. The Ætnas are a junior team and are tickled immensely over their good showing against the Millbrook seniors.

The Riversides met with decisive defeat at Barrie—four straight goals against them. They were outplayed at every point, the home field being particularly weak. The Barrie team played well together, though their two best men, Hartley and James, were from Shelbourne club. The game was protested on this account. The first game was taken by Barrie in two minutes, and the three succeeding games in much longer time. The Riversides did not do any field play at all. The whole work seemed to be done by Joyal, Patterson, Phelan, Rose, Duncan, Meagher and Halpin The boys were not in good trim. They left town at five o'clock in the morning and didn't get anything to eat till noon, by which time they were pretty well played out. They all speak in the highest terms of the treatment received by the Barrie boys, particularly Lennox and Fairbairn. An agitation is on foot to re-cuscitate the old Peterboroughs. More will be heard of it later.

THE NORWOOD PIC-NIC.

Between three and four hundred people went down to Father Conway's pic-nic at Norwood. The pic-nic was well patronized by all the surrounding country, and was a complete success. Dancing, athletic sports, a football match and other events were features of the pic-nic. A number of Peterborough boys entered in the races, Ed. Rogers taking first prize in the hundred yards dash. There were a number of drawing competitions, the principal one being for a painting of his Lordship Bishop Dowling. The holder of ticket No. 125 was the lucky person, but could not be found. In this connection Miss Foley deserves credit for her highly successful efforts at ticket selling. Among those present were Rev. Fathers Casey of Campbellford and O'Connell of Brighton, and Mr. Thos. Blezard, M.P.P.

A "COMBINE" EXCURSION.

Mr. Wm. Hamilton and Mr. Harry Grundy chartered the steamer "Fairy" and treated their friends, to the number of about 55, to an excursion on Stony Lake. The parties went up by rail to Lakefield. The respective parties bivouacked in their respective islands and spent the day in a delightful manner, with no reason to complain of lack of sociability on the part of the mosquitoes. The return home was made by the regular train without accident.

NOTES.

Mr. R. M. Roy had his photographic apparatus on the Athletic Grounds and took a number of views.

Two or three Toronto athletes were among the competitors. They took away a number of prizes.

Gardener McLennan is delighted with the conduct of the public who visited Court House Park for the first time this season yesterday. It is more trouble to keep adolts from climbing the terraces and destroying the grass than the children.

A display of fireworks was set off in front of the C. P. R. Hotel One of the rocket sticks came down with a whizz on Simcoe street, and came near impaling a pedestrian. The Chief of Police put a stop to the rocket racket.

The fire-cracker nuisance is dying out, and very few of the miniature bombs were used on Thursday.

Personal.

Mr. Wm. Houston, Librarian Legislative Assembly, Toronto, is in town attending the Teachers' Convention. He is the guest of Mr. J. R. Stratton, M.P.P.

News Nuggets.

—The officers of Canton Peterborough were installed Wednesday evening by Lieut. D. H. Moore.

—A young man fainted on the street Thursday night and was carried into Ostrom's store.

—A pic-nic at Bridgenorth Thursday was attended by a few people from Peterborough.

—No drunks were gathered in by the police on the 24th. The town was kept quiet.

Robinson vs. Leary.

Osgoode Hall, in the Court of Appeal for Ontario. Robinson *et al* vs. Leary. This action was brought to recover a farm of 176 acres in North Monaghan, estimated as being worth about $17,000. The plaintiffs are the representatives of the late Mr. Edmund Chamberlen, and claimed title under a deed made by the defendant to the deceased, and the defence set up was that such deed was intended to operate only as a security and to indemnify Chamberlen against his liability as the endorser of certain notes of the defendant which had since been paid, and, on the evidence at the trial Mr. Justice Ferguson found in favor of the defendant's contention, and from that judgment, the plaintiffs appealed on several grounds and the appeal was argued before the Court of Appeal on the 10th of May, inst., when judgment was reserved until Wednesday, when judgment was delivered affirming the judgment given by the trial Judge on all points, and dismissed the appeal with costs. W. Cassels, Q.C., and E. Armour Peak, for the appellants; Geo. Edmison and W. Nesbitt for respondents.

NOTES FROM THE CAPITAL.

A SLIGHT DECREASE IN THE EXPORTS FOR APRIL.

Free Imports for the Month Greater and Dutiable Less than for the Corresponding Period Last Year.

OTTAWA, May 26.—Judge Fournier and Acting Assistant Clerk of the Privy Council Bourbeau left for Halifax yesterday, where Sir John Ross, Commander of the Forces of British North America, will be sworn in to-morrow. It is not likely that he will visit Ottawa, but it is probable that Chief Justice Ritchie will be appointed Deputy Administrator to sign warrants, etc., so as to avoid delay in sending documents to Halifax for signature.

U. S. SENATORS AND THE TREATY.

Several Hours of Yesterday's Secret Session Devoted to the Fisheries.

WASHINGTON, D. C., May 26.—The Senate spent several hours again in session yesterday, ostensibly discussing the motives of Senator Sherman (Ohio), to proceed to the consideration of the Fisheries Treaty with open doors, but in reality debating the merits of the Treaty itself. Senator Morgan (Ga.) was the principal speaker.

The afternoon session is reported to have been remarkably dull as a general thing, but it is said that a colloquy between Senators Edmunds and Morgan, in regard to things the President was likely to do if the Senate does not ratify the treaty, would be read with interest if made public.

No action was taken and the treaty, though under discussion, has not yet been formally taken up.

Which Is It.

NEW YORK, May 26.—The Tribune's Washington special calls attention to a curious phase of the Fishery Treaty matter in the Senate: "There is one feature of the attitude assumed by the Democratic Senators in this business to which attention has not yet been drawn, though it is hardly a novel thing. It is the utter disregard with which the recommendations of the President are treated by the Democratic Senators. The President recommended a discussion of the treaty with open doors; his Secretary of State invited it with boastful pompousness. Now that the Republicans have met the wishes of the Administration, they are confronted with a solid Democratic opposition. The conclusion to be drawn is either that the President in making his recommendation was not sincere, or that the Democratic Senators are anxious to administer a snub to the President in public.

A Small Committee's Big Job.

WASHINGTON, May 26.—The Senate Committee on Finance held its first meeting yesterday, at which a general discussion of plans and purposes took place. The subcommittee will probably hold daily meetings hereafter. From developments at today's meeting it appears probable that there will be substantial agreement upon the administrative features of a tariff bill, in short that the Senate Undervaluation Bill will be added to any tariff bill that may be sent over from the House, also that the two sides will substantially agree in respect to the removal of the incongruities and inconsistencies of the present customs laws, many of which have been called to the attention of Congress by various secretaries of the treasury. It is also thought probable that both parties will assent to the putting of a number of new articles on the free list, but beyond this point it is expected that the sub-committee will divide upon strict party lines; that is in respect to new rates to be established upon dutiable goods.

The Week's Failures.

NEW YORK, May 26.—The business failures occurring throughout the United States and Canada for the past seven days, as reported to Dun, Wiman & Co., number for the United States 213 and for Canada 12, or a total of 225, as compared with 189 last week and 209 the week previous to the last. The figures for the corresponding week of last year were 175, being 153 in the United States and 22 in Canada.

AN UNEXPECTED RESULT.

THE SOUTHAMPTON ELECTION A SURPRISE TO BOTH PARTIES.

The Liberals Claim a Victory for Home Rule, and the Conservatives Say the Fight was on a Local Issue.

LONDON, May 26.—Southampton is a surprise to both sides; the Liberals did not expect to win it; the Tories did not expect to lose, wherefor though prior to the election it was admitted by both that the contest was conducted chiefly on a side issue, the Liberals having won naturally claim the result as a victory for Home Rule and a protest against coercion. The Tories say: "No, you chose to fight on local matters, some peculiar to Southampton and some broader, involving one of the critical points in the Local Government Bill." But even this they say with wry faces.

Whatever may be true of Home Rule, our Conservative friends have clearly got a blow. They took issue with the temperance party, which is very strong in Southampton. They softened to some extent their proposals about compensation for quashed licenses, but they stood by the principle of Mr. Ritchie's measure. On that, at any rate, they have been beaten: Southampton is the first constituency in which this question has been fought out, and the result is plain enough. Mr. Ritchie will have to modify, if not abandon, these licensing clauses of his bill.

Looked at more broadly with reference to Home Rule, Southampton is not, they say, a cause of unmitigated grief either to Lord Randolph Churchill or to Mr. Chamberlain. Lord Randolph is likely to see in this defeat another proof of his Preston argument about broken pledges and the futility of mere coercion as a permanent policy.

Mr. Chamberlain, now Sir William Harcourt's guest at Lyndhurst in New Forest, has been flying a kite. A journal, which sometimes serves him as an organ, published this week a new draft of his old scheme of Irish councils as a substitute for an Irish Parliament. It cannot be said that the reception of this suggestion was on the other side very flattering. The Tories, for the most part, passed it over in silence. The Gladstonians said: "This will never do." Still they found it interesting as evidence that Mr. Chamberlain, like Lord Randolph, felt that something must be done and some policy offered to the country. The Parnellites scornfully rejected the Birmingham boom, avowing moreover, cynically enough, that if they got all that Mr. Chamberlain offered they would use it as another lever to agitation for entire Home Rule.

Well, Southampton comes opportunely as a reinforcement to that party of discontent inside the Tory-Unionists' camp, of which Lord Randolph and Mr. Chamberlain are beginning to be regarded as the leaders. Southampton may not denote open hostility to coercion or to the general Irish policy of the present Ministry, but it certainly does not denote enthusiastic approval.

The Calvinist Methodists have, perhaps, an idea that it is possible to annex Mr. Spurgeon to their denomination. They have been passing a vote of sympathy with him in his present ecclesiastical troubles. He replies in a remarkable letter. "Mourning," he says, "over a great evil in some of the churches I sacrificed peace, friendship and repute to be clear of it, my protest was resented and judged to be needless." But he considers that the discussions have more than justified his charges, and repudiates again the compact which was made without his concurrence. He then adds: "It has cost me many wounds and much dishonor to have been the accuser of my brethren. It is still more painful to find their great errors not regarded as serious by the mass of professors. My only course is to follow a separate path, not, however, separating myself from any denomination who hold the faith once delivered to the Saints." This is Mr. Spurgeon's way of saying that the Calvinist Methodist who agrees with him is a better Christian than the Baptist who follows the "down grade" with the Baptist Union. Wider than ever before is the breach between the Baptists and their great teacher.

Catholics Warned.

DUBLIN, May 26.—Bishop O'Dwyer of Limerick has sent a letter to the Mayor of Limerick giving warning that Catholics who attend the League meeting announced to be held on Sunday will be guilty of a grievous sin in view of the admonition of the papal rescript. The Bishop regrets that the national organization should be risked for the sake of upholding the plan of campaign, which is condemned by both Mr. Gladstone and Mr. Parnell.

AT THE GERMAN CAPITAL.

Princess Irene's Wedding-Dress—The Retaliatory Decree.

BERLIN, May 26.—At the Royal wedding yesterday the bride, Princess Irene of Hesse, wore a low body dress, trimmed around the neck and set with large diamonds, and a large necklace of gold. She held a fan set with diamonds. Her breast ornaments, which were diamonds, and her bracelets, were all ancient royal jewels. The Empress was dressed in pale green silk, with a plastron of silver brocade and a pale blue silk train. She wore a splendid diadem of diamonds, white feathers, reviere diamonds on her neck and carried a bogues of orchids. The Crown Princess was dressed in white, decorated with the Russian Order of St. Catherine.

After breakfast, while the bride was dressing for her journey, her garter was cut up and distributed according to an old German custom.

Germany's Reprisal.

STRASBURG, May 26.—The Strasburger Post, Prince Von Hohenlohe's organ, in a strong article with reference to the reprisal decree, recounts Prince Bismarck's magnanimous advances since 1870 to bring about friendly relations with the French, who have always responded churlishly and discourteously, and says: "If Germany now says 'come, we have had enough of this' nobody can accuse us of being disturbers of the peace."

Considered Purely Vexatious.

PARIS, May 26.—The French press is unanimous in protesting against the decree which has just been published in Germany in regard to the forms to be observed by persons going to Alsace Lorraine. It is considered as purely vexatious that no foreigner should be allowed to cross the Franco-German frontier unless he has a passport bearing the vise of the German ambassador in Paris.

Teachers' Institute.

The Town and County Teachers Take Council Together.

The eleventh annual convention of the Peterborough Town and County Teachers Institute opened in the Court Room at 10 o'clock. Mr. Geo. T. Bean, B.A., of the Collegiate Institute, President, in the chair. About a *score* of blooming, book-wormy "schoolmarms" and a smaller number of male teachers were present.

The chairman gave a brief address indicating the objects of the Institute and emphasizing the importance of industrial training in our schools as compared with mere theoretical instruction.

After routine the Treasurer's report was referred to an audit committee composed of Messrs. K. Mark and W. J. Campbell.

COMMITTEES.

COUNTY EXAMINATIONS.—Miss McDonald and Messrs. Mark and Campbell.

NOMINATIONS. — Messrs. Hutchinson, Campbell, Rooney, Brown and Whittington.

TOWNSHIP CONVENTIONS.—Misses Beckett and Munro, and Messrs. Mark, Stone and Whittington.

READING.

Mr. J. C. Brown, county inspector, gave an address on Reading,—one of the most important subjects of school study. Reading was generally badly taught and learned. For the earliest classes it was impracticable to apply them in our average schools. The second part of the first book was "extremely felicitous." The pupil was taken by easy steps from the lowest to the highest, mistakes of pronunciation were pointed out, emphasis and inflection insisted on, and he gave valuable general rules and examples of right and wrong reading. Discussion followed and the convention adjourned.

Afternoon Session.

The attendance in the afternoon was much larger. Upon resuming Mr. Brown continued his address upon reading. He dealt with the different inflections of the voice in reading, and pointed out the rules in this respect; after a comma, a sustained pause; after the colon, semi-colon, period and exclamation mark, a falling inflection; after the interrogation mark, a rising inflection. These rules were, however, subject to alteration under certain conditions.

Mr. A. HUTCHINSON next gave an illustrated address upon his method of simplifying the process of teaching elementary arithmetic to children. He also propounded a method of inducing children to read well.

Mr. HOUSTON lectured on the subject of "Grammar." Grammar, he said, was the science of language, but he intended to discuss the subject upon a narrower definition: "The Science of the Sentence." This principle, he thought, should be followed out in teaching children. The fundamental law of thought was that a sentence is a mental assertion of something about something. A sentence would not be complete without these conditions fulfilled. He dealt first with the great underlying principles of grammar. In teaching he insisted that a systematized examination of sentence after sentence be made in order to build up the science of grammar. The first and most important consideration in justification of the use of grammar was the mental training and *discipline it exacted. It was the best of inductive sciences.* The classification of the elements of English grammar afforded an unlimited field for investigation. Practically, grammar was of as great a benefit as any other of the sciences, to those who use the English language. Besides, an English sentence lent itself to a *more perfect* inductive treatment than any other material in the world. The speaker explained the difference between the English and Latin sentence. The latter was mechanical, but the former was intellectual; the Latin sentence had to be analyzed in order to be understood, while the English sentence had to be understood before it could be analyzed. The study of the science of the sentence, he said, could not not be begun too early, and should be proceeded with on rational and scientific methods. The speaker deprecated the use of text books in teaching, as their constant use had the effect of making the system too mechanical and uninteresting. His object, he said, in his address would be to bring out some of the relations of words to sentences in the English language. A sentence was placed on the board and by investigation it was shown that the relation of words to sentences was determined by sense, position and accidence. Everything depended upon how a pupil was brought to see a sentence, and for that purpose scientific instruction was necessary. In analyzing, a sentence was divided into two parts. This process of dividing was performed easily in a child's mind, and the speaker urged teachers to get the children to do the work themselves as much as possible. Let them, he said, do the analysis under your supervision, not with the idea that you were imparting all the knowledge. Get the children to come out of themselves, as it were. Then followed a long and intricate address and discussion upon the different constructions to be put on a sentence. Sentences were divided, sub-divided and dissected; substantives, conjunctions and parts of speech were jumbled up together inextricably until the obtuse reporter was fairly bewildered and overwhelmed. His report was ended summarily. However, those present appeared to be greatly interested and plied the speaker with questions thick and fast. The subject was taken in all its aspects and fully investigated.

After a five minutes intermission, Mr. Houston began his address upon philology, which he defined as the science of investigation of words as to their meaning and form. To teach philology there were certain lines to follow if the subject was to be taught rationally. The subject of affixes was dealt with, and it was shown how similar prefixes and suffixes in different words would convey to the mind a similar meaning—as in re-vive, re-print and re-our; live again, print again and happen again. On investigation it would be found, he said, that all the affixes in the English language were at one time independent words, but their original meaning when used as prefixes or suffixes had almost entirely disappeared, and they had now no meaning at all by themselves. The composition of words was next taken up, and examples given of cases where two or three words had been joined together, and one or more of them, by the diminution of their meaning, had diminished in form and become a small and almost unrecognizable part of the stem or main word. This, he said, was a line of investigation which could be followed out—the derivation of affixes and the law which changes compounded words. Several other peculiarities of English words were mentioned, among them the phonetic decay of the languages. The speaker stated that classical language was simply the dialect of certain sections which had become predominant through historical circumstances; as in the case of the English classical language, which was originally the dialect of the north-eastern midland section, as distinct as that of Yorkshire or Lancashire, which had by circumstances become predominant and finally adopted as the correct thing. In conclusion, he urged the teachers to get the children to think for themselves of these matters, and not wait to be told everything. He said he wished to particularly impress that point upon them.

The convention adjourned till evening.

List of Fixtures, Actual and Prospective, for the Season.

The following official paper has been issued by the Acting Secretary of the cricket club, giving the actual and prospective fixtures for the club this season. As will be seen, there are some 19 matches to be played, and more dates will likely be added later on. The season will be a lively one:

Lindsay vs.	Peterboro'	—at	Peterboro'	June 2
Rosedale "	"	—at	"	July 2
Toron' "	"	—at	"	July 19
Ottawa "	"	—at	"	July 9
Scarbright's N.Y.	"	—at	"	Aug 9
Toronto vs.	"	—at	Toronto	Aug 15
Hamilton "	"	—at	Peterboro'	Aug 13
Ottawa "	"	—at	Ott'wa	Aug 27
East Toronto "	"	—at	Toronto	Sept 13

The following clubs have promised dates:— Belleville (two matches), Oshawa (two matches), East Toronto at Peterborough, Campbellford (two matches) and Lindsay at Lindsay.

Arrangements are progressing with the Irish team, and we have strong hopes of a match at Peterborough.

Correspondence is also passing with Rochester, N.Y., but as yet nothing definite.

"Then let the moon usurp the rule of day,
And winking tapers show the sun his way;
For what my senses can perceive,
I need no *revelation to believe.*"

Ladies suffering from any of the weaknesses or ailments peculiar to their sex, and who will use Dr. Pierce's Favorite Perscription according to directions, will experience a genuine *revelation* in the benefit they will receive. It is a most positive cure for the *most complicated and obstinate cases of* leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "eternal heat." o

At the Oriental Hotel.

Prof. Dorenwend, of Toronto, the largest hair goods manufacturer in Canada, will once more visit Peterborough. This time his styles will all be of the newest and most fashionable patterns. He will have some of the finest kinds of ladies bangs and other frontpieces, wigs, waves, switches, etc., a stock that will surpass anything he has heretofore offered. It is wonderful how successful the Prof. has been since first starting business in Toronto some ten years ago; thousands throughout Canada and the United States are wearing his styles, this proves that he has gained the confidence of the public. His dealings are always straightforward and his great ability as a manufacturer is a well established fact. This visit will most likely be the only one this season, so remember if a nice bang, switch or wig is required he will be at the Oriental hotel on Tuesday and Wednesday, May 29 and 30. Don't forget to call on him. dw

Valuable Properties for Sale suitable for Building Sites, Residences, Market Gardens, &c.

We have been instructed to offer for sale the following valuable properties:—

1st.—**East Half of Lot No. 1** in 2nd Concession of the Township of Thorah, County of Ontario, 120 acres all cleared, soil good clay loam, house and barn on farm, which is situated about three and a half miles from Beaverton. Price $4000.

2nd.—**The Erskine Homestead**, being the North Part of Block "U" Ashburnham, containing about 14 acres, and having a frontage of about 282 feet on Concession street, and 2340 on the Road leading to Norwood. This property has on it a large dwelling house, barns, stables, and outbuildings. It is well situated for putting on the market in Building Lots, and can be subdivided to advantage. The land immediately south of it has been sub-divided and Lots are selling rapidly and buildings being erected.

3rd.—**Block "E" Ashburnham**, containing about 26 acres, having a frontage of about 500 feet on Concession street. It is within a short distance from town, and is well adapted for sub-division into Building Lots.

4th.—**Fifteen Acres of Land in Monaghan** on the Gravel Road, about 3 miles from town, with brick dwelling house 34x41, containing 10 rooms and usual outbuildings. There is a good orchard on the place, and the soil first-class, suitable for a market garden, or residence for a retired farmer.

5th.—**The residence of Mrs. F. W. Hanltain**, situated on Brock Street, Peterborough, on Court House hill, there is about ¾ of an acre of land, well stocked with fruit trees, &c., soil, first-class. The residence is large, with the usual outbuildings.

6th.—**Erin Cottage** being the West half of Park Lot No. 14 in Lot 13 in 13th Monaghan, now in the town limits, containing about 5 acres of land. There is a comfortable brick cottage with usual outbuildings on the land, which is now occupied by Mr. Elias Thompson.

Offers in writing for the purchase of any of the above properties will be received by the undersigned, and any further particulars may be obtained from them.

MONEY TO LOAN. We have a large amount of private funds for investment and are prepared to loan on good security at the lowest current rates and on easy terms.

Practice Economy

By taking advantage of the opportunity offered you to buy Superior Teas at Honest Prices from the undersigned.

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

The Walking Match in Montreal—Baseball Games Yesterday.

MONTREAL, May 26.—It is now certain that there will be no record breaking in the Victoria Rink six-day race, and it now looks as if Noremac would win. The score at the close last night was as follows: Noremac 309 miles, Cartwright 300, Hayes 275, Taylor 260, Cortey 257. Both Pinchet and Paul have dropped out. The police stopped the sale of liquor and pool selling, and the affair was very dull.

At Buffalo—Buffalo, 15; Troy, 7.
At Rochester—Rochester, 6; Syracuse, 6.
At London—London, 8; Albany, 1. Called on third inning on account of rain.

National League Games.

At New York—New York, 1; Washington, 3.
At Boston—Boston, 1; Philadelphia, 4.
At Pittsburg — Pittsburg - Indianapolis; postponed on account of rain.
At Chicago—Detroit, 2; Chicago, 3.

American Association Games.

At Brooklyn—Brooklyn, 4; Louisville, 1.
At Philadelphia—Athletics-Kansas City; postponed on account of wet grounds.
At Cleveland—Cleveland-St. Louis; postponed on account of wet grounds.
Baltimore—Baltimore-Cincinnati, postponed on account of wet grounds.

Championship Games To-day.

International Association: Hamilton at Toronto, Albany at London, Troy at Buffalo, Syracuse at Rochester.

National League: Philadelphia at Boston, Detroit at Chicago, Washington at New York, Indianapolis at Pittsburg.

American Association: Cincinnati at Baltimore, Kansas City at Philadelphia, St. Louis at Cleveland, Louisville at Brooklyn.

The Western League is reported shaky, and it is thought Dugdale may be secured in a week or two by the Bisons.

Williams has been suspended and will probably be released.

Old Jack Nelson was released yesterday. He was expected to be a source of strength to the team, but instead has been a weakening influence.

The Bisons have now four pitchers, Hart, Walsh, Fanning and Gibbs; two catchers in Graves and Kappell, and if Dugdale is secured Kappell will be kept in right field.

If the Bisons cannot secure their old catcher they will try to obtain a right fielder who is a slugger.

Ottawa lacrosse men are in high feather over their four victories on Thursday. The Ottawas defeated the Brockvilles in the N.A.L.A. championship series; the Capitals beat the Young Shamrocks; the Ottawa Juniors scored a victory over the Young Torontos, and the Oshkoshs defeated an Almonte team.

HORRORS OF A CUBAN JAIL.

Beatings, Kicks and Crushed and Broken Fingers Meted Out to Suspects.

HAVANA, Cuba, May 26.—The press and the people are talking only of the revelations as to the cruel treatment of prisoners now confined in the Cabanas Fort for complicity in the kidnapping cases. Seventy persons are are under arrest and four of them have made sworn statements.

Santiago Montero, a saddler, was arrested while at work. He was questioned. His story was not believed and a colonel and two guardias civils tortured him. They put his fingers in a gauge and screwed them up, each turn crushing the bones. They beat him unmercifully, too, and he may die.

Antonio Molerio was arrested on the Morales estate, by Tomento Saius. He was beaten and for forty hours had no food. Saius told him that if he would swear that the Mayor and three Aldermen of Madanga were implicated in the kidnapping of Senor Alentado he would set him free. Molerio refused.

Florencio Diaz Betancourt was arrested by Saius. He was beaten till he fainted. When he recovered consciousness his fingers, broken and crushed, were in a vise. He cried like a child. Then the soldiers kicked him in the stomach. He was first asked to swear that Fernando Mena, on whose estate he worked, had had a hand in kidnapping Antonia Gelinden, and refused to do so. Both his hands will have to be amputated.

These exposures have aroused the people. Protests have been sent to Madrid. The press calls on Capt.-Gen. Marina to take steps in the matter at once. If Saius were caught on the streets there might be a lynching.

More Power to Prof. Smith.

ITHACA, N.Y., May 26.—Cornell is to have a department of journalism. Professor Brainard Smith, who is an old newspaper man, recently visited New York and consulted with a number of working newspaper men there, who agreed with him that the plan was most feasible. The college authorities promptly adopted his report. At the opening of the fall term, classes will be formed from the seniors, juniors and post-graduates. Professor Smith will give a series of lectures on the condition of newspaper work to-day in the great cities. The classes will be organized very much like the city staff of a large newspaper. Professor Smith will act as managing editor, and instruction will be given in the editing of copy, in condensing it, preparing it for the printer, and in writing head-lines.

A Unique Contest.

NEW YORK, May 26.—A unique contest took place here yesterday. The competitors were the fleet long distance telephone and the telegraph wire. Both were started at precisely the same moment and simultaneously tackled the task of delivering in Boston in the best possible shape with the least possible delay, a section of the despatch about the attack of Chinese pirates upon the steamship San Pueblo. At the end of ten minutes, time was called, when the 'phone's record was 346 words and the telegraph operator's 330.

The Two Emperors.

MILAN, May 26.—The Emperor of Brazil is much better to-day.

A sure Remedy for Neuralgia.

Neuralgia is one of the most common and painful affections incidental to this climate. Life to thousands is made miserable through its agency, and as it affects the nerves, only the most powerful and penetrating remedies can reach it. Nerviline has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we request a trial of Nerviline. Sold by druggists, and all dealers in medicine, 10 and 25 cents a bottle. 6d21w

A GREAT SUCCESS!

Selling the Ludgate Lots was supposed to be the work of a year, but was accomplished in a week. How? By the liberal use of Printers' Ink, by meeting industrious and intelligent young men and young women as well as heads of families on the ground in the evenings and presenting to their intelligence beautiful City Lots at Village Lot Prices, and on terms to suit all buyers. "This plan is patented, and counterfeiters will be prosecuted." Of the Ludgate Lots four only remain unsold, and I have many customers still to supply. I have obtained instructions from Mr. John Carlisle to sell a few Choice Lots on Carlisle and Munro Avenues. The manner in which this annex has been fitted up with beautiful avenues planted on either sides with trees in perfect order, the number of respectable dwellings erected and in course of erection speaks volumes for the energy and enterprise of Mr. Carlisle to whom the Corporation of Ashburnham owes a debt of gratitude for the incentive he has given to building operations in their midst, and in this connection I claim first mortgage for having induced Mr. Carlisle to buy that property, which has been so profitable to himself, to the Corporation and to those who have bought from him, and which will be still more profitable to those who buy from me at my sales on the ground next Monday, Tuesday and Friday eve from 5:30 till dark. Don't fail to attend and bring your friends, I will give you Good Bargains.

P.S.—I have several cheap and a few good Houses, at Low Prices. I can suit any reasonable buyer, in any part of the Town, Ashburnham and Auburn. Farms for Sale.

The Daily Examiner.

SATURDAY, MAY 26, 1888.

The Weather.

Light to moderate winds; cloudy and fair, with showers, not much change in temperature.

The Egg Question.

Canada sells about 168 millions of eggs per year. At an average price of 10 cents per dozen, these are worth nearly one and a half millions of dollars. The purchasing power of these eggs would be increased many per cent if their price were spent at stores like the golden lion, where the superb stock of carpets of every kind, as well as lace and other curtains, consists of imported goods offered at importers' prices. A word to the wise, etc.

Saturday Night Concerts.

Those who had the pleasure of attending the "Y" anniversary social last month will be pleased to learn that the young ladies of the Union have decided to establish a course of entertainments under the above title. The committee will spare no trouble in order to make these "evenings" thoroughly enjoyable. The first one will be given Saturday evening, June 2nd, at 8 o'clock. Temperance Hall, George street. See programme each week in Saturday's issue of this paper.

A Word in Season.

A great slaughtering sale of dry goods, dew varied and seasonable, will begin on Saturday in Dawson Bros.' old premises and continue for thirty days. Mr. F. S. Gould has just placed in the store a splendid new stock which will be sold at less than wholesale prices. Just think of that, and then say you are not getting bargains. The advice to all is, "come early and avoid the rush."

Building Enterprise.

The following is clipped from the Oshawa *Vindicator* of May 23rd:—"Messrs. Rowse Bros., the enterprising merchants,—O. C. Rowse, of Peterborough, and E. I. Rowse, of this town,—are building another store on King street east, in rear of their present block. When completed it will be an ornament to the street and make one of the largest blocks in town. Mr. Edwards has the contract for the stone and brick work, and Mr. S. Gliddon for the wood work. We say success to such enterprise.

Stock Taking Over.

Mr. T. B. Brophy, having purchased the boot and shoe business lately carried on by Mr. Joseph Griffin, will, on and after to-day, offer the entire stock at prices unheard of before in the town of Peterborough. Stock taking is over, the goods have been bought very low and the people will receive the benefit. For the next few days great bargains may be looked for, as Mr. Brophy must make room for his new stock. Particular attention will be given to all orders entrusted to his care. Good fits guaranteed. What is? Why the great talk there about the grand excursion that is going to take place on Tuesday, June 12th, over the C.P.R. to Toronto. Canton No. 10 and St. Luke's C.K.T.S. have combined for this great event. The 57th battalion band will attend and furnish music. Further the Canton Chevaliers will go in their beautiful and attractive uniforms. The Canton never does things by halves, and does not consider expenses when it gets up something good for the people. The tickets are bound to sell quickly so many are saying, "I want to buy a ticket." And no wonder, for the attractions are great. Expect news from Bowmanville and Belleville. Look out for it. 3d121

At St. Luke's Church, for Trinity Sunday, May 27th, special music will be rendered by the choir and organist.

Police Court.

SATURDAY, May 26.

The adjourned assault case, Rose Wilson vs. James Shannon, was tried at 4 o'clock Friday afternoon. The plaintiff alleged an attempt at criminal assault upon her by the defendant, on Monday evening last near the court house. The plaintiff's story was directly contraverted by a couple of witnesses who hid behind a stump and watched, and the case was dismissed. Young Shannon is a printer and hails from Lindsay. Mr. J. H. Burnham conducted the defence, Mr. R. E. Wood the prosecution.

Wilkins, the alleged wife-beater, was brought before the court and honorably discharged.

The Peterborough Boat Club.

The annual sale of racks will be held at the boat house on Monday, the 28th, at 8 o'clock p.m.

Portland Cement.

Contractors, builders and others will find a first class line of Portland Cement at Fortye & Phelan's Hardware Store. d

NO TIME to hesitate. Take hold quickly, if you want a bargain in China Tea Sets or Glassware at The Pantry.

Is it True?

What everybody says must be true, and everybody says that J. J. Sheehy's pure silk gloves, eight button length, at 45 cents a pair are the cheapest in town. Read his advertisement. dw

Go and see Him at the Oriental Hotel.

Gentlemen, if you are bald see Prof. Dorenwend's fine *wigs* and *toupees*, perfect ventilation, no weight, no disagreeable feeling no falseness visible; on the contrary they add to beauty, health and comfort. The Prof. will be at the Oriental hotel on May 29th and 30th. dw

The Nine Hour System.

The brick-layers and masons of Peterborough will on the first of June adopt the nine hour a day labor system. The men will then be paid by the hour instead of the day. The rate of wages will not, however, be increased at all.

You may come to us with a sour face, but you will laugh before you leave—at the Xcellent Tea you can get at The Pantry for 20c. a lb.

Remember the Dates.

I have instructed Mr. T. Hurley to sell the balance of my lots in Ashburnham on the evenings of Monday, Tuesday and Friday of next week. I have still for sale some of the best sites for houses in this county.

Ladies and Gentlemen

if you are bald, have thin or gray hair, go and see the many new contrivances for the head in hair goods which Prof. Dorenwend will have at the Oriental hotel on Tuesday and Wednesday, May 29 and 30. No wiggy appearance about them but rival nature in perfection. dw

The Rubbish Taught in Our Schools.

The Persian conqueror Xerxes, seated upon the heights of Salamis, having passed under review his powerful army, was observed to burst into tears. Mardonius, his faithful general, having inquired the cause of his emotion, the monarch replied:—"Of that vast army not one man will be alive a hundred years hence; indeed, according to the Expectation of Mortality tables, the average soldier in my host can only look forward with confidence to a life of thirty-six and six-tenth years. I weep at the reflection that this is more than I can do." There is no practical bearing in such "old wives' fables" upon the future life of the pupils. Something useful should be taught. For instance, the pupils should be religiously taught to tell their parents that at the store of gough bros., the wonderful cheap men, there are piles and heaps of clothing, enough to equip a regiment, all bought, by a big snap, in the wholesale market at 52½ cents on the dollar. Clothing for children, clothing for youths, clothing for men. Boys' suits from 58 cents to $2.50 and men's and youths' suits covering the same low range of prices. All the goods are prime, the cheapest worth double the money asked for them, and the dearest twice as cheap as the same quality of goods can be bought for in any other shop in Canada. If you want good, solid, all-wool, yard-wide, thoroughbred bang-up bargains in clothing go to the store of gough bros., the wonderful cheap men.

Lakefield.

(From Our Own Correspondent.)

CAMPING.

Already quite a number of our citizens are making preparations for a trip and prolonged stay up our back lakes. Tents, cooking utensils, etc., are being overhauled, rods and lines put in order, canvas painted, while many of those who have cottages have been up to see that they are ready for occupation. On Tuesday quite a number arrived from Peterborough on the morning train and went up on the Cruiser to see how their lodges, etc., had fared during the winter, and to see what is required for the coming season. With the increased boat accommodation and other facilities, there will, no doubt, be a largely increased amount of travel and camping during the coming season.

"GOD'S ACRE.

Parties who have relatives or friends buried in the Lakefield Cemetery, Smith, and who desire to have their lots sodded or planted with flowers, should avail themselves of the services of Mr. Wm. Carter, who is now engaged at work there. Many put off the order until it is too late, and neither sod nor flowers will thrive, and they feel ashamed as they see the well kept lots of their neighbours, who had the work done at the proper time.

A GOOD SIGN.

Not a house is vacant in the village, not a man who is willing to work is idle, and there is a demand for more help. The corporation find a difficulty to get men to do their work. Parties building are at a standstill for want of masons and other help, and the mill has not yet started up. Everything points to a busy and prosperous season for our village, and had the proposed woollen mill been started it would have been still more so. Let us hope that the present stirring times will continue until we attain to the dignity of having a mayor and aldermen.

MAIL FACILITIES.

On Monday the Grand Trunk put on the second train between Peterborough and Lakefield. They arrive at 9.50 a.m. and 7.05 p.m., leaving for Peterborough at 10 05 a.m. and 7.25 p.m.

DIED.

FITZGERALD.—At Smith on the 23rd of May, 1888, Jane, relict of the late Edward Fitzgerald, aged 73 years.

Personal.

Messrs. W. H. Stevens and A. Clegg, of Peterborough, were in Port Hope Thursday. They made addresses at the Y. M. C. A. dinner.

Mr. Frank Sanderson, B.A., actuary for the Manufacturers' Life Insurance Company, Toronto, is in town to-day visiting his brother, Capt. E. Sanderson.

Mr. D. E. Cameron, of Lucknow, will in a few days enter on his duties as Assistant-Provincial Treasurer, in succession to Mr. W. R. Harris, resigned. Mr. Cameron has been for eleven years a private banker in Lucknow; he has also been engaged for six years in the Bank of Toronto, and was for a time manager of the Exchange Bank at Parkhill. He is a thorough book-keeper, and his large experience as a banker will admirably qualify him to fill the important position to which he has been called.

DRUNKENNESS

Or the Liquor Habit, Positively Cured by Administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. *It never fails.* The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf-Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "35" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday: "I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

UNCLE SAM'S SENATORS

THE FISHERIES TREATY REMAINS THE FOREMOST QUESTION.

A Vote on the Open Doors Question Likely to be Taken at Once—Only One Instance of an Open Executive Session Known Within Five Years.

WASHINGTON, May 28.—The Fisheries Treaty remains the matter of dominant interest in the Senate, and promises to displace the special orders and all other business except appropriation bills until it is acted upon. The course of events, however, depends largely upon the action of the Democrats in a caucus to be held to-day. They have the power to delay action indefinitely upon the motion to consider the treaty with open doors, which is the pending question, but actual filibustering, though so long threatened, has not yet begun.

The belief is expressed by Senators of both parties that in the next secret session a vote will be reached and that the Democrats will content themselves with voting in the negative. They will thus make a quorum and show the majority to be responsible for admitting the public to hear the discussion. Should this take place, however, it will still be in the power of any two Senators, under a rule which is applicable to legislative as well as executive business, to eject the public and close the doors at will. The rule has been invoked in recent years only to summarily shut off some Senator who wished to have an open vote on a proposition to admit the public to executive session, and it seems to have been invented for use in just such a measure. But it is well adapted to other uses, and, inasmuch as a strong minority of senators are bitterly opposed to the present proposed innovation, it is apprehended that its use may become common during the fisheries debate.

Only one executive session with open doors can be recalled by men whose memory covers the proceedings of the Senate for a period of more than five years. This was a session of two or three minutes held on the last day of President Arthur's administration, on which occasion the message nominating Gen. Grant was received and acted upon. The exceptional course was recommended by the President, and adopted in defiance of rules by the Senate as an extraordinary mark of respect to the nominee.

Will Propose Remedies.

WASHINGTON, May 28.—The Select Committee of the House, which investigated the late strike on the Reading Railway, will immediately begin the preparation of its report. It is learned that this document will recommend some drastic legislation. Briefly outlined, the propositions under consideration are, first, an absolute provision for placing in the hands of a receiver any railroad company which, as the result of differences with its employes, fails for a period of ten days to operate the road; second, a requirement that all train crews, but no other class of employes, shall give ten days' notice of an intention to quit work; and, third, that the railroad companies must give ten days' notice to their employes of a reduction of wages.

Tascott's Latest.

CHICAGO, May 28.—The supposed murderer of Millionaire Snell, William B. Tascott, has been heard from again. Yesterday afternoon some men fishing in the lake near Waukegan, picked up a bottle sealed carefully, and on breaking it found inside a copy of the $10,000 reward circular and a letter dated Milwaukee, March 26, signed William B. Tascott. The writer acknowledges having killed Mr. Snell, but says he did it in self-defence and hopes heaven will forgive him the crime for which man would hang him. He professes to be unable to live longer as a fugitive from justice, and says that his body will be found under the ice near Milwaukee.

The Islanders Defy France.

SAN FRANCISCO, May 28.—The brig Tahiti, carrying the French mails, arrived here on Saturday from Tahiti, and reports matters on the island in an unsettled condition, and that an outbreak of the natives against the French authorities is liable to occur at any time. A number of French war vessels are watching the various ports ready to quell any disturbance. It is stated that the natives of the Islands of Baiatea and Huhani claimed their independence and pulled down the French flag, which had been raised over the islands, and then armed themselves. They are said to be well supplied with rifles and they have built temporary forts.

Threatened Outbreak in Hayti.

WASHINGTON, May 28.—The Secretary of State has been informed by the United States Consul at Port-au-Prince, Hayti, that fears are entertained of another revolutionary outbreak on that island. The report was of such a character that it was deemed advisable to send a naval vessel to the island for the protection of the lives of American citizens there, and a telegram was sent to Rear Admiral Luce, commanding the North Atlantic squadron, now anchored off Port Royal, S.C., to despatch one of the vessels of his squadron on that mission.

THE DOMINION CABINET.

THE VACANCIES LIKELY TO BE FILLED AT ONCE.

The Latest Rumors at the Capital About Possible Appointments—Clarke Wallace Mentioned for the Interior.

OTTAWA, May 28.—There was a meeting of the Cabinet Saturday at which it is understood only routine business was transacted. There will be another meeting to-day, at which it is believed the two vacancies in the Cabinet will be filled. All ministers have been requested to be present, one who wished to go away to-morrow being asked to remain until Tuesday.

Rumor is still busy with the names of possible appointees, one of the latest stories being that Lieut.-Gov. Dewdney will get the Interior and run for Saskatchewan in place of Mr. McDowall, who will be given the vacant Senatorship for the Northwest. Clarke Wallace and Peter White are also mentioned for the Interior, and there is some talk of Hon. Mackenzie Bowell being transferred to the Interior, but it is not likely that he will give up the Customs unless it is to take the new department of Trade and Commerce when it comes into existence.

Senator Schultz is still here. It is expected that his appointment as Lieutenant-Governor of Manitoba and that of Mr. Royal as Lieutenant-Governor of the Northwest Territories will be gazetted in a few days.

THE DOMINION VOTERS' LISTS.

A Company Organized to Work the Phosphate Lands Near Buckingham.

OTTAWA, May 28.—Judge Taschereau will leave Rome Wednesday next, and is expected to be here in time for the opening of the Supreme Court on June 10.

Nearly 2000 pages of the Dominion voters' lists are now set up in the temporary Government printing office. The whole work will probably not be completed before December, when the lists will be sent to each constituency for revision. Fifty thousand pounds of new type and two new presses have just arrived.

A deputation of Chaudiere lumbermen had an interview with Sir Hector Langevin Saturday with reference to the sawdust nuisance. They want a new survey of the Ottawa River made this summer by an engineer appointed by the Government and one appointed by themselves. Sir Hector promised to bring the matter under the notice of his colleagues.

The appeal of Mrs. Mary Fellowes of London, Ont., against the decision of the Dominion arbitrators will be heard by Judge Burbidge in the Exchequer Court to-morrow morning. Mrs. Fellowes was awarded about $20,000 for some ninety acres of land, taken for the Experimental Farm, but is not satisfied, and wants $350 per acre.

Hon. J. H. Pope leaves for his home in the Eastern Townships to-morrow.

It is understood that A. F. McIntyre, who has been absent for some time in England, has succeeded in organizing a company to work the valuable phosphate lands owned by him in the vicinity of Buckingham.

LONDON'S LATEST TOPICS.

AN OMINOUS NEWSPAPER WAR RAGING ON THE CONTINENT.

The Rescript Applied to Practical Politics—The Irish Exhibition in London—Matthew Arnold's Will.

NEW YORK, May 28.—G. W. Smalley cables from London: A war has been going on through the week all over the continent—a war of newspapers. The Czar has let fall, carelessly enough, a word of hope for peace, but the Russian press has been once more unmuzzled and Moscow has assailed Berlin in tones that recall ancient comments on the Treaty of Berlin. The German capital replies with true Prussian asperity. The quarrel for the moment is a quarrel about tariffs. "Are we to pay tribute to Russia, to starve the German farmer that the Russian peasant may get a higher price for his corn?" asks Prince Bismarck's organ with natural indignation. Prince Bismarck has already answered his own question in the negative.

Almost at the same time appears an article in a semi-official journal of Alsace-Lorraine still more ominous. "We have borne with these French," says Prince Hohenlohe—for he it is who is really speaking—"for eighteen years. Bear with them longer we cannot. It is our turn to be heard." And so follows that amazing new order requiring all foreigners entering Germany by Alsace-Lorraine to have passports countersigned by the German Ambassador in Paris. All foreigners—not Frenchmen only, but Americans meditating a Franco-German tour—may take note. "It is an act of real hostility," answers one Paris journal, not among the most frivolous. "Prince Bismarck is working for General Boulanger," whispers another; "every fresh cause of irritation is a help to him."

The first specific attempt to apply the Pope's rescript to practical politics has been made by the Bishop of Limerick. Dr. O'Dwyer's letter to the Mayor of Limerick might have been dated before the Reformation. "You must not," he cries, "agitate against the Pope. His decree binds the conscience. It is a grievous sin to disobey, and more grievous to question his authority to issue it. The people equally with the priests are bound to obey. If you hold this meeting you will disobey." The Roman Catholic Members of Parliament are becoming daily more outspoken; Mr. Healy has announced himself an unrepentent rebel, and a conflict between the League and the Pope seems imminent. The Lord Mayor of Dublin has put his dislike of Papal interference into an epigram. "You may be sure," he said yesterday, "that Home Rule is not going to mean Rome Rule."

The Irish Exhibition promises to be one of the most interesting sights of London during the rest of the summer. Everything is Irish, art and manufactures, ancient or modern, and the space could be filled three times over. A great part of the exhibits will be for sale. There will be fetes, also, and scenes from Irish life. Blarney Castle is to be set up on the grounds. Concerts will be given, horse shows are promised, and Mr. Parnell himself sends two hunters.

The national defences, though no longer the topic of the day, are still discussed. Panic there is not, but in certain quarters there is agitation enough to make a fitful blaze. The Lord Mayor's refusal to grant the use of the Mansion House for a meeting quenched this flame for a while. Now the embers have been rekindled. The London Chamber of Commerce is going to hold a meeting on Monday, with Lord Charles Beresford to preside and Admiral Hornby to speak. Lord Charles meantime has been making another speech, once more explaining that he resigned, not because the service was starved, but because it was not efficiently organised. Nobody doubts that the organization in many respects is clumsy enough.

The publication of Arnold's will has made some impression. The property he leaves amounts to $5000. "I leave everything of which I die possessed to my wife, Frances Lucy Arnold."

The scholarship of English literature at Oxford, suggested as a memorial to Arnold, is obviously going to give rise to a controversy. The senior tutor of Christ Church publishes a letter of protest against it. He professes to approve of the study of modern languages, but only as subsidiary to ancient languages. A student ought, in his opinion, to know French and German enough to read French and German books about the Latin and Greek or other proper university studies.

Oxford moves, nevertheless. She is going to admit women, not into men's colleges, but to compete for honors in final classical examinations. On this she is but following the example of Cambridge

She was held in $5000 for trial.

Sons' of England Sermon.

Rev. W. C. Bradshaw Addresses the Members of the Order—A Synopsis of his Sermon.

Sunday morning the Sons of England of Peterborough paraded for divine service at St. Luke's church, Ashburnham, where the annual sermon to the order was preached by Rev. W. C. Bradshaw, the Rector. The church was filled, and the congregation listened with rapt attention to the address throughout. The text was chosen from Matt., xxiii, 9:—

"And call no man your father upon the earth; for one is your Father, which is in Heaven.

The reverend gentleman first referred to objects and aims of the Sons of England Benevolent Society as stated in the constitution, being first to bring together all Englishmen for their mutual benefit, the maintenance of *English connection*, and secondly dispensing aid to the sick and needy and in insuring the lives of the brethren; principles that inculcated love and undying attachment to the mother land Englishmen were ever ready to uphold the laws of the land in which they lived, and to practice the strict justice of British rule. These principles were mentioned in order, the reverend speaker said, to prove to them what need there was to-day for conserving that spirit of *liberty* dear to the British heart. There never was a time when this was more needed than to-day, to resist the encroachments upon their religious liberties, for which their forefathers bled and died. The greatness and glory of England in the past have been her open Bible, her enlightened and healthy Christianity. What was the origin of these religious liberties it was so necessary to preserve? The reverend speaker said he believed they were the result of the English revolution that overthrew the false authority established by the Pope of Rome. That claim was not yet abandoned, and the issue between the Protestant and Roman Catholic churches to-day was the infallibility and power of the Pope. "There are dangers menacing our country from that same bold and arrogant claim to the government of state matters by this same authority." In view of these facts, he said, it was well to recall these principles of justice and ask the members of the Order to endeavor to conserve its freedom to the land they loved. In elaboration of his subject the preacher combatted the claims of the Roman Catholic church to ecclesiastical supremacy, and pointed out the dangers which the insistence on such claims menaced the Protestant religion and religious freedom.

He urged greater unity among the Protestants in the fight against false doctrine, and he did not despair of the day when the whole Protestant Church would become more closely united than it was now. The very necessity arising out of this growing danger would bring it about. He concluded by exhorting the brethren to be true to the principles of their order and unite against the common enemy.

The Baking Powder Discussion.

Official Tests to Determine the Best.—Why they are Superior Leavening Agents.—The use of Carbonate of Ammonia.

The official analyses by Prof. W. G. Tucker, of New York State, have afforded some of the most valuable evidence yet produced relative to the actual character of the food and drugs in every day use. Some time since Professor Tucker was directed to analyse the various brands of baking powder and report which was the purest and best. He procured samples from the grocers in Albany, and after a series of exhaustive tests reports that the Royal was the purest and best of all examined. The accuracy of the published report being questioned by a local manufacturer, a reporter of the Albany *Journal* obtained an interview with the Professor, which is reported as follows in that paper:

"Doctor," said the reporter, "it appears that one of our local baking powder manufacturers attempts to discredit the report some time ago published in the *Journal* with reference to baking powders, for which the analytical examinations were made by yourself and Prof. Mason. Were your analyses and opinion printed correctly?"

"They were," replied Prof. Tucker, "literally."

"You say, Doctor, that the Royal baking powder is superior to any other baking powder which you have examined?"

"That is my report."

"Wherein, Doctor, consists this superiority which you find in the Royal over other brands?"

"As stated in my report, in the great purity of its ingredients, in the unquestioned propriety and wholesomeness of those ingredients, in the exact proportions of the same, and the chemical accuracy and skill with which they have been combined. As I said before, it is, I believe, a baking powder 'unequaled for purity, strength and wholesomeness.'"

"Doctor, the *Journal's* lady readers would like you to inform them what are the peculiar virtues of a good baking powder over other and more old-fashioned methods of raising bread, biscuit and cake?"

"That would require a long answer, something in the nature of a lecture. Briefly however, the advantage of the Royal baking powder over yeast consists in the quicker work it accomplishes, in the preservation of some of the best elements of the flour, which are destroyed in the production of the carbonic acid gas by the use of the yeast, and in the absolute certainty of sweet, light and digestible food. Over other methods for quick raising, the merits of a pure baking powder are great. It is always ready for use, the acid and alkali are combined in exact proportions to produce definite results, or to reader, the largest amount of leavening gas and leave nothing more than a neutral residuum, which is not the result where cream of tartar and soda are bought separately and mixed in the dough, for it will always occur, where *this is done* that one or the other of these substances will predominate, making the food yellow, heavy, bitter and unwholesome. Besides, the cream of tartar which can be procured by the housekeeper is mostly adulterated, adding to the uncertainty of the results or the unwholesomeness of the food. All these difficulties are avoided in the use of a pure, properly-made baking powder."

"Will baking powders keep? How long will they hold their strength?"

"If properly made, until used. A perfect baking powder must combine superlative strength with power to retain it indefinitely. Baking powders generally are robbed of the necessary preserving agent in order to give present strength, or else have their efficiency largely destroyed by the addition of large quantities of flour to prevent premature decomposition. The method by which both these qualities are retained in the highest degree produces the perfect article, and this I believe is fully accomplished in the Royal baking powder."

"Doctor, what about ammonia in baking powder?"

"Carbonate of ammonia is sometimes used in the higher class of baking powders."

"Is it injurious or objectionable?"

"Nonsense! *Quite the contrary.* It has been used for generations in the finest food. It is a very volatile agent. Heat entirely evolves it into gas, leaving no residuum. Were it used in sufficient quantity to do the entire work of aeration, I am inclined to believe it would be the acme of leavening agents. Some of the highest authorities, as Hassall, recommend its *exclusive use* for this purpose in preference to yeast or other kinds of leaven. It is universally admitted to be a wholesome and valuable agent, and no chemist of reputation will class it otherwise. I have become indignant when I have read the silly charges that have frequently been made through ignorance or otherwise against it".

"Then those manufacturers who advertise that their powder does not contain it"—

"Confess that their powder lacks a most useful wholesome and excellent ingredient."

"But they say it origin is filthy."

"Its origin and method of preparation are no more filthy than are the origin and preparation of bread. All this talk about ammonia in baking powder and its filthy origin is the veriest rubbish. A man disgraces himself when he lends himself to any such statements. It is particularly unfair for baking powder manufacturers to seek to pervert the truth or prejudice the ignorant or unwary by statements that it is either harmful or dirty. Ammonia exists in the very air we breathe, and is largely present in nature as a wholesome substance."

Police Court.

MONDAY, May 28.

Messrs. McFarlane, Dunn, Giroux, Chamberlen and Roddy were charged by Inspector Cochrane with infractions of the Scott Act. They all pleaded guilty and were fined, the first three named $50 and costs each for first offences and the latter two $100 and costs each for second offences.

Two drunks, gathered in at an early hour Sunday morning, Sam. Detcher and John O'Brien, were committed to gaol in default of payment of fine.

Jimmy Farley was arrested Sunday morning on complaint of his wife, who alleged abuse and ill-treatment. As is usually the case, when the time came to prosecute Jimmy's better half relented, pleaded for his dismissal, and he was released from custody.

A Prize of $100,000

is a good thing to get, and the man who wins it by superior skill, or by an unexpected turn of Fortune's wheel, is to be congratulated. But he who escapes from the clutches of that dread monster, Consumption, and wins back health and happiness, is far more fortunate. The chances of winning $100,000 are small, but every consumptive may be absolutely sure of recovery, if he takes Dr. Pierce's Golden Medical Discovery in time. For all scrofulous diseases (consumption is one of them), it is an unfailing remedy. All druggists. a

At the Oriental Hotel.

Prof. Dorenwend, of Toronto, the largest hair goods manufacturer in Canada, will once more visit Peterborough. This time his styles will all be of the newest and most fashionable patterns. He will have some of the finest kinds of ladies bangs and other frontpieces, wigs, waves, switches, etc., a stock that will surpass anything he has heretofore offered. It is wonderful how successful the Prof. has been since first starting business in Toronto some ten years ago; thousands throughout Canada and the United States are wearing his styles, this proves that he has gained the confidence of the public. His dealings are always straightforward and his great ability as a manufacturer is a well established fact. This visit will most likely be the only one this season, so remember if a nice bang, switch or wig is required he will be at the Oriental hotel on Tuesday and Wednesday, May 29 and 30. Don't forget to call on him. dw

We Offer a Man's Suit for $2.50 that cost $4.78 Wholesale.

We Offer Splendid Fitting Suits, and in 150 Different Patterns, at $5.00 easily worth $7.25 Wholesale. These Suits, if sold in the Regular Retail way would bring $9.00.

OUR GREAT BIG PLUM in Men's Clothing, comprising 633 Suits, Regular Wholesale Price $11.50, and we are turning them out for $9.00. The Cloth alone is worth more than we are asking for THE WHOLE SUIT COMPLETE.

Look them all through and then come to us, and if we fail to convince the most skeptical that our Stock is not at least five times larger and our prices 50 per cent. lower than those of any other dealer, we will GIVE A WHOLE OUTFIT FREE.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to our Counters. We Want the Public to know just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Pic-nic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10,00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

THE SPORTING WORLD.

The Ontario Jockey Club Meeting—Base ball Games On Saturday.

TORONTO, May 28.—The O. J. C. meeting, which was brought to a close on Saturday, was the most successful, both from a financial and racing point of view, ever held in Canada. Though the attendance was larger on the opening day, yet the racing of Saturday was much superior. The threatening weather of Saturday doubtless had a tendency of keeping many away, though for all that there were over 5000 people present. A slight shower of rain fell just before the first race and then the cloud broke and did not show and made everything pleasant for the rest of the day. As on the opening day the members' and ladies' stands were filled with the fair sex, which also added to the success of the meeting.

The English Derby.

LONDON, May 26.—Interest in the Derby is weakened this year by the disappearance of Hazel-Hatch and some of the promising 3-year-olds, and particularly by the scratching of the wonderfully favorite Briar's Balsam. *Ayrshire* is the present favorite at about even money. Orbit, Galore and Crowberry are next. The bookmakers seem glad to bet against favorites, which is an ominous sign for the backers of these horses. Ayrshire, according to many good judges, can never be extended going down the hill, and Crowberry is not in the best of form. A good deal of money in small amounts at long odds has been set upon Van Dieman's *Land*. The horse shows signs of coming up in the betting. *Odds* have changed in twenty-four hours from 100 to 50 to 1, but the best advice that can be given to bettors at present seems to be to lay against the favorites.

Racing in England.

LONDON, May 28.—The race for the Whitsuntide Plate of 5000 sovereigns for 2-year-olds at the Manchester meeting yesterday was won by Mr. C. Perrin's chestnut colt Chitbob, with the Duke of Portland's bay colt Donovan second and Lord Gerard's chestnut filly Bryony third. The betting was 3 to 1 against Chitbob, 7 to 2 against Donovan, 25 to 1 against Bryony, 9 to 4 against L'Avare, 8 to 1 against Barakimming, and 25 to 1 each against Fair Marion, Roberto, Antibes, John Elder, Cockshanagh and Meriden. Chitbob won by four lengths.

Racing in France.

PARIS, May 28.—The race for the Prix du Jockey Club was run at Chantilly yesterday. Stuart won, Saint Gall 2d, and Galaar 3d. Time 2.39.

Opening Day at St. Louis.

ST. LOUIS, Mo., May 26.—This was the first day of the June meeting of the St. Louis Fair Association and Jockey Club. The weather was warm and track fair.

Cummings Again Defeats George.

LONDON, May 27.—The second of the series of running matches between W. Cummings and W. G. George was run on the Aston Lower grounds at Birmingham yesterday. The distance was one mile. Cummings, the winner of the first race, was again victorious, finishing 12 yards in advance of George.

Noremac Wins the Six Day Race.

MONTREAL, May 28.—Noremac won the six day (72 hours) go-as-you-please which ended in Victoria Rink Saturday night. The score at the close, 11 p.m., was: Noremac 344 miles, Cartwright 322 miles, Moore 303 miles, Taylor 300 miles, Corkey 254 miles.

Heavy Hailstorm in Kansas.

ABILENE, Ks., May 28.—There was a heavy hailstorm Saturday throughout Dickinson and Ottawa Counties. At Manchester, this county, a bank building in course of erection was demolished by the wind. At Vines Creek, Ottawa County, a cyclone struck the residence of W. A. Tudor, completely demolishing it and burying Mrs. Tudor and daughter in the ruins. They were badly injured, but not fatally.

To Discuss the Rescript.

LINCOLN, Neb., May 28.—President Fitzgerald and Secretary Sutton of the Irish National League in America have telegraphed to the different members of the Executive Committee to call for a meeting of the committee at Cleveland, O., June 12. The object of the meeting is not given, but it is undoubtedly in regard to the action necessary in the face of the Pope's rescript.

A Cure For Deafness.

A sure Remedy for Neuralgia.

Neuralgia is one of the most common and painful affections incidental to this climate, Life to thousands is made miserable through its agency, and as it affects the nerves, only the most powerful and penetrating remedies can reach it. Nerviline has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we request a trial of Nerviline. Sold by druggists, and all dealers in medicine, 10 and 25 cents a bottle. 6d21w

A GREAT SUCCESS!

Selling the Ludgate Lots was supposed to be the work of a year, but was accomplished in a week. How? By the liberal use of Printers' Ink, by meeting industrious and intelligent young men and young women as well as heads of families on the ground in the evenings and presenting to their intelligence beautiful City Lots at Village Lot Prices, and on terms to suit all buyers. "This plan is patented, and counterfeiters will be prosecuted." Of the Ludgate Lots four only remain unsold, and I have many customers still to supply. I have obtained instructions from Mr. John Carlisle to sell a few Choice Lots on Carlisle and Munro Avenues. The manner in which this annex has been fitted up with beautiful avenues planted on either sides with trees in perfect order, the number of respectable dwellings erected and in course of erection speaks volumes for the energy and enterprise of Mr. Carlisle to whom the Corporation of Ashburnham owes a debt of gratitude for the incentive he has given to building operations in their midst, and in this connection I claim first mortgage for having induced Mr. Carlisle to buy that property, which has been so profitable to himself, to the Corporation and to those who have bought from him, and which will be still more profitable to those who buy from me at my sales on the ground next Monday, Tuesday and Friday eve from 5:30 till dark. Don't fail to attend and bring your friends, I will give you Good Bargains.

P.S.—I have several cheap and a few good Houses, at Low Prices. I can suit any reasonable buyer, in any part of the Town, Ashburnham and Auburn. Farms for Sale.

The Weather.

Light to moderate winds; cloudy and fair, with showers, not much change in temperature.

Behind the Times.

The magnificent weather of yesterday brought out everybody with a leg to stand on for a stroll—with a few exceptions. These were the women who had no new spring bonnet and the man who had no new spring suit. But the latter will be able to go out next Sunday if they take our advice and go to the golden lion, where there is a superb line of spring tweeds, Scotch and Canadian, to select from and where suits will be made to order promptly and in the latest and nobbiest style. Begin to-day to prepare for next Sunday.

Lost His Hand.

Mr. Walter Anderson, boss carder at the Auburn Woolen Mills, lost his hand Saturday afternoon under very painful circumstances. He was working at a machine in motion, when his hand was drawn in between the cards and terribly lacerated. Doctors Halliday and Boucher were summoned and gave surgical relief. It was found necessary to amputate the hand a little above the wrist on account of a fractured bone. The operation was successfully performed. It is thought Mr. Anderson will fortunately not be incapacitated from work by the accident. A $2000 policy in the Manufacturers' Insurance Company would bring him $10 per week while disabled.

Practical Thanks.

Saturday afternoon a cheque for $25 and the following letter, which explains itself, were handed to the Chief of the Fire Brigade by station-agent Brundrette, of the G. T. R.:—

MONTREAL, May 10, 1888.

William Brundrette, Peterborough :—

DEAR SIR,—Your letter of the 14th inst., addressed to Mr. Riddell, has been referred to me. I have great pleasure in acknowledging the valuable assistance rendered to the Company by the action of the Fire Brigade of the town of Peterborough on the occasion of the fire in Mr. Wrighton's grain storehouse, and you will be good enough to convey to that body the thanks of this Company. I have requested the Chief of our Fire Department to pass a voucher for $25.00 in recognition of the services rendered, which will be sent you.

Yours truly,
WM. WAINWRIGHT,
Asst. Manager.

Matrimonial.

On Her Majesty's birthday, a young lady well known in Peterborough, Miss Minnie Shaw, daughter of Rev. John Shaw, formerly pastor of the Charlotte street church, was married to a Toronto barrister, Mr. Alex. Mills. The ceremony took place at the residence of the bride's parents, 57 Carlton street, on Thursday last, the ceremony being performed by Rev. Dr. Shaw, father of the bridge, assisted by Rev. William Mills, brother of the groom. The bridesmaid and groomsman were Miss Emma Shaw and Mr. Will. Foster. The popularity of the bride was proved by the numerous, costly and handsome presents. The breakfast, which followed the ceremony, was enlivened with speeches from Rev. Dr. Briggs, Rev. Dr. Stone, Rev. E. A. Stafford, President Mills, of Guelph Agricultural College, and others. The happy pair left on the "Chicora" at two o'clock for New York, Washington, etc., followed by the good wishes of numerous friends.

New Medical Practitioner.

Dr. McGrath, of Campbellford, has leased the office of the late Dr. O'Sullivan, George Street, and enters at once upon the practice of his profession in Peterborough. Dr. McGrath graduated with honors at Queen's College at the recent examinations, carrying off the silver medal. In addition to his examination record, Dr. McGrath comes highly recommended. For the year 1887 he filled the responsible position of House Surgeon to the Kingston General Hospital. Dr. McGrath comes well qualified for the practice of his profession in town, in which the EXAMINER wishes him a full measure of success.

And no wonder, for the band is going; think of that and then see the beautiful road we travel over—such fast time they make on the C.P.R.; and you have the privilege of going on the 5:10 a.m. and getting into Toronto in time for an early breakfast, and of having the whole day, or two days, to stay in the Queen City; and you can come home on any train you wish. Look at this also—the fast special leaves at 7 a.m.—such a jolly time we both will have. And the Canton have arranged with the Cyclorama managers for its excursionists to see the Battle of Sedan at a reduced rate by presenting their railway tickets at the office. I hear so many are talking of going by this grand union excursion. The I.O.O.F. and C.E.T.S. will have, I believe, the excursion of the season." Tickets good for two days. An Effort to Revive the Old Peterboroughs—A New Baseball Proposition.

This evening at eight o'clock a meeting is to be held at the Commercial House for the purpose of resuscitating the old Peterborough Lacrosse Club, who at one time were champions of the district and by their victories made Peterborough proudly preeminent as one of the first lacrosse towns in Canada. A great many of the old players are still in town, and it is proposed by some who are interested in the game and wish to boom it once more, to get together the remnants of the old club, infuse new blood if necessary, and then place in the field a winning team that will do credit to the banner town of the province. All lovers of lacrosse are expected to back this movement, and are requested to be at the Commercial House this evening.

A BASEBALL PROPOSITION.

Secretary Clarke, of the Peterborough baseball club, has advanced a new proposition for forming an amateur league (if it could be called such) comprising Lindsay, Port Hope, Cobourg and Peterborough. These towns are easy of access to each other, and a league on a strictly amateur basis, consisting simply of an arrangement of a certain number of games, ought to be organized. Naturally in the course of a season these clubs would play with each other more or less, and if a regular programme was arranged it would be much better. This could be done without any extra expense incurred. Secretary Clarke is in communication with the clubs named and it is hoped the idea will be adopted. Peterborough has an amateur club this year that, with a little more practice, will be able to hold its own with any in the Province.

Teachers' Institute.

The Town and County Teachers Take Council Together.

INDUSTRIAL EDUCATION.

The evening session was held at the court house. Rev. W. C. Bradshaw, chairman of the Ashburnham school board, presided and made a few humorous remarks by way of introduction. He expressed his pleasure at being able to preside at this meeting, and mentioned the fact that over three-fourths of the school pupils of Canada studied drawing, a very important aspect of industrial education.

Mr. HOUSTON then began his address upon "Industrial Education." After a few preliminaries regarding the advantages of education as a prime factor of civilization, the speaker said he would deal with the subject of who should provide education for the children, rather than as to what kind of education would best fit a child for life. The parent was very rightfully held primarily responsible for the education of his child, but there were many parents (criminals, paupers, etc.) who were unable to do so. Therefore it fell upon the state to educate the young, and the speaker proceeded to point out what he considered a necessary improvement upon the present school system in order to attain to the best results. He first laid down the general principles of his ideal system of state education—a good physical, intellectual, moral, esthetical and political training. It was questionable if our present system had a correct aim, or if it was successful even in realizing a correct aim. The present system, he held, had a professional rather than an industrial tendency. And if this were true, it was certain that the system would sooner or later have to be revised and its faults corrected. The speaker expressed his belief that the addition of an industrial education would exactly overcome the evil. Our people were necessarily an industrial people, and an industrial education was what they wanted. Industrial education was engaging the attention of educationalists the world over. It might seem paradoxical to state that the standard of education among artizans was lower to-day than years ago. But such was the case; and what were the reasons? First, excessive sub-division of labor, for by this system while men are perhaps more highly skilled in one department, yet in general intelligence they suffer for it. Then the falling off in apprentices, who now rush through their terms of apprenticeship in much less time than in older days, was a cause of this degeneration. Besides, there was at the present time a lack of the pride taken in their occupations by workingmen which prevailed years ago; manual labor was too commonly considered ungentlemanly in these high-toned days. In face of these facts, it was necessary that a better system of industrial education be adopted. The speaker paid a high compliment to the kindergarten as the most perfect system of industrial education. He recommended it for general adoption. But the kindergarten did not go far enough; the child in passing from it to the public school, made an abrupt, almost abysmal transition. Mr. Houston advocated the introduction of kindergarten principles in the public schools. A practical scheme for putting this principle in operation had not yet been proposed, but he believed and hoped it soon would be. After the transition to the primary school, the industrial aspect of education was never again renewed. Mr. Houston made a strong point of the fact that criminal boys and girls were given an industrial training in the Penetanguishene penitentiary, the Mercer Reformatory and the Industrial School at Toronto. What he (the speaker) wanted to see was rather that this industrial education should be given boys and girls before they became criminal. There were also a few other colleges and schools in the province, where industrial education was taught on a limited scale. What was required was not more skilled operatives, but rather more general intelligence and intellectuality among workingmen. Boys receiving a good intellectual education have a natural distaste for the unintellectual pursuits of mechanical and farming pursuits. Intellectuality should be introduced into these occupations and the boy given an interest in them.

Mr. J. Coyle Brown made a few remarks upon the subject. He favored the devotion of afternoons to industrial pursuits as a means towards the education he advocated.

A vote of thanks was moved to the speaker of the evening by Mr. J. R. Stratton, seconded by Mr. Earle, and carried with hearty unanimity.

A discussion arose over the status of industrial education in England and Germany, in which Mr. E. Duff and Mr. Earle took a prominent part. The latter believed our system of education was over-estimated.

Saturday Morning.

The chairman opened the Convention. After routine, the report of the Audit Committee, presented by Mr. Campbell, was adopted.

Mr. Mark, chairman of the Township Conventions Committees stated that no report was ready.

The report of the Nominating Committee, making the following appointments, was adopted:—

PRESIDENT—Mr. A. Hutchinson.
VICE-PRESIDENT—Mr. W. Smith.
SECRETARY-TREASURER—Mr. J. J. Rooney.
EXECUTIVE COMMITTEE—Misses Scott, Mark, Anderson, Peak and Radden.

The question of the reciprocal examination by teachers of county schools with a view to grading was taken up. Mr. Brown, inspector, who had suggested the scheme, pointed out that, from the fact that some schools were examined by him at the beginning of the term and others towards the end, the examination of the schools by the inspector was not a fair test. Teachers, he asserted, who opposed these examinations, opened themselves to the imputation that they were afraid to have their work tested.

Mr. J. J. Rooney thought the county council did wrong in adopting the suggestion of the inspector as to county examinations. The inspector's report would be more satisfactory. The system of grading proposed opened the door to cramming and all its evils, and he was decidedly opposed to it.

The discussion was continued by Messrs. Campbell and Brown and Misses Munro, McDonald and Becket, all of whom

STATED THEIR OPPOSITION TO THE SCHEME

amidst general applause, which gave unmistakeable evidence of the hostility to the proposal among the teachers.

Mr. Rooney moved, seconded by Mr. Campbell, that in the opinion of this Teachers' Convention, it is not advisable to hold the proposed examinations in November: that the present method of inspection be retained, and that the county council be requested to give effect to this motion.—Carried almost, if not quite, unanimously.

WRITING.—Mr. W. J. CAMPBELL treated the subject of writing. The first requisite to teaching writing is a teacher able to write himself. There were good results also from careful imitation of good writing and going slowly and gradually. He would encourage criticism. The importance of practice of good forms was strongly insisted on.

RHETORIC.—Mr. HOUSTON, Parliamentary Librarian, Toronto, took up the subject of rhetoric and pointed out that rhetoric was a science and composition was as an art. Rhetoric was the science of discourse, and was

VALUABLE AS AN INTELLECTUAL DISCIPINE.

Its utilitarian aspect was shown by the fact that without a knowledge of the principles of discourse, discourse could not be constructed. There were two great classes of sentences rhetorically—perodic and loose sentences—one closing with a positive statement and the other beginning with a statement. The object of the study of retoric was to arrive at the selection of the best forms of which illustrative examples were given and the paragraph defined. The study of rhetoric should begin scientifically and at the earliest stage. Don't state principles, but train the pupil to recognize the principles and thus master the elements of style. Figures of speech were used before Aristotle defined them. Qualities of style involved clearness and brevity. The best way to learn English was to practise English. Other qualities were pathos, humor, etc. In assigning the lessons pupils should not burdened with preliminary explanations; pupils should be taught to be good questioners. First, words should be studied both as to meaning, force and history. So interesting had Mr. Houston made his subject that he was urged to continue till noon. He gave interesting analyses—grammatical, philological and rhetorical of the first lesson in the fourth book. His address, or rather conversation, for he asked and answered many questions, was exceedingly interesting, and was listened to with close attention throughout.

Afternoon Session.

At 2 o'clock the convention assembled, and Mr. Houston took up the subject of composition, which was defined as the expression of thought in words. Children begin the practice of composition almost as soon as they had thoughts to express. And the child learned by imitation—the mother was the first and most important teacher of composition. Children may be trained in composition but not taught—the training consisted of practice. Children could not be taught they could only be directed and corrected. Correction of bad English is a good way of teaching. Too little attention is paid to spoken language which was the real language—written language was only the dress which exhibited to the eye the language that fell on the ear. Correct speaking was equivalent to correct writing. To train in correct speaking the teacher should be sure that he spoke rightly himself. The surest test of culture was the correct mode of speech. In the learning of composition the only correct way was by exercise in original composition on assigned subjects—suitable to the age of the child—which was when the child is able to write, and he would set a child to writing the first day it came to school. Preface a composition by drawing out the knowledge of the different members of the class and then set the children to work with pen, ink and paper. Correcting the composition of pupils was

DECLARED USELESS DRUDGERY.

Children should be led to discover and correct their own errors. Select a few of the worst errors and have them corrected before the class, always giving a full reason for the correction. Then repeat the composition and repeat till the class begin to tire of the subject. Examples of the mode of correcting errors were given and the point brought out that the rules of syntax disappeared upon the application of the principles of usage, sense, symmetry and adequacy, which, properly made, would generally suffice in arriving at correct results.

GEOGRAPHY.—Mr. F. C. Colbeck, B.A., gave an interesting lecture on the mode of teaching geography. His method included the application of the object lesson principle, and was profusely illustrated by blackboard diagrams, and showed that the study of geology underlay the study of geography. Geological conditions tended to the creation of geographical conditions and should be the groundwork of the study of physical Geography.

LITERATURE.—Mr. Houston took up the subject of Literature, pointing out that the object of the study was to get pleasure and develop the æsthetic faculty. The materials for pleasure from literature, were cheap and accessible. Literature was the superior of all other æsthetic pursuits in the way of intellectual development. The study of literature in school would determine the future character of the pupils' selections for reading. First, select a proper subject and make the pupils familiar with the selection. Minute and technical study of the text was deprecated and paraphrasing—converting good poetry into bad prose,—was denounced. Some of the stanzas of Tennyson's "In Memoriam" were considered critically.

On motion of Mr. Inspector Brown, seconded by Mr. McIlmoyle, a cordial vote of thanks was given Mr. Houston, for his attendance at the Convention.

On motion of Mr. McIlmoyle, seconded by Mr. Earle, it was resolved to request the county council to supplement the legislative grant by a grant of $25 to the Teachers' Institute.

On motion, a vote of thanks was tendered the representatives of the EXAMINER and *Review*, for the interest they had taken in promoting the success of the Convention.

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf-Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "85" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday: "I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

LIFE ASSURANCE COMP'Y OF CANADA

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600 00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,221.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,482 69	$1,149,743 00
1876 to 1880, four years	38,580 67	195,188 29	1,167,336 14
1880 to 1884, four years	136,976 84	363,264 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,007 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

—A lot of Italian navvies were taken off the Chemong road and sent to work on the gravel train of the Grand Junction to-day.

—Master Harry Stenson carries his arm around in a sling as the result of a fall on the 24th of May. The small bone of his left forearm is fractured.

—Work continues steadily on the Chemong Railway. About 65 men are engaged. The cut has been about finished and the line is being laid in the direction of Bridgenorth.

—A small boy with a wheel-barrow containing a live snapping turtle drew small groups about him on the streets this afternoon. The boy wanted to sell his catch for 50c. The turtle must have weighed about 30 lbs., and was speared in Little Lake.

—Rev. Father Conway, of Norwood, felt certain he had discovered a "combine" among builders when he opened the tenders for the new parsonage. The Norwood builders' tenders were wonderfully alike, but when the Peterborough builders sent in their's they were found to be almost the same as the Norwood ones. This "busted" the combine idea, and new tenders will be asked for.

NOTES FROM THE CAPITAL.

RUMORS OF COMING CHANGES IN THE DOMINION CABINET.

The Modus Vivendi Appended to the Fisheries Treaty Brought into Force—Postoffice Returns.

OTTAWA, May 29.—A meeting of the Council was held here yesterday, and it is understood that Mr. C. H. Tupper will shortly enter the Cabinet, probably as Minister of Marine and Fisheries. With regard to the Interior the impression gains ground that Mr. White's successor will be Lieut.-Gov. Dewdney.

A prominent Cabinet Minister said yesterday that it was felt that the new Minister of the Interior must possess a thorough knowledge of the Northwest, and there are few men better qualified in that respect than Lieut.-Gov. Dewdney.

It is not regarded as probable that any changes in the Cabinet will be made at present beyond filling the vacancies in the Interior and Marine and Fisheries.

An order-in-council has been passed bringing in force the modus vivendi appended to the Fisheries Treaty under which for two years American fishing vessels can be granted license to purchase bait and other supplies and transhipcargo on payment of a fee of $1.50 per ton for the season. The collectors of customs have been supplied with forms of license and instructions, and it is understood that a number of applications have been already made by Americans. This license gives no right to fish or to prepare to fish within the three-mile limit, and the fisheries protection service will be maintained the same as last year. Already three vessels are in commission, the steamer Acadia will be ready in a few days, and other vessels will be added as the season advances.

Hon. Mr. Foster left for the Maritime Provinces yesterday to visit his father, who is very ill. On his return he will be sworn in as Minister of Finance and take charge of his new department.

Mayor Stewart has received from Lieut.-Col. Allan of the Queen's Own a letter of thanks for the reception tendered the regiment during the visit here on the Queen's Birthday.

The 6-year-old son of Mr. Scarth, M.P., who died here of congestion of the stomach, was buried yesterday.

A comparative statement of the postoffice revenue and expenditure for the first nine months of the fiscal year shows:

	Revenue.	Expenditure.
1888	$1,936,493	$2,009,989
1887	1,776,424	2,561,451
Increase	$ 160,069	$ 48,538
Net increase 1888	$111,531	

Customs Officer Boyd of Athelstane, Que., has reported to the Department of Customs a seizure of barb wire smuggled into Canada.

Appraiser Black of Halifax has seized at that port several cases of cutlery for undervaluation.

The light at Point Pelee, Ont., will be repaired by the Marine Department at a cost of about $10,000, and a steam whistle placed there.

Postmaster-General MacLelan left for the Maritime Provinces yesterday.

The Administrator's Proclamation.

OTTAWA, May 29.—An extra of The Canada Gazette was published yesterday with a proclamation from Sir John Ross announcing his appointment as acting Governor-General until the arrival of Lord Stanley of Preston.

Tenders for the Construction of a Railroad—Political Gossip.

WINNIPEG, May 29.—The Local Government is to invite proposals for the construction of a railroad from here to Portage la Prairie. Tenders are to close June 9, and are to state what cash bonus or guarantee of bonds is required from the Government.

It is believed Mr. Norquay will not be induced to run for North Winnipeg, he being almost certain of election in Kildonan, where a requisition is circulating in his favor.

James Fisher of Winnipeg has received the Reform nomination for Russell.

The Free Press is narrowing down the choice of available men for Minister of the Interior to Mr. Dewdney and Land Commissioner Smith. It urges the appointment of the latter.

An Edmonton squaw, through jealousy, struck another squaw with a club, and the injuries will probably prove fatal.

A Calgary merchant named Jas. McMurty, formerly from Carleton County, was drowned while bathing at Banff.

A Cheap Boodler.

PETROLIA, May 29.—Thomas C. Ide, bookkeeper for McKee & Marwick, machinists, went to the bank Saturday afternoon and drew $150 for his employers in order to pay off the men, and when one of the firm went to the safe for the pay roll and cash he found the safe locked and no key and Ide missing. It has since been learned that Ide procured a horse and buggy from the livery and drove to Sarnia. The owner of

FOUND FLOATING IN THE BAY.

Probable Suicide at Hamilton—Ministerial Association Closing Meeting.

HAMILTON, May 29.—The body of an unknown man was found floating in the bay yesterday. Deceased was apparently about 45 years old, of sandy complexion, wore a goatee and side whiskers and was quite bald. He was well dressed, wearing a black frock coat and striped pants. In his tie was a gold pin, the design being a hand holding a diamond. The body had apparently been in the water about three weeks. There were no marks of violence and all indications point to suicide. Several blank receipts of the Merchants' Publishing Company of Toronto were found in the pockets, and on the back of one is the name George Stafford. There were also several blank membership cards in the Retail Grocers' Association signed by Henry Lindsay. A description of the body was telegraphed to Toronto and it was discovered that the deceased was George Stafford, who boarded at 163 Terauley-street. He was married, but had been separated from his wife for the past 11 years. Mrs. Stafford formerly lived on Pearl-street, but now resides somewhere in the West End. It is probable that the body will be brought to Toronto for interment.

At the closing meeting of the Ministerial Association Rev. James Murray, the new pastor of the Wentworth-street Presbyterian Church, was elected a member. It was announced that the Parks Committee had decided to change the dates of the open-air concerts to Thursday evenings, so as not to interfere with prayer meetings. The question of holding temperance mass meetings on Sunday afternoons was laid over until October.

Among those expected to deliver addresses at the Wentworth Farmers' Institute's first annual picnic at Ancaster on June 6 are: Hon. Charles Drury, the new Minister of Agriculture; Thomas Bain, M.P.; James Mills, M.A., President of the Ontario Agricultural College; V. E. Fuller, F. M. Carpenter, M.P.; James Carpenter, M.P.; James Somerville, M.P.; D. Henderson, M.P.; Dr. Montague, M.P.; N. Awrey, M.P.P.; Dr. McMahon, M.P.P.; D. W. Kerns, M.P.P.; Dr. Baxter, M.P.P., and Joseph Rymal.

At Christ Church Cathedral yesterday Miss Beulah Howells, daughter of the late Dr. Howells of this city, and George Clark, an old Wentworth County boy, now a prosperous citizen of Panama, were married, Rev. Dr. Mockridge performing the ceremony.

Rev. Thos. Goldsmith has resigned the pastorate of St. John's Presbyterian Church on account of the inability of the congregation to pay him a sufficient salary.

Ald. Malone does not wish the charges against young Conary investigated, and it is said that the latter will be reinstated by the Board of Works.

Fireman George Dunnett, while working at the wires on the corner of James and King William-street, fell from the pole, about twenty feet, and sprained his ankle.

Wm. Raycroft, a loom-fixer employed in the Dundas Cotton Mills, fell dead from heart disease under the railroad bridge on the Sydenham-road yesterday.

MEETING OF CREDITORS.

Poisoned By Spiced Meat—A Victim of Last Saturday's Fire.

TORONTO, May 29.—The creditors of Hughes Bros. meet to-day in the warehouse on Yonge-street. The statement to be submitted will include: Liabilities—Bank of Commerce, $490,000; other creditors, $200,000; assets, $170,000, leaving a difference of $420,000. Besides the assets there is $75,000 worth of real estate held by the bank as collateral. Since the last statement some of the notes under discount in the bank have been paid off. At that time the amount due the bank was over half a million. The bills under discount aggregate $260,000; the rest of the account represents an overdraft. It is not likely that much will be done to-day unless the creditors outside of the bank are willing to accept an offer that may be made them in the interest of the bank. If that is done there is a possibility of a resumption. So far the firm has only suspended; the fight to-day will be between the other creditors and the bank as to whether the firm shall assign or not. A syndicate of Mr. Hughes' friends, it is stated, will give him a lift if anything like terms can be had from the creditors.

Robert Davies stated yesterday that the report of the sale of his big Dominion Brewery to an English syndicate was premature.

The Bedson family, who were poisoned by spiced meat, are fully recovered. Meat purchased from the same place was eaten by Dr. W. W. Geikie and his son, and as a result they were very ill, but are now all right. The meat should be analyzed.

Mrs. Rogers, who was so seriously burned in the fire at O'Neil's eating house, Queen's Birthday, died last night at the General Hospital.

The Waterworks committee has cancelled the Burns coal contract, and tenders will be again called for. It appears that there are firms ready to supply coal at lower prices than have been previously bid. Mr. Burns is also to be sued for the price of one thousand tons of coal alleged to have been paid for and not delivered.

Coroner Johnson last night held an inquest at the Morgue on the body of a female infant found on the roadway near College and Shaw-streets. Dr. Spencer, who made the post mortem, stated the child was three weeks old, and had evidently died from the result of a blow on the left side of the skull, being previous to the infliction of the wound in perfect health. The jury returned a verdict of wilful murder against a party or parties unknown.

Is James G. Out of the Race?

NEW YORK, May 29.—The World to-day says editorially in addition to a statement already published in reference to Mr. Blaine's withdrawal: We repeat with absolute confidence our previous announcement, and add to it this further information: Mr. Blaine has already written to one of his most intimate friends a letter positively refusing the use of his name as a presidential candidate, and declaring that he would not, under any circumstances, accept the nomination. Our Republican friends may accept this information as absolutely true. Mr.

AT THE ANCIENT CAPITAL.

THE CONFERENCE RESOLUTIONS BEFORE THE LEGISLATURE.

An Amendment Moved by Mr. Flynn Defeated—27 to 18—The Bill to be Opposed to the Bitter End.

QUEBEC, May 29.—It is evidently the intention of the Conservatives in the Assembly to oppose the Quebec resolutions at every stage, and it is hinted that the Council may follow the example of their Lower Province brethren and throw out the resolutions. When Premier Mercier moved the second reading of the bill concerning the resolutions in the Assembly yesterday, Hon. Mr. Flynn, who is now really the leader of the Opposition, moved in amendment:

"That several of the resolutions are inimical to the fundamental principles of the constitution, and, if adopted, would in many cases deprive us of the advantages of responsible Government, that a certain number of the resolutions are not of sufficient importance to justify an amendment of the constitution, and that relating to subsidies paid by the Dominion to the Provinces is not in keeping with the principle sanctioned by the House in 1883-4, and that the House does not feel it to be its duty to approve the resolutions in their entirety."

No discussion took place and the House at once divided, the amendment being defeated, 27 to 18.

The Resolutions Bill was then read a second time, and will be taken up in committee stage at a later date, when the Conservatives intend to move amendments to each resolution and fight them to the bitter end.

DETERMINED TO BUILD THE ROAD.

The C.P.R. Throwing Obstacles in the Way of a Possible Rival.

WINNIPEG, May 29.—The Local Government is advertising for proposals to build the link from Winnipeg to Portage la Prairie, to connect with the Manitoba Northwestern Railway, in order to secure direct competition with the Canadian Pacific Railway throughout the province. The advertisement asks all companies making the proposals to state what bonus or how much guarantee of bonds will be required. It is the evident intention of the Government to go right ahead and build the road, despite all opposition of the Canadian Pacific Railway.

It is reported here that the Canadian Pacific Railway has conspired with the Beatty line of steamers, which had agreed to bring rails necessary for the Red River Valley Railway to Duluth, to prevent their delivery. According to the understanding the rails were to have been here long before this, but not a rail has yet arrived. The Local Government hoped to get them delivered in Duluth and then shipped over the Northern Pacific to the boundary. The consignment that the Canadian Pacific Railway undertook to deliver has been sidetracked at different points along the latter's line, and it is not expected the company will deliver them, as they are at loggerheads with the Local Government. It is believed they will make persistent attempts to block the building of the road till after the next crop is harvested.

A Gloomy State of Affairs.

LONDON, May 29.—The meeting of the Land Corporation of Canada yesterday disclosed a gloomy state of affairs. Much dissatisfaction was expressed by the shareholders. The directors stated that the company was now owing £4500 stg. The board recommended a call of four shillings per share, payable in two instalments, on the 15th July and 15th Nov.; also a further reduction of the capital by writing off the remaining thirty shillings uncalled. They also recommended the division of the shares, which at present stand at £5 each with £3 paid, into three shares of £1 each, fully paid up. After a discussion, in which the shareholders blamed the directors for lack of energy in developing the property, the proposals of the board were carried.

An Explanation Demanded.

PARIS, May 29.—Reports are circulating in the lobbies of the Chamber of Deputies that the French Ambassador at Vienna has been instructed to ask Count Kalnoky, the Austro-Hungarian Foreign Minister, to explain the speech made by Herr Tisza, the Hungarian Prime Minister, in the Lower House of the Hungarian Diet on Saturday, in which he reiterated the Government's refusal to take part in the Paris exhibition, and spoke of the possibility of the property of Hungarian subjects being damaged and the national flag insulted through the excitability of the French popular feeling. The Bourse was agitated to-day over fears that complications may arise from Herr Tisza's utterances.

Gasoline Explosion.

FREDERICK, Md., May 29.—Several barrels of oil and gasoline in the store of Charles E. Zellers exploded yesterday during the progress of a fire at the store. A number of firemen who were in the building at the time were burned, cut and bruised. Chas. Poole, jr., aged 11, was pinned beneath the rafters and killed. The sides and front of the building were thrown into the street and many of the hundreds of spectators were injured by flying plate glass and other debris.

The Injunction of Secrecy Removed.

WASHINGTON, May 29.—The Senate at 1.20 proceeded to the consideration of executive business, and continued in secret session till 5 o'clock, when the doors were reopened and the Senate proceeded, still in executive session, to adopt this motion without a revision:

"Resolved, That the injunction of secrecy be removed from all the proceedings of the Senate in reference to the treaty with Great Britain now under consideration."

Is She Insane?

CHICAGO, May 29.—Mrs. Hester A. Foley, on trial before Judge Prendergast as a lunatic, charges Magnetic Healer "Dr." McFadden with teaching that inmorality is the only means by which a woman can become influential, magnetic or metaphysical. Judge Prendergast continued the case for a week to get at the bottom of the story.

TUESDAY, MAY 29, 1888.

The Mackenzie River.

There are times when it is well to make haste slowly. It is quite probable that the Mackenzie river country possesses latent wealth, which at some future time will be of enormous value to the Dominion, but there is good deal of country within easier reach that claims first attention. It is wise to know as much as possible about any property we may possess, and to keep in view the necessity of at *some* time taking steps for improving it, and Dr. Schultz deserves credit of having by means of a Senate Committee, collected such information as is at present to be obtained in respect to what he calls Canada's Great Reserve. But for the present let it be a reserve. It will *lose nothing by keeping*, but would probably entail a great deal of unnecessary expense were an attempt made to handle it at present. Between the Mackenzie River district and the present Northwest limit of settlement lies the Peace River country, which travellers have described in glowing terms. It would be better to move northwards gradually and exploit the Peace River before incurring large public expenditure several degrees north of it. And the example of the Alaska Fur Company does not strengthen any desire to see a company incorporated in Canada whose operations would probably be not altogether dissimilar from those of that piratical institution amongst the Indians of the extreme north. From the report of the Governor of Alaska it is evident that a trading company in the far north is not an unmixed blessing, and a private company with a long lease of the district would require a great deal of watching. Better wait a little.—*Montreal Herald.*

Early Closing in Toronto.

The Toronto City Council not only makes a muddle of civic matters generally, but can't even, it seems, pass a valid early closing by-law. Proceedings are being taken in that city to quash the early closing by-law passed by the city council. The grounds of the application are that the council have passed no by-law making regulations as to the form of petitions praying for the passing of the early closing by-law, and as to the classification of shops, as provided by subsection 4 of section 2 of the Early Closing Act, passed last session; and upon the further grounds that the by-law improperly classifies under the heading "*Dry goods shop*" the following shops: Gents' furnishing shops, merchant tailor's shop, millinery and ready-made clothing shops; and that the application for passing the by-law was not signed by three-fourths in number of the occupiers of each of such classes of shops in Toronto, nor even by three-fourths in number of all those classes of shops taken together; and that the petitions are signed by names in duplicate, as many merchants signed petitions as to each class.

Cold Springs, Otonabee.

(From Our Own Correspondent.)

The football club of this place has been reorganized, the following officers being elected:—

PRESIDENT—Mr. R. A. Ward.
CAPTAIN—Mr. A Rose.
SEC.-TREAS.—Mr. H. P. Kennedy.

A committee of management, to consist of these officers and three others, viz:—Mr. J. Rose, Mr. Tom. Welsh and Mr. Will Fawcett.

Through the kindness of Mr. Tom. Huston, the boys have succeeded in getting the use of one of his fields (an excellent one), where they may be seen Tuesdays and Fridays of each week at practice for coming matches.

All challenges or communications may be sent to the secretary treasurer, Box 113, Peterborough, Ont.

Fourth Line Smith.

(From Our Own Correspondent.)

Our neighborhood seems to be a favorite resort for tramps. One came along not long since and determined to make this his headquarters, but the people were of a different opinion; so one evening they loaded him up and drew him down near Peterborough, but that place was not so congenial to his "nibbs" and when daylight came he took the back track and arrived here about dinner time, but it is needless to say that he stayed a very short time on his second visit.

The Fourth Line Brass Band attended Bridgenorth on the 24th, and was one of the chief attractions of the day.

Why don't the boys start a baseball club here? We have the material to make a pretty good showing in the local baseball records.

You can do it easily, and will not have to deprive yourself of a single comfort; on the contrary you will enjoy life more than ever. How can you accomplish this result. Easily; cut down your doctor's bills. When you lose your appetite, and become bilious and constipated, and therefore low-spirited, don't run off to the family physician for a prescription, or, on the other hand wait until you are sick abed before doing anything at all; but just go to the *druggist's* and for twenty-five cents get a supply of Dr. Pierce's Pleasant Purgative Pellets. Take them as directed, and our word for it, your unpleasant symptoms will disappear as if by magic, you will have no big doctor's bills to pay, and everybody interested except the doctor), will feel happy. b

We Offer a Man's Suit for $2.50 that cost $4.78 Wholesale.

We Offer Splendid Fitting Suits, and in 150 Different Patterns, at $5.00 easily worth $7.25 Wholesale. These Suits, if sold in the Regular Retail way would bring $9.00.

OUR GREAT BIG PLUM in Men's Clothing, comprising 633 Suits, Regular Wholesale Price $11.50, and we are turning them out for $9.00. The Cloth alone is worth more than we are asking for THE WHOLE SUIT COMPLETE.

Look them all through and then come to us, and if we fail to convince the most skeptical that our Stock is not at least five times larger and our prices 50 per cent. lower than those of any other dealer, we will GIVE A WHOLE OUTFIT FREE.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to our Counters. We Want the Public to know just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Pic-nic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors.

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10.00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

Practice Economy

By taking advantage of the opportunity offered you to buy Superior Teas at Honest Prices from the undersigned.

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We *give to the Tea* branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the *store*. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

Latest Turf Events—Baseball Games Yesterday—Championship Record.

ST. LOUIS, Mo., May 29.—Racing was continued here yesterday, with the Southern Hotel Stakes as the attraction. It had four starters, of which The Lioness was the favorite. She failed to get closer than third, Champaigne Charlie winning, with Liberty second. It was a disastrous day for the backers of the favorites, not one being able to finish in front.

Betting on the Derby.

LONDON, May 29.—The betting yesterday on the Derby was as follows: Even against Ayrshire, 5 to 1 Galore, 6 to 1 Orbit, 100 to 15 Crowberry and 50 to 1 Van Diemen Land.

Racing at Gravesend.

GRAVESEND, L.I., May 29.—The weather here yesterday was fair but track heavy. It was an off day, there being no stake events, though the racing was good.

TUESDAY, MAY 29, 1888.

The Weather.

Moderate to fresh winds; generally fair weather with a few local showers; stationary or a little lower temperature.

The Band Competition.

It is proposed, in connection with the band competition, to be held here next August, to give a prize to the prettiest and most neatly dressed girl. Now, there is nothing prettier nor neater nor more winsome than a bright, fresh, young girl dressed in clean, fresh print. Competitors for the above prize are *informed* that materials for dresses for the competition are to be found at the golden lion, where there have arrived 200 pieces of choice pattern prints, worth from twelve and a half cents to fifteen cents, to be sold for eight cents per yard. Note the display as you pass the south window of the golden lion.

A Word About Dogs.

According to the assessment returns there are about four hundred and fifty dogs in town, and it is a remarkable fact that only a dozen of all that number are legally privileged to live. Four hundred and fifty tags are awaiting the payment of license by four hundred and fifty owners in Peterborough, and unless the remainder of those *four hundred* and fifty delinquent proprietors of the *four hundred* and *fifty* canines come to time before the first of July there will be four hundred and fifty dead dogs in town in about as quick time as they can be shot off by the policemen. And don't forget it. So far twelve licenses have been taken out, whereas they all were due last January. The police have orders to shoot untagged curs after the first of July.

Commercial Union Carries.

The last debate of the year of the Otonabee Canoe Club was held at the rooms Monday evening. There was as usual a good attendance, and the discussion was spirited and comprehensive. Mr. G. J. Smith occupied the chair. Messrs. Z. Gallaghan and F. H. Dobbin led the affirmative, while Messrs. E. Mason and A. E. Dixon were commanders of the negative forces. After a tive, arging Commercial Union with the thoroughly argumentative debate the affirmative United States, was declared victorious. As the summer season is now pretty well advanced it was decided to discontinue the series of weekly debates for the present. They will be resumed next October. Since their inauguration last fall these debates have kept alive during the winter the warm fraternal feelings engendered during the summer season, and the club will begin active aquatic operations this year with that spirit more fully developed than ever.

A Railway Rumor.

The latest rumor in railway circles, says the Port Hope *Times*, is that Mr. Arthur White, district general freight agent of the G.T.R., between Toronto and Montreal, will shortly be removed to the latter city. Mr. Earles will take the Toronto office, confining his attention to the Northern division as well as the main line between Port Hope and Sarnia. The general order will probably be issued. Mr. White's many friends, and the business community in the Midland District generally, will be sorry to learn they are about to lose so capable and obliging an official. His many years service in connection with the Midland and latterly of the Grand Trunk also, have brought him in contact with nearly all the leading shippers, and they have always found Mr. White a fair, straight-forward, keen and able business man. But, as the change is promotion for him, they will join with us in extending to him most cordial congratulations.

Name Wanted.

The EXAMINER has received a sprightly communication from Kenismore, but the writer has failed to furnish his name. The name of the writer of every communication must be known, not necessarily for publication, but for *responsible reference in case his* statements are questioned.

Attention!

At Dawson Bros.' old stand, Hunter street, they are selling goods at astonishingly low *prices*. Their stock of dress goods in the latest colorings is well worth your inspection. See their black and colored kid gloves, which are great value. Don't forget that this is a genuine clearing sale. codw

Fred Archer.

The *celebrated English organist*, has been secured to give an organ recital in the George street Methodist church. He is acknowledged on all hands as the first organist on the Continent. *He was for years* organist of the Sydenham Crystal Palace. We are glad this *grand* musician is coming, for such a treat is not to be had every day.

Remember

The public meeting in the Temperance Hall, George street, this evening at 8 o'clock. An address by the Rev. W. C. Bradshaw, the Y.M.C.A. Quartette will charm away dull care, and Rev. S. J. Thompson will explain the special claims of Royal Templarism. Other attractions are promised, so that a very interesting and instructive programme may be expected. No admission fee! No collection!

Flower Thieves.

Mr. Brundrette, station agent of the Midland R.R., last week set out a number of fine plants in full bloom in the garden at the station, and he took a particular pride in this one bright little beauty spot amongst the surrounding grime and dust. Yesterday he found that one of his finest plants had been torn up by the roots and carried off. Mr. Brundrette thinks the man that could do this could steal sheep with an easy conscience. It is certainly a most despicable style of vandalism.

The Drill Shed Question.

The "monkeying" of the Dominion government has put the officers of the 15th Batt., Belleville, on their mettle—they have taken matters in their own hands. At a meeting held on Saturday night it was decided, says the *Ontario*, in view of the *shameful inaction* of the government, "that one of two things must be done—have a drill shed or disband the corps. The government having refused to assist in the purchase of this much needed building, the officers resolved to buy a drill shed themselves. The site on Church street, just south of the opera house, was considered a suitable one, and an estimate of $4,000 was submitted for the building, with armories along the sides." This is a good deal like the situation in Peterborough. The old drill shed is kept in a filthy, unusable, tumble-down condition and the government refuse to move. Nothing can be expected from this quarter. The policy of the government *seems* to be to discourage volunteers in every way—except in time of danger—then they are very anxious for their services. If volunteers could control elections or funish bribery funds they would get out stone drill sheds, new uniforms and necessary equipments for the mere asking.

I Have Got Mine.

"Emma, did you get your ticket?" "What ticket, Annie?" "Why for the Canton excursion to Toronto, on Tuesday, June 12th, over the C.P.R." "Why I guess I did; I was told they are being disposed of at a rapid rate. And no wonder, for the band is going; think of that and then see the beautiful road we travel over—such fast time they make on the C.P.R.; and you have the priviledge of going on the 5:10a.m. and getting into Toronto in time for an early breakfast, and of having the whole day, or two days, to stay in the Queen City; and you can come home on any train you wish. *Look at this also*—the fast special leaves at 7 a.m.—such a jolly time we both will have. And the Canton have arranged with the Cyclorama managers for its excursionists to see the Battle of Sedan at a reduced rate by presenting their railway tickets at the office. I hear so many are talking of going by this grand union excursion. The I.O.O.F. and C.E.T.S. will have, I believe, the excursion of the season." Tickets good for two days. Adults, $2; children under twelve years, $1. By the fastest line in America. Tickets may be had from members of the Canton or stores of W. A. Sanderson, J. D. Tully, G. A. Schofield & Co., Salisbury Bros. and J. Long. 3d124

The Glorious First.

The firemen intend celebrating the first of July by a grand demonstration in Peterborough. Committees have been appointed and if the affair is to be the grand success usually attained by the firemen, they should get to work at once. They have only about a month to prepare now.

Relieving the Pressure.

A relief valve is being put in the stand pipe at the C.P.R. Station from which the engines draw their water supply. When the flow from this pipe is shut off the pressure, suddenly concentrated, sometimes bursts the private service pipes in the neighborhood. This valve will relieve the extra pressure.

Over the River.

Ashburnham village council meets next Monday night.

Eleven appeals against the assessment were disposed of by the Court of Revision Monday night.

Mr. Richard Mowry has sold his foundry near the bridge to the Dickson Estate Company. It is likely the business will be started again.

The Trent Valley Canal.

The Trent Valley Canal Commissioners met again yesterday, when Messrs. W. H. Bleasdell, Barlow Cumberland and W. A. Geddes gave important information as to the local and through traffic that the canal might obtain if it were built. Plans were displayed and explanations given to the witnesses who attended. Their evidence will be duly reported to government. The commissioners concluded their labours in Toronto last night. They will take evidence at Peterborough June 21.

Crushed by an Embankment.

This *morning* a laborer named Wm. Flynn was severely injured at the cutting on the Chemong Lake railroad, by an embankment falling on him. Dr. Kincaid examined his injuries, which, it is believed, will *not prove* fatal. No bones bones are broken, the injuries received being mainly to his back. Flynn was taken to the Nicholls Hospital. He had only been working on the road a day. His home is said to be in Cardinal, Ont. A $1,000 policy in the Manufacturers' brings $5 per week during disablement.

Arrested for Theft.

Yesterday afternoon an Italian woman named Maria Virginella was arrested by Chief Roszel at her present home on Elm street on a charge of the theft of $50 at London a year ago this month. Yesterday morning a couple of Italians, one of them bearing a letter from the London Chief of Police, came to town. The letter was for Chief Roszel, and was delivered by the man in person. It contained authority for the arrest of the woman on the charge named. She was arrested by the Chief and this morning remanded by the magistrate until this evening, when an officer is expected to arrive from London to take her back for trial.

KAN U C the point? *tling reductions in Groceries at The Pantry.

That Switch Line.

The C.P.R. company are once more pushing their application to the government for the privilege of running a switch line up the river to the Dickson estate mills. This proposed line has already been fully referred to in the EXAMINER. Some time ago the boating club and Mr. Wm. English sent representatives to Ottawa to oppose the scheme unless the plans were altered more to please all parties. They employed a solicitor to look after their interests, and have received word that on Tuesday next the application will come before the Railway Committee. A deputation will go down to represent the boating club, and Mr. English and the Otonabee Canoe Club have appointed Messrs. G. J. Smith and A. E. Dixon to look after their interests in the matter. The town authorities have been notified by the Government that if they wish to oppose the scheme they can do so before the Committee. The matter was to have come up before the council meeting last night, had one been held. It is understood, however, the corporation does not intend to place any obstacles in the way. The boatmen, however, consider that they have a valid objection to the scheme, and will oppose it in committee, unless the plans are amended as they ask.

Granolithic Pavement for George Street.

A Scheme for Doing the Work Cheaply.

Since the new granolithic pavement has been put down on Hunter street, the beauty of the walk has aroused public interest in that kind of pavement, and the project of putting down a granolithic pavement on George street is being discussed. The chief obstacle in the way is cost—$5 per lineal foot is a pretty steep figure. But this objection can be overcome by effecting a large saving in another quarter. The people of the town would save enough money in one year to pay for the cost of such a pavement if they would for that one year go to gough bros., the wonderful cheap men. These good samaritans are now running off an immense stock of superb clothing, purchased in the wholesale market at 52½c. on the dollar, and the retail prices are 100 per cent. lower than similar goods can be bought for anywhere in the world. The stock includes boys' suits at from 58 cents to $2.50, youths' suits at correspondingly low figures and mens' clothing so cheap and so good that even as low a sum as $50 will furnish a man with *from eight to four* nobby new suits during the year. You may appreciate these wonderful bargains and intend to avail yourselves of them, but don't delay. strike while the iron is hot. Don't miss the present chance. George street paved with granolithite, hell paved with good intentions, are all in vain unless you carry out your good intentions by going to gough bros., for a piece of the *wonderful* bargains going in tip top clothing.

Personal.

Mr. and Mrs. E. B. Stone are spending a day or two in Madoc.

Mr. John Miller, sr., of Otonabee, leaves to-night by the 8.50 train for Montreal, to sail by the Dominion Line steamship "Oregon" on a visit to his brother, Thos. Miller, Comrie, Perthshire, Scotland.

Local Sports and Pastimes.

Range and Rifle.

The first practice match of the Peterborough Rifle Association will be held at the butts on Thursday next, May 31st.

Lacrosse.

There was a good attendance of lacrosse men at the Commercial House Monday night. About ten of the "old campaigners" turned out, and it was decided to amalgamate with the Riversides. Mr. H. LeBrun was placed on the committee as the representative of the new element in the club. They will join in heartily with the Riversides and hold their first practice this evening. In the return match with the Barries on the 6th of June the re-organized team confidently expect to reverse the result of their last match.

Aquatic.

At a largely attended meeting of the Lansdowne Rowing Club at the boat house Monday evening, the following officers were elected:—

HONORARY PRESIDENT—H. Calcutt.
PRESIDENT—H. W. Kent.
VICE-PRESIDENT—W. Matthews
CAPTAIN—A. G. Lech.
VICE-CAPTAIN—A. Stevenson.
SEC.-TREAS.—G. Stevenson.

The Club's prospects this year are most encouraging. With a large membership and a first class boat house and enthusiastic officers, the Club cannot but thrive.

Willow and Wicket.

The local club has promised return matches to Hamilton and Rochester, and it is expected dates will be arranged with both these places.

Monday night a "second eleven" was chosen by the committee of the cricket club to play the Lindsay educationalists' team here next Saturday.

A "scrub" match was called for this afternoon on the grounds. At this match a certain day of the week will be *selected for* practice by the business and professional men, who are not able to get over more than once a week. This day will be devoted entirely to them.

At a cricket match in Calgary the other day between a Mounted Police team and the town club, the latter were victorious. A peculiar feature of the match was that every man on both sides was caught out. Not one was bowled.

News Nuggets.

—Norwood has a "Pansy" Society.

—The band makes its *debut* for the season in Court House park to-night.

—Excavations are made on George street for planting larger and loftier electric poles.

—Belleville's new "officers'" drill shed will be of brick—ours is hung on a "wire."

—Complaints are made of trains running through town at a faster rate than the law allows.

—The first meeting of the Peterborough Cheese Board is held this afternoon in the old music hall.

—The Italian organ grinder in town yesterday confessed to having taken in "only two dollar."

—Reid street has been neatly water-tabled from Kirk street south to Charlotte street and gravel is now being applied.

—The return match between the Riverside and Barrie lacrosse teams will be played here on the 6th of June, on Riverside Park.

—The *Register* claims for Norwood the fattest woman in the province, Mrs. Angus Marcus, who weighs 349 pounds and is as spry as a girl in her teens.

—The residents in the neighborhood of the West End Park want the water pipes extended from Reid street on Charlotte to Downie.

—Andrew Jackson's presidental *cognomen* ornamented the police court record opposite a charge of drunk and disorderly. He was discharged.

—The organ grinder should have been hired to play "Sweet Violets" in the police court room—it would have had a deodorizing effect.

—Two down town printer's devils last evening got into a diabolical discussion, which was settled by one applying a heavy iron side stick to the head of the other with such good effect that a surgeon's services were necessary.

—Several persons from town went out to Young's Point yesterday to see the new steamer launched. At the time the party left, the new steamer had not moved—the ways were not steep enough to give the downward momentum necessary.

A Toast to Thee, Jock.

Mr. John Paterson contemplates taking a trip to the Auld Country soon, and, on bidding him good-bye, Mr. Wm. Telford threw off the following impromptu toast:—

I hope no raging wave, John,
Will break our love apart;
How we would miss you here, John,
And your girl would break her heart.

I wish you a prosperous trip, John,
Across the dangerous main,
A glorious time in Scotia, John,
And a safe return again.

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "85" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

A TERRIBLE HOLOCAUST.

A FAMILY OF FIVE BURNED TO DEATH AT UFFINGTON, ONT.

The Mother Meets Death While Attempting to Rescue One of Her Children—Municipal Records Destroyed.

GRAVENHURST, Ont., May 30.—A terrible fire occurred at Uffington, twelve miles from here, Monday night, when Frederick N. Toye, the old and faithful Township Clerk, his wife and three children were burned to death. A small mosquito smudge, placed near the corner of a workshop adjoining the dwelling of Mr. Toye, was during the high winds fanned to a flame and soon enveloped the shop and dwelling. Wm. Matthews ran to the assistance of the occupants. Mrs. Toye in her night dress had carried out little Bella, aged 13, and returned for others. Evidently Mr. Toye had also been out, as two pails were found on the way to the well, and on second thought he had returned to rescue the children and books. When Mr. Matthews arrived Bella was on a rock near the house crying, and immediately the roof fell in, enveloping Mr. Toye, his wife and three children, two boys and a girl, aged respectively 5, 9 and 11. The records of the municipality of Draper and Oakley have been lost.

ADVERSE TO REV. MR. LONGLEY.

The Ministerial Investigating Committee Want Him Deposed from the Ministry.

TORONTO, May 30.—At the annual meeting of the Toronto District Methodist Church yesterday, Rev. Dr. Potts presiding, a formal complaint against Mr. Longley was made by Rev. Dr. Sutherland, Rev. Dr. Shaw and Rev. James Gray. On receipt of this official complaint Rev. Dr. Potts, Rev. Dr. Parker, Rev. Coverdale Watson and Rev. G. J. Bishop were appointed a committee to investigate the charges against Mr. Longley. Rev. E. A. Stafford acted for him. The committee met several times and went into the charges thoroughly, when they unanimously agreed to recommend the District to suspend the accused and to recommend Conference to suspend him from the ministry. The District by only three dissentients adopted the report and recommendations of the committee, and further resolved that, as Mr. Longley was transferred to the Niagara Conference, the whole of the papers relating to the case be sent to the President of that Conference. The ministers declined to be interviewed on the subject. All that could be learned was that several ministers desired the evidence to be read, but this was rejectd by a large majority,

THE FISHERIES TREATY

BITTERLY DENOUNCED IN THE U. S. SENATE.

President Cleveland and Secretary Bayard Roundly Abused by Senator Frye—A "Surrender" to Great Britain.

WASHINGTON, May 30.—The Senate went into executive session with open doors and proceeded with the consideration of the Fisheries Treaty. Senator Morgan gave notice that upon the conclusion of Mr. Frye's remarks he would move the postponement of the treaty till December.

Senator Frye said the question before the Senate was not a trifling one. It involved the dignity and honor of the great Republic and the rights of citizens. The question was, should citizens of the United States—fishermen, but still citizens—be protected against injustice and wrong and outrage inflicted by a neighboring nation, emboldened to it only because it rested under the ages of a mighty power beyond the sea? He proceeded to pay a glowing tribute to the valor and patriotic services of the "Yankee fishermen" in the wars of the revolution of 1812 and of the rebellion, and asked whether such men were entitled to be treated with contempt. He declared that this powerful Republic had utterly neglected the rights of the fishermen.

The Treaty of 1818, Senator Frye said, was negotiated at a very unfortunate time for our country, when we were struggling under the effects of the war of 1812. Great Britain was arrogant and aggressive, having just conquered at the battle of Waterloo. Under these circumstances we made a dishonorable, humiliating, cowardly surrender of our rights, but we did have courage enough to insist that if our fishermen were driven by stress of weather into any of those surrendered waters, they should be sheltered; if out of wood they could buy it, if out of water they could fill their tanks, if their vessels were out of repair they could repair them, and they could enter for no other purpose whatever. The United States grew in power, population and importance, and grew immensely as to her markets.

Great Britain and Canada looked at these markets with avaricious eyes and determined to possess them. There was no hesitation—no question of rights, or decency, or hospitality. Great Britain said, "your markets we propose to have." "What for?" "So that the Canadian fishermen might be quadrupled, so that when she needed sailors she would know where to go to find the bravest and the best in the wide world." And so Canada commenced by every conceivable outrage, wrong and injustice to drive our vessels away. She drove them to sea in storms, she seized them on the high seas and searched them. She put armed men aboard and literally confined their captains and crews in the Crown vessels with the American flag flying over them. They were tried in colonial courts and their vessels confiscated, one after another, until the perils of the sea were not half as many as the terrors of the law on shore.

Under the Treaty of 1854, known as the Reciprocity Treaty, we were permitted to fish within their waters and they within our waters, and they were permitted free access to our markets for their fish, and they thus had all they wanted, just what the Senator from Alabama, the Senator from Delaware (Saulsbury) and the Senator from Ohio (Payne) within two days had threatened that they should have again if this treaty was not ratified.

Mr. Morgan and Mr. Payne both disclaimed having made any such threats.

Mr. Frye criticised the actions of Secretary Bayard, and said he was profoundly ignorant of fishery matters. He then proceeded to recount in detail cases of the different vessels seized by Canada and their treatment by the Dominion authorities, paying particular attention to the case of the schooner Marion Grimes, whose flag was hauled down by Capt. Quigley of a Canadian cruiser, and he declared that seventy-five years ago Capt. Quigley would have been immediately displaced by his Government or there would have been a declaration of war.

At this stage Mr. Frye complained that the air was exceedingly oppressive, and suggested that if the Senate would give its consent he would finish his speech to-morrow. There being some dissent to that, however, a recess was taken for half-an-hour and the gallery windows were ordered to be opened. At the close of recess (3.10) it was ordered that, to-morrow being Memorial Day, the adjournment to-day shall be till Thursday.

In conclusion Mr. Frye said: A year ago in the United States Senate and House of Representatives we were all for the rights of American citizens; we were united to a man; nobody dreamed of raising a political issue in this matter. Nobody talked as a party man in relation to it, and where are we to-day? The President of the United States taking practically the Canadian side of this controversy; the Secretary of State taking practically the Canadian side of this controversy; the great Democratic party of the whole nation arrayed on the side of Canada and against the United States fishermen. I say to you, Mr. President, that a most grievous wrong has been wrought by this treaty making. I say that these steps which have been taken can never be retraced, that in the long future we shall never be permitted to stand where we stood only one year ago when we claimed here in the Senate that we would defend the rights of American fishermen against Great Britain or any other power on earth. We have surrendered that right; we have yielded it; we have said through the President of the United States in solemn language that the treaty is just and fair and is all that could be demanded by us, and hereafter and forever our mouths are closed. Again I declare that this treaty is dishonorable, humiliating and a cowardly surrender.

At the close of Mr. Frye's speech at 3 o'clock Mr. Gray obtained the floor to make a speech upon the treaty. But its further consideration was, on motion of Mr. Beck, who said that he and other senators desired to attend the St. Louis Convention, postponed till Monday, June 11.

The motion to postpone until December next was entered by Mr. Morgan and is now pending.

NOTES FROM THE CAPITAL.

C. H. TUPPER APPOINTED MINISTER OF MARINE AND FISHERIES.

The Repeal of the Scott Act to be Proclaimed in Nine Counties—Geological Explorations in Hudson's Bay Region.

OTTAWA, May 30.—The rumor that C. H. Tupper would enter the Cabinet is confirmed. He is expected here in a few days, and will be sworn in as Minister of Marine and Fisheries. Mr. Tupper is the youngest Cabinet Minister the Dominion has ever had. He will not be 32 until August.

There was another meeting of Council yesterday, at which it is understood the necessary order-in-council was passed for the immediate issue of a proclamation declaring the Canada Temperance Act repealed in the Counties of Stormont, Dundas, Glengarry, Norfolk, Huron, Dufferin, Bruce, Renfrew and Simcoe as the result of voting on April 19. The effect of this will be to bring the Crooks Act in force in these counties and a return to the Bessee system.

Messrs. Lowe and Macoun of the Geological survey left last night for Hudson's Bay, where they will be engaged until November making geological explorations of the coasts and country surrounding the great inland sea.

The Comptroller of the North west Mounted Police has received advices that everything is very quiet in the territories. The detachment of police sent to Kootenay District last fall will probably be withdrawn, as there is no longer any fear of trouble in that region.

Ottawa is to have a pensioner on the United States Treasury, United States Consul Hotchkiss having pushed the claim of James Beaty, who served through the rebellion and was wounded before Pittsburg in 1864.

Prof. Shutt of the Experimental Farm will leave for Europe in a couple of weeks, where he will spend the greater part of the summer purchasing apparatus for the laboratory and visiting some of the leading scientific institutions in England, France and Germany.

The Department of Railways and Canals has let the contract for the Intercolonial wharf at Levis to J. L. Dussault of this place.

Collingwood Schreiber left for Cape Breton yesterday to inspect the two sections of railway now under contract there. He will also inspect the Oxford and New Glasgow branch and return in time to leave for British Columbia on June 19.

R. H. Blackeby, secretary of the Labor Commission, returned to the city yesterday, and will at once commence getting the evidence taken by the commission printed. Thirty-three different places were visited and several hundred witnesses examined. It will probably take all summer to get the evidence printed, after which it will be sent to the commissioners, who will meet and prepare a report.

TORONTO'S BUDGET OF NEWS.

Hughes Bros.' Creditors Meet—No More Stamps to be had on Credit.

TORONTO, May 30.—The creditors of Hughes Bros., who suspended payment May 3, met yesterday. There was a full attendance, those houses which could not be personally represented having a representative to look after their interests. Of course the members of the firm were in attendance. The meeting unanimously elected a chairman in the person of Mr. Stapleton Caldecott, of Caldecott, Burton & Co., while Assistant Manager John H. Eddis of the Imperial Bank was made secretary.

Contrary to general expectations, no offer or proposal of settlement was made, the meeting devoting itself chiefly to going over the assets and getting track of the condition of affairs before talking serious business.

The condition of the firm as stated to-day is as follows; Liabilies, $350,000; assets, $171,000; leaving an apparent deficit of nearly $180,000.

The situation was thoroughly discussed, and it was decided that there should be an adjournment. These inspectors were appointed: A. Robertson, T. O. Anderson (of Ogilvie, Alexander & Anderson), and Mr. Campbell, assistant manager of the Bank of Commerce.

The meeting was a most harmonious one, the creditors fully sympathizing with Messrs. Hughes Bros. and generally attributing the trouble to unavoidable exigencies of trade. It was generally hoped that matters would be amicably settled.

The next meeting will be on Tuesday next at 11 o'clock, when the inspectors will make their report.

At a meeting of the Postoffice Inspectors of Ontario yesterday, matters connected with the new system of accounts, which is to be adopted after July 1 next, were under consideration. The new system of accounts just adopted will make a radical and complete change in the financial arrangements of the stamp department. The system respecting the purchasing of stamps by the postmasters will undergo such remodelling as to abolish all credits at Ottawa, save and except with regard to money order offices. This change will practically wipe out between five and six thousand accounts, and save an immense amount of labor. Formerly postmasters were supplied from Ottawa on credit, but now they must pay cash for their stamps and buy them out and out. They may get them direct from Ottawa, or from any of the supply offices, such as Toronto, Hamilton, London or Kingston.

The Marine Underwriters have fixed the rates on hulls and cargoes. They are slightly lower than last year.

A Princely Gift.

NEW YORK, May 30.—Edwin Booth has purchased the building at 16 Gramercy-park for $75,000, and will present it to the Players' Club. He will spend $60,000 in decorating the building, and will also adorn its walls with paintings. Augustus Daly will present the club with a library worth $25,000.

To Connect With Hamilton.

HAMILTON, May 30.—Senator Sanford is authority for the statement that the Canadian Pacific Railway Company will begin at once the work of staking out its new line east of Burlington, and grading will be commenced next week.

THE GOVERNMENT AND THE VOLUNTEERS.

A paragraph in the issue of yesterday, in reference to the drill shed at Belleville, shows that the Dominion Government have no interest whatever in the promotion of the efficiency of the active militia of the country. As in the matter of the Trent Valley Canal, an engineer opposed to the project was employed to make the surveys, and a policy of delay and humbug practised in order to disgust the public and the promoters of the work, so the government has a Minister of Militia who, by his treatment of the volunteers, shows himself hostile to them, and, by a policy of indifference and neglect of their ordinary wants, tends to breed discouragement and, ultimately, disbandment of the various local corps. We all know that by the neglect of the government the drill shed here has been unfit for use the whole winter, that valuable time has been lost and that the officers find the utmost difficulty in keeping up their companies to the requisite strength. In the past, whenever called upon, the volunteers have exhibited the promptest willingness to fight the battles of their country, and have bravely gone through campaigns, badly fed, badly clothed and badly equipped throughout, still doing their duty undauntedly; but it is rather a severe tax on their loyalty to ask them to fight a hostile government for means to fight those battles. The treatment the volunteers receive at the hands of the government tends to destroy all *esprit du corps*. The bravest soldier is the braver if he has confidence in the good drill and steadiness of his corps, if he is well equipped and armed with the best weapons. We know the local corps have no adequate facilities for drill, that their equipment is miserably deficient. The government ammunition is notoriously unreliable. The most skilful marksman, with his rifle, can't depend on killing his enemy though he fire with the aid of a tripod and a spirit level, if in the very moment of firing, the bad ammunition destroys the effectiveness of his aim and leaves him practically unarmed before a well armed enemy. Even the government organs are denouncing the indifference of the government. The Montreal *Star* says that "action is needed, if those who constitute the active militia are not to be provoked into quitting it in despair. So much time and money is contributed by officers and men to the country that the least the Militia Department can do is to see that proper appliances and reliable ammunition are provided for carrying on their work." This is a mild protest, but it will not probably do anything to remedy the evils complained of. The settled policy of the government is to discourage the volunteers and coddle the little standing army which, in case of war would be comparatively of as little use for the work required of it as the awkward squad. If the people's money to the extent of $1,300,000 is annually expended, something like value should be given or the expenditure discontinued. Of the above big sum only about one third is devoted to the volunteers the big balance is chiefly devoted to fuss and feathers, big salaries and other matters, not requisite to giving the country a volunteer militia ready for business.

Peterborough Cheese Market.

First Market of the Year—A Small Board and Corresponding Prices.

The first sale meeting of the Peterborough Cheese Board for 1888 was held in the old music hall Tuesday afternoon. There was a good attendance, the buyers present including Messrs. Warrington, Flavelle, Cook, Leary, Wrighton and Bird. Mr. J. K. McCargar, of Belleville, was also present.

The following cheese was boarded:—

Keene	92	Warminster	102
Lakefield	58	Westwood	85
Shearer	85	Norwood	75
North Smith	50	Melrose Abbey	26
Central Smith	59	South Dummer	56
Cherry Grove	50	Bobcaygeon	30
Warsaw	29		

Total, 717 boxes. Liverpool was quoted at 46 shillings.

Mr. Leary led the bidding, which was slow and spiritless, with an offer of 7½c. for the board, upon which Mr. Wrighton advanced to 7¾c.; Mr. Leary then bid 7¾c., but Mr. Cook's offer of 8c. was not advanced on and was accepted by all the factories.

MATTERS DISCUSSED.

There was some discussion on a motion to re-enstate on the board several factories who were last year suspended for violation of the rules in selling off the board without license. Explanations were made on all sides, and finally it was decided to re-admit the delinquent factories upon their promising to abide by the rules. This promise was given and the question settled.

The Belleville buyers asked to have the hours of the board meetings changed to better suit their convenience, as by the new time-table they were obliged to be up at five o'clock in the morning, spend all day in Peterborough and were then unable to reach home till one o'clock at night, in order to attend these board meetings. It was a great waste of time. After a little discussion it was decided to change the hour of meeting to 11:30 a.m., so that by the time the Victoria men arrived on the noon train everything would be in readiness to begin the sale, and the Belleville men could get away home on the 1.30 train.

Mr. McCargar, in response to an invitation, explained to the meeting the proposed scheme of employing district inspectors for cheese factories. He stated the result of the recent Dairymen's Association meeting at Campbellford, at which it was resolved to send out circulars soliciting the co-operation of all the factories in this district; and he was pleased that so many had signified their hearty approval of the scheme. Mr. McCargar dilated upon the usefulness of this system of inspectors, and explained the system of working. Factories making over 50,000 cheese a year were to pay $10 towards his salary, and those making under that amount $5 a year. He named the following factories in Peterborough section who had notified him of their willingness to enter into the scheme—Central, Lakefield, Pine Grove, Warsaw, Central Smith, North Smith, Warminster, Cherry Grove, South Dummer, Glenthorne, Norwood, Melrose Abbey and Westwood. The representative of Shearer added that factory to the list also. One of the inspectors, a Mr. Owens, was at present in this district somewhere, Mr. McCargar said. Mr. Warrington also spoke on the subject briefly.

The meeting adjourned for two weeks.

—The Belleville Water Works Company are, it is said, overwhelmed with orders for the introduction of their service.

—The military camp for districts numbers 3 and 4 opens at Gananoque June 19th. The cavalry and artillery must begin getting ready. The Rangers stay at home.

—Some scamps tampered with the stand pipe on the corner of Charlotte and Rubidge streets, causing a great waste of water. Maybe they wanted some water to mix with the whiskey they had evidently been drinking. This is a serious offence and punishable by fine and imprisonment.

—The change of grade in the streets is a serious matter to the Water Works Company. If the suggested lowering of Smithtown hill is carried out, some 400 feet of pipe will have to be relaid involving a cost of $700 or $800, and if Benson street is filled in to the depth proposed, the water pipes crossing the street will be buried a depth of thirteen feet.

She Couldn't Understand It.

"What in the world has happened to you since the last time I saw you?" asked one lady of another when they met on the street the other day; "I can't understand it. Then you were pale, haggard and low-spirited and I remember you said that you hardly cared whether you lived or died. To-day you look ever so much younger, and it is very evident from your beaming face that your low spirits have taken flight." "Yes, indeed," was the reply, "and shall I tell you what drove them away? It was Dr. Pierce's Favorite Prescription. I was a martyr to functional derangement until I began taking the 'Prescription.' Now I am as well as I ever was in my life. No woman who suffers as I did, ought to let an hour pass before procuring this wonderful remedy." o

REAL ESTATE.

Valuable Properties for Sale suitable for Building Sites, Residences, Market Gardens, &c.

We have been instructed to offer for sale the following valuable properties:—

1st.—**East Half of Lot No. 1** in 2nd Concession of the Township of Thorah, County of Ontario. 120 acres all cleared, soil good clay loam, house and barn on farm, which is situated about three and a half miles from Beaverton. Price $4,500.

2nd.—**The Erskine Homestead**, being the North Part of Block "U" Ashburnham, containing about 14 acres, and having a frontage of about 322 feet on Concession street, and 2340 on the Road leading to Norwood. This property has on it a large dwelling house, barns, stables, and outbuildings. It is well situated for putting on the market in Building Lots, and can be subdivided to advantage. The land immediately south of it has been sub-divided and Lots are selling rapidly and buildings being erected.

3rd.—**Block "E" Ashburnham**, containing about 28 acres having a frontage of about 500 feet on Concession street. It is within a short distance from town, and is well adapted for sub-division into Building Lots.

4th.—**Fifteen Acres of Land in Monaghan** on the Gravel Road, about 3 miles from town, with brick dwelling house 34x44, containing 10 rooms and usual outbuildings. There is a good orchard on the place, and the soil first-class, suitable for a market garden, or residence for a retired farmer.

5th.—**The residence of Mrs. F.W. Hamilton**, situated on Brock Street, Peterborough, on Court House hill, there is about ¾ of an acre of land, well stocked with fruit trees, &c., soil, first-class. The residence is large, with the usual outbuildings.

6th.—**Erin Cottage** being the West half of Park Lot No. 14 in Lot 13 in 13th Monaghan, now in the town limits, containing about 5 acres of land. There is a comfortable brick cottage with usual outbuildings on the land, which is now occupied by Mr. Elias Thompson.

Offers in writing for the purchase of any of the above properties will be received by the undersigned, and any further particulars may be obtained from them.

MONEY TO LOAN. We have a large amount of private funds for investment and are prepared to loan on good security at the lowest current rates and on easy terms.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to our Counters. We Want the Public to know just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Picnic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors.

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10.00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

DRUNKENNESS

Or the Liquor Habit. Positively Cured by Administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. A New Arithmetical Puzzle Explained.

The new puzzle demands that the numbers 12 and 15 be reduced to 8 without the ordinary process of subtraction. It seems impossible, but it can be done. This is the way. The golden lion has received two hundred pieces of choice, new pattern prints, worth from twelve to fifteen cents per yard. Mr. fair, by a stroke of his pen reduces these figures to eight, the price at which the new prints are sold. More beautiful patterns, better goods and lower prices were never before offered in Peterborough. See the display in the south window of the golden lion.

A Landlord Done.

A lady living on W—— street in leaving the house, owed the landlord $5 rent. He got the bailiff to seize her sewing machine, and hired a man to watch that machine all night. He kept him company till 12 o'clock, when, feeling sleepy, he retired. The other kept his lonely vigil till six in the morning. At seven the woman, who had not given up the key, opened the door and carried out the machine without being seen by the solitary watcher. When they found out how they had been done, they smiled a ghastly smile to think that one woman could be so much sharper than two men. A man has not only to sit up all night but rise early in the morning to get the start of a live woman.

The Band at the Park.

There was a very large attendance of citizens at Court House Park last night. They gave the band a bumper "house." The band in turn gave a splendid programme. One cannot help noticing the great improvement in their playing—it grows more rounded and finished—at every public appearance. A programme of entirely new selections was rendered in an admirable manner. Considering the crowd in the park the order was good. But Policemen McGinty and Stewart and gardener McLennan had all they could do to keep persons from climbing and destroying the terraces, and they performed their duty impartially. Band nights at the park will be very popular this season.

A New Musician.

Another good musician has come to town looking for work, and it is to be hoped he will be kept here, as his services would be of value to the band. His name is Somers, and he hails from Bowmanville, where he has been working in the organ factory at very small wages. He was a member of the Dominion Organ Co.'s band there. Somers is an old army musician, a clarionet player, and would be an acquisition to the band. He is willing to do almost any sort of work for fair wages. Bandmaster Millar is interesting himself in the matter and hopes to be able to keep him.

The market this morning was a large one. Potatoes were almost a drug, selling slowly at $1.25 to $1.50 per bag. Rhubarb, onions, lettuce, etc., in 5c. bunches, tomato and cabbage plants, etc., were plentiful. Butter sold at 20c.; eggs, 11 and 12c.

Settled at Last.

The Scott Act case against Mrs. O'Brien, of Indian River, which has been in court for two or three months, has at last been settled. P.M. Edmison on Monday fined the defendant $100 and costs. Mrs. O'Brien could not be found and never appeared at the many adjourned trials of her case. The fine will be levied on her goods if not paid.

A Just Complaint.

Bandmaster Millar merely voices the complaint of all lovers of music when he objects very properly and strongly to the rude conduct of boys during the playing of the band in the park. The noise not only distracts the performers but robs auditors of the pleasure of hearing the finest passages of the selection. Will the Chief of Police think of the matter?

Free to the Public.

An open meeting of the Royal Templars was held in their hall Tuesday night. There was a good audience present. The programme rendered comprised a song by the Y.M.C.A. quartette, a vocal duet by the Misses Knight, recitations by Miss Sanders and Miss L. Sanderson, a reading by Rev. W. C. Bradshaw, solos by Miss Lillie Bell and Mrs. Moore, and a closing address on the objects of the Royal Templars by the chairman, Rev. S. J. Thompson.

Returned to London.

The Italian girl Maria Virginella was this morning taken back to London by an officer who arrived in town last night. It seems that the girl was employed as a domestic servant in London, and after stealing the $50 decamped, leaving no trace behind her. The police were completely baffled till a short while ago, when she was located in Peterborough. She was found on Elm street, where she was living as housekeeper for half a dozen Italian navvies. She carried a little baby only a few weeks old in her arms.

Railway Notes.

By the new arrangement of freight districts on the G.T.R., taking effect June 1st, Mr. A. White, district general freight agent, Montreal and Toronto, has charge of the central and Midland districts, and also of the line north of Orillia to Callander. Mr. John Earls, district general freight agent, Toronto, has charge of the Northern and Northwestern lines to Orillia, Penetanguishene and Meaford, and of all territory west of these lines and north of the Sarnia branch, Great Western Division, main line and Toronto branch.

Under the new time-table of the Midland, there are some changes in the hour of making up the mail at the post office here. The Grand Junction mail now arrives at 8.20 a.m. and closes at 1 p.m. The Lakefield mails arrive at 11 a.m. and 8.20 p.m., and close here at 7.45 a.m. and 5.45 p.m.

The Lindsay *Post* ventures some objections to the new time-table of the Midland. It regrets that a double train service was not inaugurated on the Jobconk section as well as on the Victoria division. It says further:—"A feature of the new time-table is that the 5.45 a.m. train from Belleville connects at Peterborough with the 8.15 train for Toronto, giving a new route via Lindsay for people in the country this side of Belleville on the old Grand Junction line. If connection could be made in the evening by the express at Peterborough, the accommodation would be complete, but there is no train from Peterborough to Belleville later than 1.30 p.m.

I Have Got Mine.

"Emma, did you get your ticket?" "What ticket, Annie?" "Why for the Canton excursion to Toronto, on Tuesday, June 12th, over the C.P.R." "Why I guess I did; I was told they are being disposed of at a rapid rate. And no wonder, for the band is going; think of that and then see the beautiful road we travel over—such fast time they make on the C.P.R.; and you have the privilege of going on the 5:10a.m. and getting into Toronto in time for an early breakfast, and of having the whole day, or two days, to stay in the Queen City; and you can come home on any train you wish. Look at this also—the fast special leaves at 7 a.m.—such a jolly time we both will have. And the Canton have arranged with the Cyclorama managers for its excursionists to see the Battle of Sedan at a reduced rate by presenting their railway tickets at the office. I hear so many are talking of going by this grand union excursion. The I.O.O.F. and C.E.T.S. will have, I believe, the excursion of the season." Tickets good for two days. Adults, $2; children under twelve years, $1. By the fastest line in America. Tickets may be had from members of the Canton or stores of W. A. Sanderson, J. D. Tully, G. A. Schofield & Co., Sailsbury Bros. and J. Long. 3d12

Church Recognition.

A New Baptist Church Organized at Norwood.

On Tuesday a large gathering of ministers and laymen of the Baptist church met at the new Baptist chapel, Norwood, to organize, according to the usages of the denomination, a church in Norwood and Dummer. The following ministers reported themselves:

PETERBOROUGH—Rev. P. C. Parker, with three laymen.

SMITH—Rev. J. B. Huff, with one layman.

LINDSAY—Rev. W. K. Anderson.

CAMPBELLFORD—Rev. H. Shaw, with one layman.

CRAMAHE—Rev. T. C. Souter, with one layman.

COLBORNE—Rev. J. Reddick, with one layman.

STIRLING—Rev. I. Robinson, with one layman.

HALDIMAND—Rev. T. J. Dowling, with one layman.

WARSAW—Rev. W. Peer, with two laymen.

The churches of Sidney, Fenella, Brighton, Belleville, Port Hope and Lakefield were also invited to the council.

The clerks of Norwood and Dummer congregations then gave a history of the work which had been done among them. Norwood had 25 communicants and a congregation of about 200 every Lord's Day, with a flourishing Sunday school. A good church building had also been erected, costing $1640 which was nearly paid for.

Dummer had 17 communicants, average congregation of about 80, and a Sunday school of 70.

These people had been gathered through the work of Rev. W. Peer and Mr. Orton, a student, during the last two years.

After a thorough investigation by the council present, and statement of the religious belief and practice of the two congregations, it was, upon the motion of the Rev. P. Clifton Parker, Peterborough, seconded by Rev. T. J. Dowling, Haldimand, resolved to fellowship the two congregations and proceed to recognize them as distinct Baptist churches. The following order of services was then proceeded with:—Sermon on "A New Testament Church," by the Rev. J. Reddick; "Right Hand of Fellowship," by the Rev. W. K. Anderson; "Recognition Prayer," by the Rev. W. Robinson; "Charge to the Church," by the Rev. T. J. Dowling; "Charge to the Deacons and Officers," by the Rev. P. Clifton Parker; "Charge to the Congregations," by the Rev. J. B. Huff; Benediction by the Rev. W. Peer.

The moderator of the Assembly was Rev. W. K. Anderson. The clerk was Rev. T. J. Dowling.

The Rev. Wm. Peer has done a noble work on these fields, and is much esteemed by not only the Baptist community, but by the whole town, and the churches have, we hope, a bright future before them.

Dogs and Dog Tags.

To the Editor of the Examiner:—

DEAR SIR,—According to the reminder in the EXAMINER of May 29th, all of the many untagged dogs are doomed to die unless their delinquent owners provide the necessary tags for them. Now, that dogs should wear tags no objection can be raised, but that such tags should become every year useless, to be replaced with new ones, it must appear to almost any person, that this is so much of the taxpayers' money thrown away. There should, no doubt, be some tags from last year on hand yet, as no doubt there were others like myself who paid $3 dog tax without claiming the ornaments. I have wondered that none of the councillors have come to think of a more practical way of dealing with the dog tags, as no dog will take offence in wearing the same tag every year and save the annoyance of a change every year. Should a dog die or be killed all it would require would be to return the tag as a proof that the animal had passed out of existence.

Otonabee.

(From Our Society Correspondent.)

THE ANNUAL PICNIC.

The annual picnic of Otonabee was held with remarkable success at Graham's Grove, near Elm Grove Stock Farm, on Tuesday. In addition to the residents of the township, who may be called the hosts, there were large numbers of guests from Asphodel, Douro, Monaghan and Peterborough, the whole making a concourse of about 800 happy persons. Those from town went out in busses, besides those who drove out in private conveyances. The amusements were various, but dancing was most persistently patronized. From about two o'clock in the afternoon till ten o'clock when our "Jeames" left the scene, the hugh platform erected for the purpose, was kept hot with the rythmic beat of the dancers' steps. A local orchestra supplied the music, and the figures were 'called' with such energy that another dancing platform half a mile away could have profited by his directions also. When darkness began to settle lanterns were hung in the trees. On went the dance and "joy was unconfined" till ten o'clock at least. There were besides the dancing sports and games, foot-racing, swinging, and almost every imaginable form of enjoyment—and such eating—the guests cannot say too much of the splendid warmth of Otonabee's hospitality, and everything was as free as the balmy zephyrs of May. The pic-nic was a delightful success, and the most of the credit of that success is due to Mr. Robert Hallihan and the energetic committee, of which he was chairman. A thrilling tug-of-war contest took place between a town team captained by Mr. P. D. Doran and a county team captained by Mr. Wm. Buck. The town team say that in the very moment of the victory they were cheated out of their triumph by a sort of "Hay fork swindle."

Personal.

Mrs. Jno. Fraser and family have gone to spend the summer at East Saginaw, Mich.

Mr. Arch. Freeman, of Norwood, leaves for British Columbia in a few days.

Mr. J. H. Burnham leaves for Sault Ste. Marie next Thursday evening.

Mrs. Herbert Charman and family leave town to-morrow to join the husband and father in British Columbia.

Mr. Bandmaster Millar now devotes his whole time to the Fire Brigade band and orchestra.

Col. J. Z. Rogers left for Cobourg to-day to represent the 57th Batt. at the banquet in honor of Lieut.-Col. Villiers to-night.

The Manitoba *Free Press*, the leading Liberal journal of that province, advocates Mr. H.H. Smith, Dominion Lands Commissioner, as Minister of the Interior.

Local Sports and Pastimes.

Willow and Wicket.

A "scratch" match was played on the cricket grounds Tuesday afternoon. Dr. Burnham and Harry Day took sides, the eleven chosen by the former winning. The principal scores were:—M. Hamilton, 31; J. H. Burnham, 26; R. B. Rogers, 13; W.J. Moore and W. H. Wrighton, 5 each; H. Day, 31 (not out); S. Ray, 19; W. J. Green and K. Kincaid, 5 each. The bowling of Day was particularly destructive, five wickets falling in one of his overs—four clean bowled and another caught out.

A number of changes have been made in the list of dates of the cricket club. The Lindsay team has written that it will be unable to play here on Saturday, and the match has been fixed for the 16th; the return match to be played at Lindsay on 23rd. Belleville club will play here on the 19th, and Peterborough will return the favor at the Bay City on July 10th. East Toronto plays here on June 12th, and Peterborough with East Toronto at Toronto Sept. 13th. A couple of dates with Rochester are expected to be made to-night.

Lacrosse.

The Y.M.C.A. lacrosse club will meet in the Association Hall to-morrow (Thursday) evening at 8 o'clock. Members are requested to attend.

A practice match between the Riversides and Y.M.C.A. lacrosse clubs is in prospect some evening this week or next.

The old Peterboroughs had their first practice at the Riverside park Tuesday night, and in consequence there are a great many sore bones and bruises to-day. They are bound to stick to it, however, and will practice regularly every night.

It is likely the match with Barrie on the 6th will be played on the P.A.A.A. grounds—the hen-coop, as it is called by lacrosse men—instead of Riverside Park.

The members of the Port Hope Y.M.C.A. lacrosse club are anxious to show off their physiques in handsome uniforms, and wish to select a costume as widely different from those of Peterborough and Lindsay Y.M.C.A. clubs as possible. In the match with the latter on the 24th, mistakes occurred on account of a similarity in some of the uniforms, and they wish to avoid it in future. Peterborough club, it might be stated, wear a black and red striped guernsey, with blue knickerbockers and cap. The members practice pretty regularly early in the morning, and are getting into trim for matches with Port Hope and Lindsay.

Baseball.

Secretary Clarke's proposition to the Lindsay and Port Hope baseball clubs was to arrange a series of five matches in each place; for instance, Port Hope and Lindsay each to play two matches in Peterborough during the summer, the club to play in the fifth match to be decided by a toss-up. This plan could be followed out in the other cases as well. Replies are expected from both places in a few days. Cobourg has not yet been written to, but if the other towns co-operate Sleepy Hollow will be included if it wishes.

Belleville baseball club has written for a match here on July 1st. This will be granted, or the local club will arrange to play at Belleville on Dominion Day, when an excursion will be run down from Peterborough.

Turf Topics.

Doc. Stephenson has sold the handsome mare he recently purchased from Arch. Moffat to Mr. A. L. Davis.

It is said Messrs. A. P. Morgan, W. Clancy and F. J. Daly are arranging a match between their respective horses. They were not satisfied with the result of the races on the 24th, and propose forming a pool among themselves to settle the question.

The Wheel.

There was once again no club run last night. The members of the club should turn out better in future.

A couple of our local wheelmen are in training for the races at the Belleville C.W.A. meet. All intend taking in the excursion. Peterborough expects to send down a contingent of about fifteen wheelmen on Dominion Day.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop, George street. Prices are out so low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

PETERBOROUGH citizens for some time past have had a Kidd in boots—now they have a Kidd in The Pantry, who is reaching out with irresistible energy for the grocery trade of the town and surrounding country. Give him a call.

1,000 Boys Wanted.

During the present week J. J. Sheehy wants 1,000 boys—to buy sailor hats at 10 cents each. dw

The thanks of the EXAMINER are due to Mr. Thomas Bradburn for copies of San Francisco, Cal., papers. Their many friends in town will be pleased to learn that Mr. and Mrs. Bradburn are enjoying their visit to the Pacific coast, that Mrs. Bradburn is improving in health and that they will return home about the middle of June.

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER Co., 106 Wall St., N.Y. 1yd31w32

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf-Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "85" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday: "I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

SUN

LIFE ASSURANCE COMP'Y OF CANADA

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,973,777.69, on 6741 lives. We have moreover $3,207,600 00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $405,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,000 for every working day in the year, and even this be believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gains in income.	Gains in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,911 21	$109,492 69	$1,149,743 00
1876 to 1880, four years	38,550 67	196,126 29	1,167,366 14
1880 to 1884, four years	130,978 84	362,264 31	2,962,934 90
1884 to 1887, three years	217,431 99	473,807 24	4,029,373 65
Total in 1887	$443,831 54	$1,130,694 48	$10,573,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

NOTES FROM THE CAPITAL.

THE LT.-GOVERNORSHIPS OF NOVA SCOTIA, MANITOBA AND THE N. W.

Mr. McLelan Not Likely to Remain Much Longer in the Cabinet—Mr. Kirkpatrick to be Made a Minister.

OTTAWA, May 31.—Senator Schultz will leave for Winnipeg on Monday. Neither he nor Mr. Royal will enter into their Lieutenant-Governorships until after the Manitoba general elections and probably not until the beginning of the new fiscal year. It is most likely that the new Minister of the Interior will be sworn in about the same time.

T. E. McLelan, son and private secretary of the Postmaster-General, left for England yesterday.

Hon. Mr. McLelan is in Nova Scotia, where he will probably remain until sworn in as Lieutenant-Governor, which may not be immediately, but it is pretty generally admitted that he will not remain long in the Cabinet.

Hon. G. A. Kirkpatrick is regarded as the coming Postmaster-General, unless Hon. Mr. Chapleau prefers that portfolio, in which case the member for Frontenac will take the Secretaryship of State.

The next meeting of the Railway Committee of the Privy Council will be held on June 5, when the application of the Ontario and Quebec Railway with reference to the construction of a branch line to form a connection with Dixon Mills at Peterboro will be considered.

The Department of Agriculture has informed the Commissioner of Customs that the Department had decided that cars laden with meat cattle at Sherbrooke, or anywhere in the County of Stanstead, sealed and locked, may be taken through to the State of Vermont as far as Newport and brought again into Canada to Sutton Junction without being subjected to the usual quarantine, provided the seal attached to the cars be found intact on arrival of the car in Sutton.

A lot of watch cases found in a package of other goods at Montreal have been forfeited, no mention being made of them in the invoice or entry papers.

Examination for the admission of twenty-four cadets to the Royal Military College at Kingston takes place on June 12. The number of candidates is unusually large.

An order-in-council has been passed ratifying the arrangement come to during the session between Parliament and the Canadian Pacific Railway with respect to the monopoly question.

It is understood that the Militia Department is considering the propriety of making arrangements for the carrying out of target practice on one uniform plan by the permanent corps.

Sir John's office at Earnscliffe is to be pulled down and rebuilt, the foundation having worn out. Sir John will occupy an office uptown during the rebuilding.

Mr. Davin, M.P., goes to Montreal on Saturday to hurry up the Canadian Pacific Railway authorities about the new station at Regina, promised over a year ago and not yet commenced.

THE FRANCO-HUNGARIAN INCIDENT.

A Feeling of Indignation Caused in Paris by the Speech of Herr Tisza.

PARIS, May 31.—In the Chamber of Deputies M. Reach asked M. Goblet, Minister of Foreign Affairs, if he could reply to a question regarding Herr Tisza's recent speech in the Hungarian Diet. M. Goblet requested that the question be postponed until he had received necessary information on the subject.

The Temps, commenting on Herr Tisza's speech, says: Seldom has one state been heard to speak of another with such license. The action of Hungary in permitting herself to use such language regarding vanquished France authorizes us to ask at what period and on what occasion her subjects have suffered from the violence or hostility, or even the distrust, of the French people. Our politicians, historians and poets have treated the Hungarians as allies, friends and brothers. When we preached the independence of nations and the liberties of men, it was Hungary, Poland and Italy was thought about. We have suffered with Hungary's misfortunes, we have deplored her miseries, we have rejoiced over her revival. Yet now it is Hungary that guarantees Germany the possession of Alsace-Lorraine. Herr Tisza convokes the Hungarian Delegation and asks for money, declaring after the example of Bismarck that France is guilty of every misdeed. Since this procedure has become part of international manners, and parliaments are found to permit it, we must be content to laugh at it, especially as the language of Herr Tisza is less insulting to France than to the memory of Hungary's patriots and liberators.

MONTREAL, May 31.—The annual public meeting for the conferring of diplomas on teachers in training at McGill Normal School was held last evening. Four first-class academy diplomas, seven second-class, thirty model school and forty-six elementary school diplomas were granted.

WINNIPEG GRAINMEN GAIN $700,000 BY THE RISE IN WHEAT.

Destitution Among the Indians of Cumberland District—Sound Advice to Canadians—Imposing on Immigrants.

WINNIPEG, May 31.—The Indians in the Cumberland district, north of here, experienced great destitution during the past winter owing to unusually severe weather and prevailing illness of a malignant type. Measles broke out and spread, and through sickness many were prevented from laying in a winter's stock of fish and game. The Indians, not having taken the treaty, are not under the supervision of the Government agents, and were relieved by Hudson Bay officials.

The assistant ferryman at Kildonan is charged with pushing a school boy named McIvor off the ferry and trying to drown him.

Winnipeg grain dealers are said to have cleared $700,000 by the recent rise in wheat.

The Winnipeg and Southeastern Railway expect to build thirty or forty miles of road this year and to connect next year with the Duluth roads.

Ex-Winnipeggers in Duluth and Seattle write advising Manitobans to remain in Canada. The labor markets are overcrowded in the States and wages are low.

Owing to distasteful regulations imposed by the Government the benchers of the Law Society have decided to provide stationery for judges.

Several cases of imposition on immigrants have been discovered and the extortioners compelled to disgorge.

At the next convocation of Manitoba University ad eundem degrees will be conferred on twenty-five graduates of eastern universities.

Mr. Smith, who was elected as a Conservative at the last election for Springeld, was defeated yesterday at the Reform convention by Reeve Conklin.

THE CASE OF DR. LAVALLEE.

Preliminary Investigation—The Inquest into the Cause of the Gas Explosion.

MONTREAL, May 31.—After three hours' deliberation yesterday the jury in the case of Mrs. Walsh against the Grand Trunk Railway for $10,000 damages for the death of her husband at the Blue Bonnets railway accident last fall failed to agree and were discharged.

In the preliminary investigation into the charge of forgery against Legislative Councillor Dr. Lavallee Joseph Manseau was examined yesterday. His name appears at the head of the pay roll which it is alleged contained forged signatures, and he is designated as foreman of the men whom accused claimed to have engaged on roads and paid. Manseau left the country after signing the pay roll, on request of accused, and lived for eleven months in Nashua, N.H. He does not remember ever having been foreman for Dr. Lavallee nor of having ever received money as wages from him; nor is he aware that the men whose names appear on the pay roll worked on the roads in question. On cross-examination he said that he expected to be arrested on arriving at Montreal. He came here on the advice of a legal relative of his who thought it would be better for him to make a clean breast of the matter.

At the inquest into the cause of the recent catastrophe at the gas works evidence was given that the second engineer, who was killed, was seen half way into the manhole with a lighted lamp in his hand. This was against orders. The inquest was further adjourned until to-morrow afternoon.

A. Forget, whose wife was killed during the carnival of 1887 while witnessing the storming of the ice palace by the sudden explosion of a bomb, has been awarded $1000 damages against the city by Mr. Justice Loranger.

Hon. Senator Ferrier died at 6.30 last night at the advanced age of 88 years. He was born in Perthshire, Scotland.

FIRES YESTERDAY.

Mr. McMaster's Residence and a Church Burned to the Ground.

WESTON, May 31.—The explosion of a lamp about 2 o'clock yesterday morning set fire to the residence of Mr. McMaster, and it was burned to the ground. St. Philip's church was fired by the burning dwelling and completely destroyed. The church was a large old-fashioned frame dwelling standing in the eastern part of the village. It was built about 1820, and has an interesting history. The rectory has been vacant for some time, the last incumbent having been Rev. Mr. Brick, who removed to the Northwest. The rectory building was close to the church, and its escape from destruction was rather remarkable. The church building was valued at about $2500 and insured for $1160. Mr. McMaster's loss is about $1500.

WELLAND, June 1,—Fire broke out in the house of Frank Kennedy of Gainsboro yesterday afternoon, and the building and its contents were entirely destroyed. It is supposed a defective chimney caused the fire. Loss about $1000; partially insured.

The Anglican Synod.

HAMILTON, May 31.—The Synod of Niagara met again yesterday, when the standing committees were appointed and delegates to the Provincial Synod elected. A resolution for the appointment of a Sunday school committee as well as one directing the adoption of the scheme of Sunday school lessons put forth by the Toronto diocese was carried. A long discussion followed on a motion to repeal the claim of the constitution requiring any clergyman elected to be a bishop to resign any preferment or benefit held by him at the time of such election.

A Brutal Assault.

MONTREAL, May 31.—On Monday evening Mrs. Black, while walking past what is known as the Haunted House, on the canal bank, was attacked by several men, dragged into a neighboring barn and criminally assaulted. A young man who saw the commencement of the affair from a distance gave the alarm. A number of policemen at once proceeded to the scene, but the roughs escaped. A man was subsequently arrested on suspicion of being one of the gang. The police authorities are reticent over the affair, probably wishing to make other arrests before making the details public.

No Dividend This Year.

LONDON, May 31.—The news that the Hudson Bay Company had not paid a dividend this year was a great surprise to the market. While the low prices realized at the fur sales led to the belief that a smaller dividend than usual would be paid, it was confidently hoped that the prosperity in the Northwest had benefited the general trade of the company to such an extent as would enable some payment to the shareholders. The shares have gone lower since the news was made public. It is probable that the matter will be discussed vigorously at the forthcoming meeting.

II. Resolved,—That ROWSE'S 50c. Pure Silk Mervellieux are Better than other houses sell at 85c. yard.
III. Resolved,—That ROWSE'S CASHMERES in Sky blue, Blush Pink, Esterhazy, Cream, Peacock, Grey and Dove Shades, which they are selling at 60c. are worth 85c. yard.
IV. Resolved,—That the Most Reliable House for Silks, Satins, Plushes, Dress Goods, Corsets, Hosiery and Gloves, is ROWSE'S.

The Thousands of Close Cash Buyers of Peterborough decide in favor of the affirmative. We study to please, and a pleased Customer will call again.

COUNCIL MEETING.

A special meeting of the village council was held in the clerk's office on the 22nd inst. Present, W. H. Cresement, reeve, in the chair; Councillors Nelson, Hull, Henderson and Moore.

A communication from Mrs. Tanner in regard to the early closing by-law, and one from the medical health officer in regard to certain village drains, were on motion received.

Moved by Mr. Hull, seconded by Mr. Moore, that the communication of the medical health officer be refered to the road and sidewalk committee and that they take action at once.—Carried.

Moved by Mr. Hull, seconded by Mr. Nelson, that this council memorialize the Ontario government praying for the dedication of Water street, in front of lots 17 and 18 in the 8th concession of Douro, as shown by a plan of Messrs. Keney and Ludgate, and that the Reeve and J. K. Stratton, M.P.P., be a deputation to lay the matter before the Commissioner of Crown Lands, to urge the dedication of the said street to this corporation.—Carried.

Adjournment to Wednesday evening.

Council met Wednesday evening, the Reeve, and Councillors Henderson, Moore and Nelson present.

Moved by Mr. Nelson, seconded by Mr. Henderson, that the Reeve and Clerk be authorized to sign the memorial to the Hon. the Commissioner of Crown Lands requesting the transfer of the Reserve along the river banks in the village of Lakefield to the corporation of said village, and that the seal of the corporation be affixed thereto.—Carried.

Moved by Mr. Henderson seconded by Mr. Moore, that Rule of Order No. 53 be suspended at this meeting.—Carried.

A by-law to repeal By-law No. 138 and to enforce the Ontario early closing Act of 1888, received its several readings, was passed, sealed and signed by the Reeve and the Clerk.

Council adjourned.

QUEEN'S BIRTHDAY

passed off very quietly in the village. Quite a number took a trip up to Buckhorn on the steamers Cruiser and Dawn, and re- delighted with the new route [illegible] turned to town to see the games [illegible] bers went team of the Lakefield [illegible] and races, while a Warsaw to [illegible] Rifle Club drove up to Club [illegible] shoot a match with the Dummer [illegible], and were defeated by two points, the score standing—Lakefield, 73; Dummer, 75. After the match the clubs sat down to a splendid dinner at the Morgan House, presided over by Mr. Jacob White, of Dummer, under whose fatherly care a couple of pleasant hours were spent, and all seemed to regret when the hour came for the Lakefield members to make a start for home, which they did amidst the hearty cheering of all present.

ASSESSMENT ROLL.

Not a single appeal has been received against the assessment of the village this year, which looks as if Mr. Abel Hendren, the new assessor, had performed his work to the satisfaction of the ratepayers.

FISHERY LAW.

A circular has been received by the local fishery inspector, from the Department in Toronto, informing him that the fee for permits to persons residing outside the province has been reduced to one dollar for the season in place of five, as last year. So our American friends will have no reason to complain.

ALREADY.

The good effect of Constable McIlmoyle's appointment has been shown by the orderly condition of our streets for the last few evenings, and he is determined they shall remain so.

A DELAYED UNION.

Quite a number from Lakefield went up to the Point on Monday afternoon to see Mr. Young's new boat launched, and found a large crowd from town and the surrounding country assembled with the same object in view. A well known Peterborough lady occupied the post of honor in the bow to perform the traditional christening with a bottle of wine, but to the disappointment of all, when all was ready the boat refused to budge, the ways proving too level, so that the boat could not get way to take the desired plunge. Various plans were resorted to in order to move her, but when your correspondent left at 6 p m. she was still in her old quarters, and it is to be hoped Mr. Young has been more successful ere this, and the "Mary Ellen" has taken her place in that which is to be the scene of her future triumphs and conquests.

NEARING HOME.

Two blocks of Messrs. R. & G. Strickland's logs, numbering nearly one hundred thousand pieces, have arrived at Young's Point and are now passing over into the lower lake, so that they will be here and the mill started up in a few days. Messrs. Strickland have still two large blocks on the way down, one in Deer Bay and the other in Eel's Creek, which will arrive later on and will keep the mill going until late in the fall.

DROWNED.

Last Thursday the body of a young man called Samuel Gilgor, whose home was at Bobcaygeon, was brought down to the village from near Apsley, where he had been drowned the day previous in the "long marsh" on Eels Creek. He was on Mr. Ritchie's drive, and, when the men went to dinner, did not come in. On their return to work his hat was noticed floating among the logs, and a short search with pikepoles brought the body to the surface. A coffin was procured in the village and the body was taken to Bobcaygeon the same afternoon.

"DINNA FORGET."

The early closing act goes into force in our village on Friday evening, on and after which date all shops will close at 7.30 p.m., except on Saturday and the evening before any public holiday. So that our citizens and friends from the country will have to make their purchases before that hour or wait until next day, as no back door business will be allowed, or a visit to the grist mill will follow, with its unpleasant consequences.

AT IT AGAIN.

Our local stamp machine agent has again been on the warpath along the line of the Grand Junction. He had better close the bargain or so many trips will destroy the profits, especially if Peterborough bank drafts continue to fall due, and public holiday are a bad time to sell machines, as no one but the lady members of the house are home when he calls.

TO TORONTO

Our reeve, W. H. Casement, Esq., and J. R. Stratton, Esq., M.P.P., leave for Toronto to-morrow (Thursday) to interview the Hon. the Commissioner of Crown Lands in regard to the transfer to the village of the Reserve on Water street.

Smith.

Obituary.

The death of Jane Switzer, wife of the late Ed. Fitzgerald, which took place on Wednesday afternoon, May 23rd, 1888, removes one of the earliest and most respected settlers of the township of Smith, she having resided there for nearly 60 years. She was born in the County of Limerick, Ireland, on the 17th of December, 1809, came to Canada in the year 1825, and lived in the township of Emily, Victoria County, until married in the year 1831, when she settled in the township of Smith, where she resided till death removed her on Wednesday, May 23rd, 1888, in her 78th year. She lived a consistent Christian life from her youth, none of her family remembering the date of her conversion. She was a strict adherent of the Methodist Church from their earliest recollection. Her greatest desire was to instil Christian principles into her family, her example as a mother being worthy of imitation. She had the responsibility of filling that office to three families; her own mother dying at the early age of 34 years, and she being the eldest, the care of her brothers and sisters devolved upon her. Then her own family of ten children, and her son's, Edward's, family of four, all of whom, but one, lived to call her blessed, and who feel the separation keenly and will ever remember her kind ministrations with tenderness.

How to Reduce Your Expenses.

You can do it easily, and will not have to deprive yourself of a single comfort; on the contrary you will enjoy life more than ever How can you accomplish this result. Easily; cut down your doctor's bills. When you lose your appetite, and become bilious and constipated, and therefore low-spirited, don't run off to the family physician for a prescription, or, on the other hand wait until you are sick abed before doing anything at all; but just go to the druggist's and for twenty-five cents get a supply of Dr. Pierce's Pleasant Purgative Pellets. Take them as directed, and our word for it, your unpleasant symptoms will disappear as if by magic, you will have no big doctor's bills to pay, and everybody interested (except the doctor) will feel happy. b

THE WONDERS OF MAGIC.

When you find that beauty is falling away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."

The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair,
Try "Dorenwend's Magic"
It imparts strength and beauty,
And it's the lady's plain duty—
So I tell you
Try "Dorenwend's Magic."

Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. For sale by J. D. Tully and all druggists. dw

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior quality which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

Ayrshire Wins the Derby—Baseball Championship Games Yesterday.

LONDON, May 31.—Immense crowds of people left the city yesterday morning for Epsom Downs to witness the race for the Derby Stakes. Four-in-hands were seen in great numbers. The Prince and Princess of Wales and many other persons of distinction were present. The day opened with alternate sunshine and showers, though in the afternoon it was bright and clear. There were nine starters, of which Ayrshire was the favorite and winner. The crowd and the betting was just as great as they have been in recent years. The course was in excellent condition.

Teemer Defeats Gaudaur.

HAMILTON, May 31.—At a meeting of the board of directors of the South Ontario Pacific Railway Company at the Board of Trade rooms, it was decided to begin the construction of the road at once, and the engineer, Mr. Jennings, will be instructed to secure the necessary right of way. It is likely that operations will be commenced at some point between Hamilton and Toronto.

Mischievous boys yesterday set fire to an old barn belonging to T. H. Pratt. The loss was slight.

A young man who belongs to one of the most respectable families in the city and the comely wife of a John-street saloonkeeper disappeared about ten days ago and were seen together in Chicago last week. On Monday the husband of the female absentee also left town, and it is supposed that he has gone gunning after the pair.

The inquest on the body of William Sharp was concluded last night, when the jury returned a verdict that deceased was suffering from mental aberration when he was last seen alive, but they were unable to say how he was drowned.

At the Police Court yesterday two young girls named Maggie Malloy and Mary Attwood were each sentenced to twenty months in the Mercer Reformatory on a charge on vagrancy. Two other 16-year-old girls of the same charge were remanded until Saturday.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

THURSDAY, MAY 31, 1888.

The Weather.

Light to moderate winds; generally fair, with local showers; not much change in temperature.

A Vice Regal Visit.

Lord Stanley, of Preston, the new governor-general of Canada, will soon arrive, and his first step will be to make a tour of the country, and he will visit Peterborough. Being royal by proxy, a carpet will be laid from the railway coach to the carriage, and there is no place in town like the golden lion to select beautiful carpets. There is an immense stock of the most beautiful, modern, and stylish patterns, including stair carpets, rugs, floor oilcloths, etc.

Peterborough Presbytery.

A meeting of the Peterborough Presbytery was held, says the Port Hope *Times*, in Mill street church Tuesday afternoon. Those present were:—Revs. Dr. Jamieson, Garden Hill; Cook, Baltimore; McCabe, Cobourg; Bennett, Peterborough; and Cleland, Mitchell and McWilliams, Port Hope; Elders Russell, of Cobourg, and Mitchell, of Port Hope. The only business was the translating of Rev. Mr. Cook from Baltimore to Smith's Falls, from which place he had received a call. This done, the meeting adjourned.

Military Moms.

The officers of the battalion are highly indignant over the drill shed fiasco. "Anything new?" asked a reporter of an officer to-day. "Yes, you can just say that at the officers' meeting Tuesday night Sir Adolphe Caron (Minister of Militia) was damned from one end of the shed to the other." Another member of the deputation to Ottawa is reported to have said: "Caron is the biggest liar unhung." Strong language, this, but it is none too expressive for the state of their feelings.

The Hospital Building.

Work on the new hospital building is progressing of necessity rather slowly, as no brick can be got from the yards for the building. The contractor, Mr. A. Rutherford, has a large staff of men engaged on the stonework, which will soon be completed. There seems to bee a scarcity of brick at the yards in the vicinity of Peterborough. Though the yards are worked to their full capacity, the demand exceeds the supply.

Your Character Mathematically Expressed.

Put down in figures the year in which you were born, to this add 4; then add your age at your next birthday, provided it comes before January 1, otherwise your age at last birthday; multiply result by 1,000; from this deduct 677,423; substitute for the figures corresponding letters of the alphabet, as A for 1, B for 2, C for 3. D for 4, etc. The result will give the name by which you need not be known. Work this out and you will see if it does not exactly decribe the character of the man who refuses to do justice to himself and his income by going to the store of gough bros., the wonderful cheap men, for a share in the wonderful and astounding bargains now being given in ready made clothing. It can't be otherwise. Work it out with slate and pencil—this problem—Take a prime wholesale stock of ready made clothing, as good as the trade affords. The house suspends payment, and the auctioneer sells the goods. The great original a. d. gough is on hand and snaps up the lot with the cold cash at fifty-two and a half cents on the dollar. How much are these goods sold for at the moderate profit gough bros., the wonderful cheap men, are satisfied with. Simply this: Boys' suits at from 53 cents to $2.50, youths' suits in proportion and men's suits at from $5 to $10.

The Division Court.

From the official returns of Division Courts of the province, the following statistics of the Peterborough Court are taken:—Number of Suits entered, exclusive of Transcripts of Judgments and Judgment Summonses, 505; Amount of Claims entered, exclusive of Transcripts of Judgments and Judgment Summonses, $18,888.51; Total amount of Suitors' money paid into Court, $5,324.40.

The Dangerous Bike.

Mr. Will Fobert, of Bridgenorth, attends the Peterborough Collegiate Institute, and every morning rides down from the village on his bicycle. The other evening in returning home from school he was thrown while running down Finlay's hill, a rather steep and rough incline. He was badly cut about the head and face and his hand was also badly injured. He will be "laid up for repairs" for a week or so.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop George street. Prices are cut so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

"Decoration Day."

The years that have elapsed since the close of the civil war have served to obliterate all sectional feeling, and a united and prosperous nation joins in keeping green the graves of all its beloved dead. It is in this spirit that the publisher of the New York *Family Story Paper* has had written a thrilling and pathetic romance, peculiarly appropriate to this national holiday, entitled "Faithful Leonore; or, His Grave Kept Green." In the same paper will also be found a weekly instalment of the "Life and Adventures as a Showman of P. T. Barnum," written by himself, and equally interesting to the young folks as well as heads of families. These are rare literary treats, and those of our readers who are not already enjoying them will do well to obtain No. 766 of the New York *Family Story Paper* of their newsdealer or send direct to the publisher, Munro's Publishing House, Nos. 24 and 26 Vandewater street, New York, and receive the paper four months for *one dollar*, postage free.

Date, June 12th.

Posters are out: read them—all about the union excursion to Toronto on Tuesday, June 12th—Canton No. 10 and St. Luke's C.E.T.S. Tickets are being sold rapidly to the people of Peterborough and neighborhood, our Ashburnham friends keep coming for more tickets, and everything looks promising for a grand time. The band boys are getting ready their best selections for the trip and they will make all hearts rejoice with their fine music, so everyone come—splendid coaches and no delay; can stay in Toronto till 9 p.m. By leaving on regular train, 5.10 a.m., you can arrive in the city by 8 a.m., in time for breakfast. So just think of the time it gives you in Toronto by this excursion, and your verdict will be that it is good. Bring along your children; boys, bring along your young ladies; you husbands, bring along your wives—uncles, aunts all come; grandfathers, grandmothers come. Remember, no crowding on coaches, we will make it comfortable for you. Nice easy road; no jolting, it's the C.P.R. and they will carry you quickly and all will be delightful. Good for two days. You can come back on any regular train, either day. Fare for round trip only this:—Adults, $2; children, $1. 3d127

American Presbyterians.

A Graphic Review of One Hundred Years Progress of the Church.

Before the Presbyterian General Assembly in Philadelphia, on Thursday last, Rev. Dr. T. L. Cuyler, of Brooklyn, presented the "History of Presbyterianism." He said in part:

As we look back over the century now closing we discover much to excite devout thanksgiving. When the first General Assembly was organized in 1788 there were only 419 churches and not more than 20,000 members. Home Missions were in their feeble infancy. The Foreign Mission enterprise was not yet born. According to last year's statistics, we now number 6,436 churches and about 700,000 communicants. Our Board of Home Missions has 1,465 missionaries upon a field that stretches from the Atlantic to the Indian settlements in far away Alaska. Our Board of Foreign Missions maintain a force of 1,543 men and women, embracing ministers, teachers, physicians and Bible readers. Presbyterianism leads the van in in China, and feeds the brilliant electric burner that flames over the Orient from the coast of Syria.

Suicide at Norwood.

The Village and Country Intensely Excited—Death by Poison.

Tuesday afternoon the dead body of Mr. James Martin, a Dummer farmer, was found in a swamp a short distance from his own house. He had committed suicide by taking poison. The Martin family live on lot six, concession nine, Dummer, about three miles from Norwood, and are generally respected, the father, a man of about 50 years, being a steady and industrious agriculturist. It seems, though, that he has, for a couple of years past, been mentally depressed by trouble of various kinds, and has often threatened to put an end to the wearying cares of life by taking poison. In fact he went so far as to carry a package of

SOME DEADLY DRUG

about in his pocket for a couple of months. His family by degrees became accustomed to his monomania and grew to regard his frequent fits of despondency rather indifferently. Saturday of last week, May 26th, the crisis came. His troubles, real or fancied, became unendurable and he left the house in the forenoon, gloomy and desperate. He walked towards the swamp, about half a mile from the house, and disappeared from view. Still nothing was thought of the occurrence, as it had been his usual practice, when under the cloud of affliction, to work off his dejection by long walks. Not returning his family became alarmed, and soon their fears extended to the whole neighborhood. All the people for miles round joined in a systematic search, but not till Tuesday afternoon was his body found,

COLD AND STIFF,

lying in the swamp. The dead man was lying on his face, his right hand clenching the base of a young sapling, his left hand folded under his breast and grasping a lump of soil. His face was considerably blackened, but not much swollen. There was no doubt that at last his threat to take poison had been fulfilled.

No inquest was held, and the remains were interred at Norwood on Wednesday. The sad affair has caused intense excitement at Norwood and throughout the township, where the deceased man was well known and respected. His family have the deep sympathy of all their friends in this most lamentable tragedy.

Police Court.

THURSDAY, May 31.

A couple of Scott Act cases were on the docket, brought forward by Inspector Cochrane. John Donohue pleaded guilty through his solicitor, Mr. C. W. Sawers, to a first offence, and was fined $50 and costs. Mrs. Condon contested the charge against her, and the case was enlarged to secure other witnesses. Mr. Geo. Leonard appeared in her behalf.

A FISH QUESTION.

A case of violation of the Fisheries Act was also brought up by Inspector Cochrane. Wm. Throop, postmaster at Hiawatha, was charged with selling maskinonge on the Peterborough market last Saturday, contrary to the Statute, which prohibits the catching or sale of these fish during the close season, except by permit of the Inspector. The evidence went to show that in this case the fish had been bought from a Rice Lake Indian, named Potash, who, among others, had a special license from Inspector Gilchrist, of the Rice Lake district, to fish on and after the 24th of May. The Indian had sold them to Mr. Throop, who in turn had brought them to Peterborough. The magistrate held that there had been no wilful violation of the Act, but it was probable the Act had been *misinterpreted*, perhaps by Inspector Gilchrist himself, by misunderstanding it to mean that the maskinonge could be sold. The Indians have the privilege of catching them and understood they could sell them also, which was perhaps a wrong conclusion but not an intentional error. The case was dismissed. Mr. R. E. Wood, for the prosecution; Mr. E. B. Edwards, for defendant. It came out in the evidence that since these special permits had been granted to the Indians, they have abused their privilege, and the government has cancelled all the permits.

AFTER HER GOODS.

Last winter Miss Calvert and Mrs. Hanrahan occupied each a part of a tenement house on Dublin street. In January Miss Calvert moved away, leaving a quantity of her household effects stored away in a barn behind the house. A while after Mrs. Hanrahan also moved out, a new tenant occupying the whole house. Recently Miss Calvert went to reclaim her property, but found a quantity of it missing. A search warrant was executed and the missing goods, or at least goods identified by Miss Calvert as her's, found in the house. A charge was laid under the larceny act, and the case come up for trial to-day. Mr. R. E. Wood for the prosecution; Mr. C. W. Sawers for defendant. The case was enlarged.

Pay Day Will Come.

Some of the Canadian journals, we observe, are sounding an alarm about the rapid increase of the public debt, and consequent addition to the burthen imposed upon trade and industry. The Hamilton *Times*, for example, asks, "Where is this thing to end?" and then goes on to figure in this way: "Twenty years ago the business of the Dominion was well managed at a cost of $13,000,000 a year. Ten years ago the cost was $23,000,000. Now it is over $36,000,000. Will it be $50,000,000 ten years hence? Or will the people in the meantime come to their senses!" We guess the people have no intention of "coming to their senses," or they would turn the spendthrifts out and put in their place statesmen pledged to economy and retrenchment. But pay-day will come all the same, and though it may be some time away, the taxpayers will then no doubt "come to their senses" and realize that something is the matter.—*N. Y. Commercial Bulletin.*

Ennismore.

(From a Correspondent.)

The Ennismore picnic on Thursday, June 14th, in Mr. Denne's Grove at Bridgenorth, promises to be an immense affair. One thousand tickets have been sold on the Texas pony, which will be handed over during the afternoon to the holder of the winning ticket. Besides the many other attractions there will be a grand open air concert, in which have promised to participate leading amateurs of town and county. There is sure to be a tremendous turnout.

You may come to us with a sour face, but you will laugh before you leave—at the Xcellent Tea you can get at The Pantry for 20c. a lb.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER No. 106 Wall St., N. Y. 1yd31w33

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line '85" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1 25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. *De Smythe to her little girls the other day*, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

LATEST EUROPEAN NEWS.

LORD STANLEY OF PRESTON SETS SAIL FOR CANADA.

The Canadian Pacific Railway Bonds Issued—The Trust and Loan Company—The Papal Rescript.

LONDON, June 1.—Lord Stanley of Preston sailed from Liverpool yesterday by the Sarmatian. There was no official reception at Liverpool. His Lordship is accompanied by his wife, sons and daughters.

Baring Brothers yesterday invited subscriptions for £3,003,700 of 3½ per cent. Canadian Pacific Railway land grant bonds; price of issue 93 per cent. The prospectus explains that the full interest up to maturity is guaranteed by the Dominion Government, and also contains a copy of the agreement by which the Government holds in trust funds set aside to repay the principal. The market felt the consequence of the rise in stocks yesterday, more especially as regards American and Canadian railways, and the issue has already been received with favor, market dealings taking place at 3 per cent. premium. Hence, though it is too early to predict the attitude of the public generally, the issue looks like a complete success. As the principal is not guaranteed by the Government, the bonds cannot rank as Government stock, but the guaranteed interest is sufficient to secure them an unusually high place among railway securities.

At the annual meeting of the Trust and Loan Company to-day the dividend of 6 per cent was approved. Satisfaction was expressed with the report and the accounts.

Mr. Parnell has returned to London for the re-opening of Parliament. His health has improved.

The Papal Rescript.

DUBLIN, June 1.—The Irish Catholic archbishops and bishops have issued an address declaring that the Pope's decree relative to Irish affairs, affects morals only, and does not interfere with politics. They warn the people and the league leaders against speaking with irreverence of the Pope, who has assured them that he does not intend to injure the Irish national movement, but desires to remove the obstruction in its way.

United Ireland praises the declaration.

HON. MR. DRURY ON THE STUMP.

The Minister of Agriculture to Make a Tour of the Province—Ontario Minerals.

TORONTO, June 1.—Hon. Chas. Drury, Minister of Agriculture, has made arrangements for an extended tour over Ontario during the month of June, when he will address farmers' institutes on matters pertaining to practical farming. Dairy practice will come in for a large share of attention. He will be accompanied by Prof. Robertson of the Guelph Agricultural College, an eminent authority on cheese and butter making. Mr. W. F. Maclean will also attend a number of the meetings and talk Butter Reform to the farmers.

The prospect of Ontario making a great display of minerals at the Cincinnati Exhibition, which opens July 4, are very bright. The mine owners and prospectors to whom application was made for ores have responded promptly and a large and varied exhibit is the result. The cost of the exhibit, including the commissioners' expenses in Cincinnati, is estimated at a little over $7000.

The duty collected at Toronto in May amounted to $261,536.04, as against $270,294.84 for the corresponding month last year. A decrease of $8,758.80.

AFFAIRS IN MANITOBA.

The Red River Valley Railroad—A Rise in the Price of Bread.

WINNIPEG, June 1.—All idea of completing the Red River Valley Railroad by Dominion Day has been abandoned.

Crops and grass throughout the Territories are much more advanced than at this time last year.

In consequence of the increased value of wheat there will be a rise in the price of bread.

Messrs. Norquay and Greenway will probably be elected by acclamation.

Portage la Prairie elected the Mayor and Council by acclamation yesterday.

Harry Jackson, from London, Eng., suicided near Donald by taking laudanum. Mrs. Curran of Donald, while temporarily insane, swallowed carbolic acid and died instantly. She leaves a husband and four small children.

Dr. Duval of Toledo has received a call from Knox Church after spirited opposition.

Deputy Attorney-General Mills, whose office is to be abolished at the end of June, ha resigned.

Both White and Mick, the Portage incendiaries, were sent up for trial. Other charges against them are proceeding.

It is said that the Pious and passport inquiries were intended to promote exotic wheat prior to new demands by the German and Austrian Governments for credits for new crops.

FREE LUMBER FOR THE U.S.

AN ANIMATED DISCUSSION IN THE CONGRESS.

A Proposed Amendment to Levy Duty on all Products on the Free List on Which Canada Imposes a Duty.

WASHINGTON, June 1.—In the House yesterday, discussing the Tariff Bill, Mr. Adams (Ill.) attacked the committee for placing brick on the free list, and pointed out the probable effect of Canadian competition on Chicago brickmakers.

Mr. Kelley (Pa.) proceeded to speak for the Southern lumber interest. He pleaded with the House not to impoverish the people of Tennessee and South Carolina and decrease the value of their splendid timber lands by making lumber free.

Mr. Reid (Mo.) said the figures would show that there was no possibility of decreasing the cost of Canadian lumber by making it free. The tariff would go into the pockets of the Canadian lumbermen. The only effect of the reduction would be to injure the American industry without lowering prices.

Mr. Weaver (Ia.) declared that the lumber trust was the most unconscionable trust ever in existence, that it absolutely limited the production and controlled the price of lumber—a criminal proceeding.

Mr. Morrow (Cal.) said that even if there was a lumber trust—which he did not admit—the effect of this legislation would be to transfer it across the line into Canada, where it could not be reached by our laws. He urged in behalf of the vast carrying trade engaged in the lumber traffic that the date of the operation of the free list be made Jan. 2.

Mr. Wilson (Minn.) said if the statement was true that the placing of lumber on the free list would not reduce its price, he failed to see how the carrying trade could be affected. He had seen more millionaires spring up in the lumber trade than anywhere else, while the wages of labor had not been advanced. The lumber tariff was legalized robbery.

Mr. Parker (N.Y.) offered an amendment proposing to substitute Nov. 30, 1889, for the date given in the section, and addressing himself to the lumber clauses said that their first effect would be to reduce the price of lumber until our producers were ruined and the industry destroyed, when the price would go up again.

Mr. Parker's amendment was rejected, 99 to 134. The Democrats applauded the announcement of the vote.

Mr. Boutelle (Mass.) proposed to make the date in Mr. Adams' amendment 1890 instead of 1889. He said the result of the lumber tariff was shown in the fact that lumbermen on this side of the line received from 25 to 40 per cent. better wages than was paid on the Canadian side.

His amendment was rejected.

Mr. Weaver (Ia.) declared that the bill as it stood had been drawn in a broad catholic spirit and that it corrected the inequality of the present law which permitted railroad ties cut by cheap Canadian labor to come in duty free for use by the transportation pool, while it imposed a duty on the lumber his people wanted to build their houses.

Mr. Peters (Kansas) believed that the American farmer had no desire to jump out of the frying pan into the fire. They did not want to destroy 100,000 of their customers engaged in the lumber business.

Mr. McMillen: "Most of them Canadians."

Mr. Peters: "I don't care who they are so long as they are his customers."

Mr. Payne (Penn.) held that the bill had been drawn on sectional lines.

Mr. McMillen denied the charge. He asked whether the Maine lumbermen did not import Canadian labor to cut timber.

Mr. Milliken: "I answer no; they do not."

Mr. McMillen: "You say what is not correct. You are misinformed."

Mr. Boutelle: "Why does the Canadian laborer come over here; what influences him?"

Mr. McMillen: "Climatic influence." [Derisive laughter on Republican side.]

Mr. Boutelle wanted to inform the gentleman (McMillen) that if the Canadians did come over the line it was because they got better wages here.

Mr. Anderson (Kas.): "Why, then, don't Maine depopulate Canada?"

Mr. Boutelle: "She is doing so, as fast as the law allows."

Mr. Baker (N.Y.), had ready an amendment which he intended to offer providing that in all cases a duty shall be imposed upon products on the free list whenever Canada imposed a duty on like goods.

Mr. Mills asked that the debate on the section be considered as closed, but objection was made and he moved that the committee rise. This prevailed by a vote by tellers of 122 to 86, the Republicans solidly opposing the motion. The committee rose, not having passed over the first five lines of the bill.

GEN. SHERIDAN'S CONDITION.

All Hopes Well Nigh Abandoned—A Physician's Summary of the Case.

WASHINGTON, June 1.—Gen. Sheridan's condition has been growing worse and worse, and last night hope that he would be able to rally has well nigh been abandoned. There have been several recurrences of the heart trouble, each attack has apparently left him weaker than the previous one, and it is becoming more and more difficult to rally him. His breathing has become labored and heavy, and the lungs are gradually getting more and more oedematous. One of the physicians, summarizing the case, said: "Gen. Sheridan is extremely ill. He is in a very dangerous and critical condition. He has been getting worse for the last week or ten days and to-night he is very bad."

General Sheridan remains perfectly conscious and rational, and suffers no pain except that arising from difficulty in breathing. The action of the heart varies constantly. Sometimes it will be acting with a good deal of vigor, and the next moment the whole situation will be changed and its action will become fluttering and weak. The circulation through the lungs has likewise become slow and very embarrassed. The General has shown a remarkable degree of vitality and composure

NOTES FROM THE CAPITAL.

THE ISLAND DELEGATION ADVISED TO DEFER THEIR VISIT.

The Minister of Marine and Fisheries Sworn—The Sawdust Question—Analysis of Cheese—Lumbermen to be Sued.

OTTAWA, June 1.—It is rumored that Hon. J. A. Chapleau, Secretary of State, will succeed Hon. A. W. McLelan as Postmaster-General.

There is a little dissatisfaction expressed by some Conservatives here at the prospective appointment of Hon. Mr. Dewdney, but it is reported on excellent authority that he will "get there" all the same.

It is understood that the delegates from Newfoundland on confederation proposed visiting Ottawa in July, but it has been suggested that, if they cannot come in June, as originally proposed, it will be better to postpone their visit to September, as it will be hot here in July and many of the Ministers will be away.

The new Governor-General is expected to come right through from Rimouski, arriving here about a week from next Monday. He will probably be sworn in the Senate Chamber by Chief Justice Ritchie

Hon. Charles H. Tupper, Minister of Marine and Fisheries, was sworn in at Halifax yesterday before Sir James Ross, Administrator. The writ for Pictou will be issued immediately, and it is not likely Hon. Mr. Tupper will come here until after his election.

J. J. Curran, M.P., yesterday introduced a deputation from Montreal, representing the Montreal Rolling Mills and Pillow, Hersey & Co., to the Minister of Customs with a view to ascertaining the ruling of the department with reference to the classification for duty of scrap iron. The Minister stated that the matter was already under consideration of the department, and a decision would be shortly given.

It is understood that Sir Hector Langevin has consented to the application of the Chaudiere lumbermen for the appointment of a commission of engineers to investigate the sawdust question and ascertain what effect dumping sawdust in the river has on navigation. The lumbermen will be represented on the commission.

The chief analyst of the Inland Revenue Department is now engaged in analysing specimens of cheese sold in various parts of the Dominion. Some of it is of American manufacture, and is supposed to be adulterated.

It is understood that the Government has given instructions to commence legal proceedings against a number of the Chaudiere lumbermen who are in arrears for rent of water power. The total amount of rent due aggregates something like $60,000. The claim of the Government is that the lumbermen have neither paid rent nor complied with the terms of their leases, which are therefore forfeited. The lumbermen claim that they have a good defence with reference to the non-payment of rent and have not violated the other conditions of their leases.

The new Masonic Hall was formally dedicated at noon yesterday by Grand Master Walkem of Kingston. In the afternoon the Masonic monument in Beechwood Cemetery was unveiled. From 7 to 9 there was a reception in the new hall and at 9.30 dinner at the Grand Union.

FIRES YESTERDAY.

A $100,000 Blaze at Ottawa—Alleged Incendiaries At St. Thomas.

OTTAWA, June 1.—The box shook factory of Barnes & Co. of New York at the Chaudiere was totally destroyed by fire about 5 o'clock yesterday morning. The loss will be in round numbers about $100,000, with insurance of $30,000. One hundred and twenty-five hands will be thrown out of employment, and it is not proposed to rebuild the factory. One of the company's mills at Burlington, Vt., went up in smoke about three weeks ago. Quantities of lumber were destroyed, and only after six hours' work was an appalling conflagration averted. The bulkhead of the city waterworks was destroyed; loss $1500. The box factory had only been in operation three weeks, the firm being engaged filling an American order for 125 carloads of boxes. The machinery, which is totally destroyed, was valued at $70,000. The insurance is only $30,000, distributed among the following companies: Ætna, Royal, North British, Hartford and Glasgow. The factory (owned by Mr. John Rochester) was valued at $20,000; insurance $6000.

BELLEVILLE, June 1.—About 6 o'clock yesterday morning fire broke out in the rear of Hambly's old store, now occupied by John McLaren. Over the kitchen was a workroom connected with Saunders & Co.'s tailor shop, and this with its contents were burnt. There were about a dozen suits ready to be sent out which were lost. Mr. Saunders was insured for $300 in the Phœnix. Mr. McLaren's kitchen furniture was destroyed, and this with the damage to the building was covered by the insurance. The block is owned by the Canadian Bank of Commerce. It is not known how the fire originated.

ST. THOMAS, June 1.—A small frame dwelling on Elizabeth-street, owned by Mackey, Davis & Tate and occupied by W. B. Coombs, was partially consumed by fire Wednesday night with the contents. Mr. Coombs had $400 insurance on the furniture. After the fire was extinguished an examination of the house showed that shavings saturated with coal oil had been spread around the sides of the room where the fire originated. Another lot similarly soaked was found behind the sideboard in the same room, and in the closet adjoining an old tick filled with straw and shavings and saturated with coal oil was discovered. As Coombs could not satisfactorily explain he was arrested and arraigned at the Police Court this morning and remanded until Tuesday next.

DETROIT, June 1.—News was received in the city of the burning of the St. Paul Knitting works at St. Paul, Minn. Loss $160,000; insurance $75,000. The origin is unknown. D. D. Thorpe of this city is the president, and the stock is principally owned in Detroit. Mr. Thorpe at once telegraphed to make immediate arrangements to rebuild.

THE DEBATING CRAZE
IS OVER.

A NUMBER of Talented Speakers from Lindsay and Peterborough have made Eloquent Harangues on "Novel Reading," "The Party Press," "Commercial Union" and other subjects. These debates have awakened a deep interest among our Citizens. We venture to suggest a few subjects of far GREATER Importance:—

I. Resolved,—That ROWSE'S TRADE PALACE sells the Cheapest Dress Goods in Peterborough.
II. Resolved,—That ROWSE'S 59c. Pure Silk Mervellieux are Better than other houses sell at 85c. yard.
III. Resolved,—That ROWSE'S CASHMERES in Sky blue, Blush Pink, Esterhazy, Cream, Peacock, Grey and Dove Shades, which they are selling at 60c. are worth 85c. yard.
IV. Resolved,—That the Most Reliable House for Silks, Satins, Plushes, Dress Goods, Corsets, Hosiery and Gloves, is ROWSE'S.

The Thousands of Close Cash Buyers of Peterborough decide in favor of the affirmative. We study to please, and a pleased Customer will call again.

The Daily Examiner.

FRIDAY, JUNE 1, 1888.

Mr. H. H. Smith and the Ministry of the Interior.

A day or two since the EXAMINER quoted the Manitoba *Free Press*, as endorsing Mr. H. H. Smith, present Dominion Lands Commissioner, Manitoba, as Minister of the Interior. Contrasting Mr. Smith's claims and fitness with those of Lieut.-Governor Dewdney, the *Free Press* says:—

"As between these two we have no hesitation in saying that Mr. Smith should be chosen. Both are outside the Cabinet, so that they are both in the same boat in that respect. As to other considerations, it may be mentioned that Mr. Smith had been acting in close conjunction with the late Mr. White for several years prior to his death, and became thoroughly conversant with all of that gentleman's ideas and plans, besides profiting by his experience. It is further a fact, and a well known fact, that during that time Mr. Smith was instrumental in procuring several important reforms in the land laws, by which the country has benefitted. More than all, he favors a number of valuable reforms, which have so far been denied, but which upon attaining office he would immediately proceed to effect. Of Mr. Dewdney very little favorably can be said. A man whose term of office has been characterised by a rebellion, blackened by scandalous disclosures reflecting upon the morality of his officials, and made notorious by the systematic starvation of the Indians under his care, can scarcely be said to have been a success as Indian Commissioner, and there is no reason to believe that he would be anything but a dead failure in the more important position of Minister of the Interior. If the choice is to be limited as we have stated it, Mr. Smith is undoubtedly the man for the position."

From Far New Zealand.

The following letter has been received by Mr. John Finlay, Reeve of Norwood, from his uncle, Mr. James Finlay, who removed from Dummer to New Zealand about twenty-four years ago:—

ROCKDALE, Mauku P.O.,
Auckland, New Zealand,
April 8th, 1888.

DEAR JOHN AND MARY ANN,—Your letters came to hand a long time ago, but I delayed answering. My children are all married and scattered but the two youngest sons, and they are living with me. William is living about three miles from us, on a farm of 200 acres, and is doing well. Thomas is keeping a general store about ten miles away. Charlotte lives about seven miles past or beyond Thomas, on a farm of 150 acres. Hannah, Annie, James and Richard all live between one hundred and two hundred miles from us. The first two have farms and the last two have stores. Matthew has a farm about six miles from here, and Lizzie is about five miles from here and has a farm. There are 330 acres in this farm, 100 acres of it very good flat land along the beach, that the boys are draining and turning to good account. The high land is not so good.

The people here are, as a rule, greatly taken up with comic songs, horse racing and dancing; and it is hard to see people spending so much time and training their horses on the Lord's Day. Sabbath schools are much neglected. All our people here are well at present, as far as we know. I have about 30 grandchildren. Since I left Canada I have seen nothing worth coming so far for but the climate. Farming won't pay here, a great deal of the land is very bad, and the good land is mostly taken up in large blocks by English gentlemen. The forty acre system was a complete swindle. We had £200 worth of land orders and the government would not give me land worth 200 shillings for them. The rain here in winter washes the land poor where it would not be so if it was frozen like Canada. Much good land along the coast is being rapidly covered by drifting sand. In New Zealand there is generally a good supply of water. There are some good seams of gold, coal and other minerals, but they are quickly picked up by land companies. There are some heavy crops of grain taken off by rich farmers down south. Birds and rats are very destructive on the grain, and the rabbits do great harm to the grass.

People here are very subject to rheumatism owing to the bad weather in winter. Cancer is a common complaint, both in people and cattle. We have had several cows die from cancer. There are numbers of people leaving this country because they cannot get employment, and because the government does not deal justly with them. Some gentlemen have over 100,000 acres of the best of the land and won't allow the Maoris to sell their good land in small quantities to poor settlers but there is very little really good land in New Zealand. When any country is governed by English gentlemen they make laws to suit themselves and keep the poor man down, and that does not suit Canadians.

Dear John, will you please buy two small books, called "Religion and Eternal Life," and give them to my two sisters, Eliza and Martha, that are living near you, if they are still alive. I hope we will all meet where there will be no volcanoes, whirlwinds or snow storms. If you think fit you can publish this letter in the Peterborough newspapers and you can send us a copy and all our friends, as it would be handier than to copy the letter for each friend. When I next write to you, which will be before very long, I will give you more particulars and you can do the same with it. Your aunt joins me in love to you all.

I am,
Your Affectionate Uncle,
JAMES FINLAY.

Official Board Meeting.

Charlotte Street Church Officials in Council.

An important meeting of the quarterly official board of the Charlotte street Methodist church was held Wednesday evening. A discussion of matters that greatly interested the church were discussed. The following resolution was moved by Mr. Clanton, Recording Steward, seconded by Mr. J. Stevenson, M. P.:—

That at this, the last meeting of the Quarterly Official Board under the administration of the Rev. Mr. Tovell, the Board desires to express and record the high esteem it entertains for its beloved pastor; his distinguished abilities, his amiable disposition, his sound judgment and zeal in the work to which he has been called, have won the hearts of the people and endeared him to all with whom he has been brought into contact in Peterborough. The members of the congregation of the Charlotte street church feel it hard to part with him, and pray that the blessing of God may rest upon him and his estimable family, and that he may long be spared in the work, for which he is so eminently adapted.

Several members of the Board made feeling references to the subject of the resolution, which was put and carried by a standing vote.

FINANCIAL.

The financial affairs of the church were next taken up and discussed. It was decided to consolidate the debt of the church and effect a loan at once while the low ruling rate of interest continued.

IRREVERENT APPLAUSE.

The question of public applause at meetings held in the church was talked over, and the practice strongly condemned by resolution as being irreverent, the board was of opinion it should be suppressed.

The Board then adjourned.

A Prize of $100,000

is a good thing to get, and the man who wins it by superior skill, or by an unexpected turn of Fortune's wheel, is to be congratulated. But he who escapes from the clutches of that dread monster, Consumption, and wins back health and happiness, is far more fortunate. The chances of winning $100,000 are small, but every consumptive may be absolutely sure of recovery, if he takes Dr. Pierce's Golden Medical Discovery in time. For all scrofulous diseases (consumption is one of them), it is an unfailing remedy. All druggists. a

SUN
LIFE ASSURANCE COMP'Y OF CANADA.

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600 00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,492 69	$1,149,743 00
1876 to 1880, four years	38,580 67	195,188 29	1,167,386 14
1880 to 1884, four years	136,976 84	363,264 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,977 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

The Queen Grand Prize—Ball Games to-day—Tight Finish this Afternoon.

Longuer, June 1.—Yesterday was the third day of the Queen Summer Meeting. The feature of the "card" was the Second Grand Prize of 1000 sovereigns over the City and Suburban course, and was won by Lord Bradford's colt Merry Andrew, with Marquis second and Count Schomberg third. The race was run under the following conditions: "The Queen Grand Prize of 1000 sovs. for the winner, and 200 sovs. for the second; if the winner, added to a sweepstakes of 25 sovs. each, 10 ft., for 3-year-olds; colts 122 lbs.; fillies 117 lbs.; the winner of a weight-for-age race, value 500 sovs., to carry 3 lbs.; twice of 500 sovs. or once of 1000 sovs., 7 lbs.; of the Two Thousand Guineas Stakes or the Derby, 10 lbs. extra; maidens allowed 7 lbs.; the owner of the 2d horse to receive 100 sovs. out of the stakes; the City and Suburban course; about 1¼ miles—100 subs."

Racing at Jerome Park.

FORDHAM, N.Y., June 1.—Racing was continued at Jerome Park yesterday, with the Withers and Van Courtland Stakes as the attractions. The former event was won by the Dwyers' colt Sir Dixon, while the Freedmans Stable captured the latter with Belvidere.

Attendance at the Games on Wednesday.

The following was the attendance at each of the International Association cities on Wednesday, Decoration Day. While considering these figures it must not be forgotten that it was far from a perfect baseball day, and persons remained away from the games through fear of getting wet. Here are the figures:

Game at.	Morning.	Afternoon.	Total for the day.
Rochester.....	1,500	1,920	3,420
Syracuse.....	1,000	2,054	3,054
Albany.....	1,000		1,000
Troy.....		2,000	2,000
Buffalo.....	1,960	2,950	4,910
Totals.....	6,460	14,024	20,074

Pittsburg forfeited the game to New York yesterday, the former's battery failing to show up.

There were no American Association games yesterday.

Secretary White has given notice that the Rochester-Toronto game of May 4, prevented by rain, will be played at Rochester on July 8. The Syracuse-London game of May 18, also prevented by rain, will be played in London on July 24.

Pitcher Hughes of last season's Newarks has not yet lost a game with Brooklyn.

The Hamiltons have lost five out of the six games played with the Rochesters, and the Hams have defeated the Torontos in the four games which they have played.

In team work, both at the bat and in the field, Detroit leads the league.

Hosmer Defeats Ross.

BOSTON, June 1.—The single-scull race between George H. Hosmer of Boston and Wallace Ross of St. John, N.B., over the Tyng's Island course on the Merrimac River above Lowell on Wednesday proved a close and exciting contest. The race was for a purse of $500, and the course was laid out for three miles with two turns, but the river was partially filled with floating logs, so that the actual distance was about two and a half miles. Ross obtained a trifling advantage at the second turning stake, when Hosmer's rigger fouled with the stake, but Hosmer quickly regained the lead, and after splendid work finished half a length ahead. Time 16.00. Both men were well winded at the finish.

Lacrosse Championship Game.

At Brantford yesterday the Brantfords defeated the Ontarios easily by three straight games.

The next championship match at Brantford will be played on July 2 with the Torontos.

The match between Brantford and Paris on May 24 will be played over, as the referee stopped the game at the expiration of two hours' play instead of two hours and a half.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. SPORTING NOTES.

The Sprees Grand Prize—Ball Games to-day—Base Hits the Standard.

LONDON, June 1.—Yesterday was the third day of the Spring Meeting. The chief event of the "Derby" was the Second Grand Prize of 1000 sovereigns over the City and Suburban course, and was won by Lord Rosebery's colt Ayrshire, with Mr. Gretton's second and Baron Hirsch's third. The race was run under the following conditions:

"THE SECOND GRAND PRIZE of 1000 sovs. for the winner, and 200 sovs. for the second; the property of the winner, called 25 sovereignties of 25 sovs. each, 10 ft., for 3-year-olds; colts 122 lbs.; fillies 117 lbs.; the winner of a weight-for-age race, value 500 sovs., to carry 3 lbs.; twice of 500 sovs. or once of 1000 sovs., 7 lbs.; of the Two Thousand Guineas Stakes or the Derby, 10 lbs. entire; maidens allowed 7 lbs.; the owner of the 2d horse to receive 100 sovs. out of the stakes; the City and Suburban course; about 1¼ miles—198 subs."

Racing at Jerome Park.

FORDHAM, N.Y., June 1.—Racing was continued at Jerome Park yesterday, with the *Withers* and Van Courtland Stakes as the attractions. The former event was won by the Dwyers' colt Sir Dixon, while the Prentiss Stable captured the latter with Belvidere.

National League Game.

At Boston—Boston, 8; Indianapolis, 4.

Championship Games To-Day.

International Association—Buffalo at Toronto, Hamilton at London, Rochester at Albany, Syracuse at Troy.

National League—Indianapolis at Boston, Pittsburg at New York, Chicago at Philadelphia, Detroit at Washington.

American Association—St. Louis at Philadelphia, Cincinnati at Brooklyn, Kansas City at Cleveland, Louisville at Baltimore.

Attendance at the Games on Wednesday.

The following was the attendance at each of the International Association cities on Wednesday, Decoration Day. While considering these figures it must not be forgotten that it was far from a perfect baseball day, and persons remained away from the games through fear of getting wet. Here are the figures:

Game at.	Morning.	Afternoon.	Total for the day.
Rochester.....	1,000	1,000	1,000
Syracuse.....	1,000	2,000	3,000
Albany.....	1,000		1,000
Troy.....		3,000	3,000
Buffalo.....	1,000	2,000	3,000
Totals.....	6,040	14,094	20,075

Bunt from the Diamond.

The Buffalos will make their first appearance here to-day.

No International Association games were played yesterday.

The Toronto's new fielder, Lewis, will report to-day.

Cleveland is after Devlin of the Stars of 1886.

Joe Horning has not made an error this season.

Pittsburg forfeited the game to New York yesterday, the former's battery failing to show up.

There were no American Association games yesterday.

Secretary White has given notice that the Rochester-Toronto game of May 4, prevented by rain, will be played at Rochester on July 5. The Syracuse-London game of May 18, also prevented by rain, will be played in London on July 24.

Pitcher Hughes of last season's Newarks has not yet lost a game with Brooklyn.

The Hamiltons have lost five out of the six games played with the Rochesters, and the Hams have defeated the Torontos in the four games which they have played.

In team work, both at the bat and in the field, Detroit leads the league.

Hosmer Defeats Ross.

BOSTON, June 1.—The single-scull race between George H. Hosmer of Boston and Wallace Ross of St. John, N.B., over the Tyng's Island course on the Merrimac River above Lowell on Wednesday proved a close and exciting contest. The race was for a purse of $500, and the course was laid out for three miles with two turns, but the river was partially filled with floating logs, so that the actual distance was about two and a half miles. Ross obtained a trifling advantage at the second turning stake, when Hosmer's rigger fouled with the stake, but Hosmer quickly regained the lead, and after splendid work finished half a length ahead. Time 16.00. Both men were well winded at the finish.

Lacrosse Championship Game.

At Brantford yesterday the Brantfords defeated the Ontarios easily by three straight games.

The next championship match at Brantford will be played on July 2 with the Torontos.

The match between Brantford and Paris on May 24 will be played over, as the referee stopped the game at the expiration of two hours' play instead of two hours and a half.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. By frequently using a little of Dr. Dorenwend's Great German Hair Magic the scalp will be kept in a clean and healthy condition and the strength and vigor of the hair greatly promoted. It is the only reliable. Do not be talked into using anything else. For sale by all druggists everywhere. dw

A Cure For Deafness.

Gymnastic Training for Ladies.

It is proposed to establish a gymnasium for ladies, in which their leisure hours might be profitably spent in gymnastic and calisthenic exercises with a view of promoting physical development and imparting graceful carriage. This is all very proper, and it is to be hoped it will be carried out, but the most graceful woman will be "an object" unless she is well dressed. Dress a lady in one of fair's bonnets and one of his mantles both made at the golden lion and a beautiful and graceful object like a lady thus attired will be the observed of all observers. A huge stock in both lines at the golden lion. Special attention to ordered mantle work.

Fire in Englishtown.

About ten o'clock this forenoon Mr. John Grady's bake-shop in the south end of the town was destroyed by fire, together with between thirty and forty cords of wood piled alongside, five pigs and a quantity of fowl. The fire started from the oven, and in a few minutes the place was doomed. By the time the fire brigade got there the building was about totally consumed. There was no water in the vicinity and nothing could be done. Fortunately the high west wind blew the flames away from Mr. Grady's residence and other buildings adjacent, or a serious conflagration would have resulted. Mr. Grady's loss is about $500; insured for $300 in the Western.

Acknowledgement.

The ladies of the Peterborough Protestant Home thankfully acknowledge the following donations for May:—Miss Brown, parcel clothing; Mrs. Hurley, vest; Mr. W. W. Johnston, gingham, holland, etc; Mr. Mark Spenceley, papers every Sunday; Miss F. Beckett, *The Gospel Light* for one year; Mrs. W. J. Mason, rocking chair, pillow, bed quilt and blanket; from a friend, $1 worth of bread tickets and parcel reading matter; Mrs. Richard Hall, parcel clothing; Mr. John McKee, receipted account of $2.50; Mr. Holland, basket fish; Mrs. George Burnham, quarter veal and $1 worth bread tickets; Mrs. Tom Rubidge, jar preserves and delicacies for sick; Messrs. Craig & Mooney, half dozen chairs; Mrs. James Best, rhubarb; Mrs. C. Fowler, bonnet; Mr. Lee, paper, pens and pencils.

FIRE is a terrible thing and destroys many a fine home, yet the fire which occurred this morning did not deter people, who want good goods at amazingly low prices, from finding them at dawson bros.' old stand, hunter street. any person requiring goods at far less than bankrupt prices, should not fail to inspect the stock in question, as this bonanza will only be available for a few days, the entire stock must positively be cleared within thirty days.

The Paper Nuisance.

The wind blew in gusts and eddied about in miniature whirlwinds this morning, catching up in wild glee and scattering promiscuously a pile of waste paper that had been dumped out on the street in front of a store on our main thoroughfare. The street was filled with scurrying bits of paper, ranging from a hand size fragment to whole newspapers, driven by the wind in all directions. Horses innumerable were frightened almost into running away and the streets given an untidy and slothful appearance that one would not expect to find outside of Port Hope or Lindsay. There is a by-law providing a fine for this sort of thing, and it should be enforced. The police ought certainly to act in the matter, and no doubt they will.

Number of patients in Hospital, May 31st, 1888, 6. Diseases—Hip joint disease, 1; general debility, 1; heart disease, 1; injury to knee, 1; injury to back, 1. Total number treated during May, 16. Deaths, 1; cause of death, convulsions. Pay patients, 6; non-paying, 10. From Peterborough, 11; from the county, 5. Dr. Halliday, attending physician for May; Dr. King in attendance on private ward patients.

The "Mary Ellen" Launched.

About twenty-five persons went up to Young's Point yesterday to attend the launching of the "Mary Ellen." Everything passed off pleasantly on this occasion. Mrs. J. E. McIntyre was sponsor and performed the time-honored ceremony of breaking the bottle of champagne on the deck. The whole party were aboard of her. After the launching, Mr. Young placed the "Fairy" at the disposal of his guests and a trip was taken up the lakes. All who partook of Mr. Young's hospitality are loud in their praises of the generous treatment accorded them.

Practical and Eloquent.

Rev. Mr. Bradshaw, of Peterborough, the Toronto *Globe* says, preached the sermon at the annual service at the Church of the Holy Trinity last evening in connection with the Girls' Friendly Society. Taking as his text Galatians vi., 11, "Bear ye one another's burdens and so fulfil the law of Christ," he preached a practical, eloquent sermon, showing the necessity of sympathy and Christian charity among all classes. The burden of the discourse was to show that the work of the society required the exercise of sympathy and humility.

You may come to us with a sour face, but you will laugh before you leave—at the Xcellent Tea you can get at The Pantry for 20c. a lb.

Caught by the Cowcatcher.

The Montreal *Star* of Yesterday says:—This morning about 2:30 o'clock the General Hospital ambulance was asked by telephone from St. Hyacinthe to await the arrival of the incoming G.T.R. freight train, on board of which was a man who had been run over by a train. His name is James McDonough, aged 19 years, a resident of Peterborough, Ont. It appears that he was making his way on the track towards St. Hyacinthe and when near that station was caught by a freight train. Luckily for him the point of the cowcatcher caught him at the calf of the right leg, which it pierced, and cast him off the track. When taken to the General Hospital it was found, however, that he suffered also from internal injuries, caused by the shock. He is said to be very low this morning.

Date, June 12th.

Posters are out; read them—all about the union excursion to Toronto on Tuesday, June 12th—Canton No. 10 and St. Luke's C.E.T.S. Tickets are being sold rapidly to the people of Peterborough and neighborhood, our Ashburnham friends keep coming for more tickets, and everything looks promising for a grand time. The band boys are getting ready their best selections for the trip and they will make all hearts rejoice with their fine music, so everyone come—splendid coaches and no delay; can stay in Toronto till 9 p.m. By leaving on regular train, 5.10 a.m., you can arrive in the city by 8 a.m., in time for breakfast. So just think of the time it gives you in Toronto by this excursion, and your verdict will be that it is good. Bring along your children; boys, bring along your young ladies; you husbands, bring along your wives—uncles, aunts all come; grandfathers, grandmothers come. Remember, no crowding on coaches, we will make it comfortable for you. Nice easy road; no jolting, it's the C.P.R. and they will carry you quickly and all will be delightful. Good for two days. You can come back on any regular train, either day. Fare for round trip only this:—Adults, $2; children, $1. 3d127

Three Arrests at Hastings.

Three Tramps Arrested for Shooting at a Train.

Yesterday afternoon three men were arrested at Hastings on suspicion of being the ones who shot at a G.T.R. conductor at Brighton on Wednesday. They had been stealing a ride and were put off at the station by the conductor. As the train was moving out of the station, one of them drew a revolver and fired at the conductor, after which their all escaped. There arrest at Hastings yesterday was brought about in a rather strange manner. A telegram giving descriptions of the men had been received by the station agent at Hastings, and while he and some other railway employes were reading it over three men, whose appearance exactly tallied with the terms of the message, walked by. The resemblance was noticed and on further comparison the impression that these were the men was strengthened. Constable Wright was summoned, and he with a posse of men started after the tramps, overhauling them a little way out of the village. On being caught up to, one of the tramps levelled a pistol at the constable, but a brakesman who carried a shot-gun got the "drop" on him and he had to yield. The three men were taken back and locked up in the village police station, where they are held awaiting the action of the railway authorities.

Local Sports and Pastimes.

A Lacrosse League.

A meeting of the Y.M.C.A. lacrosse club was held last night to consider a proposition from the Lindsay Association club for the formation of an amateur lacrosse league, comprising Port Hope, Lindsay and Peterborough. It was resolved to enter the league, which, as proposed, will provide for two games in each town. Peterborough will play each of the other clubs and get return matches at home. The champion team winning the most matches is to get a handsome pennant, for which each club is to subscribe $5. The first match of the league series is to be played at Lindsay between Peterborough and Lindsay on June 14th.

The Riverside and Y. M. C. A. lacrosse teams play a practice match Monday evening, and the Ætnas and Association team the following Monday night. These matches are only for practice, and ought to be held oftener. All the clubs would benefit by it.

The Y.M.C.A. club will challenge Port Hope Association team to play in that town on July 2nd.

Aquatic.

The Otonabee Canoe Club intend having an opening regatta on Little Lake at an early day.

Mr. H. Calcutt has offered to donate a $50 cup for a single scull competition at Jubilee Point under the auspices of the Lansdowne Rowing Club. Mr. Calcutt has ever shown a praiseworthy spirit in encouraging aquatic sports in particular, and no doubt his generous offer will be gratefully accepted.

Willow and Wicket.

Next Wednesday, June 6th, a second eleven of Trinity College school, Port Hope, will play a match here with the second eleven of the local club.

At a meeting of directors the other night it was decided to hold regular practice matches on Tuesday and Friday afternoons, when it is hoped all the members will try to turn out. It may be stated, though, that every afternoon and evening the grounds are open for practice. Someone is always on hand and good practice can always be had.

Spots of Sport.

The Gun Club practices this afternoon.

The first practice match of the Rifle Association yesterday afternoon resulted in very poor scores being made.

Personal.

The office of registrar of deeds for the provisional County of Haliburton, rendered vacant by the resignation of Mr. Frederick Rooney, has been filled by the appointment of Mr. Ephraim C. Young, of Haliburton, an Order in Council to that effect having been passed by the Ontario Government and signed by the Lieutenant-Governor.

Dr. J. H. Widdifield, of Newmarket, was yesterday appointed Sheriff of the County of York by an Order in Council under the Act passed by the Ontario Legislature during the session of 1887. Dr. Widdifield retired from political life after a faithful service to his constituents for fifteen years or more in the Local House, and will, no doubt, make as efficient an officer of the Government in performance of the duties of the shrievalty as he was a valuable member of the Legislature.

Peterborough Enterprise.

"When found make a note on't." All right, Capt. Cuttle, here it is—the *Empire* has got a new advertisement, that of the enterprising E. D. Gough, the original wonderful cheap man, the style of the 5 column advertisement of Gough Bros. as it appears in the EXAMINER, being to-day typographically reproduced in the *Empire* as well as in the *Globe*. When metropolitan journals copy the style of the EXAMINER'S advertisements it is a great compliment to the latter's striking and attractive style of displaying them, which will be even more effectively done in the future, as a large supply of bold-face American display type was received to-day—a sample of it appears in the advertisement, on first page, of Mr. P. D. Doran's new bankrupt stock. Advertisers know where to get the benefit of good display and good circulation of their business announcements.

Hymeneal.

At Port Perry, on Thursday afternoon Miss Willoughby, daughter of Rev. N. R. Willoughby, formerly pastor of the George street church here, was married to Dr. Geo. R. Watson, of Wellington, P. E. county. It was a fashionable wedding, about 100 guests assembling. Miss Cox, of Peterborough was bridesmaid.

THE undersigned, in intimating that he has disposed of his Boot and Shoe business to Mr. T. B. Brophy, favorably known in town and county in connection with contract on the Burleigh and Buckhorn Locks, would cordially thank the public for the liberal patronage they have bestowed upon the subscriber for the past ten years, and ask a continuance of the same to his successor, Mr. Brophy.

All outstanding accounts due the late proprietor are requested to be settled at once. Parties will please call and settle at the old stand, Hunter street, opposite the Oriental Hotel.

MASONIC.

THE REGULAR MEETING OF Peterborough Lodge No. 155, A. F. & A. M., will be held in the Masonic Hall, Water St., this Friday evening, June the 1st, at 7:30 o'clock, of which all the brethren are requested to take notice. A cordial invitation is extended to the brethren of sister lodges. By order of the W.M

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf-Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "35" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday: "I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

NOTES FROM THE CAPITAL.

THE PUBLIC ACCOUNTS FOR THE PAST ELEVEN MONTHS.

An Increase in Both Revenue and Expenditure—The Public Debt Statement—Notices from the Gazette.

OTTAWA, June 2.—The revenue for May ($3,235,539) shows an increase of $261,441 over the same month of last year, and for the eleven months of the fiscal year ($31,856,725) an increase of $724,537 over the corresponding period of last year. The increases are :

Excise	$210,420
Postoffice	140,926
Public Works	30,997
Miscellaneous	576,791

Customs show a decrease of $234,597.

The expenditure for May was $3,547,767, and for the eleven months $29,488,214, being $185,851 more than for the same period last year.

The statement of the public debt at the end of May shows :

Gross debt	$276,067,647
Assets	48,079,230
Net debt	$227,988,417

This is an increase of $521,546 during the month.

The expenditure during the month on capital accounts was $340,862, making the total expenditure on capital account during the eleven months :

Public works, including railways and canals	$2,791,995
Railway subsidies	990,192
Northwest rebellion losses	536,874
Dominion lands	101,787
Total	$4,417,848

To-day's Canada Gazette contains notice of the appointment of Hon. Geo. E. Foster as Minister of the Interior and of Hon. C. H. Tupper as Minister of Marine and Fisheries.

A proclamation appears to-day appointing Thursday, July 12, for voting on the repeal of the Canada Temperance Act in the County of Arthabasca, P.Q. Auguste Quesnel is the returning officer.

An order-in-council has been passed under the authority of section 108 of the Northwest Territories Act, transferring a number of different trails to the Lieut.-Governor-In-Council for the public use of the territories.

Letters patent have been issued incorporating the Yarmouth and Shelburne Steamship Company, with a capital of $21,000.

Notice is given of application to incorporate the Ormstown Brick and Terra Cotta Company, with a capital of $50,000 and headquarters at Ottawa.

At the Ottawa postoffice last month 1234 packages were received through the new parcel post.

An order-in council has been passed creating Streetsville, Ont., an outpost of customs under the survey of Toronto.

It is expected that the tenders for the Sault Ste. Marie Canal will shortly be called for.

It is said that the Grand Trunk will apply to next Parliament for power to build a railway tunnel from Sarnia to Port Huron, and that the Government will probably grant assistance in some manner.

There is some probability that the Gatineau Valley Railway, which has been hanging for several years, will be commenced shortly, as Mr. Rochon, M.P.P. for Ottawa County, states that the Quebec Government will grant a cash subsidy of $6000 for the first ten miles and $4000 per mile for the remainder of the road.

The inland revenue collections at Ottawa for May were $30,963; customs $22,173.

Sir Hector Langevin left for Quebec yesterday morning and Hon. Mackenzie Bowell for Belleville last night. J. R. Hall, secretary to the Interior Department, left for Banff last night on departmental business.

Hon. Mr. Chapleau expects to pay a visit to the Maritime Provinces this summer, and will also probably make a tour west as far as British Columbia.

There is a probability that Col. Oliver will be retained as Commandant of the Royal Military College for some time.

An order-in-council has been passed empowering the Minister of Customs to refund or remit to military tailors importing clothing materials, arms or accoutrements for the use of officers or men of the Northwest Mounted Police, the duty actually paid thereon on the production of evidence satisfactory to the department that such articles have been actually imported or manufactured from imported articles for the purpose of the police.

The C. P. R. Loan.

LONDON, Eng., June 2.—The Canadian Pacific loan has had a most remarkable run. Thirty millions were applied for to-day, between nine and ten times the amount of the issue. Barings, therefore, closed the lists last night, though they must include the provincial and continental applications due to-day. The stock is now at 4½ to 5 per cent. premium. This rush was quite expected, and the papers speak of the stock as cheap, seeing that Dominion 3½ per cent. stock is quoted at 106.

Children Cry for Pitcher's Castoria.

HONORED BY THE QUEEN.

CHIEF JUSTICE GALT AND PRESIDENT WILSON KNIGHTED.

List of the Birthday Honors Conferred—The Pope's Authority in Political Matters Denied by the Irish Bishops.

LONDON, June 2.—On the occasion of the celebration of the Queen's Birthday these honors will be conferred :

Mark Wilkes Collet, Governor of the Bank of England, baronetcy.

E. J. Jenkinson, formerly Assistant Under Secretary for Ireland, K.C.B.

James Monro, Assistant Commissioner of Police, C.B.; Mr. Caulfield of the Irish Office, C.B.

Charles Halle, Dr. Stainter and President Bruce of the Institute of Civil Engineers, Knights of the Bath of the Civil Division.

Chief Justice Galt of Ontario and President Wilson of the Toronto University, Knights.

The Imperial Parliament.

LONDON, June 2.—Parliament is again in session after its Whitsuntide holiday, but nothing exciting is expected before next week. Mr. Gladstone remains at Hawarden until Monday. Most members of the House of Commons are back in London, but racing and social attractions, not political business, are responsible for their presence. No Cabinet meeting will be held before Saturday, when the Ministers will have to make up their minds what to do about the licensing clause in the Local Government Bill. They cannot abandon them, and they cannot afford many Southamptons. Another election is near. Mr. Campbell's (Craigie) death makes a vacancy in the Ayrshire burghs where at the last election the Liberal-Unionist majority was nearly 1200. The Gladstonians think it not impossible to win this seat, and are going to try. No Unionist candidate can be found who has so many elements of personal strength as Mr. Campbell had.

The Parnellites are Satisfied.

LONDON, June 2.—The resolutions adopted by the Irish Catholic prelates touching the Pope's edict appear to satisfy the Nationalist organs. The leading Parnellite papers sum them up as a blessing on the Irish people and the National movement. The only Tory comment on them yet published here says that the resolutions will give more gratification to the members of the League than to its opponents. Rome is thought to have taken alarm at the passionate protests heard in Ireland against the Papal rescript. Not a word of the rescript is withdrawn. The bishops themselves affirm its authority, but they side with the League in denying its political effect.

THE EMPEROR AT POTSDAM.

The Royal Party is Enthusiastically Greeted by Large Crowds on its Voyage.

BERLIN, June 2.—The Emperor, after a long interview with Prince Bismarck, drove with the Empress in an open carriage to Grunenwald, returning at 6 o'clock. The Emperor had a good night, and accompanied by the Imperial family embarked on the yacht Alexandria, commanded by the Crown Prince, at 11 o'clock this morning for Potsdam. All water traffic was suspended during the voyage. The weather was showery and His Majesty retired to the cabin as soon as he got on board and remained there. The yacht was covered with flowers and enthusiastic crowds were at the locks. A great crowd greeted the yacht on her arrival at Spandau. There was much cheering and the bands played the national hymn. The Emperor appeared at the cabin window and bowed to the people and the Empress waved her handkerchief from the deck. The yacht reached Potsdam at 12.40 o'clock. There was no official reception. His Majesty was no worse for the trip.

The Emperor ascended the steps of the landing without assistance, accompanied by the Empress. He entered a closed carriage and was driven through the Vanener-Thor to Castle Friedrichsron. The Emperor looked very well and bowed repeatedly in response to the acclamations of the people.

INTERESTING ITEMS BY WIRE.

The Toronto police patrol system was inaugurated yesterday.

A Minnesota deputy sheriff and posse are in pursuit of Cut Face, the murderer of Joe Bonville.

At Omaha, Neb., Mrs. Joseph E. Gameau had $4000 worth of diamonds taken from her room by a burglar.

It is stated that Mr. Edward Blake's old quarters in Ottawa have been engaged for his occupation next session.

Mr. Pyne, M.P., who was imprisoned at Clonmel for an offence under the Crimes Act, was released yesterday.

John Bright's fever has subsided and the condition of his lungs has greatly improved, but he does not regain his strength.

Miss Carrie Harrington, wife of a well-to-do druggist in Chicago, committed suicide by pouring oil over her clothing and setting fire to it.

Ed. Hussing, editor of The Nelsonian of Nelson, Neb., was fatally shot on Wednesday while returning from a Grand Army camp fire.

A battle took place between the Jones and Green factions in Hancock County, Tenn., which resulted in the death of two of the Greens.

In a drunken frenzy at Sharon, Pa., Wednesday night, Samuel Clark, a well-known citizen, shot and killed Mrs. Jas. Clark, his brother's wife.

The Prairie Province.

WINNIPEG, June 2.—The Northwest Ontario and Manitoba Lumber Association have agreed to continue the present price list with a slight advance in some dimensions.

The May customs returns show a falling off in imports and exports from May of last year.

Thomas Gilroy will be the Conservative candidate for Centre Winnipeg.

A new German paper is to be started here.

The first sod on the line of the Medicine Hat Railway, in which Toronto capitalists are interested, was turned yesterday.

THE SUFFERING SOLDIER.

No Change in Gen. Sheridan's Condition—He Rests Easily Through the Day.

WASHINGTON, June 2.—This bulletin was issued at 9.30 last night: The situation remains about the same. Through the day Gen. Sheridan's mind has been lucid. There has been no renewal of yesterday's attack, though there is but an incomplete recovery from its effects. No new unfavorable symptoms have developed. The unavoidable excitement connected with his promotion has had no bad effect. He has slept quietly through a great deal of the day.

Signed by the President.

WASHINGTON, June 2.—The House and Senate have passed the Senate Bill to revive the rank of General of the Army, for the benefit of General Sheridan. The President has signed it, and the nomination will be made and confirmed at once.

The Commission Handed to the General.

WASHINGTON, June 2.—At 3 o'clock yesterday afternoon Senators Hawley and Anderson drove up to Gen. Sheridan's residence with the commission which the President had just signed making him General of the Army. They were at once admitted and were soon joined by Mrs. Sheridan. As she entered the room Senator Hawley handed her the commission with the remark: "Madame, I hand you this with great pleasure." Mrs. Sheridan was much moved, and exclaimed: "I know he will now get well." She thanked the gentlemen with much earnestness, and, retiring, said that she would at once hand the commission to the General. He had previously been told that the bill making him a General had passed.

Trade During the Week.

NEW YORK, June 2.—Special telegrams to Bradstreet's record no material improvement in the course of general trade during the week. The most encouraging feature is in the somewhat unexpected activity and development of miscellaneous industries in New England. The movement of dry goods at western cities is relatively more active than at eastern producing centres. Crop prospects have continued to improve in California, Kentucky and in Louisiana except for sugar, which has had too much rain. The distribution of lumber and of groceries at larger cities west and northwest has been noteworthy. The Decoration Day interruption to trade cut down the total transactions of the week somewhat, but the sales of other days were increased in consequence.

A lower range of iron prices is regarded probable before the close of June. Meanwhile the question of modifying schedules and rates of wages will come up. Very little enquiry is made for foreign material. Steel rail makers are not soliciting business and report no anxiety among builders to place orders. Western ore purchases are 65 per cent. behind what they were at this time last year.

The New England boot and shoe shops are fairly well employed on orders. Few buyers are now in the market, most of the orders for fall delivery having been placed.

Leather is moving slowly, with the general range of prices in favor of buyers. Wool is duller. Plain cottons are firm, some of them at an advance. Woolen goods are dull. Print cloths are encouragingly strong.

Rio coffee showed wide and frequent changes for futures, with serious depression in the later months.

The stock market is dull and depressed, bearish activity, based mainly on the unfavorable railroad situation in the northwest, aiding the downward movement of prices. The New York money market is easy.

The Treasury debt statement for May shows a decrease in the debt of over $4,000,000.

The Week's Failures.

NEW YORK, June 2.—The business failures throughout the country during the last seven days number for the United States 186 and for Canada 19, a total of 205, as compared with 225 last week and 189 the week previous to the last. The failures for the corresponding week of last year numbered 150, made up of 125 in the United States and 25 in Canada.

A Lawyer Shot by a Woman.

CHICAGO, June 2.—In Judge Jamieson's Court yesterday morning while the docket was being called, Mrs. Rawson was impatiently waiting for the divorce case of her husband, Banker Rawson, to be called. Col. H. C. Whitney, her husband's solicitor, was sitting at a side table writing, when the court was suddenly startled to hear a pistol shot, and Col. Whitney at once disappeared under the table. The shot was followed by four more in rapid succession, and Mrs. Rawson was seen pursuing Whitney with a revolver. Two of the balls hit the lawyer, one taking effect below the groin and the other in the left leg. The wound near the groin will probably be fatal. Judge Jamieson at once ordered Mrs. Rawson's arrest, and she was immediately taken to jail.

Lee, Mrs. Rawson's son, is now in jail for shooting Banker Rawson on the steps of the Third Presbyterian church as the congregation was coming out from Sunday morning service some time ago.

Cleveland and Thurman.

NEW YORK, June 2.—Sheriff Grant and Fire Commissioner Croker have sent this telegram to Hon. A. G. Thurman: The Tammany Hall organization of New York City have instructed their delegates to the St. Louis National Convention to present your name to the convention for the Vice-Presidency. We feel assured that your patriotic sense of duty to the Democratic party and the country will not permit any feeling of reluctance to interfere with your acceptance of the nomination, and we cordially pledge New York to Cleveland and Thurman.

The U. S. Tariff.

WASHINGTON, June 2.—In the House yesterday Mr. Baker's (N.Y.) tariff amendment to exclude Canadian goods from the free list wherever the Government of that country imposes a duty on American goods of similar nature was rejected, and the committee concluded its consideration of the first paragraph of the tariff bill—five lines—and the clerk read the second paragraph.

"Timber hewn and sawed, and timber used for spars and in building wharves."

THE DEBATING CRAZE
IS OVER.

A NUMBER of Talented Speakers from Lindsay and Peterborough have made Eloquent Harangues on "Novel Reading," "The Party Press," "Commercial Union" and other subjects. These debates have awakened a deep interest among our Citizens. We venture to suggest a few subjects of far GREATER Importance :—

I. Resolved,—That ROWSE'S TRADE PALACE sells the Cheapest Dress Goods in Peterborough.

II. Resolved,—That ROWSE'S 59c. Pure Silk Mervellieux are Better than other houses sell at 85c. yard.

III. Resolved,—That ROWSE'S CASHMERES in Sky blue, Blush Pink, Esterhazy, Cream, Peacock, Grey and Dove Shades, which they are selling at 60c. are worth 85c. yard.

IV. Resolved,—That the Most Reliable House for Silks, Satins, Plushes, Dress Goods, Corsets, Hosiery and Gloves, is ROWSE'S.

The Thousands of Close Cash Buyers of Peterborough decide in favor of the affirmative. We study to please, and a pleased Customer will call again.

THE FACTORY ACT PROVISIONS.

In many cases employers of labor devote more attention to getting the "full tale of bricks" from their employes than to studying their comfort and health, and in many cases thoughtlessness or a disinclination to change existing arrangements, is more to blame than a disposition to be too exacting, or too careless of the welfare of those in positions of employment. The health of employes is most important, primarily important to the employes *himself*, and secondarily to the employers—no man, woman or child can give effective service unless in good health. The Ontario Inspector of Factories, on his recent visit to town, found conditions existing, at variance both with the demands of the sexual relations and of the law of the land, in some establishments in town under the provisions of the Factory Act. There was found to exist a serious lack of closet accommodation, especially so far as the female portion of the employes was concerned. This is a matter whose importance will not be gainsaid by any person of sense or reflection, and one upon which the plain-speaking it demands cannot obviously be employed. The regular exercise of all the functions of nature are necessary, and a systematic disturbance of any of these, especially that involved in the matter in question, is almost certain to lead to disastrous results. The Inspector said that in hardly a place on George street coming under the Factory Act, is the closet accommodation what it should be, and, of course, the health of those employed therein must correspondingly suffer. This subject is one that demands attention of the health authorities, and one which also emphasizes the necessity of a system of sewerage. The health is the man and, therefore, the preservation of health ranges every other worldly consideration into a subordinate position.

The New Asylum at Mimico.

The Ontario Government have concluded the exchange of a portion of the Government Farm at Mimico for about sixty acres of eligible land owned by Mr. Benjamin Goldthorpe, of Etibicoke, fronting on the lake shore. It is proposed to erect the new asylum cottages on this property, which is situated a short distance beyond Mimico village. A better location for asylum purposes could not be had in the vicinity of Toronto. Not only is the land under a high state of cultivation, but its proximity to the lake will do much to insure the health of the patients who may occupy the new buildings. In this respect it resembles the location of the Rockwood Asylum at Kingston. The Hon. C. F. Fraser, Hon. A. S. Hardy, Hon. A. M. Ross, Hon. Charles Drury and Inspector of Prisons Christie visited the site on Wednesday last, when, after examination of the Goldthorpe Farm, they concluded its purchase.

The Distribution of Revised Statutes.

Owing to the impossibility of procuring from the printers and binders a sufficient number of the Revised Statutes of Ontario, 1887, to immediately supply all functionaries and magistrates, a return has been obtained from the Ontario Government showing from the returns of convictions made to the clerks of the peace the names of the magistrates in each locality who have acted as such during the past year. Copies of the statutes will be forwarded to these magistrates first, and as soon thereafter as a sufficient supply can be obtained, every magistrate will be furnished with a copy.

An Encounter With a Ghost.

A Gruesome Tale Vouched for as True—The Ghost of the Lakefield Switch.

"Anything new?" asked the inquisitive reporter yesterday of a popular young business man in town who wears his hair *a la Pompadour* and has the faculty of telling a good story.

"Yes, I can give you a genuine ghost story. Now don't laugh, because it's true, every word of it. You know that old roughcast house that stands just east of the Lakefield switch on the other side of the river? No? Well, it's there anyway, and what's more, it's haunted. Oh, you may smile, but I'll just tell you how I know it. For a long time this building has had the reputation of being haunted, and a peculiar fact that may have lent conviction to the popular belief is that no one has been known for a long time to live in it for more than a month at a time. At present it is vacant and the story is that the ghost of a woman regularly haunts the place. The other evening a young man had the house pointed out to him, and the spooky mystery connected with it made known to him. Well his stock in ghosts was away below par—in fact he didn't believe in them at all. Here was the chance he had long been looking for to prove that there was

NO SUCH THING AS A GHOST.

So that night he went to the house about nine o'clock, armed with a lantern which he lighted as soon as he entered the house. He explored the lower rooms and started to ascend the staircase. He had nearly reached the top, when, looking up, he saw the figure of a woman dressed in brown silk, apparently about forty years of age, still rather handsome, but with a care-worn look upon her face. She was peering intently over the bannister into the dark hallway beneath. The young fellow stood still and stared. Could it be—but no, it was a joke some of the boys were playing on him. They might have heard that he intended coming and were trying to scare him. Well, he'd show them that he wouldn't scare worth a cent, so he shouted; "What the d—l are you doing here?" at the same time reaching out his hand to grasp her. *Mirabile dictu!* His hand went right through the woman, and still she stood there, weird and uncanny. Her eyes were turned on him, and he felt as if a dozen electric batteries were playing on his vitals. Such eyes! His hair stood up on end, cold sweat beaded on his brow, his blood froze in his veins at the sight. She appeared natural enough, and yet she was not alive. How could she be when his hand had passed clean through the shadowy substance and found nothing material. As the dread realization that he was in the presence of a spirit overpowered him, every atom of strength forsook his body. A breath would have blown him over. He was

ROOTED TO THE SPOT

with horror, and all the time those fearful eyes, supernaturally terrible, were piercing him through and through. He gazed at the vision in helpless terror. He couldn't stir. He was fascinated and spell-bound by the unearthly spectacle. At last he was face to face with a ghost, but, O horror, what an experience! In a few seconds—seconds that to the agonized mortal seemed ages—the figure began to vanish slowly, his lantern flickered and died out, and his mind mercifully became a total blank. How long the young fellow remained in this paralyzed condition he knows not. Gradually he came to his senses and with the speed born of intense fright he flew from the dark, mysterious place. I tell you what, that young fellow wouldn't go through the same experience again for all of Peterborough. He hasn't recovered from his fright yet, and won't for a long time. A strange part of the story is that he don't know what became of his lantern. It disappeared, and he is too badly scared to go to the house to look for it. I know this to be a fact."

She Couldn't Understand It.

"What in the world has happened to you since the last time I saw you?" asked one lady of another when they met on the street the other day; "I can't understand it. Then you were pale, haggard and low-spirited and I remember you said that you hardly cared whether you lived or died. To-day you look ever so much younger, and it is very evident from your beaming face that your low spirits have taken flight." "Yes, indeed," was the reply, "and shall I tell you what drove them away? It was Dr. Pierce's Favorite Prescription. I was a martyr to functional derangement until I began taking the 'Prescription.' Now I am as well as I ever was in my life. No woman who suffers as I did, ought to let an hour pass before procuring this wonderful remedy." c

THE WONDERS OF MAGIC.

When you find that beauty is falling away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."
The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair,
Try "Dorenwend's Magic."
It imparts strength and beauty,
And it's the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."
Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try, till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. For sale by J. D. Tully and all druggists. dw

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

Valuable Properties for Sale suitable for Building Sites, Residences, Market Gardens, &c.

We have been instructed to offer for sale the following valuable properties:—

1s.—**East Half of Lot No. 1** in 2nd Concession of the Township of Thorah, County of Ontario. 120 acres all cleared, soil good clay loam, house and barn on farm, which is situated about three and a half miles from Beaverton. Price $4500.

2nd.—**The Erskine Homestead**, being the North Part of Block "U" Ashburnham, containing about 14 acres, and having a frontage of about 282 feet on Concession street, and 2340 on the Road leading to Norwood. This property has on it a large dwelling house, barns, stables, and outbuildings. It is well situated for putting on the market in Building Lots, and can be subdivided to advantage. The land immediately south of it has been sub-divided and Lots are selling rapidly and buildings being erected.

3rd.—**Block "E" Ashburnham**, containing about 26 acres, having a frontage of about 500 feet on Concession street. It is within a short distance from town, and is well adapted for sub-division into Building Lots.

4th.—**Fifteen Acres of Land in Monaghan** on the Gravel Road, about 3 miles from town, with brick dwelling house 24x44, containing 10 rooms and usual outbuildings. There is a good orchard on the place, and the soil first class, suitable for a market garden, or residence for a retired farmer.

5th.—**The residence of Mrs. F. W. Hamilton**, situated on Brock Street, Peterborough, on Court House hill, there is about ½ of an acre of land, well stocked with fruit trees, &c., soil, first-class. The residence is large, with the usual outbuildings.

6th.—**Erin Cottage** being the West half of Park Lot No. 14 in Lot 13 in 13th Monaghan, now in the town limits, containing about 5 acres of land. There is a comfortable brick cottage with usual outbuildings on the land, which is now occupied by Mr. Elias Thompson.

Offers in writing for the purchase of any of the above properties will be received by the undersigned, and any further particulars may be obtained from them.

MONEY TO LOAN. We have a large amount of private funds for investment and are prepared to loan on good security at the lowest current rates and on easy terms.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

Seabreeze Wins the Oaks.

LONDON, June 2.—Yesterday was the last day of the Epsom Summer Meeting. The principal event was the Oak Stakes for 3-year-old fillies, which was won by Lord Calthorpe's Seabreeze, with Roda second and Belle Mahone third.

Who is the Champion?

Tendrogen of the London Referee says: Kemp's victory over Hanlan puts the Canadian out of court for championship honors, though it does not quite raise the Australian to the required level. Teemer, who is entitled to the distinction, if any one could claim it on Beach's retirement, has announced his intention of tackling Kemp in America, if the latter will go there; otherwise in Australia. After these two have met we may have a recognized champion again. The Kemp-Clifford and Kemp-Hanlan races were all very well in their way, but did not lead directly to the championship.

The Growth of the Hair.

Should always be watched. Inattention to the hair often leads to premature grayness and baldness. When dandruff appears it should be looked after at once. A Good Countenance

Boils, Pimples, Blotches and skin humors disfigure the countenance. Purify the Blood by using Burdock Blood Bitters to remove the impure matter which loads it, and the result will be a clear skin, good complexion and perfect health. 2d20w

Why?

Why suffer a single moment, when you can get immediate relief from internal or external pain, by the use of Polson's Nerviline the great pain cure? Nerviline has never been known to fail. Try a 10 cent sample bottle. You will find it just as recommended. Neuralgia, tooth-ache, cramps, headache and all similar complaints disappear as if by magic when Nerviline is used. Large bottles 25 cents. Test bottles 10 cents at druggists and country dealers. 6d22w

SATURDAY, JUNE 2. 1888.

The Weather.

Moderate winds; mostly north-west and west, fine weather, not much change in temperature.

A Doggerel Ditty.

BY CAVE CANEM.

I'm a canine cur of a cautious kind,
It's my business to live and my business I mind;
I have lashins of fun in this tolerant town
No by-law I fear and I fear no frown;
I sport no tag but the "tag" we play
On the velvet lawn when the folks are away;
How we frolic and sport midst tree, shrub and flower.
And ruin the growth of long years in an hour.
I know I am only a common cur
That my veins don't run with the blue *sang pur*—
But I fill the place I was cut out for
As well as the average councillor—
I do all that's required of an underbred whelp,
But he only does what he cannot help.
My life's a pup paradise day after day,
Only mischief to do and no taxes to pay.
At night when my mistress comes back from down street,
There's a meaty bone, all juicy and sweet
For she's happy she's been to my cousin' store,
The golden lion, and got bargains galore
In muslins and prints, which a princess would please,
As well as in handsome embroideries.

Bob's Good-Bye.

The Lindsay *Warder says*:—"Mr. R. R. Hall left Lindsay on Saturday evening last, for Peterborough, where he intends to carry on the practice of the law. About an hour before he left, a committee of the law students called upon him at his boarding house, and, on behalf of themselves and the other members of the legal profession of the town, presented him with a complete set of Charles Dickens' works in fifteen volumes, a number of volumes of poems and a dressing case. There wasn't any illuminated address, or anything of that nature, but the boys all round expressed their sentiments in a genuine and informal manner. They then accompanied him to the station and assisted him aboard with all the parcels. "Bob" has been a "Tom Brown" among the boys, and he carries with him their regards in a manner seldom equalled, as well as the respect and kind wishes of his very many ardent friends in Lindsay."

Military Promotions.

The following item is taken from the latest general militia orders:—

57th Battalion, Peterborough Rangers, No. 3 Company, Peterborough—To be captain, Lieut. W. H. Hill, vice G. C. Rogers, ceased. To be 2nd lieutenant, provisionally, Sergeant A. E. Dixon, vice Peck, appointed quartermaster. To be quartermaster, Edward Armour Peck, vice Miller, appointed captain No. 5 Company.

Legal Intelligence.

The following case of local interest was disposed of at the Toronto law courts on Friday:—

Roland v. Christie.—Motion for an order to strike out certain paragraphs of the defendant's statement of defence. Aylesworth for motion. Edmison (Peterborough) contra. Judgment reserved.

Accidental Death.

Mr. Jos. Thorne, one of the oldest residents of the township of Cavan, while driving home from Millbrook on Tuesday last, accidentally fell out of his wagon, and a truck passed over, resulting in such injuries as caused his death yesterday. The deceased was in his sixtieth year of his age. Funeral to-morrow.—*Guide, June 1.*

Taken to Cobourg.

The three men arrested at Hastings Thursday afternoon were taken to Cobourg and lodged in the county gaol there this forenoon. There is scarcely a doubt that these are the men who fired at Conductor Tamblim at Brighton, Wednesday.

Market Items.

Despite the forbidding outlook of the weather, there was a good attendance at the market to-day. Butter brought 20 cents at first, but dropped to 19c.; eggs ruled at 10 to 11c; potatoes, $1.25 per bag: rhubarb, asparagus, etc., in 5c. bunches.

Lost or Stolen.

A lady complained to the police this morning that she had lost a gold chain and locket on the market square. She may have been "relieved" of it by a thief. The lost trinket has not yet been recovered.

For the Capital.

Representatives of the Peterborough Boating Club, the Otonabee Canoe Club, and Mr. Wm. English will go to Ottawa next Tuesday to appear before the Railway Committee in opposition to the proposed C.P.R. spur up the river. They will send down as powerful a delegation as they can.

The Coming Event.

On Wednesday, 6th June, Peterborough and Barrie will meet on the lacrosse field. It is to be hoped that the sun will come out brightly on that day, and that the ladies of Peterborough will protect themselves from its burning rays by having one of J. J. Sheehy's pure silk parasols at $1.00. dw

Fine Beverage.

J. H. Gurd & Co. and the Imperial Mineral Water Co.'s Ginger Ale and Soda, a beautiful summer beverage. 18 lbs. good sugar, $1; tomatoes, 10c. per can; 6 lbs. good Japan tea, $1; baking powder, 15c. per lb. Call and see our fine stock. Everything cheap.

Posters are out; read them—all about the union excursion to Toronto on Tuesday, June 12th—Canton No. 10 and St. Luke's C.E.T.S. Tickets are being sold rapidly to the people of Peterborough and neighborhood, our Ashburnham friends keep coming for more tickets, and everything looks promising for a grand time. The band boys are getting ready their best selections for the trip and they will make all hearts rejoice with their fine music, so everyone come—splendid coaches and no delay; can stay in Toronto till 9 p.m. By leaving on regular train, 5.10 a.m., you can arrive in the city by 8 a.m., in time for breakfast. So just think of the time it gives you in Toronto by this excursion, and your verdict will be that it is good. Bring along your children; boys, bring along your young ladies; you husbands, bring along your wives—uncles, aunts all come; grandfathers, grandmothers come. Remember, no crowding on coaches, we will make it comfortable for you. Nice easy road; no jolting, it's the C.P.R. and they will carry you quickly and all will be delightful. Good for two days. You can come back on any regular train, either day. Fare for round trip only this:—Adults, $2; children, $1. 3d127

Information Wanted.

To the Editor of the Examiner:—

SIR,—As we have a party forming here and at Keene who are anxious to go up to Toronto on the Masonic excursion, which the Masons have advertised for the 7th of June, will you kindly find out for us from some of the Masons a few things we want to know. I heard, while in town a few days a go, that the arrangements to have excursionists take their choice of going by Port Hope (which is the way we want to go) will not be very satisfactorily carried out on the return trip. I wish to know if there is any truth in this, as I have always found that whatever the Masons advertise, they generally do without any great blowing. And I hear we have to pay 25c. extra if we go by Port Hope. And will you tell us if there is anything to prevent the excursionists who go on the Masonic excursion from visiting all the places of interest in the city of Toronto, and are the tickets really good for 2 days. Please let us hear from you soon.

Yours truly,
ENQUIRER.

Otonabee, 1st June, 1888.

NOTE.—The proper person to apply to for this information is the secretary of the committee, who will be allowed space in the EXAMINER for reply, as the questions stated may be of interest to others of our readers.

Spots of Sport.

A meeting of the committee of the Riverside Lacrosse club will be held Monday night to select a team to play Barrie next Wednesday on Riverside Park.

Secretary Clark is waiting anxiously for replies from Port Hope and Lindsay anent the proposed district baseball league. Wake up, gentlemen, and let's hear from you at least.

Campbellford baseball club has written for a match with the local club, whom they want to come to their village.

Aquatic.

Mr. H. Calcutt has offered another $50 cup to the Otonabee Canoe Club, to be competed for by single paddlers, hunting canoes, *bona fide* members of the Club; the cup to be won three times before becoming the property of the winner; the course to be on the river at Jubilee Park. Any person winning one heat to stand to his credit till the cup is won, in case he may be prevented from attending the next meet, each meet to be on separate days, one heat only to be paddled at each meet.

The offer will be considered at a meeting of the club Tuesday evening, at which it is hoped there will be a full turn-out of members, as the opening regatta will probably be arranged for at the same time.

News Nuggets.

—Otonabee lodge of Oddfellows expects a busy session next Monday night.

—Farmers have grim fun on market days chasing boys who pilfer from their wagons.

—Everything quiet on the beats. A clean slate at the police court this morning.

—Spring lamb is ripening. Its price makes "mint" sauce an appropriate dressing.

—The funeral of the late John Parker took place Friday afternoon with Salvation Army rites.

—A carpenter working at Cavanagh's hotel this morning cut a severe gash in his leg with an axe.

—To-day's rain created a boom in tomato, celery, cabbage and bedding plants generally.

—The Lindsay school board has signed the contract for the new collegiate institute building.

—"Soft drinks three cents a pease," is the alluring intimation placarded in a side street shop window.

—The Salvation Army barracks building on Simcoe street is being pushed to completion. The roof is on.

—Mr. O C. Rowse's fine double house on Charlotte street, corner of Park, has gone up rapidly—it is now "enclosed."

—"Inquirer" is referred to Sir Hector Langevin for information as to whether the clock in the post office tower keeps correct time.

—The semi-annual election of officers is beginning to exercise the minds of Oddfellows, and candidates and their chances are beginning to be discussed.

It is expected that Mr. T. Cavanagh will move into his market square hotel on Monday, Mr. Kennedy entering upon possession of the Stewart House at the same time.

—Yesterday the bricklayers and masons of the town began the nine hour system—quitting at 5 o'clock as on Saturdays. They only work nine hours per day hereafter.

—When you come down town to-night don't neglect to drop into Doran's Bankrupt Emporium (Cluxton's block) and sample the big bargains his new bankrupt stock affords. dtf.

—To-day was no exception to the rule of rainy Saturdays that has held good for a couple of months back. Business is dull enough at all times, and when Saturday's trade is spoiled by rain the merchants are in despair.

—Mr. R. M. Roy has recently completed some splendid photographic views of the interior of St. Andrew's church. These photograms will be on exhibition at Muncaster's jewelry store.

—A farmer in town to-day was asked, "How are you, and how's things growing?" "Oh, I'm not feelin' very well; the noise made by the opening of the leaves kep' me awake nights and it breaks me up to be broke of my rest."

—A Cavan man, it is said, has beaten the greengoods sawdust men at their own game. He got one of their circulars and in reply asked for a sample of their goods. They sent him a genuine $1 bill, and the gentleman from Cavan stopped the correspondence then and there.

Life, Love and Death

The registrations of vital statistics at the town clerk's office last month were 26 births, 7 marriages and 5 deaths. What a contrast there is between it and the record for April—22 births, 27 marriages and 23 deaths. The death and marriage registrations were abnormally large during April.

Church Chimes.

ST. PETER'S CATHEDRAL—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10.30 a.m. Vespers at 7 p. m.

Methodist Church, George-street—Regular services at 11 a.m. and 7 p.m., conducted by the pastor, Rev. S. J. Thompson.

Charlotte street church—11 a.m. and 7 p. m., Rev. I Tovell.

Order of services for Mark-street Methodist Church, Ashburnham, June 3rd, 1888, conducted by Rev. J. C. Wilson—10 a.m. monthly prayer meeting; 11 a.m., public services, subject "The Name"; 12 a. m., monthly fellowship meeting; 7 p.m., subject, "The Salvation."

Rev. I. Tovell will give an address tomorrow afternoon in Gospel Temperance Hall at 4 o'clock.

The Stationing Committee of the Bay of Quinte Conference meets in Lindsay on Monday. Conference assembles on Thursday.

His Lordship Bishop Dowling will administer the sacrament of confirmation in the Roman Catholic church at Cobourg on Sunday.

The British Columbia Methodist Conference has appointed Rev S. J. Thompson, now pastor of the George-street Methodist Church, to Richmond circuit, British Columbia, seven miles from Vancouver. This is an important charge and the selection made, shows that, though young in the ministry, Rev. Mr. Thompson's zeal and abilities are held in high esteem.

Laymen's evangelistic services for tomorrow are as follows:—Jail, 9.30 a.m.; Protestant Home, 2 p.m.; Nassau, 7 p.m.; North Monaghan, 7 p.m. All are invited.

Personal.

Mr. W. H. Cottingham and bride, of Montreal, on their return from their wedding journey, are staying in Peterborough for a few days.

Mr. W. A. Rawlings, St. Catharines, general manager of the Saw Works of that place, and a prominent Oddfellow, spent a few days in town this week.

Mr. John M. Grover, Registrar of East Northumberland, died at his residence at Colborne on Friday night, in the 73rd year of his age. The funeral will take place on Tuesday, at two o'clock.

Mr. R. W. Grubbe, of the Bank of Toronto, has returned home improved in health after a fortnight's outing at Rice Lake. During his absence Mr. Barker, of Toronto, was his *locum tenens*.

Mr. John Bond, of Cobourg, manufacturer of Portland freestone, is in town taking orders for this article, samples of which can be seen at the offices of our chief architects and in several of our prominent buildings.

Dr. W. D. Scott, late House Surgeon of Toronto Hospital and silver medallist of Trinity Medical School, is expected in town to-night. Dr. Scott intends hanging out his shingle and settling down in Peterborough, his old home.

Masonic Notes.

St. John's Day, June 24th, falls on a Sunday this year. The Masonic brotherhood of Peterborough will observe it by attending divine service in St. Andrew's Church, and on the following evening a strawberry feast will be provided for the brethren and their families in the Masonic Hall, Water street.

D.D.G.M. B. Shortly paid an official visit to Peterborough Lodge Friday evening, investigated the efficiency of the lodge's standing and gave a review of his work in the district.

A reading room in connection with the Masonic Hall, is proposed. On Friday night a committee of Peterborough Lodge No. 135, was appointed, to co-operate with similar committees of other lodges.

The excursion to Toronto on the 7th June promises to attract a large number of the fraternity and the general public throughout the district. Private letters and reports received by the committee from different sections of the route through which this excursion is to travel, give encouragement for a very successful affair.

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "85" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

NOTES FROM THE CAPITAL.

RICHARD WHITE THE PROBABLE SUCCESSOR OF SENATOR FERRIER.

The Writ for Picton Issued—Raising a Sightship—Telephone Wires supposed to have been the cause of Fires.

OTTAWA, June 4.—The Evening Journal says that Richard White, managing director of the Montreal Gazette and brother of the late Hon. Thomas White, is pretty sure to be appointed senator, succeeding the late Mr. Ferrier. The Cabinet Ministers nearly all favor the appointment, as Mr. White is a representative business man, stands high in the party and has a good record in the Montreal City Council.

The contract for raising the $44,000 lightship sunk in Lower Traverse, St. Lawrence River, last fall has been let by the Marine Department to Patterson & Company of Quebec.

The fact that the telephone box at the Bentler House was ignited a few nights ago, that poles carrying the electric light wire on Sparks-street caught fire, and that several fires have occurred lately, the origin of which has not been discovered, led to the supposition that these fires have been caused by heavily charged electric light wires crossing telephone wires, and an investigation will probably be held.

The writ for Picton has been issued. Nominations will take place on June 15 and on June 22.

Judge Armstrong and Mr. Hellbronner of the Labor Commission are here to supervise the printing of evidence, which will be commenced this week.

ENSILAGE FOR CATTLE.

Its Value to the Farmers—An Address by Valancey E. Fuller.

BRAMPTON June 4.—A meeting of the Farmer's Institute of Peel was held here on Saturday. Mr. Valancey E. Fuller of Hamilton, among others, addressed the meeting. He dealt with the question now all important in dairying—economy in milk production. He strongly recommended ensilage as a food to enter largely into cattle provender. Recent experiments in Wisconsin, he pointed out, showed that where ensilage was used it required only 20.43 pounds of milk to produce a pound of butter, while, under similar circumstances, with different kinds of feed, it required from 21.66 to 23.43 pounds. The ensilage, which was prepared from sweet southern corn, had been produced on his Oaklands farm at $1.56 per ton, and three tons of ensilage being fully equal in feeding value to one ton of hay, the relative value of a ton of hay would be $4.68. He showed that it would not pay to grow hay in the country at that price, and this fact demonstrated the economic value of ensilage. In addition to this the feed was better than hay; and was better suited to milk production.

AGITATING FOR REPEAL.

A Fatal Accident in a Cabinet Factory—A Deadly Drought.

OSHAWA, June 4.—A petition is being largely signed here for the repeal of the Scott Act in the County of Ontario, among the petitioners being many who have been prominent temperance advocates for the past twenty-five years.

Matthew Manuel, an employe in Heap's cabinet factory here, was hit in the groin by a board which flew from a planing machine which he was operating. He died from the effects of the injury at 7 o'clock to-night. Deceased was about 54 years of age, and leaves a widow with eight children and one married daughter.

A Disputed Gold Find.

BURK'S FALLS, June 4.—For some weeks past the people here have been somewhat excited over reported "gold finds." In the township of McKenzie, about five miles from the village of Dunchurch, a very rich vein has been discovered, and two assays have been made by Toronto assayers, and the result has been even more satisfactory than was expected, as the specimens assayed were taken from the surface without any attention being paid to the quality. One of the assayers is reported to have said that there should be no difficulty in working such a mine with good financial results. The vein has been traced for two miles, is twelve inches in width on surface, increasing its width as the blasting is proceeded with. Experienced miners have been engaged for some days in sinking a shaft, and when only two feet from the surface a nugget of pure gold weighing six ounces was found, while the quartz in many places shews its richness in the yellow metal.

An explorer from the north country says the find near Burk's Falls is of iron pyrites.

Lost Their Lives Through Disobedience.

MACKEY'S STATION, Ont., June 4.—Six men in the employ of Pierce & Co. of Ottawa, attempted to run the rapids of Milleroche, at the head of Lake Traverse on Petewawa River, against the orders of their foreman. The boat swung around in the current and upset, drowning Cleophas Theoret of Point Claire; Hyacinthe Mallet, of Buckingham; and Denna Beudry of Papineau

Children Cry for Pitcher's Castoria.

PROBABLE CANDIDATES.

LIKELY TO BE PUT FORWARD BY THE DEMOCRATIC CONVENTION.

The Thunderer Discusses Blaine's Letter—The Real British Interest in the question of Free Trade.

LONDON, June 4.—Mr. Blaine's letter to Mr. Reid, cabled here in full, is much discussed, but with none too much knowledge of the situation. Once more it is seen that the real British interest in the Presidental elections is in the question of Free Trade.

The Times, for example, treats Mr. Blaine individually with respect, saying that his attitude does him honor, and that his self-denying decision he continues to be the most powerful Republican manager and individually the most conspicuous American politician in existence. He is thought to be all the stronger for refusing to stand. But the moment the question of Protection is reached the Briton puts his head down. American Democrats are assured that they could easily refute the extraordinary sophisms by which Mr. Blaine in his Paris letter endeavors to blast Free trade. He is attacked for contrasting the condition of America, prospering under Protection, with that of Europe, poverty-stricken by Free Trade. He talks, says this writer, as if he was wholly ignorant that Free Trade in Europe is the exception and Protection the rule.

Yet the letter of this ignorant man, who in fact has the whole literature of the Free Trade controversy at his fingers' ends, is described as an epoch in the personal history of the Presidental conflict, and as showing the direction the contest will take.

The Democratic Convention.

ST. LOUIS, June 4.—The work of the Democratic convention promises to be short. All the probabilities point to the nomination of Cleveland and Thurman as the ticket, and the platform, embracing the principles of the President's message, is understood to have been already written. Of course, the friends of Gray insist that the Thurman boom is all sentiment, that every practical politician will be for Gray, while the dreamers, will be for Thurman; but a large majority of delegates here at this time are dreamers. The President's re-nomination will be by acclamation and quite likely also that of Thurman.

THIRSTING FOR BLOOD

Horrible Scenes at a Lynching in Wisconsin on Saturday.

VIROQUA, Wis., June 4.—Late Saturday night 1,000 determined men surrounded the jail where Andrew Grandstaff, the murderer of Reuben Drake, his wife and two grandchildren, was confined, but the authorities, refused to give up the prisoner. The barricades were then broken down and the officers overpowered. An hour was spent in breaking down the steel cage, and then the prisoner fought with desperate efforts against the mob that sought to enter. The struggle did not last long and he was taken out bound hand and foot, dragged to the pearch below and there preparations were made to hang him. A rope was placed around his neck and the prisoner was asked what he had to say. He protested his innocence, but it was known that he had made a full confession in the afternoon and he was not believed. The scene at the jail was horrible. The prisoner was covered with blood, having been terribly mangled while the steel cage was being battered down. Grandstaff pleaded strongly for his life, but in vain, and at 12.45 a.m. the mob hung him to a tree in front of the Court-house and let him down to see if he would confess. After a second elevation to the court-house oak, Grandstaff made a statement to the effect that he and Frank and Elisha Carri had the murder concocted, and that the two latter had the deed accomplished before he arrived at the house. His statement was not believed. Grandstaff hung ten or eleven minutes before life was extinct. His remains were not cut down until morning.

GONE ACROSS THE BORDER.

Uncle Sam Asked to Provide for the Cree Indians who have Fled.

WASHINGTON, June 4.—The Speaker laid before the House a communication from the Secretary of the Interior containing a request from the Commissioner of Indian Affairs that a band of Cree Indians now located at Fort Assiniboine, M.T., be allowed to come to Fort Belknap Agency, M.T., for settlement. In October, 1885, information was received that these Indians, numbering 187 souls, crossed the international boundary line and were located near the Fort Belknap Agency, M.T. They had in their possession property, the character of which clearly indicated that they had been engaged in the Riel rebellion.

The Secretary suggests that authority be granted to place these Indians on the lands of some of our own Indians, or that a small reservation be set apart for their benefit, and recommends an appropriation of $5,000 to relieve any destitution which may exist among them during the next fiscal year.

A Yacht on a New Model.

NEW YORK, June 4.—A thirty-foot yacht was launched at Wilmington to-day for E. Weiner, of San Francisco, in which he proposes to sail from the coast of Maine to Aspinwall, and after portage across the isthmus to resume his journey up the coast to San Francisco. The vessel is on the new principle which it is thought will revolutionize ship building. This prindiple, or system, consists in ballasting with water taken through permanent holes in the bottom and acting oil in metal ballasting chambers. It is claimed that such a vessel can neither be upset nor sunk.

A Revengeful Husband.

KANSAS CITY, June 4.—Henry Williams, a colored janitor employed at the Custom House, met his wife on a Main-street in company with Henry Kyle. Williams at once fired two shots at Kyle, one entering his stomach and causing death within thirty minutes. The murderer was arrested.

Canadian Cattle.

LONDON, June 4.—Swansons, of Edinburgh, report that Canadian Chipments of live stock, 800 head, have not arrived on time.

THE BISHOPS TO THE POPE

THEY SUGGEST THAT HIS HOLINESS HAS BEEN MISINFORMED.

They do not Question his Right to Interfere in Matters of Morality—The Pope's Official Words.

LONDON, June 4.—The document of the Irish bishops, which has reached Rome, admits the right of the Holy See to interfere in matters of morality. The plan of campaign and boycotting, therefore, come under the jurisdiction of the rescript which they receive with reverence. The Bishops are constrained to remark, however, that the Holy See has not been correctly informed in regard to the acts condemned by the rescript, and that the circumstances which gave rise to those acts as a means of legitimate resistance ought to be considered. The document adduces a number of statistical data to prove that the disputes between the landlords and the tenants have a political character, and have nothing to do with matters of morals and religion. It concludes with renewed expressions of devotion and respect for the decisions of the Holy See It is now reported that Mgr. Persico, the Papal envoy, was opposed to the publication of the rescript as inopportune.

The Rome correspondent of the London Daily News, learns that the Pope, through English bishops, has repeatedly asked the British Government to mitigate the rigour of its measures in Ireland.

The Pope's Official Words.

ROME, June 4.—The Pope corrected the proof of the authorized publication of his allocution delivered at the consistory. After condemning the provisions affecting the clergy in the new Italian code, His Holiness says; "What causes us the greatest pain is the desire manifested to maintain at all hazards the conflict between the papacy and Italy which we, from love of church and country, declare that we wish to terminate. The desire displayed by the states to war against the church is folly, and is hurtful to all, especially to Italy."

The Meeting at Cork.

CORK, June 4.—Another meeting was held in the city park here yesterday to take action with reference to the Papal rescript. The meeting endorsed the resolutions adopted by the Irish Bishops at their recent meeting in Dublin Wm. O'Brien in a speech said that the people had the support of the bishops. The leaders of the Irish movement, he said, wished to drop the rescript agitation, but they would continue it if necessary.

Stocks and Produce.

LONDON, June 4.—The stock markets during the past week were quiet. There was a slight advance in some of the markets, but the movement was not general. Canadian loans were unchanged. Among the railways Grand Trunks first, second and third preference were one lower. Canadian Pacific shares have fallen ⅛. Quebec Central bonds have risen 5 on the official statement showing better prospects. Hudson Bay shares are 1½ lower, owing to there being no dividend. Canada Company has also fallen three. In the produce market the nominal quotation for fine Canadian cheese is 50 to 54 shillings. New white for instant shipment is lower. Rates for current canned goods are unchanged.

Explosion of a Naptha Tank.

OMAHA, Neb., June 4.—A naptha tank in the northern part of the city exploded Saturday and hurled Wm. Kelly, and John Christy high in the air. Kelly was instantly killed, and Christy was fatally injured. The two men were tinners and were repairing a leak in the tank, which was nearly empty. There was a large quantity of gas in it, however, and this ignited from the charcoal stove used by the men for heating irons.

The Tithes Agitation in Wales.

LONDON, June 4.—The agitation against the payment of tithes at Denbigh, Wales, is increasing. The military were called out Saturday and dispersed a crowd that had gathered. No one was injured.

On The Free List.

LONDON, June 4.—It is stated that Mr. Goschen, Chancellor of the Exchequer, will exempt from duty bottled French wines of the value of three francs thirty centimes and less.

The Weekly Weather Bulletin.

WASHINGTON, June 4.—The weekly weather crop bulletin says: During the week ending June 2 the temperature differed but slightly from the normal in the Middle and South Atlantic States, the East Gulf States, and the Upper Ohio Valley, while it was a cold week in the Central Valley and New England. In the grain regions of the north the average temperature was from 3° to 9° lower than usual. The season from Jan. 1 to June 2 remains backward throughout the Northern States, the greatest departures from the normal being in Minnesota and the adjoining States.

International Y.M.C.A.

GRAND RAPIDS, Mich., June 4.—The International Young Men's Christian Association Societies have elected the following executive committee; George T. Coxhead, St. Louis, chairman; John B. Squires, Buffalo, secretary-treasurer; C. A. Lichlider, Atalanta, Ga., W. A. Wagner, Columbus, O., and Wm. McCulloch, Toronto.

In Limbo.

NEW YORK, June 4.—Alice Woodhull, who was brought back from London in the steamer Ohio, whither she had gone with her sister after defrauding old John Gill out of many thousands of dollars, is safely lodged in Ludlow street Jail. She declines to talk with reporters.

Poisoned at a Church Fair.

NYACK, June 4.—Eight young ladies partook of canned salmon salad at a church fair here Thursday night, and have been made dangerously ill, one being in a critical condition.

The Saloons Triumph.

CHICAGO, June 4.—Mayor Roche will veto the ordinance prohibiting the location of any more saloons within two hundred feet of churches or schools in this city.

THE DEBATING CRAZE
IS OVER.
A NUMBER of Talented Speakers from Lindsay and Peterborough have made Eloquent Harangues on "Novel Reading," "The Party Press," "Commercial Union" and other subjects. These debates have awakened a deep interest among our Citizens. We venture to suggest a few subjects of far GREATER Importance:—
I. Resolved,—That ROWSE'S TRADE PALACE sells the Cheapest Dress Goods in Peterborough.
II. Resolved,—That ROWSE'S 50c. Pure Silk Merveilleux are Better than other houses sell at 85c. yard.
III. Resolved,—That ROWSE'S CASHMERES in Sky blue, Blush Pink, Esterhazy, Cream, Peacock, Grey and Dove Shades, which they are selling at 60c. are worth 85c. yard.
IV. Resolved,—That the Most Reliable House for Silks, Satins, Plushes, Dress Goods, Corsets, Hosiery and Gloves, is ROWSE'S.
The Thousands of Close Cash Buyers of Peterborough decide in favor of the affirmative. We study to please, and a pleased Customer will call again.

The Daily Examiner.

MONDAY, JUNE 4, 1888.

THERE is now little doubt that Lieut.-Governor Dewdney has been selected as Minister of the Interior, and there is no doubt at all that a worse selection could not possibly have been made.

THE C.P.R. has again got the start of the Dominion Government. They have placed their new bonds, the swap for privileges of monopoly, privileges they never enjoyed, upon the English money market in advance of the new Canadian loan, with the consequence that there was a brisk demand for the bonds at good figures. When the Canadian loan of 25 millions comes to be put up, there is a possibility that the appetite of investors will have been satiated.

Little Lake Cemetery.

In Summer Garb—Continual Improvement—Development of the New Portion—The Superintendent's Success.

Owing to the lateness of the season, this charming home of the dead is not as far advanced in growth the first week in June as at other seasons, but in spite of Nature's coyness, the same marks of superintending care are evident on every side. A good deal of the lawn has been mown and this portion presents a fine, tidy appearance, and many of the burial lots have been planted with flowers. The trees are now in full leafage, and most of them have passed the ordeal of a dry autumn and severe winter without scath. The evergreens selected for trimming, and which were treated last year, are looking very fine, and altogether the older portion of the cemetery is in the highest condition of cultured beauty. It is the newer portion which shows the most marked improvement, and the fine appearance of it, even in its present comparatively new state, conveys little of the large amount of labour necessary to bring it to this condition. The

MAIN DRIVES HAVE BEEN PROTECTED

from the wearing effect of summer showers and spring and fall rains by a carefully laid gutter of cobble stones along one side of the drive or along both sides of the two main entrance drives, at the head of Crescent and Ware streets. Two thousand feet of this have been laid down, and it is a permanent improvement which does not make much show but is an important and indispensable aid to keeping the drives in good condition. This work was done late last fall. The tree planting done last spring is put to the test this spring. There were planted between three and four hundred trees consisting of elms, maples, mountain-ash, cut leaved birch, black walnut, and of these about 97 per cent. are in full leaf and growing thriftily this spring. This indicates that great care was taken in the planting of them. They are in fine growth and in a few years will make a fine avenue. It would be well if the opposite side of Haggart street were graded and planted with a similar row of trees. In the course of a few years these would form an avenue of great beauty and would largely tend to neutralize the detracting effect of a class of dwellings, springing up in the vicinity, out of harmony with the surroundings. The present cost would be trifling compared to the magnificent results a few years hence. No doubt the directors of the company have use for all their funds upon the grounds themselves, but it is important that the comple' mentary conditions to beauty should be also dealt with in relation to the immediate approaches to the cemetery, a consideration which suggests also the planting of a double row of elms on each side of Ware street, commanding its whole length a fine view of the cemetery.

This spring alongside the western fence a flower plot has been made with a broad walk running parallel, both extending

FROM ENTRANCE GATE TO ENTRANCE GATE.

The plot is planted with flowering shrubs, perennial flower plants and bulbs. This spring also a hedge of spruce has been planted alongside the walk from the main entrance gate to the diamond on Ware avenue and on both sides of this avenue. In the new portion alongside the main drive a beautiful new circular flower plot has been placed and other flower plots will soon be added. On the circle of the drive near where the old gates stood, a *plastron* of award has been placed, in which the letters "L L C" have been cut and the spaces filled with the ruddy foliage of the alterananthera. Altogether Mr. Kelly, the careful and judicious superintendent is doing excellent work, and every year the citizens of Peterborough have new reasons for pride in their beautiful cemetery. The conditions which have recently been created, will permit the processes of nature to add to the beauty every year.

NOTES.

Several trees presented by Captain Wallis have been planted along the shore line near the windmill. Here also a row of honey locusts (robina pseudacacia) have been planted with a view of preserving the banks from the wearing effects of the waves of the lake.

It is contemplated to erect another windmill to increase the water supply.

A new well has been bored on the superintendent's lawn, but the water seems to be strongly impregnated with mineral salts.

The cedar hedge along the southern side of the main drive did not stand the dry weather last year very well. The gaps have been fil'ed in this spring.

There is a striking contrast in the interments in the cemetery in April and May respectively. In the former month there were twenty-five burial and in May only eight.

PETERBOROUGH citizens for some time past have had a Kidd in boots—now they have a Kidd in The Pantry, who is reaching out with irresistible energy for the grocery trade of the town and surrounding country. Give him a call.

Children Cry for Pitcher's Castoria.

The Dog Problem.

To the Editor of the Examiner:—

DEAR SIR,—I saw five robust dogs in a body sporting on an open lawn, and the innocent gambols and freedom of action necessary for the disfigurement of the trimly-kept sward, were not hindered by a single tag. There is something wrong. I own a cur, worth—absolutely—about five cents, but according to family valuation, about $50. I willingly pay my $1 tax because Fido is a great pet with the children and invaluable to myself as an incarnate vendetta, to offset the unmelodic malevolence of the neighbour's girl, who practises the chromatic scale on a thundering piano from five o'clock A.M., *ad lib.* I could never stand this diabolically early serenade if I had not the hope to look forward to that Fido would howl lustily under her window, ruining her virginal slumbers, for two or three hours. But while I pay my tax, I must insist that other dog-owners do the same. I would propose that the assessors' roll be taken as *prima facie* evidence of the existence and ownership of a dog. If the owner did not register his animal in due form before a certain fixed date in each year, I would propose a substantial fine and decree the destruction of the dog, giving, however, the delinquent dog owner one chance to pay his tax. The tag system seems to be useless—a careful dog can wear a tag three or four years, and nobody seeing a cur carrying the corporation medal would apologize and stop the dog and examine the tag to see if it was of this year's coinage. Let us try the fine system. I am sure it would have a fine effect—literally, at least—and go far towards making up the $450 due from delinquent dogs in town.

Yours faithfully,
FIDO'S MASTER.

June 1st, 1888.

Foolish Economy.

To the Editor of the Examiner:—

DEAR SIR,—I noticed the policemen going their beats in the downpour to-day unprotected by a rubber cape or coat. Of course it's contrary to regulations for a policeman or a soldier to carry an umbrella, and he has to be on his beat rain or sun. I think the council might provide the policemen with rubber capes as is done to the policemen in other places. I know that Mr. John McNaughton is a stickler for economy, but he has good sense and fairness enough not to advocate false economy, such as exposing police officers to rain and weather without proper protection, and if he were now in the council, there is no doubt that the wants of the policemen, as I have pointed out would have been attended to as well as some wild-cat expenditure by the present council nipped in the bud.

Yours truly,
HUMANITY.

THE WONDERS OF MAGIC.

When you find that beauty is falling away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."

The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair,
Try "Dorenwend's Magic."
It imparts strength and beauty,
And it's the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."

Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. Perfect Health

can only be attained by carefully attending to the laws of nature as expressed in the system. To do this successfully requires the use of Burdock Blood Bitters occasionally, to secure the regulating and strengthening effect of this splendid medicine. 2d22w

How it Works.

The mode of operating of Burdock Blood Bitters is that it works at one and at the same time upon the Stomach, Liver, Bowels and Blood, to cleanse, regulate and strengthen. Hence its almost universal value in chronic complaints 2d22w

"Peanut Joe" at Rest

Joseph Martinella, or Peanut Joe, the Italian who managed the refreshment stand at the corner of Hunter and George street, was buried Sunday afternoon. His was a sad story. Taken suddenly ill Friday morning, before Saturday night he was dead, and his young wife was driven nearly frantic by the suddenness of the blow. It is said he died of a complication of diseases To show their respect for their deceased countryman and following the usual custom in their own sunny country, the Italian community subscribed to a fund and engaged the band to escort the remains to their last resting place. The body was taken to the Cathedral first and from there to the R.C. cemetery. The funeral was largely attended. "Joe" was a fixture at the corner while alive, and his smiling, swarthy countenance will be greatly missed by the public. His stand is vacant to-day, a reminder of the grim realities of death and the uncertainties of life.

Saturday Night Concert.

The W.C.T.U. hall was comfortably filled with people Saturday night, when the first of the proposed series of concerts under the auspices of the "Y" was held. The President, Miss L. Sanderson, occupied the chair. Those who assisted in the programme performed their parts most creditably. An instrumental duet, piano and violin, by Miss Chalaupka and Miss Jennie Moyse, was the first number, followed by a vocal solo by Miss Cameron. In lieu of the song by the Business College Glee club mentioned on the programme, Mr. Bannell Sawyer gave a solo. A solo by Mrs. W. Daly and the National Anthem by the audience concluded a short but attractive programme. The unique feature of the evening, however, was a debate on the all-important subject, "Resolved, that the man who *can't sing* and *will sing* is more culpable than the man who *can* and *won't* sing." The affirmative was supported by Rev. S. J. Thompson and Mr. W. A. Dixon; the negative by Mr. F. H. Dobbin and Mr. Gordon Smith. These gentlemen ably fulfilled the promise of the committee to regale the audience with "wisdom and wit, logic and laughter." The judges, Messrs. Earle, Colbeck and Beane, decided in favor of the affirmative. Those who were absent last Saturday evening missed something. Those who want to enjoy a similar treat see Friday's issue of this paper for programme of next Saturday's entertainment.

Falling into a Fortune.

It is not often that rich uncles die and leave some needy poor relation rolling in wealth. But it occasionally does happen. It's perhaps the way of the world that the misfortunes of one results in the benefit of another. A Peterboroug family, by the failure of a wholesale house, have come into a small fortune. This house was doing a big business and carried an immense stock of splendid goods. But commercial troubles came on them and they had to go to the wall. In the division of the estate this Peterborough family came into a decided windfall. The particulars are these: A Peterborough gentleman happened to be in Montreal at the time and, having the interest of this Peterborough family at heart, bid in a big slice of the stock, and turned it over to gough bros., the wonderful cheap men, at 52½ cents on the dollar. This stock, consisting of boys', youths' and men's ready-made clothing, is offered at ridiculously low prices, and this Peterborough family fell into the good fortune of getting these goods so low that every male member is clothed throughout in a neat and tidy manner, and enough money was saved by buying the goods at gough bros. that the female members are also togged out completely—the whole family well dressed for what, but for gough bros., would only have done to clothe half of it. The moral is plain.

A Correction.

To the Editor of the Examiner:—

SIR,—Last Saturday's edition of the Daily *Review* contained an advertisement stating that parties accompanying the Masonic excursion to Toronto by Grand Trunk Railway would be admitted to the Cyclorama of the Battle of Sedan at half rates. As Secretary of the Oddfellows' Excursion Committee, I immediately wrote the manager asking for the same rates to parties going on our excursion on Tuesday, June 12th, *via* C.P.R., and have just received the following telegram, which will speak for itself:

TORONTO—time, 12.10—June 4th, 1888.

Same terms offered Masonic as your Society, viz., forty cents. Deny statements in papers. Will see you Wednesday.

A. L. FISHER,
Manager.

By inserting the above you will oblige,

Yours,
G. J. EARLY,
Sec. Com.

Information Supplied.

To the Editor of the Examiner:—

SIR,—For the information of "Enquirer" and his friends who wish to join the Masonic excursion at Peterborough, on the 7th June, but who want to know a few things about railway arrangements, etc., I beg leave to explain, briefly and clearly as possible:—

The public may rest assured that the very convenient railway facilities afforded by this "double route" excursion will be carried out to the letter, as advertised. The special train for Toronto, *via* Port Hope, leaves Peterborough at 6.15 on the morning of the excursion, and arrives in Toronto about 9.30 Excursionists who wish to return the same evening by the same route do not leave Toronto until 8.30—giving them nearly twelve hours in the city—and on arriving at Port Hope will find a special train awaiting to bring them direct to Peterborough. By the other route, *via* Lindsay, excursionists who do not care about an early start, are not required to leave Peterborough until 8.20 in the morning. This train arrives in Toronto at noon and all who wish to come back by this same route leave Toronto by the 4.30 train. But it is important to bear in mind that excursionist going by Lindsay can return by Port Hope, or *vice versa*.

The tickets are good to return on the following day by any regular train. The price of the tickets for the round trip, going or coming by either route, is $1.75—no more, no less—no extras, no reductions.

There is nothing that the Masons know of to prevent excursionists from visiting all the places of interest in the city of Toronto during the life of their tickets on this excursion. In addition to other attractions, reduced rates are secured to excursionists who wish to visit the much talked of cyclorama of the Battle of Sedan, and also on Doty's line of steamers plying to the island and Hanlan's Point, particulars of which will be made known on the excursion trains. The fraternity will also be interested in knowing that the Masonic Hall on Toronto street will be open for the benefit of the visiting brethren from the district.

The announcement in Saturday's *Review* that excursionists could see the cyclorama for half price was an error of the printer, not of the committee, and was immediately corrected.

Thanking you for the permission to make these explanations through the columns of your paper, I remain, yours respectfully,

W. MENZIES,
Sec'y Masonic Ex. Com.

Dejeuner Criminal.

A Varied Bill of Fare This Morning—A Bad Little Boy in Court—Furious Driving and Other Cases.

The bill-of-fare of the *dejeuner criminal* at the police court this morning was varied and spicy, and was eagerly digested by the "great unwashed," who attended in full force. P. M. Dumble presided, with Mayor Stevenson as *magistrate consort*.

A CURE FOR LONESOMENESS.

Martin Fox, of Ennismore, was charged with having been drunk Saturday night. He admitted the mild impeachment, but said he had come to town to do business, met a friend, and, feeling lonesome, with *him* inspected the bottom of a flask carried by the latter. As this was his first appearance before the Court he was dismissed.

ADJOURNED CASES.

The Scott Act case against Mrs. Condon was again enlarged for a week.

The larceny case was withdrawn, a settlement having been effected and the prosecution offering no evidence.

ILLEGAL FISHING.

Thos. Connors and John Young were charged by Inspector Cochrane with having fished for lunge in Mud Lake out of season. The former confessed the truth of the charge but pleaded ignorance of the law and said he had no intention of doing wrong. The latter admitted having taken his spear down to the lake with him when he went to inspect logs, and if he had happened to see a fish he would have taken it. He had not speared any, however. In both cases a nominal fine of $1 and costs was imposed, on account of extenuating circumstances.

FURIOUS DRIVING.

James Dawson, an Ashburnham young man, was charged by P.C. Adams with having run his horse across the Hunter-street iron bridge and acted in a disorderly manner on Thursday morning about 2 o'clock. The defendant pleaded guilty and was fined $2 and costs in each case.

A BAD BOY.

Charlie Butterworth is about thirteen years of age, and has lately been employed as bell-boy at the Oriental hotel. He came out to this country from London, Eng., (where he has a father living) with his brother about three years ago to Miss Macpherson's Home. The brother died only last week at the Nicholl's hospital, it is said, from the effects of drink. Young Charlie has lived in Peterborough for a long time, shifting places frequently, and was generally looked upon as "the makings of a bad man." On Thursday it is alleged he stole a letter addressed to Mr. Richard Benson, one of the guests of the hotel, extracted a dividend check of the Imperial Bank for $20, fortunately made payable to order, and presented it for payment at the Bank of Montreal. It was not endorsed, and Mr. McDonell, the teller, told the lad it must be endorsed with Mr. Benson's name. Young Butterworth returned to the hotel, forged Mr. Benson's name and again returned to the bank. The teller noticed the endorsation was made in a scrawling, schoolboy's hand, and suspecting all was not right, telephoned to the hotel to ascertain. Mr. Benson promptly replied that he had not yet seen the check, and his name must have been forged. In the meantime the lad, fearing detection, had left the building and hurried to the station, where he caught the noon train for Port Hope. A message was sent to the Chief of Police there, who arrested the youngster on Saturday. He was brought back to town on Sunday by Chief Roszel and appeared before the court this morning. He stated in his defence that he had found the letter opened but admitted having forged the name and attempting to have the check cashed. The lad was remanded till to-morrow in order to inquire into the boy's past record and as to what disposition had best be made of him.

Useful Baking Powder Facts.

The following hints may prevent some housekeeper from being imposed upon:

If, when two samples of baking powder are tested by mixing with cold water, one of them boils up quickly, effervescing like seidlitz powder, and the other rises more slowly, foaming like yeast, and perhaps standing over the top of the glass, it is an evidence of the purity of the former and the adulteration of the latter. The different action of the second is caused by the addition of flour or lime, or both. Put a little flour in the other and mix it thoroughly, then stir into the water, and the same result is produced, the action being more or less slow according to the amount of flour added.

News Nuggets.

—Chief Roszel's wife and family arrived in town to-day.

—A full meeting of the members of No. 3 Company will be held this evening for drill.

—Sharp frost and the third of June are natural diversities that should not consort together as they did Sunday night.

—A full attendance of the Masonic excursion committee is called for this evening in the Masonic hall at 8 o'clock.

—Capt. Clark's cadets of the Guelph collegiate institute gave an exhibition in Toronto Friday night.

—Remember the Oddfellows' excursion to Toronto Tuesday, June 12th, via C. P. R. We do all we advertise. Keep this in mind. d

Mr. Robert White points out with pride to his friends the large block of handsome Burleigh marble resting at the gateway of his livery stable yard.

—May is an unlucky month for marriages. While there were twenty-seven hymeneal hitches in April, in May there were only seven.

—Mr. F. G. Cox was second oar in a winning four-oar crew at the races of the Argonaut Rowing Club on Saturday.

—It is now understood two *deputations, pro* and *con*, will leave town to night for Ottawa to interview the Railway Committe at its sitting to-morrow, *re* the C.P.R. siding.

—Sunday was Corpus Christi Day, or the *fete Dieu*, but in the absence of Bishop Dowling at Cobourg no special services were held in St. Peter's Cathedral.

—Rev. M. Pearson, of Lindsay has been invited to deliver the sermon to the Masonic fraternity of Peterborough on the 24th of June in St. Andrew's church, and to-day he telephoned his readiness to do so.

Some Things to Say

If there is any rule to follow in buying it is the rule to buy comfortably and decently. Buy where you are not harrassed, buy where you have the chance to select easily and confidently, buy where you are not offered a bankrupt goods stock which you don't need and don't purpose to buy, buy where the "mark downs" are not made use of to compel you to buy whether your wish is to or not, buy where the stock is new, fresh and stylish, kept so by a steady stream of custom that spoils the stock by the demand made on its resources every day. Buy here and you buy well.

Shall we ask you to buy Dress Goods. Certainly. We are confident of our lines. If you want cheap goods take our Serges. Showy goods, really serviceable, neat looking and only 10c. per yard. Makes a serviceable, well-looking gown, and sure to have a neat appearance.

Suppose you want better goods. We need scarcely tell you ours is the house for better things. We are famous for keeping the best things in the market. We are well spoken of far and near. To jog your memory we suggest a line of Celf-Stripe German Dress Stuffs, soft, well finished, very suitable for tailor-made costumes very fashionable in the cities and just making their way into towns. We have these.

Parasols in many styles. We took from our agent several lines of Parasols to clear. We reached a bargain and are giving you a bargain off-hand. Ask for line "30" Heavy Twilled Satin Merve Parasols, usually sold for $2.75; This was a large lot and we sell for $2.00. Line "35" is a Twilled Shot Silk-and-Linen, usually sold for $1.25, we do these for 75c. Line "80" is a new Black and White Stripe and Checks sold for $3.00, which we sell for $2.50. Line "70" is a line usually sold for $1.75, now sold by us at $1.25, ad so on all through the invoice. Naturally enough these prices hold good for a few days as the supply is limited, so those coming early will not be disappointed

Gloves never so cheap. With warm weather Silk Gloves are in demand. A nice Line of these at 25c. per pair.

J. C. TURNBULL.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday. "I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

LATEST EUROPEAN NEWS.

ARRIVAL OF THE HIGH COMMISSIONER IN ENGLAND.

He has Come to Devote Himself Entirely to his Duties as High Commissioner—Hon. O. Mowat.

LONDON, June 5.—Sir Charles Tupper arrived here this afternoon. In reply to inquiries he said that he was much refreshed by his voyage. He had come to London with the intention of remaining here to devote himself entirely to the duties of High Commissioner. The new loan would be the first business to take in hand. He regarded the success of the issue of Canadian Pacific bonds as likely to help the loan. It shows the attitude of the London market towards good Canadian securities.

Hon. Mr. Mowat is also in good health, and was benefited by the voyage. He is preparing for the trial of the St. Catharines Lumbering Company's appeal. The date for the hearing is not yet known.

The Quebec Central railway bondholders met to-day and adopted the report of the Provisional Board and approved reconstruction.

Canadian visitors are arriving in numbers this week. The arrivals include, besides Mr. Mowat, James Maclennan, Q. C., J. J. Maclaren, Col. Gzowski and the Bishops of Ontario and Rupert's Land.

A GENTLEMANLY THIEF.

He Sets Fire to a Wardrobe to Conceal His Crimes.

NEW ORLEANS, June 5.—Some time ago a dashing-looking young man, attired in military uniform, applied at the private residence 62 Toulouse street for rooms and board. He informed the ladies that his name was Demott Newland and that he was a lieutenant in the regular army. He was affable and was considered a "real nice" gentleman by all with whom he came in contact. During the time he remained in the house, however, several articles of value, and money besides, disappeared at intervals, but no accusation was made against the lieutenant. The people in the house found him in arrears for his board bill, and asked him repeatedly to settle up. He "stood them off" on each occasion with an excuse, until they finally ordered him to vacate, which he did, and secured a room at Mrs. Rucker's boarding-house, 123 Carondet street, opposite the central police station.

Some time after Newland left 62 Toulouse street the ladies became suspicious that their late boarder was a thief, and concluded to notify Chief of Police Hennessy about him. The ladies called on the chief a few days ago, and while informing him about Newland the latter came out of his boarding house, and Mr. Hennessy then asked them if he was not the man. They at once recognized him. Newland had by his winning ways ingratiated himself in the confidence of the ladies of his new boarding house, and was not suspected of doing anything wrong.

Last Thursday evening Mrs. Leake, a relative of Mrs. Rucker, began to smell the odor of smoke, and was unable to locate it until she entered her room and then broke open her bureau, when to her surprise she found her wardrobe in flames. The fire was extinguished as quickly as possible, and on examining the clothes Mrs. Leake discovered that her three hundred dollar gold watch and chain were gone. The robbery was reported to the police, and three servants in the house were arrested, but they were found to be innocent of the theft and were released. Chief Hennessy, however, arrested Newland and conducted him to the Central station. Upon being questioned he made a confession of having stolen articles from 62 Toulouse street. The watch, he said, he had secreted upstairs under the cushion of a rocking chair in the hall, where it was found and returned to the owner. A handsome scarf and some lace that he had presented to a lady in the house he admitted he had stolen from Toulouse street. The lady stated that when he presented them to her he said he found them on the street. He took the watch and money to pay his board bill with, but did not do it. He was sent before the criminal court for trial. He exhibited his discharge papers, which showed that he had been a member of Lieutenant John Guest's Company B, 8th United States cavalry, Lieutenant Colonel John H. Miner commanding. He was discharged for physical disability, and was on his way home to New Jersey, where his mother resides. He is only 20 year old, and his youth and apparent contrition have worked upon his victims, the ladies, so that they declare they will not prosecute him, but will assist in sending him home to his mother at Jersey City.

THE BANK OF MONTREAL.

ANNUAL MEETING OF THE SHAREHOLDERS HELD YESTERDAY.

A Review of the Business Situation of the Country—A Warning against the Over Extension of Speculation.

MONTREAL, June 5.—The annual meeting of the Bank of Montreal was held yesterday. There was a large attendance of shareholders. Sir Donald Smith presided, and moved the adoption of the report.

On April 30 there was a balance in round numbers of $900,000 and the profits last year were $1,284,000 making a total of $1,980,000. After deducting two dividends of 5 per cent. there remains a balance of $980,000 or $85,000 more than last year, the profits last year being 12 3-4 per cent. and the profits this year 10 3-4 per cent. or a difference of 2 per cent.

During the year the harvest was partially a failure in Ontario and affected the profits of this as well as other banks. There were also failures of ten banks in Canada, one a very disastrous one. Again, although not associated politically with our neighbors over the line, a presidental year is always a disastrous one for business, which affects this country also in a marked degree, and as the crop of autumn wheat is not well reported of the Directors felt that they were acting in the best interest of the shareholders to give only a dididend of 5 per cent. making 10 per cent. for the whole year.

The directors are not without hope for the future if we have good crops and from the Northwest we hear good accounts. The result this year ought to be satisfactory.

The speaker, then referred to the extension of the Warehousing Act, to manufacturers of cotton and woolen goods and distilleries, the excellent prospects in the Northwest, the valuable inlet by the Sault St Marie line, the encouraging features of the Canadian Pacific Railway loan taken up more than ten times over in London, all of which augured well for the future welfare of the country, and if the overproduction that has been going on was guarded against they had no cause to despond.

General Manager Buchanan then gave a review of the business situation and uttered a grave warning against over extension of the speculation system, the long credits which prevails in Canada adding materially to the hazards of business.

Wants Information.

WASHINGTON, June 5.—In the House yesterday Mr. Dingly (Me.), offered a resolution calling on the Secretary of State for information as to whether the Canadian Government has violated the spirit of the Treaty of Washington by discriminating against American vessels passing through the Welland and other Canadian canals.

A Western Cyclone.

KANSAS CITY, Mo., June 5.—A furious storm swept over Washington County, Arkansas, causing much loss of life and property. In one hamlet twelve houses were destroyed and seven or eight persons were badly injured, while it is rumored that in the interior seven persons were killed.

A Cave-In at a Copper Mine.

BUTTE, Mont., June 5.—A cave-in occurred in the St. Lawrence Copper Mine, when all the men but four had come to the surface. A force immediately went to work to rescue the entombed men, two of whom can be distinctly heard hammering on the wall.

Counterfeiters Caught.

CHATTANOOGA, Tenn., June 5.—United States officers have captured Fred Fowler, and Wm. Ferguson, members of a band of counterfeiters who have been working this section for two months. It is estimated there is upwards of $16,000 counterfeit coin in circulation, besides a large number of $5 silver certificates.

TORONTO TOPICS.

The Queen's Park Question.—Annual Meeting of the F. and A. M. of Ontario.

TORONTO, June 5.—To-morrow Mr. Justice Street, who gave judgment on 31 January last declaring the city's lease on the Queen's park voided, will re-open the case with a view of hearing the city's defence. City Solicitor Blagar yesterday filed affidavits on behalf of the city.

Mrs. Longley, wife of Rev. B. Longley, the ex-pastor of the Queen street Methodist church, whose sad downfall created such intense excitement in this city recently, returned to Toronto on Saturday from Kansas City, whither she went with her husband. She was interviewed by a reporter yesterday but refused to say anything in reply to the statements that have lately been published regarding alleged domestic unhappiness between her and her husband. These statements are pretty generally regarded among her friends as groundless. While connected with the Queen street church she always evinced a deep interest in her husband's pastoral work, and took an active part in all that pertained to the welfare of the congregation.

At the gas explosion inquest yesterday it was admitted by the secretary of the Gas Company that the outlet valve was not perfectly tight and had been leaking for some days.

In the Court of Queen's Bench yesterday in the trial of Bureau for the Grand Trunk robbery, the prosecution closed their case. For the defence ex-Detectives Fahey and Naegele were called. Both were in civilian clothes, a fact which Mr. Justice Raby commented on and directed the Crown Prosecutor to call to the attention of the Minister of Justice and the Attorney-General. The defence was the same as before, that the convicts and the prisoner were acting all along as detectives and trying to catch Wilson and Maxwell for the robbery.

The Fahey Fund.

TORONTO, June 5.—At a largely attended meeting of pressmen and others at the Press Club yesterday it was resolved to start a subscription to be known as the Fahey Fund to go toward the support of the children of the late James Fahey.

Contributions sent in or handed to the Treasurer, Mr. Robertson of the Telegram, will be acknowledged.

Mr. Peter Ryan sent in $10 last night.

There ought to be quite a number of friends of the deceased throughout Ontario who would like to subscribe to the fund. The opportunity awaits them.

THE DEBATING CRAZE

IS OVER.

A NUMBER of Talented Speakers from Lindsay and Peterborough have made Eloquent Harangues on "Novel Reading," "The Party Press," "Commercial Union" and other subjects. These debates have awakened a deep interest among our Citizens. We venture to suggest a few subjects of far GREATER Importance:—

I. Resolved,—That ROWSE'S TRADE PALACE sells the Cheapest Dress Goods in Peterborough.

II. Resolved,—That ROWSE'S 50c. Pure Silk Mervellieux are Better than other houses sell at 85c. yard.

III. Resolved,—That ROWSE'S CASHMERES in Sky blue, Blush Pink, Esterhazy, Cream, Peacock, Grey and Dove Shades, which they are selling at 60c. are worth 85c. yard.

IV. Resolved,—That the Most Reliable House for Silks, Satins, Plushes, Dress Goods, Corsets, Hosiery and Gloves, is ROWSE'S.

The Thousands of Close Cash Buyers of Peterborough decide in favor of the affirmative. We study to please, and a pleased Customer will call again.

Ashburnham Council.

A Quiet Hour's Business—Fire Protection. Street Repairs. A Loan to be Negotiated.

There were present at the meeting of the Ashburnham Council on Monday evening, the Reeve, Mr. Burnham, in the chair; and Councillors Wand, Anderson and Craig.

After routine accounts were presented; payrolls amounting to $220.68, including $2.30 for repairing tools, were passed.

Mr. MEAD, on behalf of the residents of the north part of Ashburnham, asked for a new sidewalk from Smith street to Dunlop street. New houses were going up, and in fall and spring especially the walking was very bad. The road was a thoroughfare between Peterborough and Auburn. He was informed that his request would be looked into at the time of the inspection of the streets to see what new walks were needed, which was fixed for Monday.

Other applications for street and walk repairs were considered.

An informal discussion respecting tanks for fire purposes ended in the presenting of an offer from Mr. Wm. Forsyth of a tank to contain 348 barrels with the requisite conduits the price of the whole, exclusive of excavation, to be $50. The cost was computed by the council to total, with the tank complete, $150.

On motion of Mr. Craig, seconded by Mr. Anderson, it was decided to accept Mr. Forsyth's tender, the tank to be situated at the corner of Elizabeth and Stewart streets, on the east side, the tank to be connected with a well at the head of Elizabeth street, and Messrs. Craig and Anderson were appointed a committee to carry out the work.

A by-law was passed, authorizing the borrowing of $1,000 for building walks and for street improvements.

Literary Notes.

LITTLE MEN AND WOMEN.—The Jun number of this charming publication of the Lothrop's is as fresh and piquant as it is possible for printed words, accompanied with bright pictures, to be. *It is of especial* value to little readers, and contains an endless fund of instruction and amusement. Only $1 per year, monthly parts. Sample copies, 5 cents, sent on application to D Lothrop & Co., publishers, Boston.

BRYCE'S PUBLICATIONS—The latest novels issued by this enterprising Canadian publisher, are "Molly's Story," by Frank Merrifield, and "Mr. Potter, of Texas," by Arthur Clavering Gunter. These books are fiction of a good type and they are turned out in first-class typographical style. At all the bookstores.

SCRIBNER'S MAGAZINE.—This excellent magazine has the sterling stamp—but in one way it breaks the fitness of the metaphor—nearly every new number exceeds the standard. The June edition is markedly conspicuous for interest as containing the beginning of a most important series of articles on the building and management of railways. Railways are a part of our modern civilization and the exhaustive treatment of the subject in *Scribner's*, appeals forcibly to the interest of the public. The other departments of June are quite up to the mark, judiciously varied both in theme and character of matter and treatment, the whole monthly volume making a most readable and interesting collection of matter as may be more fully judged by the following table of contents:—

The Last Span—Ready to Join—Frontispiece from a drawing by A. B. Frost. The Building of a Railway—By Thomas Curtis Clarke, with illustrations from drawings by Walter Shirlaw, J. D. Woodward, Francis Day, A. M. Turner, Meeker, Sand and others; and from photographs and prints furnished by the author; engravings by Heineman, Bodenstab, Hoskin, Jules Clement and others. A London Life—In four parts; part first; by Henry James. Corydon—A pastoral, by Thomas Bailey Aldrich. The Story of a Sand-Pile—By G. Stanley Hall. Sir Launcelot—By L. Frank Tooker. Hospital Life—By A. B. Ward, with illustrations from drawings by J. Alden Weir, W. L. Taylor, Francis Jones, Charles Broughton and Francis Day. The Comfortor—By Julia C. R. Dorr. First Harvest—Chapters XVIII.-XX, by F. J. Stimson; (to be continued). Despondency—By Lampman. The Torch-Race—By Helen Gray Cone; Illustration from a drawing by H. Siddons Mowbray; engraved by Frank French. Cardinal Newman—By Agustine Birrell; with two portraits. An Evening Fantasy—By Wm. A. Leahy. Lalor Abbou Singh—By George H. Jessop. Some Gentlemen in Fiction—By Robert Louis Stevenson.

Volumes of Honor.

The Lindsay *Post* has the following in reference to the "send off," given by his Lindsay friends to Mr. R. R. Hall, a member of the new legal firm of Stratton & Hall, whose card appears in to-day's issue:—"On Saturday evening last a number of our local law students proceeded quietly to the boarding house of Mr. R. R. Hall, whose recent call to the bar was noticed in our last week's issue. Mr. Hall was about leaving for Peterborough, where he enters into a partnership with Mr. W. A. Stratton, and was considerably surprised to find so many of his fellow law students gathered to bid him good-bye. On the table close at hand lay an elegantly bound edition of Dickens' works, with a collection of the poetical works of Byron, Burns Wordsworth, a well-stocked gentleman's companion, a gift from the members of the bar and the law students to Mr. Hall on his departure from Lindsay. After a few hours social chat short addresses were delivered by Messrs. McLaughlin, Jordan, Chisholm, Murdock, and H. McLaughlin presenting the testimonial to Mr. Hall, and expressing their regret on his leaving Lindsay and their best wishes for his success in Peterborough. Mr. Hall though confessing that he was completely taken by surprise at unexpected mark of kindness, very graciously acknowledged it in a few words. He thanked the donors heartily for the token of their esteem, and would always remember the happy years spent as a law student in Lindsay. He was then accompanied to the train for Peterborough. Mr. Hall's abilities have earned for him the best opinions of the profession, and all wish him successful practice in his new field," a wish he EXAMINER desires heartily to share in.

What it Means.

To the man or woman who has never been ill, the word "health" is meaningless. But to the one who has suffered and despaired, health appears as a priceless boon. To the thousands of unfortunate women who are suffering from some of the many forms of weaknesses or irregularities peculiar to their sex, Dr. Pierce, Favorite Prescription holds forth the promise of a speedy restoration of this "priceless boon." h

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained *sense of smell, taste and inspection* is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superi r qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

Dust from the Diamond.

Radford has not been laid off by the Brooklyn club for his poor batting, as stated, but owing to illness.

Buffalo's new pitcher, George S. Hodgson, of the Solar Tips of Philadelphia, a crack amateur club, is said to possess an effective drop ball.

The directors of the Hamilton Baseball Club are not satisfied with the play of some of the team lately, and are going to try the experiment of a few fines. Mansell will be fined $50, and Purvis, Green, Jones and Phillips $55 each.

Sunday baseball playing by professional clubs is becoming unusually prevalent. The American Association has championed Sunday playing with a spirit that might be used in a better cause. The coffers of the Association may be temporarily filled by these games, but the tone of the Association is lowered.

It is probable that the Tri-State League umpires will go out on a strike. They have notified all the clubs and President McDermith that they want $100 per month, and want immediate action taken on their demand. As the umpires have all their traveling and hotel expenses paid, $100 is a pretty good salary. They will probably get $75, $5 more than they get at present.

The "seatings," which visiting clubs often get from umpires in Canada is causing much dissatisfaction. Buffalo has protested Umpire Hoover and Curry on this account. Hoover has always been considered the best Umpire in the Association, but has degenerated. Emslie is doing the best umpiring just at present.

Callahan, the young Rochester pitcher, is likely to be twirling for a League club in a couple of years. He is new to the business, but will develop speedily. Beard, the short stop of the Stars, would strengthen several Leagues or American Association clubs. He is a good fielding short stop, and with two or three exceptions, there is not a better short stop in the country. He is the most scientific batsman in the International Association.—New York Sun.

THE FRENCH CHAMBER.

The Revision of the Constitution to be Brought Forward by Boulanger.

PARIS, June 5.—General Boulanger took his first step in Parliament yesterday for the revision of the constitution. He gave notice that he would submit a proposal for a revision of the constitution, and would demand urgency therefor. He read a preamble stating that the elections, which had produced so many manifestations in his favor, compelled him to call attention to the sufferings of the country and to the intense crisis which threatens to become very serious. France, he declares, no longer feels that confidence in the future which is necessary to every well-governed country. This statement met with loud dissent.

The bureau of the Chamber of Deputies has stopped the allowance of M. Wilson because he has not attended the sittings since his trial for complicity in the decoration scandal.

The Daily Examiner.

TUESDAY, JUNE 5, 1888.

The Weather.

Fresh southeast and southwest winds, fine warm weather.

Solomon and Sheba.

Solomon in all his glory was not arrayed like the lilies of the field, and it is equally certain that the Queen of Sheba in all her glory was not arrayed like the average lady who goes to the golden lion for her prints. Just fancy, thousands of yards (200 patterns) of choice prints, worth 12½ and 15 cents, going at 8 cents per yard.

Fine Beverage.

J. H. Gurd & Co. and the Imperial Mineral Water Co.'s Ginger Ale and Soda, a beautiful summer beverage. 18 lbs. good sugar, $1; tomatoes, 10c. per can; 6 lbs. good Japan tea, $1; baking powder, 15c. per lb. Call and see our fine stock. Everything cheap. dw W. J. MURROW, Opera House block.

The Ottawa Delegations.

Two delegations left town last night to present their respective views regarding the proposed C. P. R. siding before the Railway Committee of the Privy Council at its sitting to-day. The opposition went via the Grand Trunk and comprised about twenty-four representatives of the boating clubs and other private parties interested. Another formidable deputation in favor of the line left by the late C.P.R. express. The two bodies will meet to-day and fight out their case before the Committee.

From the "Empire."

Canton Peterborough No. 10, P. M., I. O. O. F., will run an excursion from Peterborough to this city, via C.P.R., on Tuesday, June 12th. The rather novel heading for their bill of announcement reads: "The Fastest Line on Earth." The 57th Battalion band will accompany the excursion and Canton No. 10 in full dress uniform, numbering thirty swords. This is expected to be one of the largest excursions that will visit Toronto this summer. d

Fall From a Scaffold.

This morning Mr. James Montgomery, carpenter, Charlotte street, received a severe fall by the collapse of a scaffold. Last night the scaffold was all right—it bore the weight of two men, but the first thing this morning when Mr. Montgomery stepped on to it, it gave way throwing him about ten or twelve feet to the ground, severely bruising him in the chest but breaking no bones. He will be able to be about in three or four days. The accident will give disappointment on the cricket field this afternoon, where "Jim," who is an old stand-by of the club, expected to play in a practice match.

Sugars.

A new lot of sugars arrived at Elliott & Tierney's, to be sold cheap for cash.

Dominion Day.

The Driving Park Association and Fire Brigade are bestirring themselves and shaping the demonstration they purpose holding on July 2nd. A meeting of the joint committee was held last night and a rough outline of events mapped out. These will consist of horse races, fox and deer hunts, calithumpian processions, etc., at the driving park in the afternoon, and a grand celebration of fireworks at night. Another meeting of the committee is called for four o'clock this afternoon to further arrangements.

Reckless Shooting.

The practice of discharging fire-arms within the corporation limits is one that should be promptly suppressed. It is a constant menace to the public safety. Frequent are the narrow escapes from death or serious injury by the reckless shooting of pistols in the suburbs. At the council meeting Monday night, Mr. *Moore* mentioned an instance where a bullet whizzed close by his head while walking one evening. Other councillors had almost similar experiences to relate, and all were agreed that the nuisance should be suppressed. The by-law passed renders punishable the discharge of fire arms of any kind within the corporation limits except under certain extenuating conditions. It is to be hoped the new law will be enforced.

The Work of an Incendiary.

An incendiary fire was nipped in the bud at White's butcher shop, corner Aylmer and Simcoe streets, last night about eleven o'clock. The brigade were out in quick time and the fire was speedily squelched. It was at once apparent that an incendiary had been at work. Mr. White's coat, left hanging in the shop, had been saturated with coal oil and thrust through the small trap-door leading into the meat safe, and ignited. The loss will not exceed $150, the greater part of which will have to be borne by Mr. White, who owned the safe. The damage to the building, owned by Mr. Jas. Stevenson, was slight. Mr. White cannot account for the incendiary deed at all.

Children Cry for Pitcher's Castoria.

June Frost.

Mr. Thos. Telford writes as follows under date of Emsmoore, June 4th:—"At sunrise this morning a sharp frost and ice with the thermometer at 34 degrees."

The Coming Event.

On Wednesday, 6th June, Peterborough and Barrie will meet on the lacrosse field. It is to be hoped that the sun will come out brightly on that day, and that the ladies of Peterborough will protect themselves from its burning rays by having one of J. J. Sheehy's pure silk parasols at $1.00. dw

Seriously Ill.

Mr. Walter Anderson George street north, who recently lost his arm by an accident in the Auburn Mills, has been suffering seriously from blood poisoning, caused, it is supposed, by absorption of the ingredients of the dye at the time of the accident. On Sunday he was delirious and his life was thought to be in immediate danger; but a noticeable improvement took place in his condition on Monday, and to-day he is reported better but not entirely out of danger.

Sacred Concerts on Sunday.

The question has been asked by some who take a great pleasure in the weekly entertainments in the park by the band, why not elaborate the idea and on Sunday afternoons hold sacred concerts, say from four to five o'clock? The band has a choice lot of sacred music on hand, and Bandmaster Miller will no doubt acquiesce in the proposal at once. In order to feel the public pulse, the EXAMINER is open to short, pithy communications on the subject.

Crescent Street Cribbing.

A considerable quantity of square cedar has been laid down for cribbing Crescent street, but there are no signs of work being begun. It would be better to have the work completed this summer so that the filling in could be made, the street leveled and trees planted. It is proposed to plant a line of willows on the lake side of the street next to the cribbing, next to that the walk for pedestrians, then a row of trees and then the drive. Every day's delay in doing the work leaves more to be done and consequently adds to the expense.

Methodist Annual Conferences.

The Ontario Annual Conferences of the Methodist Church will be opened as follows:—Toronto Conference at the Metropolitan church, Toronto, on Thursday, June 14th; Niagara Conference at Norwich on Wednesday, June 6th; Guelph Conference at Seaforth on Thursday, June 7th; London Conference at the Queen's avenue church, London, on Thursday, June 7th; Bay of Quinte Conference at Lindsay on Thursday, June 7th; Montreal Conference at the Dominion square church, Montreal, on Wednesday, June 6th.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

A Welcome Surprise.

Mrs. William Yelland on Tuesday night received a welcome surprise in the visit of a brother whom she had never before seen, Mr. Frederick Sweeting. He is the eldest but one of a large family and Mrs. Yelland the youngest, and as he went to Australia before Mrs. Yelland's father removed to Canada, in 1851, and as Mrs. Yelland was born in this country, she, of course, never had the pleasure of seeing her elder brother till his arrival here. He has been nearly a quarter of a century in Australia, where he leaves three sons and three daughters, all married. Mr. Sweeting came here from Auburn, N.Y., where he was visiting his brother, Mr. Henry Sweeting, a former resident of Peterborough.

Excursion.

Tuesday, June 12th, to Toronto, via C. P. R. Don't forget the people's popular excur under the auspices of Canton No. 10, I. O. O. F., and St. Luke's C.E.T.S. Reduced rates at hotel, and, don't forget, also at the Cyclorama. We state facts, and the public can rely on our statements. The Band of the 57th Batt. will be along, and a nice time can be enjoyed at the Island. The Committee have sold a large number of tickets already. Young and old can look forward to a pleasant time. The C.P.R. are noted for their first class accommodation on their coaches. Keep this date in mind, and if you think of going to Toronto this summer go by this excursion—next Tuesday, June 12th. You will be satisfied. Regular train at 5.10 a.m., excursion train at 7 a.m.; good for two days; can return on any train. Fare, round trip, $2.00; children, half fare. d

A FEW more of those fine lace curtains at dawson bros.' old stand, at half price. 2d

Light Wanted.

The Court House Park is delightful in every way but one. At night when the band plays there, there is not sufficient light. If the lamps in the electric light tower were lighted the rude boys and hoydenish girls, who disturb visitors and interfere with even the playing of the band, would be more easily observed and kept in order. In the half light, under the present arrangement, all sorts of pranks are possible, escape is easy and detection difficult. The town council should direct electric lamps to be put into the tower and kept lighted. There is also need for an electric light on the corner of Brock and Bethune streets, at the railway crossing. As it is now, there is continual danger of accident; with some twenty trains per day going at all hours, and the steep descent of the street on the west side. There is danger of trains whisking around from the Missing Link bridge. Only a night or two ago a carriage ran a narrow chance of collision with an incoming train. By all means place an electric light at the corner of Brock and Bethune streets.

THE C. P. R. SPUR LINE.

The Privilege of Running up the River Granted.

The Town Councillors' Opinion on the Subject.—Water Questions Disposed of.—No Shooting to be Allowed in Future in Town.

A special meeting of the town council Monday night was attended by all the councillors except Messrs. Cahill and McNeil. There was a good audience present also.

The Secretary of the House of Commons notified the council that a meeting of the Railways Committee would be held at Ottawa on Tuesday, June 5th, to consider the application of the C.P.R. Company to build a spur up the river. Mr. R. M. Wells, solicitor of the Company, also sent in a formal request for permission to build the proposed siding. The communications were received.

A communication from the Water Company, regarding the effect of the proposed grading of the streets upon their mains, was referred to the Committee.

The dealers in stationery, fancy goods, etc., in town, asked for an early closing by-law to be passed to affect their stores. The town solicitor was instructed to prepare the necessary by law.

The secretary of the Fire Brigade band applied for an annual grant, and on motion $200 was granted, $100 to be paid down, $50 in October and the other $50 next January.

Mr. E. K. Ostrom and other residents of Charlotte street asked to have the water service extended to meet their requirements. Referred to the Committee.

WATER QUESTIONS.

Chairman Langford presented the report of the Fire, Water and Light Committee, recommending that the surface of the tank at the corner of George and Brock streets be lowered at least eighteen inches, Brock street to be water-tabled from George to Water streets; also recommending that the offer of the Dickson Co. to furnish pine plank of good quality at $9.50 per m. be accepted.

There was some discussion on this motion, some favoring the filling up of the tank altogether. Mr. Winch suggested that it be removed down to Paterson street, where it was greatly needed. Finally the report was adopted.

Mr. Geo. HILLIARD asked the council to assume control of the hydrant at his mill, which heretofore has been furnished by the Water Company, but as the latter have declined to allow him to use it any longer, and as there was a large amount of property in that neighborhood requiring fire protection, as he and other residents in the neighborhood were large ratepayers of the town, the town take over the hydrant. He also thought the town should furnish them with a quantity of hose, as it was a long distance for the department to reach.

Mr. G. W. Hatton, representing the Water Company, also spoke in favor of the proposal. On motion the matter was referred to the Fire, Water and Light Committee.

THE C.P.R. SPUR.

The Mayor brought up the request of the C.P.R. Company regarding the spur line. The route of the proposed line has already been fully described in the EXAMINER. The Mayor enlarged upon the benefit to the town it would be in developing trade, and in bringing to town the money that would be expended in building the line. There were objections from Mr. Calcutt, on the east side, and Mr. English and the boating clubs on the west, but he hoped when they got before the Committee some amicable understanding could be arrived at.

Mr. MOORE favored the idea but urged that Hunter street where the railway would cross be raised so that the line could pass under, as if a level crossing was made it would be very dangerous. He asked the Mayor to urge the Railway Committee to raise the roadway and the bridge for the public safety. He also objected on the ground that the street along the race would be cut up and partly occupied by the line.

Mr. KENDRY contended that if that was done the railway would be overflowed by the high water in the spring. The Mayor also said there was another difficulty in thus putting the houses alongside lower than the road bed if it was raised.

Mr. LANGFORD didn't feel like committing himself to any scheme like this till he knew just what was asked of the council. The plans should be presented and approved of by the council before the privilege was granted.

Mr. H. DENNE was given an opportunity of expressing his views. He maintained that the channel inside the proposed embankment should be deepened and a continuous current kept running through it or the town would have to move away. Either that must be done or the scour carried out further to the outer channel.

Mr. KELLY insisted upon having a distinct understanding with the railway company before the work was begun, to avoid trouble in the future. He referred at length to the danger to the public that would arise from trains passing daily. He wanted provisions made that would obviate all danger.

Mr. DOUGLASS spoke in a similar strain, adding that words were of no use with railways—they must have their intentions down in black and white.

Mr. HARTLEY said, as he understood it, the railway company merely asked the privilege of the right of way upon these islands, and were quite willing to compensate for personal rights if infringed upon. A proviso could be put in that the plans meet with the approval of the council. He thought every inducement should be given the Company to build the line, and didn't think there would be any danger to the public safety on that account.

Mr. T. G. HAZLITT was heard. He said it was impossible to build a sub-roadway, and moreover it was not necessary. There would be, perhaps, only two or three trains a week and the trains could be seen approaching from the time they left the iron works or the mills, a long distance off. As regarded the street along the mills, the line could be built without at all affecting the roadway. He strongly advocated the spur, which would not cost the town anything and would bring new manufactories and help the old ones. A number of new industries had been lost to the town because of their poor shipping facilities, and this spur of railway would be the means of bringing them in. The C.P.R. Company were willing to compensate for all loss to private parties.

There was a great deal of quibbling over the provisions and details of the following motion:—

Moved by Mr. MOORE, seconded by Mr. Kendry, that this council recommend that authority be given the Canadian Pacific Railway Company to construct a siding connecting the Dickson mills and factories with the main line, but this council would direct attention to the fact that proper protection should be made at the crossing of Hunter street, which will be dangerous to the public, and this council agrees to grant the right of way over the town property, the Company dealing with private property under the Railway Act in the ordinary way; the siding to be constructed as shown in the plan filed, but an opening at the northern and southern ends to be made and the channel west of the embankment to be deepened so as to secure a good flow of water at the time of low water in the river, or that the Company otherwise fill in the whole space on the west bank of the river and carry the drainage across such space and embankment; and that this resolution be presented to the Railway Committee of the Privy Council.

The motion was carried.

CHARITY AND PISTOLS.

Mr. Hall presented the report of expenditures of the Charity Committee for April, as follows:—No. 1 Ward, $38.25; No. 2, $56.50; No. 3, $9.00; total, $100.75. The report was adopted.

Mr. MOORE, in introducing a new by-law, said his attention had been called to the fact by Police Magistrate Dumble that there was no by-law extant preventing the use of firearms in town, and there were a great many complaints of reckless shooting in the outskirts of the town it should be suppressed. The by-law to that effect was passed.

MOTIONS.

Mr. Davidson moved, seconded by Mr. Winch, that the opening of the west end of Romaine street be referred to the Street and Bridge Committee.—Carried.

Mr. Kelly moved, seconded by Mr. Hall, that the resignation of Mr. A. McNeil as councillor for No. 2 Ward be accepted, and the Clerk take the necessary steps for an election to fill his place.

Mr. Hartley moved, seconded by Mr. Keadry, that James Reardon be sent to the hospital at Toronto for one month.—Referred to the Charity Committee.

Mr. Moore moved, seconded by Mr. Douglass, that the C.P.R. and G.T.R. companies be notified that all excessive whistling of their trains in passing through town at night must cease, as it was a serious annoyance to the public.—Carried.

On motion the Chief of Police was instructed to carry out the by-law prohibiting the placing of waste paper and goods on the street.

Mr. Davidson moved, seconded by Mr. Kelly, that Mr. Hall be appointed Chairman of the Fire, Water and Light Committee in place of Mr. McNeil, resigned.—Carried.

The council then adjourned for three weeks.

Local Sports and Pastimes.

Matches This Week.

CRICKET.—Wednesday at 10 a.m., on P. A.A.A. grounds, Peterborough Colts vs second eleven of Trinity College School, Port Hope.

LACROSSE.—Wednesday afternoon, on Riverside Park, Riversides vs Barrie, championship match.

BASEBALL.—Friday afternoon, on P.A.A.A. grounds, Peterborough vs Lindsay, first match in Midland League series.

The Midland Baseball League.

Replies have been received from Port Hope and Lindsay regarding the proposed amateur baseball league. Both clubs are willing to enter the league and think favorably of the scheme. Port Hope *club*, it seems, is not yet in working order, as the Secretary announces that as soon as he can get his men together he will be prepared to complete arrangements; while the Lindsay men are now ready and anxious for fray. It is therefore pretty certain that the short time schedule of game will be made out.

Lindsay club will visit Peterborough on Friday and play the first match of the proposed series, which will be afterwards arranged.

The "Comets," who last season won fame by succumbing to the prowess of the "Sunflowers," talk of re-organizing. A meeting will likely be held this week.

Lacrosse.

A couple of hundred people witnessed the practice match between the Riverside and Y.M.C.A. clubs on the P.A.A.A. grounds Monday night. It resulted in four straight games for the Riversides in 3, 10, 3 and 6 minutes respectively. Play was begun at 7 o'clock, and called while the fifth game was in progress after 20 minutes play. The Riversides did some good team playing and as a rule overmatched their opponents at every point. The Y.M.C.A. boys were much smaller and lighter than the Riversides, and were handicapped on that account. Some good individual playing was done, however, and were they to do better "team playing" they would make foemen worthy of the—stick, of the Riversides or better clubs. The personnel of the teams was as follows:—

Riversides.		*Y.M.C.A.*

Spots of Sport.

A meeting of the Otonabee Canoe Club will be held this evening to arrange for a regatta. A full attendance is requested.

It is likely another practice match will be arranged between the Riversides and the Y. M. C. A. for next Monday evening.

The team of Riversides to play Barrie on Wednesday was chosen last night. They are:—Joyl, goal; Rose, point; Brennan, cover-point; Butler, 1st defence; Meagher, 2nd; Halpin, 3rd; F. Larone, centre; C. J. Phelan, 1st home; Pakenham, 2nd home; Begley, 3rd home; Duncan, inside home; Isbister, outside home; spare men, Kincaid and M. Larone; field captain, M. Tierney. The Barrie team will arrive in town on the 11.30 train to-night

Personal.

Mr. Jno. Stirling sails for home on June 15th.

Mr. John Taberner, an old Peterborough, now of Toronto, is spending a few days in town.

Mr. H. B. Newbald sails from New York to-day. He will spend the summer at Newark-on-Treat, Eng.

Intelligence has been received in town of the death at Midland this morning of Mr. David Williamson, merchant tailor, who a number of years ago was a resident of Peterborough.

Mr. Frank Morton, of Lindsay, has been engaged as local reporter on a town newspaper. Mr. Morton is an expert stenographer, and while in Lindsay was a pupil of Miss Harper, under whose tuition he acquired the proficency in shorthand that will fit him for the duties of his position.

News Nuggets.

—The band will play in the park to night.

—A fashionable wedding is on the *tapis* for to morrow afternoon.

—The only evidence of the fact that this is fair day is the display of agricultural implements on the market square.

—James Reardon, a north ward charity patient, who is suffering from chronic throat disease, is to be sent to Toronto hospital.

—J. P. Menzies presided at the police court to day in the absence of P. M. Dumble. A drunk was dismissed and another fined.

—A house on Simcoe street is placarded "diphtheria." Four members of the family are down with the disease, two of them having been removed to the hospital.

—The ward alarm bell in the south end has tumbled down. The posts rotted and the wind blew the whole thing over. Mayor Stevenson has given orders to have the bell re-hung.

—This is the first Tuesday in June, and consequently set down as fair day. The glory of olden times, when quarterly fairs created as much excitement as a circus, has departed, and fair day is now a dead letter.

Another Scaffold Accident.

This afternoon at Auburn a scaffold to a house being built by Mr. Robert Clinkscale, contractor, gave way, throwing Mr. Clinkscale and Mr. W. P. Adamson, a tinsmith in the employ of the Giant T, to the ground. Mr. Clinkscale in falling caught at the eave trough and received a fearful gash in the hand, and, striking the window sill in his descent, suffered dislocation of the hip joint. Mr. Adamson escaped with a sprained ankle.

In the Far West.

The Calgary, N.W.T., *Tribune* has the following:—

Mr. R. J. Stewart, a young farmer from Keene, Peterborough County, arrived in town Saturday night to have a general look around him.

Mrs. H. C. Rogers and Miss Rogers, wife and daughter of Col. Rogers, of Peterborough, Ont., are in town, the guests of Mrs. Edgar R. Rogers. They are returning home after an extended tour through the Southern States, California and British Columbia.

—The Court of Revision and Board of Education meet to-night.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

HULL AGAIN DEVASTATED.

FULLY FIFTEEN HUNDRED PEOPLE HOMELESS.

The Roman Catholic Church and Convent Totally Destroyed and Over 250 Dwellings Swept Away by the Flames.

OTTAWA, June 6.—For the third time within eight years Hull has been purged with fire and a large section swept off the rock on which the city is built. About 3.45 yesterday afternoon, while the City Council was in session, fire broke out under the stairs of the City Hall, which was in the centre of the Market-square, and upstairs over the market. The fire is supposed to have been caused by the stump of a lighted cigar falling under the stairs among some waste. A strong gale was blowing at the time and the fire spread with fearful rapidity, and in a few minutes the City Hall was in flames and sparks were showering on the small wooden buildings in the vicinity. The wind was blowing from the northwest and the fire fairly flew along the streets running north and east, and within fifteen minutes forty or fifty tenements were in flames.

The fire brigade was practically useless, the small mains being totally inadequate to supply the numerous streams laid on, and the fire merely laughed at the sickly squirts which trickled on it, some of which scarcely went twenty feet beyond the nozzle.

The wind blew directly towards the magnificent Roman Catholic Church, the largest edifice of the archiepiscopal diocese of Ottawa except the Basilica at Ottawa, and the interior was soon in flames. The church was of solid limestone with a sheet iron roofi which held the fire in splendidly, and had there been a sufficient water supply the building would have been saved. As it was this beautiful structure, valued at over $150,000, was totally destroyed, together with other church property in the vicinity estimated at $100,000 more.

The fire swept along, totally beyond control, and soon caught the convent a quarter of a mile distant, totally destroying it.

By the time the Conqueror engine had arrived from Ottawa and had two good streams on the college, which was saved, and the Eddy and Union steamer had several streams on Eddy's piling grounds south of the fire, the lumber piles in which were mostly saved, only the fence and a few piles being destroyed."

With the exception of the church, presbytery and convent almost all the buildings were of wood and burnt like so much paper under the impetus of the fierce gale which prevailed throughout the two hours the fire lasted, until it fairly burnt itself out.

It is difficult to get at the number of houses burnt, but a moderate calculation puts it at 250, which is more likely to be under than over-estimated. Fully 1500 people are homeless, most of whom are poor.

The loss will exceed $500,000, on which there is little insurance except $80,000 on the church, $4,000 on the convent and $5,000 on the City Hall.

The church was beautifully finished inside and contained many fine pivtures, none of which were saved. Not only were the contents of the church totally destroyed, but also a considerable quantity of furniture which had been removed from buildings on fire or in danger and placed there for safety This is the worst fire Hull has ever had

HUGHES BROS. FLOAT.

They Compromise with their Creditors for Thirty Cents on the Dollar.

After remaining in session for nearly three hours yesterday the creditors of Hughes Bros., wholesale dry goods merchants, came to a conclusion as to how they would treat with the bankrupt establishment. The committee who were elected to make a re-valuation of the assets and securities made a report which in substance resembles the statement which has been published. It was adopted.

The firm then made an offer to compromise in the following manner:—25 cents on the dollar cash and five cents on the dollar to be paid by Hughes Bros.' note at six months, the 25 per cent. cash to be paid over at once to the creditors by Mr. Thos. Long, late of Collingwood, and the note to be given by the firm. This offer was accepted.

Princes and Flyers at the Derby—Heavy Play at Baccarat—The Premier's Birthday Banquet.

LONDON, June 6.—The 119th Derby will be chiefly remembered on account of the fine weather, the welcome absence of dust, the tantalizing half-hour which was passed before a start could be effected, and the winning of the blue ribbon of the turf for the first time by the Master of the Horse during his tenure of office. It is the royal train which has to a great extent suspended the road. There is a manifest advantage in reaching the course without dust or discomfort in half an hour. On Wednesday the flannel Lang—engine, not chairman—was gaily decked with flowers. The Prince of Wales and his son both wore light gray coats with pink carnations in their buttonholes. The Princess of Wales came to Epsom in cardinal and crimson. Her daughters were dressed in the coolest of foulard. Princess Mary of Teck looked very well in olive green. The Duke of Portland, in a short jacket, looked very anxious.

There was some heavy play at baccarat during the Manchester race meeting. One night a noble lord lost £16,000, but got it back within £1,200 before morning.

The Emperor of Brazil has been saved from syncope by respiration of oxygen gas accompanied by frequent hypodermic injections of caffeine, of which on the worst day he took an enormous quantity—thirty-one grains in twenty-one hours. There were also hyperdermic injections of ether and strychnine.

The King of Sweden arrived at Plymouth on Thursday morning from Bordeaux in the Swedish corvette Freja. His Majesty was travelling as Count Haga, so there was no official reception, but salutes were exchanged between the Freja and the Royal yacht Adelaide.

The Premier completed the difficult feat of giving the best birthday banquet ever remembered. Dinner was served to the minute. The table was decorated with white lilies and pink and yellow orchids. Count Karolyi arose with much solemnity to propose for the last time, as the doyen of diplomatists, the health of the Queen. Lord Salisbury, in the usual formula, paid the traditional compliment to the Sovereign and to the allies and friends of Her Majesty. The crush at the Foreign Office was tremendous. The floral decorations were very striking, but the hustling, pushing and rushing when the royalties arrived on the rhododendron-lined staircase would lead the impartial spectator to believe that many of the guests had never seen H. R. H. before. After much waiting Mrs. Britannia Bentwick, in brown brocade, succeeded in reaching the room set apart for the royal supper. Lady Salisbury was so busy marshalling her friends that she quite forgot the Prince of Wales was to be her escort.

The Radical papers are stupidly and dishonestly attempting to get up a clamor against Lord Salisbury because he is not prepared to recognise officially the French Exhibition of next year, which is to be held to celebrate the centenary of the Revolution. These journals are presumably unaware of the fact that two years have elapsed since the question was first raised, and that it was Lord Rosebery who decided that the English Government should not connect itself officially with the Exhibition. If this country had been committed to the support of the scheme, Germany, Austria, Russia and Italy would assuredly have been alienated, and half the people of France would have been disgusted with us.

During the month the Rev. William Rogers, rector of St. Botolph's, Bishopsgate and prebendary of St. Pancras, than whom since Sydney Smith's time there has been no clergyman knowing better how to combine good works with brilliant wit, will complete his forty-fifth year as a London clergyman and his twenty-fifth as rector of St. Botolph's. It is intended to entertain Mr. Rogers at a complimentary dinner on Wednesday, June 26, in the hall of the Drapers-Company, lent by the master and wardens for the occasion. Lord Rosebery, will preside and be supported by many leading men.

On the principle of let those laugh who win, Lord Shrewsbury is impervious to the chaff with which he has been assailed for entering into business as a cab driver, and for branding the gondola of London with his coronet and cipher. So vast indeed has this business grown to be in his hands that he finds himself unable so cope with it singly, and is about to bring it forth as a public company.

It was obvious that a criticism by Mr. Swinburne of Mr. Whistler would command attention, and in acquiring the article for "The Fortnightly Review" Mr. Frank Harris has shown as much commercial aptitude as his great rival, Mr. James Knowles. From a letter addressed to us Mr. Whistler does not seem to take the criticism as complimentary, but to me, I confess, it seemed very appreciative and very clever, and in no way unkind. Mr. Swinburne's variety of vituperation is as powerful as ever.

Mr. Henry Irving has just purchased a house in Portland Place where he will establish himself very shortly. His lovely suburban place, the Grange Brook Green, is for sale.

The most beautiful dresses seen on the stage just now are those worn by Miss Ellen Terry in "The Amber Heart." Artists rave about them and call them perfectly lovely. I heard an artist say the other day that it was necessary to see the play if only for the dresses.

Lord Wolseley is quite in feather. He has been censured, it is true, by the Government for his outspoken utterances and sudden conversion to the doctrines of grumbling clubland, which he has so often and so vehemently condemned, but the public have caught on, as the Yankees have it, and his Lordship was never more popular, never more in request than he is just now.

Rather to the surprise of the Paris public, the medal of honor in the section of painting at the Salon was awarded to M. Edouard Detaille. At the first ballot M. Benjamin Constant headed the list, but as he did not obtain an absolute majority, of votes a second ballot was necessary. Then M. Detaille came out first. M. Benjamin Constant's disappointment was so keen that his friends did not dare to leave him alone for fear he should throw himself out of a window or otherwise allow despair to get the better of reason. When M. Detaille's name was proclaimed, M. Meissonier—Le Pere Meissonier as painters call him—threw himself into his pupil's arms and bedewed his waistcoat with tears. Then he hugged M. Gervex to see that the newspaper man received a full and graphic account of the touching scene. Thereupon M. Gervex had a cab, hurried down to the boulevard and communicated the great news to the throngs of diners and coffees, at the Cafe Riche, Tortoni's and the Cafe Riche. Then M. Gervex hastened to a syndicate of the foreign press and left this note: "Mon ami Meissonier threw himself into Detaille's arms, sobbing tears of joy. Please cable and telegraph.

CLEVELAND IN FAVOR.

His name greeted with acclamation—The Convention in full swing.

ST. LOUIS, June 6.—The Democratic National Convention was called to order at 12.30 p.m. yesterday by Chairman Barnum. Bishop Cranberry delivered the invocation. Temporary Chairman White, of California, was then escorted to the chair and made a speech. At the mention of President Cleveland's name there was great excitement and tremendous cheering.

The name of Tilden was also greeted with applause and cheers. A resolution making the convention subject to the rules of the last convention, modified so as to prevent any State changing its vote until the call of the States is completed, was adopted. Mr. Patterson, Colorado, presented a gavel of Colorado silver to the chairman. The roll to name the committee is being called. On motion Dakota was excluded from the committees, there being a contest in that territory. The convention moved to take a recess until 11 o'clock to-day.

A Monster Parade.

ST. LOUIS, June 6.—A gorgeous parade of full 20,000 uniformed Democrats in procession was witnessed to-night by people in such numbers that they could be estimated only by hundreds of thousands. The procession started at an early hour, and was still moving at 10.40.

The Extradition Treaty.

ST. LOUIS, June 6.—The Committee on Platform elected Col. Waters as chairman. He is also chairman of the sub-committee having in charge the resolutions presented to the committee for its consideration, among which is the following by ex-Mayor O'Brien, of St. Paul:

"Resolved, that a just consideration of the interests of our foreign-born citizens requires that the pending extradition treaty between the United States and Great Britain be carefully revised, so as to provide for the surrender only of persons charged with crimes expressly named in such treaty, and that the provisions of the same shall in no wise extend to political orageurian offences."

Interviewing the Minister.

The Deputation before the Minister of Railways—The Line Will be Built, but the Route not Settled.

The deputations that went to Ottawa in behalf of the C. P. R. siding matter, returned to town this morning. An interview was held with the Minister of Railways and Canals Tuesday afternoon, lasting about two hours. Both deputations met in the Secretary's office. There were present the Minister of Railways and Canals, Mr. Pope; Mr. Thompson, Minister of Justice; Mr. Trudeau, Deputy Minister of Railways and Canals; the Chief Engineer of the C.P.R.; and Hon. W. Scott, solicitor for the Company.

The delegations were introduced by Mr. J. Stevenson, M.P., who presented the resolution passed at the council meeting Monday night and addressed the Ministers, laying before them his views of the case. Mr. Hazlitt and others also spoke on the subject, all favouring the proposal of the C.P.R. Company. On the other side, Messrs. R. E. Wood and E. B. Edwards protested on behalf of the boating clubs and Messrs. H. Calcutt and A. Dawson in their own interests. The boating clubs object on the ground that the proposed switch will interfere with their water privileges; Mr. Calcutt because the diverting of the channel would create a destructive overflow of Riverside Park and also prevent wharfage along the east bank of the river; Mr. Dawson on account of injury to his property on Hunter street. Elaborate plans were presented and the Ministers were very patient and courteous during the recital of the case.

It appeared to be a foregone conclusion on both sides that the switch would be built, but the route was a subject of debate. From intimations thrown out by Hon. Mr. Scott, the delegates inferred that if the C.P.R. could secure the right of way along the river edge, they would run the line on the main land instead of up the river.

The delegation think they have gained a point or two by going to Ottawa. While the Ministers are favorable to the building of the switch, yet they are determined that the C.P.R. Company shall infringe upon no one's rights, and that the line must be built to accommodate all parties.

After the interview Hon. R. W. Scott conducted as many of the delegation on both sides as wished, through the House of Commons, Senate Chamber and grounds. The visitors were pleased with the sights and grateful for the kind attention shown them.

NOTES.

A government engineer will visit Peterborough some day before the 19th inst., and make an inspection of the two routes.

At the very last moment the delegation via the G.T.R. insisted and prevailed upon Mr. R. M Roy accompanying them. Mr. Roy took charge of the party at the suggestion of Mr. Macklin, and was indefatigable in his exertions to make the trip enjoyable.

When Hon. Mr. Scott was piloting the delegations about the House an amusing incident occurred. An impressible who was bound to be into everything possible made it a point to sit in the Speaker's chair and the seats of the most noted members of the House. Coming to the Speaker's desk, he spied the mace, and was proceeding to seat himself in it when informed of the sacred character of the relic. His blunder brought down upon him the laughter of his companions.

One well known gentleman in the party took several photographic views of the Parliament Buildings and the great fire in Hull, a telegraphic account of which appears elsewhere. Among the latter were the market place as it was commencing to burn and later when in ruins; also the cathedral before burned and from different positions while ablaze. These views were taken from Point Nepean. The dry docks, the convent and other interesting objects were viewed while the dreadful work of destruction was in progress. The sight was an awful and grand one and was witnessed by thousands of people.

Young's Point.

(From Our Own Correspondent.)

THE "MARY ELLEN" AFLOAT.—On Thursday afternoon Mr. P. P Young's staunch new steamer, "Mary Ellen," was consigned to her native element, and Mr. Young rejoices in the fact that he now has one of the finest boats floating on these waters. Everything in connection with the launch worked like clockwork. Shortly after two o'clock Mr. Young, standing on a scaffold, gave the signal to strike away the blocks and a few seconds after, as she began to move amid the cheers of the spectators, Mr. Young sprang on her deck. Gently, but with increasing speed, she glided down the ways until

"How lovely on the breast she loves,
Sinks down the virgin prow."

As the EXAMINER has already stated, Mrs. J. F. McIntyre performed the usual christening ceremonies. Among those on board the huge toboggan we noticed Mr. and Mrs. J. E. McIntyre, Mr. and Mrs. John Hackett, Rev. Father Lynch, Mr. P. D. Doran, Mr. H. LeBrun, Mr. James Dolan and Mr. R. Tierney, of Peterborough.

After refreshments, generously provided by Mr. Young, had been partaken of on board the new boat, all were invited to take a trip up the lakes on the "Fairy," of which advantage was taken by all of Mr. Young's Peterboro' friends and several others. As a full account of the "Mary Ellen" has already appeared in these columns it is needless to describe her. The new boat will commence passenger traffic in a short time, and her captain, Mr. Wm. Scollard, so well and popularly known in connection with the "Fairy" will do all he can to oblige the travelling public and will land camping parties at any point on the lakes they may wish to visit.

Cold Springs, Otonabee.

(From Our Own Correspondent.)

The football match between "Cold Springs" and "Crystal Springs" clubs was played June 5th, on the grounds of the former. The game resulted in a tie, each club scoring one goal. The spectators, to the number of about 200, appeared to enjoy the game wonderfully, judging from the ringing cheers which followed a well made point on either side.

There's certainly something the matter with him—

Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."

The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair,
Try "Dorenwend's Magic."
It imparts strength and beauty,
And it's the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."

Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known,
Try "Dorenwend's Magic."
Try this motto to heed,
Try till you succeed,
So I tell you
Try "Dorenwend's Magic."

This now famous preparation for invigorating and stimulating the growth of the hair is universally accepted as the most valuable specific on the market. All diseases of the scalp are either relieved or permanently cured. A rich and rapid growth of hair will follow after judicious and regular treatment. It remains with the user alone to secure the desired results. Dr. Dorenwend's "Hair Magic" is sold by all druggists at $1 per bottle, or six bottles for $5. If not obtainable in your own locality send direct to the sole manufacturer, enclosing price. A. DORENWEND, Paris Hair Works, 103 and 105 Yonge street, Toronto. For sale by J.D.Tully and all druggists. dw

Valuable Properties for Sale suitable for Building Sites, Residences, Market Gardens, &c.

We have been instructed to offer for sale the following valuable properties:—

1st.—**East Half of Lot No. 1** in 2nd Concession of the Township of Thorah, County of Ontario. 120 acres all cleared, soil good clay loam, house and barn on farm, which is situated about three and a half miles from Beaverton. Price $4500.

2nd.—**The Erskine Homestead**, being the North Part of Block "U" Ashburnham, containing about 14 acres, and having a frontage of about 282 feet on Concession street, and 2340 on the Road leading to Norwood. This property has on it a large dwelling house, barns, stables, and outbuildings. It is well situated for putting on the market in Building Lots, and can be subdivided to advantage. The land immediately south of it has been sub-divided and Lots are selling rapidly and buildings being erected.

3rd.—**Block "E" Ashburnham**, containing about 26 acres, having a frontage of about 500 feet on Concession street. It is within a short distance from town, and is well adapted for sub-division into Building Lots.

4th.—**Fifteen Acres of Land in Monaghan** On the Gravel Road, about 3 miles from town, with brick dwelling house 34x44, containing 10 rooms and usual outbuildings. There is a good orchard on the place, and the soil first-class, suitable for a market garden, or residence for a retired farmer.

5th.—**The residence of Mrs. F. W. Hamlin**, situated on Brock Street, Peterborough, on Court House hill, there is about ¾ of an acre of land, well stocked with fruit trees, &c. soil, first-class. The residence is large, with the usual outbuildings.

6th.—**Erin Cottage** being the West half of Park Lot No. 14 in Lot 18 in 13th Monaghan, now in the town limits, containing about 5 acres of land. There is a comfortable brick cottage with usual outbuildings on the land, which is now occupied by Mr. Elias Thompson.

Offers in writing for the purchase of any of the above properties will be received by the undersigned, and any further particulars may be obtained from them.

MONEY TO LOAN. We have a large amount of private funds for investment and are prepared to loan on good security at the lowest current rates and on easy terms.

MEN'S, YOUTHS' and BOYS' CLOTHING, and 800 PAIRS OF PANTS EXTRA.

Measures for the Men.

Read our Champion Offer, and don't try to Duplicate it, for it can't be done.

We Offer a Man's Suit for $2.50 that cost $4.78 Wholesale.

We Offer Splendid Fitting Suits, and in 150 Different Patterns, at $5.00 easily worth $7.25 Wholesale. These Suits, if sold in the Regular Retail way would bring $9.00.

OUR GREAT BIG PLUM in Men's Clothing, comprising 633 Suits, Regular Wholesale Price $11.50, and we are turning them out for $9.00. The Cloth alone is worth more than we are asking for THE WHOLE SUIT COMPLETE.

Look them all through and then come to us, and if we fail to convince the most skeptical that our Stock is not at least five times larger and our prices 50 per cent. lower than those of any other dealer, we will GIVE A WHOLE OUTFIT FREE.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to our Counters. We Want the Public to know just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Pic-nic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors.

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10,00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have sticks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

The Daily Examiner.

WEDNESDAY, JUNE 6, 1888.

The Weather.

Fresh or strong southwest veering to westerly winds, partly cloudy warm weather, local showers or thunderstorms by night.

Street Numbering Sadly Needed.

The lack of street numbering is likely to give the lawyers a profitable job arising out of a law suit between a well known merchant and a customer, respecting the non-delivery of goods. An errand boy was sent with a parcel containing a bonnet and mantle for delivery Saturday night. The complicated directions received were of no use, he could not find the house that night and the parcel was not delivered. Payment was refused and the goods rejected, on account of non-delivery of goods owing to lack of street numbers. The lady said she would not have cared so much if the goods had not been from the millinery and mantle department of the golden lion and consequently something very superior, as everybody knows.

A Stock Breeder.

Mr. R. C. Dundas, of Springville, is a stock breeder who is doing much in the way of improving the quality of the stock in this district. Recently he purchased from Mr. Murray, of Frazerville, a valuable yearling heifer "Fairy Queen," and a promising young bull, "Comet," from Mr. Christopher Leary, of North Monaghan. These animals will be an acquisition to Mr. Dundas' farm in North Monaghan. Mr. Dundas left last night for Scotland, via Montreal and the Donaldson line steamer "Circe," to purchase a number of pure Clydesdale horses. His other adventures in this line have been a success, and Mr. Dundas is pushing still further forward in the march of improvement.

A New Hotel.

Ground has been broken on Charlotte street for a new hotel building for Mr. Wm. Snowden, next to English's canoe factory. The building will be a plain, substantial structure of brick, three stories in height with a basement, 60 feet square and kitchen in rear. Mr. Wm. Snowden designed the building himself, and, being thoroughly acquainted with the requirements of his business, it is expected his new hotel will be a model of convenience. The new building will be fitted with all the modern improvements, and will have an increased capacity over his present hotel on Simcoe street. Mr. Snowden's lease expires in January, and the new building will be ready for occupation by December 1st. Mr. T. Rutherford is the contractor.

Matrimonial.

Another of our popular bachelors gone. On Tuesday evening Mr. Thomas J. Wilson, of the firm of E. B. Wilson & Son, a well known member of the Fire Brigade, was united in marriage to Miss Lena Hatch, of Barrie. The ceremony was performed by Rev. P. Clifton Parker, pastor of the Murray street Baptist church, at 7 o'clock, in the presence of a few intimate friends. The high esteem in which the young couple are held was manifested by a large number of handsome and useful presents. Among these was a china tea set presented by the members of the Fire Brigade and an elegant silver cruet and egg set, by the employes of Brodie's woolen mill. The newly wedded pair who enter upon their married estate under assuring auspices and amidst the cordial good wishes of a very large circle of friends, take up residence on George street, north.

Delighted With Devlin's Work.

A short time ago Mr. W. J. Devlin shipped a lot of harness to Quebec to fill an order given by the Cap Rouge Pier and Wharf Company, and this morning he received a letter, accompanied with a cheque. The letter stated that the harness gave every satisfaction, and to show how highly Mr. Devlin's work is thought of in Quebec, the letter contains orders for other sets of harness for gentlemen who saw and admired the work previously sent. These facts speak volumes in favor of the excellence of Mr. Devlin's harness work. He does not get these orders by doing work at cut prices, but gets his usual figures. The excellence of the work is the reason. These are not Mr. Devlin's first orders for he has done a large amount of work for Mr. H. J. Beemer, contractor. 1dlw

Test of Riding Ploughs.

A test of Riding Ploughs was held on the farm of Mr. Michael Cavanagh, Ennismore, on Monday, May 28th, when the Cockshutt Riding Plough and the Peter Hamilton Riding Plough came into competition. There was a large number of farmers present and great interest in the contest was manifested. Both ploughs did excellent work, both answering all practical requirements. Mr. Cavanagh was so pleased with their working that he bought both ploughs. His nephew being somewhat delicate, Mr. Cavanagh presented him with the Hamilton Riding Plough, it being more easily worked.

The Coming Event.

On Wednesday, 6th June, Peterborough and Barrie will meet on the lacrosse field. It is to be hoped that the sun will come out brightly on that day, and that the ladies of Peterborough will protect themselves from its burning rays by having one of J. J. Sheehy's pure silk parasols at $1.00. dw

Heard at the Commencement Exercises.

In an impassioned burst of eloquence the orator said: "You may forget your friends, forget your early home, forget your pains, forget your own name even, but never forget ——forget—— never for—get —— Small boy in gallery:—Never forget that they have another big lot of bankrupt goods in at dawson bros.' old stand. 2d

The Masonic Excursion.

Hundreds are busy in preparation for the double Masonic excursion, which leaves the Midland station to-morrow morning by two trains, at 6.15, via Port Hope, and 8.20, via Lindsay. There will doubtless be a large number to take advantage of a journey to Toronto with long hours in the city, the cost being only $1.75 for railway fare both ways.

Prehistoric Pavement.

Workmen excavating for the electric light pole corner of Hunter and George streets came upon a sidewalk at a depth of three feet, and at a depth of six feet another walk in a good state of preservation. The plank of the latter was sound and the supporting timbers were strong enough for a double track railway bridge. This shows what the level of George street was in the good old days.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop George street. Prices are cut so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

No Meetings.

There was no meeting of the school board last night. At the appointed hour the only members present were Messrs. Denne, Dumble, Hill, Hughes, McWilliams, A. Rutherford and Weir. Another meeting will have to be called by the chairman.

The Otonabee Canoe Club meeting billed for Tuesday evening was also a fizzle. There were only a few members present. Another meeting is called for Friday evening.

Lansdowne Rowing Club.

At a meeting of the Lansdowne Rowing Club on Tuesday night the following gentlemen were admitted members: Messrs. A. Mercer, R. J. Kingan, R. Henry, J. J. Sheehy, W. E. Lech, Charles Shaw and V. Halliday. Another meeting will be held to-morrow night for the reception of other members, with several applicants in prospect. The membership, which now numbers fourteen, is rapidly increasing, and the affairs of the club are in a flourishing condition. Arrangements for matches are being made.

A FEW more of those fine lace curtains at dawson bros.' old stand, at half price. 2d

Open Air Concert.

The first open air concert of the season will be held in the Murray street Separate School Grounds on Friday evening next. There will be a choice and excellent programme, consisting of vocal solos, duets, trios and choruses, as well as instrumental selections. The Fire Brigade Band and orchestra will also be present. The concert will be under the auspices of the boys of the Murray street school, and will be under the musical direction of Prof. J. A. Doucet: Mrs. W. J. Morrow, accompanists. Gates open at 7 o'clock; admission, 25 cents; children, 10 cents.

MASONIC EXCURSIONISTS!

The Proprietors of the Grand Pacific Hotel and Revere House, corner King and York streets, Toronto, have written the Masonic Excursion Committee soliciting the patronage of Peterborough and other visitors by the Masonic Excursion to-morrow, and offering all their guests the benefit of specially reduced rates, which they have placed at $1.00 and $1.50 per day.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

THEY are selling ladies white and colored kid gloves at prices far below cost. 2d

The Cutting Down of Cathedral Hill.

The cutting down of Cathedral Hill, Reid street, has been completed, and the cost of the work falls far short of the popular estimate, being only $460. The cutting down included Reid, Hunter, Brock, Hall and Kirk streets, and the material thus afforded was utilized in making 1,400 lineal yards of street besides two neat little parks, as well as to make 3,800 feet of boulevarding, by St. Andrew's and St. Peter's Churches and private parties in the neighborhood. The mere leveling of the hill cost only $175 of the $460, the balance being expended in grading and making other streets. The cutting down of elevations are made necessary as the town expands. Many can remember when George street, opposite the EXAMINER office, was on a level with the present second story balcony of the Commercial House.

"Score Another."

It goes without saying, that the Oddfellows Excursion Committee are putting forth ever effort to make the excursion to Toronto, via C.P.R., on June 12th, an unqualified success. They have this day completed arrangements with the proprietor of the Grand Pacific Hotel, corner of King and John street, to prepare a special bill of fare for the occasion at greatly reduced rates, viz $1.50 per day. The Grand Pacific is a new hotel, recently newly furnished, centrally situated, with all modern conveniences. Mr. VanWormer, the proprietor, who is a prominent Oddfellow, has promised to put forth every effort to insure the comfort of all those who favor him with their patronage. The large ballroom will be handsomely decorated and be at the disposal of all those who wish to trip the light fantastic. The 57th Band and members of the Canton will make the Grand Pacific their head quarters while in the city. Return tickets, good for two days, $2; children, $1. 1d

Church Notes.

Rev. Dr. McTavish, Lindsay, has received a call to the Central Presbyterian church, Toronto. The salary is $2,500 per year.

The Stationing Committee of the Bay of Quinte Conference is sitting at Lindsay. Rev. Messrs. Tovell and Wilson represent this district.

Rev. S. J. Shorey, of Toronto, who will be the new pastor of the Charlotte street church, preached in his own church Sunday evening upon the waste of church energy and funds in building fine edifices, etc., while not doing as much as it should to aid the poor and distressed outside. The *Globe* says: —"A reference to the pastor's approaching departure to a new field visibly affected many of the congregation. The Sherbourne street church has had three harmonious and prosperous years under Mr. Shorey's pastorate, and there is very sincere and very general regret that the pleasant relations which have so long existed between the pastor and his people are so near their necessary termination."

The first match in the Midland league series will be played Friday afternoon on the P. A. A. A. grounds. The Lindsays have a good team this year, but the Peterboroughs are pretty confident of beating them. It is hoped the public will turn out in good numbers on this occasion, and encourage the officers and club.

Sports of Sport.

The Gun Club has its regular weekly practice shoot Friday afternoon.

The Trinity College School boys, of Port Hope, and the Colts are playing a cricket match to-day. The Barrie and Riverside lacrosse teams began play about two o'clock.

Commercial Union Literature.

Through the kindness of Mr. Clarton, the EXAMINER is in receipt of the "Handbook of Commercial Union," published by the Commercial Union Club of Toronto. It is a volume of nearly three hundred pages, fine, large print, and contains the most notable utterances of our leading statesmen and citizens on the important subject. Each contributor is a specialist in his class, and consequently the whole subject is exhaustively dealt with. The contributions include the magnificent oration delivered by Sir Richard Cartwright in the House of Commons March 14th, the paper read by Mr. Clarton before the West Riding Farmers' Institute, speeches by John Charlton, M.P., and papers by other eminent commercial unionists. Mr. Goldwin Smith contributes an elaborate and able introductory article. This book contains a complete record of the claims of Commercial Union upon the people of Canada, and certainly it is not often that so large an amount of valuable information is put into book form for the very low price of 25 cents. Toronto, Hunter, Rose and Co.

Court of Revision.

The Court of Revision met Tuesday evening, Mr. Moore in the chair. Messrs. Langford, Kelly and Douglass, and the assessors, were also present. Twenty-one appeals were disposed of. Those of R. O. Hallam, Gilbert Peck, Thos. Bradburn, Mrs. E. Brown, Louis Spry, Henry Best, E. A. Peck, Jno. McClelland and Edward Butler, the majority against over assessment, were adjourned. The income assessment of Dr. Caldwell was reduced from $1,000 to $800. The assessment for real estate of K. M. McDonald was reduced from $500 to $350; R. A. Hamilton, real estate, from $500 to $300. The application of Hall & Hayes to be put on the roll as public school supporters was granted. That of Judge Dennistoun to be relieved of the assessment of "Inverlea" was also granted. The appeal of Mrs. Cinderella Smith against over assessment was dismissed; that of Joseph Stewart to be assessed for real estate was granted. An appeal of Henry Best against over assessment was dismissed. The Court adjourned until Friday evening.

Farmers and Food for Dairy Stock.

The most important bulletin yet issued by the Ontario Bureau of Industries is that relating to the result of experiments to determine the relative value of grain and roots for milk production. The result was that roots, when properly fed, are ahead of grain, in the matter of cost, in the proportion of 19 to 10. This is a very important pointer for the farmer, but not half so important as the fact that he can get at the store of gough bros., the wonderful cheap men, a tip-top suit for from $5 to $10, worth from $10 to $20. An immense stock—bought at 52½ cents on the dollar and sold in proportion, consisting of boys', youths' and men's suits, at the most marvellously low prices. To make the most of your money, go to gough bros. for good clothing. One dollar does the work of two. Be sure you get into the right shop, gough bros., george street, peterborough. 1dw

Good News!

The undersigned is desirous of returning thanks to his many customers for their liberal patronage since he came to Peterborough; and he would ask them to continue their liberal patronage, as he purposes keeping a first-class stock of groceries, provisions, flour and feed. GONE UP IN SMOKE.

A Carriage Factory and Furnace Works Destroyed.

TORONTO, June 6.—At noon yesterday a serious fire occurred on Queen-street east, when two factories were completely destroyed. A little after twelve o'clock, most of the workmen being at dinner, an employe noticed smoke arising from a room near the furnace in Hewitt & Harvey's box factory, No. 24 Britain street, and ran over with a pail of water to investigate. A moment later he had to run for his life, a mass of flame having burst from the lumber and shaving-laden floor. The flames spread with such tremendous force that in five minutes the whole building was enveloped, and the flames had spread to Messrs. J. F. Pease & Co.'s furnace factory, Nos. 151, 153 and 155 Queen-street east, entering up an open hoist at the back, and spreading from flat to flat before scarcely an effort could be made by the firemen. Several sections of the brigade saw the dense smoke and arrived at the scene almost as soon as the general alarm sounded. Gathering force, as they sped, the flames reached Martin Bros.' carriage factory, adjoining the furnace factory on the east side, and in half an hour this building, a two-story frame was completely destroyed, as was also the cottage occupied by J. W. Hime as a horse-shoeing establishment. Following are the losses.—F. W. Pease & Co. had $20,000 stock and $10,000 worth has been destroyed, but the loss is fully covered by insurance. The damage to the building, which is owned by Messrs. Taylor Bros., amounts to $2,000. Martin Bros., lose $6,000 in stock, and are insured for half that amount. The buildings were worth about $4000, and are a complete loss. Messrs. Hewitt and Harvey have just put some new machinery into their box factory, so that their loss will not fall far short of $5,000. J. W. Hime loses his entire stock of horse-shoeing utensils, and estimates his total loss at $400. No insurance.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

LIFE ASSURANCE COMP'Y OF CANADA.

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600.00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,482 69	$1,149,743 00
1876 to 1880, four years	36,580 67	195,188 29	1,167,336 14
1880 to 1884, four years	136,976 84	363,284 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,607 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

HER SPIRIT BROKEN.

A Young Girl Whipped by Her Father Drowns Herself.

MINNEAPOLIS, Minn., June 7.—The body of Miss Adele Menard, daughter of Joseph Menard, a well known citizen, living at Oliver-avenue and 12th-avenue north, has been found floating in the Mississippi river. She was but 16 years old. Miss Menard passed the evening in company of a young man to whom, it is said, she is betrothed. Before retiring Mr. Menard whipped his daughter for some reason not disclosed. She went to her chamber and the next morning, when a member of the household visited her room the discovery was made that she had decamped, leaving her best clothes, which she wore Monday evening, and dressing in a common calico suit. She left two notes, one of them addressed to her father, and the other to her lover. In the note to Mr. Menard she said she was going to commit suicide by drowning and that she had been driven to the desperate deed by her father's cruelty, and referred especially to the whipping she received Monday night. The note addressed to her lover advised him to commit suicide also. The police were notified and yesterday afternoon found the body floating in the river at the foot of Lake-street. Miss Menard's lover has not been seen since her note was delivered to him and it is believed that he has killed himself.

Story of an Amiable Fraud.

A story comes from a well known fashionable Long Island club of a fellow there who recently achieved a reputation of owning valuable things by constantly proclaiming the loss of something or other which nobody ever suspected he possessed. Every visit to the club was marked by a written notice pasted on the wall of the waiting room of the depot on his departure announcing that he had lost a fur overcoat, or a diamond ring, or a pocketbook with $250 in it, and offering a generous reward for the return of the missing article. As nothing was ever returned, the multiplicity of his misfortunes finally inspired suspicion as to the bona fide character of these losses which he announced, and after a careful consideration of all the circumstances in two or three successive cases, the members of the organization came to the conclusion that their fellow member was an amiable fraud.—New York Mail and Express.

Crests for Would Be Aristocrats.

The emblazoning of crests upon equipages is said to be an active industry in Newark, N. J., where one firm makes a specialty of the business. "The selection of the crests according to one writer, "is left largely to the Newark concern. So great is the demand that one of the partners does nothing but hunt up coats of arms. He has all the books on heraldry, and also endeavors to trace back his customers' ancestry far enough to find a family tree and a family crest. It isn't an easy job. Half the would be aristocrats have no trace of their great grandfathers, while in nearly every instance the records disappear somewhere in the eighteenth century. Occasionally a clear case of family tree is developed, and then the search is easy and the crest is soon concocted."

Maxim's Automatic Machine Gun.

One of the results of Gen. Wolseley's alarm was to give a large contract to our countryman, Hiram Maxim, the inventor of an automatic machine gun that may fairly be called one of the wonders of this age. In it the recoil of the piece when once fired is utilized to throw out the empty shells, ram home fresh charges, and at the same time keep a column of cool water moving about the barrels to prevent heating. Left standing upon its tripod by a retreating army, it will keep up a rapid and murderous fire upon the advancing pursuers to the last second of effectiveness, and, if properly handled, may be made to scatter its deadly bullets along the ranks of an enemy like a storm of iron hail blowing in his face.—Scientific American.

Hon. Edward Blake will return to Canada in August.

It is stated that Dr. Wilson will refuse the knighthood offered him.

The schooner Blanche, of Colborne, has been sunk in Lake Ontario and her crew of five lost.

The weather throughout the North-West is fine and the crop prospects are encouraging.

Col. Goldie, Capt. Matthews and Mr. John Hendrie were in London, Ont., yesterday looking for cavalry horses.

CLEVELAND NOMINATED.

THE UNANIMOUS CHOICE OF THE DEMOCRATIC CONVENTION.

One Hundred Colored Representatives Endorse the Nomination—The Mills Bill will Probably be Endorsed.

ST. LOUIS, June 7.—The Democratic Convention was called to order at 10 o'clock yesterday morning. Rev. J. P. Greene, of Missouri, delivered the invocation.

Chairman Collins was escorted to the chair and made a speech. He said the Platform Committee would not be able to report before 8 o'clock in the evening.

Schowalter, of Missouri, presented a long resolution on the tariff, demanding that war taxes shall cease, and denouncing the present tariff. He was greeted with applause.

The Secretary read a communication from the Washington Women's Convention asking that a representative be allowed to address the convention ten minutes.

On the motion of Mr. O'Donohue, of New York, the request was granted.

Hon. Tim Campbell, of New York, presented a resolution of regret on the serious illness of General Sheridan. (Applause.) Adopted.

Mrs. E. A. Merriweather, of St. Louis, appeared, and was greeted with applause and laughter.

No ballots were taken and Grover Cleveland was nominated for President by acclamation amid the wildest excitement.

Nearly a hundred representative colored Democrats, from more than a dozen States, but chiefly from the North, held a meeting here in the afternoon and organized a colored National Democratic League. Resolutions were adopted endorsing Cleveland.

Hon. Geo. L'Yaple, a member of the committee from Michigan, made the following statement; "Notwithstanding the fact that numerous important papers all over the country have announced to the contrary, I think I can safely, without violation of confidence, say that not only the President's message, but the entire Mills Bill also will be unqualifiedly endorsed by the committee. Some other matters were hotly discussed which I am not at liberty to mention at this time." The committee met at nine o'clock this morning, when its business was closed up.

The indications are that the Convention may be delayed some time, and its proceedings perhaps prolonged for another day.

The nomination for the Vice-Presidency undoubtedly lies between ex-Senator Allen G. Thurman, of Ohio, and Gov. Isaac P. Gray, of Indiana. It is said that Governor Gray's name will be withdrawn, and in that case Mr. Thurman's nomination will probably be by acclamation.

"Sweating" Disclosures.

LONDON, June 7.—Before the House of Lords Committee on "Sweating" yesterday, Myers Tarlofsaki, an ex-"sweater," testified that Poole, Redfern, Benjamin, and other well-known fashionable tailors are implicated in the practice, employing women at from 5s to 8s per week, and that the system was a great cause of immorality, most of the women who walk the Strand being ex-employes of "sweating" taller establishments.

Wentworth County Council.

HAMILTON, June 7—At the County Council this morning a resolution was adopted in Committee of the Whole recommending the purchase of a suitable site and the erection of the necessary buildings for a poor house thereon. The average annual expenditure of the county on its poor for the past three years has been $3,522.

A Plot to Murder Balfour.

LONDON, June 7.—A high Government official is authority for the statement that Walsh, whose Clan-na-Gael conspiracy was broken up by the police, really came over here to carry out a plan for the assassination of Mr. Balfour in St. James' Park, through which the Secretary is accustomed to walk on his way to and from his office.

Fire Near Kinloss.

KINLOSS, June 7.—Charles Baechler's saw mill, four miles north of this place, was burned last night, together with $1,500 worth of lumber. Loss about $3000; no insurance.

Hope for Sheridan.

WASHINGTON, June 7.—Not since Gen. Sheridan's first attack has there been such unmistakable evidence of sanguine hope shown both by the members of his family and friends as last night.

A triumph in electric lighting was recently achieved in Vienna when, during a performance at the opera, more than 8,000 17-candle power lamps were burning more than four hours without a flicker from first to last.

Roses now in their jackets of green in the gardens at Mentor will split their calyxes about June 14, and on that midmonth date in this month of roses Miss Mollie Garfield is to marry J. Stanley Brown, and Harry Garfield and Miss Bebe Mason are to be wedded.

The giant of all guns is in process of construction. Krupp's works are making a 130-ton gun for the Italian ironclad Sardegna. It will be 52 1-2 feet long with a bore of 15.6 inches. It will fire a steel shell of 1,630 pounds with an initial velocity of 2,471 feet per second, or one of 2,314 pounds at 2,099 feet per second.

THE WORK OF A CYCLONE.

TERRIFIC STORM IN THE VICINITY OF OTTAWA.

Three Persons Killed and Further Loss of Life Feared—Houses Unroofed and Barns Demolished.

OTTAWA, June 7.—The worst cyclonic thunderstorm ever known in this section burst over the city and vicinity about noon yesterday and lasted nearly an hour, doing enormous damage and causing the loss of three lives, so far as known. The morning was bright and clear but towards noon rain began to fall and the wind to rise, and in half an hour a terrific cyclone was sweeping along. The city proper was not in the direct path of the wind, which rose to over eighty miles an hour, mapping trees of two and three feet diameter like twigs, crushing barns like egg-shells and unroofing dozens of houses in Rochesterville, Billing's Bridge and other places in the direct path of the storm.

At Billing's Bridge, St. Thomas Roman Catholic Church, a wooden structure, was blown to pieces. There were twenty-one children and a priest in it at the time. A 12-year-old girl named McVey was killed and several others injured, some of them very severely.

At the farm of J. R. Booth, adjoining the Experimental Farm, a large barn worth $10,000 was demolished. Five men working on the Experimental Farm had taken refuge in it and were eating their dinner when the cyclone struck the barn. The men started to run and four got away, but the roof fell on the fifth, John Milligan, mangling him frightfully and killing him almost instantly.

At Romand's brick yard, Rochesterville, a man named Grey was killed. It is feared that many more casualties have occurred which have not been reported yet.

Almost at the close of the storm the western gable of the Protestant Hospital was struck by lightning, and for a while it was feared that the whole building would be destroyed. The bolt crushed through the roof of the building, tore through the attic floor and found its way to the cooking stove in the upper ward. The stove was smashed to atoms and the electric fluid flashed around the floor setting the place thoroughly on fire in several places at once. Some little delay occurred in giving alarm, but firemen were quicky on the spot, and an hour's hard work succeded in confining it to the roof and attic of the western wing. The whole building was deluged with water, and the loss will be about $5,000 fully covered by insurance in the Ætna, Phœnix, Hartford, and North British and Mercantile.

Disastrous Storm in Lanark.

LANARK, June 7.—The most terrific thunderstorm, accompanied by rain, hail and wind, swept through this section about noon yesterday, levelling fences, barns and almost everything on its course, some farms being left without a fence or outbuildings, and a number of dwellings uproofed.

"LANDHOLDERS' SONS."

Entitled to Have their Names on Municipal Voters' Lists—Hamilton Notes.

HAMILTON, June 7.—In chambers Judge Sinclair decided that all those appearing on the assessment roll as "landholders' sons" are entitled to have their names on the municipal voter's list.

A small fire occurred in the store of Geo. Durphy. Loss about $150.

About 200 public school boys are under a course of special drill for a parade at Dundurn Park on Dominion Day.

Eugene McGowan, a young man from Dundas, was found guilty of stealing a gold watch from James Cantwell and remanded by Judge Sinclair until June 12 for sentence.

At the Police Court John Fox was committed for trial at the Assizes on a charge of stealing three sets of harness. A boy named John Nelson, who pleaded guilty to breaking into G. C. Goebel's residence and stealing three gold rings was allowed to go under deferred sentence. Frank and James Waters, two boys who travelled from Niagara Falls to this city on the Grand Trunk without tickets, were fined $10 each.

HOUSEHOLD HINTS.

Dock weeds and dandelions are easily destroyed by the use of kerosene.

A teaspoonful of salt in each kerosene lamp makes the oil give a much clearer and better light.

Coffee is improved by keeping in a cool dry place, but loses its flavor if kept long after browning.

Damp salt will remove the discoloration of cups and saucers caused by tea and careless washing.

When broiling steak throw a little salt on the coals and the blaze from dripping fat will not annoy.

When out of machine oil use kerosene and fresh lard, equal parts, well mixed, and it will answer the purpose.

If new calicoes are allowed to lie in strong salt water an hour before the first washing the colors are less likely to fade.

Hive syrup is good for croup or inflammation of the lungs. It must be kept in a cool place, for if it sours it is very poisonous.

Hams may be wrapped in paper and packed in a barrel of ashes. Smoked ham or beef after being cut can be hung in a coarse linen bag, tied closely to keep out flies and hung in a cool place.

It is said that canaries and other birds may be freed from insects by placing a white cloth over the cage at dusk. During the night the insects will leave the birds for the cloth, and in the morning they can be destroyed by placing the cloth in hot water. A repetition of the process will soon clear away the pests.

ST. THOMAS, June 7.—Mr. Macpherson, watchman at the crossing of the Michigan Central Railroad and Grand Trunk Railway, about three miles east of this city, was murderously attacked about nine o'clock yesterday morning by three tramps, who beat him until insensible, and after robbing him of his watch and other articles, threw his body into a pool of water. Macpherson lies in a precarious condition.

THE DEBATING CRAZE
IS OVER.

A NUMBER of Talented Speakers from Lindsay and Peterborough have made Eloquent Harangues on "Novel Reading," "The Party Press," "Commercial Union" and other subjects. These debates have awakened a deep interest among our Citizens. We venture to suggest a few subjects of far GREATER Importance :—

I. Resolved,—That ROWSE'S TRADE PALACE sells the Cheapest Dress Goods in Peterborough.

II. Resolved,—That ROWSE'S 50c. Pure Silk Mervellieux are Better than other houses sell at 85c. yard.

III. Resolved,—That ROWSE'S CASHMERES in Sky blue, Blush Pink, Esterhazy, Cream, Peacock, Grey and Dove Shades, which they are selling at 60c. are worth 85c. yard.

IV. Resolved,—That the Most Reliable House for Silks, Satins, Plushes, Dress Goods, Corsets, Hosiery and Gloves, is ROWSE'S.

The Thousands of Close Cash Buyers of Peterborough decide in favor of the affirmative. We study to please, and a pleased Customer will call again.

THE CHURCH AND THE CUSTOMS LINE.

The customs barrier affects every interest of the country, sacred and secular; decorates the home altar as well as the church. The narrow house of the dead is taxed, and the customs officer scrutinizes the churchgoer. The Emerson, Man., *Times* has the following instance:

"It is said that persons living on the American side of the line, who have hitherto attended church in Emerson, have ceased to attend, because of their being compelled to report at Uncle Sam's Custom House, both morning and evening, going and returning. This is scandalous and disgraceful, but only on a par with everything else connected with that barbarous institution, the Customs house. It is fortunate that the officers entrusted with the carrying out of Custom house regulations, on both sides of the line, are courteous and gentlemanly, and consiederate when they can safely be so, otherwise the relations of people on the border would be intolerable. Forty thousand happy and prosperous Canadians live in Dakota in the counties just south of us, and intercourse must be had with them. If we are not permitted to drive out and see them with a Canadian horse and rig they might at least be permitted to come over and worship at our altars. Let all good Americans join with us to help put down this burdensome Custom house barrier."

Our Dominion Government rulers have no scruple in taxing to the top notch the necessaries to the sustenance of the body, and it is not to be hoped that that they will hesitate to interfere with the acquirement of spiritual pabulum.

THE Montreal *Herald* calls attention to deplorable, imperfect sanitary conditions of that city, based upon what was seen and smelt by its own reporters. If cholera should pay a visit to this continent this summer, Montreal would evidently be in a good position to receive it.

SPEAKING of the marvellous growth of London, England, a recent article in Chambers' *Journal* states that within the metropolitan police district, an area of 688 square miles, exclusive of the city proper, there is a population of 5,360,000, that the number of police is 13,800, and that during the year 1886 12,252 new houses were built, making 29 miles of new streets. If all this happened in Canada, remarks a contemporary, it would, of course, be hailed as a triumph for the N. P. As it occurs it free trade England, the explanation of it must be sought elsewhere.

Deserved Official Recognition

The Government Examination of Baking Powders — Royal Officially Reported Pure.

The reports of the Government analysts, as made public from time to time in the official reports of the Commissioner of Inland Revenue, form useful subjects for study. A great deal of attention is devoted to the examination of baking powders, and very properly so, for they are articles of general use, and many of them being so grossly adulterated all possible information should be given to enable consumers to distinguish between the good and the bad.

A large number of these articles have been analysed, the samples being collected from dealers in all sections of the Dominion. The impurities found were principally alum and lime, both unwholesome. The alum is used in place of cream of tartar because of its low cost. The lime, both tartrate and sulphate being found, was present from the use of improperly refined cream of tartar.

The analysts found and reported the Royal Baking Powder to be pure, free from lime, alum and phosphatic acid, and of high leavening strength. A complete analysis would undoubtedly have shown no baking powder except the Royal entirely free from some one of these objectionable ingredients. This, we presume, accounts for the lack of leavening power in the other powders, as sometimes complained of by the cook, and for the bitter taste found in the biscuits so frequently complained of by ourselves.

But aside from the inferiority of the work done by these powders, the physicians assure us that lime and alum taken into the system are injurious. Their physiological effects are indigestion, dyspepsia or worse evils.

The question naturally arises, why do these cheap baking powder makers use these things? Alum is three cents a pound, lime still cheaper, while cream of tartar costs thirty-five or forty. The reasons for the chemical purity of the Royal Baking Powder were recently given in the New York *Times*, in an interesting description of a new method for refining argols, or crude cream of tartar. It seems that it is only under this process that cream of tartar can be freed from the lime natural to it and rendered chemically pure; that the patents and plant for this cost the Royal Baking Powder Company about half a million dollars, and that they maintain exclusive control of the rights.

This official recognition of the purity and value of the Royal Baking Powder by the Government will add to the already wide popularity of that article, and deservedly so. This baking powder is now used, to the exclusion of all others, by the United States Government, its advertisements for supplies calling for it by name, as the continued tests of the official chemists show it to be much higher in strength and purer in quality than any other brand.

Sunday School Pic-nic.

On Tuesday afternoon a very successful pic-nic, held on the farm of Mr. Tully, under the auspices of the 2nd Line Union Sunday School was enjoyed by a fairly large gathering of the public of the vicinity. The young men had erected a large banqueting hall of evergreens where refreshments of excellent quality were supplied in abundance. The usual games, and sports, and pic-nic diversions contributed to the spending of an enjoyable afternoon. The chair was taken at five o'clock by Mr. J. S. Stratton, M.P.P., and brief addresses were given by the Chairman, Mr. J. Stubbs, Mr. W. H. Stevens, Y.M.C.A. secretary, and Rev. S. J. Thompson. The Fourth Line Brass Band was present and gave several choice selections. The several readings, recitations and songs were well rendered. This Sunday School is in a flourishing condition, and great interest is taken in it by the people of the locality and the able superintendent Mr. Jas. Middleton. Following is the programme:—

Singing.....By the children
Prayer.....Rev. S. J. Thompson
Recitation of 23rd Psalm.....By the children

MILK COWS AND OTHER CATTLE.

Prices of Milk Cows—Extension of Cattle Growing—The Outlook.

From 1879 to 1884 the annual estimates of prices of milk cows and other cattle advanced yearly, and the decline has since been uninterrupted, without exception for either class of stock. The fall in milk cows has been over 5 per cent., and in oxen and other cattle a decline of 10 per cent. in the last year.

The extension of cattle growing, according to Statistician Dodge's recent report, has been normal, corresponding very nearly with increase of population. Though prices have been low and heavy losses have occurred in some of the ranch districts, there is an abiding faith in the future of the business, grass being the cheapest and most abundant source of beef, yielding perhaps nine-tenths of all that is produced in the country. Corn has a relatively small share in the beef making in any country. The northwestern states are giving more and more prominence to cattle, the wheat interest relatively declining in the older settlements.

Milk cows are receiving rather more attention than in recent years in the eastern and middle states, and are increasing everywhere with the advance of population. There is some recuperation from the depression felt in cheese making districts, New York especially, where prices of their products ruled so low.

The belief is expressed, in the report quoted from, that the stock interests of the United States are in a comparatively prosperous condition, with a prospect of advance in prices, especially those of cattle.

The Asparagus Beetle.

We are informed that the common asparagus beetle appeared the past summer in such vast numbers in New Jersey that the owners of some rather extensive plantations of this excellent vegetable have almost concluded to abandon its cultivation in consequence of the depredations of the insect named. It seems almost unaccountable that any cultivator of asparagus should know how to quickly destroy this well known pest, inasmuch as it has been published hundreds of times during the past twenty years. The remedy is dry caustic lime scattered over the plants in the morning when wet with dew. The larva of the asparagus beetle is a small, soft, naked, thin skinned grub, and the least particle of lime coming in contact with this causes almost instant death. If the grubs are killed there will be no beetles.—American Agriculturist.

can only be attained by carefully attending to the laws of nature as expressed in the system. To do this successfully requires the use of Burdock Blood Bitters occasionally, to secure the regulating and strengthening effect of this splendid medicine. 2d22w

How it Works.

The mode of operating of Burdock Blood Bitters is that it works at one and at the same time upon the Stomach, Liver, Bowels and Blood, to cleanse, regulate and strengthen. Hence its almost universal value in chronic complaints 2d22w

THURSDAY, JUNE 7, 1888.

The Weather.

Moderate winds; fair, cooler weather.

ONLY a few more sets of dishes left at The Pantry and those must go at once; no matter about price.

Sabbath School Conference.

The Executive of the Sabbath School Association of the County of Peterborough held a conference at Norwood on Wednesday. The programme was made up of addresses, teachers' councils, etc.

In Good Spirits.

The boys are feeling good over their victory on the lacrosse field yesterday, and not a few of them are to-day investing in one of J. J. Sheehy's nice silk parasols at $1 each for their girls.

LIKE a ship before the breeze, so go the fine Teas at 5 lbs. for a $ at The Pantry.

Sunday School Excursion.

The annual excursion of the George-street Sunday school will probably be held on July 10th to Sturgeon Point. No final decision has been made yet, but unless it is found impossible to make satisfactory railway arrangements the excursion will go as announced.

OCCASIONAL DOSES of a good cathartic like Burdock Pills are necessary to keep the blood pure and the body healthy. dw

Number Two Ward Election.

A requisition, signed by a large number of the most influential ratepayers of No. 2 Ward, was presented to Mr. E. H. D. Hall this afternoon, asking him to become a candidate for the vacancy in the council caused by the resignation of Councillor McNeil. We understand Mr. Hall has consented to accede to their request, and is now in the field.

NEW YORK has a Gould who sways the money market and monopolizes railways. Peterborough has a Gould who is king of the local dry goods trade. He is found at Dawson's old stand on Hunter street, and if you want to see what he really can do in his line, call on him.

Fine Beverage.

J. H. Gurd & Co. and the Imperial Mineral Water Co.'s Ginger Ale and Soda, a beautiful summer beverage. 18 lbs. good sugar, $1, tomatoes, 10c. per can; 6 lbs. good Japan tea, $1; baking powder, 15c. per lb. Call and see our fine stock. Everything cheap. dw W. J. MORROW, Opera House block.

A Canoe Voyage.

This morning Mr. and Miss Britton and Mr. and Miss Spear, of Lindsay, brother and sister each, came in from Lakefield and left on the 8.15 train for their home. They had just completed a week's outing on the chain of lakes in the north. With two canoes and all necessary camping utensils they left Lindsay about a week ago, and by easy stages paddled through Sturgeon, Pigeon, Buckhorn and Stony Lakes. They had a rather stormy voyage most of the distance, but enjoyed it nevertheless. At Stony Lake they camped several days.

A Wife's Troubles.

Some time ago Mrs. Wm. McMaster, of Peterborough, recited a tale of woe in the sympathetic ear of an Uxbridge newspaper man, and he gave publicity to her story. She was tracing up her heartless husband, who had neglected her and left her alone with a small family to support. He was then supposed to be in Newmarket. It seems she has at last corralled her faithless lord and master, as the *Mail* says:—"William McMaster, of Newmarket, charged with non-support of his family, was released by Judge McDougall yesterday on $200 bail."

At Toronto Court of Justice.

Sweeney v. Sweeney.—Motion on behalf of defendant to set aside the judgment of Falconbridge, J., in favor of the plaintiff. C. J. Holman for the defendant. C. J. Leonard (Peterborough) for the plaintiff, contra. Judgment reserved. The action tried at the recent assizes at Peterborough was brought to have a specific allowance charged upon the lands of the defendant in lieu of a charge of maintenance generally. In support of the motion counsel cited *Comber v. Howard 1 C. B. 440, per Earle, J.*, and *Woodfall L. & T. last edition, 366*, and contended that at the time of the action there was nothing in default, the amount being payable yearly, meaning once a year; and that at the end of the year. Council for plaintiff contended that whether there was anything in default or not the action was properly brought to have it declared that the plaintiff was liable to pay a specific sum, and that the word "yearly" might mean yearly in advance, and that it was the intention of the parties that the plaintiff should be maintained from the granting of that deed, which meant paying the sum in advance. See *Millette v. Sabourin, 12 Ont., Rep. 364.*

Children Cry for Pitcher's Castoria.

A Journalist's Funeral.

The funeral of the late James Fahey, a brilliant and successful Canadian journalist who died at Toronto the other day, was held Tuesday afternoon. Among the pall bearers were Messrs. W. H. Cooper and A. P. Cheate, now of the city press but formerly of Peterborough.

A Big Fire.

About three o'clock this afternoon dense clouds of smoke that obscured the horizon began to ascend from the woods just west of the town. The hour was too late to learn the cause of the fire, but it is supposed to be burning in the bush above the quarry.

WE AIM to make the reputation of The Pantry permanent by selling at figures that clinch the argument every time.

Open Air Concert.

The first open air concert of the season will be held in the Murray street Separate School Grounds on Friday evening next. There will be a choice and excellent programme, consisting of vocal solos, duets, trios and choruses, as well as instrumental selections. The Fire Brigade Band and orchestra will also be present. The concert will be under the auspices of the boys of the Murray street school, and will be under the musical direction of Prof. J. A. Doucet; Mrs. W. J. Morrow, accompanists. Gates open at 7 o'clock; admission, 25 cents; children, 10 cents.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop George street. Prices are cut so low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. *Cause and effect*—the cheapest and best goods between Toronto and Montreal. d

Dominion Day.

Another meeting of the Dominion Day Committee was held Wednesday evening, when the programme as already outlined was finished up. The posters will be out in a few days. A feature of the day's proceedings will be a grand balloon ascension. It was moved in committee and seconded that the daring aeronaut, *M. H. LeBrun*, be sent up in a balloon, and she rope cut. The motion was carried unanimously. This demonstration is under the auspices of the fire brigade and citizens, who have leased the *Driving* Park for the day and intend having something new in the line of amusement. A public meeting of the citizens is called for Friday evening to get the preparations under way at once.

Royal Arcanum.

The eleventh annual session of the Supreme Council of the Royal Arcanum began in Toronto Tuesday. From the reports it appears that the Order has made gratifying progress since the last annual session, 10,673 new members having been initiated, and the actual membership on May 1st, 1888, being 82,996. Six hundred and thirty-six full rate and twenty-one half-rate death benefits were paid during the year, making the aggregate payments in 1877, $1,940,000. The receipts on the general or expense fund account were $43,838,89, and the payments $46,262.78. There are now eleven hundred and five subordinate and seventeen grand councils working under the jurisdiction of the Supreme Council.

Sugars.

A new lot of sugars arrived at Elliott & Tierney's, to be sold cheap for cash.

Trent Valley Canal.

The *Mail's* Ottawa correspondent says:—"Mr. R. B. Rogers, engineer of the Trent Valley Canal, was in the city to-day. He says that the commission have still a great deal of evidence to take. They will probably visit the line of the route about the beginning of July. There are now about 120 miles of inland navigation, beginning from Lakefield to Fenelon Falls, or Balsam Lake, open, and the portion of the canal already completed connects a splendid chain of lakes, along the shores of which there is to be viewed magnificent scenery. The last bridge over the canal at Fenelon Falls is now being completed. There is a stretch of fifteen miles between Balsam Lake and Fenelon Falls yet to be excavated. So far the work has presented no serious difficulties, and Mr. Rogers does not think there will be any."

"Score Another."

It goes without saying, that the Oddfellows Excursion Committee are putting forth ever effort to make the excursion to Toronto, via C.P.R., on June 12th, an unqualified success. They have this day completed arrangements with the proprietor of the Grand Pacific Hotel, corner of King and John street, to prepare a special bill of fare for the occasion at greatly reduced rates, viz $1.50 per day. The Grand Pacific is a new hotel, recently newly furnished, centrally situated, with all modern conveniences. Mr. Van-Wormer, the proprietor, who is a prominent Oddfellow, has promised to put forth every effort to insure the comfort of all those who favor him with their patronage. The large ballroom will be handsomely decorated and be at the disposal of all those who wish to trip the light fantastic. The 57th Band and members of the Canton will make the Grand Pacific their head quarters while in the city. Return tickets, good for two days, $2; children, $1. 1d

A Young Peoples' Association.

About thirty young people, members of the Charlotte-street church and Sunday school, assembled Wednesday evening and organized a Young Peoples' Association, with the object in view of holding a series of entertainments and meetings for the advancement of social and religious intercourse, and the general improvement and extension of the Sunday School.

The following officers were elected:—

HONORARY PRESIDENT.—Rev. S. J. Shorey.
PRESIDENT—O. C. Rowse.
1ST VICE-PRESIDENT—Mrs. Brooks.
2ND VICE-PRESIDENT—Miss Crosby.
SECRETARY—Miss M. Neil.
CORRESPONDING SECRETARY—Miss Lumsden.
TREASURER—J. Crane.
COMMITTEE—Mr. A. L. Davis, Mr. A. Tebb, Miss Neil and the officers.

Another meeting will be held next Tuesday night for the appointment of committees and the arrangement of a definite plan of action.

Local Sports and Pastimes.

Spots of Sport.

The Gun Club practices on Riverside Park Friday afternoon.

Peterborough and Port Hope Y.M.C.A. lacrosse clubs play at that town on Dominion Day.

The Y.M.C.A. and Ætna lacrosse clubs will play a practice match on the P.A.A.A. grounds next Monday evening.

Members are again reminded of the meeting of the Otonabee Canoe Club Friday evening. Its importance demands a full attendance.

To-morrow afternoon the regular practice match of the cricket club will be held. Sides will be chosen on the ground. All cricketers are urged to attend.

The "Silver Stars," of Peterborough, and the Ashburnhams, two junior lacrosse clubs, played on Riverside Park Wednesday evening. It ended in a draw, the latter club having only two games scored when time was called.

Lawn Tennis.

Dr. Geo. Barnham, President of the Lawn Tennis club, has generously offered to donate a valuable racquet for competition among the members at a tournament. All parties wishing to enter the competition are requested to hand in their names to the President or Secretary, A. St. A. Smith, as soon as possible so that the first draw may be made out and the date of the tournament chosen.

Thursday afternoon next at four o'clock the first of the proposed series of lawn tennis meets and teas will be held on the Association grounds. After play tea will be served. It is intended to hold these meets at frequent intervals throughout the summer in order to encourage the pastime. All members of the club and their lady friends are invited.

Baseball.

It is probable a match will be played at the pic-nic on the Murray-street grounds on Dominion Day between teams of the Lock-works Company and the Wm. Hamilton Manufacturing Company.

And now another funk may be placed to credit of the Lindsays. Wednesday night Secretary Clark received a message announcing that a couple of their men had broken fingers and consequently the team would be unable to play here to-morrow. It may be just as they state, but the Lindsays have already funked so often they should for their own credit have got on new men and come down as per schedule. The Peterboroughs are not at all pleased about it. They managed with difficulty to get a team together, and had the posters and dodgers out announcing the match when the telegram came. Not only are the baseballists derelict in this thing, but the cricketers also. Two cricket matches this season have been declared off at the last moment on account of the Lindsay team bauking out, and the local club don't expect them now until they see them here. Really, the Lindsay clubs ought to try to come up to the "scratch" oftener or their doubtful conduct may be left open to uncomplimentary imputations.

In the Eastern International League, Kingstands first, Belleville second, Oswego third, and Watertown fourth.

Willow and Wicket.

The Trinity College School boys came up from Port Hope on Wednesday and played the "Colts" of Peterborough. Though defeated, the visitors must be given the credit of being better all round players than their opponents.

For Peterborough Max Hamilton did almost all the scoring, though lent valuable support by Kincaid, Dumble, Crane, Boucher and Dunsfort. In bowling in the second innings he carried off the honors. W. Hamilton and Wise also bowled well, the former in the first and the latter in the second innings.

The Port Hope boys are all promising bowlers of no mean order and frequent changes were made to keep them in good trim. The score shows who did the hitting. They are a very gentlemanly lot of young fellows, and some of them showed splendid form at the bat. The "colts" treated them in a friendly manner. It is probable a return match will be arranged to take place at Port Hope at an early date.

Following are the scores:—

Lacrosse.

THE RIVERSIDES DEFEAT BARRIE.

A little after two o'clock Wednesday afternoon the Barrie Lacrosse Club, headed by the Firs Brigade Band, marched on to the Riverside Park. The visitors were dressed in all blue suits and presented a neat appearance. One by one the home team came on the field and at 2.30 o'clock the ball was faced and the first game commenced. About two hundred people were in attendance, and a most enthusiastic and appreciative audience it was.

Both teams played well, the "home" players for the Riversides sending some dangerous shots into the Barrie goal; but the latter's defence seemed invulnerable and each time the ball was returned. After 24 minutes play in this way J. Lennox, of the Barries, secured the rubber and sent it flying through the Riversides' flags.

THE SECOND GAME

was started at five minutes after three and was the most hotly contested of any that were played. Some good exhibitions of lacrosse were given which brought forth rounds of applause from the grand stand. During this game F. Hill received two rather hard cuts on the head and Dr. Brennan a cut on the ear. After 55 minutes play, with one or two intermissions for fouls and bruises, Manning scored the second game for Barrie. It looked as though it would be three straights for the visitors, but

THE NEXT GAME

turned the tables. This game was started at 4.10, and was distinguished from the others by its shortness and by a little severer checking and slashing. After ten minutes "Joe" Phelan, who plays a neat, straight game, scored the third and first game for Peterborough.

THE FOURTH GAME

was the shortest of any, the home team straining every nerve to score, as there was only *ten minutes* left to play. It lasted but two minutes, when Isbister scored another game for the Riversides. It was now a tie, two to two, and each team seemed desperate in their struggle for victory, the ball was kept hovering near the visitors' flags almost continuously, but their defence worked hard and with a will. However, the Riversides' home were equally determined, and after four minutes' play Duncan scooped the ball through, securing the

THIRD AND LAST GAME

for the Peterboroughs. This game was vigorously disputed, but Umpire LeBrun who was the best capable of judging, said it was game, and that settled the matter.

After the usual cheers by the clubs, the crowd dispersed. The game was characterized by considerable rough playing, which is to be regretted, nearly every man carrying away a "trade mark." The home team showed considerable improvement in their play. The following is a list of the teams:

Matrimonial.

Nuptials of Miss Albertine A. Loch and Mr. F. G. Gnaedinger.

On Wednesday afternoon at half past four o'clock the elegant Hunter street residence of Mr. Wm. Loch, one of our foremost citizens, was the scene of an interesting social event, the marriage of his third daughter, Miss Albertine, to Mr. F. G. Gnaedinger, of the wholesale house of L. Gnaedinger, Son & Co., hatters and furriers, Montreal. Only a few of the very intimate friends of the contracting parties were present at the ceremony, which was performed by Rev. Alex. Bell, pastor of St. Andrew's. The bridesmaids were Miss F. B. Loch, sister of the bride, and Miss Nellie Scott, of Galt. The positions of groomsmen were filled by Mr. J. T. Gnaedinger, brother of the bridegroom, and Mr. W. E. Loch, brother of the bride. The bride was richly attired in white moire antique, trimmed with plush and lace. Miss Loch were cream satin and lace, and the other bridesmaid, Miss Scott, amber satin and black lace. After the ceremony the wedding breakfast was served and the usual toasts proposed and duly honored.

The popularity and high esteem in which the bride is held was shown by the magnificent array of bridal presents sent in. These were disposed in the billiard room, and were worthy of the cordial admiration of the guests which they elicited. They were exceedingly elegant and without exception of unusual beauty and value. A more judicious selection could not have been made with intention to choose a suitable collection of varied articles of use, *vertu* and art.

In the evening a reception was held, at which there were present about seventy-five guests, and a delightful evening was passed in the enjoyment of the dance and in the musical enjoyment, characteristic of the home of the most musical family, both in taste and culture, in Peterborough.

Mr. and Mrs. Gnaedinger took the 8.50 G.T.R. train for their wedding journey, whose direction and destination they decline to disclose. At the close of their bridal tour, they will take up residence in Montreal, and how pleasant soever the bride's new home may be, it cannot surpass the elegant home in Peterborough in which she has passed the years of her maiden life, and exhibited the graces of character which have won for her and her husband the most fervent wishes for the unclouded happiness of their wedded life. The EXAMINER desires to join the many friends of the family in the cordial congratulations and best wishes evoked by the occasion.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

THE OPENING STATE BALL

BRILLIANT DISPLAY OF LADIES' TOILETS AND JEWELS.

Henry Labouchere's Gossipy London Letter —An Expected Addition to the Royal Family—The Pope and Home Rule.

LONDON, June 8.—The first state ball of the season was numerously attended. In the absence of the Queen the Prince and Princess of Wales received the guests. The dresses in the large and stately apartments of the fine old palace were seen to the best possible advantage. Myriads of lights were reflected with wonderful effect from many mirrors and a profusion of flowers arranged in banks and masses formed a delightful foreground to a miniature forest of trees, ferns, palms and tall plants with varied and vivid hued foliage. As for the dancers they looked like a fairy kaliedoscope in which all the beautiful pieces kept up measure and rhythmical motion, each bright and delicate color identifying itself with a human form and face. Only in the pauses of the dances could the details of dress be observed.

Among the grand display of toilets I mention two, the Marchioness of Lansdowne, who made her re-entree in London society, wore a broadly striped silk and satin of pure gleaming white, rendered still more effective by having a silk stripe subtly interwoven with glittering silver, which shone like diamond dust scattered over snow. The front of the gown was a soft mass of white mousseline de chiffon, cut out at the edges and embroidered with white silk. The embroidery was cleverly arranged, so as to fall at the edge of the skirt over a thick ruche of cut out white silk, and to form a fascinating coquille up the left side. The bodice was of stripped material, the berthe being of mousseline de chiffon, which goes into clinging and incomparably soft and becoming folds.

Lady Mandeville wore a dress of bright daffodil yellow satin and tulle. It was most effectively trimmed with antique gold lace dotted over with tiny glittering spangles of polished gold. It was observed that diamonds were more worn than pearls.

Jewels have come into fashion again this year. Many dress bodices were dotted over the front with diamond clasps, stars and other devices. Diamond necklaces, pendants, bracelets and tiaras were numerous, and in several cases sprays and single stones held in position the folds of the drapery of skirts more especially where lace was used. There was much latitude in the matter of sleeves, some consisting of a knot of ribbon and a rosebud, while others were composed of lace, tulle or lisse. Pearl and bead trimmings were lavishly used on both skirts and bodices, but gallons of gold or silver gauze were even more largely introduced as trimmings.

The Pope has, unwittingly perhaps, done the greatest service to Home Rule. One of the strongest arguments against it has been that the Irish are Catholics, and that if they were given control of their own affairs their allegiance to the Pope would outweigh their allegiance to the Empire, and that they would oppress their Protestant fellow-countrymen. The Papal rescript and the action of the Catholics in regard to Home Rule have dispelled the fotmer allegations, while the readiness with which the Tories in England and the Orangemen in Ireland have welcomed the aid of the Pope has exposed the hollowness of their dread of Catholic persecution.

Princess Beatrice's third accouchment is expected to take place in October at Balmoral.

CANADIAN NEWS IN LONDON.

Our New Loan—The Grand Trunk and Northern Deal.

LONDON, June 8.—Negotiations for the new Canadian loan are now proceeding. It is believed probable that the issue will be arranged next week.

The Standard's and Morning Post's agricultural editors comment on reports on the winter wheat crop in Ontario and advise farmers to abandon their grain-growing for sheep-breeding.

The special meeting of the Grand Trunk shareholders accepted the Act passed by the Dominion Parliament respecting the union of the Grand Trunk and the Northern and Hamilton and Northwestern railways. The meeting authorised the company to issue debentures bearing interest not exceeding four per cent. in exchange for the six per cent Northern and Hamilton and Northwestern preference stocks. It is estimated that £25,000 interest annually will ultimately be saved by the exchange.

A STUDENT'S TERRIBLE DEATH.

Further Disclosures Expected—Rooms of Interest from the Queen City.

TORONTO, June 8.—Hon. G. W. Ross, Minister of Education, will leave Toronto June 18 on an extended tour throughout the New England States to visit educational institutions there. He will visit Lehigh, Cornell, Philadelphia, Boston and other educational centres. He will give special attention to the Boston School of Technology and will also look into the mode of manual training, with the object, if the system is found satisfactory, of introducing it here. Mr. Ross will be absent two weeks.

It is rumored that the Board of Works investigation will disclose corrupt acts on the part of more prominent officials than those already implicated. Developments of racy character are expected.

The Court of Queen's Bench have unanimously quashed the conviction of the cab driver who was convicted by P. M. Denison under the Lord's Day Act for exercising his ordinary calling on the Sabbath.

Charles Bunker Dupuis, aged 21, a law student in the office of Messrs. Badgerow, Carson & Co., met with an accident yesterday which caused his death almost instantaneously. He was sent over the Don to serve subpœnas, and he was walking along the Grand Trunk Railway track, to take a short cut it is presumed, when he was struck by a train and killed. Coroner Duncan commences an inquest, when the direct facts of the case will be elicited. Deceased was a son of Dr. Dupuis, of Kingston, and nephew of Prof. Dupuis, of the same city. The body as it lies on a slab in the Morgue presents a fearful sight. It is completely cut in two across the hips, the clothing is torn to pieces, and one arm is severed. The head is smashed and the brains ooze out, while the face, which is turned downward, is so disfigured with dust and blood as to be unrecognizable.

Rev. J. W. Vanwych was tendered a farewell reception last night by his congregation. The rev. gentleman goes to St. Catharines.

ANGLICANS IN SESSION.

The Mission Fund—Sunday School Work Progressive.

TORONTO, June 8.—At the meeting of the Anglican Synod the Bishop stated a High School for boys would be established here.

The report of the Mission Fund was brought up. The Diocesan Funds showed a total collection of $15,065, being an increase over 1887 of nearly $1700; the debt has been reduced by about $7,500. The Domestic Mission Fund income was $3815., an increase of $860. Foreign Mission Fund income was $2201, an income of $542. The Jewish Mission Fund income was $1870, an increase of $1000. The total missionary funds income was $22,652, an increase of $4276.

A lengthy and elaborate report was submitted from the Sunday School and Book and Tract Committee, from which it appears that the past year has been the most successful of any since the Synod was incorporated. In every department there has been progress of a very gratifying character.

The Synod adopted the report of the committee on union of the Church in British North America, recommending the establishment of provincial and Dominion Councils, the former to be presided over by an archbishop and the latter by a primate and metropolitan.

O'CONNOR POWER'S MISSION.

Irishmen to be Offered 30 Acres of the Green Sod or 160 of Manitoba.

WINNIPEG, June 8.—It is stated that O'Connor Power's real mission here is in connection with a scheme of the Imperial Government for the purchase of land for Irishmen, who will be offered the choice of thirty acres in Ireland or 160 in the Northwest, the terms of the repayment of the advance being more favorable in the latter case than in the former.

The amended grain standard adopted by the Dominion Government is endorsed by Manitoba grain men.

An explosion of gunpowder in the baggage of a German immigrant at Gretna Station yesterday seriously burned three children of a Dakota farmer named Burley, travelling to Ontario.

THE LONGLEY CASE.

A Committee of the Conference Hear the Evidence in Secret Session.

NORWICH, June 8.—The committee to whom was relegated the task of going over the evidence with Mr. Longley concluded their work at a late hour on Wednesday night, and the reading of the same has been going on in special secret meeting of the Conference, and is still in progress. Some prominent members of the Conference are in favor of the whole of the young woman's affidavit being thrown out on the ground of informality and as being defamatory. It is not at all improbable that in a judicial and Christian body, such as now assembled, such a course will be resorted to, but it is believed the case will be allowed a full hearing. Mr. and Mrs. Longley, with their little daughter, are rooming at Duke's hotel, and yesterday Rev. Dr. Douglas and party arrived and took their quarters as the same house. Messrs. L. A. Morrison, E. Blakeley and H. Shore, all of Queen-street church, are at the Brady house.

THEY NOMINATE THURMAN

THE CONVENTION UNANIMOUS ON THE VICE-PRESIDENCY.

A Platform Harmoniously Adopted—The Convention Adjourned sine die—The Irish Patriots Eulogized.

ST. LOUIS, June 8.—At the Democratic National Convention Mr. Watterson submitted the report of the Committee on Resolutions. He announced that the report was the unanimous agreement of the Committee. The platform was adopted unanimously. It reaffirms the platform adopted in 1884, and endorses the views expressed by President Cleveland in his last annual message upon the question of tariff reduction. It approves of the President's course throughout his administration; the reconstruction of the navy; the prudent foreign policy; exclusion of Chinese; honest reforms in the civil service, and denounces unnecessary taxation.

Scott, of Pennsylvania, presented from the Committee on Resolutions a resolution endorsing and recommending the early passage of the Mills bill. The resolution was passed amid great cheering. A resolution was then offered endorsing a liberal policy towards the territories, and recommending the admission of Washington, Montana, Dakota and New Mexico. It was carried.

A resolution was passed expressing sympathy with the struggling people of all nations in efforts to obtain the blessing of self-government, and especially declare sympathy with the patriots led by Gladstone and Parnell. The Chairman announced that Edward Cooper, of New York, dissented from this part of the platform.

Roll was then called for nomination of Vice-President. Tarney, of California, nominated Thurman. The name of Gray caused cheers and general excitement.

Mr. Piggott seconded Thurman's nomination. Mr. Voorhees then took the platform amid great excitement, and nominated Gray, of Indiana, at which the Indiana delegation arose and gave three cheers. Mr. Cox, of Georgia, seconded the nomination of Gray.

Allan H. Thurman, of Ohio, was nominated for Vice-President on the first ballot, and the nomination was made unanimous amid great excitement. The convention adjourned sine die.

Allan G. Thurman.

The nomination of Allan G. Thurman to the second place makes what is known to politicians of the United States as a "kangaroo ticket"—that is it is larger at the bottom than it is at the top. Mr. Thurman was born in Virginia in 1814. He has been a judge of the Supreme Court of Ohio, representative in Congress and United States Senator for that State, holding the latter office for twelve years.

THE BREATH OF SCANDAL.

A Clergyman's Utterances—Mrs. Cleveland Defends Her Husband.

BOSTON, June 8.—The Globe publishes a letter written by Mrs. Cleveland to a lady friend in Worcester, who had forwarded to Mrs. Cleveland a copy of the alleged statements of a Worcester clergyman against the character of the President. The letter is as follows:

"EXECUTIVE MANSION,
"WASHINGTON, June 2, 1888.

"MRS. NICODEMUS, — Dear Madam,—I can only say in answer to your letter that every statement made by Rev. C. H. Pandleton, in an interview which you send me, is basely false, and I pity a man of his calling who has been made the tool to give circulation to such wicked and heartless lies. I can wish the women of our country no greater blessing than that their home lives may be as happy and their husbands may be as kind, attentive, considerate and affectionate as mine. Very truly,

"FRANCES F. CLEVELAND."

The clergyman claims that he was misquoted in his interview.

THE COMMON SCHOOL BOY AND THE UNIVERSITY STUDENT.

SERMON BY LAYMAN.

(*Written for the Examiner.*)

The utility and value of education no one will deny. Knowledge is essential to success in life. But the great question is—what kind of education is the best. There is the practical education and the theoretical education. The first, the education for the world; the second, the education for merely education's sake. The latter means the acquisition of the knowledge of mental science, the storing of the mind with studies which at this day have little relation with the world, but the acquisition of which *consumes* all the best part of a man's life, and which, *when acquired, serve no useful or necessary* purpose. The former, however, is the reverse of these. It brings a man face to face with the world, and enables him to do and to perform all the active and the indispensable duties of life. It fits a man for whatever is before him, and it enables him to overcome difficulties which the *more classical* and theoretical student can never subdue. It is this kind of education which, if not so valued among university students, is the very backbone of the world's progress and the only means of success in life. The possessor of the one is only the student, and the possessor of the *other is the active* and practical man. Hebrew and Greek and Latin will not produce more grain, and the possessor of these languages thinks the labor of the hands is beneath his dignity. And while he is wrecking his brain to gain an empty degree the common school boy is busy with the *things of life* and is busy subduing the earth to the wants of man. And when the university student leaves his desk the common school boy has gone to his comfortable fireside, and he enjoys the fruits of his honest labor. And in all probability, the university man will be *but too glad to be invited to share his hospitality* and sit down to his well-filled table. A highly educated man is like a well painted picture, well enough to look at, but of no further use. And the strong, robust, hard-working common school boy stands out as the representative of merit and success. And all the world knows that those *signs* of literary worth, such as M.A. or B.D. or LL.B., will not feed the hungry or put clothing upon naked children or fill them with bread. If I were asked the question: whom would I prefer, the university student or the common school boy? I would say unhesitatingly the common school boy—just as if I were asked whether I would take the bright, shining tinsel or the rock with its contents of gold. I would say give me that which is rough and good; that which contains the elements of wealth and comfort. And so I say give me the man taught at the common school, because I can depend upon him in a time of need. His arm is strong and his heart is in the right place, and he is honest and true. In the morning and at night he works diligently and helps his father at home, and he is not above work. But the university student is above such things. To him work would be a disgrace. His ambition consists in spending money in in dressing in fine broadcloth and in parading the streets of the city with his eyeglass and his cane in his hand, and in going to the opera. And he thinks all his father is good for is to supply his wants. And when at vacation time he condescends to go home he looks down on his parents with contempt and upon his former associates and friends with scorn. And he regards the common school boy as but dirt under his feet. But wait a while and see the end of those two young men. The common school boy has grown to be a man and he has a home of his own. He is independant and he is blest with plenty. And he is contented with his lot. His days are days of pleasantness and all his paths are peace. Labour makes him healthy and it fills his barn with grain. And at night he lays himself down and sleeps the sleep of the just. The university student takes his degree of B.A. and he feels that his clothes are becoming too small for him. He wonders what the world will think of him now. Surely the people everywhere will strive to do him honor. And as he passes along he looks inquiringly around and he wonders what the silence and indifference of the people mean. The cannot have heard that he has titles. That he is a B.A. Well, time goes on and like others he begins to feel hungry and he wants something to eat. Vulgar money he has not, but he has university honors, and they are better than money. But no one will give him a dinner on the strength of university honors. So he passes on, and by and by he comes to a plain, substantial farm house, into which he enters and asks for bread. He is invited to eat a good, healthy, substantial dinner, which is presented to him by the once common school boy, who now has plenty and is at rest. So, after many changes and disappointments, the university student is obliged to do something, and he settles down to practice law or physic or preaching in a small country village, where his B.A. is unknown and laughed at. And his days and years pass by and he learns a lesson—that usefulness is better than honors, and that work is more valuable than idleness and pride. So the B.A. is abandoned, and the student, in his plain, unaffected manhood, comes to the front, and then peace and plenty begin to flow in upon him. And he wisely resolves that, if he ever has a family, no child of his shall ever leave the common school for the pride and empty honors of a university education. He sees now that to get through this world with success the education must be practical and adapted to the requirements of the country. And that work is necessary and honorable. I am not opposed to a university education where all other things are equal and where such is necessary. A certain percentage of learned men is required, but this percentage should be small. What I object to is the crowding into the university of young men whose positions in life make such not only unnecessary, but *actually* hurtful. For it cannot be denied that when you take a young man from a life of industry and place him where he is made to feel that labor is not honorable, but a sign of inferiority and disgrace, you have taken the surest means to revolutionize his whole being and to turn him against his former home. You put pride in the place of everyday life and you teach him to look with contempt upon his former associates and friends. And you make him feel that a dainty hand with an empty pocket is better than the hand of industry and plenty. You drive the artizan from his bench and the farmer from his plough; and you make the young student, there trained, to forget, or desire to forget, his old home, and to treat his parents as if he was their superior and as if they were unworthy of gratitude or respect. It is idle to deny this or to argue that all this is not the necessary result of such a course of study, or the necessary result of living in a large city and mingling with a class of people who ignore labor, and who believe that they are the only representatives of respectability and worth, for in the very nature of things, no other result can follow. It is but verifying the old proverb that as the twig is bent the tree is inclined. And all experience shows that in all new countries, if not in all countries, the common school is the only road to prosperity and liberty.

What it Means.

To the man or woman who has never been ill, the word "health" is meaningless. But to the one who has suffered and despaired, health appears as a priceless boon. To the thousands of unfortunate women who are suffering from some of the many forms of weaknesses or irregularities peculiar to their sex, Dr. Pierce, Favorite Prescription holds forth the promise of a speedy restoration of this "priceless boon." b

Look them all through and then come to us, and if we fail to convince the most skeptical that our Stock is not at least five times larger and our prices 50 per cent. lower than those of any other dealer, we will GIVE A WHOLE OUTFIT FREE.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to ou Counters. We Want the Public to know Just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Pic-nic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors.

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10.00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

The Guelph Turf Club—Lacrosse Games—Baseball Games Yesterday.

GUELPH, June 8. - A meeting of the Guelph Turf Club was held on Tuesday evening. There was a large attendance of horsemen, and the club was reorganized for the season. The officers elected are; George Sleeman, president; William Bell, vice-president; F. C. Greenside, secretary-treasurer; Thomas Watts, David Martin, John McAteer, J. H. Read, W. D. Shattuck, John Hogan, James Johnson, James Keheler and C. Kloepfer, directors. It was decided to hold a race meeting on Wednesday and Thursday, June 27 and 28. Purses to the amount of $1,200 are to be offered, three races being set down for each day.

Lacrosse Games.

The first lacrosse match in the North-western District series was played yesterday at Owen Sound between the Shelburne and Owen Sound teams. The first game was won by Shelburne in six minutes and the second by Owen Sound in seventeen minutes. The third, fourth and fifth games were won by Shelburne in seven, six and six minutes, respectively.

The first championship lacrosse match for the Western District was played at Goderich yesterday, between the Dauntless club of Clinton and the Hurons of Goderich. It resulted in an easy victory for the Hurons by four straight games.

The Dufferins of Orangeville and the Fergus lacrosse team played the first scheduled match of the season in that district yesterday. The Dufferins won the first, third, fourth and fifth games, and the Fergus the second.

Dust From the Diamond.

Watertown has purchased Donohue's release from Syracuse.

Stagg, Yale's pitcher, eclipsed his former pitching feats last week when he struck out 20 of the Princeton batsmen in one game.

Osterhout being refused money in advance by the Watertown manager, became huffed and left the club.

A telegram from Omaha says that the Pittsburg Club has about completed arrangements for the purchase of Burdick, pitcher of that club. It is claimed that $3,000 was paid for his release.

TEMPLARS IN REBELLION.

An edict of non-intercourse issued against the Knights.

NEW YORK, June 8.—General Charles Roome, Grand Commander of the General Grand Encampment of Knights Templar of the United States has just issued an edict cutting off the Grand Commandery of Iowa and all Knights Templar within its jurisdiction from all fraternal intercourse with the Grand Commanderies and Knights of other States under the authority of the General Grand Encampment. This extreme measure is the outcome of a continued and determined non-observance on the part of the Grand Commander of the Grand Encampment of Iowa of certain orders with regard to the adoption of a ritual and ceremonies authorized by the General Grand Encampment.

Discussing Canada's Fisheries.

WASHINGTON, June 8.—In the House yesterday the debate on the Tariff Bill was resumed. Mr. Dingley, of Maine, speaking in opposition to Mr. Breckinridge's amendment to the provision attacked the lumber schedules of the free list, which proposes to admit Canadian fish free of duty upon allowance by that country of commercial rights to our vessels, and also for reciprocity in exchange of products between the United States and Canada. He maintained that Canada had withheld commercial rights from our fishing and other vessels for the purpose of driving Congress to admit fish free. A sharp debate ensued.

Excursions to Toronto.

The ladies who accompanied the Masonic excursion to Toronto had an unexpected experience, and those who go up on the Canton excursion will have a similar one. In all the whole city they could not find as beautiful and cheap a lot of prints as the 8-cent line at the golden lion, nor such fine muslins and embroideries. Patronize home merchants; you will get better value and have a clear conscience.

What Caused the Delay.

People wondered at the delay in getting the water turned on at the fire yesterday afternoon, and Terry Smith wishes to explain. He was near the C.P.R. station when the alarm was given, and had to unhitch his team of greys, run them up to the fire hall and drive to the scene of the fire with the hose wagon before the firemen could do anything. He says nothing else can be expected when the horses are all out at work, and until a team left is constantly at the stables the fire brigade cannot be relied upon.

An Old Relic.

Mr. John J. Hall, of the Inland Revenue office, the other day discovered among a lot of old papers and documents, a hand-painted Oddfellows' chart, about 3x2 feet in size, inscribed with all the emblems of the Order, which was presented to Otonabee lodge and was used by them in 1847. The old chart was found in a fair state of preservation and properly mounted. The relic has been handed over to Mr. C. H. Clementi, to be by him formally presented to the resuscitated Otonabee lodge on behalf of Mr. Hall, who was a member of the old lodge, though not now an active Oddfellow.

Fire on Reid Street.

Thursday afternoon about five o'clock fire broke out in the white brick double residence of Mr. Joseph LeGrandeur, Reid street, and though the house, a new one recently built by himself, was not irreparably damaged, the loss will be without compensation, as there was no insurance. The firemen worked hard and confined the loss to about $600. All the contents of the house were saved in pretty good condition. It is said the fire was caused by the upsetting of a small stove in the summer kitchen attached in rear of the apartment occupied by Mr. LeGrandeur. Mr. Robert Mulligan lived in the other apartment. Mr. LeGrandeur is worthy of the greatest sympathy. An industrious and thrifty mechanic, he labored hard on his new house, working nights all through the winter to complete it. The loss will be a heavy one for him.

The Masonic Excursion.

The Masonic excursion to Toronto yesterday was a very pleasant success. Between 300 and 400 went up. The early train—at 6.15, by way of Port Hope—started with about 75, increasing along the route. This train arrived at 10 o'clock. The Lindsay route train arrived at noon with over 200 passengers. The city was found to be rather dirty and rather stagnant in a business way. The Masonic excursionists enjoyed the hospitality of the brethren of the city whose hall on Toronto street was thrown open to Masons and their friends. A large number of the excursionists visited the cyclorama of the Battle of Sedan, and expressed themselves as delighted with the beautiful exhibition of a realistic reproduction of an historic battle scene. Some came home by way of Lindsay at 4 o'clock, reaching home at 8.50; others came later at 8.30, reaching home in very good season, others remained till to-day. The committee and the excursionists generally are much pleased with the courteous and accommodating treatment received at the hands of the employees of the Grand Trunk Railway.

Decoration Day.

Tuesday, 26th of this month, has been set apart by the Oddfellows of Peterborough for the purpose of decorating the graves of their deceased brethren. They respectfully ask the co-operation of the citizens.

WE AIM to make the reputation of The Pantry permanent by selling at figures that clinch the argument every time.

A Change of Date.

The regular weekly open air concert by the band will be given in the court house park next Monday evening, instead of Tuesday, as the band goes to Toronto with the excursion on that day.

A Pleasure Trip.

Yesterday Mr. Wm. Lech gave a party of his Montreal and Peterborough friends a trip up the lakes on the steamer "Cruiser." They drove to Lakefield in the morning, spent the day on the water and returned home in the evening after a delightful outing.

A New Drink.

Champagne cider is it's name, and it's about the best soft drink made. It is pure apple juice with the sparkle and "snap" of champagne, the flavor of cider and the refreshing effect of cold spring water. Our connoisseur sampled it at Elliott and Tierney's, where it is kept in stock, and he knows a good article when he tastes it.

An Enterprising Photographer.

Mr. R. M. Roy claims to have more enterprise than the fresh new paper reporter, and considers he did a good stroke of business when he took his camera to Ottawa last Tuesday. He shows some good views of the great Hull fire in Muncaster's jewelry store, where there is a fine collection of his photographs.

At The "Soo."

A gentleman who has just returned from the "Soo" reports everything there on the rise. Buildings, he says, are rising in clouds, though a little more substantial than the atmospheric variety. In addition to the real estate fever, the mining rage has struck the place and the gleam in the eye of the gold-seeker shines very brightly. In the sober judgment of our informant the place is what may be called a decided success.

Attempted Suicide.

Last night Mr. Chas. Grant, living on Dublin street, west of Park, attempted to commit suicide by taking poison. He is a moulder in the employment of the Lock Works Company. It is said mental depression and personal troubles were the cause of the rash deed. The patient is very low, but it is expected he will recover in a few days. A physician was called in in time to save his life.

The Remains of the Burglary.

In a barn on the Chamberlen farm, just outside the town limits, a barrel half full of jewelry cards was found the other day. The cards were handed over to the police, and Mr. H. LeBrun identified them as being the "remains" of the burglary at his store. The thief had carefully taken all the jewelry out and dumped the cards into the barrel. It will be remembered that four years ago the furs stolen from Messrs Mills Bros.' store were found in this barn, and this leads Mr. LeBrun to suspect that the one man did both jobs. Young Ferguson, who not long ago escaped from Central Prison, is given credit for both the burglaries.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop George street. Prices are cut so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

Vicious Dogs.

Complaints are frequently made that vicious dogs give great annoyance, contribute to torn clothing and bodily wounds. Primarily the want of enforcement of the dog by-law is to blame. Yesterday afternoon a lad about ten years of age was passing a gate in the western part of the town, a big dog bounded out and made a vicious attack on him. He seized him by the clothing and ruined both jacket and trousers but fortunately missed the body. The poor boy, a labourer's son, wearing a new suit for the first time had almost rather have had his legs nipped and his clothing spared. He complained to his father but the latter comforted him:—"Never mind Dick, it's a beastly shame, but luckily the damage can be easily repaired. You needn't cry for I can get you a new suit at gough bros., the wonderful cheap men, at from 5$ cents to $2 50. That's a great thing for a poor man." Which is all very true. This fraternal team with their electric enterprise are benefactors of the race. Their splendid stock of cheap clothing in boys', youths' and men's clothing bought at 52½ cents on the dollar is going like free feed at a church social, and, to vary Goldsmith's touching lines:—

And still they buy and still the wonder grows.
That gough can sell so cheap such nobby clothes.

18th June.

What about it? This is the date that the people are talking so much about. Is it on account of the nomination of a councillor for No. 2 Ward? Well no, I guess not. It is the grand union excursion Canton No. 10, I. O.O.F., and St. Luke's C.E.T.S. are going to have to Toronto. Some people say, why advertise it more, everyone knows about it? And look out for the crowd who will be at the station to go Tuesday next. It makes us smile as we hear of the large number of tickets already sold. Wont the band boys do their best? Well yes: we can depend on having some fine selections from them to make all hearts rejoice. Put aside work for Tuesday next and take in this popular excursion. You will feel better for it, and the committee will do all they can to make you comfortable, both going and when you arrive in Toronto. Let our friends in the country take in this trip and bring along their ladies. Fare only $2, children, $1; good for two days. Leaves, C.P.R. 5 10 a.m., or 7.20 a.m., come back on any regular train. So hurrah for Tuesday next and Toronto. Come one, come all. d2

Revere House, Toronto, corner of King and York street (ladies' entrance on King). First-class table, good rooms, low rates—$1 to $1.50 per day. Central—close to union station and business portion, close to Cyclorama and other points of interest. Street cars from hotel door to all parts of city. dlbt

Bay of Quinte Conference.

LINDSAY, June 7.—The fifth session of the Bay of Quinte Conference was opened in the Methodist church here to-day at 9 a.m. with the usual devotional ceremonies. After a short address by Superintendent Williams, the roll was called and 121 ministers answered to their names. The retiring president, Rev. John Learoyd, read the list of transfers as follows:—Into the Conference—Revs. J. Alles, M.A., S. J. Shorey, A. B. Chambers, B.C.L., C. Parker, W. B. Secombe; from the Conference—Revs. W. H. Ensley, Isaac Tovell, E. Eves, M. A. Betts, C. A. Jones, and S. J. Thompson.

The vote for the presidency of the Conference resulted in 132 for M. L. Pearson, superintendent of the Lindsay church; for Dr. Wm. Williams, 28; for J. B. Clarkson, M.A., 16; total votes cast, 192. Mr. Pearson, president-elect, in a happy manner thanked the Conference.

On third ballot Rev. J. J. Rice was elected secretary by a vote of 148 out of 181 votes cast. The resolution of last year was reaffirmed in reference to the Nominating Committee, which, it is to be composed of one minister and one layman from each district. Rev. W. J. Young was chosen assistant secretary and Rev. C. W. Watch journal secretary. The thanks of the Conference were tendered to the Rev. J. Learoyd for his able presidency of the Conference, to Revs. Wm. Burns, secretary, and W. R. Young and Wm. Limbert, assistants, and to C. W. Watch, journal secretary, for the efficient discharge of their duties. The financial secretary of Peterborough district reported the election of R. T. Courtice to fill the office of district chairman, left vacant by the transfer of Rev. I. Tovell.

All the ministers were found blameless in character.

Revs. Dr. Briggs, book steward, and Dr. Potts, secretary of education, were introduced to the Conference. The former reported an increase in the sale of books and circulation of denominational literature. A motion was unanimously passed expressing full confidence in the book steward's management and pleasure at the success of the denominational institution.

G. A. Raley and S. J. Thompson were recommended for ordination, having completed their probation. H. E. Bayley was reported as having travelled three years; Wilmot Clark, S. H. Anderson and Geo. R. Clare, have travelled two years. James M. Kemp was discontinued for want of adaptation to the work. K. B. Booth was not allowed his last year on account of not being able to do work through illness. Geo. A. Loveland and Isaac W. Puffer were continued on trial. The following candidates were received:—Geo. McAll, B.A., Totten, Williams, Jos. M. A. Spence.

The session closed with the benediction by Rev. J. Learoyd. The educational meeting was held in the evening, and was addressed by Dr. Williams, Dr. Potts and Professor Dyer.

Giving Credit Due.

To the Editor of the Examiner:—

SIR,—I feel like asking the privilege of saying a few words in benalf of the Cyclorama representation of the Battle of Sedan on exhibition in Toronto, and for the special benefit of all who may be desirous of going to Toronto on the forthcoming excursion. I can add my testimony to the merit of this exhibition all the more cheerfully because of the unanimous pleasure given the Masonic excursionists yesterday while witnessing it, and from a sense of the obligations all are under for the attention shown them by the courteous manager, Mr. Al. Fischer. The Cyclorama is a sight every citizen of Peterborough should enjoy. It was far ahead of our expectations.

I make these few statements solely to suggest the pleasure others may gain from a visit to this interesting exhibition.

Yours truly,
W. MENZIES,
Sec. Com.

News Nuggets.

—The big smoke yesterday afternoon was caused by the burning of summer fallows on a farm a mile or so west of the town.

—John Cruickshank, who was arrested while drunk yesterday, was this morning dismissed by Mayor Stevenson.

—The Benefort Cheese Factory is now in full swing. Four cheese, sixty pounds weight each, are made daily. The vats, etc., were supplied by Messrs. W. G. Bain & Co., Peterborough, and are perfection itself. The Messrs. Pue are to be congratulated on the success of their undertaking.

Baseball.

The Lindsay baseball team arrived in town on the noon train to-day to the great surprise of the Peterboroughs. About ten o'clock this morning they telephoned down that they were about to start, and were told not to come, as the players here were not expecting a game and could not be got together. A little later a telegram came stating that they were on the road. Their explanation of the affair goes to show that the Lindsay baseballists are quarrelling among themselves, and that the secretary is at loggerheads with them all. The team did not know till this morning, when they saw it in the EXAMINER, that their secretary had cancelled their engagement, and say that the excuse about broken fingers is all bosh. This morning they saw the EXAMINER'S comment on their "funk," and at once telephoned that they were ready. It will be seen that the whole thing was an unfortunate misunderstanding, and as the Lindsay team is here a match will likely be arranged for six o'clock this evening, if the local men can be got together.

Spots of Sport.

The next match of the Riverside lacrosse club will be at Orillia on June 20. The Orillia team will play here on Dominion Day.

The Lindsay and Peterborough Y.M.C.A. clubs play at Lindsay on June 14th.

The Ottawa cricket club has written and changed the date of their match here from July 9 to June 29.

Max Hamilton is on the list of cricketers from among whom the International Team will be chosen this year.

The Otonabee Canoe Club meets this evening.

Belleville baseball club wants to play here on the 21st. They ask a pretty high guarantee. A match may be arranged.

Personal.

Mr. Walter Anderson's condition is not improved to-day, but is, if anything, worse.

Mr. A. F. Wood, M.P.P. of Madoc, Trent Valley Canal valuator, is stopping at the Burleigh Falls hotel.

Mr. Max Hamilton left this morning for the Northwest Territory, where he will be engaged this summer with the Hudson Bay Company.

His Lordship Bishop Dowling administered the sacrament of confirmation to 113 candidates in the Roman Catholic church at Cobourg on Sunday morning last. The service lasted three hours.

Lakefield.

First Over the Route.

The steamer "Dawn," Capt. Eden, master, went up to Fenelon Falls on Friday last and returned on Saturday, being the first steamer through on the new route of the Trent Valley Canal. The captain speaks very highly of the route, with the exception of a few places, which required to be buoyed.

Toronto Synod.

Among the delegates from this district to the session of the Toronto Diocesan Synod are:—Rev. Messrs. J. W. R. Beck, W. C. Bradshaw and W. Jupp, Peterborough; T. W. Allen, Millbrook; J. E. Cooper, Hastings; J. Farncomb, Lakefield; P. Harding, Apsley; J. Gibson, Norwood. The lay delegates attending are:—Messrs. H. A. Hammond and C. A. Weller, Peterborough; Wm. H. Lough, Cavan; W. J. McClure, Norwood; J. A. Worrell, Apsley.

"There, there, children, let me go," said Mrs. De Smythe to her little girls the other day, as they hung round her in tears and pleaded to be taken down to China Hall to see the beautiful wedding presents that were to be bought for the wedding next Monday:—"I really can't take you with me this time. Mr. Wilson keeps such a varied stock that I will require all my wits and time to make a choice. I can't be distracted with you all." Mrs. De Smythe hurried off and was amazed at the wonderful extent and variety of the goods shown at China Hall, that emporium of china and glassware. She made a purchase, however, and everyone who has seen it admits that it will outshine all the other presents at the wedding.

SUN

LIFE ASSURANCE COMP'Y OF CANADA.

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600.00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,482 69	$1,149,743 00
1876 to 1880, four years	38,580 67	195,188 29	1,187,386 14
1880 to 1884, four years	136,976 84	363,264 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,607 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,664 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

23	5	27	9
24	6	28	10
25	7	29	11
26	8	30	12

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

THE PEER AND THE PLEB.

HARTINGTON AND COLLINGS ARM IN ARM IN POLITICS.

Mr. G. W. Smalley's London Letter—The proposed new Newspaper Libel Act—Revival of "The Mikado."

LONDON, June 2.—There are not, perhaps in all England, two men more remote from each other and more unlike in all essential respects but one or two than Lord Hartington and Mr. Jesse Collings. When, therefore, you see Lord Hartington presiding at a dinner to Mr. Collings it means something. It means in this case that the great Whig noble recognizes in the plebian champion of the agricultural laborer a man of genuine sincerity of character, who has done much useful work without reward. It means also that the tie of a common faith in the Union and a common dread of Home Rule, is as strong in these days as any other political bond whatever. The occasion of this testimonial to Mr. Collings was his expulsion by the Gladstonians from the presidency of the Allotments Association; one more example of that ferocity which Mr. Godkin admires in English politics and practises in America. Mr. Chamberlain supported his friend Mr. Collings, and made a speech in the course of which he announced that an American Statesman was about to publish a book on Ireland The American statesman's name is William Henry Hurlburt. Sir Lepel Griffin, too, lent to this occasion the ornament of his eloquence abounding, like Jefferson Brick's, in unconscious humor. He praised Lord Hartington, but Lord Hartington will survive Sir Lepel's praise.

A new Newspaper Libel Act is going through the House, designed to relieve the press from some of the hardships of the present law. As first drafted, however, it became, in Mr. Justice Stephen's view, something like a bill to authorize free trade in libel. The Journal, which of all morning papers published in London deals most freely in abuse, accuses Mr. Stephen of habitually violating the honorable traditions of the Bench, of grotesque pedantry, of quibbling and pettifogging. The article altogether is violent enough to make the House think twice whether further immunities can really be necessary. However, the bill in its present amended form gives some needed relief from the penalties for publishing honest reports of public meetings. A portion of the English press, like the paper above quoted, naturally discuss this question with sole reference to press interests. More powerful and independent journals either, like the Times, say nothing, or like the Standard, remember that they have a duty to the public also. The better class of journals have very little to fear in these matters, says The Standard, most truly.

The revival of "The Mikado" attracted a brilliant audience to the Savoy. The opera, which was conducted by Sullivan, went with all the vim of a first night's performance. The first act went well, but the audience became enthusiastic during the second, almost every number being redemanded and several of them received treble encores.

The ripple in diamond shares does not appear to be as serious as at first reported. The stock opened weak yesterday but steadily recovered and closed strong at 29. The generally ascribed reason for the fall is that the De Beers' report, of which advance information was had, was unfavorable, and that diamonds which a year ago brought 37s a carat are now difficult to sell at 17s in consequence of over-production. The fact is, however, that there has been a quarrel among the Hatton Garden diamond merchants, who are the heaviest holders in the two leading companies. The present expectation is that the Kimberly, the Central and the De Beers will be amalgamated in one general company and that the public will be given another show, while it is possible that a corner in South African diamonds may largely increase the market value of the general output.

ANOTHER HOME RULE SCHEME.

National Parliament and an Imperial Diet—England's Defective Ordinance.

LONDON, June 9.—Mr. Joseph Chamberlain recently held a secret parley with a deputation of Scotch Home Rulers at which the latter received the impression that the Birmingham statesman favored the scheme defined by an Edinburgh pamphlet. The plan is to grant national parliaments which shall be subject to an imperial diet, and the idea of the scheme is to eventually admit the colonies to its advantages.

It is announced now, as if to add to the general timid feeling entertained regarding England's army and navy, that a large per cent. of the heavy guns of the navy are defective and in dangerous condition. Two of the 60-ton guns on the new iron-clad Rodney, a 24-ton gun on the War Spite and one of the new guns on the Collingwood, are said to have the lining of their tubes cracked and to be otherwise defective.

Mr. Parnell has invited his followers in Parliament to a dinner to be given next Wednesday, at which they will meet their colleagues who have been imprisoned under the Coercion Act.

DEMOCRATS' PLATFORM.

LEADING NEWSPAPERS SPEAK WELL OF THE TARIFF DECLARATION.

The English Press Think the Democrats Will Have to all Their Own Way—A Second and even a Third Term.

NEW YORK, June 9.—Referring to the platform adopted by the Democratic National Convention, the Herald says: It is as good a platform as was ever adopted by a convention—clear, straightforward, without a quibble or double-dealing. What it declares concerning promises redeemed is true, what it promises the ticket guarantees.

The Sun says: In this declaration the whole elaborate reasoning of President Cleveland's Message against any reduction of the internal revenue is pitched overboard.

The Tribune says: In adopting this platform, the convention puts itself in accord with the candidates and with more than nine-tenths of the Democratic representatives in Congress.

The Times says: The platform, as it stands after the additions made to it by resolutions offered in the convention, is dignified, temperate and candid.

Yesterday's London papers, in referring to President Cleveland's re-nomination, say that it is all in the direction of Free Trade, and the comments are consequently congratulatory in tone.

The St. James Gazette says: The Democrats are extremely likely to have it all their own way at the next election. The Republicans have neither the man nor the cause, as we pointed out yesterday. The old issues of the war and the bloody shirt are exhausted, and the Republicans are looking about for a new cry, which is not easy to find, and their still greater difficulty is to find a candidate who can make a good fight against the present President.

The Pall Mall Gazette speaks even of a third term as a matter of course—a President who has been a success is almost sure to be nominated a second and a third time. And the danger of the proceeding will lie in his entourage and not in his personal greatness. If he governs well and wisely only machine politicians are likely to oppose him. The point of the contest about which we feel the most interest in this country is the tariff question.

The Star says of the enthusiastic proceedings at St. Louis: We may very well re-echo that enthusiasm on this side of the water, for the re-election of President Cleveland means the adoption of his programme of tariff revision, and his ideas on that subject go a long way towards Free Trade.

THE PASSPORT'S ILL-LUCK.

A Collission in Which She is Worsted—The Captain's Thigh Broken.

CORNWALL, Ont., June 9.—The steamer Passport, which left Montreal on Thursday morning for Toronto on her first trip struck the stonework at Gillis' lock, half a mile west of this town. The steamer had much difficulty in getting past a barge that had just come out of the locks and was forced to enter them a little on the slope. Captain Sinclair was in command and was standing on the hurricane deck working the bells when the steamer struck the stone work. She struck with so much force that the captain was hurled to the deck below, breaking his thigh. Water commenced to pour into the hole which was stoven into her bow, and the pumps were got to work and the vessel kept afloat until this morning, when the hole was plugged. The steamer was taken to Montreal for repairs. The Passport is an unlucky boat. Two years ago on the 31st of July, the Passport carryings large number of passengers and heavily laden with freight, struck the southern pier at the entry to the Cornwall Canal and foundered. She was raised after considerable difficulty and taken to Montreal, where she was almost completely rebuilt at a great cost.

MAD ABOUT HIS CHAIRS.

A Hamilton Furniture Dealer's Complaint—No Tidings of Willie Nichols.

HAMILTON, June 9.—There is another act to the comedy of the painted chairs that spoiled so many garments at the Gilmore afternoon concert. The furniture dealer who supplied the chairs is dissatisfied because they were damaged by the transfer of the paint which adorned them to the garments of the persons who sat on them. Paint costs money, and he threatens to sue for the damage done the chairs.

The parents of Willie Nichols, the lad who went fishing on Wednesday and did not return, have received no tidings of the missing boy. The body has been grappled for in the canal, but no trace of it was found.

A small blaze occurred last evening in Thomas Burrows' stables. The fire was extinguished before much damage was done.

The County Council yesterday made the usual grant of $400 to the South Wentworth Agricultural Society.

FATAL ACCIDENT AT THE FALLS.

A Party of Tourists Dashed to the Bottom of the Incline Railway.

NIAGARA FALLS, Ont., June 9.—A very severe accident to a party of five Spaniards, stopping at the Clifton House, happened this morning. They visited the Whirlpool Rapids Park, Canada side, and got into a car on the incline railway without the attendant being at his post. The car, with the weight of the party, descended at a terrific rate of speed. When it reached the bottom of the track it crashed into the wooden structure below, injuring the whole party—one lady so severely that is is said she will not recover. The names of the party cannot be learned at present.

The Church Conference.

MONTREAL, June 9.—At the Montreal Methodist Conference, fraternal greeting was received from the Synod of the Reformed Episcopal Church, the Congregational Union and from the Guelph, London and Niagara conferences. The remainder of the session was devoted to receiving probationers, etc. A public reception of candidates for ordination was held to night.

NOTES FROM THE CAPITAL.

CABINET MINISTERS ON THEIR SUMMER JUNKETING TOURS.

The Notices of this week's Gazette—Rumored purchase of the C.P.R. Branch from Ottawa to Quebec—Other Railway items.

OTTAWA, June 9.—The members of the Government are already making preparations to leave the capital on their summer holidays. Sir A. P. Caron goes to British Columbia, a trip he has had in view for some seasons. Langevin will have his weekly trips to Quebec. Sir John will be pretty much at River du Loup, where Lady Macdonald has been preparing their summer residence. Minister Pope is in the Eastern Townships. Foster is in New Brunswick, McLean leaves for good in a few days, Costigan is a lover of private picnic parties, Carling (when he takes an outing) goes to London, and Bowell has his occasional run to Belleville.

Minister Chapleau is in New York. It is said that he is there to endeavor to negotiate with capitalists for the purchase of the C. P. R. branch from here to Quebec.

To-day's Canada Gazette contains the orders-in-Council rescinding the order-in-Council under which the Canada Temperance Act came into force in the Counties of Renfrew, Norfolk, Simcoe, Dufferin, Huron, Bruce, Halton, Stormont, Dundas and Glengarry.

William Henry Middleton gives notice of an application for divorce from his wife Mary Froud Middleton.

Several orders-in-Council will appear tomorrow transferring certain trails and roads in Manitoba and the Northwest to the control of the local Government.

An order-in-Council has been passed continuing in force for the present season the order-in-Council of May 26, 1888, whereby steamers, specially chartered for the conveyance of excursion parties going and returning in the same boat on the same day, were charged one-half the usual passenger tolls for passage through the Lachine canal and St. Ann's lock.

Supplementary letters patent have been issued to the Protective Police and Fire Patrol Company of Canada, reducing the capital from $50,000 to $10,000.

The Manitoba and Northwestern Railway Company give notice of a special general meeting at Montreal on July 13 for the purpose of authorizing the issue of debenture stock and of ratifying the agreement entered into with the St. Paul Construction Company.

The annual meeting of the South Norfolk Railway Company will be held at Port Rowan on June 25, and of the Southeastern Railway Company at Montreal on July 18.

The Grand Trunk Railway gives notice of a sale of unclaimed freight and baggage at Montreal on July 26.

The fisheries protection steamer Acadia commences service to-day. All the cruisers are now out with the exception of the one at Cape and the new vessel being built at Shelborne, N.S., which is not yet named.

The lighthouse at Oakville, Lake Ontario, has been completed and the light is now in operation.

The Public Works Department have invited tenders for the new Postoffice at Lindsay. The time for receiving tenders expires on June 23.

Mayor Stewart and the city members had an interview with the Minister of Public Works yesterday with reference to a site for the Sharpshooters' memorial. Sir Hector promised to bring the matter before his colleagues It is thought that the first site proposed at the intersection of Sappers and Dufferin bridges is too expensive, as a large space would have to be built up, twenty feet or more, to the street level, and the probability is that the monument will be located in Major's Hill Park.

It is understood that it has been decided that the swearing-in of the new Governor-General will be public and will take place in the Senate Chamber, admission being by ticket.

PURCELL'S SEAT.

The Privy Council Judicial Committee Likely to Allow an Appeal.

MONTREAL, June 9.—Word has been received from Mr. Donald Macmaster, Q.C., who is now in London, Eng., for the purpose of making an application to the Judicial Committee of the Privy Council for permission to appeal from the judgment of the Supreme Court in the Glengarry election case, that he has obtained the opinion of Sir Horace Davey, Q.C., the leader of the English Bar, which is to the effect that the application will likely be granted on the ground that the construction of the Act and the validity of the order extending the time for trial, are questions of general interest, and on account of the difference of opinion amongst the judges of the Supreme Court, the Bench having been divided three to two.

On the merits Sir Horace also thinks the appeal will be successful, as, according to the true construction of the Act, the time during which any session of parliament may last is excluded from the computation of the six months' delay within which the petition must be tried. Furthermore he is of opinion that the court had jurisdiction to extend the time, notwithstanding the lapse of six months.

THE HUDSON BAY RAILWAY.

Forty Miles to be Completed at Once—Manitoba University Convention.

WINNIPEG, June 9.—Forty miles of the Hudson Bay Railway is to be completed and operated immediately.

The candidature of Stewart, the Labor aspirant for legislative honors in North Winnipeg, is repudiated by the workingmen in the newspapers.

O'Connor Power lectures here next week.

At the convocation of Manitoba University yesterday ad eundem degrees were conferred on several graduates of Eastern Canadian and English Universities.

The Manitou Conservatives have decided not to place a candidate in the field owing to a hundred Conservatives having been left off the list, and the shortness of time preventing an appeal.

It is stated that England has signed the modified Suez Canal convention.

SATURDAY, JUNE 9, 1888.

NOT ENCOURAGING.

It s the way of the world. The better a man does the more does society expect from him, and, in a general way, the better a man does his duty to the community the more he has to pay for it. Mr. James Somerville Mr.P., North Brant, in his speech at the Farmers' pic-nic at Ancaster last Wednesday, strongly advised farmers to make their homes beautiful, to remove from their boys the temptation to go to the cities. An old farmer's comment on this advice indicates a rather general state of feeling on the subject. He said, "It does not do for us farmers to beautify our residences because the taxes are cracked on to us." Commenting upon the farmer's remark, the Hamilton *Times* says:

The farmer's remark ought to lead to the conclusion that it is most unfair to punish a man by increasing his taxes, because he has the industry, thrift and enterprise to improve his surroundings. The building of a new barn, a better house or a new fence; the planting and care of trees, shrubs and flowers: the draining and fertilizing of the land; the importation of thoroughbred stock and the purchase of improved implements should not lay the advanced farmer open to the extortions of the assessor and tax collector In short, a man should be encouraged, not fined, for doing what it is to his own and the general interest that he should do. The *basis* of taxation should not be buildings, fences and stock, but bare land value. The man who has a highly *improved farm* should not be taxed one dollar more than the owner of an adjacent farm, of equal extent and natural fertility, which has not been improved at all. Such a system of taxation would put a premium upon the making of improvements, instead of discouraging them: the shiftless, lazy farmer would be the loser, and in a few years the whole face of the country would be changed for the better.

There is certainly some force in our contemporary's contention, especially in reference to making a man, in some way, pay for the improvement of his property, caused by the improvement of the adjacent property of others. But is there anything unjust in increasing a man's taxes because he has beautified and improved *his property*? It may be argued that the improvements he has made have increased its selling power; and that he should not unreasonably complain because his taxes are slightly increased, a pretty sure indication, as far as the basis of taxation—assessment — is concerned, that he is a wealthier man this year than last. So long as value is made the basis of taxation, so long will improvement lead to increased taxation, with, however, a very important offset, in the matter of trees. The Ontario Tree Planting Act provides for a bonus to be paid to every person beautifying his premises or the street in front of them by planting trees, which certainly compensates him for any increased taxation arising out of this kind of improvement.

A Successful Man.

The Warner family originated in England, John Warner, Bishop of Rochester in the seventeenth century being one of the most prominent *members*. Col. Seth Warner of Revolutionary fame in this country, and Capt. Seth Warner, a valiant man in the war of 1812, and eight distinguished physicians, mark the H. H. Warner line in America. H. H. Warner was born in Van Buren, Onondaga Co., N.Y., Jan. 9th, 1842. After an education at Dr. Wright's Academy al Elbridge, and acquiring the tinsmith's trade at Memphis, N.Y., he went west for five years. In 1870 he returned to Rochester as General Agent of the Mosler Safes of Cincinnati, O., and for ten years was the most successful safe dealer in the country, and amassed a fortune.

In 1879 he was prostrated by a severe disease. The best *physicians* gave *him no* hope of recovery. It was at this time that he used what is now known as Warner's safe cure and was fully restored to health thereby. Realising that the world needed such a specific for kidney disease, he made a vow when sick that if it cured him he would spend his days proclaiming its merits to the world. On his recovery he began at once to manufacture, and to-day there are seven laboratories and the branch houses in seven different quarters of the globe. In 1883 the Warner Astronomical Observatory, erected and endowed by Mr. Warner, was completed at an estimated expense of $60,000. It is located on East Avenue, and is the finest private Astronomical Observatory in the world. The telescope cost $13,000. Since 1879, astronomical prizes to the extent of $5,000 have been awarded by Mr. Warner for scientific discovery. In 1882 he was elected a member of the American Association for the Advancement of Science. In 1886 H. H. Warner & Co. put Warner's Safe Yeast upon the market, and in 1887 Warner's Log Cabin Remedies, designed to reach diseases for which Warner Safe Remedies are not specifics.

The Safe Remedies building on N. St. Paul St., with its four and a quarter acres of flooring, is one of the busiest and most imposing structures of the kind in the world. In 1887 H. H. Warner was unanimously elected President of the Rochester Chamber of Commerce, a compliment that the city and all who knew him confessed was more than well deserved. His inaugural address to that Chamber was notable for its radical views and thorough-going sensible recommendations.

He is about *six feet* high, has iron gray hair, splendid physique, is a man of great energy, and is one of the most thorough-going and public spirited citizens of Rochester.

Canadian News in London.

LONDON, June, 8.—The negotiations for the new loan have made rapid progress in the last *forty-eight* hours. Possibly the prospectus may be issued to-day, in order that it may come before the public generally on Monday morning. The market expectation is that the loan will be a three per cent. issue at 92. This, of course, is purely guesswork.

The scrip of the new Canadian Pacific bonds is now quoted at four per cent. premium, showing a slight fall from the highest point touched. Inquiries in the city yesterday seem to show that the fairness with which the Barings have made the allotment, strictly pro-rata on the applications as far as the suits of stock would permit, had given satisfaction.

A special meeting of the Executive Committee of the Imperial Federation League, with Lord Rosebery as chairman, decided to support the action of the League in Canada with reference to better trade relations within the Empire, and approved the suggestion for a conference of the Dominion and the Australian Colonies.

Rev. Mr. Longley Investigated.

NEWMON June 9.—Nearly the whole of yesterday's session of the Bishops Conference of the Methodist Church was taken up with the case of the Rev. Mr. Longley, who made a long and affecting statement, confessing his deep penitence for his error and pleading for mercy. The Toronto district resolution for his expulsion was rejected, there being only twelve votes for it, and by a vote of 56 to 40 a resolution was carried suspending him from the ministry for one year.

A Prominent Merchant in Trouble.

Old Moneybags mopes in his office all day,
As snappish and cross as a bear;
The clerks know enough to keep out of his way,
Lest the merchant should grumble and swear.
Even Tabby, the cat, is in fear of a cuff,
Or a kick, if she ventures too near;
They all know the master is apt to be rough,
And his freaks unexpected and queer.

What makes the old fellow so surly and grim,
And behave so confoundedly mean?
There's certainly something the matter with him—
Is it stomach, or liver, or spleen?
We've guessed it—his liver is sluggish and bad,
His blood is disordered and foul,
Its enough to make any one hopelessly mad,
And greet his best friend with a growl.

The world-wide remedy, Dr. Pierce's Golden *Medical Discovery*, will correct a disordered liver and purify the blood, tone your system and build up your flesh and strength. o

Practice Economy

By taking advantage of the opportunity offered you to buy Superior Teas at Honest Prices from the undersigned.

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

Valuable Properties for Sale suitable for Building Sites, Residences, Market Gardens, &c.

We have been instructed to offer for sale the following valuable properties:—

1st.—**East Half of Lot No. 1** in 2nd Concession of the Township of Thorah, County of Ontario, 120 acres all cleared, soil good clay loam, house and barn on farm, which is situated about three and a half miles from Beaverton. Price $4500.

2nd.—**The Erskine Homestead**, being the North Part of Block "U" Ashburnham, containing about 14 acres, and having a frontage of about 282 feet on Concession street, and 2340 on the Road leading to Norwood. This property has on it a large dwelling house, barns, stables, and outbuildings. It is well situated for putting on the market in Building Lots, and can be subdivided to advantage. The land immediately south of it has been sub-divided and Lots are selling rapidly and buildings being erected.

3rd.—**Block "E" Ashburnham**, containing about 26 acres, having a frontage of about 500 feet on Concession street. It is within a short distance from town, and is well adapted for sub-division into Building Lots.

4th.—**Fifteen Acres of Land in Monaghan** on the Gravel Road, about 3 miles from town, with brick dwelling house 34x44, containing 12 rooms and usual outbuildings. There is a good orchard on the place, and the soil first-class, suitable for a market garden, or residence for a retired farmer.

5th.—**The residence of Mrs. F. W. Hamilton**, situated on Brock Street, Peterborough, on Court House hill, there is about ¾ of an acre of land, well stocked with fruit trees, &c. soil, first-class. The residence is large, with the usual outbuildings.

6th.—**Erin Cottage** being the West half of Park Lot No. 14 in Lot 12 in 13th Monaghan, now in the town limits, containing about 5 acres of land. There is a comfortable brick cottage with usual outbuildings on the land, which is now occupied by Mr. Elias Thompson.

Offers in writing for the purchase of any of the above properties will be received by the undersigned, and any further particulars may be obtained from them.

SATURDAY, JUNE 9, 1888.

The Weather.

Moderate to fresh southeast to southwest winds; generally fair, warm weather, with light showers in a few places.

The Hot Weather.

The hot weather is here in earnest, and the advent of the picnic and camping season calls for new styles of ladies' hats and bonnets. The millinery rooms of the golden lion show a most elaborate, complete and fashionable stock of hats and bonnets, while the mantle department, especially in ordered work, is stocked and managed to give invariable satisfaction.

The Buckhorn Roads.

Last week the Buckhorn road was visited by the Reeve of Harvey accompanied by the local representative, and overseer and foremen, and arrangements completed for the beginning of the work. The road from Ventress' school house to the Buckhorn road was also gone over, and work will be begun on Monday. The south Backhorn road will also be begun next week. Appropriations amounting to $1,250 will be expended on these roads.

The Burleigh Road.

Yesterday Councillors Sanderson, Garbutt and McIlmoyle, of Smith, accompanied by the local representative of the riding, the overseer and foremen went over the site of improvements about to be made on the Burleigh road. The road was gone over, divided into sections and the preparations made for immediately beginning the work of expending the appropriations amounting to $750 on the road.

Hymeneal.

On Tuesday last, 5th inst., Mr. T. O'Connell, of Rochester, N.Y., was united in marriage to Miss Ellen Moreland, eldest daughter of Mrs. J. Moreland, of Lindsay. The ceremony was performed in the vestry of St. Mary's church at 7:30 o'clock a.m. by Vicar-General Laurent, after which mass was celebrated. There was a large attendance of friends, and the members of the Sodality of the Blessed Virgin, to which the bride belonged, were present in a body. The groom was supported through the supposedly trying ordeal by his brother, Mr. D. O'Connell, of Peterborough; the bride, who was charmingly attired, was assisted by her sister, Miss L. Moreland, and was "given away" by Mr. Dr. A. McDonald, of Longford, her brother-in law. The happy couple left by the morning train for Peterborough, to visit friends, and afterwards proceed to their future home in Rochester The presents were numerous and many of them costly.—*Post.*

Joyful News.

Before purchasing silk gloves, ladies are requested to call and examine the pure silk gloves, eight button lengths, that J. J. Sheehy is selling at 35 cents a pair.

Open Air Concert.

Wraps were in demand among the three hundred people or more who attended the open air concert in the Murray-street grounds last night. The air was rather cool, but the entertainment passed off most pleasantly. From an elevated platform in the centre of the grounds the performers made their bows and rendered their numbers, a couple of electric lights illuminating a large area and throwing a cheerful glow over everything. The proceeds must have amounted to a handsome figure. The fire brigade band and the Amateur Orchestra rendered several overtures and waltzes, and of course were vigorously applauded. The solos of Miss Dunn, Mr. Geo. Hamilton and Mr. M. Dunn were demonstratively appreciated by the audience, who showed their approbation in an unmistakeable manner. The trio by Misses M. and J. McIlmoyle and Miss Annie Dunn was nicely rendered, and won its share of applause. The choruses by "our boys" of St. Peter's Cathedral choir, were a treat and perhaps the most acceptable numbers of any. The boys voices blended well, and careful training was apparent in the precision of time and knowledge of their parts they displayed. Mr. J. A. Doucet was musical director, and to him much credit is due for his painstaking and efficient efforts.

Doing a Lively Business.

Messrs. Stabler & Donnell to-day shipped a carload of worked material for Mr. G. G. Gladman's new residence at Parry Harbor. This firm report business booming, and certainly the fact that they have been working overtime for several weeks to keep up with their orders, is good evidence of the truth of the statement.

Excursion via Trent Valley Canal.

Arrangements are on foot for a cheap and popular excursion trip from Peterborough to Lakefield, and thence by steamer through the northern chain of lakes, over the new Trent Valley Canal works, returning to Peterborough by Lindsay via G.T.R., to take place on June 21st. Fare $1.25 for the round trip. Further particulars in a few days.

Zoological Gardens June 18th.

Arrangements have been made whereby excursionists next Tuesday will be admitted free to the beautiful Zoological Gardens by the kind permission of Ald. Harry Piper. Reduced rates to the Cyclorama of the Battle of Sedan, take it in; 40c. for adults, 20c. for children. Don't miss these beautiful sights. Also reduced rates at the Shakespere hotel to excursionists.

WE AIM to make the reputation of The Pantry permanent by selling at figures that clinch the argument every time.

A New Drink.

Champagne cider is it's name, and it's about the best soft drink made. It is pure apple juice with the sparkle and "snap" of champagne, the flavor of cider and the refreshing effect of cold spring water. Our connisseur sampled it at Elliott and Tierney's, where it is kept in stock, and he knows a good article when he tastes it.

Special inducements to farmers and all others during the busy season at J. T. Stimson's boot and shoe shop George street. Prices are cut so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

Navigation Notes.

The Harwood correspondent writes the Cobourg *Sentinel-Star*:—"The members of the Gore's Landing church are going to have an excursion to Peterborough on Thursday, and will call here for those wanting to go. The steamer Golden-Eye makes three trips from Peterborough, and Idyl Wild every week, so those residing any distance from the above mentioned places may know how to get to and from Peterborough."

Up Went the Price of Brick.

The EXAMINER has been requested by the brickmakers in town to contradict the statement in a local paper that building operations were delayed owing to the makers not being able to supply the demand. They say the trouble is, that the contractors are not willing to pay the present ruling price, for there is plenty of brick in all the yards. The prices last year were so low that the makers lost money in manufacturing, and to protect themselves have increased the price this year.

Correction and Thanks.

Mr. R. Mulligan calls to state that the fire of Thursday in LeGrandeur's house, was not, as reported, caused by an over turned stove, but by, it is supposed, children playing with matches amongst piles of wood shavings in the rear of the portion occupied by Mr. LeGrandeur. Mr. Mulligan also wishes to thank the neighbors and all who so kindly removed his furniture on the occasion of the fire.

Court of Revision.

The adjourned sitting of the Court of Revision was held Friday evening. There were present, Messrs. Moore, Langford and Davidson. The appeals of R. O Helm, Gilbert Peck, J. McClelland, Jno. T. Bird, James Long and E. A. Peck were allowed; those of H. Best, Thos. Bradburn, John Law, Francis J. Hull, Edward Butler and the balance of the appeals were dismissed. The assessments of John J. Lundy, Lewis Spry and Mrs. Brown were confirmed. With the amendments made, the assessment roll was finally confirmed and the Court adjourned.

Notice.

You can boot yourself cheap at T. B. BROPHY'S sale of the Griffin Shoe Co., Hunter street. 1d

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

A Skilful Mechanic.

A fine piece of mechanism is exhibited in Messrs. Elliott & Tierney's store window. Inside an ordinary quart bottle filled with liquid stands a cross that reaches to the neck of the bottle, the arms touching the glass on either side. The base is made of two crossed sticks. Underneath each arm of the large cross is a smaller one resting on the same base, while in front a small ladder reaches up to the cross-beam. Behind, a miniature pick and shovel are fastened in the base. It is all made of common pine wood, and one cannot imagine how it was done. It is the work of a Frenchman, who last winter occupied his leasure moments at the shanty with it. He had no nails, and burned his old boot heel in order to get the pegs. The thing is well worth inspecting. Look in the window as you go by.

12th June.

What about it? This is the date that the people are talking so much about. Is it on account of the nomination of a councillor for No. 2 Ward? Well no, I guess not. It is the grand union excursion Canton No. 10, I. O.O.F., and St. Luke's C.E.T.S. are going to have to Toronto. Some people say, why advertise it more, everyone knows about it? And look out for the crowd who will be at the station to go Tuesday next. It makes us smile as we hear of the large number of tickets already sold. Wont the band boys do their best? Well yes; we can depend on having some fine selections from them to make all hearts rejoice. Put aside work for Tuesday next and take in this popular excursion. You will feel better for it, and the committee will do all they can to make you comfortable, both going and when you arrive in Toronto. Let our friends in the country take in this trip and bring along their ladies. Fare only $2, children, $1; good for two days. Leaves, C.P.R. 5 10 a.m., or 7.20 a.m., come back on any regular train. So hurrah for Tuesday next and Toronto. Come one, come all. d2

Our Natal Day.

Peterborough will Celebrate Dominion Day in Good Style.

At a public meeting in the fire hall Friday evening to elaborate the proposed programme of the Dominion Day celebration, the following committees were appointed:—

PRINTING.—E. Brown, A. Elliott and T. Rutherford.

FINANCE.—H. LeBrun, A. Elliott, Ed. Brown, J. Yelland and S. Clegg.

SPORTS.—T. Rutherford, E. Brown, A. Elliott and J. E. McIntyre.

PHYSICS.—J. Hays, S. Clegg, T. Rutherford, A. Jones and J. Yelland.

RAILWAY ARRANGEMENTS.—T. Rutherford and A. Elliott.

CAVALIER RACES.—J. E. McIntyre, H. LeBrun, J. Dolan and R. H. Fortye.

GENERAL OFFICERS.—S. Clegg, chairman; J. Yelland, treasurer; and E. Brown, secretary.

The first named on each committee to be chairman thereof.

These committees will carry out the arrangements for the different events, which will include horse races, fox and deer hunts, a procession of trades displays, physicos and richly apparelled cavaliers, etc., on the Driving Park.

Horticultural Society.

Meeting of Directors—Date of Exhibition—Only the Usual Weekly Band Concerts to be Given.

A meeting of the Directors of the Peterborough and Ashburnham Horticultural Society was held in the offices of the Bank of Toronto Friday afternoon. The President reported the receipt of $500, voted by the town of Peterborough. The date of the annual exhibition was fixed, subject to the weather and the season, for Thursday, Aug. 30th, in the Water-street roller rink.

The secretary was instructed to communicate with the town authorities, asking that more light be supplied to the park, for, especially, band nights and nights of public holidays.

Additional hose was ordered for use in the park, and the young trees to be staked, as was suggested in the EXAMINER a few days since.

It was decided to limit the performances of the band in the park to the usual weekly evening concerts, and there was a feeling that even these might be discontinued if a portion of the public did not take greater interest in preserving the park from injury.

Rev. W. C. Bradshaw, Dr. Burnham and Messrs. Stevenson and Stratton were appointed to collect membership fees.

Synod of Toronto.

A New Scheme of Representation Adopted.

TORONTO, June 8th.—This was not a very busy day. The report of the Committee on Systematic Giving for Church Purposes was adopted and a committee, of which Rev. W. C. Bradshaw is chairman, appointed.

The report of the Committee on Proportional Representation was presented, recommending the adoption of the preferential system. The means taken to adopt this end were to transfer votes from persons already elected or certainly defeated to the next person named by the voter, in the order of preferences laid down by him. The report was adopted and a canon founded upon it was passed. The canon will not come into force until confirmed at the next meeting of the Synod.

The following motion was carried:

That, in accordance with his Lordship's charge, the Bishop be requested to appoint a time when the Synod can consider the work of the Church of England Temperance Society, with a view to make it more active and effective in promoting temperance and in suppressing the evils of intemperance.

The question of the division of the Rectory Funds was referred to the executive committee.

The usual closing complimentary resolutions were adopted, and the Bishop closed the Synod by a brief address, in which he said that the meeting had been exceedingly harmonious and useful.

Bay of Quinte Conference.

Friday's Doings in the Methodist Parliament.

LINDSAY, June 8.—Rev. President Pearson, prospective pastor of the George street Methodist church, Peterborough, occupied the chair.

The report of the Nominating Committee, appointing the several conference committees was adopted.

The names of 31 superannuated preachers were reported and Rev. W. Hudgins recommended for active work. There were five supernumerary ministers reported.

Superannuation Fund—The Treasurer's report was read, reporting the assessment made on the whole conference was $6,093.41, and the receipts were $5,083.18, showing a small deficit of $11.23. The report was received, and Rev. F. Stratton re-appointed Conference treasurer.

Rev. Dr. Dewart was introduced to the Conference, and briefly addressed his brethren.

The question, What ministers died during the year? elicited the answer: Samuel S. Nelles, LL. D., Chancellor of Victoria University. Rev. J. B. Clarkson, M.A., read an obituary record, which was adopted by Conference and ordered to be published in the minutes. Several touching references were made by some of the elder members of Conference to the life and labors of their deceased brother.

Samuel Thompson and George Raley, having completed their probation, were recommended for ordination.

Church Chimes.

ST. PETER'S CATHEDRAL—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10.30 a.m. Vespers at 7 p. m.

Laymen's evangelistic services for to-morrow are as follows:—Jail, 9.30 a.m.; Protestant Home, 2 p.m.; Nassau, 7 p.m.; North Monaghan, 7 p.m. All are invited.

Baptist church, Murray street—Pastor Rev. P. Clifton Parker will preach. Evening subject, "The Unregenerate Heart." Strangers will be welcome.

To-morrow will be chikiren's day at St. Paul's church. In the forenoon a special sermon will be preached to the pupils of the Sunday school by the pastor, and in the afternoon at the regular school hour a meeting will be held in the church, at which there will be a service of song, addresses, etc.

Personal.

Mr. Thos. Brooks, managing director of the Peterborough Lock Works, left for Winnipeg last evening on a business visit.

Signori D. Spadafora, F. Ferramosca and Deneanto, a trio of high art Italian musicians, are now doing the town and are registered at the Oriental hotel.

Mr. Will Dee, of the C.P.R uptown office, is expected back to town to-night. He has been at his home in Toronto all week on sick leave. He has recovered and will resume his duties.

During the week the following gentlemen were appointed on the following committees of the Synod of Toronto diocese:—Rev. J. W.R. Beck on the Mission Board and Rectory Lands. Committee, Judge Weller on the Mission Board and Rev. W. C. Bradshaw on the Sunday School, Commutation Trust, Superannuation and Society of the Treasury of God.

LOW PRICES does not affect the quality of groceries at The Pantry. This truth demonstrated in every purchase.

Local Sports and Pastimes.

Agricultural Ball.

The game of baseball between Peterborough and Lindsay clubs Friday evening was about the worst exhibition, on one side at least, ever seen in town. The visiting team acted as though they never had seen a ball before. They couldn't hit Cameron's curves, and their glaring muffs and wild throwing were simply excruciating to witness. To their credit it may be said, however, that they are not Lindsay's best team, only two or three of the first nine being able to come down.

The Peterboroughs did well what little playing they had to do, which was altogether in hitting the ball and making home runs or stealing bases. They made "pie" of Preston's pitching, though Deacon, who occupied the box in the third innings, did somewhat better. Bates caught as well as he could under the circumstances. The work on the Peterborough's side was confined to the battery, Cameron and Billings, who kept the Lindsay's score down to a cipher.

It is believed another match will be arranged at an early date. The Lindsay club wish to let Friday's record be a dead letter, and well they may.

Following are the teams and scores:—

Peterborough.		*Lindsay.*
Billings	catch	Bates
Brennan	centre field	Varcoe
Flynn	second base	Rawlins
Cobban	third base	Walker
Galley	left field	Deacon
Montreal	first base	Hamilton
Kimball	short stop	Hungerford
Cameron	pitcher	Preston
Shenbrake	right field	Stinson

Umpire, Watson.

Peterborough	11	4	1	2	12	—30
Lindsay	0	0	0	0	0	—0

SHORT STOPS.

The Cobourg *Star* thinks there is enough baseball talent in Cobourg and Port Hope to organize a joint team and "do up" Belleville's professional team. Let them try Peterborough's amateur club first. They'll find the job hard enough, we'll warrant.

Mr. R. M. Roy was on the baseball grounds Friday night with his photographic apparatus.

The parish priest of Fenelon Falls wants the Peterborough and Lindsay baseball clubs to play at a picnic at Bobcaygeon on the 26th inst. for a silver cup. The local club will likely accept the offer.

On account of the baseball match early in the evening, no practice cricket match was held Friday afternoon. The return match between the Bankers and Professional Men and the Business Men takes place next Tuesday.

Peterborough Gun Club.

Following is the score of the Peterborough Gun Club's practice shoot on Friday afternoon:—

R. Tivey	1	0	1	1	0	1	1	0	0	1—9
H. Calcutt	0	0	1	1	0	1	1	0	0	0—4
Judge Weller	0	1	0	1	1	0	1	1	0	1—6
J. D. Collins	0	1	0	0	1	0	1	1	1	0—5
H. Nell	0	1	1	1	0	1	0	0	1	1—6
E. W. Keat	1	1	1	0	0	0	1	1	0	0—6

Aquatic.

The Lansdowne Rowing Club met last night and elected Messrs. T. Barrie J. W. Fairweather and H. W. Stock members. Another meeting will be held next Monday to arrange for a series of weekly regattas on the lake this summer. The silver cup offered the club by Mr. H. Calcutt was accepted, the race to be rowed in lapstreaks instead of shells, as the conditions provided for. This race also will take place at Jubilee Point, and it is probable both this and the canoe race of the O. C. C. will be contested on the same day.

A meeting of the Otonabee Canoe Club was held last night and the regatta was discussed. It is likely the evening of the 26th inst., Decoration Day, will be chosen for the opening regatta, and one will be held each month during the summer. Mr. H. Calcutt's generous offer of the $50 silver cup will be accepted on his terms. The meeting adjourned without having definitely settled these matters, as they could not be closed up at once. Another meeting will be held next Tuesday evening, and in the mean time arrangements will be perfected and definite conclusions arrived at.

Spots of Sport.

The Beaverton lacrosse club play the Riversides here on Dominion Day.

Mr. C. J. Logan, who will play with Peterborough cricket club this season, will be here by July 7th.

Next Tuesday the "Trades and Commerce" and "Bankers and Professional Men" play their return cricket match. A full turn-out is expected.

There is some object in belonging to the Y.M.C.A. lacrosse club. When they go to Lindsay next Thursday they are to be entertained at a garden party at Mr. D. J. McIntyre's in the evening, after the match; the quartette and band will furnish music and some of Lindsay's charming belles are to feed the hungry.

Acting Secretary Minore has arranged the following cricket matches:—Belleville at Peterborough, June 19th; Lindsay at Peterborough, June 16th, and return match at Lindsay on the 23rd; "Colts" at Port Hope, July 30th. A match will likely be played here with Campbellford next week.

The bicycle club had a run last night, about a dozen wheelmen turning out. At a meeting the other night it was decided to hold weekly runs every Friday evening, any member absenting himself to be fined a quarter unless he could show good cause for his non-appearance. The new rule worked splendidly last night, nearly all the "bikes" being in line.

News Nuggets.

—Work on the new walk on the north side of Brock street is going forward.

—The hydrant on George street opposite Craig's is being re-set and rendered frost-proof.

—Work on the Salvation Army barracks is being fired off in volleys. The scaffolding will be removed from the front to-day, and the opening ceremonies are expected about July 15th.

—Tuesday last the "Golden Eye" took a scow load of agricultural implements from the Peter Hamilton Manufacturing Works down the river to Harwood, to be distributed in Cobourg and vicinity.

—The *Warder* says Mr. Geo. Thompson has several drives of logs on the lakes and rivers for his firm, Irwin & Co., of Peterborough. Nearly all will get through this season. Many logs are held back in the woods for next year.

Portland Cement.

Contractors, builders and others will find a first class line of Portland Cement at Fortye & Phelan's Hardware Store. d

"Why, Mrs. Jawsome, how can you insinuate such a thing? I drank or mad? I'm strong Scott Act. I know it's hard to believe, but Mrs. Bayclese, a regular prayer meeting woman she is, too, told me so with her own mouth—which is hardly ever shut, goodness knows—that she went trapesing up to Toronto with the Masonic excursion. She went through all the shops and priced 'em all She wanted to get a wedding present for Ann Jane Mariar who is going to marry that half baked gawk, Ben Shortt, and she was disgusted. She could do better at home. And she spent $1.84—$1.75 for her ticket and nine cents for cakes and a paper of pins, she got at a seven-cent store—the tore that old cashmere dress she's worn a life time, on the car steps—O my! where was I?—O yes! she went straight to China Hall when she got home and got a lovely china tea set for so much less than she could in Toronto, that it made up for her expenses to the city. And she says they have terrible fine and cheap dishes at China Hall, and as she says, says she, 'Dead loads of 'em, too.'"

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

GERMAN RADICALS HAPPY

REJOICING OVER MINISTER PUTTKAMER'S RETIREMENT.

The Kaiser's Determination to be King in Fact—Empress Victoria's Tour of the Flooded District—Berlin Gossip.

BERLIN, June 11.—The fall of Herr von Puttmaker, Vice-President of the Prussian Ministerial Council and Prussian Minister of the Interior, has caused immense jubilation in the Radical camp. Herr Richter, of The Freisinnige, ascribes his downfall directly to his speech in the Landtag, and closes an exultant article with the exclamation "Long live the Kaiser. May god preserve his strength. If He does so, many other things in Prussia, and Prussia also will improve." The satisfaction which the government party derive from the Kaiser's yielding to Prince Bismarck's representation that it would never do by vetoing the Quinquennial Parliament bill to furnish the Radical opposition a pretext to boast that the Kaiser had sided with it against his own Cabinet and the Conservative majority is dampened by the prospect of an imperial rescript.

The Cologne Gazette and other government organs daily urge the Emperor against doing anything likely to cause further resignations. Herr von Puttkamer never had the full sympathy of the Emperor, and the latter's decision to part with him betokens his determination to impart to his reign the stamp of his own independent convictions. Herr von Puttkamer's letter of justification treated the matter as a personal one. It was not submitted to the Cabinet. The Kaiser's reply intimated that Her von Puttkamer had failed to convince him. Prince Bismarck visited Herr von Puttkamer today, but not the Emperor, so nothing is yet decided regarding Herr von Puttkamer's successor.

The Emperor's journey to Potsdam was idealized by the loyalty of the people, and has been treated by the Berlin press in the spirit of the Arthurian legend. The finer weather of the past two days has enabled him to spend much time out of doors to his great benefit, as it is certain his removal to Potsdam caused a slight relapse. His appetite is still enfeebled by the heat and his lassitude and the doctors are trying to augment it. Dr. Leyden has again joined in the consultations. Dr. Hovell returns at the Emperor's special request as soon as his private affairs will permit. The Emperor has decided that no summer fetes or other festivities shall be stopped on account of his condition or the death of his father. The Emperor passed a fair day to-day. This afternoon Dr. Mackenzie, in the presence of Drs. Bardeleben, Wagner and Krause, changed the canula in the Emperor's throat. His Majesty afterwards drove in an open carriage in the park, where he met the Crown Princess.

The Empress during her tour of the flooded district stopped at Jonasdorf, Altefelde, Elbing, Dirschau and Schneidemuhl, visiting the sufferers by the floods and receiving the town officials. She returned to Potsdam at midnight. Her Majesty has sent a kindly answer to the address presented to her by the women and girls of Gorlitz.

Prince Bismarck is expected at Kissingen on July 7 for a three weeks' sojourn. His wife's illness has been serious, but the danger is now averted and the Princess is able to leave her bed at intervals.

The National Zeitung states that the Government has abandoned for the present its intention of increasing the duties on Russian grain. This announcement had a good effect upon the Bourse, which was quiet during the week, with the exception of a disturbance which was caused by a rumor that the Government contemplated the conversion of the four per cent. Prussian consols into three and one-half per cents. It is believed that the Minister of Finance is in favor of such a project, but the present circumstances are not favorable for an operation of such magnitude.

Beginning with the month of July, the circulation of foreign coin will be forbidden throughout the empire, except in districts near the Austrian and Swiss frontiers. This measure is mainly directed against the French coin in circulation in Alsace and Lorraine.

A grand funeral ceremony is announced to take place in Vienna on the 21st inst., on the occasion of the transfer of Beethoven's ashes to the new Central Cemetery, where they will be laid between those of Schubert and Mozart.

ELOPED WITH A CONDUCTOR.

A Missing B.C. Woman Traced to the States.

WINNIPEG, June 11.—The British Columbia woman reported missing while en route to Ontario turns out to be the wife of a hotel-keeper of Field, who eloped with a railway conductor and took her husband's money along. The couple have been traced to the States.

The Conservatives have nominated 30 candidates and the Reformers 35. There are 38 constituencies.

Harold Jackson of Beaver, B.C., suicided yesterday after two ineffectual attempts.

DROWNED IN THE OTTAWA.

Two Grandsons and a Daughter of Mr. T. C. Keefer Lose their Lives.

OTTAWA, June 11.—One of the saddest drowning accidents which have ever taken place in this vicinity occurred Saturday evening at Rockliffe, a couple of miles below the city on the Ottawa. Two grandsons of Mr. T. C. Keefer, the well-known engineer, Tom and Harry aged 9 and 11, were bathing in the bay near their grandfather's residence, when the steamer Empress passed on her upward trip. The wash from the passing steamer caught them and dragged them into deep water.

Their aunt, Miss Jessie Keefer, about 22 years of age, ran into the water to their assistance, but was also dragged beyond her depth, and the three were drowned before any help could reach them.

The News from Toronto.

TORONTO, June 11.—Mrs. McMaster has consented to relinquish her life interest in the late Senator's large residence on Bloor street, and the building is to be converted into a Ladies' Baptist college. The situation is admirable, and the building will make a splendid ladies' college. Details will be settled at the next meeting of the governors of McMaster Hall.

Toronto's two new boats arrived in the harbor on Saturday. The Macassa, which will run between here and Hamilton, is a twin screw boat, and notwithstanding the fact that both screws were damaged she made a trial trip between the two places in 2 hours 40 minutes. The Cibola will run to Niagara. She is much larger and more powerful than her sister, the Chicora. Both vessels are magnificent in every respect, and are by far the best vessels on Lake Ontario.

The first free excursion for poor children is to come off this afternoon. Four hundred youngsters have been gathered by St. John's Ward mission workers and they will be taken to Long Branch.

Hon. John Carling, Minister of Agriculture, who was in the city last night, said that he would not be able to attend the Haldimand farmer's picnic at Cayuga on June 21, but that he would send some good men from his department to represent him. Mr. Carling left for Ottawa last evening.

OPIUM SMUGGLERS ARRESTED.

Half a Ton of the Drug Seized—"Opium Pete's" Smuggling Ring.

PORT HURON, June 11.—For several weeks past Jas. McHale of Chicago and Wm. Hussey of New York, special agents of the Treasury Department, have been on the trail of a ton of opium which left Victoria, B.C., about May 8, consigned to Fran Yon, 187, Church-street, Toronto, the eastern agent of "Opium Pete," the head of the gigantic opium smuggling ring of San Francisco, Cal. It arrived in Toronto May 18. Several days ago 1000 pounds, valued at $20,000 were shipped to Moorstown, Ont., a few miles below this point, where it was run across the river by small boats and delivered to a fence by the name of Red Saunders, who keeps a small grocery two miles down the river. The consignment was taken the same night to Smith's Creek, a small station on the Grand Trunk Railway, whence it was shipped by express to T. Winter, Indianapolis. Collector Ward telegraphed to the surveyor at that city to arrest the consignee and seize the opium. This was done Saturday, and the prisoner proves to be Charles Labelle of Sarnia. Collector Ward ordered the arrest of Saunders, and he was taken into custody, enough evidence being secured on searching his premises to make the case warm for him. The man Labelle captured at Indianapolis will be brought here.

It has long been known to the Treasury Department that a gang has been smuggling large amounts of this stuff into the country, but until now all efforts to break up the traffic have been unavailing.

CHESLEY'S CALAMITY.

The Entire Business Portion of the Town Wiped Out by Flames.

CHESLEY, June 11—At 2 o'clock Saturday morning fire started in Thompson's furniture store, and before the flames were extinguished the entire business portion of the town was in ashes. The loss is placed at $150,000, which is not more than one-fourth covered by insurance.

No lives were lost, but two or three persons were badly hurt. The origin of the fire is unknown.

The Terrible Black Tongue.

ST. PAUL, Minn., June 11.—Myriads of grasshoppers have appeared in Otter Tail [illegible]. They are of the genuine Rocky Mountain variety.

Obstructing an Electric Motor Line.

ABERDEEN, Dak., June 11.—Great excitement was caused here yesterday by the efforts of citizens to prevent men and teams employed by the Electric Motor Company from ploughing up the main street for the construction of an electric motor line. Drays were driven across the street to stop the work. A great crowd gathered and cheered the men on the dray[illegible], but citizens returned to the attack [illegible] from the Mayor prohibiting.

KILLED HIS SON BY MISTAKE.

A Father shoots at his Boy's hat thinking it was a Woodchuck.

LINDSAY, June 11.—Friday evening while Robert English, one of the wealthiest and most prominent farmers of Burnt River, and his son, Alfred, aged 15 years, were placing traps for woodchucks, the son moved along the river bank unknown to his father. The father seeing his brown hat beside a bush and mistaking it for a woodchuck fired, instantly killing the young man. The father is prostrate with grief.

LORD STANLEY'S ARRIVAL.

HIS EXCELLENCY REACHES CANADA SATURDAY NIGHT.

How the New Governor-General Looks and what He Talked about at the Ancient Capital—To be Sworn at Ottawa to-day.

QUEBEC, June 11.—Lord Stanley of Preston, the new Governor-General, got a very cold reception when he landed in Canada Saturday night. People here had arranged a grand reception and were going to present him with a civic address, but his A.D.C. telegraphed from a Gulf station that Lord Stanley preferred to go straight through to Ottawa; consequently his official car, which had been waiting on the Canadian Pacific Railway here, had to be sent back to Montreal and over the Victoria Bridge to the Grand Trunk Railway, where it went to Point Levis.

A telegram was received that the Sarmatian would arrive near midnight, and a large number of citizens arranged to go over and welcome the party on their arrival, but this program was also spoiled by the arrival of the Sarmatian three hours before she was expected. Just before 9 a heavy storm set in, and then it was that the steamer arrived unnoticed and moored alongside the Grand Trunk Railway wharf, announcing its arrival by the discharge of marine bombs, which were responded to by a salute of 17 guns from the citadel.

Lord Stanley is a powerfully built man about five feet ten inches high, of commanding and soldier-like appearance, wears a short iron gray beard and moustache and is slightly bald. Altogether he is decidedly good looking, and has an affable manner which cannot but make him popular.

He spoke very willingly on general subjects, but avoided carefully any political questions. He expressed himself delighted with his first impression of Canada but those must have been obtained in the Gulf for a more miserable, uncomfortable appearance than Quebec presented could not be imagined. Lady Stanley looked remarkably well in her dark brown travelling dress.

The party consists, in addition to Lord and Lady Stanley, of Capt. Josselyn Bagot, Military Secretary; Mrs. Bagot, Hon. E. Stanley, of the Grenadier Guards, A.D.C.; Lieut. McMahon, of the Grenadier Guards, A.D.C.; Hon. Victor Stanley, Lieut. R.N.; Hon. Isabella Stanley, Hon. Wm. Stanley and Miss Villiers Lester, a relative of Lady Stanley.

Supper was served on board the train, and the party left at 12 for Ottawa.

After staying a few days at the Capital Lord Stanley will visit Montreal and Quebec, staying a few days at each place.

At the Capital.

OTTAWA, June 10.—Lord Stanley arrived quite unexpectedly about 8 o'clock this morning and drove at once to Rideau Hall. There was no reception at the depot as he was not expected until 1. He will be publicly sworn in by Chief Justice Ritchie, in the Senate Chamber at 3 o'clock to-morrow afternoon, after which he will be presented with an address of welcome by Mayor Stewart.

Children's Day.

Special Services in St. Paul's Church—A Day Set Apart for the Sunday School Pupils.

Throughout the Presbyterian Church in America Sunday last was "Children's Day," and special services were held. In St. Paul's church both forenoon and afternoon were devoted to the children. The congregation in the morning was largely composed of children of the Sunday school, who occupied the front seats and were scattered about among the adults in large numbers. The pastor, Rev. E. F. Torrance, conducted the services with special regard to the claims of the day, while the singing had also direct reference to the occasion. Appropriate hymns and passages of Scripture were chosen, and the sermon to the little folks was exactly calculated to touch their hearts and understanding. The Scripture lessons were taken from the third chapter of Samuel and the second chapter of St. Luke. In Ecclesiastics, ix, 14, the text was found:—

"There was a little city, and few men within it; and there came a great king against it, and besieged it, and built great bulwarks against it."

There was nothing more interesting to children, the reverend gentleman said, than a story, and he would tell the boys and girls present about the travels of a certain man in the great kingdom of Universe. This traveller discovered a beautiful little city called Man's-Soul, built by a king Shaddi. It was a most beautiful city, and had been built expressly by the great king of the Universe for his own pleasure. Its walls were compact and impregnable to the enemy, and only through five gates could anyone enter the city of Man's-Soul. Strangely enough, these gates were called Ear gate, Eye gate, Mouth gate, Nose gate and Feel gate. These too were impregnable when they were closed. Now there was a certain giant named Diavolus, a prince of the blacks, who determined to wrest this beautiful city from the hands of King Shaddi. This Diavolus had at one time been a servant in a high place under King Shaddi, but trying to usurp the King's throne and power he was subdued, convicted of treason and banished. Wherefore for revenge he took counsel to gain possession of this most beautiful city of the great king, but he knew the walls were strong enough to resist all his attacks, so instead of advancing as an enemy he came to the gate and told them he did not seek his own advantage but their's, and talked so pleasantly that he was admitted. Once inside he speedily took possession and wrested the city of Man's-soul from King Shaddi and destroyed it. Who was the traveller that had discovered these things? They all knew him. It was John Bunyon, and everyone knew what he intended to illustrate by the story. By the city of Man's-soul was meant the human body, created by God, or King Shaddi, and the giant Diavolus was intended to represent Satan, who was now trying to destroy mankind by the same means. The different gates showed how Satan gained entrance to our hearts. The eye gate was one of the chief points of attack by Satan, as was illustrated in the temptation of Eve in Eden and many other Bible incidents. Eye gate ought to be kept closed against Satan, but the Lord is also endeavoring to enter by the same gate, and to him it should be flung wide open. He was seeking to convince us every day, through our ears, that it would be better for us to trust Him and believe in Him. Through the ear gate and the other gates also Satan was trying to enter, but these should be closed tightly against him, and opened only to Jesus. The reverend gentleman said he remembered well that when he was in Montreal the people considered it a great honour to entertain the Governor-General; but what was that compared to the great honour within the reach of every boy and girl, who might entertain the King of Kings in their very hearts. He closed with an urgent appeal to the children to accept the honor and become children of Christ.

THE AFTERNOON SERVICES.

About four hundred children assembled in the church in the afternoon, though there was a discouragingly small attendance of parents and adults. A programme of choral singing and responsive readings was rendered, and addresses delivered by Rev. Mr. Torrance and Mr. Sheriff Hall, superintendent, the latter going over with the children in review the last quarter's lessons. He also commented upon the rapid growth of the Sunday school during the past year, as shown by the attendance, which in the last five months has averaged 289, compared with an average of 245 during the same five months of last year. The school had also prospered in other ways, and taken altogether they had every reason to be gratified with its success

A Victoria Sensation.

In Which Rev. J. E. Starr, Formerly of Peterborough, Figures Conspicuously.

A despatch to the *Empire* from Victoria, B.C., June 8th, says:—"Considerable indignation has been caused through Chief Justice Begbie in court yesterday making some personal remarks about the conduct of Rev. Mr. Starr, pastor of the Methodist church, in the witness-box. The clergyman was lounging over the box when the judge asked if he would lounge on the other side. The witness leisurely shifted his position to the other side, remaining in the same attitude.

The Justice asked the sheriff to give the witness a chair, as he did not seem able to stand up.

Mr. Starr replied, slapping his leg, "I'm all right."

The Justice then peremptorily commanded him to stand, and the witness complied. The Justice then remarked that the witness did not seem to have more backbone than a sausage-skin filled with water, and was as limp as a dirty collar. A witness, he said, that took a solemn oath to tell the truth, the whole truth and nothing but the truth, and then conducted himself in such a manner as Starr did, necessarily detracted from the weight of his evidence.

The publication of the remarks in a morning paper caused a sensation, and there is a general opinion that the Justice's remarks were degrading to the Bench, though it is also stated that the witness' manner towards the court was rather exasperating.

The case Mr. Starr gave evidence in was a suit of a lady teacher in the Chinese Mission school, who was peremptorily discharged to make way for a teacher belonging to the Methodist denomination. The teacher sued to recover $20 monthly salary, as she had worked four days into a new month, and suit was brought against Messrs. Starr and Gardiner, the latter being the chief teacher in the school. The judge dismissed the suit without costs, stating that the Methodist mission board was the proper party to sue. Suit will accordingly be entered against the board.

Hanlan has challenged Peter Kemp to row again for the single-scull championship of the world and £500 a side, but stipulates that the race must be rowed on the Nepean instead of the Parramatta river in Australia.

There are 119 yachting clubs in the United States and 12 in Canada.

"In regard to the proposed regatta at Mackinac in August," said Captain Joseph Nicholson Saturday night, "I have received responses to notices of the regatta from Toronto, Hamilton and Chicago, promising a representative yacht in each class from these cities, and many other cities I am sure will respond in the same way.

The "Count" is a Trifle Short.

CENTRAL CITY, Neb., June 9.—The County Treasurer, Col. W. H. Webster, is short $35,000 in his accounts. Webster's deputy, Otto Foster, is also short $1,000. Webster has property worth $60,000, which he will turn over to the county.

Pain Cannot Stay

where Polson's Nerviline is used. Composed of the most powerful pain subduing remedies known, Nerviline cannot fail to give prompt relief in rheumatism, neuralgia, cramps, pain in the back and side, and the best of painful affections, internal or external, arising from inflammatory action. A 10 cent sample bottle of Nerviline will give sufficient proof of its superiority over every known remedy. Try Nerviline. Large bottles 25 cents; trial bottles only 10 cents. 6d24w

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture, intense itching and stinging, most at night, worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. dw

A Valuable Discovery.

F. P. Tanner, of Norwich, Ont., says he has not only found B. B. B. a sure cure for Dyspepsia, but he has also found it to be the best medicine for regulating and invigorating the system that he has ever taken. B. B. B. is the great system regulator. 2w24d

Quite Correct.

"I have used Dr. Fowler's Extract of Wild Strawberry and found it the best remedy I have ever used for Dysentery and all Summer Complaints among children and I think no household should be without it." Mrs. A. Baker, Ingoldsby, Ont. 2w24d

After Long Years.

"I was troubled with Liver Complaint for a number of years, finding no cure, I tried B. B. B. I took four bottles and am now perfectly cured, strong and hearty." Mrs. Askett, Alma, Ont. 2w24d

A Ready Resource.

The ravages of Cholera Infantum, Cholera Morbus, Diarrhœa, Dysentery and other summer complaints among children during the hot weather, might be totally prevented by having recourse to nature's sovereign remedy for all bowel complaints, Dr. Fowler's Extract of Wild Strawberry. 2w24d

SUN

LIFE ASSURANCE COMP'Y OF CANADA.

HEAD OFFICE, MONTREAL.

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,126 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600.00 insured under 1,840 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$169,482 69	$1,149,743 00
1876 to 1880, four years	38,580 67	195,183 29	1,167,336 14
1880 to 1884, four years	136,976 84	363,264 31	2,962,924 90
1884 to 1887, three years	217,451 89	475,607 24	4,029,373 65
Total in 1887	$495,831 54	$1,756,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

Bonanza.

We have in these days bonanza in gold, silver and coal mines, in land speculations—all more or less liable to give disappointment—but the bonanza which admits of no chance of failure is the *bonanza in prints*, muslins and embroideries at the golden lion. Prints worth 12½ and 15 cents going for 6 cents—200 pieces, the newest, neatest and nobbiest patterns. A *magnificent* stock of muslins and rare embroideries at a similar rate of cheapness.

Here We Go

A Credit to Peterborough.

Every citizen of Peterborough is justly proud of the beauty of Court House Park. It is one of the most beautiful spots of its kind in the province. Even Toronto, as recent visitors to the city can testify, and as the visitors next Tuesday can verify, has nothing in the way of a city park or garden to compare with it. The much vaunted Horticultural Gardens do not in any way equal the beauty, freshness, neatness *and trimness of our own Park*. There is not a flower plot fit to compare with ours, and the walks are mere untidy lanes compared to the trim, smooth avenues of Court House Park. Gardener McLennan deserves great credit for the taste and industry which have contributed so much to the beauty of the grounds. It is to be hoped that the public will take an active interest in preserving them from injury in every possible way.

A Nest of Law Offices.

Mr. Geo. A. Cox has begun work upon buildings for a set of four law offices on Water street, east side, north of the post office The block will be 40x47 feet, two stories in height. It will be divided medially by a hallway seven feet wide, the rear part of which will be occupied by the vaults extending *from basement to roof* and opening upon the apartments on each side on both floors. The offices on each side will occupy a space of 20x40 feet and will be fitted up in a *superior manner*. The *offices on the second* floor will be counterparts of those below. The lower floor offices are already engaged—Mr. John Burnham will occupy the one on the south next to Law Lane which divides it from the post office yard, and Mr. A. P. Poussette the other.

Saturday Night Concert.

Last Saturday evening, in the absence of the President, Miss L. Sanderson, the chair was occupied by Mrs. J. Kendry, secretary of the W.C.T.U. The charming instrumental selection by Miss Owens formed a fitting introduction to the programme. Miss Butcher sang Arthur Sullivan's "Looking Back" with effective expression. This was followed by an address by Miss Camilla Sanderson, which will be published in another issue of *this* paper. The College Glee Club then sang a sacred chorus, and after a few moments' interval gave "The Merry Chink" in good style. Miss K. B. Annesley's graceful rendering of "Carina" was followed by a capital song, "The Midship Mite," by Mr. Frank C. Annesley, who kindly volunteered to fill the vacancy occasioned by the unavoidable absence of Mr. Rowse. Mr. J. D. Bannel Sawyer also came gallantly to the rescue and by witty remarks and humorous songs completed the impromptu part of the programme. The next entertainment (Saturday evening) promises to be equally good.

The Band in the Park.

On account of the Fire Brigade Band being absent in Toronto on Tuesday, the usual weekly concert will be given to-night in Court House Park. While these concerts in this beautiful resort give so much pleasure to our citizens generally, it is to be feared that the careless conduct of some of the unruly of the visitors, may exclude themselves as well as the well-behaved from this pleasure in the future. Unless there is less damage done to the grounds, these concerts will have to be abandoned. The park is for the public entirely, maintained at great cost for their benefit and enjoyment. Every person should reflect, on entering the park, that he is going upon his own property, and should not only resolve not to do anything to injure its beauty, but also to prevent others from doing anything of the kind. If the people were allowed to climb the terraces separating the upper and lower grounds, they would be destroyed in *one night*. Will the public kindly co-operate with the park commissioners and preserve their own property from injury.

A New Drink.

Champagne cider is it's name, and it's about the best soft drink made. It is pure apple juice with the sparkle and "snap" of champagne, the flavor of cider and the refreshing effect of cold spring water. Our *connisseur* sampled it at Elliott and Tierney's, where it is kept in stock, and he knows a good article when he tastes it.

Special inducements to farmers and all others during the busy season at J. T. Stenson's boot and shoe shop George street. Prices are cut so Low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

Mr. Frederick Archer,

Obituary.

The death is recorded with regret of Mary L., wife of Mr. W. B. Stewart, of Otonabee, at the age of thirty-six years. The deceased lady was third daughter of Mr. John Bennett, and her last illness was of some five or six weeks' standing. She was worthy of the high esteem in which she was held in the community. The funeral takes place on Tuesday to the Little Lake cemetery at two o'clock.

A Lover of Turkey.

The Toronto *Empire* of last Saturday says:—"Yesterday Mr. Paul Payne, of Warsaw, Ont., brought and presented to the Zoo gardens the largest specimen of the wild cat the management had ever received. *He is a* monster, and has been the terror of the neighborhood all the past winter, Mr. Payne tracked him to his den and found a cart load of turkey and chicken bones. There was hardly a farmer within five miles of this nest that he has not visited, and he always picked out the best. He is placed in the lynx cage, and is quite as large as the female panther."

The Great English Organist.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

Splendid Programme.

Plain, Practical Facts.

There is no denying the fact that at the present time there is a great stringency in the money market, that ready cash is almost an unknown quantity. The banks are exceedingly cautious about loans, and will be for the next month or so, till the harvest indications take a decided shape. These facts, of course, suggest the utmost economy in the expenditure of money and point the wisdom of going to gough bros., the wonderful cheap men, whose magnificent stock of boys' youths' and men's clothing, bought for 52½c. on the dollar, are the best goods in the market, and they are being *sold* at half regular prices. Boys' suits at from 58 cents to $2.50 and men's suit at from $5 to $10, according to style and quality, indicate what marvellous values are going in these lines. These are *bona fide* bargains, good goods bought at a great sale of wholesale stock of a bankrupt firm, and are just what the tightness of the money market demands. At the store of gough bros., the wonderful cheap men, you can get more with ten dollars than you can in any other shop in the country for twenty. Money is a cash article, and the wise man will make it go the farthest he can.

THE LAKEFIELD BLAZE.

About a Million Feet of Lumber Destroyed by Fire.

Strickland's Lumber Yard at Lakefield Partially Burned—The Loss Estimated at $15,000—Aid Sent up from Peterborough—A Clean Sweep made by the Fire.

Sunday afternoon and evening the village of Lakefield was thrown into a state of ferment when it became known that Strickland's lumber yard, and perhaps a part of the village, was doomed to destruction by fire. Instantly every man in the village turned out, impromptu brigades were organized to stop the progress of the fell destroyer, and, after four hours' hard fighting, the fire was conquered and further danger averted, but not before nearly a million feet of lumber, estimated at being worth about $15,000, had been burned.

It is believed the fire was the work of a couple of boys. About five o'clock two boys were seen leaving a small shed just across the railway track, occupied by Mr. Jas. Bird as a coal oil house, and a *few minutes* later

THE BUILDING WAS IN FLAMES

Fortunately, the shed was empty at the time, so the loss was not great. The boys passed through the lumber yard on their way to the village, and shortly afterwards a pile of lumber at the upper end, near the mill, was noticed on fire. The man who first observed it could easily have extinguished the fire with a pail of water, but none was convenient, and in a very short space of time the little blaze, fanned by the high wind from the west, became a roaring sheet of flame that swept onward and could not be checked in its course. The church bells *rang out an alarm*, the villagers turned out *en masse*, bucket brigades and salvage corps were organized, and a manful effort was made to stem the tide of destruction. Vain were their labors for a *long time*. The wind careened through the yard with hurricane force and carried the flames forward at a terrific pace. Pile after pile of lumber fell prey to the devouring element, and the sky was illuminated for miles around by the reflection. A clean swathe was cut through the yard by the flames, which is to day marked by heaps of blackened embers. A number of piles of lumber were torn down to stop the progress of the fire, but even while the work was under way the brave men who labored were overtaken by the fierce flames and compelled to retreat. Another similar attempt was made later on, but again they were foiled by the rapidity with which the flames spread. Three times did they *essay* to make a gap that would check the advance of the fire, and at last, after three or four hours' of heroic and untiring toil, they were rewarded by seeing

THE FLAMES SUBDUED

and the danger past.

While the fire raged excitement and fear filled all hearts, and a little before eight o'clock a telephone message was sent to Peterborough for aid. The Grand Trunk Company *furnished a locomotive and coach*, and the Silsby and hose cart were loaded on a flat car. The train, aboard which were the firemen and a number of others, left the station at about a quarter to ten o'clock and at ten minutes after ten they were at Lakefield. Too late to be much use, though. When the Peterborough firemen arrived on the ground there was nothing but immense mounds of fire, the remains of big lumber piles, to be seen. The Silsby was placed on the river's edge, a couple of streams turned on, and in short order the last of the fire was extinguished.

THE LOSS,

it is estimated, will mount up to about $15,000. Mr. Strickland believes between three-quarters and a million of his best lumber was burned. It was mostly 16 foot 12-inch stock, and valued at about $16 or $18 per thousand. On the mill property and yard there is an insurance of $20,000—$10,000 in the Western and $10,000 in the Liverpool, London & Globe. *It is fortunate* for Mr. Strickland that he is thus heavily insured, as the loss would otherwise be a severe one.

NOTES OF THE FIRE.

The Lakefield people worked with a will to stop the fire. After all immediate danger was passed the ladies of the village organized themselves into a refreshment committee, and brought down baskets full of edibles for the men who dared not leave the fire for fear of a fresh outbreak.

The Peterborough firemen were well treated. After they had extinguished the fire and loaded up again, at the invitation of Reeve Casement they took supper at Dion's Hotel. Well they deserved it, too, for they worked hard.

The train did not reach Peterborough on the *return trip till about 5 a.m.* Lakefield was left behind just at daylight, and the run back was made very slowly. It was a tired looking crowd that alighted at the station.

The time made on the way out was about the best ever made on the Lakefield branch. A cow was struck near Auburn and killed, but fortunately no accident resulted.

Mr. Wm. Abbot met with a severe accident. In the darkness he fell through some loose boards and struck his side against a heavy beam. A couple of ribs were broken near the spine. He was picked up unconscious. Dr. Bell attended the injured man, who, is is understood, is not in danger.

A good many hats and coats were lost. While the lumber piles were being pulled down a number of men took off their coats and hats, hung them on piles adjacent, and, in their excitement, forgot all about them until too late. They were burned with the lumber.

A couple of houses close to the lumber yard had a narrow escape from destruction. The fences were burned, but the wind blew the flames in another direction.

The fire laddies, to the number of about a dozen, under Chief Rutherford and Asst. Chief Craig, won the gratitude of the villagers by the hearty manner in which they worked.

Police Court.

MONDAY, June 11.

In the absence of P.M. Dumble, Mayor Stevenson presided at the court this morning. She Scott Act case against Mrs. Condon was adjourned and young Butterworth, the boy forger, was again remanded, until to-morrow morning. Michael Shanahan and Dennis Hoban, who were charged with furious driving and raising a disturbance on the street Saturday night, were also remanded. These latter, according to the police, were drunk Saturday night, and several times attempted to drive through the Salvation Army procession. In this they were balked, but they were very noisy, swearing and shouting loudly. They were arrested and taken to the police station.

A Railway Smash-up.

A Cow Derails a Freight Train and a Big Smash Ensues—No Lives Lost.

The 11.30 C.P.R. express did not get in last night. About two miles west of Myrtle, near the spot where a train was snowbound for two or three days last winter, a freight train lay wrecked on the track and barred all progress. The cause of the accident was this. About nine o'clock last evening freight train was bowling along at the place mentioned when a trio of stray cows was run into. Two of them were knocked off the track, one on either side, but the third went under the wheels. The engine safely overrode the obstruction, but the lighter tender was dislodged and left the track. About five hundred yards was traversed in this manner, the tender bumping over the ties but not dragging any other cars from the rail. After this distance, however, the freight cars began to follow, and in a few moments ten cars in the fore part of the train were smashed to kindling wood, the track torn up, and the line heaped up with debris of all sorts. The smash occurred on a small bridge passing over a creek. The cross-beams of the bridge were shattered so badly that new ones will have to be put down before the bridge is safe. The cars passed over the bridge and down the embankment. A brakesman was hurt, but not seriously. The engine stayed on the rails and the rear end of the train was uninjured. The cars were loaded with mixed freight, and are a total wreck. Immediately assistance was telegraphed for and in a short time a staff of men was busily engaged in clearing the track, which will be completed to-day. The down express was laid up at Green River all night, and the early express from Montreal ran up to the scene of the accident, passengers were exchanged, and each train turned about. The Peterborough passengers arrived here about nine o'clock. By this time, though, the track has been cleared and traffic resumed as usual.

SURGEON GEN'L W. A. HAMMOND says we can each prolong our life if we learn the secret thereof. **What is this Secret?** If you soak a sponge in oil, the sponge will have in it all the peculiarities of the oil. So every organ in the body contains all the peculiarities of the blood. If the kidneys, the *only* blood purifiers, do not clean the blood of the waste of the system, then the various organs will give out, and you will have **Rheumatism, Malaria, Headaches, Ague, Chills and Fever, Impotency, Bladder Diseases, Lame Back, Neuralgia, Nervousness, Bad Eyes, Stomach Troubles, Boils, Carbuncles, Abscesses, Apoplexy, Paralysis,** and in women **Female Troubles.** The secret of good health then lies in *keeping the kidneys well*. If you don't, you can't cure any of the above diseases. They may not suspect it, but eight persons out of every ten have some form of kidney derangement. The only *scientific blood purifier* is the famous **WARNER'S SAFE CURE,** which not only cures kidney diseases, but the *majority of ailments* which really come from unsuspected kidney disease.

I know it's hard to believe, but Mrs. Buyclese, a regular prayer meeting woman she is, too, told me so with her own mouth—which is hardly ever shut, goodness knows—that she went traipsing up to Toronto with the Masonic excursion. She went through all the shops and priced 'em all. She wanted to get a wedding present for Ann Jane Maria who is going to marry that half baked gawk, Ben Slowit, and she was disgusted. She could do better at home. And she spent $1.84—$1.75 for her ticket and nine cents for cakes and a paper of pins, she got at a seven-cent store—she tore that old cashmere dress she's worn a life time, on the car steps—O my! where was I—O yes! she went straight to China Hall when she got home and got a lovely china tea set for so much less than she could in Toronto, that it made up for her expenses to the city. Bricklayers' & Masons' Union, No. 12, Peterborough.

To the Architects and Builders of the Town of Peterborough.

GENTLEMEN,—The members of the Bricklayers' and Masons Union, No. 12, Peterborough, have decided to take no sub-contracts after the 1st day of June, 1888. We take this step, believing it to be to the interest of Architects and Proprietors of buildings, to deal directly with us, and *not as heretofore, letting our branch of* work to Carpenters, and then have them sublet it to us, frequently at a loss to owners of buildings through inferior material being used to secure the carpenter a profit. We therefore, consider it would be to the interest of all concerned, to have each trade control its own line of work.

Signed on behalf of the Union,
J. J. HARTLEY, President.
GEO. ROSE, Vice-President.

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities, that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes,as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

THE GOVERNOR GENERAL

SWORN IN IN THE PRESENCE OF A BRILLIANT ASSEMBLAGE.

The Oaths of Office and Allegiance—The Civic Address of welcome Presented by Mayor Stewart—His Excellency's Reply.

OTTAWA, June 12.—The public swearing in of Lord Stanley, our new Governor-General, took place in the Senate Chamber at 3 o'clock yesterday afternoon. The day was fine, and consequently a large crowd was in attendance on Parliament Hill and lined the streets along which the Vice-Regal party passed.

A guard of honor from the Governor-General's Foot Guards was in attendance as well as the Princess Louise Dragoon Guards, but His Excellency drove up quietly half an hour before the guard and strolled about the grounds for a while. After the guard arrived he came out of the Senate entrance and was given a general salute, followed by vigorous cheers from the crowd.

His Excellency and party were then introduced to Capt. Thompson in charge of the guard and immediately afterwards His Excellency did something which no other Governor before him had done; he inspected the guard, expressing himself pleased with their appearance and equipment.

Meanwhile the galleries of the Senate Chamber had been filled with spectators and on the floor was a brilliant assemblage of the leading citizens of Ottawa, including representatives of the clergy, the bench and the bar, while the presence of a large number of ladies in charming street costumes added color, grace and beauty to the scene.

His Excellency, after reviewing the guard of honor, returned to the Speaker's room, where the members of the Cabinet were introduced to him. Promptly at 3 o'clock he issued from the Speaker's apartment, preceded by his A.D.C.'s and followed by the Ministers, Sir John and Sir Hector walking together, and passing in through the main entrance to the chamber took his seat. All the Ministers except Hon. Mr. Foster wore the Windsor uniform. His Excellency is a tall, fine-looking man, whose well developed form well became his Windsor uniform, and as he stood up to take the oath of office and allegiance the impression created by his appearance was most favorable.

The commission appointing His Excellency was first read by Capt. Bagot, A.D.C., after which these oaths of office and allegiance were administered by Chief Justice Sir J. Ritchies.

The Oath of Office.

1. I shall well and truly execute the office and trust of Governor-General of Canada and the Territories depending thereon, and duly and impartially administer justice therein. So help me God.

2. I shall well and truly exercise the office of Keeper of the Great Seal of Her Majesty's Dominion of Canada, according to the best of my kdowledge and ability. So help me God.

The Oath of Allegiance.

I, Sir Frederic Arthur Stanley, Baron Stanley of Preston, do swear that I will be faithful and true and bear true allegiance to Her Majesty Queen Victoria, her heirs and successors, according to law. So help me God.

After the signing of the oath by His Excellency and the Judges, Mr. Grant Powell, Under Secretary of State, presented the Great Seal, which His Excellency took and handed back to him. His Excellency then ascended the throne and taking his seat requested the ministers and spectators, all of whom had been standing, to be seated, and the ceremony of swearing-in was completed by the band of the guards in the corridor playing "God Save the Queen" and the battery on Nepean Point firing a salute.

The Civic Welcome and Lord Stanley's Reply

His Excellency being seated Mayor Stewart and the members of the City Council advanced and His Honor read the civic address of welcome.

"In reply His Excellency said that he returned his most hearty thanks for the kindly welcome that had been extended to him on his coming to reside in Canada as Her Majesty's representative. He was glad to see that here as elsewhere all were animated with loyalty towards the person of Her Majesty, whom he characterized as becoming every day more warmly enshrined in the hearts of her people.

"He could not but feel the difficulties to which he was placed at having to succeed so distinguished a predecessor as Lord Lansdowne. Among the long roll of distinguished men who had filled the high office to which he had been appointed were none whose names would be written in more golden letters in the history of this country than that of Lord Lansdowne. He ventured to say that Lord Lansdowne during his career of office had endeared himself to all with whom he came in contact, and his great abilities and calm judgment, his knowledge and courteous manners had all contributed to help him to maintain the high reputation of his house and the character of English legislatures. Lord Lansdowne had left nothing but regret in leaving the country where from the commencement of his sojourn he had been received with such frank hospitality and such hearty good-will, and although he (Lord Stanley) had been but a few hours amongst them he though he could already say that he had experienced even before his arrival that hospitality, kindness and cordiality which had made the name of this Dominion proverbial.

"He was happy to think that although the vicissitudes of political life connected him but a few months with the office of Secretary of State for the Colonies in the English Government, those few months were not altogether unfruitful with respect to the interests of the great Dominion of which we all now speak as members and he trusted that to the latest period of his life his sympathies might ever be with the colonies.

"One principle should animate the man who wished to attain success in public life, and that was to address himself with singleheartedness to the problems with which one might be called upon to deal with an earnest desire to remove difficulties, an earnest desire to soften differences, if such should arise. He should endeavor to pursue that course, and by the result he was content to be judged."

His Excellency spoke in full, round, manly voice witout any attempt at oratorical effect, and created a pleasing impression by his simple straightforwardness.

At the conclusion of his speech the Mayor introduced the members of the Council, after which the Vice-Regal party left the chamber.

His Excellency afterwards visited his offices in the Eastern Block and remained there until after 5 o'clock.

The Vice-Regal party left this morning for Montreal and from there will proceed to Quebec.

His Excellency has subscribed $150 for the relief of the Hull fire sufferers.

Killed by Lightning.

Death of an Ex-Mayor of Ridgetown.

RIDGETOWN, June 12.—H. D. Cunningham, ex-Mayor of Ridgetown and a prominent grain merchant, well known throughout Canada and the States, died rather suddenly yesterday of Bright's disease. His death is universally lamented. He leaves a large family.

A Jockey's Death.

NEW YORK, June 12.—Chas. Cross, a jockey who was known as one of the best steeplechase riders in the country, died yesterday at the hospital of injuries received by a fall of the horse "Bob Mills" on which he was riding at Jerome Park on Saturday.

Phyllis and the Viscount.

LONDON, June 12.—The public is about to be troubled with another Fortesque-Garmoyle suit. For some six months the engagement between Viscount Dangan, a young officer of the Guards, and heir to the Earldom of Cowley, and Miss Phillis Broughton, the popular Gaiety Theater soubrette, has hung fire, and growing anxious, it is stated that the young lady served papers which will bring the young guardsman into court charged with breach of promise.

Probably He is.

ROCHESTER, June 12.—Ex-Sheriff Van Camp has disappeared, leaving an indebtedness of $20,000 to $25,000. He was to have been examined before the Surrogate yesterday as to the disposal of a trust estate of $10,000 but did not appear. He is believed to be in Canada.

More Natural Gas at Collingwood.

COLLINGWOOD, June 12.—The Collingwood Rock Well Company's new shaft in the West Ward developed a strong flow of natural gas yesterday morning, greatly exceeding in power and volume that recently discovered in the East Ward. The flow commenced at a depth of 140 feet, and increases with each foot of boring.

Run Down by a Train.

PORT ERIE, June 12.—Henry Smith, aged 26, a resident of this place employed as a brakesman on the local train which runs to the Grove at Erie beach was attempting to make a coupling between the passenger coach and the tender when he was struck by the engine in backing down and instantly killed.

LATEST MARKET REVIEW.

TORONTO, June 11.—On call at the Toronto Board of Trade to-day 97c was offered for No. 2 fall wheat, and 52½c for oats on the track. There were no transactions.

To-day's estimated receipts of hogs at the Union Stock Yards, Chicago, are 33,000; official on Saturday, 16,225; shipments, 7228; left over, about 3000; cattle receipts, 13,000; market quiet.

The only new feature on St. Lawrence market to-day was the appearance of the first cauliflowers of the season; they sold quickly at 35c. a piece. Butter has taken another tumble, and is selling lower than ever to-day at 15c to 17c for lb. rolls and 13c. to 16c. for large rolls. Potatoes are poor at $1 per bag. Supplies in vegetables are keeping up, and all appear to be wanted. On the hay and grain market business is quiet and prices unchanged.

BEERBOHM'S REPORT.

Beerbohm reports as follows to-day: London—Floating cargoes, wheat slow, corn nil; cargoes on passage, wheat and corn inactive. Mark Lane—Wheat a turn easier; corn a turn easier; flour a turn easier; spot good. Danube corn 24c was 24s 5d; present and following month, 23s was 23s 3d; mixed American corn, 24s was 24s 6d; Straight Minneapolis flour, 22s 6d was 21s 6d; French country markets quiet. Paris—Wheat and flour quiet. Arrivals off coast—Wheat large. Liverpool—Spot wheat and corn dull.

THE FISHERIES TREATY.

UNITED STATES SENATORS DISCUSSING ITS PROVISIONS.

Mr. Gray Speaks in Favor of the Retaliation—An Interruption by the Virginia Bull-twister.

WASHINGTON, June 12.—In the Senate yesterday the resolution offered by Mr. Morgan last Thursday as to the Fisheries Treaty was taken up and went over till to-day, Mr. Morgan objecting to Mr. Sherman's suggestion to consider it adopted, as it had accomplished all that was intended by it.

On motion of Mr. Sherman the Senate proceeded to the consideration of the Fisheries Treaty in open executive session and was addressed by Mr. Gray in support of its ratification.

Mr. Riddleberger said that the treaty ought not to be ratified because it was a complete surrender of American manhood to Great Britain.

Mr. Gray said the treaty secured every right of American fishermen and left the tariff on fish where it ought to be left, as a subject to be dealt with by the legislative branch of Congress.

At the close of Mr. Gray's speech Mr. Hoar obtained the floor and further consideration of the treaty was, on motion of Mr. Sherman, postponed till Monday, June 25.

NOT FOR ROME.

Rev. Mr. Maturin Still a Member of the Established Church.

LONDON, June 12.—A few days ago a special cable despatch from New York announced that the Rev. Mr. Maturin, rector of the Episcopal Church of St. Clement, Philadelphia, had joined the Church of Rome. Hearing that he was in England, I visited the Society of St. John, in Crowley, not far from Oxford, where he was said to be a guest. St. John's is a small, unpretentious red brick building on the high road. Entering it I found the corridors and rooms filled with carvings and paintings illustrating ecclesiastical history. I was cordially received by the Rev. W. R. Benson, founder, and head of the society. His clean-shaven face, sedate expression and flowing black robe presented a rather mediæval clergical appearance.

"And so rumor has it that Father Maturin has gone over to Rome," he said, smilingly. "Well, your enterprising paper may contradict it. What's more, he has no idea of going over. He is simply in England on a six-months' holiday, and at the end of that time he will return. He came here for his holidays simply because this was his home before he went across the Atlantic. At present Mr. Maturin has left here on a visit to friends. We here belong to the Established Church, and are under the Bishop of Pennsylvania. It is true that we call each other 'father' here, and are perhaps somewhat ritualistic."

JAY GOULD AND FAMILY.

The Great Wall-street Financier in Feeble Health.

ST. LOUIS, June 12.—Jay Gould and party arrived here from the west and left shortly afterwards for Memphis. Mr. Gould is attended by his family physician, and appears to be in quite feeble health. While the party was at Winfield, Kansas, Eddie Gould while going from the depot to the hotel, fell into an excavation and had his right leg severely sprained, and received some bad bruises.

The U. S. Crop Prospects.

NEW YORK, June 12.—The crop report for June has been issued by the United States Board of Agriculture. In regard to wheat the report says:

"There was some reduction in seeding the winter wheat area in some states, though the average breadth of all was but slightly reduced. In the East and South there was no material loss of area from freezing, but in several Western States it was considerable. The apparent reduction of breadth of winter, as compared with that of last year, is about one and three-fourths millions of acres. The percentage of reduction for the entire winter wheat region is placed at 7.2 per cent. It is 18 in Illinois, 14 in Ohio, 10 in Michigan, and 9 in Indiana. This is in comparison with the reduced area harvested last year. There has been an increase of area of spring wheat in Dakota and the Territories further west, but a decrease in Iowa, Wisconsin and Minnesota, making an average decrease for the spring wheat region of 1 per cent. The area in wheat is apparently slightly below 36,000,000 acres. There is slight local change of condition of winter wheat, some improvement in New York and Pennsylvania, a marked decline in Missouri and minor changes of status elsewhere, making the average 73.3, against 73.1 in May. The loss by overflow of the Mississippi in Illinois offsets in part improvement in other countries. In Ohio, Indiana, Michigan, and Kansas the average condition is nearly the same as in May.

A Minister's Fall From Grace.

ST. LOUIS, June 12.—Father James J. Boyle, in charge of a parish in Winchester Ill., is locked up at police headquarters for creating a disturbance in a disorderly house kept by Mamie Rogers. She claims tha the struck her in the face and threatened to shoot her. Boyle admits that he was drunk and had visited several saloons before he visited the Rogers house, but denies having struck the woman or threatened her and claims that he called on the woman to obtain some letters he had written to her months ago in an effort to reform her.

Killed in Childish Play.

OSWEGO, June 12.—Frank Donohue, aged 10 years, was shot and killed by Lewis Clarke, Central-square, this county, while playing "old bear." Young Clarke took his brother's gun to hunt Donohue, who was the "old bear," and by mistake put in a loaded shell.

How They Do It in Kentucky.

HENDERSON, Ky., June 12.—At 1 o'clock yesterday, Jas. Foster, colored, was taken from jail by a mob and hung. He had assaulted a child.

THEY CANNOT BE CHECKED.

To restrict the St. Lawrence from reaching the sea would be as feasible as to restrict the farmers from Continental Free Trade, if they make up their minds to get there. From the following report it appears that the Centre Bruce farmers, at any rate, do not mean to be checked. The Centre Bruce Farmers' Institute met at Paisley on the 7th inst., and passed the following resolutions:—

Moved by Wm. Bradley, seconded by Hugh McDougald, That this meeting take this the earliest opportunity of asserting its strong disapproval of any party or parties dictating to or denying our right to discuss any matter affecting for good or evil the trade or political interests of the agricultural people of this country.

Moved by James Hunter, seconded by Patrick O'Hagan, That the markets of neighboring States, with a population of 60,000,000, is and has been our best, and for many of our most profitable products almost the only available market, the members of this Institute earnestly desire our legislators to take such action as will give us the freest access to these markets.

Moved by Wm. Bradley, seconded by Henry Lions, that this Institute invite John Charlton, M. P., to deliver an address in Paisley on *Reciprocal Free Trade* with the United States at his earliest convenience, and further ask the co-operation of the North and South Institutes in that behalf.

Once our agriculturists resolve to further their interests, *without reference* to or in spite of party, the utmost influence that politicians can retain will not be more than sufficient to guide the farmers' movement in courses consistent with the perpetuation of the Dominion. The only rivalry between parties in this matter should arise from the endeavor of each to promote Unrestricted Reciprocity on a plan politically superior to that recommended by the other.—*Globe*

Literary Notes.

THE DOMINION ILLUSTRATED.—There have been several unsuccessful attempts at illustrated periodicals, but another attempt, in the shape of the *Dominion Illustrated*, seems to combine the elements of success, including the very highest artistic excellence of illustration, and the more fully developed interest on the part of the public in the encouragement of native Canadian literary and artistic talent. The *Dominion Illustrated* is the title of a new illustrated weekly which is intended to illustrate the Dominion of Canada, its scenery, its resources, its industries, its cities, its attractions, its greater public works and its prominent men. The artistic element will be supplied by about a dozen R.C.A. artists and by several distinguished English artists, while the literary department under the direction of Mr. John Lesperance, who is so well known as an erudite, scholarly and interesting writer, and will secure contributors and correspondents of the best ability the country affords. The new journal will be strictly non partisan, and non sectarian, but, as the proprietors state, "Canadian to the marrow." It will be printed with the finest wood cut tinted inks on the best cream enamelled paper. Its typography and general appearance, judging from the sample copy, will be of the highest order of excellence. The new journal should receive the hearty support of the people of the country. It is worthy of that universal patronage that will make it a success. The first regular issue will be published on Dominion Day, and will consist of an edition of 10,000 copies. Terms, $4 per year or 10 cents per copy.

THE FANSY for June is full of the indescribable charm which inheres in this excellent juvenile journal. Both pictures and little press are an apt to fill the young readers with delight. Its importance as a wholesome home educator and stimulant to intellectual culture cannot be over estimated. Boston: D. Lothrop & Co.—$1 per year, ten cents per copy.

WEATHER NOTES.—May is again, with its flowers and frosts, storms and sunshine, a thing of the past. On the morning of the 1st it was ushered in with dashes of snow, and again on the 15th, which we put down as the last of the season. Our coldest morning was on the 3rd, the thermometer standing at 26°, and on five mornings, the warmest being 60°. Our hottest days in the shade between 1 and 2 p.m. were the 22nd and 23rd, but only being 84 degrees, being low, leaving the mean temperature of the month at 49, 27 and 31 degrees. Rain fell on 11 days to the depth of 1 46/100 inches. Sharp frost on 4 mornings, that on the 17th being the severest, ice forming the thickness of a quarter of a dollar. We had thunder on two nights, but very little rain, and fog on the 27th. The following are the different directions from which the wind was blowing at sunrise during the month, respectively, viz.: east 3 days, north-east 1 day, north 4 days, south-east 8 days, west 4 days, south-west 3 days, south 2 and north west 6 days.

Two Privates at the London Military School Rob a Comrade.

LONDON, Ont., June. 12.—Alfred Wheeler and John McNeil, two privates at the Military School, are missing, together with a watch and $4 belonging to Robt Hueston, another soldier.

A ruffian entered the house of Mr. Ross on Myles-street on Saturday night or Sunday morning during the absence of Mr. Ross who is filling a position in the Military College, and attempted to outrage Mrs. Ross, who was in bed. He shocked the woman without mercy but was driven off before he could accomplish his purpose by some neighbors, who were alarmed by the little 12-year old son.

The general store and residence belonging to Mr. Sifton of Arva, was burned about 1 o'clock on Sunday morning.

Railway Tenders and Construction—McLeish's Murderers.

WINNIPEG, June 12.—Three proposals have been received for the construction of the railway from Winnipeg to Portage.

Track laying on the Red River Valley Railroad commences next Monday from the south end.

Both Gaddy and Racette, the condemned murderers of McLeish, admit the crime for which they are to hang to-morrow. Racette wears an air of bravado, but Gaddy is completely broken down.

McGarigle, the Chicago boodler, is a partner in Dr. Brett's sanitarium at Banff.

White has been found guilty of offering money to a person to burn buildings at Portage-la-Prairie, and will be sentenced to-day.

FELL OVER A CLIFF.

A Hamilton Boat Builder's Terrible Death—Struck by Lightning.

HAMILTON, June 12.—Boat Builder Matthew Thomson left his boat house intending to visit friends in the vicinity of the Valley Inn. His body was found early yesterday morning lying below the cliff near the Grand Trunk Railway track. Evidently he lost his way in the darkness and fell fifty feet over a cliff. An inquest was deemed unnecessary.

During the late storm lightning struck the tower on the new wing of the Hamilton Asylum, split the cornice and did about $200 worth of damage.

The Royal Scots' Trip to London.

MONTREAL, June 12.—The Royal Scots will leave for London, Ont., on Thursday afternoon per C.P.R., where an extensive program will be carried out. On Friday and Saturday evenings "Jessie Brown" will be given under the direction of Mr. Neil Warner. On Saturday the highland games take place, handsome prizes being offered for competition.

The New Canadian Loan.

LONDON, June 12.—The new Canadian loan is favorably viewed in the city. Yesterdays reports seem to leave no doubt that the issues will be successfully made. The scrip is already quoted at 2 to 1-2 premium

A Horse who can Talk.

Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone have been a hundred years ago. Why, even very recently a cure for consumption would have been looked upon as miraculous, but now people are beginning to realise that the disease is not incurable. Dr. Pierce's Golden Medical Discovery will cure it if taken in time. This world-renowned remedy will not make new lungs, but will restore diseased ones to a healthy state when all other means have failed. Thousands can gratefully testify to this. All druggists. b

ON THE TRAIL OF TOTTERING HOUSES THAT REQUIRE MONEY.

A Wholesale Stock of Clothing Bought at 52½ on the Dollar

AND COMPRISING OVER 1200 SUITS

MEN'S, YOUTHS' and BOYS' CLOTHING, and 800 PAIRS OF PANTS EXTRA.

Measures for the Men.

Read our Champion Offer, and don't try to Duplicate it, for it can't be done.

We Offer a Man's Suit for $2.50 that cost $4.78 Wholesale.

We Offer Splendid Fitting Suits, and in 150 Different Patterns, at $5.00 easily worth $7.25 Wholesale. These Suits, if sold in the Regular Retail way would bring $9.00.

OUR GREAT BIG PLUM in Men's Clothing comprising 633 Suits, Regular Wholesale Price $11.50, and we are turning them out for $9.00. The Cloth alone is worth more than we are asking for THE WHOLE SUIT COMPLETE.

Look them all through and then come to us, and if we fail to convince the most skeptical that our Stock is not at least five times larger and our prices 50 per cent. lower than those of any other dealer, we will GIVE A WHOLE OUTFIT FREE.

WHAT WE SAY ABOUT THESE GOODS

ONE Man's Extremity is another Man's Opportunity. Our Grip on the Market has BROUGHT this BARGAIN to ou Counters. We Want the Public to know Just what we Offer. When we say the Goods are BARGAINS they are Positive. When we say no such a Pic-nic was ever Before Offered we have the Goods to back up the statement. We Nail the Flag of Cheap and Good Clothing of Brilliant Sparkling BARGAINS to the Mast and Defy any Clothier on Earth to Lower our Colors.

OUR PLAN TO HELP YOU HERE.—We want Everyone to come and see what we are doing. Drive in if you can. Come by water, by stage or on foot, for there's Money for you in the Expedition. That there shall be no Excuse, we will Pay the Railroad Fare of any Passenger, within a radius of Fifty Miles, who comes to our Sale and buys $10.00 of Goods or upwards.

Bouncing Bargains for Boys

An Honest Statement always carries weight; can you believe one when you hear it? In black and white we tell you what we are doing in Boys Clothing.

A Dandy Suit for the boy, and mind you, only 58 cents. People often run away with the idea that a cheap line is only advertised for a bait, and that when they come around say the boy is too big for the clothes and try to sell something else. This is not our style (we leave that for others to do). Don't be afraid to ask for these Suits. Our Salesmen wont say that the Proprietor is out and that they can't find them. We have stacks of Boy's Suits at 58 cents, and while they last you can have them and though they are worth $1.00 wholesale we can part with them for 58 cents and make a Good Living Profit.

See our Boy's Suits at $1.25, $1.75, $2.50 and upwards. The Cheapest are Good, and the Best are Better.

LATEST SPORTING NEWS.

Hanlan's Great Victory over Hanlan—Ball Games Saturday.

SAN FRANCISCO, June 12.—Of the great three-mile sculling race for the championship of the world between Hanlan and Kemp, which took place May 5 on the Parramatta river, New South Wales, only meagre details were received by cable. Mail advices from Australia now bring full particulars.

Both men were in excellent condition, but of the two Kemp seemed best prepared for the struggle, Hanlan appearing to be somewhat excited. At the start Kemp shot ahead with a jump and obtained a lead of half a length. After pulling half a dozen strokes the excitement was tremendous. Both men were rowing at the top of their speed. Kemp was striking forty-two and Hanlan forty-one to the minute, Hanlan soon increased his speed and with a mighty effort drew level with Kemp in less than 200 yards from the start. Kemp now quickened his stroke and sowed in grand form. The Australian seemed to shoot ahead like an arrow, and soon led the Canadian by a quarter of a length. Up to this point the speed had been tremendous and the race was a magnificent one. Hanlan and Kemp then made for the beacon. About this time and place the claim was first made that Hanlan had fouled his opponent. At any rate Hanlan quickened up, rowing 32, and pulled down to the mile point in good style. He passed the beacon in six minutes fourteen seconds, and here led the Australian by a good length. Kemp was now pulling a splendid long stroke down upon Hanlan, amid frantic shouts of applause from thousands of onlookers. Great excitement followed as the Australian sculler was seen to range up alongside of Hanlan. A little lower down the stream Kemp was leading by nearly half a length. He now rowed a nice even stroke. The Canadian was labouring at his work and all his mechanical precision of movement seemed to have departed from him. Before reaching the Cabarita wharf, Hanlan, who was pale and perspiring very freely, was thoroughly done up. Here the Australian led by four lengths. At what is known as "One-man wharf," Hanlan made a final effort and went up a bit, but a scene of unparalleled excitement ensued at the wharf as Kemp spurted proudly, passing that structure two lengths in front of the Canadian. The Australian was received with a wild roar of enthusiasm and cheering from the assembled multitude. Kemp's time at "One-man's wharf" was 19 min. 20 sec. From this time Kemp did as he liked, and putting on a spurt and rowing with skill and care he shot past the winning post three clear lengths ahead of Hanlan in 21 min. 36 sec.

THE WONDERS OF MAGIC.

When you find that beauty is fading away,
Try "Dorenwend's Magic."
To the elderly man with his locks in decay,
Try "Dorenwend's Magic."
A rich head of hair
Is as precious as rare,
So I tell you
Try "Dorenwend's Magic."
The lady's misfortune, when losing her hair,
Try "Dorenwend's Magic."
She can quickly, easily, cheaply repair.
Try "Dorenwend's Magic."
It imparts strength and beauty,
And it's the lady's plain duty,
So I tell you
Try "Dorenwend's Magic."
Take time by the forelock and still keep your own,
Try "Dorenwend's Magic."
This tonic, a failure has never yet known.

Bricks and Building

There is quite a controversy going on between the builders and brickmakers respecting the price of bricks. The makers have advanced the price $2.00 per thousand, which is more than the builders can stand. The consequence is that considerable building is at a stand-still, though there are a large number under way and a great many almost finished. When completed the owners of houses will find at the golden lion a splendid stock of carpets of all kinds and all sorts of *house furnishings*. The prices will not be advanced like that of bricks either, but importers' prices will be placed on imported goods, all of the best quality both in texture and fashion.

The Long and the Short of It.

People returning from the park at the close of the band concert last night, passing along Hunter street, witnessed an amusing sight. Among the crowd on the sidewalk was a short, chunky, young fellow with a girl by his side. They were met by a tall, slim chap with a white hat and a jealous eye, whose shirt-front was heaving with anger. He was jealous. He walked between the couple, and the short fellow resented the slight. A fight ensued, the girl standing looking, on not knowing what to do. After a few passes a truce was declared and the short young man marched on with his girl. But the other chap followed, and at a quicker spot on the street hostilities were resumed. While the two belligerents were hammering each other, another young man with a sharp eye to business came up, took the girl under his wing and sailed past them with a chuckle.

Left at Home.

This morning a prominent member of the Canton mournfully took off his uniform and lit his pipe—he was left by the excursion train. Owing to an unusually protracted sitting of Otonabee lodge he was kept up till 12 o'clock; after that he had some preparation to make which kept him so late that he resolved not to go to bed at all. He bravely fought off sleep for two or three hours, and then he succumbed to the drowsy god and did not awake till the train was due. Nevertheless he made a try. He rushed into his clothing pell mell and hailed a passing gamin to order a cab. But it was no go, it was a stay. The train, the band, the girls, and his brother chevaliers were making a mile a minute on the way to Toronto while he had been making his hurried toilet. Sitting up all night to catch a train is not always the sure way.

ONLY a few more sets of dishes left at The Pantry and those must go at once; no matter about price.

A Brave Sister.

The pond above the dam at Paterson's tannery is a popular fishing ground for the small boys in the vicinity, and naturally enough the said small boy considers it his bounden duty to tumble in occasionally and give people a scare. Master Johnny Trotter last evening, about seven o'clock, broke the monotonous quiet of the neighborhood by nearly drowning himself in the pond. He fell off the dam and was slowly but surely drowning, when an older sister, who had been notified of the accident by another little fellow with young Trotter, ran from her home on Aylmer street and bravely plunged into the water. She was just in time, and, being taller than her little brother, was able to stand safely on bottom with the water reaching to her neck. The courageous girl safely landed her little brother and was herself helped out by some men who had just arrived. The girl was generally commended for her bravery.

A Sterling New Play.

Concerning Mr. J. K. Emmet, who will appear in Bradburn's Opera House on Monday evening, June 18th, in his new play "Fritz and our Cousin German," the Boston *Transcript* says:—"It is rarely that an actor receives so grand a reception as was accorded to Mr. J. K. Emmet by the great audience which filled the Boston Theatre last evening. It was evident from the first that he was among friends. In whatever he did he was sure to meet the noisy approbation of his admirers, and had he responded to the demands for repetition of his songs, there is no telling when the play would have ended. He sings with a mellow pathos which is very effective, his dancing is graceful, and his face is the picture of honest good humor. His acting is never forced. It is quiet and unobtrusive, and yet replete with a power that is irresistible. Mr. Emmet introduces the dog Jura into the play, and the play, and the intelligent animal secures, as well she deserves, hearty applause. The three little tots who serve to give a domestic tone to the play, are also a taking figure."

Industrial Exhibition.

The EXAMINER has received a copy of the beautiful prize list of the Industrial Exhibition to be held in Toronto on Sept. 10th to 22nd. The prize list proper is most liberal and attractive in all its departments, and the special features are quite up to the mark of other years, which has made the Toronto Industrial so remarkable a success.

The Work Begun.

Yesterday afternoon work was begun on the demolition of the Otonabee flour mill. The building will be completely gutted and the interior entirely rebuilt in a modern style, and fitted out with the best roller system. It is expected the work will be completed in about three months by the contractor, a Goderich man. In the meantime the office has been removed across the road, where patrons of the mill can have their wants attended to.

Mr. Frederick Archer,

Band Night at the Park.

In spite of the chilly atmosphere, the park was thronged as usual at the open air concert by the band Monday night. Perhaps the additional attraction of the Canton parade kept up the attendance that might otherwise have fallen off on account of the cold. According to announcement, the Canton, headed by the band, paraded up George street to the park, and on the upper park a number of fancy drill movements were performed to band music. Afterwards a good programme was rendered by the band.

In Full Blast.

Cummings' woolen mill on Hunter street is now running full blast, and the farmers are beginning to realize that, as a custom mill, it supplies their wants better than any other. Our reporter, attracted by the busy hum of industry, stepped inside the other day and found the staff intently engaged with the work that was pressing upon them. The roll card was rattling away and turning out its woolly product as fast as it could be driven, and all the departments were booming. Mr. Cummings makes a specialty of custom work, and is meeting with gratifying success.

Exhibition Drill.

An exhibition drill by the pupils (girls and boys to the number of 160) of the Institute, will be held in the Charlotte-street skating rink on Friday evening, June 15th, at 8 o'clock. A splendid programme will be presented. Fire Brigade Band present. To raise funds for instruments for fife and drum band. Admission 10 cents. dtd

Dominion Day.

The public are reminded that the Dominion Day celebration isn't dead by any means. Ed. Brown says it is as lively as the deer they have in the park, and that there is going to be the all-tiredest big time in Peterborough Dominion Day we have seen for a long time. The committees are working hard and the posters will be out in a day or two. Make your engagements to stay at home July 2nd.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noised cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

A Small Docket for the June Session—His Honor's Charge.

The June sitting of the County Court and General Sessions opened at the Court House this afternoon before His Honor Judge Weller. There were only two cases on the docket, and one of these was adjourned till the next court. Following is the

GRAND JURY.

R. B. LUNDY, Foreman.

Richard Beton,	W. H. Manning,

Joseph Harvey,	Stewart Wright,
John Henderson,	Robert Wigmore,
Frederick Lillicrap.	

His Honor, in addressing the Jury, congratulated the county upon the absence of crime and the jury upon the fact that their duties this time were very light. They would merely have to inspect the gaol. His Honor descanted upon the inadequacy of the provision made for lunatics, a number of whom were confined in the gaol here. He was also informed that there was one prisoner confined for a breach of the Scott Act. It was well known that the Act was not enforced, but whether that was the fault of the law or the officers he could not say.

THE DOCKET.

HARTLEY VS. MUNCASTER was an action to recover rent. Mr. Ponsonby for plaintiff, Edmison for defendant. The case was going on as the EXAMINER went to press.

GRACE VS. SYLVESTER was also an action to recover rent. The parties belong to Lindsay. The case was adjourned till the next court. R. E. Wood and N. A. McMurchy for plaintiff; O'Leary & O'Leary for defendant.

Bay of Quinte Conference.

LINDSAY, June 11th.—The Sunday services were extremely interesting, crowded congregations filling all the churches.

After the sermon by Rev. E. A. Stafford, Rev. S. J. Thompson and Rev. G. A. Raley were ordained by Rev. M. L. Pearson, pastor prospective of the George-street Methodist church.

This morning the reports of several Committees were presented. Rev. M. L. Pearson was elected ministerial representative to the Central Mission Board. It was resolved to hold the next conference in the Bridge-street church, Belleville.

The report of the committee on the Hudgins case was presented, recommending the payment of $300 in full of the claim. In amendment the matter was ordered to be referred to arbitration, the arbitrators appointed in the afternoon session being Rev. A. B. Chambers and Rev. F. B. Stratton. Rev. Messrs. Crossley and Dewey, conference evangelists, presented a report of their work. A resolution was passed expressing great satisfaction with the work of these brethren and suggesting to the Stationing Committee the advisability of re-appointing either one or both to the work.

Peterborough Cheese Board.

Eight and Three-Quarters Takes the Board—A Trial for the Next Meeting.

The regular fortnightly meeting of the Cheese Board was held to-day. There was a full attendance of buyers and representatives, and bidding was spirited. Following is a list of the cheese offered:—

PETERBOROUGH.

Fenelon Falls	65	Mariposa	65
Cambray	50	Reaboro	25
Starr	56		

Total, 419.

The cable quotation was 44s. 6d. Mr. Cook led the bidding with an offer of 8c. for the board, Leary following with 8¼ and Bird 8¾. Mr. Flavelle bid 8¼ for Warminster only, Mr. Bird advanced to 9c. and Mr. Flavelle to 9¼. This closed the bidding, and the factories all sold at 8¾, except Warminster, which got 9¼.

ADULTERATING MILK.

Mr. McCargar stated that an inspector was at work in this district, but it seems he had been detected trying to shield a patron who was sending adulterated milk. The trial of the inspector was to take place at the next meeting. Mr. McCargar also asked for further subscriptions to the inspectors' fund from any factories wishing to enter into the agreement.

Police Court.

TUESDAY, June 12.

Michael Shanahan and Dennis Hoban were each fined $25 or three months in gaol for raising a disturbance Saturday night. Mrs. Condon was fined $50 for a first infringement of the Scott Act. The boy forger, Butterworth, was again remanded for a week to allow the magistrate, who thinks the lad is not altogether incorrigible, to make some enquiries regarding his character.

Personal.

Mr. P. Gallagher, of Warkworth, was in town to-day *en route* for Toronto on business.

The Toronto *Globe* says:—"Judge Dennistoun, of Peterborough, who has been for some time on the supernumerated list, arrived here last night with Mrs. Dennistoun and Miss Dennistoun. They are staying at the Queen's. Judge Dennistoun has sold his old homestead at Peterborough, and is en route with his wife and daughter to Banff, where they intend to spend the summer. It is their intention to spend next winter in Southern California."

Hotel Change.

Mr. Wm. Kennealey to day took formal possession of the Stewart House. Mr. Cavanagh will open his new hotel on Charlotte street in a day or two.

Masonic Meeting.

A full meeting of the Masonic Excursion Committee is called for Wednesday evening, 13th instant, in the Masonic Hall, at eight o'clock, for the purpose of closing up the business connected with the recent excursion to Toronto, and for the consideration of other important matters. Every member is requested to be present.

Stock Breeding.

Mr. John Mounsey, of Fraserville, is a stock breeder who is doing much in the way of improving the quality of the stock in this district. Recently he sold to Mr. R. D. Dundas a valuable yearling heifer, "Fair Queen," and to Mr. Christopher Leary, of North Monaghan, the promising young bull, "Comet." The animals will be a valuable acquisition to the farmers of Cavan and Monaghan.

Lacrosse.

Had play been begun earlier last night the result of the practice match in the "hen-coop" might have been reversed. As it was, before the apparent superior staying powers of the Ætnas could have any effect, the Y. M.C.A. team had scored the only goal and thus won the match. After a tedious and unnecessary delay, play was begun at 7.30, the teams lining up as follows:—

Y.M.C.A.		*Ætnas.*
Manning	goal	R. Kingsbury
Hendricks	point	T. Cranan
Conmal	cover point	S. Weir
Henderson	1st defence	J. Sanderson
S. Rubidge	2nd defence	W. Battin
Davidson	3rd defence	A. Weir
Mooney	centre	H. Welch
Stevens	3rd home	E. Hickey
Foote	2nd home	C. Marshall
P. Rubidge	1st home	J. Daly
Metheral	inside home	J. King
Armstrong	outside home	F. Sherwood
E. Carter	field captain	H. Dixon
R. Stevenson	umpire	H. Fortye

Referee, H. LeBrun.

First goal was scored by Stevens for the Y.M.C.A.'s after only about a minute and a half play. The Ætnas hadn't wakened up, and their adversaries stole a march on them. For about three-quarters of an hour longer the two teams tumbled, neither side scoring, though it was noticed that gradually but surely the Ætnas were pressing their opponents' goal, and it is generally admitted that, had daylight "hung out" a while longer, the score would have soon been tied. As it was, the Ætnas claimed a goal, but the umpire did not allow it and the game proceeded. As to the teams they were about evenly matched as to size and weight. The Y.M.C.A.'s showed better team play than in their last match, while some of the Ætnas, and the smallest players at that, were remarkably agile and up to all the "tricks of the trade." The game was a good-natured one throughout, though it was noticed the Ætnas played rather roughly and made frequent fouls. There was an attendance of about 150.

DROP SHOTS.

The Y.M.C.A. team to play Lindsay on Thursday will be about the same as the one that played Monday night.

An urgent meeting of the Y.M.C.A. club is called for this evening. Business of importance.

Next Monday evening the Riversides and Y. M. C. A.'s will have another practice match.

The Orillia *News-Letter* apparently doesn't know its own mind. In one paragraph it says:—"The Orillia club does not tackle anything till June 20, when Peterborough puts in an appearance here. The town club has been getting a little stronger of late, having secured several of the players of last year, it is said. Among them are Messrs. McMillan, Edmanson and Campbell. Beaverton and Bradford have disappeared from the lacrosse horizon for 1888, leaving Orillia, Barrie, Meaford and Peterborough to fight out the District Championship. The Peterborough club seems very weak, Barrie very strong and Meaford just so-so." In another place it has this to say:—"Barrie beat Peterborough at Barrie, May 24th, but Peterborough has turned the table on Barrie by beating them on Wednesday 3 games to 2. Orillia will have to turn out and practice hard if they want to win the match on the 20th of June with Peterborough. Turn out boys, and don't let the rival towns beat us in lacrosse." It will find that its last prognostication is the correct one.

"Why, Mrs. Jawsome, how can you insinuate such a thing? I drunk or mad? I'm strong Scott Act. I know it's hard to believe, but Mrs. Boyclese, a regular prayer meeting woman she is, too, told me so with her own mouth—which is hardly ever shut, goodness knows—that she went trapesing up to Toronto with the Masonic excursion. She went through all the shops and priced 'em all. She wanted to get a wedding present for Ann Jane Mariar who is going to marry that half baked gawk, Ben Slewit, and she was disgusted. She could do better at home. And she spent $1.85—$1.75 for her ticket and nine cents for cakes and a paper of pins, she got at a seven-cent store—she tore that old cashmere dress she's worn a life time, on the car steps—O my! where was I?—O yes! she went straight to China Hall when she got home and got a lovely china tea set for so much less than she could in Toronto, that it made up for her expenses to the city. And she says they have terrible fine and cheap dishes at China Hall, and as she says, says she, 'Dead loads of 'em, too.'"

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

WEDNESDAY, JUNE 13, 1888.

A SENSATIONAL ARREST.

MR. PRIESTMAN'S ALLEGED MURDERERS IN JAIL.

The Mystery of Parkdale May Possibly have been Unraveled—Police Inspector Stark's Quiet Move.

TORONTO, June 13.—Police circles last night enjoyed a genuine sensation, when it came to be whispered around that County Constable Alexander Smith and his wife Rachel had been arrested for the murder, on the night of Aug. 25, 1887, of Joseph Priestman, jr., the Toronto agent of the North Western Masonic Assurance Association of Chicago. It will be remembered that the male prisoner was the first to find the body of the dead man lying stiff and stark on the plank sidewalk on the lonely common stretching from Dufferin-street to Dunn-avenue, just to the west of Exhibition Park and south of the Great Western Railway tracks. The cause of death has remained a mistery up to now, but the Crown authorities are in hopes that it will at last be developed and the responsibility of Priestman's death placed on the proper shoulders.

At the time of the crime public opinion was pretty well divided on the theories of murder and suicide. Those who knew Mr. Priestman intimately were firm believers that their friend had been a victim of foul play. His family relations were of the happiest discription, his financial standing was good, and he was in the prime of life—strong, healthy and to all appearance contented with his surroundings.

The Ontario Government at the time sent Detective Joe Rogers to investigate the circumstances surrounding the death of Mr. Priestman, but his investigation, which lasted over a month, resulted in nothing being discovered which might throw any light on the tragedy. There was also the long drawn out inquest by Coroner Lynd, the verdict of "wilful murder against persons unknown," and public interest in the matter dropped.

Although Mr. Priestman's death was reckoned in the public mind as one of the mysteries never to be unravelled, the case continued to absorb the attention of the Crown authorities. Mr. Priestman's friends were not idle either and kept quietly at work in the hope that one day something might turn up which would remove the stigma of murder from the dead man. County Crown Attorney Badgerow and Inspector Stark more especially interested themselves, and the result of their labors, with the assistance of outside friends, was the two arrests made last night.

At the time of the murder there were not a few who believed that Constable Smith could tell more than he did about the affair. There were certain suspicious circumstances surrounding his conduct from the very first, which made people think that he was not telling the whole truth at the inquest, but although closely questioned he related a comparatively straight story, and was believed by the jurors.

At five o'clock yesterday afternoon Inspector Stark proceeded to the office of Ald. J. B. Boustead and there swore to a deposition charging Alexander Smith and his wife Rachel with having murdered Joseph Priestman, jr. On the strength of this deposition the Alderman issued warrants for the arrest of the two people charged and handed them to Inspector Stark for execution. Acting under his instructions Detective McGrath and Cuddy took a cab at 5.30 and drove to No. 68 Cowan-avenue, Parkdale, where the Smiths resided, and arrested them. They were placed in the cab and brought down to Police Headquarters, where they remained until 10, when they were walked up to Agnes-street Police Station to remain over night.

The police are very reticent as to the nature of the evidence on which they hope to secure a conviction, but enough was gathered to show that at the present stage they have secured sufficient evidence to warrant the expectation of their obtaining a remand to the Assizes. That the evidence at present is far from being as strong as they could wish is patent from the fact that they decline to disclose its nature,

DEGREES CONFERRED YESTERDAY BY TORONTO UNIVERSITY.

The Commencement Exercises—Four Young Ladies Receive the Degree of B.A.—Medals and Scholarships Awarded.

TORONTO, June 13.—Convocation Hall was unable to contain the crowd of people who were present yesterday afternoon at the commencement exercises of Toronto University. The gathering, as usual, was a most fashionable one, those present being not only friends of the students, but those who take interest in educational affairs.

On the platform the full faculty of the College were seated together with distinguished visitors, including the Minister of Education, Professor Goldwin Smith, Dr. Potts and others.

The students as they received the reward of their labors were greeted with huge applause by their fellows.

When the four young women came up for their degrees they were loudly cheered. They were gowns and each was presented with a bouquet by a gallant bachelor who came forward with the offering as each of the ladies rose from before the Vice-Chancellor's chair.

The beneficial result of throwing open the doors of the University to women has been amply shown by the eager manner in which they have taken advantage of the opportunity thus offered of gaining a higher education. Ever since this important step was taken by the Senate young women have distinguished themselves at the examinations and in many instances have carried off the highest honors in the different years, leaving their male competitors far behind. It is, of course, a fact that the female student turns her attention to the study chiefly of modern languages or classics, rarely touching on moral philosophy and never on mathematics or physical science, but the fact remains that she seems to have a greater aptitude for the more graceful branches of learning than men. In the examinations which have just ended there were four lady candidates for the degree of B.A. and it is noteworthy that not only did they succeed, but took a very high place.

MISS HENRIETTA CHARLES.

Miss Henrietta Charles was born in Newfoundland, but her home at present is in St. Catharines, where, in the Collegiate Institute, she began the studies which have brought her so much distinction. She matriculated at the University in 1879 and took honor modern languages and honor mathematics in her first examinations in the succeeding year, winning the scholarship in modern languages and also first scholarship in proficiency. She passed her second examination in '86, taking first in modern languages and second in the proficiency. In two succeeding years, her third and fourth examinations, she passed, the third being distinguished by winning the modern language scholarship. In her second year she took, in addition to the regular course, honor mental science, making altogether a distinguished college career.

MISS GERTRUDE EASTWOOD.

Miss Gertrude Eastwood is also a graduate in modern languages. She is a daughter of Dr. Eastwood, of Whitby, where she resides, and she is still in her teens and considered by all a remarkably clever young lady.

She matriculated from the High School of her native town in '84 and since then has pursued an honor course of study in modern languages without interruption. In addition she took the honor Latin of the first year and honor mental science of the second.

MISS MARY LENNOX.

Miss Mary Lennox was born in the neighborhood of St. Mary's. She matriculated in 1880 from the High School in that town, and in her first year took honor mathematics as well as honor modern languages. During the rest of her career as a student she confined her attention to the honor modern languages.

MISS ALICE JONES.

Miss Alice Jones, the fourth of the number of young graduates of this year, was born in the township of Stamford, near Niagara Falls. She matriculated from the St. Catharines College Institute in the year 1884. She devoted her attention to modern languages from the first, and at all the examinations displayed a sound knowledge of the subjects. In the final examinations she distinguished herself, as did her sister graduates. All four young ladies are to be congratulated, and it is doubtful if any are more genuine in their tributes of praise than their male competitors in the recent academic struggle.

After the graduates had received their degrees, the following medals and scholarships were awarded to students of the other years :

Lansdowne Gold Medal.—H. J. Cody.

Lansdowne Silver Medal.—Miss L. L. Bickman.

THIRD YEAR.

Blake Scholarship.—H. J. Cody.

FIRST YEAR.

Moss Classical Scholarship.—1. C. A. Stuart (triple).

Second Classical Scholarship.—2. A. J. Hunter (double).

Mathematics.—1: J. F. Howard; 2, R. Henderson.

Modern Languages.—C. A. Stewart; 2, Miss L. L. Jones.

General Proficiency.—A. J. Hunter, C. A. Stuart, 1, Miss E. Bunnell, 2, A. M. Stewart.

Goldwin Smith, in a short speech referred to the fact that his friend Dr. Wilson had seen fit not to change his name, that he preferred to retain the honors of his university to others which other men might think more distinguished.

Senator John Macdonald gave the students a little good advice, especially directed to the students who had failed. He advised them not to be discouraged and recommended them all to take care of their health.

Vice-Chancellor Malcolm made the closing speech, in which he reviewed the work of the institution during the year. He stated the institution had in that time examined 282 students. The most gratifying results had followed the establishment of a medical faculty in connection with the University. He referred to the university confederation movement, and stated it was making steady progress.

THE LONGLEY CASE.

The C.P.R. Arbitration Once—Ex-Cashier Allen's Nice Doalings.

TORONTO, June 13.—The town is full of gossip on the judgment of the Niagara Methodist Conference on the case of Rev. Benjamin Longley. The bulk of opinion supports the verdict of the Toronto district meeting. Probably 10 per cent. of popular opinion holds that Mr. Longley should have been acquitted and restored to his standing in the ministry, 25 per cent. upholds the one year's suspension imposed upon him by the Niagara Conference, and 65 per cent. of his critics stand by the judgment of the Toronto district.

The Canadian Press Association will probably make their trip this season to Portland, Maine, staying there a week.

The little differences between the Dominion Government and the Canadian Pacific Railway Company were the cause of the starting for the west of the big arbitration. The remainder of the expedition will start on or before Friday night. The Board of Arbitrators, Chancellor Boyd, Government Engineer Keefer and Mr. A. Gregory, of Nova Scotia, will be accompanied by Christopher Robinson, Q.C., B. B. Osler, Q.C., and W. D. Hogg, Q.C., of Ottawa, who will represent the Government, and George T. Blackstock, Q.C., and Walter Cassels, Q.C., representing the C.P.R.

Additional light was yesterday thrown on some of the dark transactions of ex-Cashier Allen in connection with the Central Bank. The story was told in the witness box before the Master of how a valueless cheque of $10,000 was counted with the teller's cash every day for 17 consecutive months; how Allen's accounts were so confused that they could not be adjusted with all his own adroitness and that of Accountant Ord combined; how S. Magnus Davis secured advances; and last but not least how 200 shares were dropped out of the list in order to cook the register.

Barnardo Home Work.

Half an Hour with "Us and Our Girls."

Miss Camilla Sanderson delivered the following address at the Y.W.C.T.U. concert on Saturday night:—

Madam President, Ladies and Gentlemen,—When I invite you to spend half an hour with "us and our girls", I beg you to believe that I have no ulterior motive in the way of a monied appeal looming up in the background like a gloomy shadow to frighten away the gentle spirit of your sympathy. I simply want to tell you a few facts which shall make you feel that we and our girls, but especially *our girls*, are worthy your kindly interest and attention. Our work is begun and continued on *strict temperance principles*, and here we claim fellowship with our co-workers the "Y's," under whose genial auspices we meet to-night.

Madam, President, if you will favor us with a call at "Hazel Brae" and bring these kind friends with you, our Lady Superintendent will be charmed to show you the various rooms and appliances to work within the house, and our pleasant garden and grounds now radiant in the blooming freshness and beauty of early summer. The "Brae" *is* a lovely spot, and many a lonely hearted lassie will have life long reason to bless our dear friends, Mr. and Mrs. Cox, for their generous provision of a *true home* for them on this side of the Atlantic. I am reminded here of the remark of a warm hearted Irish lady who heard of Mrs. Cox's intention about five years ago, and said, "Ah, the dear Lord knew what He was about when he put money into Geo. A. Cox's hands."

As I have said, "Hazel Brae" is lovely, but it is not there that the true beauty of this blessed work lies—a work in which not simply my pen, but my head and heart, and both hands are engaged. But just here let me say a word in reply to a question which has been put to me again and again since my connection with Dr. Barnardo's work began. "Why are *you* not working for poor Canadian children instead of English?" I am Irishwoman enough to answer, "Why do I not attempt to fly?" Have I not thought of Canada's *waifs and strays* till my brain was weary, and my eyes wet with unshed tears. I fain would fly, but alas, I have no wings. When Canadians say to me, "Here is a home to shelter our homeless ones, and here are funds to feed and clothe and educate them, are you ready to help carry on the work?" My answer will be, "Here am I, send me." Let me clear another point here. Canadians are not supporting our children. I can count on my fingers all the donations over $20.00 that have been given in four years. In that time we have spent, I should say, on an average $1,500.00 per year in this town. Some one has said, "Nothing is so successful as success." On that ground alone we may commend our work to your favorable notice. Let me introduce you to a few of our lassies who have been out for four or five years, and have learned to love their adopted country, though they never cease to long for a visit home

Lizzie Colton came in June, 1883, and was placed in a good farm home north of Toronto. There have been no complaints against Lizzie, who has been with the family as one of themselves, sharing their *sorrows* as well as their pleasures, and helping to bear all the burdens of care and trial that the years have brought. The farmer has retired and now lives in the city, and Lizzie, at advanced wages, remains with them, trusted and respected. She has visited the "Home," and we felt truly proud of her in every respect.

Jennie Gray, a little maiden of nine, who came out at the same time, was adopted by a farmer away up near Georgian Bay. It is over three years now since I visited Jennie in her pleasant home, where quiet comfort and happy contentment seemed to reign. Jennie could not be coaxed away, and the good mother declared she could never let her go.

"Dottie" Bard, another of our 1883 party, was allowed to go with her adopted friends to the far Northwest, from which she writes most readable letters about the prairie flowers and the delights of summer rambles. The good minister with *whom she dwells* writes us that "Dottie" is as "honest as the day," very truthful, and as pure-minded and innocent-hearted at 16 as it is possible for a girl to be.

Annie Pane, one of that June party, was induced this spring to change her name. When she wrote me about this happy event, she said: "I know I am very young, (she is not yet 18) but then my husband is so very good that he will help to keep me right." The clergyman writes us that the young husband is steady and industrious and has saved money. Annie is hardworking and very goodnatured, so we hope much for the future.

Now, I must tell you of some of those who came over in the good ship "Peruvian" with Mr. and Mrs. Duff and myself in 1884. There were two very delicate looking little girls of 9 and 5 years, with dark hair and big mournful brown eyes. The little one had such a specially pathetic look, you felt sure she had already learned much of life's lesson of suffering. For weeks and months we feared the change of climate would prove too much for the frail little creature; but with care she rallied, and by and bye her face grew less and less sad. You may fancy—the mother had died broken hearted because of her husband's brutal treatment, and this baby, frail as she was, had borne her father's drunken abuse until all the joy seemed crushed out of her life. In the spring of 1885 a gentleman, from whose home the "one ewe lamb" had been taken by the Good Shepherd to roam amid the green pastures of the upper fold, applied for a little girl, and finally came to see if our choice for him would suit. The decision was, "It's all right, I would have chosen her myself among 500." I have been twice in that home, and I may tell you that love and care had wrought such changes I did not know our pet. She is now a happy, bright-eyed little maid, the light and sunshine of that childless home. The elder sister was also adopted, and has greatly endeared herself to her new friends. No doubt I should weary you if I went on to tell of Jane and Mary and Bertha and Pollie and Nora and Anne and a host of others, whose faces and interests are very dear to us, whose early years were clouded by sorrow and privation, but whose sky at present is flooded with the sunlight of Christian love. Our health record is wonderful. We have nearly 600 girls in Canada. Of that number just one has died in five years. We have sent four back to England because of feeble health, 2 because of mental weakness, 3 for sad wrong doing, and 1 because of her temper, which made her changes of place frequent and expensive. A few of our older girls are out at wages ranging from $6 to $14 a month, and are doing so well that applications are pouring in from all directions.

In conclusion, let me bespeak a kindlier sympathy with our work at "Hazel Brae." You do your own intelligence a grave injustice by accepting and acting upon the vulgar prejudice which places our girls below the rank of respectable citizenship. Is it wicked to be poor? Is it a crime to be an orphan, too young to work and with no friends to help? Surely, in this fair Canada of ours, I have somewhere heard a whisper of freedom from such injustice! Surely, beneath the broad arch of our clear blue sky, there are happy homes and kindly Christian hearts where larger and warmer welcome meets the greater need. Let me close by giving you 4 short chapters in the life of a little rescued one in the Hazel "House," who was known throughout Egerton as "The Fire Baby."

CHAP. I.

Chilly and bleak were the winds without;
Reeking with smoke and the fumes of gin,
Wretched and cold was the room within,
As with muttered curse and a drunken shout,
A woman, deep branded with the marks of sin,
Pushed the door open and staggered in.

Others were there with the awful blight
Plain on their foreheads for all to see,
They had eaten the fruit of the evil tree
Of vicious knowledge, till truth's clear light
Seemed quenched for aye in the deep black sea,
Of fallen woman's impurity.

These greeted the comer with curse like her own,
And angry answers grew strong and high,
Ere she took from a bundle of rags near by
A small starved baby whose ceaseless moan,
Pleaded for food from a fount that was dry,
Till maddened by drink and its wailing cry

She seized and threw it from off the bed
On the smouldering coals in the blackened grate,
With an oath that breathed out her bitter hate—
"I may as well finish you *now*," she said.
And cursed again as her horrified mate
Rescued the babe from its terrible fate.

Again with a cruel and fiendish yell
Was the child thrown back on the smouldering fire.
That only smoked as in sullen ire;
Again was it caught, as it shrieking fell,
By a woman deep sunk in the awful mire,
Made gentle for once by a kind desire.

With another demoniac howl and cry,
The babe, grown still in its fear and pain,
Was flung on the smoking coals again.
They dared not burn, for the shuddering sky
Poured forth its grief in a torrent of rain,
That saved a black soul from a blacker stain.

The wretched mother ere long was tried,
But the court for intent to kill fell through.
"I never meant such a deed to do,
My baby was hurt in the fight," she cried—
But, "assault with most grievous harm," held true,
And to prison she went, with the pity of few.

CHAP. II.

Through prison windows the sunlight crept
In quivering streaks on the hard, dark floor,
Like the faint, sad smiles that your talk beguiles
Into eyes with the tear-drops brimming o'er.

It crept so slowly between the bars,
As if 'twere a venture to shine at all,
And it never dare chase with a merry grace
The strange, dim shadows around the wall.

And here they brought her—the nameless waif—
To be baptised in her mother's cell;
For her low, sad cries and her sweet blue eyes
We called her Patience—it crowned her well.

The chaplain prayed for the wee, white thing,
And blessed her truly, as if her right
To a name and place 'mid the heirs of grace
Was perfect and clear in heavenly sight.

I ween 'twas a picture strange to see,
A scene for an artist's hand to trace—
The cheerless room in the lingering gloom
That the sunlight had no power to chase.

The chaplain, nurse, and the baby's friend,
Taking their part in the service sweet,
The mother, a woman, by drink made inhuman,
The baby, a snowdrop picked up off the street.

I think that the sunbeams would bear it back
In lines of light to the western skies,
And pencil it there in colors most fair
On the heavenward side for the angels' eyes.

CHAP. III.

The months sped on and this poor rescued dove
Saved by such means from such a cruel death,
Found loving shelter in a Cottage Home—
At first bestirless, within her baby eyes,
A look of terror, pitiful to see,
Would spring up suddenly as if her thought
Flew back to scenes of horror she had known.
But lured by love's own winsome witchery
The pale lips learned one bright spring day to smile.

A few more less-ons and the eyes, sad blue,
Grew radiant with the light of baby joys;
And soon, though watchful still, we ceased to fear
Her young life's thread would prove too frail to hold;

For baby Patience, petted and caressed,
Her gentle "Cottage Mother's" pride and joy,
Grew bright and bonny with her pretty ways,
And built her own soft nest in love's sweet bower.

CHAP. IV.

The months flew on and baby Patience grew—
The fairest blossom of the "Village Home,"
The special property and the prize of all.
But one dark day death drew his mighty bow
And shot an arrow down the village street,
None marked his aim or noted where it fell,
But from that hour the fair head drooped and drooped,
And the soft cheek grew pinched and thin and wan,
But from the pretty blue of those dear eyes
Love's winsome light shone to the very last.
Her little hands would toss about in pain.
Then fold the fingers quietly for prayer;
And soft across the stillness of the room
The whisper "Mamma, Patience speaks to God."
Soon came the rustle of an angel's wings,
And far away beyond love's anxious gaze,
And far beyond the prison bars and gloom,
The mother's sin and life's dark mystery;
Beyond the love that would have sheltered her
Our sweet dove flew and found within the gates
Her spirit's home in Jesu's loving arms.

The Greatest Flood on Record.

DULUTH, Minn., June 13.—Recent rains have caused the greatest flood ever known in Nothern Minnesota. Along the banks o the logging streams tributary to the St. Louis River millions of acres of land are overflowed and loss of life is feared. At Cloquet, thirty miles from here, that portion of the town which is situated on the island is completely engulfed by a raging torrent, only the tops of houses being visible. Several dwellings have been carried away, but the inhabitants were warned in time and no loss of life occurred. The immense saw mills are flooded and abandoned, and in the booms over two millions of logs are jammed. All the county bridges have been carried away. The village of Fonderlac is under water and some buildings have been carried down the stream. From Fonderlac to beyond Esprit Lake the tracks of the St. Paul & Duluth railroad are under water from two to three feet. Indians and old settlers say the flood has never been equalled.

Composed of the most powerful pain subduing remedies known, Nerviline cannot fail to give prompt relief in rheumatism, neuralgia, cramps, pain in the back and side, and the host of painful affections, internal or external, arising from inflammatory action. A 10 cent sample bottle of Nerviline will give sufficient proof of its superiority over every known remedy. Try Nerviline. Large bottles 25 cents; trial bottles only 10 cents. 6d24w

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture, intense itching and stinging, most at night, worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. dw

A Valuable Discovery.

F. P. Tanner, of Nesbing, Ont., says he has not only found B. B. B. a sure cure for Dyspepsia, but he has also found it to be the best medicine for regulating and invigorating the system that he has ever taken. B. B. B. is the great system regulator. 2w24d

Quite Correct.

"I have used Dr. Fowler's Extract of Wild Strawberry and found it the best remedy I have ever used for Dysopepsia and all Summer Complaints among children and I think no household should be without it." Mrs. A. Baker, Ingoldsby, Ont. 2w24d

After Long Years.

"I was troubled with Liver Complaint for a number of years, finding no cure, I tried B. B. B. I used four bottles and am now perfectly well, strong and hearty." Mrs. Askett, Alma, Ont. 2w24d

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee requiring great care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

WEDNESDAY, JUNE 13, 1888.

The Weather.

Light to moderate winds, fine weather, and a little higher temperature.

A Man of Mistakes.

Robert English, of Rettie's Station, the man mentioned in yesterday's despatches as killing his son in mistake for a ground hog, is inclined to mistakes of this kind. Two years ago he shot an Indian, thinking he was a bear. But no mistake can be made in going to the golden lion for a fine suit of the best imported tweeds made up in the latest style. A fine stock to choose from.

The Excursion.

A number of excursionists remained over in Toronto, and are arriving home by every train, but the majority came down Tuesday night. All report having an enjoyable time, and the management are in good humor over the large attendance. The Toronto papers all state that "Canton Peterborough, I.O.O. F., under command of Colonel MacNeill, with a military band," visited the city and enjoyed "seeing the sights."

Joyful News.

Before purchasing silk gloves, ladies are requested to call and examine the pure silk gloves, eight button lengths, that J. J. Sheehy is selling at 35 cents a pair.

Fine Beverage.

J. H. Gurd & Co. and the Imperial Mineral Water Co.'s Ginger Ale and Soda, a beautiful summer beverage. 18 lbs. good sugar, $1; tomatoes, 10c. per can; 6 lbs. good Japan tea, $1; baking powder, 15c. per lb. Call and see our fine stock. Everything cheap. 1w W. J. MORROW, Opera House block.

Dominion Day Picnic.

The usual annual picnic held on Dominion Day under the auspices of the congregation of the Cathedral will this year be held in in "St. Leonard's" Grove, Auburnham. The Committee having it in charge are making extensive preparations to make it a success.

ONLY a few more sets of dishes left at The Pantry and those must go at once; no matter about price.

Exhibition Drill.

An exhibition drill by the pupils (girls and boys to the number of 160) of the Institute, will be held in the Charlotte-street skating rink on Friday evening, June 15th, at 8 o'clock. A splendid programme will be presented. Fire Brigade Band present. To raise funds for instruments for fife and drum band. Admission 10 cents. dtd

Baptist S. S. Pic-nic.

The annual pic-nic of the Sunday school of the Murray street Baptist church will be held at Jubilee Point on Thursday, July 5th. The steamer "Golden Eye" has been chartered for the occasion. Particulars later. 2d

Charles Cluthe Coming.

Mr. Charles Cluthe, the eminent surgical machinist of Toronto, the inventor and manufacturer of apparatus for the relief and cure of deformities of the human frame, will be at the Oriental Hotel on Friday and Saturday, June 15th and 16th.

WE AIM to make the reputation of The Pantry permanent by selling at figures that clinch the argument every time.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

Hymeneal.

At 6.30 o'clock this morning the bond that made two young people one was welded by Rev. G. H. Davis. Mr. Jas. W. McCabe, of Elora, was married to Miss Annie Bolton, at the residence of the bride's father, Mr. Geo. Bolton, Charlotte street. Miss Georgia Bolton was bridesmaid and Mr. Wallace Hay, of Kincardine, groomsman. Only a few of the friends and relatives of the family were present. These practically testified there esteem for the young people by making up a large list of beautiful wedding presents and showering congratulations on them. Mr. and Mrs. McCabe left on the 7.30 C.P.R. express for the west, and after a short tour they will take up residence in Elora, where Mr. McCabe has a thriving business. That they may realize all the joys of wedded life and many happy years is the wish of their many friends.

County Court.

A Three Hour Session—The Docket Over by Four O'clock.

From one o'clock to four the attention of the court-room occupied by the hearing of the case Hartley vs. Muncaster. The case went to jury, and averdict for plaintiff for $140.02 was returned. Court adjourned at four o'clock.

The Grand Jury made their presentment during the afternoon as follows:—

To His Honor Judge Weller, Judge of the County Court of the County of Peterborough, presiding at the general sessions of the Peace for the said County:—

We, the Grand Jurors of the said county beg to present:—

That we agree with your Honor in congratulating the county on the almost total absence of crime in this county.

We have examined the jail and jail premises and find the same well kept and in good order. We also find that the prisoners in the jail receive all the comfort and attention available.

All of which we humbly present to your Honor.

Bay of Quinte Conference.

Methodist Lindsay Standard—The Conference Closed.

TUESDAY, June 12th.—The missionary anniversary was held last night, and at this morning's session reports were presented and a motion expressing loyalty to the Queen and to the new Governor-General was passed with a standing vote, the assembly joining in the National Anthem.

The committee on statistics reported through the secretary, Rev. E. W. Clark. There is an increase of 1,584 in the membership within the bonds of the Conference and a good increase in the missionary and superannuation funds.

In the afternoon the business was concluded, votes of thanks were passed, and the Conference adjourned.

Organ Recital.

A Magnificent Entertainment—Mr. Frederick Archer in the George Street Methodist Church.

There was not a very large attendance at the George street Methodist church on Tuesday evening to listen to the organ recital given by Mr. Frederick Archer, of Boston, the great English organist. But the audience made up in culture what it lacked in numbers, the very cream of the musically cultured citizens of the town being fully represented. And the programme rendered was in no sense a disappointment. The performer developed a marvellous ability in the mechanical manipulation of his instrument, and revealed, with the accompaniments of high taste and deep feeling, the infinite adaptability of the organ to the expression of musical sentiment and magnificent harmonies, ranging from rythmic zephyrs to harmonized thunder. The best test of the excellence of Mr. Archer's playing was the unwearied interest with which the critical audience followed a programme of ten numbers of classical music, unbroken except by a short interval between the parts, by any cessation. A *seriatim* criticism of the numbers is impracticable, but those which seemed to give the most pleasure were Haydn's "Clock Movement," Suppe's overture to "Poet and Peasant" and Rossini's overture to "William Tell." At the conclusion of the last two the audience, though restrained by their surroundings from expressing approval in the usual way, broke into hearty applause. At the conclusion of the performance, expressions of pleasure were heard on every side, and the person is yet to be found who confesses to the slightest feeling of disappointment. Following is the programme rendered:—

PART I.

Sonata in D. Minor	*Van Eyken*
Clock Movement	*Haydn*
Scherzo Symphonique	*Guilmant*
a Gavotte (Mignon)	*Thomas*
b Funeral March of a Marionette	*Gounod*
Overture—"Poet and Peasant"	*Suppe*

PART II.

Fete Boheme	*Gounod*
Larghetto (Concerto in C.)	*Beethoven*
a Romance	*Guilmant*
b Fugue in G Major	*J. L. Krebs*
Aria "Ombra Leggiera"	*Meyerbeer*
Overture—"Guillaume Tell"	*Rossini*

Police Court.

WEDNESDAY, June 13.

Alex. McDonald came down from Buckhorn yesterday, got drunk and fell into the clutches of the police last night. This morning he was fined $2 and costs—a fine of $5.25 altogether. He paid it though.

A young girl was charged with the larceny of a bracket from Mr. A. McFarlane. The case was enlarged till Saturday.

T. Tully was arrested this morning on a complaint by his aged mother that he had threatened to do her bodily harm, and she was afraid of him in consequence. He was bound over by the magistrate to keep the peace for a year.

Personal.

Mr. J. E. Hedgson, High School Inspector, is in town.

Mr. M. A. Jamieson, W.M., is the Peterborough delegate at the meeting of the Grand Lodge of 'Prentice Boys in Toronto.

Mr. Stratton, M.P.P., was in Kinmount, Galway and Cavendish on Monday and Tuesday, making the necessary arrangements for the constructing and improvement of several roads in these townships.

Mr. "Jim" Bolton, of the Detroit Heating and Lighting Company, is in town for a few days' visit. This firm is manufacturing the Bolton Heater and are doing a thriving business.

Mr. James Saulter, Inspector for the Liverpool, London & Globe and Western Insurance Companies, was in town to-day on his way to Lakefield to adjust the Strickland loss by fire on Sunday.

The Ennismore Pic-nic.

The public are reminded of the Ennismore pic-nic at the grove in Bridgenorth to-morrow. Busses will make regular trips from town. It promises to be one of the biggest affairs ever held at the village.

Y. M. C. A. Lacrosse Club.

A meeting of the Y.M.C.A. lacrosse club will be held in the Association rooms to-night at 9 o'clock. Members please attend.

Evangelistic Services.

The usual Sabbath evening service will be held in the hall, North Monaghan, at seven o'clock. All are cordially invited.

THE stock of kid and silk gloves at Dawson Bros.' old stand is well worth inspection by those who really want to buy cheap. d

Portland Cement.

Contractors, builders and others will find a first class line of Portland Cement at Fortye & Phelan's Hardware Store. d

Conference Decrees.

Rev. M. L. Pearson and Rev. S. J. Shorey Assigned to Peterborough.

The members of the Methodist church in Peterborough awaited with great interest the decision of the Stationing Committee of the Bay of Quinte Conference, for upon their decision rested the prospects of the George-street and Charlotte-street churches for the next three conference years, and the appointments made bring to the town two ministers, the leading clerical members of the Conference, who will doubtless be highly acceptable both with reference to their relations to the people and to the discharge of the higher responsibility devolving upon preachers of the Gospel.

REV. MARMADUKE L. PEARSON, the president of the Bay of Quinte Conference for '88-'89, is the new pastor of the George street Methodist church. Though only forty four years of age, twenty-six years of his life have been spent in the Christian ministry. Rev. Mr. Pearson is a native of Dublin, Ireland, where he was born in 1844, coming to America with his father at an early age. He was educated at the old Toronto model grammar school, and entered the ministry at the age of eighteen. During his ministerial life he has occupied important positions, such as Montreal, Ottawa, Napanee and Lindsay. He is credited with great energy and perseverance and excellent administrative and executive ability conjoined with the reputation for unusual power as a pulpit orator, and, so far as outside observation goes, the people of the George street Methodist church will have no occasion to regret that the conference has assigned to them as their pastor, a gentleman, who in has all the qualifications for a useful minister. Rev. Mr. Pearson has been successful in his ministry, and it is stated that the Lindsay church has never known such prosperity as it has enjoyed under his pastorate.

REV. SIDNEY J. SHOREY

is the pastor of Charlotte street Methodist church for the coming three years, and his appointment is very popular with the congregation, for the reverend gentleman was "called" by the congregation and had accepted the call. Rev. Mr. Shorey is a native of Prince Edward County, and is about thirty-eight years of age. He received his academical training at Victoria College, subsequently entering upon the study of law, completing his course and passing his examinations with credit. He never entered upon the practice of the law. He felt that the preaching of the Gospel was his true vocation, and he took up the work some ten or twelve years ago, and the success which has attended his labors would indicate that he followed no delusive leading when he entered the ministry. He has been in active work ten or twelve years and has been honored with great acceptance wherever he has gone, and has been a rising man ever since he became a minister, occupying such stations as Picton, Belleville, Oshawa and the Sherborne-street church, Toronto, where a splendid, new church, one of the finest if not the finest church in the Methodist connexion was built during his pastorate. Rev. Mr. Shorey is thoroughly devoted to the duties of his calling and enjoys great popularity wherever he ministers. It was in response to a cordial call that he accepted, subject to the conference approval, the pastorate of the Charlotte street Methodist church, though he did it in the face of other demands for his pastoral presence. He had a call from the Centenary Methodist church, Hamilton, at a large salary. Carleton street church, Toronto, also wanted him and he had the refusal of the pastorate of the Great St. James street church, Montreal. But he decided in favor of Charlotte street church, doubtless because he saw here, though less emolument, the better opportunity of doing good. As a pastor Rev. Mr. Shorey is attentive to his duties and as a pulpit orator he excels. His sermons are argumentative, logical and eloquent, characteristics, doubtless, referable to his legal training, while his earnestness and fervour bear testimony to the zeal he throws into the service he performs. It is understood that Rev. Mr. Shorey is warmly welcomed by the whole congregation, and while they are pleased with their pastor there is reason to assume that experience will endear to the pastor a flock willing to heartily co-operate with him in promoting the schemes of the church and the doing of good.

Local Sports and Pastimes.

Baseball.

At last Port Hope has wakened up sufficiently to reply to Secretary Clarke's letter regarding the Midland League. Port Hope wants Peterborough to play the opening game there Thursday or Friday of this week. They offer a percentage of the gate money, but Secretary Clarke answered that if expenses were guaranteed the local club would go down. However, a match has been arranged for Friday afternoon. The Peterboroughs go down on the noon train and will return Saturday morning.

It is to be hoped delegates from Lindsay, Port Hope and Peterborough will soon meet and arrange a schedule of games. The Secretaries of the two latter clubs might put their heads together at Port Hope and adopt a list of dates, which could be referred to Lindsay for approval or amendment. Make your dates, gentlemen, and then stick to them.

Belleville's professional team will play the Cobourg-Port Hope team on the 21st, in the forenoon at Cobourg and in the afternoon at Port Hope.

Willow and Wicket.

The merchants and business men had revenge on the bankers and professional men Tuesday afternoon. The score was not kept in full and so cannot be published. It was something like 53 to 51. The merchants' team played one man short, too.

Spots of Sport.

Members of the lawn tennis club are reminded of the practice game on the P. A. A. A. grounds to-morrow (Thursday) afternoon, at 4:30 o'clock. All members and their lady friends invited. Tea will be served on the grounds.

It is probable the Norwood lacrosse club will play the Y.M.C.A. club on the grounds here some evening next week.

The Y.M.C.A. team goes to Lindsay to-morrow morning on the 8:15 train. May they be successful.

The Campbellford football club want a match with the Peterborough club at that village on Dominion Day. As the club here is not organized yet and is not likely to be till the fall, some other team will have to be procured for that day.

Several new members were admitted at the meeting of the Lansdowne Rowing Club Tuesday evening. Rowing is booming, a large number being out last night. The four-oar double scull and the single scull shell were out. At the next meeting, Friday night, a regatta will be arranged for.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

Special inducements to farmers and all others during the busy season at J. T. Stanson's boot and shoe shop George street. Prices are cut so low that no time is lost in making a bargain. Rapid sales and everybody delighted. Come and see.

LIKE a ship before the breeze, so go the fine Teas at 5 lbs. for a $ at The Pantry.

A FINE line of boating shawls to be cleared out within the next few days at Dawson Bros.' old stand, Hunter street. d

LOW PRICES does not affect the quality of groceries at The Pantry. This truth demonstrated in every purchase.

News Nuggets.

—Three passenger coaches for the Quebec and St. John Railway, from Cranson's car works, arrived at the Midland station last night.

—Decoration Day is on the 25th, and the Oddfellows are expecting the ladies to supply flowers, as has been their custom for years past.

—Mr. J. A. McClellan, of the Ontario Bank, is visiting at his home in Oshawa. It is rumored among his companions that he has matrimonial designs.

—Do not fail to hear Miss Cartmell's address on "Mission Work" at the George street Methodist church prayer meeting this evening at 8 o'clock.

—The members of the joint committee of the two lodges of Oddfellows are requested to attend a meeting in Otonabee lodge room Friday evening at eight o'clock.

—Campbellford will celebrate Dominion Day by a grand demonstration in the form of horse races, baseball and football matches, athletic events, etc. The posters were printed at the EXAMINER Office.

—The person who maliciously and intentionally kicked and broke one of the lawn vases at the Court House Park on Monday evening is known and is requested to make good the damages or take the unpleasant consequences.

—The by-law providing for the contract for the construction of water works in Cobourg, was carried Monday after a very exciting contest, by a majority of 101 votes. Messrs. Moffet, Hodgkins & Clark, of Watertown, N. Y., are the contractors.

The Vice-Regal Party.

MONTREAL, June 13.—The Vice-Regal party arrived in the city at noon yesterday and were met at the depot by Mayor Abbott, City Clerk Blackmeyer, Lt.-Col. Houghton, D.A.G., Col. Lamontagne, D.A.G., and a large concourse of citizens. They drove at once to the City Hall, where Mayor Abbott read the civic address in French and English, to which Lord Stanley replied, thanking them for their cordial welcome.

His Excellency spoke of the great natural advantages and various resources of the Dominion, of the progress and energy of its inhabitants, and prophesied that the country would become more and more prosperous as the years rolled on. He alluded to his illustrious predecessors and trusted that at the end of his term of office his efforts would be found to have been directed in the same spirit as those of Lord Lansdowne.

Lord Stanley then said a few words in French to the same effect, after which Mayor Abbott presented the aldermen and a number of leading citizens to His Excellency.

Mr. John H. Molson afterwards read an address presented by Sir William Dawson and the Governors of McGill University, to which Lord Stanley made an appropriate reply.

After lunch at the Windsor Hotel the Vice-Regal party were taken for a drive through Mount Royal Park. They left for Quebec by boat last night.

"Why, Mrs. Jawsome, how can you insinuate such a thing? I drank or mad? I'm strong Scott Act. I know it's hard to believe, but Mrs. Buyclose, a regular prayer meeting woman she is, too, told me so with her own mouth—which is hardly ever shut, goodness knows—that she went trapesing up to Toronto with the Masonic excursion. She went through all the shops and priced 'em all. She wanted to get a wedding present for Ann Jane Marlar who is going to marry that half baked gawk, Ben Slowit, and she was disgusted. She could do better at home. And she spent $1.84—$1.75 for her ticket and nine cents for cakes and a paper of pins, she got at a seven-cent store—she tore that old cashmere dress she's worn a life time, on the car steps—O my! where was I?—O yes! she went straight to China Hall when she got home and got a lovely china tea set for so much less than she could in Toronto, that it made up for her expenses to the city. And she says they have terrible fine and cheap dishes at China Hall, and as she says, says she, 'Dead loads of 'em, too.'"

Both in Magnitude and Profitableness, the Business for 1887 has been almost everything that could be desired.

The life policies now in force are 7,128 for $10,873,777.69, on 6741 lives. We have moreover $3,207,600 00 insured under 1,340 accident policies, so that the total current contracts of the Company are 8,969 for $14,081,377.69.

The income for the year shows the very large increase of $122,331.23 over the figures of 1886, the total being $495,831.54. The revenue is now half a million dollars per annum, or as mentioned in the report, over $1,600 for every working day in the year, and even this he believed was but a mere introduction to what it will be in a few years hence. The gains from time to time are well illustrated by the following table:—

Period	Gain in income.	Gain in assets.	Gain in assurances.
1872 to 1876, four years	$ 54,611 21	$160,482 69	$1,149,743 00
1876 to 1880, four years	28,580 67	195,188 29	1,187,396 14
1880 to 1884, four years	136,976 84	363,264 31	2,992,924 90
1884 to 1887, three years	217,451 89	475,677 24	4,029,373 65
Total in 1887	$495,831 54	$1,750,004 48	$10,873,777 69

It is very pleasing to notice that the gains for the last three years only are 60 per cent. more than those of the preceding four years.

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

THE END APPROACHING.

ALL HOPE FOR THE KAISER'S RECOVERY IS ABANDONED.

The Emperor Losing Strength Rapidly—Melancholy Prospect of Death from Starvation—The End Evidently Near.

LONDON, June 14.—The first intimation of the alarming condition of the German Emperor was at Ascot. Four-in-hand coaches from Windsor were sent to Sunnydale Park, where the Prince of Wales is stopping, to take him, the Princess, and their guests to the races. There was a delay for some little time, and then an order was sent out for the drags to return, as the royal party would not go. Their absence and its cause cast a gloom over the entire meeting. It soon became known that His Royal Highness had received a long despatch from Sir Morell Mackenzie, announcing the grave condition of the Emperor, and that the case was hopeless. The despatch was not given out, but its character was stated. Other despatches which were published in the evening papers were reassuring, but the same thing has happened before. At the last crisis, while the published reports stated that no apprehensions were entertained, the Prince of Wales received private despatches from Sir Morell Mackenzie, telling him to prepare for the worst, and that the end was probably near. Last night the British Consul-General at Berlin, who is now here, received a despatch stating that the Emperor was dying of inanition. Another despatch received by an official states that death may take place within thirty hours. The serious state of the case appears, as usual, to be withheld from public announcement. The Times' Berlin correspondent telegraphs that there is great uneasiness in the capital. It was rumored two days ago that an opening had appeared between the windpipe and the œsophagus, and this is now confirmed by the doctors. Liquid nourishment thus passes into the trachea, producing coughing and choking. The taking of food thus becomes difficult and repugnant. Nourishment can now be administered only through a tube, and the patient is afflicted with nausea. His Majesty is losing strength rapidly. He was on the palace terrace, however, yesterday afternoon, and at 4.30 received the Crown Princess. He changed for the worse in the evening and became very feverish. Dr. Von Bardeleben arrived at the castle at 10 o'clock and with Drs. Von Leyden and Krause remained with the patient all night. The only prospect is the melancholy one of death from starvation, though the misery is mitigated as far as possible by the use of morphine.

A despatch to The Central News from Berlin says the condition of the Emperor has become worse, and his case is now admitted to be hopeless.

A DOUBLE EXECUTION.

Two Half-breeds Hung Yesterday at Regina for the Murder of McLeish.

WINNIPEG, June 14.—Guddy and Racette, the half-breeds who murdered McLeish at Qu'Appelle, and were extradited from Montana, whence they fled, were hanged this morning at Regina, the Government having refused to exercise executive clemency.

Racette bore the ordeal pretty well but Guddy was completely prostrated and it is believed he actually died before the death trap fell. Racette said on the scaffold he was innocent of the crime and didn't deserve to have the rope put round his neck. He claimed he didn't have a fair trial, and asserted he was not afraid to die. He said he had no chance at his trial to explain. It was not his fault that McLeish was killed and he prayed to God for the forgiveness of those who sentenced him to death. Both died without a struggle. Racette's strangulation caused a great amount of bleeding.

Italy and Ironclads.

ROME, June 14.—The Minister of Marine, replying to questions in the Chamber of Deputies yesterday, contended that the day of great ironclads was not passed. He said it was idle to assert that henceforth cruisers and torpedo boats would be exclusively used. The invention of new projectiles proved the necessity for powerful ironclads. The speed of some ships in the Italian navy had been excelled by foreign vessels, but the Italia and the Lepanto remained the swiftest ships in the world.

Floods in Minnesota.

DULUTH, Minn., June 14.—Not only is there no abatement of the St. Louis river flood, but the situation grows more serious every hour and the impression deepens that a great catastrophe to Cloquet and its lumbering districts will occur. The water rose over a foot yesterday and it is still rising. If the jam breaks the logs will carry away all the houses on the island, twenty-five or thirty in number, and probably Nelson's mill. It rained hard last night.

A Private Drowned.

NIAGARA, Ont., June 13.—Private Young of No. 6 Co., 77th Battalion, was drowned yesterday afternoon near Fort Mississaqua while bathing. His body has not yet been found.

THE PRIESTMAN TRAGEDY.

An Innocent Clergyman Gets Home in by the Police.

TORONTO, June 14.—Hon. Chas. Drury, Minister of Agriculture, will address a meeting at Kingston on Friday, under the auspices of the Frontenac Farmers' Institute. Mr. Drury is deluged with applications to address farmers' meetings in all parts of the Province. It is the same with fall shows. The invitations are so numerous that he finds it impossible to accept them all and give proper attention to the work of his department. There seems to be a practically universal desire among the farmers of the country to see what manner of man is the real, live, home-grown farmer, who has been promoted to a place in the Cabinet. Mr. Drury's elevation is a pride and satisfaction to the farmers of the whole country.

The name of Mr. J. M. Ferris, ex-M. P.P., is mentioned for the vacant registrarship of East Northumberland.

According to reports made to the Department of Agriculture, Ontario will be able to make a fine exhibit of minerals at the Cincinnati Exhibition. Considering the time allowed the department the collection that will be made will be fairly representative of the mineral wealth of the Province in all its extent and variety.

County Constable Alexander Smith and his wife, who were arrested last night on a warrant charging them with the murder of Joseph Priestman, jr., in August last, were arraigned in the Police Court yesterday morning. The Crown was not ready to proceed and obtained an adjournment till to-day. The arrest has created intense excitement and people are eager to hear what evidence the Crown has against the prisoners.

The plasterers' labourers and master plasterers came to a satisfactory arrangement last night, and the strike has therefore been averted for this year at least. The men have agreed to accept the present rate of wages till April 1 next year.

The will of the late James Crowther, barrister, who died in April last, was admitted to probate yesterday. The personal estate is valued at $671,491, which has been willed to the different members of his family.

At the meeting of the Council of the College of Physicians and Surgeons yesterday, a resolution was passed congratulating Sir James Grant, of Ottawa, on the honor conferred on him by Her Majesty. Sir James in his reply stated that he accepted the honor at Her Majesty's hands, not for himself, but as a compliment to the medical profession of Canada.

At a meeting of the congregation of the Bloor-street Presbyterian Church last evening a unanimous call was extended to Rev. W. J. Wallace of Georgetown. The salary is $2,000.

Last night the Methodist clergy of this conference, who were meeting at the Metropolitan Church, were surprised by an announcement made by Rev. Dr. Potts at the close of the proceedings. He said he had a most painful matter to bring under their notice. One of their number, Rev. W. F. Wilson of Dariaville, a brother they all knew and esteemed, was seized by a police constable, put in a patrol wagon and taken to the Agnes-street Police Station on a charge of disorderly conduct.

The facts seem to be that the rev. gentleman made an innocent remark to a constable who was talking to a drunken man and with apparently no provocation arrested Mr. Wilson and had him taken to the station. He was immediately bailed, but the episode completely broke up a meeting in Brockton where the rev. gentleman was going to lecture. After Dr. Potts' announcement the following motion was brought up:

"We resent the insult offered Mr. Wilson and through him the whole Methodist body, and we agree that we shall render him every support, financial and otherwise, in this matter and tender him our sympathy under the ordeal."

This was carried unanimously. Many of the members spoke strongly on the subject. It is evident there is a deep feeling aroused among the clergymen who are in the city to attend conference.

The case will be investigated by the Police Commissioners.

MOULTON LADIES' COLLEGE.

What the Baptists are Doing for Higher Education.

TORONTO, June 14.—The conditions upon which Mrs. McMaster relinquishes her interest in the Bloor-street residence of the late Senator are as follows:—

1. "That the entire house, furniture and lot named 34 Bloor-street east, Toronto, shall be used in perpetuity for the exclusive purposes of a ladies' college.

2. "That the institution thus founded be called the Moulton Ladies' College, and that Mrs. McMaster be recognized as its founder.

3. "That the arts and the theological departments of McMaster University be open in perpetuity to the students of the Moulton Ladies' College.

4. "That the salaries of four resident teachers of the Moulton Ladies' College be paid in perpetuity out of the endowment of McMaster University.

5. "That the study of the Bible shall form a part of the course of study taught in said Moulton College, and that no person be eligible to the position of principal, professor or regular teacher in said college who is not a member in good standing of an evangelical Christian church."

To carry out the work of making Woodstock College efficient it has been decided by the Board of Governors of McMaster University that seven teachers at least will be necessary, viz., a principal, a teacher of English, a teacher of mathematics, a teacher of sciences, a teacher of classics, a teacher of modern languages, and a teacher of a preparatory class.

Is it a Case of Child Murder?

TORONTO, June 14. — Coroner Duncan opened an inquest yesterday on what is a mysterious case. About a week ago a young unmarried woman named Eva Harris, aged 24, living with her uncle, James E. Pitts, butcher, 337 Yonge-street, gave birth to child. Yesterday a hint reached the police that all was not right and that the baby was dead. Detectives visited the place and found the body of the child hidden away in the room in which the young mother was lying. They arrested the girl and had her removed to the hospital, while the body of the infant was taken to the Morgue. The coroner ordered an adjournment.

THE SUPREME COURT ACT.

A GRAVE DIFFERENCE OF OPINION AMONGST THE JUDGES.

Possibility that all the Cases Heard at Last Session in which the Late Judge Henry Sat may have to be Argued Again.

OTTAWA, June 14.—It is officially announced that Hon. John Schultz has been appointed Lieutenant-Governor of Manitoba, the appointment to take effect on July 1.

No time is being lost in getting the Manitoba and Northwest experimental farms at Brandon and Indian Head into working order. Tenders for barns, stables and residences for both places have been called for and will be received up to June 30.

Mr. Mahaffey, of Bracebridge, has been appointed Judge of the Muskoka district.

The Supreme Court was expected to deliver judgments yesterday but none were delivered, and at 1 o'clock Judge Strong entered the court-room without his robes and announced that on account of the late arrival of Judge Taschereau [illegible] he had not had time to confer with his colleagues, and consequently no judgment would be delivered until to-morrow.

This is understood, however, not to be the whole reason, as there is said to be a serious difference of opinion amongst the judges as to whether the act of last session, which was passed specially to get over the difficulty caused by the death of Judge Henry, and which act, it is understood, was passed by the Supreme Court judges themselves, really has got over the difficulty, or whether it will not be necessary that all the cases tried at the last session in which Judge Henry sat shall be argued over again. The sentence in the act of last session specially designed to cover the delivery of judgments in cases in which Judge Henry had sat is:

Any five of the judges of the Supreme Court shall constitute a quorum and may lawfully hold the court, provided always that it shall not be necessary for all the judges who have heard the argument in any case to be present in order to constitute the court for delivery of judgment in such case, but in the absence of any judge, from illness or any other cause, judgment may be delivered by a majority of the judges who were present at the hearing, and in such case it shall not be necessary for five judges to be present at the delivery of such judgment.

It will be noticed that although provision is made for "the absence of any judge from illness or any other cause," nothing is said about the death of a judge, and it is held to be doubtful whether the words "or any other cause" will cover a case of death. It looks as if there was a strong probability that all the cases will have to be argued again, which will be good for the lawyers but not so amusing for their clients.

Michael McNaughton, doorkeeper of the Privy Council, yesterday celebrated the fiftieth anniversary of his appointment. When he entered the service Sir John Colborne was Governor. Eleven others have come and gone and the thirteenth has just arrived, but "Old Michael" still holds out hale and hearty.

The Railway Committee of the Privy Council will hold their next meeting on June 19, when several cases will be heard.

THE THOMPSON CASE.

The Canadian Foresters Elect Officers—A Clergyman Resigns.

HAMILTON, June 14.—The High Court of Canada, C.O.F., resumed its session and these officers were elected by acclamation: Thomas White, Brantford, High Secretary; John Neelands, Wingham, High Treasurer; Rev. J. Williamson, Arkona, High Chaplain; Dr. U. M. Stanley, Watford, Chairman Medical Board, and George Sinclair, Parkdale, High Registrar.

Past High Chief Ranger Long, who represented the High Court at the annual meeting of the Independent Order of Foresters in Chicago, reported setting forth the cordial relations between the two orders.

London was selected as the next place of meeting.

The detectives are still at work on the Thompson case and appear to think that there is something in the murder theory. Mrs. Kemp, who is a stout, good-looking woman about 40 years of age, is still in the cells. Her husband was killed in a sand-pit here several years ago. An application for her release until the conclusion of the inquest was made at the Police Court yesterday, but an injunction was laid against her on which she is still held.

Mrs. Caroline McNeil, wife of John McNeil, started out for a short walk after tea last night. She had gone but a few rods when a blood-vessel in her right leg burst and she immediately returned home, where she arrived very weak from loss of blood. Medical skill was of no avail and within a short time she was dead.

The resignation of Rev. C. O. Johnson, from the Methodist ministry was a general topic of conversation yesterday among all classes of church people.

DELIBERATE SUICIDE.

A Passenger on the Corinthian Throws Himself Overboard and is Drowned.

CORNWALL, June 14.—Yesterday as the steamer Corinthian was nearing the Long Saulte Rapids a man apparently about 24 years old, was seen to get up from his seat and deliberately throw himself overboard. The captain was immediately notified, the steamer stopped, the boats lowered and search commenced for the body, but no trace of him could be found.

A handkerchief was found in the pocket of his coat bearing the letters "V.L." His wife was on board, and upon recognizing the handkerchief went into hysterics and nothing could be learned from him.

The person lost off the steamer Corinthian was Victor Leclaire, of St. Rock, Que.

THE GENERAL ASSEMBLY.

Opening of the Session—Rev. T. H. McMullen Elected Moderator.

HALIFAX, June 14.—St. Matthew's church was crowded to the doors last night at the opening of the Presbyterian General Assembly. Nearly 200 delegates were present. Dr. Jones the retiring moderator, presided, and delivered an eloquent sermon on "Missions."

THE CRISIS AT HAND.

A perusal of the report of the informal School Board meeting held on Wednesday afternoon, shows that the time is approaching when the Board will have to consider the question of meeting the requirements of the Government in the matter of Collegiate Institute buildings and to decide whether the Collegiate Institute is to be allowed to lapse into a mere High School or be provided with buildings worthy of the prosperous town in which it is placed, and worthy of the work which the report of the Inspector says it is doing. The Board should know what it is doing. Ample and oft repeated warning has been given that unless the government requirements are complied with the Collegiate Institute will be lowered to the grade of a common High School. If the board is anxious to maintain the standing of the Institute, prompt action will have to be taken, for it is evident the government authorities have gone to the limit of forbearance, and that a crisis has arrived. If the Board and the people are of the opinion that a High School is good enough, a course is being taken that will lead to that class of school. But many persons in favour of higher education would like to have the matter settled one way or other, and it would be preferable that an outspoken expression of opinion on the part of the Board should decide the question, rather than have it settled by default.

SCHOOL BOARD MEETING.

A special meeting of the School Board was held in the council chamber on Friday evening.

Report of County School Inspector, and of the head master for April and May read and received.

Total on roll for April, 277; average attendance, 209. Total on roll for May, 292; average attendance, 212.

A communication from the head master, in regard to children breaking glass in school, was received.

Moved by Mr. David Smith, seconded by Mr. Wm. Graham—The Secretary was instructed to advertise for tenders for painting the inside of the school during the holidays.

It was decided that a new well be sunk in the south east corner of school lot.

Moved by Mr. R. Q. Deneh, seconded by Mr. W. M. Graham—The council was asked to borrow $400 for the School Board.

COURT OF REVISION.

There were no appeals against assessment and the roll was confirmed.

COUNCIL MEETING.

Report of Road and Sidewalk Committee recommending payment of $100 on account to Messrs Ranney & Ladgate, was received and adopted.

Report of Finance Committee was received and the following accounts ordered to be paid:—David Arnott, supplies, 70c.; Jones, cleaning water closet, $2.

An order was drawn for the sum of $15 in favor of Leon Dion for supper of Peterborough Firemen, and train men on Sunday night last.

Moved by Coun. Nelson, seconded by Coun. Henderson, that this council do grant the sum of $25, to be supplemented by a like amount by Messrs. R. and C. Strickland, to the Peterborough Fire Brigade as a slight token of our appreciation of the prompt manner in which they responded to our call for assistance, and their kind efforts in our behalf at the late fire in the lumber yard, and that the clerk be instructed to convey to them a copy of this motion with the Reeve's cheque.—Carried.

Moved by Coun. Henderson, seconded by Coun. Moore, that Councillors Hall, Nelson, Moore and the clerk, Dr. Bell, be a committee to obtain all the information possible in regard to a steam fire engine suitable for this village, and lay such information before this council.—Carried.

A by-law to borrow the sum of $400 required by the school board was passed.

SETTLED.

Last Friday Mr. J. B. McWilliams, Commissioner for the Ontario Government, accompanied by Mr. Ladgate, P.L.S., Reeve Casement, ex-Reeve Strickland, Councillor Nelson and Dr. Bell, spent the day in the examination, etc., of the reserve along the river banks which the corporation want dedicated to them. Every point was carefully gone over and discussed, so that when they had gone over the ground and came to discuss the terms of settlement it did not take long to arrive at a conclusion satisfactory to all. Mr. Strickland, who has claims on portions of the disputed property, meeting the wishes of the council in a kindly spirit, so that there is now no reason why the reserve should not come under village control and be made a benefit to the public at large.

THE FIRE.

The EXAMINER gave such a detailed account of the blaze in the lumber yard on Sunday evening, that it has left your local correspondent nothing to say. Monday was almost a holiday, everyone being tired out by their efforts of the previous evening. As will be seen in the council report, both the council and Messrs. R. & G. Strickland have shown their appreciation of the kindness of the Fire Brigade in coming up and in laboring so hard on their arrival to leave everything safe; and the thanks of our citizens are also freely given to Mayor Stevenson and Chairman Reedry for permitting the Brigade and engine to come up.

Mr. Abbot, who was injured, was removed to his home in Douro the following day, and is doing well.

Children Cry for Pitcher's Castoria.

To Mrs. Peter Ryan and other ladies who so generously furnished tea and refreshments, and to the many young ladies who, at much personal inconvenience in the mud and rain, served the tired and heated men with the tea and other drinks, deserve the hearty thanks of all, and could they have heard the many blessings bestowed on them they would feel that their labors were not unappreciated.

STRAY NOTES.

"Fire," against which so much is preached, caused empty churches on Sunday evening, even the Salvation Army shut up and adjourned to the scene of excitement, where they proved they could work as well as pray.

"Fire protection" is again the main topic of discussion in the village, and every one has their own plan to "lock the the stable door" etc. One of our prominent councillors promised, on Monday evening, to have the $40 asked to submit the water works by-law in the hands of the clerk by 10 a.m. the next morning, but must have forgotten as no cash has been sighted yet. By the time the committee appointed by the council reports the excitement will have died out and the report will be filed away until another fire again causes a demand for it.

Bricklayers' & Masons' Union,

No. 12, Peterborough.

To the Architects and Builders of the Town of Peterborough.

GENTLEMEN,—The members of the Bricklayers' and Masons' Union, No. 12, Peterborough, have decided to take no sub-contracts after the 1st day of June, 1888. We take this step, believing it to be to the interest of Architects and Proprietors of buildings, to deal directly with us, and not as heretofore, letting our branch of work to Carpenters, and then have them sublet it to us, frequently at a loss to owners of buildings through inferior material being used to secure the carpenter a profit. We therefore, consider it would be to the interest of all concerned, to have each trade control its own line of work.

MORE SLEDGE-HAMMER WHACKS AT HIGH PRICES

Our aim accomplished, to make our store the Hub of Peterboro's Clothing Trade.

52½

A Continuation of our Great 52½ Cents on the Dollar CLOTHING SALE.

We are Rattling away at this price at Express Speed, FINE LINES.

WE BOOM UP THE GOODS! WE BOOM DOWN THE PRICES!!

Right we are. Right we shall be. We bow to the line, let the chips fall where they may. The dealers who buy at six month's time pursue the even tenor of their way. They are content to do business as hundreds of others are doing, and get left. Now on the six months' time men compete with GOUGH'S. The Wonderful Cheap Men, the High Pressure Electric Clothiers, who seize the opportunity to buy at Spot Cash and buy Awfully Well.

Read you Noble Sons of Toil, what the Clothiers of the Age are going to do for the next 30 days, and when you read, reflect, and when you reflect, come and buy from them, for you cannot buy from any Wholesale House in Canada at the following prices:

FOR 30 DAYS
WE WILL SELL YOU
SUITS for——$2.95
That Cost Imaginary Clothiers $4 25, Wholesale.

Men's Fine Wors'd Suits $6.90
Worth $18.00.

Men's Pants for——$1.50
We don't say what they are worth, but see if you can buy elsewhere for $1.95.

Men's Suits Halifax Tweed All-Wool for **$5.00**

Children's Suits for—58c.
$1.00, $2.00 and Upwards, worth Double.

With Ample Means, Prodigious Energy and Absolute Determination to do the Largest Clothing Business in the District, we shall reach that goal if our Good Friends, the Buyers, will Realize that no firm or dealer, has ever offered the values we have given, and are giving in Men's, Youths' and Boys' Clothing. The Public have responded well to our Great Sale inducements. The Public have our Best Thanks. We regret that the rush was so large on Saturday, that we could not give our Customers all the time we would like. Two Additional Salesmen will be on hand Saturday next, so that all who come can have ample attention. We rely on the Invulnerable Advantages of Square Dealing, in an Honorable Square Way, and with prices 33⅓ per cent. all round below all competitors are the Iron Clad Basis on which we are doing a Triumphant Clothing Trade.

CANADIAN NEWS IN LONDON.

The New Dominion Three Per Cent. Worth Ninety-Five.

LONDON, June 14.—Sir Charles Tupper and the Colonial Agents General have waited upon the Colonial Secretary to propose an amendment to the Liability of Trustees bill now before Parliament, in order to facilitate the investment by trustees in colonial stocks. The bill requires the sanction of a court to such investment. The deputation urged that trustees be empowered to invest in inscribed stock in any British colony whose four per cent stood at or above par.

The Stock Exchange regards 95 as about the value of the new Dominion 3 per cents. The minimum price for tenders is 94½. The Canadian Gazette believes the stock will increase in value.

The Board of Trade returns show a further contraction of British exports to Canada, but an expansion in imports from Canada. Exports decreased 60 per cent. for May, and 14 per cent. for five months; imports increased 99½ per cent. for May, and 96½ per cent. for five months.

Get the Best.

Dr. Fowler's Extract of Wild Strawberry is the best, most prompt and safest cure for Cholera Morbus, Dysentery, Sick Stomach, Cramps, Colic, Diarrhœa and Cholera Infantum, that has yet been discovered. Its popularity increases each year. All medicine dealers sell it. 2w24d

A Severe Trial.

Frances S. Smith, of Emsdale, Manitoba, writes—"I was troubled with vomiting for two years and I have vomited as often as five times a day. One bottle of Burdock Blood Bitters completely cured me." 2w24d

A Ready Resource.

The ravages of Cholera Infantum, Cholera Morbus, Diarrhœa, Dysentery and other summer complaints among children during the hot weather, might be totally prevented by having recourse to nature's sovereign remedy for all bowel complaints, Dr. Fowler's Extract of Wild Strawberry. 2w24d

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,

Peterborough's Attractions.

A gentleman who has recently been visiting Peterborough writes to a friend here:—"What a bright, brisk, beautiful town you have. Of any town in Canada, and I have seen most of them, you have the best and cleanest streets; the best lighted, the best system of water works, the finest churches, the best parks and cemeteries, and the biggest puppy of the prettiest girls." And he might have added that the "prettiest girls" can get the finest stock of black silk grenadines for hot weather wear at the golden lion, and these superb goods can be made up stylishly in the dressmaking department. The best goods and the best value.

The Same Old Frits.

Referring to the appearance in that city of J. K. Emmet, the eminent commedian who will be at Bradburn's Opera House next Monday night, the Philidelphia *Item* says:—"It was the same old Frit., as young in voice and laugh as ever, that moved the audience at the Opera House alternately to laughter and tears last night, most of the tears, by the way, flowing in default of more laugh. The original Frits in which Mr. Emmet appeared here years ago, has been reconstructed and made as good as a new play, better, perhaps, than some new ones Frits has appeared in. But the life and soul of the play was Emmet himself, of course, with new songs and finer voice than when seen here last season, and as tender to children and dumb brutes as his marvellous sympathy has always made him."

A New Steam Hammer.

In our large machine shops there are several steam hammers used. They give tremendous blows and the heavy forging done could not be done without them. But they are mere task hammers compared with a new kind of sledge-hammer introduced by a commercial house in town. The sledge-hammer referred to is used to smash high prices and gough bros., the wonderful cheap men, have the sole control of it. Read their last announcement in other columns and then say if the like has ever been seen in Canada. For the next thirty days all old prices will be crushed beneath the sledge hammer. Only note the wonders of cheapness. Men's $13 suits for $6 and $10 suits for $5. children's suits for 58c., $1 and $2. A special line or boys' coats 19 cents each, men's working pants for 17c. each. There is a terrific crush every Saturday at gough's. Come early, avoid the crush and see the sledge hammer at its work. goughs keep ahead of all competitors. Others weekly imitate their low prices, but never get within gunshot of gough bros., the wonderful cheap men.

Japanese Missions.

At the regular weekly prayer meeting in the George street church Wednesday evening, the usual order of services was departed from. Sacred solos were rendered by Miss Butcher and Mrs. Daly, a Scripture lesson was read by Rev. S. J. Thompson, and a few remarks made by Mr. Dumble, who bespoke for their new pastor, Rev. M. L. Pearson, the hearty support of the congregation. Miss Cartmell delivered a short address upon the Japanese mission work. Miss Cartmell was sent out by the Womans' Foreign Missionary Society to aid the mission cause by the establishment of religious seminaries for the education of native girls. A large school was in operation in the city of Tokio, where Japanese girls were given an English education and religious training for a small fee. Miss Cartmell said the school had prospered so well that the building has had to be enlarged several times to meet its growing requirements. She had under her several native female teachers who assisted in the good work. Much was hoped for from this phase of the Japanese mission cause.

Children Cry for Pitcher's Castoria.

THE great clearing sale of dry goods now going on at dawson bros' old stand, Hunter street, will only continue a few days longer. Dont fail to see the *real* bargains they offer. 2d F. S. Gould, Agent.

Rifle Practice.

A rifle practice of the members of No. 1 Company will be held at the butts Saturday evening at 5 o'clock. Members are requested to bring along their rifles. There will be plenty of ammunition supplied on the grounds free.

Charles Clothe Coming.

Mr. Charles Clothe, the eminent surgical machinist of Toronto, the inventor and manufacturer of apparatus for the relief and cure of deformities of the human frame, will be at the Oriental Hotel on Friday and Saturday, June 15th and 16th.

The Wrong Initials.

By a typographical error it was made to appear, in yesterday's issue, that Rev. J. C. Wilson was again appointed to the Mark street church, Ashburnham. It is Rev. A. C. Wilson, brother of the late incumbent, who becomes the new pastor of the church.

LOW PRICES does not affect the quality of groceries at The Pantry. This truth demonstrated in every purchase.

New Medical Practitioner.

Dr. W. D. Scott, late house surgeon of the Toronto General Hospital, has opened an office, for the practice of his profession, on Brock street, in the stone building immediately west of Chambers street. The EXAMINER wishes Dr. Scott a liberal share of the public pulse and a successful medical career.

The 'Prentice Boys.

The Grand Lodge of 'Prentice Boys met at Toronto this week. The Peterborough delegate, Mr. M. A. Jamieson, was elected Assistant Grand Secretary. It was decided to hold the next annual meeting of the lodge in Peterborough on the second Tuesday of June, 1889.

Are Girls Better than Boys?

An exhibition drill by the pupils (girls and boys to the number of 160) of the Institute, will be held in the Charlotte-street skating rink on Friday evening, June 15th, at 8 o'clock. A splendid programme will be presented. Fire Brigade Band present. To raise funds for instruments for fife and drum band. Admission 10 cents. d&d

A Generous Grant.

Lakefield village council at its meeting Monday night granted $25 to the Peterborough firemen on condition that Messrs. R. and C. Strickland granted a like amount. This morning Mr. Strickland left $25 with the Town Clerk for the Fire Brigade. The men are pleased with the generosity shown by both the corporation and Mr. Strickland.

Fruit of the Deputations.

Mr. M. Ridout, engineer of the department of Railways and Canals, Ottawa, and Mr. Herchmer, engineer of the C. P. R., are in town to-day, and, in company with local representatives of the conflicting interests affected by the proposal to extend the C.P.R. spur line up the river, are personally inspecting the situation.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

A FINE line of boating shawls to be cleared out within the next few days at Dawson Bros.' old stand, Hunter street. d

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

Personal.

Mr. Ed. Brown, of the Commercial House, is in Toronto attending the Woodbine summer meet.

At the recent examinations in Toronto University Mr. F. C. Armstrong, a former pupil at the Institute, took first place in first class honors in English and Italian, second place in French and German, and first class honors in History.

At the commencement of the University of Toronto on Tuesday, the degree of B.A. was conferred upon Mr. J. D. Graham, of Lakefield, and Mr. E. L. Hunt, now of the Guelph Agricultural College. Mr. F. Sanderson, Actuary of the Manufacturers' Life, Toronto, took the degree of M.A. All these young men formerly lived in Peterborough and received their preliminary train in the Collegiate Institute here. Mr. T. A. Rowan, late teacher in the Institute, also took the degree of M.A.

Mr. and Mrs. Hawkins, of Brooklyn, passed through town this morning en route for Stony Lake. They are the advance guard of the American contingent of campers who annually make the lake their headquarters for the summer holidays. They will be followed in a short time by others of their friends. A new house is to be built on their property, to meet the demands of an increased number of pleasure-seekers this season.

Which Shall it Be?

"Collegiate Institute" or "High School?"
The Trustees Confer With the Inspector.

Wednesday afternoon an informal conference of the School Board, consisting of Messrs. Dumble, Deane, Hall, English, Rutherford (A.), Weir, Stratton, O'Meara and Wrighton, was held in reference to a consideration of the question of Collegiate Institute buildings. Collegiate Institute Inspector Hodgson was present and informed the board that the buildings occupied by the Peterborough Collegiate Institute did not come up to the requirements of Institute standing, and that he should feel it his duty to report accordingly to the government. Considering the fact that the board had had their attention repeatedly called to the defective nature of the buildings and the consequences, he had no doubt that the Peterborough Collegiate Institute would be classified as an ordinary High School. He found the teaching department in a better condition than he had ever before observed. The fault was in the building. He was not an architect, but he did not think that the present building could be remodeled so as to answer collegiate institute requirements, and at the same time give the accommodation for public school pupils it was found necessary to have. In addition to what he had intimated, he would report as follows as to the equipment, which was satisfactory in the matter of library apparatus and maps, and the following schedule gives the rating at which other requirements will be placed in his report.

Gymnasium	Wanting
Building	Unsuitable
Water closets	3
Water supply	3
Grounds	3
Building	3
Class rooms	4
Halls	0
Waiting rooms	0
Cap rooms	0
Private rooms	3
Desks	2
Blackboards	2
Lighting	4
Heating	2
Ventilation	3

The figures used in the above schedule represent the condition of approximation of the various items of equipment to the government standard, 1 indicating good, 2 less so, and so on up to 4. The character 0 represents utterly bad or wanting.

Various opinions were expressed by the members present. Some thought that as the government grant would cover the interest on the cost of a new building that it would be unwise to lose the grant; others thought it better to allow the Institute to lapse into a High School, which would be good enough Others thought the Court House Park ought to answer for grounds to the Collegiate Institute, and others held that the connection in buildings between the public school and the Institute had a humiliating effect upon the pupils of the latter. No action was taken. The matter was left over for future consideration.

Canadian Foresters.

The Sitting of the High Court.

The High Court of the Canadian Order of Foresters is in session at Hamilton. The report of the High Chief Ranger states that the order is in a most prosperous condition. Since June 1st, 1887, 32 new courts have been instituted.

The High Treasurer's report was presented by John Neelands, of Wingham, to the effect that the receipts on the endowment account during the year amounted to $53,740.18, an increase over last year of $11,566.21. The sum of $1,761.48 was received in interest. The receipts from the High Secretary were $53,740.18, the interest on deposits $1,761.48, together with the balance on hand last year, $31,310.99, making a grand total of $86,812.35. Thirty cheques have been paid for endowment claims, amounting to $30,800, leaving a balance of $56,812.65. On general funds account the receipts were $7,955.09, which, with the balance, $913.97, on hand last year, makes the total receipts for this account, $8,869.06. The amount paid out on orders was $8,603.43, leaving a balance of $265.63.

The High Secretary's report showed that the total number of courts was 213. That there had been initiated into the Order during the year 1,750, making the total membership 7,261, a gain of 1,503.

Dr. U. M. Stanley presented the medical report. Of 2,441 applications 2,232 were accepted by the medical officers. The death average during the year has been 4.41 per 1,000 of the membership.

At the morning session to-day the following were nominated for the ensuing year:—High Chief Ranger—R. Elliott, A. McNeil. London was selected as the next place of meeting.

Local Sports and Pastimes.

Spots of Sport.

It is urgently requested that members of the Otonabee Canoe Club turn out at the meeting to-night. Arrangements for an opening regatta must be completed and a full attendance is desired.

The game of lacrosse played at Owen Sound between Shelbourne and Owen Sound has been protested, as one of the Shelbourne players, named Hartley, played with Barrie on May 24th. An Association rule is that no player can play with two different teams in one season. The Owen Sound boys also refuse to play any more Association games until the protest is settled. In this decision they will receive the sympathy of the Riversides.

SYDNEY, N.S.W., June 13.—A sculling match took place to-day on the Fitzroy river, Queensland, between ex-world's champion Trickett, of Australia, and Edward Hanlan, of Canada, for £500 a side. Hanlon won easily by six lengths.

The Campbellford *Herald* says:—"The score of the cricket match played between Peterborough and Campbellford on the 24th of May, was Peterborough 43 and 45, and Campbellford 37 and 51, and was not won by the visiting team, as reported in the Peterborough papers." How's that, Umpire?

The Y.M.C.A. team went to Linday this morning.

A Rochester baseball team plays at Port Hope on July 4th. Could not they be induced to come out to Peterborough next day and play here?

About the match on Friday the Port Hope *Times* says:—"The Peterborough nine, about which the newspapers of that town have been talking, and which shut out the Lindsays the other day and themselves scored 30 runs, will play in Port Hope on Friday next. The Port Hope-Cobourg team that is to tackle Belleville's professionals, wanted a practice game, and so will have the northerners come in. The game will be called at three o'clock. Wood and Mulhall (Cobourg) will likely be the battery for the coalition. A good game may be expected."

Shelburne lacrosse club beat Orangeville Wednesday by three straight games.

Several members of the Riverside lacrosse club pose as fast sprinters, and they will come together some of these evenings and settle the question of supremacy.

Joyful News.

Before purchasing silk gloves, ladies are requested to call and examine the pure silk gloves, *eight* button lengths, that J. J. Sheehy is selling at 35 cents a pair.

THERE ARE MANY INDICATIONS of worms, but Dr. Low's Worm Syrup meets them in every case successfully. dw

WE AIM to make the reputation of The Pantry permanent by selling at figures that clinch the argument every time.

ONLY a few more sets of dishes left at The Pantry and these must go at once; no matter about price.

THE TORONTO MARKETS.

TORONTO, June 13.—On call at the Board of Trade to-day 85½c was offered for No. 2 fall; 86c for 5 cars of No. 1 Northern spring to arrive; 92c bid and 93c bid for 1 car on 10,000 bushels to arrive.

Eggs are in good demand at 12½ and 14 cents. The supply continues liberal. Butter is depressed owing to the local market being excessively stocked. In Montreal the quotations are from 2 to 3 cents better. Large rolls and tub butter sells at 14 and 15 cents; small rolls from 14 to 16c, and creamery at 21 to 22½c.

The heavy stock of potatoes loaded on the Toronto market during the last three weeks is rapidly diminishing, and values are gaining. It is expected that in a few days old figures will prevail. Some of the stock has been moved out to Montreal, while the deliveries during the past few days are only nominal. Rose and Chilin are quoted at 85c to 90c on the track, and whites from 70c to 90c, according to quality.

AT THE ANCIENT CAPITAL.

Enthusiastic Reception of the Governor-General.

QUEBEC, June 14.—Fully 3,000 people were assembled on Dufferin-terrace yesterday afternoon to witness the reception to the Governor-General. The Mayor read the address in English and French, and His Excellency replied in both languages.

After spending a week at the Citadel the vice-regal party leave town on Wednesday next for the Metapedia, Lord Stanley having acquired the country seat of Lord Lansdowne in that charming region.

Hon. Mr. Stanley, A.D.C. to His Excellency, left here to-day for New York, whence he will sail for England on Saturday in the Servia.

OUTSIDE THE LIMITS.

The Outrages by Yankee Fishermen Committed Beyond Our Jurisdiction.

HALIFAX, June 14.—The new fishery cruiser launched at Shelburne has been named C. H. Tupper. She will be commanded by Captain Quigley.

Captain Gordon, of the flagship Acadia, expresses his opinion that most of the depredations by Yankee ocean highwaymen were committed outside the limits, where the cruisers have no authority, and the only recourse is for the aggrieved Nova Scotia fishermen to take proceedings against the guilty parties in the courts. If they do that he guarantees service and execution of all papers. He says the Government are doing their best to protect the fisheries, but it is impossible to have a cruiser at every point along Canada's enormous sea coast line.

A Jealous Boulangist.

PARIS, June 14.—Commandant Harriott, a warm advocate of the Boulangist cause, during a fit of mental aberration yesterday shot his young wife and then shot himself. Both are in a critical condition. Madame Herriott was formerly a shop girl. It is supposed the motive for the act was jealousy, although Madame Herriott had been an attentive and untiring nurse during her husband's illness.

National Leaguers Arrested.

LONDON, June 14.—Several members of the Irish National League have been arrested in Ireland. The arrests were the result of secret inquiries. Some of the persons taken into custody were charged with declining to give evidence at the trials of various offenders.

I know it's hard to believe, but Mrs. Buyclese, a regular prayer meeting woman she is, too, told me so with her own mouth—which is hardly ever shut, goodness knows—that she went trapesing up to Toronto with the Masonic excursion. She went through all the shops and pric.d 'em all She wanted to get a wedding present for Ann Jane Mariar who is going to marry that half baked gawk, Ben Slowit, and she was disgusted. She could do better at home. And she spent $1.85. $1.75 for her ticket and nine cents for cakes and a paper of pins, she got at a seven-cent store—she love that old cashmere dress she's worn a life time, on the car steps—O my! where was I?—O yes! she went straight to China Hall when she got home and got a lovely china tea set for so much less than she could in Toronto, that it made up for her expenses to the city. And she says they have terrible fine and cheap dishes at China Hall, and as she says, says she, 'Dead loads of 'em, too.'"

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

NOTES FROM THE CAPITAL

JUDGMENTS DELIVERED IN SUPREME COURT CASES.

The Government to Manufacture Methylated Spirits—Emigration of Children from Glasgow—Items of Interest.

OTTAWA, June 15.—The Newfoundland delegation, who are coming to Canada to discuss the question of union, will arrive here in September.

The Supreme Court met yesterday to deliver judgments. Evidently the judges at last decided the question as to whether they could deliver judgments in cases on which the late Judge Henry sat, thereby admitting the validity of the special Supreme Court Act providing for rendering judgments in cases where any individual judge is absent, but none on account of death. Most people would admit that a man was "absent" when he was dead, but it took the Supreme Court some days to find this out.

The Court rendered the following judgments:

Dickson vs. Kearney, appeal allowed; Bickford vs. Canada Southern Railway, appeal dismissed with costs; Forsyth vs. Bury, appeal dismissed with costs, the Chief Justice and Judge Gwynne dissenting; Gardner vs. Klopfer, allowed with costs; Can. Atlantic Railway vs. Cambridge, dismissed with costs; Merchants' Marine vs. Barse, dismissed with costs; Donald Brown vs. the Queen, perjury case, dismissed with costs; C.P.R. vs. Challifoux, appeal, allowed with costs, Judge Fournier dissenting.

Postmaster-General McLelan will leave for Halifax about the end of June and will be sworn in as Lieutenant-Governor early in July.

The number of emigrants who arrived in Canada last month was 29,195 as compared with 21,220 last year. The total arrivals since Jan. 1 are 69,763, of whom 35,050 were passengers for the United States and 34,713 settled in Canada. For the same period last year there were 52,093 arrivals, of whom 24,460 were passengers for the United States and 27,633 settled in Canada.

In accordance with the announcement made by the Government that they intended to carry on in the future the manufacture of methylated spirits, the Perkins building in Sparks-street has been procured for the purpose and operations are to be commenced at once. The importation of a quantity of naptha from France has already taken place, the intention being to obtain the spirits from Canadian distilleries. A charge of 15 per cent. over the actual cost will be made in order to cover the duty on methylated spirits. An expert from the west is to superintend the operations.

An unrevised statement of Inland Revenue for May shows the total for the month $620,210, of which $373,318 was from excise.

Mr. Quarrier of Glasgow, who is interested in the emigration of children from Scotland, had an interview with the Minister of Customs yesterday with reference to a refund of the duty on 100 iron bedsteads imported for use in a home he proposes to establish in Brockville. The Minister promised to bring the matter before the Treasury Board.

The Ottawa branch of the Irish League last night adopted resolutions endorsing the Plan of Campaign and the action of the Home Rulers against the papal rescript.

BANQUETTED AT WINNIPEG.

O'Connor Power Says the Canadian Northwest is the Place for Irishmen.

WINNIPEG, June 15.—O'Connor Power was banquetted by the Manitoba Club yesterday afternoon. There was a large number in attendance, including all the leading citizens of Winnipeg.

Mr. Power made an eloquent speech, which was warmly applauded. In the course of his remarks he said that the solution of the wide-spread distress in Ireland was in the Canadian Northwest, of which he spoke in highly eulogistic terms. The scheme which he proposed five years ago, to offer tenants 30 acres in Ireland or 160 in the Northwest, if followed would have beneficial results.

Rumors were circulated yesterday that Attorney-General Martin had resigned. This is contradicted by Premier Greenway, who spoke highly of the Attorney-General and reflected on the gang of hangers-on who, because they couldn't get a job or contract from the Government, abused Mr. Martin.

The Chief Engineer of the Northern Pacific is here consulting about the extension of the Red River Valley Railway to Portage la Prairie.

The Reformers have elected Isaac Campbell as their candidate for South Winnipeg, and he has accepted.

Indiana Must Have One.

PITTSBURG, Pa., June 15.—In an interview Senator Spooner, of Wisconsin, who is en route to Chicago, said: "The indications point to the selection of one candidate from New York and the other from Indiana. It is necessary that one of the candidates belong to Indiana, and it is unfortunate that two residents from that State should be in the field."

Children Cry for Pitcher's Castoria.

THE PRIESTMAN TRAGEDY.

HOW THEY SEEK TO CONNECT THE SMITHS WITH THE MURDER.

A Weak Kind of Evidence—The Potency of Love in the Detection of Crime—The Prisoners are remanded.

TORONTO, June 15.—The revival of the Priestman mystery by the arrest of County Constable Smith and his wife has awakened keen interest among all classes. The Police Court yesterday afternoon was crowded. The Smiths listened to the evidence with much attention, but betrayed no appearance of guilt. Mrs. Priestman, widow of the murdered man, testified to the fact that her husband had frequently spoken to Smith, that the revolver found near the body was not one of the three possessed by him, and that he never carried a revolver. The daughters of the deceased gave similar evidence and Dr. Lyad, the coroner, deposed to Smith reporting the finding of the body and his apparent non-recognition of the remains, which the doctor said were easily recognised, the likeness bearing a perfectly natural expression. This point is the first brought out telling against Smith.

It is worth mentioning how the arrest of the prisoners was effected. A young man was employed by a city detective agency. He first appeared upon the scene about three months ago, passing himself off as one McCuaig, a real estate agent. His plan of unravelling the mystery developed into a seemingly mad passion for the affections of the prisoners' daughter Patience, who gave evidence at the investigation, to whom he made love with a vengeance. She became a trifle soft on him and he obtained from her the story that promised to furnish the solution of the dark tragedy. This version looked well and sounded better, but under the Police Magistrate's very clever cross-examination the expectations of the prosecution to fasten the crime on her parents were speedily dispelled. It is understood that Mr. Badgerow will abandon the case and ask for the dismissal of the accused.

The prisoners were remanded.

THE "DISORDERLY CLERGYMAN"

The Latest Happenings of Interest in the Queen City.

TORONTO, June 15.—It is whispered that Mr. Goldwin Smith is about to devote himself to a work that he hopes will hold a permanent place in literature. Mr. Smith has been a voluminous writer on many subjects, but he has produced nothing of enduring value.

Mr. Samuel Armstrong, M.P.P. for Parry Sound, reports that the mining fever has got a bad grip on that district. Interest is chiefly centred in the mines at Duncharch, twelve miles from Parry Sound village, where an assay has been made, which yielded $27 of silver and $18 of gold to the ton. A second assay is in progress. The boom is covering all the new districts at a startling rate.

A resolute, organized effort is to be made to force the adoption of the Third Party resolutions at the approaching Montreal Convention of Prohibitionists.

Rev. Mr. Fish of the Queet-street Methodist Church has resigned because of ill-health, he being a sufferer from heart disease.

Mr. A. F. Jury, chairman of the Legislative Committee of the Knights of Labor, has instructions from the Executive of the Order to have issued in pamphlet form his report of the labors of the committee during the recent session of Parliament. The report will be out in a few days. It will be of great interest and value to members of the Order in all parts of the country.

The Committee on Ethics recommended that the name of Dr. W. S. Clark of Jarvis-street Toronto, be removed from the roll for unprofessional conduct. While the resolution was under discussion it was announced that the doctor had withdrawn his name from the association, which ended the matter.

A deputation from the Ontario Medical Council waited on Acting Attorney-General Hon. A. S. Hardy yesterday afternoon and urged that the Ontario Government place the bodies of the inmates of the lunatic asylums on the same basis in regard to the Ontario Medical Council as those of hospitals and gaols.

Rev. Mr. Wilson, the Methodist pastor of Davisville, who was so strangely hustled into the cooler by P.C. Jarvis, was arraigned yesterday and pleaded not guilty to disorderly conduct. There was a number of indignant clergymen present to support their colleague, who appealed to the Court to dispose of the matter summarily, as his reputation was at stake. The policeman, however, secured a remand in order to bring a witness.

Hon. G. W. Ross, Minister of Education, delivered an address at yesterday's meeting of the Ontario Medical Association in the theatre of the Normal School. Several papers were read and discussed, the lead being taken by Drs. Smith, of Orangeville; Gardner, of Montreal; Johnstone, of Kentucky; Bray, of Chatham; Hunt, of Clarksburg, and Clarke, of Toronto. Dr. O'Reilly, Superintendent of Toronto General Hospital, exhibited various surgical appliances used in that institution, and also the new ambulance lately presented to the city by Mr. John Ross Robertson.

REV. E. A. STAFFORD PRESIDENT.

The Opening of The Toronto Conference Yesterday—Officers Elected.

TORONTO, June 15.—The Toronto Conference of the Methodist Church commenced its fifteenth annual session yesterday in the Metropolitan Church. It required three ballots to elect the president. The formidable runners were Rev. E. A. Stafford, Rev. Hugh Johnston and Rev. Dr. Stone. On the third ballot Rev. E. A. Stafford, the pastor of the Metropolitan, closed the contest fifty-four votes in the lead. Rev. Hugh Johnston was elected secretary.

Rev. E. A. Stafford, M.A., L.L.B., D.D. the newly-elected president, is a ripe scholar, and rich, original thinker of about 45 years of age. He was educated at Victoria College, Cobourg, where he earned degrees in arts and law, to which was added the other day the doctor's degree by Central College, Missouri, a school under the direction of the Methodist Episcopal Church South.

GERMANY'S RULER DYING.

THE END OF THE EMPEROR'S BATTLE WITH DISEASE AT HAND.

His Life can be Prolonged but a Few Hours at the Most—Growing Weaker and Unable to Take Food—Anxiety at Berlin.

POTSDAM, June 14.—The unequal combat with disease waged by the Emperor for many weary months is near at its close, and at any hour, at any moment the news of his death may be expected. The worst symptoms have set in. Inflammation of the lungs has supervened. His strength is visibly failing, he is no longer able to take nourishment, and all Dr. Mackenzie's efforts to feed him by means of a tube have failed.

He shows less interest than heretofore in what is going on about him, and when lying down is entirely apathetic. At other times he is fully conscious and his intellect remains clear, but he suffers no pain. The Crown Prince will remain at the palace all night.

Early this afternoon, while reclining in an armchair, he wrote a few farewell words to Prince Bismarck. Afterwards he took a sip of food through the tube, a little cognac being administered. The Dowager Empress Augusta and the Grand Duchess of Baden will arrive to-morrow.

The people of Berlin did not realize the extreme gravity of the Emperor's condition until the appearance of the morning gazettes containing the morning bulletin. People then felt that henceforth only the worst news could be looked for. Gendarmes were universal and the intense anxiety increased as subsequent extras announced the approach of the last agony. Until long after nightfall crowds gathered in front of the official residence in Wilhelm-strasse, being especially watchful at the Chancellor's residence.

Early in the forenoon Count von Schellendorf visited Prince Bismarck and then started for Potsdam, where they remained two hours and retired to the Chancellery together. Several Ministers visited Prince Bismarck in the evening and an informal council was held. Prince Bismarck had a long conference with the Crown Prince at Potsdam.

POTSDAM, June 14.—A bulletin issued at 10 o'clock this morning says the Emperor is much worse. His strength has been failing since last evening.

NOON.—The Crown Prince and Crown Princess and Prince Henry have arrived at the castle. Empress Victoria has watched by the bedside of the Emperor since 6 o'clock this morning. All the members of the Imperial family have been summoned to his bedside.

1.35 p.m.—The pulmonary affection which the physicians feared on Tuesday [illegible] would attack the Emperor supervened last evening.

LONDON, June 14, 3.20 p.m.—A despatch just received from Berlin says that the case of the Emperor have become inflamed, and the end is approaching.

LONDON, June 14.—A despatch to the Exchange Telegraph Co., sent from Berlin at 1.52 says that look[illegible] has not [illegible].

Photographers have made preparations to take a picture of the scene at the Emperor's death bed.

Vienna journals strongly censure the political leaders for worrying the Emperor into a relapse.

POTSDAM, June 14, 4.30 p.m.—The worst symptoms have set in in the case of the Emperor. His strength is visibly waning, and he shows less interest than heretofore in what is going on about him.

A DEADLOCK

Quebec's Legislative Councillors Spend Last Night in Filibustering.

QUEBEC, June 15.—There is a deadlock in the Legislative Council. The Government supporters made an attempt to-day to carry a motion declaring the seat of Dr. Lavallee vacant in consequence of his letter of resignation which he afterwards withdrew.

The Conservatives claimed the matter should be referred to the Committee on Privileges, Mr. Starnes making a motion to that effect. Mr. Archambault moved in amendment that the debate be adjourned until to-morrow.

This was negatived by 10 to 10.

Filibustering followed, motion following motion only to end in a deadlock.

At 2 a.m. an agreement to adjourn was arrived at.

THE GENERAL ASSEMBLY.

The Business Transacted by the Presbyterian Divines.

HALIFAX, June 15.—The first hour of the meeting of the Assembly was consumed in devotional exercises. The new Moderator was in the chair. The Moderator with the assistance of the Assembly then nominated a committee to strike standing committees.

Rev. Allen Simpson handed in the report of the Committee on Bills and Overtures recommending that Rev. Messrs. Lane, Forest and Drysdale be a committee to make arrangements for service in St. Mathew's Church on Sunday next. The report also recommended that the subject of Home Missions be taken up this evening and Foreign Missions to-morrow evening, that Free Evangelization, etc., be taken up Monday night, Religion and Temperance on Tuesday night, Sabbath and Sabbath Observance on Wednesday night, and that Thursday morning be devoted to the Confession of Faith and the marriage question.

Reports were read from the Presbyteries of Victoria, Kingston, Barrie, Huron, Hamilton and Knox College with reference to certain aspirants to ministerial positions who had not completed their college course. These reports were referred to to the Committee on the Reception of Students.

Collingwood's Natural Gas Find.

COLLINGWOOD, June 15.—There have been many visitors here to investigate the newly discovered gas wells. The people hereabouts think a bonanza has been struck. When the orifice of No. 2 well, which is about two inches in diameter, was plugged up with a view to compelling the gas to flow in the pipes the plug was blown out. From the force with which the plug was blown away it is concluded that there is gas there in large quantities.

FRIDAY, JUNE 15, 1888.

THE FARMERS' SONS AND THE FARMERS' DAUGHTERS.

SERMON BY LAYMAN.

(*Written for the Examiner.*)

The Province of Ontario is emphatically an agricultural country, and the great body of its people are farmers. Without farmers the country would be nothing. The farmers, therefore, are masters, and ought to rule. They could elect our legislators and direct legislation. And a large majority of our legislators should be farmers, but, as a matter of fact, they are not. And, as a matter of fact, every other interest is more largely represented in our legislatures than that of the farmer. There must be some cause for this state of things, and the question is, What is the cause? The farmers are of necessity isolated and live far apart from one another. When any matter of a public nature arises, the farmers are the last to take it up. This arises from their isolated position. They cannot meet together and discuss public questions with the same ease and facility as men who live together in cities and towns, and they are, therefore, unable to take the first steps or to work together as can those who live together in cities and towns. The result thus is that the farmers have no united action. They are dealt with in detail and each cannot know what the other thinks or wants to do. And so they do nothing. The result then is that the men in cities and towns become masters of the situation in all public matters, and they dictate to the farmers what they shall do, and they do it. It thus follows that seven-tenths of our voters, the farmers, are virtually disfranchised, because if they are the mere followers of the remaining three-tenths, the latter rule and the farmers go for nothing. If, however, the farmers had one common action, as they possess one common interest, these positions would be changed and the farmers would rule. Now, the question is, how is this false state of things to be remedied, and how are the farmers to exercise their legitimate influence in the public business of the country? There is only one way, that I can see, of doing this, and that is by the farmers coming together at stated periods, as in farmers' institutes, and there form a common basis of union and there work for their common good. And in this way they would possess the advantages which the people of the cities and towns possess, and instead of being led, as they are now, they would lead. And in the same ratio as they acquire political power, they would acquire social influence and standing, and then the farmers would be looked up to and respected. And their profession, as farmers, would be more respected and valued than it is now. And their sons and daughters would feel a pride in their position and calling and would be more willing to remain at home than they appear to be at present. And there would be more of them who would be glad to follow the avocations of their fathers and their sons would be more willing to take up land and become farmers also; and their daughters would not think that the farm life was a drudgery and that life in a town was more to be desired. Many years ago, when I was at home on my father's farm, I used to think I would give the world if I only had books and papers to read. But books and papers were difficult to procure in those times, and thus all the earlier part of my life was given over to work with few amusements and with little to instruct and improve. But these things are all changed now. Books and papers are plentiful and easy to be had, and the farmer or parent who neglects to provide them in the household does his family a great injury and injustice. For if he provides no home amusement and instruction, and does not make his home attractive and pleasant, his children will surely look for amusement elsewhere and often that of a very questionable kind. It is the barren, bleak, naked home which supplies the bar-room with visitors, who in time become tipplers. Whereas, had the home been made pleasant the attractions of the bar-room would not prevail, and many a home which is made desolate would be saved and many a son and daughter would rejoice in the comfortable home and would thus repay their parents ten fold for their foresight and care. But I began by referring exclusively to the son and daughters of the farmer, and I must confine my few remarks to them alone. And they deserve all the attention which they can receive. They are the future hope of our country, and to them we must soon look for good government and for the improvement and salvation of our country. And it is desirable to have them contented with their position, so as to keep them upon the farm, where life is so full, or might be so full, of independence and happiness. There is no position so free from care as that of the farmer. And no calling where there is to be found more freedom and comfort. And if the farmer does not enjoy all these blessings it is his own fault. He has the soil, which is the basis of all our prosperity and wealth, and all he has to do is to cultivate and reap the advantages which nature has so bountifully given him. His days are given to labor and his nights to repose. And around the evening fireside he and his family can, if they will, enjoy in quiet that peace which passeth understanding. His sons and daughters need envy no one anything. And if they were wise they would find that the noise and attractions of the city or town are as nothing when compared with their own quiet home in the midst of a beautiful and peaceful country. They little know the worry and the vexations and the cares of life in a town. If they did so there would be fewer of them leave the old home for the sake of the imaginary pleasures which they look upon but can never realize.

How blest the farmer's simple life,
How pure the joy it yields,
Far from the world's tempestuous strife,
Free 'mid the scented fields.

Every farmer, when he becomes a man often looks back with pleasure to his early boyhood days when he wandered through the woods, hearing the singing of the birds and playing in the fields and gathering berries. And I will venture to say that there is not one man who has left the farm for the town who, in afterlife, does not look back with longing to the old happy farm house and its surroundings, and call to mind all the pleasant years which he passed there. I know that this is the case with me, and often and often have I wished that I was a boy again, being at home upon the farm with kind parents and full of mirth and play. And when I was free from care and trouble. I often think of my wanderings in the fields and along the edge of the woods, and gathering flowers and then going home to hear kind words and be fed and then going out to play again. Yes, the farmer's life is indeed full of joy, and happiness and peace.

The Farmers' Song.

BY ARCHIE MACK.

We are the jolly farmers,
We till the teeming earth,
We gather in our harvest
With jollity and mirth.
We feed the poor mechanic
Who toils the whole day long,
And, when the evening cometh,
We sing the Farmers' Song:
CHORUS.—Ah, happy are we farmers,
In winter and in spring,
In summer and in autumn
The self-same song we sing!

To us the city merchant
Looks for his daily bread,
The titled lord and lady
By us are also fed.
The lawyer and the statesman,
And all the motley throng,
Depend upon us wholly,
Then raise the Farmers' Song:
CHORUS.—Ah, happy are we, etc.

The doctors and their patients,
The monarchs on their throne,
All look to us for sustenance.—
What power the farmer owns!
We feed the poor and needy,
We feed the weak and strong,
And while we toil and labor,
We sing the Farmers' Song:
CHORUS.—Ah, happy are we, etc:

Who would not be a farmer,
And cultivate the soil?
How happy in our freedom
Are we, despite our toil!
'Tis we who guard the nation
From tyranny and wrong,—
Then join us in singing
The sturdy Farmers' Song:
CHORUS.—Ah, happy are we, etc.

By taking advantage of the opportunity offered you to buy Superior Teas at Honest Prices from the undersigned.

You May Try

Everybody's Teas in Town and compare them with our Strictly Uncoloured Japan, English Breakfast, Oolong and Young Hyson and you will be convinced that none will suit your taste as well as ours.

To Buy Teas Right

Is something which requires close study and observation. The cultivation of a trained sense of smell, taste and inspection is needed, which takes a long time to acquire and many never can acquire it.

To Keep Teas Right

After they are bought is another thing which no one can succeed in doing unless he is an enthusiast in looking after the "small details" of the Tea trade.

The Unflagging Attention

We give to the Tea branch of our business has demonstrated the truth of the above, and our lengthened experience gives us confidence in guaranteeing superior qualities which we invariably handle. We pride ourselves in our Tea Trade.

Our Finest Coffee

We positively guarantee to be of finer aroma and greater strength than the coffee usually sold. The properties of coffee require constant care and attention in order to retain its delicacy and purity. No one will be disappointed by using our Coffees regularly.

All Lovers

Of good Tea and Coffee know how easily both drinks may be spoiled on the stove. To secure the best results, therefore, a fair trial by the practical housekeeper is of course necessary to insure success.

SPORTING NOTES.

The Tax on Racing Associations—The Walking Match—Ball Record.

ALBANY, June 15.—Assembly bill No. 236 to amend chapter 479 of the Laws of 1887, relating to pool selling upon the race tracks, was introduced for the purpose of exempting country race tracks and fairs that did not have betting on their grounds from paying the tax imposed by the Ives Pool Act. The bill was passed, but the Governor refuse to sign it, giving his reason thus: "The object of this bill is to exempt from the tax payable to the Comptroller by racing associations, such associations as can prove to the Comptroller that no pool selling, book making or gambling has taken place on the grounds of said association. The Comptroller objects to being made a judicial tribunal for the investigation of the facts in such cases, and I do not think he ought to be burdened with such unusual duties. Moreover, this bill is also defective in other important respects. A less objectionable method might have been adopted for accomplishing the object of this bill.

CHINESE IMMIGRATION.

An Inter-Colonial Conference Considers the Question.

SYDNEY, N.S.W., June 15.—The Inter-Colonial Conference on Chinese Immigration passed a resolution to appeal to the Imperial Government to conclude a treaty similar to that concluded between the United States and China. The conference also resolved, in the event of such a treaty being concluded, to abolish the Chinese poll tax and repeal the enactments relative to the tonnage on vessels bringing Chinese to the colonies. Chinese, however, will not be permitted to travel from colony to colony without passports.

The Daily Examiner.

FRIDAY, JUNE 15, 1888.

The Weather.

Moderate to fresh southeast and southwest winds. Generally fair and very warm, with local showers in northern Ontario.

Cool yet Stylish.

This describes the ladies' dresses made from the splendid silk grenadines for summer wear at the golden lion. Special attraction to ladies this broiling weather when the thermometer mounts out of sight. Beautiful imported goods of special value. Call at fair's and see them. Stylish dressmaking done on the premises.

A Taurine Terror.

A brindle steer isn't much to look at, but when it takes a notion it can kick up as big a row as a whole menagerie. Last night one of these taurine terrors was being driven through town to Wainwright's slaughter house. It raved around and slipped into the creek just above the dam on Aylmer street, and gave the large crowd that collected plenty of amusement and hard work before it could be hauled out again. Its temper was subdued by its sudden plunge in the cool water, and it went the remainder of the distance very quietly.

The Shore Route Selected.

The C. P. R. and government engineers, with several property owners and members of the town council, made an examination of the proposed routes of the C.P.R. switch line Thursday afternoon, and, it is understood, the government official will report in favor of the shore route. The line will be continued along the shore till the old city flour mills are reached, when a deviation will be made to cross a portion of the river and strike the shore again alongside the woollen mill. This, it is understood, will be satisfactory to all parties

Wanted.

A Dining Room Girl wanted at once at the Commercial House. 2d

A Fall in Ice Cream.

Mr. Jas. Long's bakery boy was drawing a small cart loaded with a couple of ice-cream freezers along George street to the store. At McKee & Davidson's hardware store, where the sidewalk is torn up for the purpose of drain digging and a few planks laid across, an awkward spill occurred. The boards were too narrow for the cart and it upset, dumping one freezer upside down into the bottom of the drain. The worst damage was done by the handle of the cart, which flew up and smashed the plate glass window. It was an expensive accident—a freezer full of ice-cream and a plate glass window to pay for.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect. the cheapest and best goods between and to and Montreal. d

A Fine Clothing Store.

Recent improvements made to the clothing store of Messrs. T. Dolan & Co., make it one of the finest shops in a town noted for its beautiful business places. The ceiling has been beautifully papered in panels by Mr. H. W. Watson, and a new counting room has been placed near the counter of the veteran cutter, Mr. Pete Simons. The wood work of the counting room is of ash, put together in Belleghem's best style, and finished in oil. It contains one of Taylor's new burglar-proof safes—a sort of cash-Gibraltar. The changes make a vast improvement, worthy of the push and vim of the firm.

The Ennismore Pic-nic.

A Day of Delight at Deane's Grove, Bridgenorth—An Entirely Successful Pic-nic.

On Thursday the annual pic-nic of the congregation of St. Martin's church, Ennismore, of which Rev. Father Keilty is the indefatigable and popular pastor, was held in Deane's Grove, Bridgenorth. The Grove is beautifully situated on the shore of Chemong Lake, and especially well adapted for pic nic parties. All day long the people of the township and neighborhood kept up the merriment, and in the afternoon their numbers were swelled by an influx of visitors from the town, who were attracted by the local fame of these renowned annual outings. The attendance during the day must have been fully 500, mostly young people, and the proceeds were proportionately satisfactory. Inside the grounds there was plenty of amusement. Early in the afternoon a short open air concert of vocal and instrumental music was rendered from a small stage erected for the purpose. Lower down a large platform was crowded with the merry devotees of Terpsichore, whose motto, "On with the dance! Let joy be unconfined," kept good till an early hour in the evening, when the proceedings were drawn to a close. Prof. Doucet's orchestra supplied good music, which to the young men and maidens fair was sufficient stimulus to keep up the vigorous exercise for hours. A shooting gallery and lemonade stand were also centres of attraction. But chief of all were the dinner tables, which were spread beneath leafy trees with all the edibles which the good ladies of Ennismore are famous for producing. Their reputation in this line was enhanced by the excellent menu presented at the last picnic. Hundreds of hungry people were fed and satisfied. The ladies presided over the spread, which was prepared in the lodge, kindly lent for the purpose by Mr. Deane.

The drawing for the Texas pony created considerable excitement. The lucky number was picked from a box by Dr. Kincaid, and the owner found to be Mr. James Byx. The animal was on the grounds and was inspected by the crowd. Miss McCann and the other ladies who sold ticket. did nobly, something over 800 being disposed of at 25c. each.

Owing to the unfitness of the ground for athletic sports, the events down on the programme had to be dispensed with, much to the disappointment of both the management and the picnickers.

After the drawing, Mr. J. R. STRATTON, M. P.P., made a few remarks anent the auspicious occasion, and referred to the unity there existed between Roman Catholics and Protestants in helping along the good cause by this means. He hoped they and their pastor would be spared to enjoy many such pleasant occasions.

Dr. KINCAID, being called on, spoke in a similar strain, and observed that the people of Ennismore had made great progress in the last twenty years. He had been at many of these pic-nics and had come because he enjoyed himself. He believed all religious and political differences should be laid aside on these occasions and all join heartily together. Referring to the popularity of the pastor, Rev. Father Keilty, he expressed the hope that are long his zeal and capability would be rewarded by his being created a bishop of one of the dioceses.

Rev. FATHER KEILTY briefly expressed his thanks and concurred in Dr. Kincaid's remarks regarding the union of Protestants and Catholics, hoping that the time would come when all would be united under one government. Harmony had always existed between the two denominations in this locality, and by coming together in this fashion at pic-nics they would be brought into still closer connection. He was pleased to see so many of his Protestant friends present, and hoped they would enjoy themselves, and concluded by moving three cheers for the Protestants present.

This was done, and after cheers for Dr. Kincaid, Rev. Father Keilty and Mr. Stratton, the festivities were resumed as usual.

After a day's enjoyment the picnickers left for their homes, delighted with the hospitality of the Ennismore ladies, the pleasures of the grove, the fine weather—in fact, everything gave satisfaction.

The New Stewart House.

It's practically a new hotel. Mr. Wm. Kenneally has assumed possession of the Stewart House and has had it thoroughly renovated from garret to cellar. The paperhanger, painter and calciminer have been busy at work, and the whole establishment is now as clean and sweet as a June rose. Other improvements have been made and the Stewart House, under Mr. Kenneally's management, is a first class hotel in all respects, where guests will find the best of all kinds of accommodation at moderate rates.

Ministers' Stations.

There were some inaccuracies in the list of stations supplied the EXAMINER. It is Rev. A. C. Wilson who is stationed in Ashburnham, and not J. C. Wilson, the latter having been assigned to Cobourg (King street). Rev. F. Johnson goes to Lakefield and Rev. J. McFarlane to Keene.

THE great clearing sale of dry goods now going on at Dawson bros.' old stand, Hunter street, will only continue a few days longer. Dont fail to see the *real* bargains they offer. 2d F. S. Gould, Agent.

The Soo.

The Syndicate are selling "Soo" lots rapidly and at increasing rates. Messrs. Routley and Ewing, of Warkworth, are latest purchasers. The increase of the "Soo" this spring is wonderful. The canal is, we believe, assured. Our exchanges contain frequent references to the marvellous progress of the "Soo" and the certainty of future rapid growth.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

A FINE line of boating shawls to be cleared out within the next few days at Dawson Bros.' old stand, Hunter street. d

To-Day and To-Morrow.

Don't miss Ostroma's great boom in strawberries, choice 15c, per quart; tomatoes, 15 cents per pound; fine, fresh cabbage. 2d

Local Sports and Pastimes

A Victory at Lacrosse.

Three goals to one is the tune to which the the Peterborough Y.M.C.A. team did up the Lindsay Association twelve Thursday afternoon. The game was played on the Union school grounds, and was hotly contested throughout. There were two or three hundred spectators in attendance. The teams lined as follows:—

Lindsay.		*Peterborough.*
Pearson	goal	Manning
Cornell	point	Metheral
Anderson	cover point	Connal
Hudson	1st defence	Henderson
Deacon	2nd defence	S. Rubidge
Smyth	3rd defence	Davidson
MacPherson	centre	Mooney
Bigelow	3rd home	Stevens
Heaton	2nd home	P. Rubidge
Mulligan	1st home	Hendricks
Finlay	inside home	Foote
Montgomery	outside home	Armstrong
Murdock	Field Captain	J. Paelan
J. D. Flavelle	Umpire	K. C. Carter
Dr. Hood	Referee	

The Lindsay men were much larger and heavier than the Peterboroughs, and when the first game went against our boys after only three minutes' play, their hopes dwindled down to a pin-point. But, nothing daunted, they went to work. The second game they took in ten seconds. It was a neat, rapid bit of play, some of the Lindsays touching the ball, which was secured on the face, passed between two or three Peterboroughs and shot through the goal by Foote. This cheered them up, and they went at it and won the match after a hard struggle and considerable rough play. Foot received an ugly cut on the head. He was making his last goal shot when a Lindsay man ran up to check him. He missed his aim, however, and struck Foote on the forehead, knocking him down. A physician was summoned and the wound dressed. After that play was continued with one man short on both sides. Several of the Lindsay and Peterborough players received severe cuts and bruises.

The Lindsay men all played pretty well, but they were conquered by the superior agility and team play of the visitors. Manning, Metheral, Connal, Davidson, Mooney, P. Rubidge, Hendricks and Foote especially did good work, but all played so well that personal mention would be invidious. They won the victory, and each can claim a share of the credit.

They speak in high terms of the treatment they received, and promise to reciprocate in like manner when the Lindsay team visit Peterborough for the return match, the date of which has not yet been fixed. Following is the record of the games:—

	Scored by	*For Whom*	*Time*
1st game	Montgomery	Lindsay	3 min
2nd "	Foote	Peterboro	10 sec
3rd "	P. Rubidge	Peterboro	55 min
4th "	Foote	Peterboro	5 min

Play was continued till time was called, neither side scoring again.

In the second game the rubber was drawn out by Mooney, secured by Davidson, lobbed on goal and knocked through by Foote—all in just ten seconds.

In the third game Metheral made a fine piece of play. Securing the ball on the Peterborough's defence, he dodged three men who had surrounded him and threw it to the other end of the field square on the Lindsays' goal.

"Joe" Phelan, who acted as captain, did his part to perfection. All the boys were pleased with the way he martialled them to victory.

The First Regatta.

The public may look for the first regatta of the season on Little Lake June 26th, Decoration Day. It will be a joint affair, the Otonabee Canoe Club and Lansdowne Rowing Club having decided to unite forces and have a grand opening regatta. The Canoe Club Thursday night decided to request the Rowing Club to join with them, and the offer will be presented at the meeting of the Rowing Club to-night. The application is, however, merely formal, as the matter has already been practically settled between them. The regatta will likely be held early in the evening, and at the meeting of the Rowing Club to-night a deputation from the Canoe Club will be present and assist in drafting a programme of races.

Baseball.

The baseball club went to Port Hope on the noon train to-day. They will return in the morning.

The Lindsay *Watchman* says:—"A Lindsay baseball team went down to Peterborough last week to play the first game of a series of games, in the new Midland League, and the least said about the result the better. The old and well known nine were weakened by the absence of both Little, pitcher, and McAdam, 1st base, and as was expected, our boys suffered defeat, in addition to this they were handicapped, much more seriously in another way, which we will not mention openly but we may say no one knows better than the boys themselves that any nine in Canada, or elsewhere, playing against a good nine, have not a ghost of a chance against the "*other fellow*" who helped the Peterborough men to beat them. The "*other fellow*" was NOT the umpire!" Does the *Watchman* intend to insinuate that they were drunk? They were full enough (both of gin and chagrin) after the match, but they certainly were sober when they played. The *Watchman* adds that Peterborough will have another chance soon at the Lindsays, and then the latter will play to win.

The *Intelligencer* says:—"The Bellevilles play at Oswego on Friday and Saturday and at home with the Kingstons two games on the 20th. They will probably play an exhibition game at Peterborough soon."

Lawn Tennis.

The lawn tennis meet on the P. A. A. A. grounds Thursday afternoon was most successful. Four or five courts were kept running all afternoon and evening, and about six o'clock tea was served. These meets are to be held fortnightly, and are open to members and their lady friends, the latter supplying the refreshments. Lawn tennis is becoming more popular every year.

Spots of Sport.

Meeting of the Lansdowne Rowing Club to-night at 7:30, to arrange for races next week. Full attendance requested.

Owners of fast horses in town are training every day for the races on Dominion Day.

"Sleepy Dan" is at Montreal and will trot in the races there next week. Mr. Wisch has him entered in two events. It is expected he will make a record for himself.

A team of the Lindsay High School cricket club is expected down to-morrow to play the Colts on the grounds here. Belleville club will come up next Tuesday.

Personal.

R. Elliot, of Wingham, was elected High Chief Ranger of the High Court of Foresters.

Mr. F. C. Taylor and Mr. O. J. McKibbon, of Lindsay, are in town to-day on a prospecting tour.

Miss Annie Dunn and Miss Bagley, of Peterborough, sang at the Bridgenorth picnic Thursday.

Mrs. M. Sullivan and Miss Mary Tierney left Thursday on an extended visit with friends in New York.

Mrs. H. C. Rogers and Miss Rogers returned home last night, after spending several months in California, British Columbia the Northwest and Manitoba. They returned home by way of Winnipeg. Mrs. Rogers, though fatigued by her journey, feels an agreeable increase of strength as the result of her trip.

The EXAMINER acknowledges with thanks the receipt of a packet of beautiful moss rosebuds from Miss Armstrong, daughter of Mr. Sheriff Armstrong, of New Westminster, British Columbia. The buds, considering their long journey, are in a fine state of freshness—

You may send them by post, or express, if you will—
The scent of he roses will hang round them still.

Why Baking Powders are Best

(From Hall's Journal of Health.)

Baking powders properly compounded, and containing pure cream of tartar, are more convenient than yeast; and bread and pastry made with them are just as wholesome, and far more palatable.

We are in entire sympathy with the manufacturers of the Royal Baking Powder—who commenced and are vigorously conducting the war against the use of adulterated baking powders.

Before committing ourselves, however, we made tests of a sufficient number of baking powders to satisfy ourselves that the substitution of alum for cream of tartar in their composition has not been over-estimated, while a careful examination of the Royal Baking Powder confirms our belief that Dr. Mott, the Government Chemist, when he singled out and commended this powder for its wholesomeness did it wholly in the interests of the public.

We do not hesitate to say that the Royal Baking Powder people deserve the gratitude of the community whom they are endeavoring to protect.

News Nuggets.

Messrs. Connal & Co. have had their shop much improved in appearance.

—The residents of Park Place want the waterworks mains extended to Park street.

—Native strawberries are likely to remain a luxury. The crop will probably be a light one.

—The members of the School Board are invited to attend the exhibition drill to-night in the skating rink.

—Engineer English has the Silsby steamer in glittering guise after her saw-dusty trip to Lakefield.

—The battalion will have a march-out next Monday night, and afterwards the night of regular weekly drill will be selected by vote.

—Residents on Brock street west, and of Park street in the vicinity of Brock want the water mains extended and a hydrant placed at the corner.

—A Peterborough gentleman has offered a prize for the most handsome young lady at a pic-nic at Burnley, Northumberland County.

—Lindsay doesn't seem to "get there" either in lacrosse, baseball or debate, though they are excellent performers on wind instruments.

—"Quiet as a graveyard," was the report at police headquarters this morning. To-morrow, however, the monotony will be broken. Ten cases, six of them Scott Act, will be before the court.

—The corner store of the Cox block, Charlotte street is having an extension, 25x47, two stories high, placed to the rear. The premises will be occupied by Mr. Geo. Carton, grocer.

—Mr. John McKee, druggist, has been making marked improvements to his drug store. The front door has received special attention, and now the throng of customers to this establishment will have free ingress.

A Horse who can Talk.

Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone have been a hundred years ago. Why, even very recently a cure for consumption would have been looked upon as miraculous, but now people are beginning to realize that the disease is *not* incurable. Dr. Pierce's Golden Medical Discovery will cure it if taken in time. This world-renowned remedy will not make new lungs, but will restore diseased ones to a healthy state when all other means have failed. Thousands can gratefully testify to this. All druggists. b

"Why, Mrs. Jawsome, how can you insinuate such a thing? I drunk or mad? I'm strong Scott Act. I know it's hard to believe, but Mrs. Buyclese, a regular prayer meeting woman she is, too, told me so with her own mouth—which is hardly ever shut, goodness knows—that she went trapesing up to Toronto with the Masonic excursion. She went through all the shops and priced 'em all. She wanted to get a wedding present for Ann Jane Mariar who is going to marry that half baked gawk, Ben Slowit, and she was disgusted. She could do better at home. And she spent $1.84—$1.75 for her ticket and nine cents for cakes and a paper of pins, she got at a seven-cent store—she tore that old cashmere dress she's worn a life time, on the car steps. O my! where was I?—O yes! she went straight to China Hall when she got home and got a lovely china tea set for so much less than she could in Toronto, that it made up for her expenses to the city. And she says they have terrible fine and cheap dishes at China Hall, and as she says, says she, 'Dead loads of 'em, too.'"

We are showing the New Norfolk Blouse Suits for boys and youths. This Style has become so popular in the larger cities that manufacturers can scarcely supply the demand. They look best in Fawn and Pearl Halifax Tweeds. Call and see them.

The most difficult Garment for a lady to choose is a light Print Dress, but if you call at Turnbulls you are sure to have no trouble as he can show you such a large variety in every color, every pattern and at any price.

A new material introduced this season is the Flannelette in fancy colored stripes and plains, the correct thing for ladies' wrappers and children's clothes, only ten cents a yard. Ladies handling it for the first time sometimes ask is it all wool. It is really all cotton but finished like a flannel.

As the weather gets warmer children require to have the heavy clothing changed for something light and cool, and mothers are often perplexed to know what to buy. We would call their attention to our Colored Washing, in fancy Stripes and Checks. They are warranted fast colors in fact the oftener they are washed the better they look. The prices range from 12½c. up.

MILLINERY.—We are still receiving daily New Goods by express. Another lot of Plaid Ribbons just received. Also some New Shapes, as the Blossom, Cape Town and Vallego. These are the correct thing for pic-nic hats.

SATURDAY, JUNE 16, 1888.

KAISER FREDERICK DEAD.

THE BELOVED EMPEROR OF GERMANY RELEASED FROM HIS SUFFERING.

Incidents of the Dying Monarch's Last Hours—A Patient but Terrible Struggle for Life—The Emperor's Career.

BERLIN, June 16.—The Emperor died at eleven yesterday morning. The announcement of his death caused intense excitement in the city. All the members of the Royal families were present in the death chamber at the Friedrichskron palace at Potsdam. A Ministerial Council was held just before the Emperor died. Prince Bismarck, who presided at the Council, was much agitated.

Until five o'clock Thursday afternoon the Emperor wrote with a pencil on little square paper tablets his last wishes and family arrangements. He had lost completely the use of speech. Among other things he wrote: "I feel that Dr. Mackenzie has done all that human science, watchfulness and skill could do to prolong my life. I thank him."

On another slip he wrote: "I have tried my best to do my duty to my God and to my country. I feel that the end is now near. God's will be done."

As I was waiting in an ante-room, the next room to the one in which the doctors held their consultation at eight o'clock yesterday evening I noticed the Crown Prince slowly walking, with a pale, stern face, up and down the stone verandah. As he passed the half open window he would walk on tiptoe so as not to disturb his father.

Even the weather seems weeping for the Kaiser in a steady, soaking rain. It is impossible to describe the grief of the great mass of the people, who simply adore Kaiser Friedrick.

Before the Death Struggle.

LONDON, June 16.—As soon as I heard of the sudden and serious relapse of Emperor Frederick of Germany, I sent a number of telegrams to Berlin to men who were in a position to know the actual condition of things. The returns are coming in. I send the last first, because it comes from a physician whose information when I was in Berlin proved absolutely correct. It is terse and to the point, as follows: "I have just come from Potsdam. I could not wire you from there as the Government has stopped telegraphic and telephonic communication.

Another operation was performed this afternoon to give the Emperor nourishment, but without success. His fainting fits were frequent. Intermittent pneumonia has positively commenced; the stomach refuses artificial nourishment. From the palace all reports are hopeless. Enormous crowds surround the palace and inquire anxiously for news from all visitors to the Emperor. When I came out at 6 o'clock I was nearly mobbed. Friedrichskron is surrounded by a chain of sentinels. This time his Majesty is doomed.

Another account comes from a man who was employed in the palace at Charlottenburg and went thence to Berlin. It runs as follows:—Here are a few bare facts. His Majesty was carried with great care last night by five servants and three of the doctors from his bedroom into his study. At this time he seemed so weak as to be quite without life, except at the very beginning, when he groaned painfully. The doors and windows of the study were opened wide, while two servants leaned over the bed and fanned the Emperor continually. At 3 o'clock this morning Sir Morell Mackenzie roused the Emperor from a trance or stupor to give him nourishment, but he refused even artificial nourishment. The court photographers were called this morning to take the last likeness. The scene at the dying monarch's bedside when he motioned his daughter Sophie to his side to congratulate her on her birthday was touching in the extreme. His Majesty's last act was to appoint Count Fedlitz Minister of the Interior after the resignation of Putthamer.

Sturdy old Bismarck was with the Emperor all night, returned to his house for a few hours rest, and was back again at noon. He has not left his Majesty since. The King of Sweden, Prince Meinenger and the Royal family are all present. The Empress has not left the bedside since four o'clock this morning. Her devotion is said to be simply heroic.

Sorrow in London.

LONDON, June, 16.—Much sorrow is expressed at the death of the Emperor of Germany who was very popular in this city. Flags are flying at half mast and the blinds of many houses are lowered. Numerous messages of condolence have been sent to the Royal family. Immediately on receipt of the intelligence of the Emperor's death Queen Victoria telegraphed a message of sympathy and sorrow to Empress Victoria. The Princess of Wales has returned from Ascott Heath, where she was attending the races, and started for Berlin last night.

W. H. Smith announced this afternoon in the House of Commons the death of the Emperor Frederick. He said he would move an address on Monday expressing the deep sorrow of the English nation for this calamity which has overtaken the Royal family and the people of Germany.

The Pall Mall Gazette says Emperor Wil-

him by his devotion to duty, untiring industry and firm grasp of a great idea, showed how a king could live. Emperor Frederick has shown the world how a king can die. His character in history stands higher. He earnestly executed whatever was possible to accomplish in his time.

Emperor Frederick's Career.

History presents few figures more melancholy than this of Frederick ascending the throne in his prime, but with the death-rattle in his throat. "There was a time when his friends imagined a very different career for him," says Max Muller in The Contemporary Review. "They believed that he might succeed to the throne in the very prime of manhood. His father, the late Emperor, then Prince of Prussia, had been the most unpopular man since 1848; and it was considered by no means impossible that he might think it right to decline the crown and to abdicate in favor of his son. The star of Prussia was low in 1848, and it sank lower and lower during the last years of the afflicted King, Frederick William IV. Few people only were aware of the changes that had taken place in the political views of the Prince of Prussia, chiefly during his stay in England, and the best spirits of the time looked upon his son, Prince Frederick William, as the only man who could be trusted to inaugurate a new era in the history of Prussia. His marriage with the Princess Royal of England gave still stronger zest to these hopes, for while he was trusted as likely to realize the national yearnings after a united Germany she was known as the worthy daughter of her father and mother at that time the only truly constitutional rulers in Europe. England was then the ideal of all German Liberals, and a close political alliance with England was considered the best solution of all European difficulties. Young men, and old men too, dreamt dreams, little knowing how distant their fulfilment should be, and how dashed with sorrow when at last they should come to be fulfilled."

Details of the Last Hours.

BERLIN, June 16.—An hour after midnight the Empress dismissed the members of the Imperial family to their apartments and prepared herself to pass the night watch in a room adjoining the sick chamber of the Emperor. Dr. Hovell shared in the vigil. At this time the Emperor was in full possession of his faculties. Shortly after 1 o'clock he wrote on a slip of paper the following question, which he handed to Dr. Hovell:

How is my pulse? Are you satisfied with it?

He then wrote something more but retained the piece of paper in his hand and afterwards erased them.

Between 2 and 3 o'clock his breathing became terribly labored and some moments of struggles would occur, alternating with spasms and great distress as the hard fight with approaching death progressed. By this time the strength of the dying Emperor was seen to be waning. As soon as it became evident that the end was near the Empress caused the Royal family to be summoned. At 3 o'clock all gathered around the bedside.

The Prince Starts for Berlin.

The flags on the American and other legations are at half-mast in consequence of the Emperor's death.

The Prince of Wales will start for Berlin to-morrow.

Mr. Gladstone and scores of other prominent persons called at the German Embassy and left their cards.

William II.

BERLIN, June 16th.—The Bundesrath met at noon yesterday. Prince Bismarck formally announced the death of Emperor Frederick and the accession to the throne of William, who takes the title of William II.

Germany's New Emperor.

"The King is dead! Long live the King!" Crown Prince William succeeds his father; in fact, became Emperor of Germany the moment Emperor Frederick breathed his last. No new occupant of a throne was ever more closely watched than will be Emperor William by the whole civilized world. His figure rises like a dark cloud upon the peace of Europe, ominous of lightning flashes and the reverberations of artillery's thunder. He is more than a Boulanger. A soldier, passionately fond of military exploit, self-willed, forceful, in a moment he assumes power and responsibility so vast that it can hardly be estimated. Picture to yourself a young man in his 30th year, six feet in height, straight as an ash sapling, with finely-formed, slender limbs, narrow lips, swelling chest, and square, broad shoulders, with a smallish head on a long, fullthroated neck, held proudly upright, and an oval face, with an aquiline effect of profile, clear-cut, strong chin, bended nose, prominent though not high cheek bones, and good open forehead, with clear, sharp, cold gray blue eyes, light brown hair, close cut behind, but longer on the crown, and rising from the temples to form a sort of ridge from the parting across the brow, and a yellowish moustache, loosely curled up at the ends, and you have such a portrait as words can paint of the new German Emperor.

The new Emperor is married to a German Princess, and they have several of a family. He is fond of military life, and has never taken a very prominent part in public affairs. He is a firm believer in the "divine right of Kings."

The New Emperor's Crippled Arm.

A "Former Tutor" writes: Much has been said and written about Prince William's arm that is far from accurate. I had been in the habit of sitting close beside him every day for weeks before I noticed that his arm was in any way different from that of other people. Even then, I only observed it because my attention was called to it by others. Then I perceived that the left arm was always in almost exactly the same attitude, and that the Prince could only move it very slightly, bending it a little up or a little down from its normal condition across the body, as though it were fixed in an invisible sling; and that if he wished to use it to steady the sheet of paper on which he was writing, he was obliged to raise it on to the table with the other hand. No doubt this lack of power is a great loss and inconvenience, especially to so ardent a soldier as William, for it compels him, I understand, to ride only horses that have been specially trained for his use, but it is fortunately no disfigurement whatever.

GENERAL CANADIAN NEWS

THE ARREST OF THE ALLEGED TORONTO MURDERERS A FIASCO.

The Foresters in Session at Hamilton—Immigrants Who are Delighted with Manitoba—A Clergyman Fined

TORONTO, June 16.—In a most inglorious way has the Priestman murder inquiry fizzled out. That there was really no case against the accused County Constable Smith and his wife was believed by almost everybody from the time the arrests were made. Yesterday morning the County Crown Attorney announced to his Worship that he had no further evidence to offer. The colonel said shortly "discharged," and the pair walked out of the dock. A hair-brained young man who was under the impression that he was born to make a detective is responsible for the whole fiasco. A man and his wife who have always enjoyed a thoroughly good reputation here been taken from their young family and lodged in gaol. He poor is Smith that his children have been obliged to accept aid from the neighbors, in fact food has been sent in by the family of the unfortunate man for whose murder their father has been under arrest. Smith was the recipient of many congratulations when he arrived at Parkdale.

At the Toronto Methodist Conference a memorial was read from the British Columbia Conference condemning their Local Government as well as the authorities at Ottawa for their treatment of the Indians in that province, and indignantly protesting against the assumption of the Dominion Minister that the neglect complained of was due to the missionaries of the Methodist Church. The matter was referred to a special committee.

The police magistrate yesterday heard the case against Rev. Mr. Wilson, charged with disorderly conduct in the street. The evidence showed that the rev. gentleman would not "move on" when requested to do so by the police constable, and the magistrate decided the defendant was guilty of disorderly conduct and imposed a fine of $5 and costs. His Worship remarked: "I don't blame Mr. Wilson at all, and think it rather unfortunate that it has occurred. The talk between Mr. Wilson and the constable no doubt attracted the crowd. I won't say that the policeman did wrong nor that Mr. Wilson did wrong. Mr. Wilson might have been quite unconscious of doing wrong. I cannot allow the impression to go abroad that the policeman exceeded his duty. It must not go abroad that a minister can do what a tough from St. John's ward would not be allowed to do. The law must be the same for everybody." An appeal against the conviction will be entered forthwith.

PARNELL STILL HOPEFUL.

THE IRISH LEADER SAYS IT IS TIME TO FIGHT.

Home Rule in Scotland—Mr. Gladstone Writes a Letter of Confidence in Home Rule—General European News.

LONDON, June 16.—After the adjournment of the House I had another talk with Mr. Parnell. The spirits of the Irish leader were excellent. "There was a meeting of the Irish party yesterday," Mr. Parnell said, "and we decided fully upon our future course. We begin by putting forth every possible effort to have a full attendance of Home Rule members from now on. Some of them are now in Ireland, but we will try to get them all on hand. The Government yesterday sent down to the races at Ascot and after a great deal of trouble succeeded in getting their members up to the House. It was significant. In a very short time the Goodwood races begin, and after they are over there will be a great scattering of the Tories for shooting parties in the country and all that. They fell as low as 36 majority the other night, and after the shooting season begins and with our forces fully represented things will have a decidedly hazardous look for the Unionists.

We have also resolved to bring up one of the licensing clauses. They have not been withdrawn, but we shall now move for a reconsideration of the ninth clause, bearing on compensation to the keepers of public-houses. Such men are forced by law to close their places on Sunday in Ireland without compensation, and there is no reason why they should be compensated here. The Unionists would very much like to see this clause sunk into the fathomless pit of party blunders, but we will force an issue and in that way a division will be taken which will compel many staunch Tories to vote with the public houses and against their life-long professions and principles or turn and record their votes with us."

"How soon will this be?"

"Within ten days. Other plans are thoroughly well matured, and I may say, and I say it with some satisfaction, that the time for the Irish party to begin fighting, for which I have waited so patiently and so long, has come, and it finds us eager. The real work is fairly started."

Home Rule in Scotland.

LONDON June 16—Lord Rosebery in a speech last evening at Inverness said he thought a local Government measure ought to precede home rule for Scotland, but it was unwise to associate that question with Irish home rule. If the Irish had a Parliament in Dublin their contingent in the Imperial Parliament ought to be largely reduced. A letter was read from Mr. Gladstone wishing success to the meeting and expressing confidence in the triumph of Home Rule.

General Grant's Arabian Horse.

But few thoroughbred Arabian horses have ever found their way into this country. A pair were presented to Secretary Seward, and later as Eastern monarch honored President Grant with a team said to be the finest ever taken out of the Eastern country. One of these animals, The Linden Tree, has passed from the ownership of the Grants to that of a wealthy Nebraskan. The animal is now en route from Washington to his Western home, and will make a visit to Senator Palmer's farm all that week. Besides being a magnificent specimen of his breed, he will attract much attention as being a present from the ruler of one nation to the ruler of another.

UNITED STATES POLITICS.

Though Canadian politics are quite dead for the season the quadrennial cyclone is in full career in the United States, and for months the country will be seething with political excitement. Brass bands, party processions, flags, bandanas, demagogues, ward whisky and stump oratory will be to the front and on the surface and all the way through the mass of the body politic of the United States. Cleveland is the undivided choice of the Democratic party for the presidency, but this fact does not absolutely indicate success. As in the former elections, New York is, in this contest, the "pivotal state," and even supposing the general result in the remaining portion of the Union is again favorable to Cleveland, it is not improbable that Chauncey M. Depew, who is spoken of as likely to be the selection of the Republican convention, may capture the pivot and thus carry the day. The Democratic platform tariff reform forces the Republicans to adopt protection out and out, and though there is wide-spread and general revolt against the abuses arising from a policy of high taxation, trusts and rings, yet this issue is not certain to result favorably for Cleveland. It cuts both ways. It may gain for the Democrats the Mugwamps, or disaffected Republicans, but these may be balanced by no *means insignificant* array of Democrats, whose money interests are bound up with the policy of protection and may serve to over-ride their party predilections. Again, it is said to be probable that the Irish vote is losing or has lost for this campaign, the distinctively Democratic cast which has hitherto marked it. This is said to be especially the case in New York, and in the event of Mr. Depew becoming the Republican *nominee* for the presidency, those who claim the greatest political foresight predict that Mr. Grover Cleveland's chances are not of the highest order. Mr. Cleveland has made a good administrator and has exercised a beneficial and purifying effect upon United States politics; his fiscal policy has the right tendency, and the country might have a far worse ruler than Grover Cleveland; but in the rancour of the party fight all these considerations will be forgotten, and prejudices and impertinent side issues may overbear all regard for the true interests of the Republic, and the contest resolve itself into a gigantic struggle for office.

Railway Whistling.

To the Editor of the Examiner:—

DEAR SIR,—A short time ago Mr. Moore moved, and Mr. Douglass seconded and the council carried a resolution to the effect that the by-law relative to the abominable, and unnecessary, and sleep disturbing whistling of railway engines in and adjacent to the town should be enforced. As yet I do not notice any abatement, but I may say, it is as continuous as ever, and particularly during the night and early morning is it more noticeable.

In conversation with a railway man about this nuisance, he said it was in ninety-nine cases out of a hundred unnecessary, as at every station it was known at what time an engine or train would arrive and the switchman and others should know when to be at their posts to do what is requisite.

The traffic on both the G.T.R. and the C.P.R. through town is very great, and, I understand, is to be largely increased, and consequently if steps are not taken to stop the nuisance, it will be likewise increased.

I cut the enclosed slip out of a Montreal paper lately, which shows what can be done when the word of command is given by the executive:—

"The Manager of the Grand Trunk Railway has, by a word, worked a reform, for which Montreal, and especially nervous Montrealers, will bless him. His name should indeed be placed high on the roll of the city's benefactors. He has abolished toots. We have no objection to the cheery *factory* whistle, which, like the morning chanticleer, calls man forth to his daily toil, but against the chorded and discorded notes which fill the whole midnight with howlings suggestive of Noah's ark in mutiny we have not ceased to protest, and we are glad at last to find, on the highest authority, that they are and have been all along unnecessary."

Now, I contend that sleep and rest are as essential to the people of Peterborough as to the residents of Montreal or Toronto.

I hope this may reach the eyes of Mr. Hickson, of the G.T.R., and Mr. Van Horne, of the C.P.R., and that these gentlemen will issue such orders as shall be the means of at once stopping this nuisance, so that "Nature's sweet restorer—balmy sleep" may be a luxury to be again enjoyed, and then we may take steps to "place their names high on the roll of the town's benefactors."

Yours, too often kept,
WIDE-AWAKE.

Apsley.

(From Our Own Correspondent.)

About eleven o'clock on Saturday night, June 9th, fire was observed in the end of Hall's old tavern stand, occupied at the time by Mr. Thos. Stevens. The neighbors who first saw it ran and awakened the sleeping family just in the niche of time, Mr. Stevens and his wife and two children barely saving their lives. The only goods saved were a couple of bed-ticks, a sewing machine and a suit of clothes. The rest were all burned, and were not insured. The building was owned by Mr. J. Mallmeyle, whose loss is covered by insurance. The fire is believed to have been the work of an incendiary, as it started from the outside. An old vagrant named Kane was arrested on suspicion, but no evidence could be gathered against him. However, he was committed to the county gaol on a charge of vagrancy.

On Wednesday week, 6th inst., a heavy thunderstorm, accompanied by rain and hail, swept over Chandos. Some of the hail stones were like pieces of ice an inch square. The lightning did some damage. Two cows of Mr. Michael Hinds, of Tallon's Lake, were killed, and some sheep belonging to Mr. A. Wilson, of Wellington road.

Last week a fire was started by some one in the marsh near Mr. John Young's farm, and between 20 and 30 rods of his fence were burned. The fire was spreading and threatened to become a serious conflagration when the merciful rain fell and extinguished it.

The drives are making good progress. That of Strickland's in charge of Ritchie will be at Stony Lake in a couple of weeks. Mr. Hugh Reagan, foreman of Irwin & Boyd's drives, already has his cookery down through the Burleigh locks.

The Rathbun Company this spring paid the settlers along Eel Creek something like $7,000 for cedar posts and ties, etc.

Bricklayers' & Masons' Union,

No. 12, Peterborough.

To the Architects and Builders of the Town of Peterborough.

GENTLEMEN.—The members of the Bricklayers' and Masons' Union, No. 12, Peterborough, have decided to take no sub-contracts after the 1st day of June, 1888. We take this step, believing it to be to the interest of Architects and Proprietors of buildings, to deal directly with us, and not as heretofore, letting our branch of work to Carpenters, and then have them sublet it to us, frequently at a loss to owners of buildings through inferior material being used to secure the carpenter a profit. We therefore, consider it would be to the interest of all concerned, to have each trade control its own line of work.

Signed on behalf of the Union,
J. J. HADDLEY, President.
GEO. ROSE, Vice-President.
R. SEEBY, Secretary.

HIGH COURT C.O.F.

Proceedings of the Fourth Day's Session at Hamilton—New Insurance Scheme.

HAMILTON, June 16.—The first business before the High Court C.O.F. yesterday was the receiving of reports of the committees on good and welfare and finance.

The special committee appointed on Thursday to draft a scheme whereby the present members of the order and new members might procure an additional $1,000 insurance also presented its report. It was adopted after an amendment had been made. The plan adopted is as follows: The present members of the order and new members between 18 and 45 years inclusive may secure an extra $1,000 insurance by paying a membership fee of $2, additional per capita tax of 50 cents per annum, and pass a satisfactory medical examination; all present members of the order who are over 45 years may procure an additional $1,000 insurance by complying with the above requirements and at the following rates: Between 45 and 50 years $1.35 per month; between 50 and 55 years $1.75 per month; and between 55 and 60 years $3 per month.

It was resolved that the new $1,000 policies be issued as soon as 1,000 members shall have passed all requirements and paid in $1,000 for such a fund and in all things complied with the constitution of the order.

The advisability of transferring the offices of the High Court from Brantford to Toronto was also discussed.

Burglars at Kincardine.

KINCARDINE, June 16.—The Grand Trunk Railway's safe at the station here was blown open last night and $25 of the agent's money and a number of excursion tickets stolen. A bag containing $130 of the company's escaped the notice of the marauders.

Get the Best.

Dr. Fowler's Extract of Wild Strawberry is the best, most prompt and safest cure for Cholera Morbus, Dysentery, Sick Stomach, Cramps, Colic, Diarrhœa and Cholera Infantum, that has yet been discovered. Its popularity increases each year. All medicine dealers sell it. 2w24d

A Severe Trial.

Francis S. Smith, of Rossdale, Manitoba, writes—"I was troubled with vomiting for two years and I have vomited as often as five times a day. One bottle of Burdock Blood Bitters completely cured me." 2w24d

A Ready Resource.

The ravages of Cholera Infantum, Cholera Morbus, Diarrhœa, Dysentery and other summer complaints among children during the hot weather, might be totally prevented by having recourse to nature's sovereign remedy for all bowel complaints, Dr. Fowler's Extract of Wild Strawberry. 2w24d

Laborers' Union.

The laborers of Peterborough met in the K. of L. hall last night, and Mr. Geo. Ball explained to them the advantages of organization. Over a hundred were present, and they were all of opinion that that would be the best course. An adjournment was made till Wednesday next, by which time it is expected everything will be ready for organization.

Promotion Examinations.

The promotion examinations in the first and second forms of the Collegiate Institute will begin on the morning of Monday, the 25th of June. No promotion examinations in these forms will be held after the holidays. All pupils intending to write for promotion should not fail to be present. dw

Cost of Church Music.

The cost of the seven principal church organs in Peterborough is in the neighborhood of $17,000, while the average cost of employing them as aids in public worship, aggregates nearly, if not quite, $4,000 per year. There are seven organists receiving and average salary of $464.28, or an aggregate of $3,250. Add to this the cost of water motors for some of the organs, blowers' fees, music, repairs, etc., and we have the total of $4,000 per year.

The Lakefield Fire.

The loss from the fire in Strickland's lumber yard, at Lakefield, will not be as great as was at first anticipated. Mr. James Saulter, inspector, has, it is understood, made a satisfactory adjustment of the claims against his company. The loss has been fixed at $7,500, covered by insurance in the Western and Liverpool, London & Globe. There was a little over 500,000 feet of lumber burned, consisting of 13-foot inch and inch-and-a-quarter siding, 13-foot inch stock, and some culls and bill timber.

Cause and Effect.

The question of the hour is why people will put themselves so much about; why pass all the attractions along George street. Bankrupt stocks at 50c. on the dollar, and dollar for dollar, and goods for the mere asking, in fact, to be sent home in a wheelbarrow, and charge nothing for the sending. We ask again why is it that an appreciating public will pass all this and pursue the even tenor of their way till the noted cheap store, the last on the east side of George street—in other words, Sheppard's Big Bonanza Bargain House is reached. Cause and effect—the cheapest and best goods between Toronto and Montreal. d

Joe Emmet at the Grand.

Joe Emmet, the same light-hearted, merry Fritz, appeared at the Grand last night. Just as young and sweet of voice as ever, bubbling by melodiously like a song memory of the past. There was a vast audience assembled and one quite as responsive as ever honored Fritz by its applause. Its people recognized at once that magnetic influence that in this actor all seem to have agreed to worship. What a striking and remarkable character is Emmet, at any rate. How marked his individuality, and how lasting his hold upon the public. If he has aged any it was not apparent last evening, nor has he deteriorated any in voice, nor lost any of the elasticity of step. He sang and danced just as of old, carrying his audience to that pitch that every song was redemanded. Mr Emmet presented the original Fritz, the best and most successful of all his plays, and it may be said that those who saw him last evening saw him at his best. His supporting company was very good, some one or two of its individuals demanding special mention.—*Cincinnati Commercial-Gazette.* Joe Emmet will be at Bradburn's Opera House Monday evening next. Seats Hartley's.

Gallant Girls and Boys.

Exhibition Drill at the Skating Rink—Sergt.-Major Randle and his Amateur Soldiers Cover Themselves with Glory A Crowded "House"—A Successful Exhibition—The Patronage of the School Board—Officers' Approval.

On Friday evening the Collegiate Institute's drill and calisthenic classes, under the instruction of Sergt.-Major Randle, gave an excellent exhibition in the skating rink. The exhibition attracted a large concourse of spectators, as many as a thousand persons being present, and all were more than delighted with the proficiency shown by the pupils, both girls and boys. The Fire Brigade Band was present and at intervals supplied music for marching.

The opening of the programme was joined in by all the pupils present, about 160—eighty each of girls and boys, who marched round the rink in exceedingly good and steady form.

Next the girls were drawn up for calesthenic exercises, which they performed simultaneously in capital time. Judges of the matter were deeply impressed by the beneficial effect on muscular development these exercises have produced, as was shown by the graceful bearing and erect carriage of the girls in the subsequent exercises.

The first form of girls gave an exhibition of company drill, and both "privates" and "officers" acquitted themselves with remarkable precision and smartness.

The battalion drill by the second form of boys, who deserve special mention for the smart, prompt, sharp and soldierly manner in which they discharged their duties throughout this feature. The companies were fully and efficiently officered as follows: No. 1 Company, captain, A. F. Fife, 1st lieutenant G. Boucher, 2nd lieutenant, G. Edmison, *right marker*, R. B. Boucher, *left marker*, W. B. Fowler; No. 2 Company, captain, H. G. Fitzgerald, 1st lieutenant, R. H. Hicks, 2nd lieutenant, M. R. Fairbairn, *right marker*, T. C. McWilliams, *left marker*, C. H. Amys.

The first form of boys appeared in a capitally rendered skirmishing exercises to the sound of the bugle. They drove in the outposts of the imaginary enemy, repulsed a desperate charge of a squad of cavalry and gained the day.

Miss Scott and Miss Bennett gave an interesting exposition of single stick exercise, which evoked loud applause.

All the school was drawn up in column and rendered "Rule Britannia" with great spirit.

The third and fourth forms of girls went through the dumb bell exercises, performing the most difficult movements with apparent ease.

All the boys went through the extension motions and calisthenic exercises with great *aplomb*, in perfect time and unison.

The most admired were the battalion drill and fancy marching by the third and fourth forms of girls. In the latter, the most intricate and difficult evolutions were performed, the most perfect order being maintained in the bewildering mazes, which, to the spectators, looked at times like chaos.

The third form of boys did exceedingly well in company drill, under their efficient commanding officers—Captain, J. H. Fife; first lieutenant, A. Milburn; second lieutenant, E. Mannel; *right marker*, A. Grant; *left marker*, J. Eastland.

The second form girls performed squad drill in single rank, their marching past in slow time being beautiful to behold.

The magnificent marching of the whole school in column of fours, drew forth round after round of applause. This was concluded by "God Save the Queen" sung by the whole school and three rousing cheers for Sergt.-Major Rundle.

To show the delight taken taken by the pupils it may be mentioned that the boys were somewhat discontented at not getting more work to do, but as the time would not admit of it, they very gallantly gave way to the girls, cheered by the knowledge that they could *do it well* if they had a chance.

Several members of the School Board were present and heartily complimented Sergt.-Major Rundle on the excellent result of his labours. Several officers of the 57th Battalion were also present and were simply delighted with the quality of the work done.

Altogether the exhibition was a great success, and shows what excellent results arise from the judicious combination of physical and mental training.

Closing the Scholastic Year.

Review Exercises at the Convent—Musical Progress—A Fine Programme Rendered.

The musical review marking the closing exercises of the scholastic year at the Convent of the Congregation de Notre Dame took place on Friday evening. There were present His Lordship Bishop Dowling, the local clergy and a few invited guests. Those taking part in the review were the more advanced pupils, and the excellent manner in which they acquitted themselves spoke volumes not only for the superiority of the musical instruction imparted, but also for the musical taste and industry of the students.

The first number on the programme was an instrumental piece, the "Bugle Call," three pianos and two violins, the latter played by Prof. Doucet and Miss Stewart, of Haliburton. The "Welcome Song," described in its title, solo and chorus, the solo taken by Miss Minnie Begley, succeeded. This was followed by an instrumental duet, Miss M. McCabe and Miss E. Timbers. A trio, the "Charge of the Hussars," was given by Misses M. Kelly, M. Doherty and L. Dinneen. "Moses' Prayer" was rendered by Miss M. Faubert. The vocal duet, "The Echo," given by Misses A. Stewart and J. McCabe, was exceedingly effective, especially the echo. Miss J. McCabe followed with "Cachoucha Caprice," by Raff, and Miss M. Stratton with "Across the Ocean," Mazurette. The song, the "Lily and the Rose," was given by Misses M. Butler, A. Simons, E. Lynch, K. Griffin, L. Hurley, E. Timbers and N. Muncaster. A piano forte trio, "Oberon," by Leybach, was rendered by Misses M. Morrow, J. Howden and E. Crummey. Miss J. McCabe followed with a selection, Rossini's "Semiramide," and Miss Stratton with Gottschalk's "Miserere." A finale duet between the pianos and violins brought a delightful programme to a close. In the rendition of it the young performers acquitted themselves in a manner to thoroughly satisfy parents that the time spent in musical instruction at the Convent was utilized to the best advantage. Previous to the closing number an address, a good night salutatory, thanked his Lordship for the interest taken in the schools, and those who had assisted by contributing medals, etc. A short address in reply was also given by his Lordship, highly complimenting both teachers and pupils upon the satisfactory evidence of proficiency, afforded by the evening's entertainment. Other visitors also added their full quota of praise.

Local Sports and Pastimes.

A Game of Errors.

The Cobourg-Port Hope combination beat the Peterborough Lacrosse Club at Port Hope Friday by a score of eight to seven. The game is characterized as one of errors throughout, neither team played well, and the result was [illegible].

The Peterboroughs went to pieces from the start. The only men who played a good game were Billings and Callaghan. Cameron was away off in his pitching, and in the third innings had to be replaced by Galley, who threw a straight ball that was hit hard, but made less errors. In the field and on the bases muffs were the order of the day, as the but "these stakes—out" was the cry, and the only place good work was done, when a man happened to get first, was in stealing bases.

The combination, but for the battery, Wood and Mulhall, would have had about as good a record, but Wood's pitching kept the strikes down and gave the field less chance to muff. The Port Hopers are not at all satisfied with the showing of their prize combination team, and, it is said, will declare the match with Belleville on the 21st *off*.

It was surprising how the Peterboroughs managed to do so badly. Had they played the game they *did* against either Toronto or Lindsay, they would have won. But they didn't. Their playing was wretched. However, as every club has an occasional "off" day, perhaps the Peterboroughs should not be too severely condemned. Following is the score as it was kept, but not wishing to pile up too overwhelming an aggregation of errors against the teams, the scorers, after a couple of innings, mercifully omitted to jot down anything but the runs:—

Port Hope	3	2	1	0	1	1	5	0	2	—15
Peterborough	0	1	0	1	0	0	2	0	1	— 7

The ground was simply a hay field, with the grass cut on the diamond, while outside it grew a foot high. Our men were not used to it and were handicapped.

SHORT-STOPS.

Neither the *Post* nor *Warder* of Lindsay have any notice of the baseball match last week, in which the club of that town was wiped out by the Peterboroughs. They are evidently ashamed of the aggregation of ball-players that hail from their town.

The *Post* says:—"Mr. George A. Little, who has for the past three years been one of the most enthusiastic and energetic members of the Lindsay lacrosse club, has severed his connection with the Lindsays. This is a severe loss to the club, as Mr. Little has, in the pitcher's box, been a tower of strength and contributed much to the success of the team." This is an outcome of the quarrelling mania that seems to exist in the Lindsay club. *The members don't "jibe" this year*, and the efficiency of the club suffers in consequence.

Willow and Wicket.

The cricket match to-day between the Lindsay and Peterborough educational teams resulted in a victory for Lindsay by 19 runs. Score by innings—Peterborough, 56 and 34; Lindsay, 33 and 76. The score will be published in full on Monday.

Lacrosse.

The Orillia *News-Letter* says:—"Barrie is disgusted with its lacrosse club's treatment at Peterborough last week. It accuses the lacrosse club, mob and umpire LeBrun of conduct unbecoming gentlemen. From what we have seen of the three factors named we could believe anything of them. A Peterborough lacrosse team, or a Peterborough *field*, with a Peterborough umpire, *would* defeat a mighty sight better team than Barrie has ever had. Get the same Peterborough team away from home and it does not seem to be over half as numerous or outrageous."

Friday evening a lacrosse match was played on "Star's green" between the Silver Stars and the second twelve of the Ætnas. After play of an hour and a half the game was pronounced a draw, neither side having scored. Another match will likely played to settle the question.

The Barrie *Examiner* says:—"The Riverside Lacrosse Club, of Peterborough, with the help of the Peterborough umpire and local roughs, defeated the Stanley Lacrosse *Club*, of Barrie, at the former place, on Wednesday last, with a score of 3 (?) games to 2. * * * * *. The Lacrosse clubs that visit Peterborough will find it a good thing to cultivate the manly "art of self-defence," as, when orthodox lacrosse is weak with the "Riversides," there is a disposition to engage in a "mill." This is all rot, and a miserable attempt to smooth over defeat. The Barrie men don't need any coaching in rough play; they sustained their reputation in the match here, and were quite as culpable in this respect as the Riversides. In fact (though nothing has been said about it), one of the Barrie men became so enraged when Umpire LeBrun gave his last decision in favor of the home team, that he rushed recklessly at Mr. LeBrun and struck at him. A by-stander interfered and *he* was promptly hit in the mouth. This is a sample of the "gentlemen players" of Barrie that the *Examiner* of that town tries to shield from the stigma of defeat by lame excuses.

Aquatic.

The meet of the Northern Division, A.C.A. begins at Lake Couchiching on July 24th. The spot chosen is specially well adapted for this purpose, and the success that attended the meet in Stony Lake last year is expected to be repeated this year. Numbers of camping parties, large and small, are being made up in Peterborough to attend the meet. The Peterborough delegation will be a strong one.

Spots of Sport.

The Orillia summer horses races will be held on July 2nd and 3rd.

Norwood *Register*:—"The other week we noticed in one of the Peterborough papers a paragraph stating that a Keene man had thrown a twenty-six pound stone 21 feet. Mr. Fred C. Stephenson, of this place, threw a twenty-six pound stone 23 feet with ease the other day. He also threw a twenty-one pound stone 30 feet, 8 inches."

The men of No. 1 Company have rifle practice at the butts to-night, beginning at five o'clock. Ammunition is supplied them free.

Following is the score of the Peterborough Gun Club's practice shoot on Friday afternoon:—

R. Tivey	1	1	1	1	0	1	1	0	1	—7
J. D. Collins	1	0	0	1	1	0	1	1	0	—5
R. E. Wood	0	0	0	0	0	1	0	1	1	—3
H. W. Kent	0	0	1	1	1	1	0	0	0	—5
H. Nell	1	1	0	1	0	0	1	0	0	—4
